THE UNIVERSITY SHIELD

The University of Lethbridge adopted its official Shield in 1973 (shown left), six years after the University's inception. Developed by a Senate committee with the leadership of University President Dr. William E. Beckel, the Shield design and Heraldic description was approved by the Senate on October 2, 1973 and ratified by the Board of Governors later that month.

The Shield was designed primarily in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The blue and silver book above the gold and blue wreath represents the search for knowledge. The University's motto, 'Fiat Lux,' the Latin for 'Let there be light,' is lettered on a gold and silver band below the shield.

In 2003, the original design was simplified (shown right). The new shield brings focus to the fiery sun with twisted Aztec rays and to the motto, 'Fiat Lux.'

STATEMENT OF PHILOSOPHY

In the process of transmitting and advancing higher learning, the University of Lethbridge endeavours to cultivate humane values; it seeks to foster intellectual growth, social development, aesthetic sensitivity, personal ethics and physical well-being; it seeks to cultivate the transcendental dimension of the scholar's personality.

Flexibility and openness to innovation will be the distinguishing feature of the University of Lethbridge.

Notwithstanding its intention to offer diverse subject matter contributing to the acquisition of professional skills, the University regards learning as an end in itself, not merely as a means to material ends. Its primary aims are to foster the spirit of free inquiry and the critical interpretation of ideas.

The undergraduate is, and should remain, the focus of the University's endeavour. Students are invited to participate in all phases of university life. The highest degree of interaction between students and faculty is encouraged, and should not be confined to the physical limits of the campus.

It is desirable and necessary that the University should relate closely to the local community. Nevertheless, its outlook should not be determined by any regional or sectional interest. Through exposures to cosmopolitan influences and diverse cultures, scholars are best able to evaluate their own social and cultural milieux.

The University asserts its right and responsibility for free expression and communication of ideas. It is self-evident that a university cannot function without complete autonomy in this domain.

MANDATE STATEMENT

The University of Lethbridge is a Board-governed institution functioning under the *Post-secondary Learning Act*, as a member of the system of Alberta universities. It offers instructional programs at the Bachelor's level in the humanities, the social sciences, the natural sciences and mathematics, within its Faculty of Arts and Science. It also awards University certificates, diplomas and undergraduate degrees in Education, Fine Arts, Health Sciences, Management and Nursing. As well, it offers a Master of Education (M.Ed.), Master of Arts (M.A.), Master of Science (M.Sc.), Master of Science (Management) and a special case Doctor of Philosophy (Ph.D.). It stimulates and supports basic research and scholarly activity in all disciplines in which it gives instruction, and conducts certain lines of applied research of special relevance to the region or to the province.

The University offers collaborative programs with various community colleges, including post-diploma degrees in Agricultural Studies, Environmental Science, Fine Arts, Management and Nursing. It encourages, through its Management, Education and Arts and Science Faculties, active development of educational opportunities in Native American studies for Native American students through off-campus and on-campus programs.

The University of Lethbridge provides non-credit continuing education programs throughout the region. It supports artists' workshops and in general makes available its cultural programs and facilities as well as its athletic facilities to the wider community in which it is located.

WHO WE ARE

A Board-governed public university functioning under Alberta's *Post-Secondary Learning Act*, the University of Lethbridge is a premier institution of higher education and research. A comprehensive university founded on the principles of liberal education, the U of L emphasizes inspiring teaching, a personalized and interactive learning environment, and student engagement in learning, creative activities, and research.

We provide undergraduate and graduate programs in education, fine arts, health sciences, humanities, management, nursing, sciences, and social sciences, leading to academic degrees at the Bachelor's, Master's, and Doctoral levels. We offer targeted programming at our campuses in Calgary and Edmonton and through distance delivery. The University collaborates with FNMI (First Nations, Métis, Inuit) peoples to develop programs that are relevant and accessible to them.

The University of Lethbridge fosters an environment that meets the educational and personal needs of students through excellent teaching, exposure to research, interaction with professors and instructors, academic advising, counselling, and cultural, recreational, and extracurricular programs. We value and support many approaches to teaching and learning, and strive to be a leader in using teaching tools, techniques, and technologies to facilitate, ameliorate, and refine the educational experience.

We establish and sustain facilities for pursuing original research and creative activities, and conduct research in all disciplines, developing and sustaining centres of research excellence in areas where we have special expertise or that have particular relevance to the region.

We build mutually supportive relationships and partnerships with governments, institutions, communities, organizations, and individuals, to evolve and improve the value of the University to the region, the province, the country, and the world.

WHY WE EXIST

The University of Lethbridge exists to build a better society.

We do this in six essential ways:

1. We prepare students for their personal and professional paths.
2. We develop creative discoverers and independent learners at the undergraduate and graduate levels.
3. We create, discover, disseminate, and apply knowledge through excellence in basic and applied re-search of regional and global impact.
4. We encourage and nurture creative expression.
5. We pursue community engagement.
6. We value, encourage, and celebrate the talents and efforts of our students, faculty, staff, and alumni.

WHERE WE ARE GOING

The University of Lethbridge will continue to build a comprehensive university that advances its sense of community, engagement, diversity, and connection.

The University of Lethbridge will be the institution of choice for those seeking an intimate and supportive environment, excellence in research and creative activity, an engaging and challenging learning experience, and respect for diversity. We will continue to broaden the scope of our programs and research while staying committed to our founding principles of liberal education and retaining the intimate academic experiences on which we have established a tradition of excellence.

We will welcome our students to a community of scholars that offers relevant and academically challenging programs. Opportunities for engagement in learning and research will exist across all disciplines and levels of program, from undergraduate to graduate. Rigorous research and creative work will continue to form the basis for inquiry and teaching across the learning contexts we provide.

Our University will continue to increase the diversity of its scholarly activity and contributions. In achieving this we will be defined by collegiality.

The University of Lethbridge community—which includes all students, faculty, staff, and alumni who contribute to its operation and success—will extend beyond the walls of our institution. We will remain an integral part of our communities while fostering scholarly contributions of international excellence. We will support and enrich the diverse communities we serve with fresh insights and new directions.

OUR FUNDAMENTAL PRINCIPLES

The University of Lethbridge is committed to the following fundamental principles.

OUR COMMITMENT TO SOCIETY

We cultivate responsible citizenship. The University develops and promotes good citizens who contribute to the building of better societies by applying their knowledge, skills, creativity, and powers of critical inquiry for the improvement of regional and global communities.

We protect and encourage free inquiry and expression. In keeping with the unique mandate of the university in society, the University of Lethbridge supports and protects artistic expression and the free and open scholarly discussion of issues, including those that are controversial. In the tradition of academic freedom, the University models collegial and civil debate, dissent, and controversy to critically explore and resolve issues in an atmosphere of professionalism, respect, and good will. We also have an obligation to address long-term issues and those of broad scope.

We work for the public good. As a public institution, the University of Lethbridge promotes and provides degree-level education for the public good and anticipates and responds to societal needs. The University bases its decisions about programs, standards, and capacity on the best available evidence. Within that context, we use innovative methods and processes to optimize the openness of the institution to qualified students.

We are connected with the community. The University publicizes its research, scholarship, creative activities, and other initiatives that have significance for society. Members of the University contribute to the community based on their professional expertise. The University develops relationships with organizations and individuals, and shares its facilities and resources for the good of the community. We acknowledge faculty, staff, students, and alumni for initiative and creativity that leads to the increased involvement of the University in the community.

The University of Lethbridge values its close and mutually supportive relationship with its alumni, who exemplify the benefits of the University and communicate its value locally, provincially, nationally, and globally.

We adopt a global perspective. Social, political, and economic divisions across the globe threaten the peace and prosperity of all. We nourish a global mindset in our students, faculty, staff, and alumni that facilitates cultural awareness and sensitivity that leads to a mature understanding and appreciation of the things that divide and unite us.

We promote diversity and ensure equal opportunity for participation. Diversity strengthens the University and enriches the experience of our students, staff, faculty members, and alumni. We respect, appreciate, and encourage diversity, and provide equal opportunity for full participation in the University. We are an inclusive community, in which students, staff, faculty members, and alumni feel welcome, respected, valued, and empowered to contribute fully. The University facilitates accessibility by all students, staff, faculty members, and alumni to the intellectual, physical, and social aspects of the institution.

We promote gender equity. The University of Lethbridge honours the rights of all and treats people with dignity and respect. We acknowledge the similarities and differences among women and men, and seek to remove all barriers that inhibit an individual's aspirations and potential. The University will create a supportive environment through education and communication. Equity is inclusive.

We increase the participation of FNMI peoples in all aspects of the University community. The University of Lethbridge values its relationship with FNMI peoples, and collaborates widely to develop programs that are relevant and available to them. We work with FNMI peoples to ensure that these partnerships, and the resulting programs, continue to meet all students' needs.

We promote a healthy lifestyle for our students, faculty, and staff. The U of L offers proactive health education, on-site health care, and health insurance information. We work to provide non-judgmental and confidential health care in a safe and caring environment. University facilities and programs provide opportunities to participate in sport, exercise, and recreation.

OUR COMMITMENT TO CREATIVITY, INQUIRY, AND DISCOVERY

We encourage and support research, scholarship, and creative work. The University of Lethbridge stimulates and supports research, scholarship, and creative work in all areas in which we teach, and in areas of special relevance to the region and province. This link between research and teaching allows us to explore what is known, challenge how it is known, and thus influence the nature of teaching. We value and protect an environment of free inquiry in which to conduct research, scholarship, and creative work, and communicate the results of these activities with others. We conduct ourselves on the basis of informed, evidence-based practice. We encourage students at all levels to become involved in research, scholarship, and creative activity.

We conduct research in many forms. Given the range of disciplines involved, research at the University takes many forms, including that with the broadest scope and longest term. The University has a responsibility to analyze and reflect on these matters, and to communicate the outcome of these efforts.

We believe that research—intellectual inquiry, study, and artistic investigation aimed at establishing facts and reaching new conclusions—is an inherent societal good and an end in itself. But, wherever possible, we connect our research to the needs and aspirations of the communities we serve.

OUR COMMITMENT TO STUDENTS

We give students the best preparation for their future. The University of Lethbridge provides students with a liberal education—a solid foundation for personal and professional growth. Liberal education promotes the development of academic skills that students can apply to a wide range of experiences, and a broad base of knowledge in the human, aesthetic, ethical, scientific, and organizational disciplines. It encourages a multi-faceted, reflective approach to the complex challenges of the 21st century.

We strive to develop a culture of achievement and motivation among students. The U of L helps students to identify strengths and overcome weaknesses. We seek to foster: a sense of responsibility for students' learning and personal development; effective student relations to peers and teachers; and student involvement in local, provincial, and national communities.

We are student-centred. Students give focus and meaning to the University of Lethbridge. The University helps students achieve their full potential by facilitating their intellectual growth and academic and personal excellence. To this end, the University maintains high academic standards and excellent programs, supported by high-quality, responsive services.

The University of Lethbridge supports and encourages the growth of students as whole persons, in an atmosphere of engagement, freedom from discrimination, and responsible use of authority.

We are a comprehensive university. Broad in scope, we offer undergraduate and graduate university education across Faculties and Schools and apply a balance between our focus on teaching and our commitment to research, scholarship, and creative activities.

We believe in excellence in undergraduate education. The University of Lethbridge treasures its reputation for quality, responsiveness, and innovation at the undergraduate level. We will continue to enhance our reputation as an institution offering outstanding programming to undergraduate students in a comprehensive university environment. We enhance our value for students and society by concentrating on fields that reflect the excellence of our faculty members and the interests of both students and society.

We are fully engaged in graduate education. The University of Lethbridge offers master's and doctoral programming, and we integrate graduate studies with undergraduate and research programs. Through our graduate offerings across all academic units, we contribute to our students' personal, intellectual, and professional development and help meet society's need for citizens with the highest levels of professional and intellectual achievement.

We promote effective teaching and learning. For the undergraduate student, we promote primarily face-to-face learning, which reflects our belief that people benefit from spending time working together in the same place. We provide online and distance learning for courses and programs where these delivery modes make the best sense. Our use of appropriate technology permeates teaching and learning activities, enhancing both.

OUR COMMITMENT TO INSPIRATION

We inspire. The University of Lethbridge aspires to inspirational teaching that ignites intellectual passion and stimulates a thirst for knowledge. We value and support many approaches to teaching and learning, in a variety of settings within the University and in the broader community.

We believe education is a journey, not a destination. A true measure of our success is our alumni's continuing interest in a lifetime of learning, and their commitment to this goal. The University welcomes those students pursuing degrees and those taking courses out of general interest and intellectual curiosity. We are open to offering quality programs for degree completion and programs that are approved and recommended by professional associations and organizations.

We expand horizons. A global perspective is essential to the University of Lethbridge in its teaching, learning, and research. The University educates its students to become well-rounded citizens of a complex society, capable of making important contributions in Canada and elsewhere in the world.

The University of Lethbridge invites students and faculty members from around the world to participate in learning at the University, and provides international opportunities for our students and faculty members to experience other cultures.

OUR COMMITMENT TO RESPONSIBLE ACTION

We advance the interests of the University of Lethbridge. The University of Lethbridge communicates with its internal and external communities so that its mission, goals, and work are well understood. We engage our alumni and other supporters in the activities of the University. We build the value of the University to society by developing mutually supportive relationships with governments, individuals, and organizations.

We practice procedural fairness. All internal and external University processes are fair, open, and transparent. We act in accordance with all applicable codes of professional and ethical practice, and practice professionalism and civility in all interactions.

We are active and innovative in recruitment and retention. In developing a coordinated approach to recruiting and retaining excellent faculty members and staff, the University of Lethbridge pursues new and innovative ideas, implements the most effective strategies, and monitors their success. We encourage and pursue the training and professional development of all our people.

We practice sound financial and resource management. The University of Lethbridge maintains exemplary financial management of our public and private funds and resources. We practice resource management in a transparent manner.

We use technology effectively. We use technology to facilitate and enhance, not supplant, learning and research relationships among students, faculty members, and other university stakeholders. The University considers technology a means, not an end.

We are environmentally and socially responsible. When making decisions about the design and operation of the University of Lethbridge, we act ethically and responsibly, considering environmental sustainability and good citizenship.

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS' COMPENSATION BOARD

In 1985, the Alberta Workers' Compensation Board issued an Order under Section 7 of the *Workers' Compensation Regulation* which provides that the *Workers' Compensation Act* applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers' Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers' Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.

The University's Occupational Health and Safety Officers are available to assist the student if a Workers' Compensation claim is required.

Notes:							
<ol style="list-style-type: none"> Applications will be considered only if Admissions has received sufficient documentation by this date on which to base an admission decision (at least all interim or unofficial transcripts and any other required documents). In particular, a high school or transfer applicant may not use grades from summer school courses or supplementary exams for Fall admission unless they are received by this date (UoFL EDUC 2500 may be an exception; see note 7. below). Qualifications on which an admission decision is based must be completed by this date; applications will be closed if sufficient documentation has not been received by this date. Early Admission applicants are advised to apply by March 1; this is important for scholarship eligibility, advance notice, and optimal course selection. <i>Applicants failing to meet the Early Admission application or admission document deadlines, but meeting the regular deadlines, will be considered according to regular high school policies.</i> Evidence of diploma completion, either by transcript or written confirmation of the diploma institution, must be received by this date. Admission to the pre-Engineering program is available only to High School applicants. This route is only available to students who have completed a minimum of 20 courses. Applications for direct admission to <i>Bachelor of Education</i> and to <i>Combined Degrees Programs which include the B.Ed.</i> are only accepted for the Fall semester. Although all other supporting documents must be received by June 1, grades from UoFL's EDUC 2500 completed in Summer Session I will be considered in admission decisions for the subsequent Fall semester. Applications for pre-Education programs are accepted for both Fall and Spring semesters. Note: There are admission requirements in addition to academic transcripts for Drama Education, Music Education, Native Education, and Physical Education. See the applicable admission section in Part 13, Combined Degrees of the UoFL Calendar, or contact Student Program Services in the Faculty of Education (email: edu.sps@uleth.ca; phone: 403-329-2254). Applicants to these Fine Arts programs must provide audition/portfolio requirements in addition to academic transcripts. Detailed information regarding audition/portfolio requirements is available at the Faculty of Fine Arts website (www.uleth.ca/finearts/admissions) and in the applicable admission section in Part 9, Faculty of Fine Arts of the UoFL Calendar. Students entering the Digital Audio Arts major must submit a digital portfolio to the Faculty of Fine Arts for admissions purposes. Digital Audio Arts portfolio requirements are available at www.uleth.ca/finearts/music/admissions/digital-audio-arts. Students entering the Music major must also audition for the Faculty of Fine Arts before they can register for Music Studio. Students majoring in Digital Audio Arts may choose Music Studio courses as electives. Audition application and information are available at www.uleth.ca/finearts/music/admissions/auditioninformation. Conditional admission decisions may be made on the basis of interim/unofficial transcripts and mid-term mark statements (for courses in progress) received by the University of Lethbridge by the Admission Decision Document deadline. Through Apply Alberta (Alberta Post-Secondary Application System), applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta. Applicants attending private post-secondary institutions within Alberta or any educational institution out-of-province must arrange to have official transcripts sent directly to the Registrar's Office and Student Services (ROSS). 							
General Notes:							
<ul style="list-style-type: none"> The University reserves the right to consider applications received or completed after the application/documents deadlines should openings remain in any program. An application is not complete until all final, official documents have been received by the University. Conditional admission decisions may be made for highly qualified applicants on the basis of interim/unofficial documents received prior to the Admissions Document deadline. UoFL Advanced English for Academic Purposes (EAP) results will be accepted from the Summer term EAP classes for admission to the subsequent Fall semester; and from the Fall semester EAP classes for the subsequent Spring semester. All other documents pertaining to English Language Proficiency (e.g., TOEFL) or English Writing Competency (e.g., AUWCT) must be received no later than the preceding August 1 for Fall admission, or November 15 for Spring admission. Grades from courses completed in Summer Session will be considered only if available to the University by the indicated Admission Decision Document deadline. 							

3. ADMISSION ROUTES AND REQUIRED QUALIFICATIONS FOR NEW APPLICANTS

a. High School Admission Route

The High School admission route is available to students presenting Alberta high school credentials, high school credentials from other Canadian provinces, and credentials from other countries.

1. Alberta High School Courses

- a. Admission for applicants presenting Alberta high school credentials is determined by grade achievement in the following five courses:

- **English Language Arts 30-1**
- **Three other 30-level Academic Courses from the following list:**
 - Aboriginal Studies 30
 - ¹ Art 30 or 31
 - Biology 30
 - Chemistry 30
 - ¹ Choral Music, General Music, or Instrumental Music 30
 - ¹ Dance 35
 - ¹ Drama 30
 - ² One of Pure Mathematics 30, Applied Mathematics 30, Mathematics 30-1, or Mathematics 30-2
 - Mathematics 31
 - Physics 30
 - Science 30
 - Social Studies 30 or Social Studies 30-1
 - ³ One or more 30-level languages
 - Five credits in Advanced-level CTS
 - Computer Science (CSE)
- A Fifth Course (not including Special Projects) at the Grade 12 level. The fifth course subject must be distinct from the four academic courses (e.g., English Language Arts 30-1 and English Language Arts 30-2 cannot both be used). It must be worth at least five credits, or the average grade from two courses worth three credits each may be used.

Notes:

¹ Only one Fine Arts course may be used as an academic course in the admission average. Another distinct Fine Arts course may be used as the fifth course. For example, Art 30 could be used as one of the academic courses and General Music 30 could be used as the fifth course.

² Students are strongly encouraged to complete Mathematics 30-1 or Pure Mathematics 30. Applied Mathematics 30 may be used as an academic course for admission to all programs except the NESAs Bachelor of Nursing program or Bachelor of Health Sciences (Public Health major) program. It is not a course prerequisite substitute for Mathematics 30-1, Mathematics 30-2, or Pure Mathematics 30. Instead of Mathematics 30-1 or Pure Mathematics 30, students may use UofL's Mathematics 0500, or both Applied Mathematics 30 and a minimum grade of 75% in Athabasca University's Mathematics 101.

See "Programs that DO NOT Require Prior Mathematics" and "Programs that DO Require

Mathematics After Admission" at www.uleth.ca/ross/admissions/math_requirements.html.

³ Only one course in a particular language will be used for admission purposes, e.g., only one of French Language Arts 30-1 or French as a Second Language 30-3Y will be used. Grades from 20-level language, or language and culture courses in six, nine, or 12-year streams may be used for admission purposes in place of 30-level languages, e.g., German Language and Culture 20-6Y.

- b. Students must have a minimum mark of 50 percent ('P' in British Columbia) for any subjects used in the admission average.

To qualify for General Admission, applicants must have an admission average of at least 65 percent calculated on the five admission courses. The basic admission average is 60 percent; the current admission cut-off is 65 percent.

Note: The blended grade, which averages the school-assigned final grade and the Departmental examination grade, will be used where possible in calculating this average.

Grades and courses from outside Alberta which have been evaluated by agencies other than the original educational institution are subject to review and adjustment by the University of Lethbridge.

For High School Applicant Program Availability and Required Qualifications, see **page 30**.

2. Other Canadian High School Courses

The admission average for all Canadian high schools is calculated in the same manner used for Alberta applicants (i.e., English Language Arts 30-1 or its equivalent, three academic Grade 12 courses comparable to Alberta 30-level courses and a fifth Grade 12 level course) (see **Part I - Admission, Section 3.a.1.a, p. 28**). No course will be used for admission purposes if the final grade is less than 50 percent.

For Canadian High School Admission Requirements, see **page 31**.

3. Early Admission

Early Admission may be offered to students currently completing regular high school requirements in Canadian high schools. Applicants will be selected from among those who submit an acceptable statement of courses and grades. Courses considered will include both those completed and those in progress.

Successful applicants will be selected using both actual and predicted academic achievement.

The Early Admission average is calculated using a combination of final and estimated Grade 12 blended grades. **Self-reported grades:** The applicant will provide final grades for Grade 12 courses already completed and estimate marks for courses in progress and courses he/she plans to complete based on Grade 12 mid-term marks or Grade 11 final marks.

If an applicant is not admissible based on self-reported grades, the Admissions Office will require interim transcripts in order for the Admissions

Office to make the prediction of grades and final admission decision.

Early Admission is open to all high school applicants completing high school for the first time and currently enrolled in Canadian high schools. Early Admission is available to students currently studying at Canadian high schools under student visas, provided that acceptable proof of English Language Proficiency (where applicable - see **Section 6, p. 40**) is provided by the Early Admission application deadline. Early Admission is not available to international students currently studying outside Canada.

Early admission applicants must arrange for final high school transcripts to be forwarded directly to the Registrar's Office and Student Services (ROSS) from the provincial Department of Education by the August 1 preceding the semester of admission. If final grades are not received by that date, the University reserves the right to rescind admission.

Qualifying Average for Early Admission

For most programs, Early Admission is offered to applicants with a predicted admission average of 65 percent or higher. Competitive programs (e.g., the B.Sc. (Environmental Science), the B.F.A. (New Media) (*formerly Multimedia*), the NESA B.N., and the transfer program in pre-Engineering) are exceptions.

The University reserves the right to rescind admission at any time should the student's final admission qualifications fall below the minimum standard required for admission to the University (i.e., a final admission average of 60%).

4. International High School

High school qualifications from other countries are considered for admission purposes (see **Section 5. International Students, p. 39**).

5. Advanced Placement Program

Students presenting Advanced Placement (AP) credentials have the option at the point of admission of receiving transfer credit for approved courses where they have achieved AP grades of '4' or '5', or of taking the University of Lethbridge course. An official AP transcript is required (see **table on p. 32**).

To obtain AP transcripts:

AP College Board ATP (Transcript Department)
P.O. Box 6671
Princeton, NJ 08451-6671
www.collegeboard.com/student/testing/ap/exgrd_rep.html

6. International Baccalaureate Program

Students presenting International Baccalaureate (IB) credentials have the option at the point of admission of receiving transfer credit for approved courses in which they have achieved satisfactory grades. An official IB transcript is required.

To obtain IB transcripts:

IB North America
475 Riverside Drive, 16th floor
New York, NY 10115
USA

www.ibo.org/iba/transcripts/electronic.cfm

International Baccalaureate credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

- Students presenting IB credentials may receive university course credits for IB courses given grade achievement as indicated in the **table on p. 32**.
- High school applicants presenting **complete IB diplomas** are guaranteed general admission to the University, subject to English Language Proficiency requirements, and particular program requirements and deadlines. Admission to quota programs cannot be guaranteed, but is subject to normal enrolment management procedures.
- Where an applicant presents both an IB course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. For this purpose, IB course grades are converted as follows:

IB Grade	Grade 12 Percentage
7	97%
6	84%
5	77%
4	65%
3	55%
2	45%
1	45%

² Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Department of Music.

7. Home School

Home School applicants who present recognized secondary credentials, or by some other means satisfy the requirements of a University admission route, will be considered for admission. Regardless of their citizenship or residency, Home School applicants will be considered according to the curriculum they followed.

For example:

- a. A high school applicant who studied Alberta curriculum is expected to meet the requirements of an Alberta high school applicant (see **Section 3.a.1., p. 28**).
- a. The applicant should challenge the departmental examinations in courses where such examinations exist to provide grades in the subjects challenged. By this means, an applicant will be considered for admission who presents final grades in five distinct subjects (see **Section 3.a.1., p. 28**).
- b. A high school applicant from British Columbia should challenge the provincial examinations in courses where such examinations exist to

provide grades in the subjects challenged. An applicant will be considered for admission who presents final grades in five distinct subjects (see **Canadian High School Requirements table, p. 31**).

- c. An applicant who presents both a high school diploma and appropriate, satisfactory standardized test scores, either ACT, or both both SAT Reasoning and SAT Subject scores will be considered for General Admission (see **Section 3.e., p. 35**).

b. Transfer Student Admission Route

I. New Transfer (transfer courses)

Applicants who have completed three or more transferable semester courses at one or more post-secondary institutions will be considered as New Transfer applicants.

To qualify for General Admission, New Transfer applicants must have an admission average of at least 2.00 on the UofL 4.0 GPA scale, calculated on all transferable courses.

Admission requirements vary depending on the number of transferable, post-secondary courses completed as indicated below:

- | | |
|--|---|
| <i>eight or more transferable courses</i> | <ul style="list-style-type: none"> • Admission GPA of at least 2.00 on the UofL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses. • High school credentials are not required. |
| <i>five or more (but fewer than eight) transferable courses</i> | <ul style="list-style-type: none"> • Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part I - Admission, Section 3.a.1.a, p. 28). • Admission GPA of at least 2.00 on the UofL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses. |
| <i>at least three (but fewer than five) transferable courses</i> | <ul style="list-style-type: none"> • Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part I - Admission, Section 3.a.1.a, p. 28). • Admission average is determined using a weighted average of the high school admission average and all completed, transferable, post-secondary courses. |

Upon admission, students are assigned transfer credit on a **course-by-course basis** for eligible post-secondary work. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. For additional information, see **Section 7 - Transfer and Evaluation of Credit (p. 42)**.

Applicants to programs leading to the B.Mgt. or any Combined Degrees may be admitted directly to these programs, or may need to seek admission to programs in the Faculty of Arts and Science or the Faculty of Fine Arts (for Combined Degrees programs including the B.F.A. or B.Mus.) in order to complete admission requirements.

Admission priority of New Transfer students:

All transferable post-secondary work completed by New Transfer applicants will be used in determining admission priority.

The admission average for New Transfer applicants presenting five or more transferable courses is calculated on all completed, transferable, post-secondary courses. For New Transfer applicants presenting only three to five courses, the admission average is a weighted average of the high school admission average and the post-secondary admission average.

Subject to individual Faculty policies, admission priority is assigned to New Transfer applicants on the basis of grade point average on all transferable courses.

The University may offer admission to highly qualified transfer students prior to the application deadline. Applicants are encouraged to apply well ahead of the deadline. For detailed information, students should contact the Admissions Office (SU140; tel. 403-320-5700).

Time limits and residence requirements apply to transfer students: see table in **Part 4 - Academic Regulations, Section 3.g. (p. 72)**.

Any student encountering difficulties with transfer of credit to the University is encouraged to contact the Assistant Registrar (Admissions and Transfer) for assistance and further information (tel. 403-382-7134 or fax 403-329-5159).

For Transfer Applicant Program Availability and Required Qualifications, see **page 36**.

2. College Diploma

Applicants who hold two- or three-year college diplomas from recognized institutions will be considered for admission to the appropriate post-diploma program.

For College Diploma Applicant Program Availability and Required Qualifications, see **page 37**.

A diploma holder seeking admission to a program other than the appropriate post-diploma program will also be considered for admission:

- a. For admission purposes only, holders of two- or three-year college diplomas of sufficient academic merit from recognized post-secondary institutions, completed with cumulative program GPAs of 2.00 or higher on the UofL 4.0 GPA scale, shall be considered eligible for admission as New Transfer students, in the absence of contradictory evidence.
- b. In all such cases the diploma program in question must have sufficient academic merit. Faculty program residency and time limit policies shall apply. Final determination of

sufficient academic merit rests with the Faculty of Arts and Science and the Faculty of Fine Arts, as appropriate.

3. College Certificate

Studies at recognized post-secondary institutions leading to Certificate credentials will be evaluated for transfer credit on a course-by-course basis, in accordance with approved transfer credit procedures.

4. Applied and Technology Degrees

Applicants presenting Applied or Technology Degrees from recognized colleges or technical institutes in Canada with grade point averages of 2.00 or higher on the UofL 4.0 GPA scale are guaranteed admission to first degree, undergraduate non-quota programs. These applicants will be considered for admission to quota programs according to their qualifications as transfer students. Transfer credit awards will be according to regular University procedures, and subject to University policies including those pertaining to residency, major and time limits.

Applied and Technology Degrees are not normally considered to be a basis of admission for second degree or graduate studies programs.

5. Previous Degree

An approved degree is an academic baccalaureate degree composed of 30 or more course equivalents from a recognized Canadian or international institution. Applicants presenting approved degrees may be offered admission to the University to pursue a second degree. Some courses taken for the previous degree may be used to satisfy specific requirements for the second degree, depending on the applicability of the courses to the curriculum and the standard of performance achieved.

Previous credentials and courses completed as part of the credential are subject to the time limits of the appropriate Faculty. Please see the Previous Degree section for the appropriate Faculty and the table in **Part 4 - Academic Regulations, Section 3.g. (p. 72)**, for more information.

In order to register in courses as an admitted student, a student who has graduated from a University of Lethbridge program must successfully apply for admission to another program. Otherwise, such students must register using the Open Studies Student route (see **Part 2 - Registration, Section 3.f., p. 50**).

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. The decision of the appropriate Faculty will be final in these matters.

International applicants presenting approved degrees and seeking admission to **similar** degree programs offered by the Faculty of Arts and Science, the Faculty of Fine Arts or the Faculty of Management will be considered with the prior

approval of the appropriate Dean. The decision of the Faculty will be final in these matters.

Upon admission, students are strongly advised to consult with an Academic Advisor in the appropriate Faculty to determine the course requirements of their second degree program.

c. Adult Student (Mature) Admission Route

Applicants who are 21 years of age or older by the first day of classes in the semester of intended admission and who do not meet current admission requirements will be considered as follows:

1. Qualified Adult High School Admission

This applies to applicants 21 years of age or older who have completed high school requirements (see *Canadian High School Admission Requirements* table, **p. 31**), with an admission average of at least 60 percent but less than the prevailing admission cut-off (currently 65 percent).

2. Non-Traditional Adult Admission

Applicants 21 years of age and older whose qualifications fall short of the University's minimum requirements may be considered under the Non-Matriculated Adult Admission policy (see below). This policy applies to applicants:

- who have completed a high school diploma, but have not completed the courses required for University admission or have not achieved an admission average of 60 percent; or,
- who have not completed high school.

The number of seats available for Non-Traditional Adult Admission will be limited (as determined each semester). Typically the number of seats will not be more than ten percent of the total admissions for high school applicants in the given Fall or Spring Semester. The seats are distributed on a first-come, first-served basis to successful applicants.

Non-Matriculated Adult Admission

The Non-Matriculated Adult admission route is available to Canadian and Permanent Resident non-matriculated applicants 21 years of age or older whose credentials do not satisfy the basic admission criteria of any other admission route. The intent of the Non-Matriculated Adult admission route is to provide a limited number of positions for applicants deemed by Admissions to have potential for success at the post-secondary level which is at least equal to that of applicants meeting the prevailing admission criteria for high school applicants. In making this determination, Admissions will consider any or all of the following:

- Transcripts of all high school and post-secondary experience of the applicant;
- Life experiences since leaving normal secondary attendance;
- Standardized test scores - any of SAT, ACT, CPT, CAT Level 19 or CAAT Level D.

The Non-Matriculated Adult applicant is required to provide, in addition to the regular application for undergraduate admission and associated transcripts, the following:

- a. A Letter of Intent from the applicant to the Admissions Office, which shall include a statement on the applicant's potential for success in university studies, how the applicant's experiences since secondary school have contributed to this potential, the applicant's goals for the future and why studies at the University will help the applicant to realize these goals.
- b. A resumé, providing a summary of all educational, employment and volunteer experience.

The Admissions Office may, at their discretion, require an interview.

Admissions will consider whether the applicant has acquired, through a combination of academic and life experience, the reading, writing, organizational and other skills necessary for success in the intended program of study. The decision of Admissions may be appealed in writing to the Assistant Registrar (Admissions and Transfer).

Persons who have unsatisfactory post-secondary academic records (i.e., a GPA of less than 2.00) will not be considered for Non-Matriculated Adult admission.

Programs available: Adult applicants will be considered for admission to first-year programs in the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences and to the Management Certificate program.

d. Visiting Student and Exchange Student Admission Route

1. Visiting Students and Exchange Students from Other Universities

Applicants currently enrolled in a degree program at another accredited degree-granting institution, and who wish to enrol in courses at the University, must complete an Application for Admission by the appropriate deadline and have their home institution forward a 'letter of permission' directly to the Admissions Office. This letter should specify courses which the student may take at the University of Lethbridge.

Visiting Students and Exchange Students should note that registration in specific courses is not guaranteed.

English Language Proficiency requirements do not apply to Visiting Students or Exchange Students. However, Visiting Students and Exchange Students are subject to all other regulations of the University of Lethbridge and of the Faculty in which they are registered.

Visiting Students must apply for admission on a semester-by-semester basis.

2. University of Lethbridge Students Studying Elsewhere

As it may suit their program, and within the residence requirement of the Faculty in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution,

if their registration as a Visiting Student or Exchange Student is acceptable to that institution or if the University has an approved exchange agreement with that institution.

No transfer credit will be granted for courses taken elsewhere, unless Visiting Student or Exchange Student status is granted in advance; Visiting Student and Exchange Student status both require written permission from the Dean or Dean's designate.

3. For some University of Lethbridge programs, students are required to take courses at another institution under Visiting or Exchange Student authorization. Visiting or Exchange Student status will be granted to these students. Such courses taken under Visiting or Exchange Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement.

4. University of Lethbridge students granted Visiting Student or Exchange Student status are registered in placeholder courses while studying elsewhere. Transfer credit will be granted for courses completed by authorized Visiting Students. Authorized Exchange Students will receive **Pass/Fail** grades for courses completed during the exchange.

It is the responsibility of the student to ensure that an official transcript of grades earned as a Visiting Student or Exchange Student at another institution is sent to the Registrar's Office and Student Services (ROSS) at the University of Lethbridge.

Further information on registration procedures for Visiting and Exchange Students may be found in **Part 2 - Registration, Section 3.d. Visiting and Exchange Students (p. 50)**.

e. Standardized Test Admission Route

Applicants to first-year Faculty of Arts and Science or Faculty of Fine Arts programs will be considered who present acceptable ACT (American College Testing Program) or SAT (Scholastic Achievement Test) scores. In the case of SAT tests, the applicant must present complete SAT Reasoning (Critical Reading, Mathematics, and Writing) and three additional SAT Subject test scores. Applicants who present only SAT Reasoning scores and who present superior high school records (at least five Grade 12-level courses in academic subjects including English, and a 'B+' or higher on these courses), will be considered for admission on an individual basis.

f. Alberta Colleges or Institutes of Technology

The University will consider applicants who have completed one year or more of studies at a recognized Alberta College or Institute of Technology and are recommended by that institution for University admission.

For admission requirements, the University accepts courses offered by colleges which are deemed to be equivalent to Alberta high school 30-level courses (see **Section 3.a.1.a, p. 28**).

Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

Policies on admission after required withdrawal are also included in **Section 8.b. (p. 45)**, **Part 7 - Arts and Science (p. 97)**, **Part 8 - Education (p. 166)**, **Part 9 - Fine Arts (p. 182)**, **Part 10 - Health Sciences (p. 207)**, and **Part 11 - Management (p. 221)**. In particular, *Tabula Rasa* is available only in the Faculty of Arts and Science (see **Section 3.e., p. 97**), Faculty of Fine Arts (see **Section 4.e.2, p. 182**), and the Faculty of Health Sciences (see **Section 6.c, p. 207**).

h. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see **Part 2 - Registration, Section 3.f., p. 50**).

i. Applicants With Unsatisfactory Post-Secondary Records

1. Required to Withdraw

Persons who have been Required to Withdraw from the University of Lethbridge or another post-secondary institution will not be considered for admission until one year has elapsed from the end of the studies from which they were required to withdraw. If, without satisfactory intervening studies, such a person is subsequently offered admission to the University it will be on the condition of Academic Probation. Students Required to Withdraw from the University of Lethbridge should also refer to **Section 3.g. Returning After an Absence from the University of Lethbridge (p. 38)** and **Section 8.b. Procedures for Readmission (p. 45)**.

2. Suspension

A person will not be considered for admission if under an order of suspension from the University of Lethbridge. A person under an order of suspension from another post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

3. Expulsion

A person who has been expelled from the University of Lethbridge or any other post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

4. CONTINUING STUDENTS CHANGING PROGRAMS

A University of Lethbridge student who has continuing student status and who wishes to change the academic program to one involving another Faculty must apply for the new program. Continuing student applicants changing to quota programs will be considered according to the same admission criteria as new transfer applicants.

To be considered, students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an *Application for Admission to Specialized Programs* form. This form is available at the Registrar's Office and Student Services (ROSS).

5. INTERNATIONAL STUDENTS

a. Academic Qualifications

Applicants from other countries must present qualifications comparable to those of Canadian applicants:

- Completed, appropriate secondary qualifications from other countries will be considered for High School admission.
- Studies completed at recognized universities and colleges will be considered for New Transfer,

College Diploma or Previous Degree admission, as appropriate.

Details on requirements for specific countries are available from Admissions, and at our website www.uleth.ca/ross/admissions/intreq.html.

For International High School Requirements, see **page 41**.

b. English Language Requirements

The University of Lethbridge has English language requirements for all applicants. These requirements are not affected by citizenship but by first language, educational experience and writing proficiency. They are explained in **Section 6 (p. 40)**.

c. Transfer Credit and Admission

Transcripts presented by an International Student will first be considered to determine the admissibility of the student. Subsequent to admission, completed courses will be considered for transfer credit. The number of courses considered to be transferable in the context of the admission decision may or may not coincide with the number of courses ultimately awarded transfer credit.

It will be the responsibility of International Students to provide English translations of any transcript materials not in English or French, which are deemed to be official and otherwise acceptable by Admissions.

d. Conditional English Proficiency Admission

Conditional English Proficiency Admission may be offered to applicants:

1. whose first language is not English, and;
2. whose academic qualifications satisfy the requirements of the program they seek, and;
3. who have not met the University's English Language Proficiency (ELP) requirement (see **Section 6, p. 40**).

Note: One way to satisfy the University's English Language Proficiency (ELP) requirement is successful completion of the University's English for Academic Purposes (EAP) program. Conditional English Proficiency Admission offers an opportunity to accomplish this and at the same time obtain admission to an academic program.

An applicant who accepts an offer of Conditional English Proficiency Admission is admitted to an academic program, of which the first component is successful completion of the University's English for Academic Purposes (EAP) program. Students admitted via the Conditional English Proficiency Admission route will be tested and placed in the appropriate level of EAP upon arrival at the University.

Upon satisfying ELP (see **Section 6.a. below**), students admitted via the Conditional English Proficiency Admission route may commence their full academic programs as regular students.

Students admitted via the Conditional English Proficiency Admission route are considered to be full-time students while continuously enrolled in EAP classes.

Students admitted under the Conditional English Proficiency provision must:

- Successfully complete each level of EAP in no more than two attempts, and
- Maintain continuous registration in EAP during Fall, Spring and Summer semesters until the ELP requirement is satisfied.

Students who fail to meet these conditions will be required to withdraw from the University.

Students who have passed three of the four components of Advanced EAP may be allowed to register in one or two academic courses (3.0 to 6.0 credit hours) while completing the remaining EAP component. Course registration will be subject to the approval of the International Liaison Officer in the International Centre for Students, in close consultation with appropriate academic advisors.

6. ENGLISH LANGUAGE AND WRITING REQUIREMENTS

The University of Lethbridge administers three levels of English language requirements for applicants to undergraduate programs:

- **English Language Proficiency (ELP)** - admission requirement for all applicants to undergraduate programs whose first language is not English.
- **Spoken English Language Proficiency (SELP)** - admission requirement for all applicants, whose first language is not English, to the Bachelor of Nursing (see **Part 10, Section 4.a.6., p. 200**) and Bachelor of Health Sciences (Public Health) (see **Part 10, Section 4.e.6., p. 204**) programs.
- **Writing Proficiency Requirement (WPR)** - admission requirement for all applicants to programs in the Faculty of Education (see **Part 8 - Education, p. 162** and **Part 6 - International Students, Section 3.b.3, p. 94**).

a. English Language Proficiency Requirement

The English Language Proficiency (ELP) requirement applies to all applicants to undergraduate programs whose first language is not English, regardless of citizenship or country of origin.

Note: *The following policies do not apply to Audit, Visiting or Exchange Students. Applicants to Nursing (see p. 200) and Public Health (see p. 204) must also meet a Spoken English Proficiency requirement.*

- Proof of English Language Proficiency must be provided prior to admission. Acceptable evidence of ELP may be any one of:
 - Successful completion of the Advanced Level, English for Academic Purposes (EAP) program at the University of Lethbridge (see **Part 6, Section 3.b.1, p. 94**).
 - Most recent official TOEFL (Test of English as a Foreign Language) score (UofL institutional code is 0855), taken within the last two years. Any one of:

- A passing grade in an English for Academic Purposes (EAP) program which is accepted as a means of satisfying ELP by another recognized Canadian university, and whose ELP requirement is at least as demanding as is that of the University of Lethbridge.

- A passing grade in an EAP program approved by the Assistant Registrar (Admissions).

- In the absence of contradictory evidence, the English Language Proficiency requirement may be waived for applicants who have completed at least three consecutive years of full-time study in a recognized institution where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-I, or its equivalent, or at least two transferable semester courses in English. These studies must precede admission by not more than two years.

Applicants who are uncertain regarding the status of their qualifications with respect to this policy should contact the Admissions Office for further information.

Waivers are not automatically granted: Waivers may not be granted, or may be revoked, if contradictory evidence exists. Examples of contradictory evidence are low TOEFL scores, low grades on an English-based course, or significant communication difficulties.

Individual circumstances will be reviewed by the Assistant Registrar (Admissions) whose decision shall be final.

Special arrangements will be made for students attending the University under an approved exchange program.

7. TRANSFER AND EVALUATION OF CREDIT - POLICIES AND PROCEDURES

Many students are eligible to have some or all previous post-secondary work **transferred for credit** toward completion of their University of Lethbridge program. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. Transfer of credit is not available to persons enrolled in classes at the University who have not been admitted to programs (i.e., transfer of credit is not available to Audit, Exchange, Open Studies or Visiting Students).

a. Procedures

1. For **New Transfer** students, transcripts from previous post-secondary institutions will be evaluated for transfer credit in the program of consideration for admission.
2. For **students returning after an absence**, transcripts for work completed during the absence at post-secondary institutions will be evaluated for transfer credit in the course of consideration for readmission.
3. It is the responsibility of the applicant to provide, as support for the application for admission or readmission, full and complete information on all post-secondary attendance. Failure to do so relieves the University of any responsibility to award transfer credit and, depending on the criteria leading to an admission decision, may lead to the rescinding of admission and cancellation of registration.
4. **Continuing University of Lethbridge students** may take courses elsewhere under **Visiting Student or Exchange Student authorization**. Such students must obtain prior approval in writing from the appropriate Faculty Dean or Dean's designate. Transfer credit will only be awarded when Visiting Student authorization is obtained in advance of the completion of studies. Authorized Exchange Students will receive Pass/Fail grades for courses completed during the exchange.
Subsequent to completing the course work at the designated institution, the student must have official transcripts forwarded from that institution to the Registrar's Office and Student Services (ROSS) at the University of Lethbridge, that they may be evaluated for transfer credit.

5. Simultaneous enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

b. Transfer and Evaluation Policies

1. The Admissions Office has final authority, subject to appeal, in the evaluation and assignment of transfer credit.
To facilitate the negotiation of transfer arrangements among post-secondary institutions within the Province of Alberta, the procedures established by the Alberta Council on Admissions and Transfer (outlined in the **Alberta Transfer Guide**) shall be followed.
Applications for transfer credit evaluations and transfer credit appeals are initiated with Admissions. Upon application by a student for transfer credit, Admissions shall consult as necessary with the appropriate Faculty. Admissions approval is required for any recommendations to award transfer credit.
Admissions is charged with maintaining records of all evaluations at the University, which shall serve as the standards for future evaluations.
2. Transfer credit may be awarded only for courses which apply to the student's University of Lethbridge program.
Transfer credit awarded on admission to one program must be re-evaluated should the student change to a different program. It is the student's responsibility to request this re-evaluation.
3. Transfer credit may be awarded only for courses which were completed and assigned a passing grade. Courses transferred for credit are subject to Faculty policies regarding minimum grade requirements.
When a transfer student presents a transferable course with a grade of 'Pass' (or its equivalent) at the sending institution:
 - a. The hours for the course will count toward program completion in the manner assigned by Admissions (either direct transfer, Contingent or Extra to Program); and
 - b. The transfer grade will be preserved as 'P' as appropriate.
The student's transfer GPA and University of Lethbridge GPA will not be affected in any way. The University reserves the right to assign a numeric grade where circumstances indicate this is appropriate.
4. Transfer credit will be awarded only for studies transferring to University of Lethbridge courses numbered 1000 or higher.
5. Admissions shall develop and apply grade conversion standards, under the authority of the Admission Standards Committee.
6. Courses which have been awarded credit at another recognized Canadian university or at a recognized

university college in Alberta or British Columbia are generally transferable for credit to the University of Lethbridge, subject to other University policies including program and major, residence requirements, time limits, and program requirements.

7. Courses taken at post-secondary institutions in Alberta, if acceptable for credit at either the University of Alberta or The University of Calgary, are normally eligible for transfer credit at the University of Lethbridge. The **Alberta Transfer Guide** shall be the primary authority for such courses.

In general, courses taken at post-secondary institutions in Canada, if acceptable for credit at one or more of the major residential universities for the appropriate province, shall normally be transferred for credit at the University of Lethbridge. The **provincial transfer guide** for the province in question shall be the primary authority for such courses.

Specified courses taken at post-secondary institutions with which the University maintains formal course transfer arrangements are normally accepted for credit. For example, the University has course agreements with The College of the Rockies and Selkirk College.

8. Once a transfer course evaluation has been approved by the University of Lethbridge and has been printed in the **Alberta Transfer Guide**, that evaluation shall serve as the authority for the course in question. A published transfer arrangement will also be honoured for students who completed the course in the year prior to its publication in the Alberta Transfer Guide.

On appeal by the student and where a change will benefit the student, a Faculty may, with reasonable grounds, recommend exemption from the published agreement. This Faculty recommendation shall not alter the published evaluation.

9. Courses taken at any accredited or recognized post-secondary institution may be awarded transfer credit depending on the nature of the institution, the nature of the courses and the program of the student presenting the courses.
10. Year of the Calendar
A student admitted or readmitted to a program offered by the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission (see **Section 9.f., p. 46** for details).
11. Upon admission or readmission to a program, courses taken by an **Open Studies Student** at the University of Lethbridge may be counted toward the student's program, subject to the appropriate rules of the Faculty regarding courses completed prior to admission and Required Withdrawal.
12. International Students - see **Section 5 (p. 39)**.
13. The University of Lethbridge does not award transfer credit on the basis of **Challenge for**

Credit. Instead, waiver of specific requirements leading to a certificate, diploma, or degree may be granted by the Faculty (see **Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 71**, for more information).

14. Evaluating Courses From Non-Accredited Institutions

When a course taught by an unrecognized institution is presented for transfer credit, it is evaluated by the appropriate Faculty. The recommendation serves as a standard only for students who completed the identical course experience - institution, section and time - and are pursuing the same program of studies as the student who originally presented the course for transfer credit.

In determining whether a course may be awarded **Individual Credit**, the Faculty evaluators shall make the determination after considering the following:

- a. The institution is recognized or accredited. If not recognized or accredited, the institution maintains academic standards equivalent to those maintained by accredited institutions.
 - b. The course experience of the student was comparable to that which would have been presented at the University of Lethbridge. This determination is based on consideration of materials which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.
 - c. The transfer credit to be awarded is appropriate to the student's program at the University of Lethbridge.
 - d. Instructor qualifications are appropriate to the material and the content of the course. Generally, Masters credentials are preferable for introductory courses and Doctorates for advanced material.
15. Transfer of credit shall be subject to Faculty regulations, including but not limited to those found below. The student is also referred to the residence requirements of individual Faculties. Where the transfer credit regulations appear to contradict the residence requirements of individual Faculties, the residence requirements shall prevail (see **Part 4 - Academic Regulations, Section 3.g., p. 72**). For some University of Lethbridge programs, students are required to take courses at another institution under Visiting Student authorization. Visiting Student authorization will be granted to these students. Such courses taken under Visiting Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement (see **Section 3.d., p. 35**).
 16. Courses taken during the completion of a previous undergraduate degree may satisfy particular course requirements of a program at the University of Lethbridge (see **Section 3.b.5. Previous Degree, p. 34**).

Courses which the student completed subsequent to the conferral of a previous degree or which were classified by the awarding institution as extra to degree at the time of conferral may be approved for transfer credit.

c. Procedures for Student Appeal of Transfer Credit

1. A student who chooses not to accept an Admissions decision regarding transfer credit shall have **one full year**, from the day the transfer courses were evaluated by Admissions, in which to lodge an appeal. The appeal shall be made in writing to the Assistant Registrar (Admissions and Transfer) and shall set out the student's rationale for appealing the Admissions decision.

The Assistant Registrar (Admissions and Transfer) shall have 14 days to render a decision regarding the appeal. This decision, and any supporting rationale, shall be communicated in writing to the student and copied to the Associate Vice-President (Student Services) and Registrar.

2. In the event of a negative decision by the Assistant Registrar (Admissions and Transfer), and the determination of the student to pursue the appeal, the student shall have **14 days** from the mailing of the Assistant Registrar's decision to forward a letter to the Associate Vice-President (Student Services) and Registrar requesting further consideration.

The Associate Vice-President (Student Services) and Registrar shall have **20 days** from the time of receiving the second appeal to establish an **Appeal Panel**, which shall include: the Registrar as Chair; the Assistant Registrar (Admissions and Transfer); two members from the Admission Standards Committee, one of whom shall be a student; and at least one member from the academic unit involved in the appeal.

In addition to any materials which the student chooses to submit, it shall be the responsibility of the student to provide any materials requested by the Panel in a manner acceptable to them, and which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

The Panel may request the appearance of the student for an interview, at which the student may be accompanied by a fellow student or by a Faculty member of the University.

The student shall have up to **60 days** to assemble the materials requested and to prepare for an interview with the Panel.

Subsequent to the interview or final meeting, the Panel shall have **7 days** to render a decision. This decision shall be final.

8. HOW TO APPLY FOR ADMISSION

a. Procedures for All Applicants

Applicants must submit the following to the Admissions Office:

1. An *Application for Admission* form, complete in every respect, accompanied by a non-refundable application fee. A student who applies for admission or readmission must pay an application fee. Students who do not maintain continuous registration must apply for readmission and pay the associated application fee. The application fee for initial admission to a level of studies (i.e., undergraduate, master's, or Ph.D.) is as follows:

- \$75 for undergraduate programs
- \$60 for master's programs
- \$60 for Ph.D. programs

Subsequent applications for readmission to a level of studies are assessed an application fee of \$15. Only one application will be considered in a given semester, from any applicant.

Note: *Effective Fall 2011, applicants for readmission to a level of studies may be charged the full application fee.*

2. Official transcripts from all secondary (high school) jurisdictions and post-secondary (college or university) institutions attended. Transcripts must be sent directly from the issuing institutions to the Registrar's Office and Student Services (ROSS) at the University of Lethbridge. **Where possible, transcripts for secondary schools should be issued from the appropriate provincial Department of Education.**

All applicants currently studying at other institutions are strongly advised to arrange, at the time of application, for the submission of interim transcripts if necessary final transcripts are not yet available. Final, official transcripts must be submitted on or before the document deadline.

3. High School applicants must indicate courses completed and in progress (including final and estimated final grades) on the Application for Undergraduate Admission form. Self-reported grades: The applicant will provide final grades for Grade 12 courses already completed and estimate final grades for those courses still in progress. Grade 11 final grades may be used for subjects for which mid-term or final Grade 12 grades are not yet available (see **section 3.a.3. Early Admission, p. 28**, for complete details).

The Admissions Office will require interim transcripts for applicants who are not admissible based on their self-reported grades.

4. Notarized English translations must accompany all documents that are not in either the English or French languages.

5. Additional Procedures for Adult Applicants

Applicants must follow the above procedures and in addition, submit a résumé and a Letter of Intent (see **Section 3.c., p. 34**).

b. Procedures for Readmission

1. Voluntary or Required Withdrawal

A former University of Lethbridge student who has previously withdrawn, either voluntarily or because required to do so by a Faculty Council, must submit a new Application for Admission Form to the University. If the applicant has attended any educational institutions in the interim, the applicant must arrange for official transcripts to be sent to the University of Lethbridge from these institutions.

Similarly, a student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see **Part 2 - Registration, Section 3.f., p. 50**).

2. Returning to the University of Lethbridge after Visiting and Exchange Studies

See **Part 1 - Admission, Section 3.d.4. (p. 35)** and **Part 2 - Registration, Section 3.d.1. (p. 50)**.

c. Procedures for Acceptance to Undergraduate Programs in the Faculty of Education, Faculty of Fine Arts, Faculty of Health Sciences, Faculty of Management, or to any Combined Degrees program

1. Students not currently enrolled in programs at the University must follow the procedures outlined in **8.a.** or **8.b.**, above.
2. Students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an *Application for Admission to Specialized Programs Form*.
3. Conditional Admission may be offered to Transfer applicants applying for entry into undergraduate programs (see **Section 9.e. Conditional Admission, p. 46**).

d. Undergraduate Program Application and Document Deadlines, see page 27.

e. Responsibility of the Applicant or Student

It is the responsibility of the applicant or student to:

1. Provide true and complete information at the time of application for admission or readmission (see **Section 9.j, Misrepresentation/Falsified Admission Documents, p. 46**).
2. Provide any materials which the University may reasonably request in order to make decisions regarding either admission to the University or transfer credit evaluation (see **Section 9.j, Misrepresentation/Falsified Admission Documents, p. 46**).
3. Consult with the appropriate Academic Advising office regarding how unspecified transfer credit may be used to meet program requirements.

9. POLICIES FOR ALL STUDENTS

a. Access to Courses

Applicants should note that although admission may be granted to the University, **eligibility to enrol in specific courses may be denied** if the appropriate prerequisite high school or post-secondary course has not been completed (e.g., Chemistry 2320 has a prerequisite of Chemistry 30 or UofL Chemistry 0500). Applicants who are concerned about prerequisite courses for their desired program should check with Admissions.

b. Professional Transfer Programs

Many university courses, including introductory courses, have prerequisite high school courses. Applicants who intend to enrol in one of the professional transfer programs leading to degrees elsewhere should note that, while a student may be admissible to the Faculty of Arts and Science, a longer period may be required to meet the requirements for a professional program if these prerequisite high school courses or their equivalents have not been completed prior to admission.

c. Enrolment Management

The University of Lethbridge subscribes to enrolment management policies as resources become exhausted. For High School applicants, the basic admission average requirement is 60 percent. However, the University has set the admission cut-off average for General Admission at 65 percent for 2010/2011. For New Transfer applicants, the basic requirement for General Admission is a GPA of 2.00 on the UofL 4.0 GPA scale; some programs have a higher GPA requirement for transfer students. The GPA requirement for College Diploma applicants varies according to the program.

As the minimum is reviewed yearly, applicants should contact the Admissions Office for the current requirement.

d. Enrolment Limits and Admission Quotas

The University of Lethbridge guarantees that admitted students will have timely access to courses required to complete the student's program. However, admission to the University does not constitute a guarantee that a student will be able to register for any particular course in a given semester.

Enrolment limits are enforced by all Faculties. Where demand for access exceeds program or major capacity, admission will be limited according to approved enrolment management policies. Applicants will be assigned admission priority chiefly on the basis of academic merit. Subject to individual Faculty policies, High School applicants will typically be assigned priority on the basis of admission average. New Transfer applicants will be assigned priority on the basis of admission grade point average. Notwithstanding, the University reserves the right to limit admission to any or all programs without advance notice.

Faculties may have quotas; satisfying admission requirements for a program does not guarantee admission to the program nor to a specific major within the program.

e. Conditional Admission

Conditional Admission may be offered to applicants studying at Canadian institutions. This provides program admission which is conditional on the eventual satisfaction of certain admission requirements. For example, a student may be offered admission on the basis of satisfactory completion of studies still in progress at another institution or at the University of Lethbridge. Students failing to meet the condition in a satisfactory manner in the time specified may be required to withdraw from the program of admission; in such cases, the student's qualifications will be reviewed for possible admission to another program at the University, or the student may be allowed to complete the semester as an Open Studies Student.

f. Year of the Calendar

A student admitted or readmitted to the University is governed by the **program requirements of the Calendar in effect at the time of the most recent admission**. However, students are governed by the current Calendar in all other respects (e.g., order of registration, fees, course prerequisites) regardless of the year of admission or readmission.

When a student's registration at the University is interrupted and the student subsequently is readmitted to a University program, the student shall be governed by the Calendar in effect at the time of readmission, unless granted special permission.

A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the University, to the current Calendar. If a student opts for a particular Calendar, **all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects**.

Any student wishing to change the Year of the Calendar must apply to the Registrar's Office and Student Services (ROSS).

Students continuously registered in a formally-approved transfer program or in transferable courses at a post-secondary institution in the Alberta Council of Admission and Transfer, are normally admitted under the current Calendar. However, the students may be treated as if they had been continuously registered at the University during that period. They may, therefore, when admitted to the University, opt for any Calendar from the one in effect at the point of most recent admission to the Alberta college system to the Calendar in effect at the point of admission to the University of Lethbridge.

The University also recognizes transfer arrangements with The College of the Rockies and Selkirk College, and the University treats students transferring from these institutions in an equivalent manner with respect to the year of the governing Calendar.

Transfer students from institutions other than those with which the University has established transfer arrangements will be treated according to current policies for new student admissions, and therefore be subject to all the requirements of the Calendar in effect at the time of admission or readmission.

g. Simultaneous Enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

h. Academic Probation

An applicant who was on Academic Probation upon leaving the University must complete no less than four transferable semester courses, in a satisfactory manner (i.e., passing grades in all courses with a GPA of at least 2.00 on the UofL 4.0 GPA scale), to be eligible for readmission. Normally, students readmitted after leaving on Academic Probation will be readmitted on condition of Academic Probation.

i. Required to Withdraw

Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the UofL 4.0 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

Policies on admission after required withdrawal are also included in **Section 8.b. (p. 45), Part 7 - Arts and Science (p. 97), Part 8 - Education (p. 166), Part 9 - Fine Arts (p. 182), Part 10 - Health Sciences (p. 207), and Part 11 - Management (p. 221)**. In particular, *Tabula Rasa* is available only in the Faculty of Arts and Science (see **Section 3.e., p. 97**), Faculty of Fine Arts (see **Section 4.e.2, p. 182**), and the Faculty of Health Sciences (see **Section 6.c, p. 207**).

j. Misrepresentation/Falsified Admission Documents

l. Admissions decisions are made on the basis of complete and accurate information provided to the University by the applicant or by other institutions at the request of the applicant. The integrity of the admissions process is dependent on the honesty of the applicant.

For the purposes of this section, the term "documents" refers to all transcripts, letters and letters of reference, test results, and other documents or statements submitted by an applicant or student, or on behalf of an applicant or student, supporting an application for admission or readmission to the University of Lethbridge.

a. The submission of an application for admission containing false statements or intentional omissions of required information constitutes

misrepresentation of a student's admission qualifications.

- b. Falsified admissions documents include the submission of altered documents and/or the failure to provide all admissions documents.
2. Where there is evidence that an applicant or student has 1) submitted, or arranged for the submission of, an application for admission purposes with false statements or intentional omissions; and/or 2) failed to provide any related document; and/or 3) submitted falsified documents, the following procedures will be taken:
 - a. The Assistant Registrar (Admissions and Transfer) will review the alleged offence(s) with the applicant or student and advise the student to refer to the Misrepresentation/Falsified Admission Documents policy in this section. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the alleged offence(s) under this section.
 - b. Should the Assistant Registrar (Admissions and Transfer) determine that the alleged offence(s) have occurred, after consultation with the Associate Vice-President (Student Services) and Registrar, he/she may take any or all of the following actions:
 1. Provide the student with a letter of reprimand and place a copy in the student's file.
 2. Revoke the applicant's or student's admission status, up to and including immediate and permanent dismissal from the University.
 3. Cancel or suspend the applicant's or student's admission and/or registration privileges for a specified term.
 4. Notify other educational institutions regarding particulars of the incident.
 5. Enter a notation on the applicant's or student's transcript as follows:
"Suspended due to submission of false documents."
 3. The Assistant Registrar (Admissions and Transfer) will meet with the applicant or student again to inform him/her of the penalties to be imposed for the offence(s) committed under this section and provide him/her with information on appeal procedures. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the penalties to be imposed and appeal procedures for the offence(s) under this section. Alternatively, the applicant or student will be notified by registered letter, with the date of receipt by the applicant deemed to be five working days after the date of the Assistant Registrar's letter.
 4. The applicant will have seven days after the deemed date of receipt in which to appeal in writing to the

Associate Vice-President, Academic. In the absence of an appeal received by the Associate Vice-President within the seven days, the Assistant Registrar (Admissions and Transfer) may levy any or all of the penalties under **Section 9.j.2.b.** above.

10. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

- a. A person who has applied for admission to a program of studies in an undergraduate or graduate program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, shall not be considered a 'student' for the purposes of the rights and privileges accorded to a student of the University of Lethbridge, until the date that the person commences academic studies at the institution or the first day of the academic semester/session for which the application applies, whichever shall last occur; and notwithstanding any act or notice of acceptance or admission may have been communicated to the applicant.
This same restriction in its entirety applies to Open Studies Students and authorization to register.
- b. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any application for admission to an Undergraduate Studies program or Graduate Studies program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur.
This same presidential authority in its entirety applies to Open Studies Students and authorization to register.
- c. The powers of the President to rescind any application for admission or any applicant, or to rescind authorization to register from Open Studies Students, may be exercised in any circumstance where the President in his/her sole discretion determines that:
 1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration.
 2. The best interests of the University outweigh the inclusion of the individual as a student at the University.
- d. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.
- e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.

II. EXPLANATION OF TERMS

Accredited or Recognized Institution - Generally, an accredited or recognized post-secondary institution is one approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes. Institutions may be deemed to be accredited through recognition by accrediting organizations or by such recognized educational organizations as the American Association of Collegiate Registrars and Admissions Officers (AACRAO).

Credit, specified and unspecified - Advanced course credit may be granted in terms of specific course equivalents (e.g., ENGL 1900) or in terms of approximating subject and course-level credits (e.g., ENGL 1000 level, UNSPECIFIED). These are,

respectively, specified and unspecified credit. Specified credits satisfy specific program requirements; appropriate unspecified credit may satisfy specific program requirements.

General Admission - A student guaranteed general admission is regarded to have met the basic prevailing admission criteria for non-quota programs in the Faculty of Arts and Science or the Faculty of Fine Arts.

Transfer Students - Students who have attended other post-secondary institutions and who have completed **three or more transferable semester courses**.

Transferable course - A course at another post-secondary institution for which credit may be granted toward a University of Lethbridge degree.

1. STUDENT RECORDS RETENTION POLICY

The permanent official folder for each student is maintained by the Registrar's Office and Student Services (ROSS). The contents of this folder shall be destroyed according to the following schedule:

- a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.
- b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

Prior to the destruction of the folder, the Registrar's Office and Student Services (ROSS) shall ensure that the contents of the file are reflected in the student's electronic record, according to the policies governing admission, registration and academic history.

For more information see Confidentiality of Student Records Policy (Part 4 - Academic Regulations, Section 4.e., p. 85).

2. ADVICE AND INFORMATION

Students who wish academic advice during registration should seek it from the relevant academic advisor.

Students who wish other kinds of information and advice about registration, such as deadlines and procedures, should ask at the Information Centre (SU140).

Students are responsible for the accuracy and completeness of their own registration, and are liable for the fees for courses in which they are registered.

Students who decide not to attend the University must cancel their registration prior to the Add/Drop deadline (see Section 8. Cancellation and Withdrawal, p. 53).

3. TERMS USED DURING REGISTRATION

a. Enrolment and Registration

For purposes of this Calendar, these terms are used interchangeably.

Bridge: The University's online registration system is available for all students (www.uleth.ca/bridge).

b. Year of Student

Students are classified by year level according to the number of credit hours they have successfully completed (i.e., this does not include courses in which the student is currently registered).

Year	Number of Successfully Completed	
	Credit Hours	(Semester Course Equivalents)
1	0 - 29.5	(0 - 9)
2	30 - 59.5	(10 - 19)
3	60 - 89.5	(20 - 29)
4	90 - 119.5	(30 - 39)
5	120 or above	(40 and above)

c. Part-Time and Full-Time

1. Fall and Spring Semesters

A part-time student is registered in fewer than 9.0 credit hours (three semester courses or equivalent). A full-time student is registered in a minimum of 9.0 credit hours (three or more semester courses or equivalent).

The usual course load for a full-time undergraduate student is 15.0 credit hours (five courses) per

semester. It should be stressed, however, that heavy course loads are a common cause of poor academic performance.

2. Full-Time by Definition

Students registered in Co-operative Education Work Experience courses are considered to be full-time.

3. Summer Session - Maximum Load

Each Faculty and School has legislated maximum enrolments per session for continuing students. See **Section 6.b. (p. 52)** for maximum loads for each Faculty/School.

4. Summer Session - Financial Support

Undergraduate students receiving government student loans for full-time studies during Summer (May - August) must be registered in a minimum of 9 credits and enrolled in Summer Session I and II/III or Summer Session I, II and III. It may be possible for Alberta residents to receive Alberta Student Loans for one Summer Session course, but all other borrowers should check with Scholarships and Student Finance staff about other provincial/territorial eligibility.

d. Visiting and Exchange Students

1. University of Lethbridge Students Studying Elsewhere

Within the residence requirement of the Faculty/School in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who wish to study as authorized Visiting or Exchange students at another institution must follow the following procedures:

- a. Students must apply using an *Application for Visiting Student Authorization* or an *Application for Exchange Student Authorization*. Approval in writing **must** be obtained from the appropriate Faculty/School prior to commencement of studies elsewhere.
- b. The student will be registered in Placeholder courses during the semesters of approved absence from the University of Lethbridge. This allows the student to retain the registration privileges of a Continuing Student, and the University to keep track of these students for record keeping purposes.
- c. The student will register along with other Continuing Students for the semester following the approved absence, according to the registration instructions for Continuing Students.
- d. If the student wishes to extend the approved absence, prior approval must be obtained from the appropriate Faculty/School. Otherwise, when the student subsequently applies for readmission, it will be according to the policies and procedures pertaining to students returning after an absence, thereby forfeiting

guaranteed readmission and Continuing Student privileges.

2. Visiting and Exchange Students from Other Universities

For complete information on registering as a Visiting or Exchange Student, please see the current **Timetable and Registration Guide**.

e. Audit Student

An Audit Student has been granted permission by the instructor to attend lectures in a course on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments or sit for examinations. No degree credit is granted for the course. An Audit Registration Form must be submitted to the Registrar's Office and Student Services (ROSS) by the indicated deadline.

Audit Students are not required to meet the University's English Language Proficiency Requirement.

An Audit Student, who is not also a Continuing, newly admitted or Open Studies Student, is granted the same access to University services as a Community user. Community user fees and restrictions will apply.

f. Open Studies Student

Open Studies Student registration allows persons interested in taking courses for general interest to register without having to gain admission to the University.

The following conditions apply to registration as an Open Studies Student:

1. Registration as an Open Studies Student is open to any individual not currently admitted to the University, with some restrictions as outlined below. Open Studies Student enrolment does not constitute formal admission to the University. Open Studies Students must present required documents at each registration.
2. Students who have been required to withdraw from this or any other post-secondary institution within the last 12 months are not encouraged to register as Open Studies Students. See **Part I - Admission, Section 9.i., p. 46**). Courses taken as an Open Studies Student after Required Withdrawal may not be used for credit toward programs to which a student may ultimately be admitted without the express permission of the Faculties offering that program.
3. Open Studies Students must meet the University's English Language Proficiency Requirement (see **Part I - Admission, Section 6.a., p. 40**). Open Studies Students must present proof of English Language Proficiency at registration. Failure to present proof will result in denial of registration privileges. Unofficial documents are acceptable.
4. Course prerequisites must be met where applicable and Faculties are responsible for enforcing prerequisites. Enrolment in some courses may require permission from the relevant Faculty/School. Open Studies Students are required to present unofficial transcripts of prior secondary and/or post-

secondary work at registration, if registration into a course with a prerequisite is to proceed.

5. Open Studies Students have access to classes only as space and quotas permit. Registration must take place at dates specified in the **Academic Schedule (p. 16)**.
6. Open Studies Students must meet minimum academic standards for continuation of registration privileges. While under Open Studies Student status, students are allowed a maximum of two grades below 'C-'. Any subsequent grade below 'C-' results in permanent suspension of Open Studies Student registration privileges. Such a suspension of privileges is recorded on the student's transcript.
At the outset of each term, the Associate Vice-President (Student Services) and Registrar will determine registration eligibility for Open Studies Students. For these purposes, each of the Fall semester, Spring semester, and the aggregate of all Summer Sessions is considered to be one term.
7. Open Studies Students are not eligible to use the Credit/Non-Credit designation.
8. Open Studies Students are subject to the same Course Withdrawal policies as admitted students. Please refer to **Section 8.d. (p. 53)** for complete information.
9. Open Studies Students may apply for formal admission or readmission at any time through one of the approved admission routes. At the point of admission, courses completed via the Open Studies Student route are included in the admission decision process.
10. Open Studies Students whose registration privileges have been suspended may not re-register until they have attended another post-secondary institution and have been offered admission to a University of Lethbridge program.
11. Students who were previously Required to Withdraw may present courses completed via the Open Studies Student route when reapplying for admission. *Tabula Rasa* may be granted to Open Studies Students who were Required to Withdraw from the University of Lethbridge. If granted, *Tabula Rasa* is applied only to the student's record prior to the point of Required Withdrawal (see **Part 7 - Arts and Science, Section 3.e., p. 97, Part 9 - Fine Arts, Section 4.e.2, p. 182, or Part 10 - Health Sciences, Section 6.c., p. 207**).
12. Upon subsequent application for admission or readmission, courses completed via Open Studies Student registration may be counted toward the student's program, subject to the appropriate rules of the Faculty/School regarding residence and Required Withdrawal legislation.
13. Only students who have been admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma, or certificate. However, students who have been previously admitted, and not subsequently required to withdraw, may graduate while under Open

Studies Student status. Such students must have been admitted to the program of graduation at some point. As well, such students must have met the admission and graduation requirements of that program.

Students who have been Required to Withdraw must be readmitted to the University and to the program of studies before they will be permitted to graduate. Such students must apply for admission according to regular application procedures and deadlines.

14. Official transcripts are issued for Open Studies Students.
15. Registration requirements are satisfied by the completion of the *Open Studies Registration Form* and its submission to the Registrar's Office and Student Services (ROSS), after paying the registration fee and deposit at the Cash Office.
16. The University routinely offers non-credit programs to selected groups of students, as do other agencies. Such students may not be eligible for registration via the Open Studies Student route. With the permission of the Associate Vice-President (Student Services) and Registrar, students participating in approved non-credit programs may register concurrently in credit courses as Open Studies Students. Such registrations must be authorized in advance by the Associate Vice-President (Student Services) and Registrar.
17. Students denied registration privileges may appeal in writing to the Associate Registrar. Such appeals will be dealt with by the Associate Registrar and the Associate Vice-President (Student Services) and Registrar.

4. WHEN TO REGISTER

See the **Academic Schedule (p. 16)** for specific registration dates. Students who fail to complete registration during the specified period may be assessed a late fee.

a. New Students and Those Returning After an Absence

After applications have been processed, those eligible for admission receive full instructions on the procedures to be followed to complete registration.

b. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route.

c. Admitted Students

Students currently registered at the University register at the times indicated in the **Academic Schedule (p. 16)**.

d. Registration in Off-Campus Courses

Each semester the University offers courses at a number of off-campus centres. Open Studies Students may register in these courses in person, by mail or via the Bridge. Admitted students may register using the Bridge.

e. Applied Studies

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the published deadline in the Timetable and Registration Guide. Application packages may be obtained from the Office of Applied Studies (B610; tel. 403-329-2000).

5. ORDER OF REGISTRATION

a. Within the Academic Year

Priority of registration is as follows:

- *First priority:* Students admitted to the University of Lethbridge, pursuing programs of study offered by the University, continuing from one Fall or Spring Semester to the next term.
- *Second priority:* Students newly admitted to the University of Lethbridge or readmitted after an absence of a minimum of one Fall or Spring Semester and Exchange Students attending the University with a letter of permission from their home institutions.

Within groups two to five, students will be further prioritized:

- According to their successfully completed hours.
- With the first group of students in their priority group, for students who have been verified as having a disability. For verification, see the Associate Vice-President (Student Services) and Registrar. For details, see also **(Part 16 - General Services, Section 12. Disabilities, p. 532)**.
- With the first group of students in their priority group, students who hold a Canada Scholarship. For verification, see the Associate Vice-President (Student Services) and Registrar.

c. After Continuing Student Registration

Newly admitted students, starting with new M.Ed. students, will be permitted to register, upon accepting the Offer of Admission by paying the Confirmation of Admission Deposit.

Continuing students who did not register during Early Registration will be permitted to register on a first-come first-served basis.

d. Other

Registration for off-campus courses organized by organizations affiliated with the University may occur outside of the legislated Order of Registration.

6. REGISTRATION LIMITATIONS

a. Timetable Conflicts

Students are not permitted to register in two classes which are offered at the same time. To avoid delays at registration, students must consult the current semester Timetable carefully. Registration into classes which overlap or create time conflicts will not be processed.

b. Maximum Credit Hours

During Early Registration, the maximum number of credit hours in which a student may register is 15.0 (five course equivalents). During the first week of classes, students may increase their loads to the maximum allowed by their respective Faculty/School. Physical Activities, Music Ensemble Activities and Education Professional Development courses carry credit hours equal to 1.5. Generally, most other courses have an equivalent of 3.0 credit hours.

Students wishing to register in more than the maximum credit hours (semester course equivalents) allowed must obtain approval of the Faculty/School in which they are enrolled.

- In the Faculty of Arts and Science, students must obtain permission if they wish to exceed the following maximum credit hours (as determined by academic standing):

Probation

12.0 credit hours (4 courses)

In Good Standing

Normal 15.0 credit hours (5 courses)

Maximum 18.0 credit hours (6 courses)

- In the Faculty of Education, students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester.
- In the Faculty of Management, the usual course load for a full-time student is 15.0 credit hours (5 courses) per semester.
- In all other Faculties/Schools, students must obtain permission if they wish to exceed 15.0 credit hours (5 courses).
- Summer Session (semester course equivalents):

Session	I	II	III
Arts and Science	2	2	2
Education	3	2	1
Fine Arts	3	2	2
Health Sciences	3	2	1
Management	2	1*	1*

*The maximum number of courses Management students may take over Summer Sessions II, III, and III/III is two.

Note: In the event of a difference between the maximum credit hour limits set by the Faculties/Schools, students in Combined Degrees programs will be governed by the more stringent limits.

c. Duplication of Registration

A student may not register in more than one section of a course offering in a semester.

A student may not be registered in the same course in more than one semester simultaneously (e.g., in both Summer Session and Fall Semester).

d. Faculty/School Quotas

Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given semester. Enrolment limits are enforced by all Faculties and Schools.

e. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route.

f. Holds on Registration

A Faculty/School may place specific registration requirements upon a student. In such cases, at the request of the Dean, the Registrar's Office and Student Services (ROSS) may restrict a student's access to registration. Students with restricted access to registration must register manually (in person or by mail), thus ensuring they abide by the Faculty/School registration requirements.

7. COURSE ADD/DROP

Courses may be added and/or dropped after initial registration. No changes other than withdrawals from individual courses are permitted after the Add/Drop period.

8. CANCELLATION AND WITHDRAWAL

a. Classroom Privileges - Students

Students have classroom privileges for the course offering in which they are registered. Classroom privileges mean that a student is entitled to attend class meetings as required by the instructor and detailed in the course outline. Students who are not registered may be granted classroom privileges at the discretion of the instructor. Students who do not have classroom privileges may not attend a class. Instructors may authorize guests to attend a class. Audit registration is also normally available for people who would like to attend a class on a regular basis.

b. Cancellation of Registration

Students may cancel their registrations by the Add/Drop deadline in any semester/session:

- Open Studies Students who cancel their registration by the Add/Drop deadline in a Fall or Spring Semester forfeit the \$75 non-refundable deposit and the non-refundable \$25 Open Studies Student Registration Fee.
- Open Studies Students who cancel their registration by the Add/Drop deadline in a Summer Session forfeit the \$25 Open Studies Student Registration fee only.

All students must cancel their registration using the Bridge (www.uleth.ca/bridge).

Students who register and decide not to attend but DO NOT cancel their registration by the Add/Drop deadline shall be assessed tuition and compulsory fees according to the fee assessment schedule in **Part 3 - Fees, Section 8.b. Withdrawals (p. 58)**.

c. Complete Withdrawal

A student wishing to withdraw from the semester must notify the Registrar's Office and Student Services (ROSS) by submitting a *Complete Withdrawal Form* which can be obtained from the Registrar's Office and Student Services (ROSS). The date this form is received by the Registrar will be the official withdrawal date for purposes of fee assessment.

A 'Complete Withdrawal with Cause' is available only through Faculty/School Advising Offices.

Failure to comply with this requirement results in the assignment of failing grades and full assessment of fees—see **Part 3 - Fees, Sections 8.b. Withdrawals (p. 58)** and **Refunds 8.c., (p. 59)**. Grades are not assigned when a student withdraws before the end of the ninth week of a semester. Students registered in Summer Session should consult the Summer Session Calendar for details of the complete withdrawal procedure and related deadline dates.

Students are responsible for ensuring that the Registrar's Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar's Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

d. Course Withdrawal - Part-Time and Full-Time Status

1. Fall and Spring Semesters

Full-time students who withdraw from courses but remain registered in three semester course equivalents (9.0 credit hours) retain classification as full-time students.

Full-time students who withdraw from courses, resulting in registration in fewer than three semester course equivalents (9.0 credit hours), are reclassified as part-time.

2. Summer Session

Students receiving full-time government student loans for the Summer Session should contact Scholarships and Student Finance for provincial/territorial student loan eligibility.

Students registered in Summer Session should consult the Summer Session Calendar online at www.uleth.ca/summersession for details regarding the course withdrawal procedure (see Academic Regulations at www.uleth.ca/summersession/arg.html) and related deadline dates (see Academic Schedule & Deadlines at www.uleth.ca/summersession/ded.html).

3. Students who drop from full-time to part-time status do not receive the same privileges as full-time students at the University. Furthermore, students

who are accessing government student loans and drop to part-time status will be financially penalized if they have loans for the semester in which they are dropping to part-time and existing government loans may go into repayment early.

e. Course Withdrawal

1. W - Individual Course Withdrawal

Students are awarded a 'W' designation for any course from which they choose to withdraw after the first Add/Drop period and before the ninth week of a Fall or Spring Semester, provided the student remains registered in one or more courses.

Withdrawal deadlines for Summer Session vary and may be found in the **Academic Schedule (p. 16)**. Students may be entitled to a pro-rated refund for courses from which they have withdrawn.

2. WC - Withdrawal with Cause

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student which makes

continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on application to the Faculty/School Advising Office. For Open Studies Students, the 'WC' is recorded upon application to the Associate Registrar. A student may apply for a 'WC' after Add/Drop, up to and including the last day of classes (see **Section 8.b "Withdrawals" in Part 3 - Fees, p. 58**).

9. APPEAL OF REGISTRATION

Students dissatisfied with decisions regarding registrations are entitled to a review by the Associate Registrar.

If still dissatisfied after this review, the student may address a written appeal to the Associate Vice President (Student Services) and Registrar who renders the final decision on behalf of the Registrar's Office and Student Services (ROSS).

1. ADVICE AND INFORMATION

A student may obtain further information about academic regulations from the Faculty/School in which that student is registered. **It is the responsibility of each student to be familiar with the academic regulations.**

2. STUDENT COMPUTER LITERACY

Effective May 1, 1995, instruction at the University of Lethbridge is designed and scheduled around the assumption that every student has ready access to a computer and printer. The University provides access to computers for scheduled instruction and negotiates site licenses for software to minimize costs and facilitate the delivery of support services, but it cannot provide unlimited access for individual study and for the preparation of assignments and essays. Computer literacy is an essential skill for most professionals and buying a computer, although expensive, is a wise investment for a student undertaking university studies.

The University, with the assistance of the Department of Information Technology, has developed guidelines to assist students considering the purchase of a computer. As technology changes very quickly and advice is subject to immediate change, students are encouraged to consult the University's website (www.uleth.ca/notice) and to contact the IT Solutions Centre in the Department of Information Technology (E610; phone: 403-329-2490). For a complete list of Information Technology services at the University of Lethbridge, see **Part 16 - General Services, Section 16. Information Technology (p. 535)** for up-to-date information on equipment and available computer service and assistance to students on campus.

3. ACADEMIC REGULATIONS

All students are bound by the academic regulations contained in the most current Calendar, regardless of the Calendar they are following for program requirements.

a. Grading

An instructor bears full responsibility for evaluating the academic performance of students.

An instructor must indicate at the beginning of each course, in writing, the detailed manner by which work will be evaluated and the final grades derived and, **upon request**, communicate to students an estimation of their levels of performance by the end of the eighth week of the semester. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Each Faculty/School has an examination policy which will be explained by the instructor and is available at the Faculty/School Office and in the Registrar's Office and Student Services (ROSS) (SU140).

Final grades are determined in accordance with the grading system described in this Calendar. All grades for courses and Independent Studies are submitted to the Office of the Dean of the Faculty/School offering a course by the date set at the end of each session. Except when a Course Incomplete has been approved by both the instructor and the Dean, there is no provision for the late submission, revision or evaluation of students' work or the late submission of grades.

1. Grading System

Effective May 1, 2002, the University of Lethbridge and other Alberta universities adopted a common 4-point grading system. The common grading system

closely resembles the grading system that became effective on September 1, 1988, when pluses and minuses were introduced into the original University of Lethbridge grading system. All three University of Lethbridge systems are described in the table on **page 69**.

Under all three systems, the overall academic performance of a student is expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the grade point average is determined in the same way. No attempt will be made at differential weighting of the three systems.

The grade point average achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Example:

	Grade	Points	Weighting Factor	Total Grade Points
Sociology 1000	A	= 4	x 3.00	= 12.00
English 1900	B	= 3	x 3.00	= 9.00
Mathematics 1560	C	= 2	x 3.00	= 6.00
Physical Activity 2155	A	= 4	x 1.50	= 6.00
Physics 1000	D	= 1	x <u>3.00</u>	= <u>3.00</u>
			13.50	36.00

The total Grade Points divided by the total Weighting Factor = the Grade Point Average (GPA).

$$\frac{36.00}{13.50} = 2.67 \text{ (GPA)}$$

Non-Grade Designations (no grade points assigned):

AI	-	Administrative Incomplete
AU	-	Audit
I	-	Incomplete
Cr	-	Credit
NC	-	Non-Credit
P	-	Pass
W	-	Withdrawal
WC	-	Withdrawal with Cause
X	-	Continuing
X	-	Permanent

2. Grade Point Average in the University of Lethbridge Record

The current grade point average is printed on the official transcript. The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is the average of all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). The cumulative GPA is calculated but does not appear on the official transcript.

Other types of GPA calculations:

Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades hidden by the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations.

UNIVERSITY OF LETHBRIDGE GRADING SYSTEMS

Additional GPA calculations include Academic Standing GPA, Admission GPA, Awards GPA, Faculty GPA, Major GPA, Prerequisite GPA, Program GPA and Residence GPA. Note that these calculations are defined by the unit which uses the GPA.

There are certain courses which are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the first attempt for a repeated course; and courses in which there are non-grade designations such as Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a 'P' or 'Pass' is not included in the calculation of the current or cumulative GPA, but an 'F' or 'Fail' is included in the GPA calculation.

AI - Administrative Incomplete

The designation of 'AI' is recorded at the time all grades are released for a given term by the Registrar, if the grade assigned by the instructor of a completed course has not been received by the deadline. The 'AI' is replaced by the letter grade as soon as it is received. The 'AI' designation is temporary, must be replaced by a grade as soon as possible and may not be used in lieu of an Incomplete designation.

AU - Audit

The non-grade AU designation is awarded in the case where a student has been granted permission by an instructor to audit a course. The course appears on the transcript as 'AU' (see **Part 2 - Registration, Section 3.e., p. 50**).

I - Incomplete

The designation of 'I' is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a semester. The 'I' designation is awarded only on

application to and approval of both the instructor and the appropriate Dean and such application is not entertained until the last two weeks of classes. When the 'I' is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an 'F' in the course.

The 'I' designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an 'F' except where circumstances continue to prevent the completion of the course, in which case the 'I' designation remains on the transcript.

An 'I' designation assigned in an Education Field Experience course has a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

W - Withdrawal

A designation of 'W' may be recorded at any time after the Add/Drop period, up to and including the ninth week of classes. The 'W' designation shall be awarded only upon formal application by the student or his/her agent to the Registrar in **writing**. Students are responsible for ensuring that the Registrar's Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar's Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

WC - Withdrawal with Cause

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on

application to the Faculty/School Advising Office. For Open Studies Students, the 'WC' is recorded upon application to the Associate Registrar.

Prior to readmission, students who are granted a complete "Withdrawal with Cause" may be requested to provide evidence that the conditions which led to the complete withdrawal (WC) have been identified and addressed. Coordination among units, including Academic Advising, Counselling Services, and Admissions must take place.

X - Continuing

Used only for courses which may extend beyond one semester. Eligible courses are designated by the Faculty or School offering the course. Signifies that a grade will be awarded at the conclusion of the course and will replace the 'X' on the student's transcript.

X - Permanent

Used for placeholder courses to indicate that the student is active in the program but is not taking courses in a given term or is taking credit courses at another institution, under the appropriate authorization.

Also used in an Undergraduate Thesis Course (4995) when a student elects to complete the course over two semesters. This grade designation is assigned to the first semester.

Cr/NC - Credit/Non-Credit

A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies Students.

For completion of course requirements with a grade of 'C' or higher, the grade earned appears on the transcript automatically. If a grade between 'C-' and 'D' (inclusive) is earned, a 'Cr' appears on the transcript. If a grade of 'F' is earned, an 'NC' appears on the transcript.

Students may designate courses as Credit/Non-Credit according to the following limits:

All single and combined degrees programs:	
• No transfer credit	4
• 1.5 - 30.0 transfer credit hour equivalents	4
• 31.5 - 60.0 transfer credit hour equivalents	3
All post-diploma programs, with or without transfer credit	2
All post-diploma combined degrees programs, with or without transfer credit	3
All certificate programs, with or without transfer credit	1
All second degree programs, with or without transfer credit	2

A student is further limited in the number of Credit/Non-Credit designations made per term. In the Fall and Spring Semesters, a student may elect Credit/Non-Credit in a maximum of two courses. In Summer Session, a student may elect Credit/Non-Credit in a maximum of one course per session. Once a course is designated Credit/Non-Credit, it counts toward the maximum, irrespective of the outcome.

The Credit/Non-Credit alternative may not be elected in courses constituting the student's major, specialization or minor, required courses in Education and specifically-required, pre-Management courses. Education students may elect a maximum of three Education courses as Credit/Non-Credit. For the purpose of this regulation, Management courses are regarded as the major for the B.Mgt. degree, Nursing courses are regarded as the major for the B.N. degree, Public Health and Health Sciences courses are regarded as the major for the B.H.Sc. (Public Health major) program, and Health Sciences courses are regarded as the major for the B.H.Sc. (Addictions Counselling major) program.

No courses carrying a 'Credit' designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. Faculties/Schools may allow substitutions for designated courses at their discretion, but must consider the records of such students as deficient.

Note: *Credit (Cr) designations are often counted by other institutions as equivalent to 'D' grades. Non-Credit (NC) designations are often counted by other institutions as equivalent to 'F' grades. Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools, should consider this carefully before electing this option.*

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

P - Pass/Fail Courses

Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation 'P' or the grade 'F'.

The designation 'P' indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation 'P', the course is not included in computation of the grade point average; when the student is awarded 'F', the course is included in computation of the grade point average.

Note: *Students in pre-professional transfer programs are advised that some institutions do not recognize courses for which grades are not assigned. The designation 'P' is not considered to be a grade.*

b. Repeat of a Course

At the University of Lethbridge, a student may repeat a course only once.

A grade may be improved by completing either the course or its equivalent.

- Students wanting to improve their grade in an Independent Study, Series, or Topics course must repeat the section with the identical title.
- Courses that are equivalent are denoted with an 'Equivalent' course element in the course description and include courses that have been renamed or renumbered, and topics or series courses that have been regularized.

If a student repeats a course, the grades for both attempts are recorded on the transcript, but only the grade and credit hours for the second attempt are computed in the GPA.

Students who have repeated a course must submit a *Repeated Course Form* (available at the Registrar's Office and Student Services [ROSS]).

A student may not use a Credit/Non-Credit designation to replace a previously earned grade.

c. Exceeding Course Limits

In the case where a student exceeds any legislated course limit(s), the credit hours required in the student's program will be increased by the number of credit hours completed in excess of the limit(s). Examples of such legislated course limits include the maximum number of Activity, Independent Study, or Introductory courses allowed in a program.

1. Substantially Similar Course Limits

Substantially similar courses contain a high percentage of similar course content and are denoted with a 'Substantially Similar' course element in the course description. Students who complete two substantially similar courses will receive credit for both courses. However, the required credit hours in the student's program will be increased by the number of credit hours of the substantially similar course. For example, if a student in a 40-course program (120.0 credit hours) takes two 3.0 credit hour-courses that are substantially similar, that student must complete 123.0 credit hours.

2. Limitation on the Impact of a Single Course

If a single course causes the student to exceed more than one limit, the student's program will be increased by one course (3.0 credit hours) only. For example, a student who completes Computer Science 1000 and Management 2060 (which are substantially similar) would have his/her program increased by one course (3.0 credit hours). If completion of Computer Science 1000 also causes the 10 introductory course limit to be exceeded by one course (3.0 credit hours), the program would not be increased further.

d. Waiver of Prerequisite/Corequisite

Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such cases, the student may seek the permission of the Faculty/School to waive the prerequisite(s) and/or corequisite(s) for that course.

Application for a prerequisite/corequisite waiver must be made through the Department offering the course. Once written permission is received from the Faculty/School, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s). Students do not receive credit for the waived prerequisite(s) or corequisite(s).

If a prerequisite or corequisite course is specifically required in a program or major, it must be registered and completed at some point unless a substitution has been approved by the Dean. In the case of courses required for the major, substitutions must be recommended to the Dean by the Department/Academic unit.

e. Academic Standards

1. Student in Good Standing

To be in good standing, a student must maintain the following minimum cumulative grade point average:

Number of completed courses (includes transfer courses)	GPA (UofL)
1-10	1.70
11-20	1.85
21-40	2.00

Students should be aware that some Faculties/Schools require higher levels of performance in certain courses or semesters. Students are referred to detailed statements by Faculties/Schools in relevant Parts of this Calendar.

2. Probationary Student

If the cumulative grade point average falls below the required levels, the student is placed on academic probation and is subject to program restrictions.

In some cases a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

3. Required Withdrawal From the University

Students may be required to withdraw on three academic grounds: (1) academic indices, (2) consecutive semesters on probation or (3) failure to meet the terms of Conjoint Admission.

Students shall be required to withdraw for academic reasons from University of Lethbridge programs only following the Spring Semester.

a. Required Withdrawal - Academic Indices

Students who have completed six courses and whose cumulative grade point average, at the end of the Spring Semester, falls below the following indices are required to withdraw from the University:

Number of completed courses (includes transfer courses)	GPA (UofL)
6-10	1.50
11-20	1.70
21-30	1.85
31-40	2.00

b. Required Withdrawal - Semesters on Probation

Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

c. Required Withdrawal - Terms of Conditional English Proficiency Admission

Students admitted under the Conditional English Proficiency provision must:

- Successfully complete each level of EAP in no more than two attempts, and
- Maintain continuous registration in EAP during Fall, Spring and Summer semesters until the ELP requirement is satisfied.

Students who fail to meet these conditions will be required to withdraw from the University (see **Part I - Admission, Section 5.d., p. 39**).

Students should be aware that regulations pertaining to required withdrawal may vary depending on the Faculty/School. Students are referred to their respective Faculty/School for details on these regulations.

4. **Required Withdrawal From Program/Major**
Where demand for access exceeds program/major capacity, Faculties/Schools reserve the right to set academic standards for continuation in a specific program or major; according to approved enrolment management policies. A student who is not eligible to continue in a program/major, but whose academic performance does not warrant required withdrawal from the Faculty/School or the University, is guaranteed a seat in a related program/major for which the student is qualified and which is offered by that Faculty/School.

f. Honours Thesis Designation

Undergraduate Thesis courses will be designated by the same number in all disciplines: 4995.

Undergraduate Thesis courses will carry the subject code for the discipline (e.g., PHIL).

These courses will carry the title: Undergraduate Thesis.

Undergraduate Thesis courses will be 6.0 credit hours, and tuition fees will be assessed on the regular fee basis.

Prerequisites will include: (1) fourth-year standing (a minimum of 90.0 credit hours) and (2) a cumulative GPA specified by the Faculty or School.

Any disciplinary requirements beyond those prescribed for the major are included as prerequisites for the undergraduate thesis courses and appear in this Calendar under the undergraduate thesis course listing (see **Part 14 - Courses**).

The grading mode will be standard letter grading. Credit/Non-credit is not available.

A minimum grade approved by the Faculty or School Council must be achieved in order to attain the 'Honours Thesis' designation. A student who achieves a grade of 'D' or higher, but not the designated minimum grade in this course, or who fails to meet any other requirement for the 'Honours Thesis' designation, will retain credit for the equivalent of two courses (6.0 credit hours) under the course title of 'Undergraduate Thesis' but will not be eligible for the 'Honours Thesis' designation.

For information regarding the 'Honours Thesis' designation and Undergraduate Thesis Courses for the B.A., B.Sc., and B.A.Sc. degrees, see **Part 7 - Arts and Science, Sections 5.c., 6.c. and 7.c.**, respectively.

g. Residence Requirements and Time Limits

The University of Lethbridge's residence requirements and time limits for completion of credentials are listed in the table on pages 74-75.

Please note the following for the last three columns of the table:

Column A: Residence Requirement

A student who is a candidate for a degree, diploma or certificate must satisfy the minimum residence requirement through successful completion of University of Lethbridge courses. A single course, as

listed in this table, is the equivalent of 3.0 credit hours.

Column B: Time Limit for Retention of Individual Course Credit

Many courses have a defined 'shelf life.' A course may be used to meet program requirements for a specific number of years. After that point, credit for that course is not retained.

Column C: Time Limit for Program Completion

A student who is a candidate for a degree, diploma or certificate must satisfy all program requirements within the time limit established by the Faculty/School administering that program.

Notes for the table:

There are restrictions on the Diploma used as the basis for admission.

1. There are restrictions on the Diploma used as the basis for admission to the Post-Diploma B.Sc. Environmental Science program.

Part 7 - Arts and Science, Section 11.a. (p. 106) for complete information.

2. There are restrictions on the Diploma used as the basis for admission to the Post-Diploma B.Mgt. program.

The approved diploma can be no more than eight years old at the point of admission.

3. Management courses completed prior to admission may be no more than eight years old. Once admitted, credit is retained until completion of the program (up to a maximum of 10 years after admission).

4. Students who study at an international institution under Exchange Student authorization will count the exchange courses toward meeting the minimum residence requirement.

5. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required for residency. Students in the following majors may use courses in the major towards this requirement: Computer Science majors can use 3000/4000-level Computer Science courses in addition to 3000/4000-level Management courses; Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; First Nations' Governance majors can use 3000/4000-level Native American Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.

6. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required for residency. Students in the following majors may use courses in the major towards this requirement: Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; First Nations' Governance majors can use 3000/

4000-level Native American Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.

4. GRADE APPEAL POLICY

a. Definition

Grade appeals deal with claims that a student's course grade has been improperly determined. Student appeals will be directed to the Dean of the Faculty/School in which the course is taught.

In this Policy, 'instructor' shall indicate instructor/supervisor, and 'Faculty' shall indicate Faculty/School.

b. Faculty and School Appeals

1. The student is not required to inform the instructor(s) of an intention to appeal, but, before initiating a grade appeal, the student must have discussed the grade and how it was determined with the instructor(s). If the Dean of the Faculty is satisfied that the instructor(s) was not available for this discussion, the Dean shall allow the appeal to proceed without it.
2. All grade appeals must be initiated by completion of a Grade Appeal Form, which must be received and signed by the Dean by the following dates immediately following completion of the course: Fall Semester courses - February 7; Spring Semester courses - June 7; Summer Session courses - October 7.
3. The Grade Appeal Form must explain why the student believes that the grade was improperly determined. The Dean's signature on the Grade Appeal Form indicates that the student has discussed the merits of the grade appeal with the Dean, who is also charged with explaining the procedures connected with the grade appeal.
4. The Dean shall immediately forward the appeal to the Faculty Grade Appeal Chair and send signed copies of the Grade Appeal Form to both the instructor(s) and the student.
5. The Chair shall immediately request both instructor(s) and student to submit any relevant documentation pertaining to the appeal, and indicate in writing the name of the Faculty member or student agreeing to serve on the Grade Appeal Committee.
6. The instructor(s) and student must each submit relevant documentation and the names of those willing to serve on the Committee no later than 14 days after the Chair's request, after which period the Dean may act on behalf of either the instructor(s) or the student.
7. The Faculty Grade Appeal Committee shall reach a decision no later than 30 days following the striking of the Committee.
8. The Chair of the Faculty Grade Appeal Committee shall deposit the file relating to an appeal with the Dean within 10 days following an appeal decision by the Committee. The Dean shall immediately notify in

writing the instructor(s) and student of the Committee's decision.

c. Appeals to General Faculties Council (GFC)

1. Either the student or the instructor(s) may appeal the decision of a Faculty Grade Appeal Committee to General Faculties Council. The appeal must be submitted to the Secretary of General Faculties Council no later than 30 days after the decision of the Faculty Grade Appeal Committee has been mailed.
2. The General Faculties Council shall reach a decision regarding the appeal no later than 30 days after the date that the appeal was received by the Secretary of General Faculties Council.
3. The authority of General Faculties Council regarding grade appeals shall be delegated to the GFC Grade Appeal Committee, appointed by General Faculties Council. The GFC Grade Appeal Committee shall consist of three Faculty members from at least two Faculties who have previously chaired Faculty Grade Appeal Committees or who have comparable experience. Appointments to the GFC Grade Appeal Committee shall be for three years, staggered to provide continuity. The GFC Grade Appeal Committee shall determine its own procedures and appoint its own Chair.
4. The Chair of the GFC Grade Appeal Committee shall deposit the file relating to an appeal with the appropriate Dean, with a copy to the Secretary of General Faculties Council, within 10 days of the decision of the Committee regarding the appeal. The Secretary of General Faculties Council will communicate immediately in writing the decision of the Grade Appeal Committee to the student, instructor(s), Dean(s), Registrar and the Department.

d. Committee Procedure

(Faculty Grade Appeal Committee and Grade Appeal Committee of General Faculties Council)

1. The Grade Appeal Committee shall determine its own procedures. It is understood that the instructor(s) and the student shall have opportunity to make presentations to the Committee in writing, orally or both.
2. Decisions of a Grade Appeal Committee shall be made by a majority vote.
3. In the case of the Faculty Grade Appeal Committee, no member of the Committee shall act as an advocate for either the student or the instructor(s) or otherwise act as a representative of some factional interest. Should the Chair of the Committee believe that the deliberations of the Committee suffer from a lack of objectivity on the part of one or more of its members, the Chair shall so inform the Dean. Following such information from the Committee Chair, the Dean may withdraw responsibility for considering the appeal from this Committee. Where the Dean withdraws responsibility for considering an appeal from a Committee, the Dean shall, following consultation with the student and instructor(s), appoint two

members to a new Faculty Grade Appeal Committee who, together with the Chair, shall assume responsibility for considering the appeal.

4. A Grade Appeal Committee is not restricted in its decision to finding either for or against the request of any appeal, but may award any letter grade or any available non-grade designation. This means the Faculty and GFC Grade Appeal Committees can adjust grades up or down, or change a grade designation to a non-grade designation. In the event that an 'Incomplete' is awarded, the Committee must prescribe the procedure by which the 'Incomplete' will be converted into a letter grade or non-grade designation.
5. A written report supporting any Faculty Grade Appeal Committee decision must be submitted in every case. The report of the Faculty Grade Appeal Committee shall include a summary of the Committee's rationale for the decision. Where the Committee's decision is not unanimous, the report may contain, but is not required to contain, a dissenting opinion.
6. After a grade appeal is completed, personal materials must be returned to the instructor(s) and student.

5. STUDENT DISCIPLINE POLICY - ACADEMIC OFFENCES

a. Introduction

The integrity of the University and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student relationship, as well as the integrity of the evaluation process. Conduct by any student that adversely affects this relationship or process represents an academic offence. The following describes the principal academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

b. Plagiarism

No student shall represent the words, ideas, images, or data of another person as his or her own. This regulation will affect any academic assignment or other component of any course or program of study, whether the plagiarized material constitutes a part or the entirety of the work submitted.

c. Cheating

1. In the course of an examination, no student shall obtain or attempt to obtain information from another student or other unauthorized source, or give or attempt to give information to another student, or knowingly possess, use or attempt to use any unauthorized material.
2. No student shall represent or attempt to represent oneself as another or have or attempt to have oneself represented by another in the taking of an examination, preparation of a paper or other evaluated activity.

d. Duplication

No student shall submit in any course or program of study, without both the knowledge and approval of the

person or persons to whom it is submitted, all or a substantial portion of any academic assignment for which credit has previously been obtained or which has been or is being submitted in another course or program of study in the University or elsewhere. (This clause is not intended to prevent the integration of learning but, rather, to prevent duplication of credit for a body of work.)

e. Confidential Materials

It is an offence knowingly to procure, distribute or receive any confidential academic material such as pending examinations or laboratory notebooks.

f. Misrepresentation

It is an offence knowingly to misrepresent material facts to another for the purpose of obtaining academic advantage or credit. One example of this offence occurs whenever a student submits in any course or program of study any academic assignment containing a statement known by the student to be false or a fabricated reference to non-existent sources or documents.

g. Other Offences

1. Any other conduct by a student which adversely affects the integrity of the instructor-student relationship and/or the evaluation process will be considered an academic offence.
2. Faculties and Schools may define and must publicize any other academic offences specific to a given program, together with attendant penalties. A statement of such offences and penalties must be approved by the General Faculties Council.

h. Discipline Procedures

In this Policy, 'instructor' shall indicate instructor/supervisor.

Any member of the University community who believes that a student has violated academic regulations may initiate proceedings against the student.

1. An instructor who believes that a student has committed an academic offence should proceed according to **Section i. Procedures and Penalties** section below.
2. Any other person who believes that a student has committed an academic offence should communicate to the instructor of the affected course the particulars of the time and place and provide a brief summary of the alleged misconduct. Where the alleged academic offence does not involve a specific course, the allegation of misconduct should be directed to the Dean of the program in which the student is registered.

i. Procedures and Penalties

1. The instructor must review the alleged offence with the student and shall advise the student to refer to the Discipline Policy.
2. Where the instructor has reason to believe that an offence has been committed, he/she must impose a written reprimand in which a summary of both the offence and additional penalty, if any, is included. Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe

than suspension or expulsion, insofar as the student's admission/registration status is maintained. In addition to the reprimand, the instructor may impose one or more of the following additional penalties:

- a. Additional work.
- b. Grade reduction in or rejection of the assignment.
- c. Grade reduction in the course.
- d. A grade of 'F' in the course. If a student is given a grade of 'F', then the student is no longer registered in that offering of the course and no longer has classroom privileges (see **Part 2 - Registration**). Should a student elect to appeal this penalty, the student will remain registered until the appeal is decided. See **Section j. below** for information regarding the appeal process.

The instructor shall forward a copy of the written reprimand to the Dean for inclusion in the student's file in the Registrar's Office and Student Services (ROSS). The Registrar shall inform the Dean if there is a previous reprimand in the student's file.

At the discretion of the Dean, a student with a previous academic offence on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate academic behaviour and could include penalties ranging from a recommendation of a grade reduction to suspension or expulsion. The Dean may refer such a case to the GFC Discipline Committee when a penalty listed above has been applied. The Dean has the option of referring a case to the GFC Discipline Committee, even in cases where there is no appeal by the student.

j. Appeals of an Instructor's Decision

Within seven working days of receipt of the written statement described immediately above, the student may challenge either the accusation of having committed an offence or the penalty imposed by an instructor for an offence by submitting a written appeal to the Dean. The Dean shall review the case and either uphold the instructor's decision, reduce the penalty, or dismiss the case. The Dean shall inform the student and instructor in writing of this decision. If an allegation of an academic offence is dismissed, the written notice in the student's file shall be destroyed. The Dean's decision regarding the appeal of the instructor's decision shall be final.

k. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section I. Suspension/Expulsion below**.

I. Suspensions/Expulsions

1. Suspension

Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate

admission standards and requirements applicable at the time of reapplication.

2. Expulsion

Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Vice-President (Academic) in consultation with the Dean of the program from which the student was expelled. Such approval shall not normally be given before the expiry of three years.

3. Procedures

- a. If the instructor considers that the case requires suspension or expulsion, he/she shall make such recommendation in writing to the Dean, outlining the particulars of the case, with a copy to the student. The instructor shall advise the student to seek advice from his/her Faculty Advisor and/or the Associate Vice-President (Student Services) and Registrar.
- b. If the Dean considers that suspension or expulsion is in order, he/she shall so notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.
- c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, the student shall receive a grade of 'Incomplete' for the course in which the charge was laid. This includes the time until an appeal has been heard. A student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.
- d. In the event that the decision affects the graduation status of the student, the decision regarding the offence shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

m. Discipline Committee

1. Composition

The Discipline Committee shall consist of the Vice-President (Academic) (or designate) as Chair, two Faculty members appointed for two-year staggered terms by the General Faculties Council and two student members recommended by the Students' Union and approved by the General Faculties Council. One alternate Faculty member and one alternate student member shall also be appointed and will be invited to serve in the event that Committee members are unable to do so. The alternate Faculty member will normally become a full Committee member for two subsequent years.

2. Quorum

A quorum shall consist of four, to include the Chair plus a minimum of one Faculty and one student member.

3. Conflict-of-Interest

To encourage impartiality, Committee members shall not serve during investigations of students with whom they have familial or other close associations. Faculty members shall not serve during investigations of students currently taking courses taught by that Faculty member.

The Chair shall rule on the eligibility of Committee members in cases regarding potential conflict-of-interest.

4. Procedures

The Discipline Committee shall set its own procedures for investigation, subject to the following guidelines:

- a. The Chair shall inform the student in writing of the academic regulation which is alleged to have been violated and the possibility of suspension or expulsion. The student shall be informed (by Registered Mail), at least 14 days prior to the date of the hearing, of the date, time and place of the hearing and notified that if the student does not appear, the Committee may hear the case in the student's absence.
- b. The student may be accompanied by an advisor, or represented by a designate, who may speak on the student's behalf and/or the student may submit a written statement.
- c. The Chair shall notify the Dean and the instructor who lodged the original complaint, of the date, time and place of the hearing, together with a copy of any written submission from the student and shall request the Dean's/ instructor's attendance at the hearing.
- d. The student, his/her advisor or designate and the Dean/instructor shall have the right to cross-examine any persons who have been asked by the Committee to speak and may call forward witnesses or other persons.
- e. The hearing shall be in camera. A confidential record of the hearing shall be kept.

5. Decision of the Discipline Committee

At the conclusion of the hearing, the Discipline Committee shall decide by majority vote whether suspension, expulsion or a lesser penalty is warranted. The Committee shall take into consideration the disciplinary record of the student.

The Discipline Committee shall prepare a brief summary of the evidence and arguments presented, the decision of the Committee and the rationale for the Committee's decision. This document shall be signed and delivered within seven days of the conclusion of the hearing to the University President, who shall communicate the same to the student.

If the student is to be suspended or expelled, the date of implementation shall be sent by Registered

Mail. A copy of the Discipline Committee's report shall be placed in the student's file in the Registrar's Office and Student Services (ROSS) and a copy shall be sent to the Dean. A notation concerning suspension or expulsion shall be placed on the student's transcript.

6. Appeals of the Decision of the Discipline Committee

Within 30 days of receipt of the notice described immediately above, the student may appeal in writing to the Board of Governors a decision of the Discipline Committee. The Board of Governors decision regarding the case shall be final.

6. NON-ACADEMIC OFFENCES

NOTE: Urgent Situations

Notwithstanding the information below, in the context of non-academic offences, any member of the University community who becomes aware of an urgent situation and has reasonable cause to believe that serious harm to individuals may result must immediately notify the Director, Security & Parking (telephone: 403-329-2345) or call 911.

a. Introduction

The integrity of the University Community depends upon student conduct which upholds the Principles of Student Citizenship (see p. 12). Basic principles of academic integrity include "honesty in learning, teaching, research, service; respect (for) . . . colleagues, instructors, and administration . . . responsible for upholding the integrity of scholarship and research." A more complete description of fundamental principles is found in Section B.2 on p. 12. The following describes the principal non-academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

b. Disruption

1. Students should maintain the freedoms of other members of the University community including freedom of thought, beliefs, opinion, expression, peaceful assembly and association. Behaviour contravening or limiting these freedoms constitutes disruption.
2. Student conduct which unduly interferes with instruction including scheduled lectures, seminars, tutorials or other instructional activities, or with course examinations or other evaluation procedures will also be considered a disruption.
3. Student conduct which unduly interferes with learning and studying in the University Library will be considered disruption.

c. Abuse, Harassment, and Dangerous Activity

1. Abuse

- a. A student shall not threaten or engage in physical abuse of any other member of the University community, his/her property, or his/her family. No member of the University community shall be placed in a situation of fear of physical abuse or fear of damage to his or her property. A student shall not knowingly incite

others, by whatever means, to threaten by physical abuse or engage in physical abuse of individuals or groups of individuals within the University community.

- b. A student shall not engage in verbal abuse of any other member of the University community. A student shall not knowingly incite others, by whatever means, to engage in verbal abuse of individuals or groups of individuals within the University community.

2. A student shall not harass or discriminate against any other member of the University community on the basis of age, race, colour, ethnicity, national origin, philosophical or religious affiliation or belief, sex, sexual orientation, marital status or physical disability.
3. Students formally representing the University of Lethbridge outside the University community and/or at a University-sponsored event may be subject to discipline under the Non-Academic Offences section of the Calendar.

d. Misuse or Misappropriation of University Property, Equipment, Facilities or Services

1. A student shall not convert, damage or destroy any University property, equipment, facility, or service.
2. A student shall not deface the exterior or interior of any building, structure or facility of the University.
3. A student shall not misuse a facility by gaining unauthorized entry or by remaining in a facility without appropriate authority. Facilities include, but are not limited to, all University buildings, structures, parking lots, athletic playing fields and lands.
4. A student shall not misappropriate any University property, equipment, facility, or service.

e. Misrepresentation and Falsified Documents

1. A student shall not submit, or cause to have submitted, false or misleading documents in support of any University activity.
2. A student shall not produce and/or use falsified University documents for any purpose.

f. Other Offences

Any other conduct by a student which adversely affects the safety of the University Community and/or its members will be considered a non-academic offence.

g. Initiation of Procedures

1. Any member of the University community who believes a student has committed a non-academic offence may, by a signed statement, initiate proceedings against that student.
2. The complaint shall be a detailed written description of the incident and shall include the time, place and persons involved, as well as all relevant information concerning the incident. The complaint shall be referred as indicated immediately below and copied to others as required.

3. Referral

- a. Actions that interfere with the teaching, learning, and research functions of the University are to be referred to the Dean of the Faculty/School in which the course involved is offered. See **Section h. below**.
- b. Actions which interfere with learning and research activities in the University Library are to be referred to the University Librarian. See **Section h. below**.
- c. All other offences are to be referred to the Director, Security & Parking. See **Section i. below**.

h. Procedures: Non-Academic Offences in Instructional Space, Research Facilities, or Library

1. When a student disrupts instructional activities, the instructor may exclude the student immediately from instructional space and/or from future scheduled instructional meetings of that course pending further actions by the Dean. When a student disrupts research activities, the instructor may exclude the student immediately from research areas pending further actions by the Dean. The instructor must immediately notify the Dean of the Faculty/School in which the course is offered or in which the research is being undertaken. Such notification must be by means of a signed statement as per **Section g.2 above**. Once the statement is received, the Dean will notify both the Director, Security & Parking and the Associate Vice-President (Student Services) and Registrar and provide each of them with a copy of the signed statement.

When a student disrupts learning, research activities, or operations in the Library, Library staff may exclude the student immediately from the Library. Staff must immediately notify the University Librarian or designate, the Director, Security & Parking and the Associate Vice-President (Student Services) and Registrar. Such notification will consist of a signed statement as per **Section g.2 above**.

2. Actions

The Dean or University Librarian will take the following actions:

- Meet with the student and advise the student to refer to the Non-Academic Offences section in the Calendar.
- Consult and coordinate with Security Services, Counselling Services, and others as required.
- Place a letter of reprimand in the student's file in the Registrar's Office and Student Services (ROSS). The Registrar shall inform the Dean or University Librarian if the student has a previous reprimand in his/her file.

3. Penalties

Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained.

- a. By the Dean, exclusion from one or more courses for a defined number of meetings or to the end of the semester
- b. By the Dean, exclusion from all courses for a defined number of meetings or to the end of the semester
- c. By the University Librarian, reparations
- d. By the University Librarian, suspension of Library privileges
- e. By the University Librarian, exclusion from the Library

At the discretion of the Dean or University Librarian, a student with previous non-academic offences on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate behaviour in the locations identified above and may include penalties ranging from a recommendation of simple exclusion to severe penalties such as suspension and expulsion. The Dean or University Librarian may also refer such a case to the GFC Discipline Committee when a penalty listed above has been applied. Such a referral may be made even in cases where there is no appeal by the student.

4. Appeal

Students may appeal either the charge of an offence or the penalty imposed or proposed by the Dean or University Librarian to the Associate Vice-President (Academic), within seven working days of receipt of a written indication of the offence and penalty. The Associate Vice-President (Academic) may dismiss the case, confirm the decision of the Dean or University Librarian or take additional action if appropriate. The student shall, in such case, be informed in writing and a copy of the notification shall be placed in the student's file in the Registrar's Office and Student Services (ROSS). The decision of the Associate Vice-President (Academic) shall be final.

5. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section j. Suspension/Expulsion below.**

i. Procedures: Non-Academic Offences Outside Instructional Space, Research Facilities, or Library

1. When a student commits a non-academic offence outside instructional space, research facilities, or the Library, any member of the University Community may initiate proceedings against that student. All offences committed outside the identified areas are to be referred to the Director, Security & Parking.

2. Actions

The Director, Security & Parking will take the following actions:

- Meet with the student and advise the student to refer to the Non-Academic Offences section in the Calendar.

- Consult Counselling Services and others as required.
- Notify the Dean of the Faculty offering the program in which the student is registered, where warranted.
- Place a letter of reprimand in the student's file in the Registrar's Office and Student Services (ROSS). The Registrar shall inform the Director, Security & Parking if the student has a previous reprimand in his/her file.

3. Penalties

Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained. The Director, Security & Parking may impose the following penalties:

- a. Reparation
- b. Exclusion from defined areas of the campus
- c. Exclusion from campus
- d. Other limitations as required

At the discretion of the Director, Security & Parking, a student with previous non-academic offences on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate behaviour in the locations identified in Section 6.i.1. and may include penalties ranging from a. to d. above to suspension and expulsion.

4. Appeal

Students may appeal either the charge of an offence or the penalty imposed or proposed by the Director, Security & Parking to the Associate Vice-President (Student Services) and Registrar, within seven working days of receipt of a written indication of the offence and penalty. The Associate Vice-President (Student Services) and Registrar may dismiss the case, confirm the decision of the Director, Security & Parking or take additional action if appropriate. The student shall, in such case, be informed in writing and a copy of the notification shall be placed in the student's file in the Registrar's Office and Student Services (ROSS). The decision of the Associate Vice-President (Student Services) and Registrar shall be final.

Reparation

Once assessed by the University, reparation for repairs and/or replacement for physical damage shall be paid to the University.

5. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section j. Suspension/Expulsion below.**

j. Suspension/Expulsion

1. Suspension

Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be

permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards applicable at the time of reapplication.

2. **Expulsion**

Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Vice-President (Academic) in consultation with the Associate Vice-President (Student Services) and Registrar. Such approval shall not normally be given before the expiry of three years.

3. **Procedures Governing Suspension/Expulsion**

- a. If the Dean or University Librarian considers that the case requires suspension/expulsion, he/she shall make such recommendation in writing to the Associate Vice-President (Student Services) and Registrar, outlining the particulars of the case, with a copy to the student. Should the Director, Security & Parking consider that the case requires suspension/expulsion, he/she shall consult with the Dean of the program in which the student is registered and they shall jointly make such a recommendation.
- b. If the Associate Vice-President (Student Services) and Registrar considers that suspension/expulsion is in order, the Associate Vice-President (Student Services) and Registrar shall notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.
- c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, a student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.
- d. In the event that a decision affects graduation, the decision shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

See **Section 5.I. Discipline Committee on p. 77.**

k. **Referral to Civil Authorities**

The University reserves the right to notify or summon the appropriate civil authority in any individual matter regarding non-academic offences. The University President or designate is the sole official who may summon the civil authority in the name of the University.

l. **Personal Security Policy**

Complaints regarding violations of the Personal Security Policy should be directed to the person(s) designated in that policy to receive complaints. Additional information

can be obtained on the Personal Security website at www.uleth.ca/personalsecurity.

m. **Other Policies**

A student shall not act contrary or encourage other students to act contrary to expectations set out in other University policies (available upon request from the Office of the President), including but not limited to:

1. University of Lethbridge Library - Access Policy
2. University of Lethbridge Library - Code of Conduct Policy
3. University of Lethbridge Residence Policies and Procedures
4. University of Lethbridge Confidentiality Policy
5. University of Lethbridge Smoking Policy
6. University of Lethbridge Computer Use Policy
7. Food Services Policy

7. **CAVEAT - AUTHORITY TO RESCIND REGISTRATION PRIVILEGES/PROHIBIT ACCESS TO UNIVERSITY PROPERTY**

- a. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any student's registration in a course, an undergraduate studies program, or graduate studies program at the University of Lethbridge and prohibit the student from accessing University property at any time.
- b. The powers of the President to rescind a student's registration and prohibit access to University property may be exercised in any circumstance where the President in his/her sole discretion determines that:
 1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration;
 2. The best interests of the University outweigh the inclusion of the individual at the University.
- c. The President shall not take such action without first consulting with the Vice-President (Academic) and the Vice-President (Administration). The Coordinator of Counselling Services and the Director, Security & Parking may also be consulted.
- d. Any decision made by the President to rescind a student's registration privileges and prohibit access to University property shall be final and without appeal to any body in the University of Lethbridge.
- e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of registration privileges/prohibition of access to university property have been addressed.

8. APPEAL OF APPLICATION OF POLICY OTHER THAN GRADE OR STUDENT DISCIPLINE

Students dissatisfied with the application of an academic policy or regulation to their own status are entitled to a review by the Dean of the Faculty in which they are registered.

If still dissatisfied after this review, the student may address a written appeal to the Dean who renders the final decision on behalf of the Faculty. A student may appeal a decision on behalf of the Faculty to the General Faculties Council.

Students shall have one year from the date of application of an academic policy or regulation other than grade or student discipline to appeal.

9. EXAMINATION POLICY AND PROCEDURES

Examinations are an important part of a university education. They provide an opportunity for instructors to determine what students have learned and for students to assess their understanding of course material. Examinations encourage a comprehensive review of the material covered in a course. Finally, they are a key component in the grades assigned to students as a measure of their academic success and preparation for more advanced study.

This Examination Policy provides procedures for the conduct of examinations and for the transmission of grades. However, no policy can cover all eventualities. It is understood that this Policy must be interpreted humanely and sensitively.

For exceptions to this Policy, contact the Dean of the appropriate Faculty or School.

a. Definitions

1. **'Examinations'** shall mean all written and oral tests or quizzes (regular or make-up, scheduled or unscheduled) used to determine final grades for students in regularly scheduled class sessions held during a semester course or Summer Session.
2. **'Take-Home Examinations/Projects'** shall mean any non-invigilated written examinations or projects completed outside of regularly scheduled classes or examining times which are used to determine final grades for students during a semester course or Summer Session.
3. **'Final Examinations'** shall mean end-of-semester or end-of-Summer Session examinations, scheduled for a certain time and place by the Registrar, used to determine final grades for students in a course, and shall also mean Take-Home Examinations used as Final Examinations.
4. **'Other Graded Work'** shall include all Independent Studies, term papers, essays, assignments, reports, projects or presentations, written or oral, used to determine final grades for students during a semester course or Summer Session.
5. **'Instructor'** shall mean any person, subject to the overall policies of a Faculty or School, designated as having responsibility for the evaluation of students registered in a course.

b. Course Outline: Grading System, Weights and Dates, Missed Examinations

1. A course outline shall be distributed by every instructor to all students in the first class meeting of

the course, and shall be available on request to all students who join the class at a later date. Changes made to the course outline should not disadvantage any student and should not materially change the course. The course outline shall include the following:

- a. Weights (proportions or percentages of the total) of all Examinations, Final Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades and how these weighted grades are calculated to determine final grades.
 - b. Due dates, approximate due dates or approximate frequency of Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades; and what effect, if any, missed deadlines will have on grades. Examinations and Other Graded Work must be called due no later than the last day of classes.
 - c. If the instructor wishes the student input into the course design, the outline handed out during the first class must so indicate, and a final outline must be provided by the second week of classes.
2. Missed Examinations
- a. Students who fail to write Final Examinations for reasons of illness or other extenuating circumstances beyond their control may request the Dean to permit a make-up examination. If the Dean's permission is granted, it is the responsibility of the instructor to provide and administer the make-up examination.
 - b. For missed examinations, a grade of 'F' must be given for the examination if, **without valid reasons**, students fail to write Examinations or Final Examinations.
- c. **Examinations During the Last Two Weeks of the Fall and Spring Semesters**
- During the last two weeks of a semester the only Examinations worth more than 20 percent that may be administered are Laboratory Examinations and assessments of performance (e.g., Physical Activity classes, performances in the Fine Arts and practicums in Education and Health Sciences).
- d. **Take-Home Examinations: Distribution, Deadlines**
1. Take-Home Examinations in Fall and Spring semesters must be distributed no later than the last scheduled class of the semester.
 2. If used as a Final Examination, Take-Home Examinations must be called due no earlier than the fourth day, but no later than the last day of the examination period of a Fall or Spring semester.
 3. Take-Home Examinations in a Summer Session must be distributed no later than one week prior to the last week of classes and must be called due on the last day of the exam period.

e. Independent Study: Deadline

Independent Study course requirements must be called due no later than the last day of the examinations period of a semester or Summer Session.

f. Web Grade Entry

Instructors submit final grades online via the Bridge for each class/section for which they are responsible.

g. Grade Designation of 'I'

Except in the case of the Faculty of Education*, the grade designation of 'I' (Incomplete) is awarded only in case of illness or other extenuating circumstances beyond the control of the student which make it impossible to complete the required course work by the close of a semester or Summer Session. The 'I' designation is awarded only on application to and approval by both the instructor and the Dean of the Faculty or School in which the course is offered. When the 'I' is approved, an appropriate deadline (to a maximum of one year) is determined for completion of outstanding work. Students who do not complete outstanding work by the assigned deadline will normally receive a weighted grade based on work completed, including an 'F' for incomplete work. Where circumstances continue to prevent the completion of the course, the 'I' designation remains on the transcript.

**An 'I' designation assigned in an Education Field Experience course may have a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.*

h. Availability of Instructors

Should instructors not be available during the Grade Appeal Period following the end of a semester/Summer Session, they shall ensure that all Examinations, Final Examinations, Other Graded Work, Take-Home Examinations and all grade sheets, records, tests, written materials and data used to determine final grades are available to the Dean.

i. Final Examination Schedules

Final examinations must be held at the place and time set by the Registrar and shall not exceed three hours.

j. Requests for Rescheduled Final Examinations

Only in extraordinary circumstances may students request to write an equivalent invigilated Final Examination at other than the scheduled time and place. Students must make a written request to the Dean. Upon the Dean's approval, instructors will be authorized to arrange rescheduled Final Examinations (forms available in the Dean's Office).

k. Examination Security and Invigilation

1. The instructor may restrict admission to the examination site prior to the examination. If necessary, arrangements may be made with Security to restrict such admission.
2. Instructors may require all students to sign in before the examination, to sign out after the examination and to register with the instructor the number of examination booklets used. Instructors may also require all students to place their University of Lethbridge identification card or other picture identification on their desks for the duration of the

examination. If the instructor is not certain of a student's identity, the student must be allowed to write the examination. The student shall then be referred to the Dean for resolution of the matter.

3. Except in the case of Take-Home Examinations or their equivalents, examinations must be fully invigilated by the instructor or by another academic staff member, preferably one knowledgeable in the subject matter of the examination.
4. Instructors may prescribe or restrict materials which may be taken to the examination site and used during the examination.
5. For security reasons, students may not leave the examination site during the first thirty (30) minutes nor enter after the first thirty (30) minutes.
6. If students must leave the examination site for personal reasons, the instructor shall take reasonable measures to ensure that no materials leave the site and that no restricted materials are brought back to the site.
7. Unless otherwise stipulated by the instructor, each finished examination shall bear the name, signature and identification number of the student.
8. Tape recorders, typewriters or computers may not be used in scheduled examinations without prior approval of the instructor.

I. Graded Work: Ownership, Confidentiality, Handling, Posting Grades

1. All Graded Work Outside Final Examinations
Students have the right to obtain and keep, once the grades have been determined, written materials resulting from Examinations, Other Graded Work and Take-Home Examinations not used as Final Examinations. Written materials shall mean all examination booklets, papers and printed summaries of answer sheets. The instructor may keep machine-graded answer sheets and test questions, but upon arrangement with the instructor, students shall have the right to review these materials.
2. Final Examinations
 - a. During the Grade Appeal Period, which extends to February 7 for all Fall courses, to June 7 for all Spring courses and to October 7 for all Summer Session courses, instructors shall keep or return to students all Final Examination materials. Once the grades have been determined and upon arrangement with the instructor, students shall have the right to review these materials.
 - b. After the Grade Appeal Period ends, students have the right to obtain and keep written materials resulting from Final Examinations. The instructor may keep test questions, but upon arrangement with the instructor, students shall have the right to review them.
3. Receiving, Handling, Returning, and Destroying Graded Work

- a. All reasonable measures shall be taken to ensure confidentiality of both the student's work and the instructor's assessment. Under no circumstances shall any form of graded work be left in an unsupervised public place. Students who want someone else to pick up any form of graded work for them must authorize that person in writing. Students may provide a stamped, self-addressed envelope to the instructor for the return of graded work.

- b. All Examinations, Take-Home Examinations/ Projects, Final Examinations, and Other Graded Work, which remain unclaimed after the Grade Appeal Period must be retained for a period of one year after the end of the Fall semester, Spring semester, or Summer Session in question. Materials must be destroyed as follows:

- Materials from the Fall semester, which remain unclaimed, must be retained until December 31 of the following year and destroyed no later than January 31
- Materials from the Spring semester, which remain unclaimed, must be retained until April 30 of the following year and destroyed no later than May 31
- Materials from the Summer Sessions, which remain unclaimed, must be retained until August 31 of the following year and destroyed no later than September 30

4. Posting Grades

In accordance with the University's policy on Confidentiality of Student Records (November 21, 1985), instructors may not post grades unless all precautions are taken to protect student confidentiality. Neither names, nor University of Lethbridge student identification numbers, nor lists of identifiers which retain the original alphabetical order of names on a class list may be used for posting grades.

m. Cheating

1. If cheating is suspected, instructors may require that the students immediately hand in the examination questions and examination papers or booklet(s) and any other relevant materials, but should also allow the students to continue writing with a fresh copy of the examination questions and new booklet(s) or paper.
2. In all cases of cheating, the instructor shall follow the procedures outlined in the Student Discipline Policy in the University Calendar.

n. Emergencies: Examinations, Final Examinations

1. In the event that it proves necessary to evacuate an examination room because of an emergency situation, instructors shall tell students to leave all examination materials behind and supervise the evacuation of the room.
2. Following the evacuation of an Examination or Final Examination room it is the instructor's prerogative to resume the examination, if this can be done within

a reasonable period of time after the evacuation. Extra time (i.e., the time lost) shall be provided to complete the examination. If an examination cannot be resumed safely or fairly after an evacuation, and if, in the judgement of the instructor, the interruption has occurred so early that the results cannot be pro-rated, all examination materials shall be destroyed and the examination shall be rescheduled.

3. In the event that inclement weather or other conditions require that the University be closed, Final Examinations shall be rescheduled by the Registrar and posted on the Registrar's Bulletin Boards. Whenever possible, postponed Final Examinations shall be rescheduled on the day immediately following the completion of the regular Final Examination schedule.

o. Students with Special Needs

It is the responsibility of students with special needs, which will affect any examining procedures, to discuss these needs with their instructors. Instructors shall attempt to accommodate reasonable requests in order to evaluate all students fairly. Should instructors or students have any disagreements about the accommodation of any request, the Dean shall decide the matter.

10. OTHER POLICIES

a. Taping of Lectures

Lectures and performances given by academic staff members and visiting speakers may be audio or video recorded by students provided prior approval has been granted by the instructor or performer. Permission to record is solely for the purpose of personal study by the student and does not convey any right to duplicate the recording.

b. Personal Security Policy

The University of Lethbridge is committed to providing an environment that supports academic achievement and that protects the dignity, self-esteem and right to fair treatment of all members of the University community. The University will not tolerate threats to the personal security of any member of the University community. 'Personal security' means freedom from violence, the threat of violence, harassment, hazing, abuse of supervisor's authority, verbal abuse, and discrimination in contravention of the *Alberta Human Rights, Citizenship and Multiculturalism Act*.

Copies of the Personal Security Policy may be obtained from the Human Resources Office and the Registrar's Office and Student Services (ROSS). The Personal Security Policy is also available online at www.uleth.ca/policymanual.

1. Encourage the use of Inclusive Language in all student written and oral assignments and in class lectures and discussion more generally.

2. Employ Inclusive Language in all formal publications of the University and faculty.
3. Encourage the use of Inclusive Language in all internal University documents.
4. Encourage the use of Inclusive Language in correspondence that is carried out on behalf of the University and that may be construed to reflect University policy.

d. Confidentiality of Student Records Policy

The University's Policy on Collection, Dissemination and Confidentiality of Information about University of Lethbridge students recognizes that, while students must be aware that the record of their academic performance will be viewed and evaluated by others, they have a legitimate interest in controlling information about themselves. This policy therefore details the kind of information concerning a student the University may collect, what information concerning a student is confidential and how the University might gather and disclose this information. It also defines what constitutes the official Student Academic Record. Copies of this policy are available at the Registrar's Office and Student Services (ROSS).

e. External Users of University Facilities

The University of Lethbridge invites and welcomes members of the general public to the grounds and facilities of the University. The access of external users (any individuals who are not faculty, staff, students or persons functioning in a volunteer capacity on behalf of the University of Lethbridge) shall not normally be impinged, unless they initiate unacceptable behaviour that includes, but is not necessarily limited to acts that:

1. Disturb the peace and tranquility of authorized users;
2. Endanger the health and safety of others;
3. Cause damage to private or public property;
4. Impair the delivery of services in University buildings or lands; and/or

Each candidate for a degree, diploma, or certificate must formally apply for graduation by completing an *Application for Graduation* which is available on the Bridge (www.uleth.ca/bridge).

It is the responsibility of the student to ensure that his/her name appears on the graduation list.

Students may only attend the Convocation indicated on their *Application for Graduation* form.

Students who do not graduate, for any reason (e.g., academic or financial), must submit another application by the appropriate deadline.

2. OUTSTANDING ACCOUNTS

Students owing the University fees, fines or other charges will not be permitted to graduate, will not be permitted to participate in ceremonies, will not be listed in the Convocation program and will have transcripts withheld. This includes outstanding tuition fees, housing charges (including Telecom charges) and library fines.

Deadlines to clear all outstanding accounts in order to be permitted to graduate are:

- Students completing program requirements in the Fall Semester:

December 1 (for Spring Convocation).

Note: Students wishing to have 'completed' noted on their transcript in January (for reasons of employment, etc.), **must have all outstanding accounts cleared before their transcript will be released.** For example, a student completing Education requirements in the Fall Semester who may be eligible for teacher certification in January, must have all accounts paid before the Registrar's Office and Student Services (ROSS) can release the transcript.

Applications for students not eligible for 'completed' approval at the end of the Fall Semester (for academic or financial reasons) **will remain active** for Spring Convocation. These students are not required to submit another application. The April 1 deadline for outstanding accounts will apply.

- Students completing program requirements in the Spring Semester:

April 1 (for Spring Convocation).

- Students completing program requirements in Summer Session:

August 15 (for Fall Convocation).

Note: Students wishing to have 'completed' noted on their transcript in September (for reasons of employment, etc.), **must have all outstanding accounts cleared before their transcript will be released.** For example, a student completing Education requirements in Summer Session who may be eligible for teacher certification in September, must have all accounts paid before the Registrar's Office and Student Services (ROSS) can release the transcript.

Students who clear outstanding accounts after the April 1 or August 15 deadlines will be required to re-apply for a subsequent Convocation.

3. CONVOCAATION INVITATION

In mid-March (for Spring Convocation) and late August (for Fall Convocation), an information package is mailed to each graduand by the Registrar's Office and Student Services (ROSS). Graduands can also access this information and confirm their attendance on the Bridge (www.uleth.ca/bridge).

4. CONFERRAL

Degrees, diplomas, and certificates are conferred upon a graduand only during Convocation ceremonies, whether the student is in attendance or not. If a graduand is absent, his/her degree, diploma, or certificate can only be released following the conferral process.

a. Order of Conferral

Information regarding the assignment of degree, diploma, and certificate categories to specific ceremonies will be available one week following the March 1 deadline for *Application for Graduation*. The Spring ceremonies are scheduled for the Wednesday, Thursday, and Friday following the week of the Victoria Day long weekend. The Fall ceremonies are scheduled for the Saturday following Thanksgiving in October. See the **Academic Schedule (p. 16)** for complete information.

b. Distinction or Great Distinction

Undergraduate degrees with Distinction or Great Distinction are conferred upon students who have displayed outstanding academic performance during their undergraduate degree programs. In the Faculty of Education, outstanding practicum performance is also required.

Standards for Distinction or Great Distinction are dependent upon program. Please refer to **Institutional Honours** in the relevant Faculty/School Part of the Calendar for information on how these citations are awarded (see **Parts 7, 8, 9, 10, or 11**).

c. Medals

Each Faculty and School awards a University of Lethbridge Medal to its most distinguished graduand each year. Two gold medals are awarded by the Faculty of Arts and Science.

The Silver Medal of The Governor General of Canada is awarded to the graduate with the highest academic standing in an undergraduate program.

The Gold Medal of The Governor General of Canada is awarded to the graduate with the highest academic standing in a graduate program.

The School of Graduate Studies Medals of Merit are awarded to a graduating student from each Master's degree program for excellence in graduate studies.

The William Aberhart Gold Medal in Education is awarded to the graduating student who has shown the highest general proficiency in the final two years of the Bachelor of Education program.

Applications for these medals are not required. For complete information, please refer to **Part 15 - Awards and Scholarships, Section 1.e.1, p. 445**.

5. CONFERRAL IN ABSENTIA

Graduands who do not attend their ceremony will have their degree, diploma, or certificate conferred upon them 'in absentia.'

The parchments are available for pick up at the Registrar's Office and Student Services (ROSS) during the week following the Convocation ceremonies. Parchments not picked up will be mailed to the students' permanent address.

6. NAMES ON PARCHMENTS

The full legal name of the graduand will appear on the parchment. Changes in name must be supported by copies of legal documentation (e.g., marriage certificate, divorce decree, vital statistics certificate, etc.). **Legal given names cannot be replaced with nicknames or initials.**

7. AWARDED POSTHUMOUSLY

With the approval of a Faculty/School Council, a degree, diploma, or certificate may be awarded posthumously to a deceased student who had completed his/her program or was completing the last semester of his/her program. Posthumous awards will be noted on the transcript.

8. TRANSCRIPTS

a. Requirements Completed

After official verification from the Faculty/School that the student has successfully completed all program requirements, the Registrar's Office and Student Services (ROSS) includes an official notation on any transcript issued prior to Convocation that program requirements have been completed.

b. Degree, Diploma, or Certificate Awarded

After official verification from the Faculty/School, and after completion of the conferral process, the Registrar's Office and Student Services (ROSS) includes an official notation on all transcripts of graduating students that the degree, diploma, or certificate has been awarded. This notation includes the major(s), minor(s), concentration, and specialization designation, and any Academic Distinction, Honours Thesis or Co-operative Education designations.

9. PARCHMENT REPLACEMENT

If a replacement parchment is required, the following procedures must be followed:

a. Name Change

1. The original parchment must be returned before a new one will be issued.
2. A written request, including the graduand's signature, must be submitted, accompanied by copies of two pieces of documentation proving name change (e.g., marriage certificate, divorce decree, vital statistics certificate, etc.).
3. A \$25 (plus GST) re-issue fee is charged.

b. Lost or Stolen Parchment

1. A written request, including the graduand's signature, verifying the circumstances of loss must be submitted.
2. A \$25 (plus GST) re-issue fee is charged.

Note: *The parchment will be stamped in a lower corner indicating that it is a duplicate, with the date of re-issue.*

c. Damaged Parchment

1. The original parchment, or what remains of a damaged parchment, must be returned before a new one will be issued.
2. A written request, including the graduand's signature, must be submitted.
3. A \$25 (plus GST) re-issue fee is charged.

10. CONVOCATION ATTENDANCE

Graduands include only those whose degrees, diplomas, or certificates have been approved by their Faculty/School Councils and who have no outstanding accounts with the University. Graduands must be dressed in the academic attire approved by the University of Lethbridge for the credential that is being conferred.

The Graduands process as a discrete group, sit in an area reserved for graduands and proceed to the platform to have their credential conferred under the guidance of the Marshals of the Graduands. Unless a Graduand has a disability or can demonstrate another special need, no one except approved Graduands will process with the Graduands, sit with the Graduands, or appear on the platform for Conferral.

a. Academic Dress

The academic dress of the University of Lethbridge is unique to the institution. Different kinds of degrees are represented by different kinds of academic dress as follows:

Bachelor's Degree

Bachelor's graduands wear a black gown and a black mortarboard.

The Bachelor's degree hoods are a shell of black lined with blue, trimmed with a twisted gold and blue cord. Specific degrees are distinguished by the colour of braid on the lining:

Bachelor of Arts:	White braid
Bachelor of Science:	Golden yellow braid
Bachelor of Arts and Science:	Twisted white and gold braid
Bachelor of Education:	Light blue braid
Bachelor of Fine Arts:	Brown braid
Bachelor of Health Sciences:	Twisted red and gold braid

Master's Degree

Master's graduands wear a black gown and a black mortarboard.

All Master's degree hoods are a shell of black, lined with blue. An exterior border of light blue satin indicates the hood is for a Master's-level degree and the distinguishing braid follows the colours of the undergraduate hoods.

Doctor of Philosophy

Doctor of Philosophy graduands wear a royal blue gown with walden blue velvet facings and chevrons, outlined in bright gold piping, and a walden blue befeater with a bright gold tassel.

The Doctor of Philosophy hoods are a shell of royal blue, lined with sapphire blue satin and a bright gold chevron; the walden blue velvet trim is outlined in bright gold piping, reflecting the colours of the University of Lethbridge.

Guest seating at Convocation is open to the general public subject to availability of seats within prescribed safety limits of the venue. However, the first priority for guest seating is assigned to invited guests of University of Lethbridge Graduands.

A small area of **Reserved Seating** is available upon request. Typically seated here are friends and family of the Chancellor's Party, and Academic Staff.

For the purposes of Convocation, the **Academic Staff** party is restricted to Professors Emeriti, the Associate Vice-President (Student Services) and Registrar, current and retired Faculty Members, and Librarians, excluding Deans and Vice-Presidents. I. PHILOSOPHY AND PROGRAMS

The Faculty of Arts and Science offers instruction in the humanities and the natural, social and mathematical sciences. The Faculty of Arts and Science commits itself to the development of well-educated persons in three dimensions of liberal education: the liberal arts, general intellectual background and depth of knowledge, as broadly defined in the sections below:

a. The Liberal Arts

Literacy, the ability to read and interpret texts from diverse media, discourses and genres, and to express oneself in writing.

Information literacy, the ability to discern when information is needed, and the ability to find, evaluate and use information effectively.

Oral expression, the ability to listen and understand oral messages, and to express oneself effectively in a wide range of interpersonal contexts.

Numeracy, the ability to work effectively with quantitative ideas and mathematical relations.

Critical thinking, the ability to evaluate reasoning systematically and to argue well in support of deserving ideas.

Integrative thinking, the ability to make connections among diverse and superficially unconnected things.

Problem solving, the ability to recognize the problematic nature of the world and the ability to address those problems in a rigorous and imaginative way.

b. General Intellectual Background

A sense of historical consciousness; an awareness of events in time and their significance to each other, and the relation of oneself and one's community within them.

A wide-ranging grasp of what the sciences tell us about the world in which we live; their methods, limitations, purposes and interactions with the global community and the world.

Reflection of one's own values and an openness to change.

An understanding of, and a respect for, the causes and consequences of cultural, group and interpersonal differences.

A critical understanding and an appreciation of the creative and aesthetic dimensions of life.

The ability to comprehend and analyze the many facets of social life.

An awareness of the body and the physical contexts in which we apprehend reality, and the development of well-being.

c. Depth of Knowledge

A capacity to comprehend the complexity of ideas through sequential, developmental learning in a single subject or discipline.

The development of the competency to *do rigorous independent work* in a subject or discipline.

A critical grasp of the assumptions, arguments, approaches and controversies that have shaped particular claims and findings within a subject or discipline, and an understanding of the connections among disciplines.

At the University of Lethbridge, most first-year students, whatever their educational goals, enter the Faculty of Arts and Science. Students entering the Faculty may begin study for the Bachelor of Arts, Bachelor of Science or Bachelor of Arts and Science degrees; or prepare for later admission to the Bachelor of Education or Bachelor of Management programs. Students may also enrol in a pre-professional transfer program or they may commence University studies without committing themselves initially to a particular program.

Whatever their intentions, all students registered in first degree undergraduate programs in the Faculty fulfill the 12-course General Liberal Education Requirement which must be completed before graduation (except in many post-diploma programs offered by the University of Lethbridge). This feature of the curriculum, which does not specify particular courses but provides a large field of choice, ensures basic familiarity with the different forms of knowledge, subject areas and methods in the Arts and Sciences.

Students may achieve diversity in their programs through Independent Studies, Interdisciplinary Studies and Applied Studies detailed elsewhere in this Part of the Calendar. Students may develop individual multidisciplinary majors, initiate courses in topics of special interest or propose degree programs suited to their own needs. In order to explore unfamiliar subjects without affecting their general academic standing, students may enrol in a limited number of courses on a Credit/Non-Credit basis.

The term 'course' in this Calendar Part means a unit of study offered by the Faculty of Arts and Science and normally studied for one semester, equivalent to three credit hours; Music Ensemble and Physical Activity courses count for one-half course credit, equivalent to 1.5 credit hours; Undergraduate Thesis courses count for 6.0 credit hours. The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours). A student on academic probation may not register in more than four courses (12.0 credit hours) in a semester. Students may accelerate their programs by carrying heavier study loads, by attending Summer Sessions or by working at Independent or Applied Studies during the intervals between academic terms. Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

Eight degree programs are offered in the Faculty of Arts and Science: Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), Bachelor of Arts and Science (BASc.), post-diploma Bachelor of Arts (B.A.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Computer Science, post-diploma Bachelor of Science (B.Sc.) in Environmental Science and post-diploma Bachelor of Science (B.Sc.) in Geography with a Concentration in Geographical Information Science. Details of these degree programs appear in the following pages. Please refer to **Section 13 (p. 108)** and **Part 13 - Combined Degrees** for information on Combined Degrees programs that include degrees offered by the Faculty of Arts and Science.

2. ADVISING AND INFORMATION

Academic advising in Arts and Science takes account of the variety of educational goals for which the Faculty wholly or partly provides and affiliates with other student services in the University.

a. Dean of Arts and Science

As well as being the administrative head of the Faculty of Arts and Science, the Dean of Arts and Science has direct responsibility for all academic programs and all years of study in Arts and Science. Appeals and issues of interpretation for students in Arts and Science should be directed to the Office of the Dean of Arts and Science.

b. Academic Advisors

Academic advising for the Faculty of Arts and Science is the responsibility of Academic Advisors, located in the Arts and Science Student Program Services Office, Students' Union Building, Level 0.

Students may consult Academic Advisors for assistance with a variety of academic concerns, including program planning, declaration of majors, General Majors, Multidisciplinary Majors, readmission, applications for Incompletes or Withdrawals with Cause, authorized study at another university and pre-professional transfer programs.

c. Department Advisors

Each Arts and Science department and program designates an advisor who knows in detail department courses, prerequisites and course schedules, as well as all aspects of the department's major program. In some departments, the Chair serves as department advisor.

Although the minimum requirements for each major program are fully detailed in this Calendar, students should plan their major programs in consultation with the department advisor in order to ensure meeting their own individual aims. These aims may include graduate school or professional school admission and vocational goals.

However, department advisors have no authority regarding degree, program or major requirements as set out in this Calendar. For information on such matters, students should consult Academic Advisors.

3. ACADEMIC STANDARDS

For graduation, students must attain a minimum cumulative grade point average of 2.00 on a minimum of 20 courses taken at the University of Lethbridge for credit toward the degree.

a. In Good Standing

To be in good standing, a student must maintain the following minimum cumulative grade point average (GPA):

Number of Completed Courses (includes transfer courses)	GPA (UofL)
1-10	1.70
11-20	1.85
21-40	2.00

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 40 courses.

b. Probation

Students whose cumulative grade point average falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a semester.

c. Required Withdrawal - Academic Indices

Students whose cumulative grade point average, at the end of the Spring Semester, falls below the following are required to withdraw from the University:

Number of Completed Courses (includes transfer courses)	GPA (UofL)
6-10	1.50
11-20	1.70
21-30	1.85
31-40	2.00

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 30 or 31 to 40 courses.

d. Required Withdrawal - Semesters on Probation

Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

Note: The legislation, as indicated in **c.** and **d.**, applies both to students registered in the Fall Semester who did not continue in the Spring Semester and to students registered in the Spring Semester. All students' records are reviewed once per year, at the end of the Spring Semester.

e. Readmission after Required Withdrawal

Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Arts and Science upon readmission after required withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P', or 'Cr', up to the following limits:

40-course (120.0 credit hours) B.A., B.Sc., and B.A.Sc.	20 ungraded courses
30-course (90.0 credit hours) Combined Degrees B.A. and B.Sc.	15 ungraded courses
20-course (60.0 credit hours) Post-Diploma B.A. and B.Sc.	5 ungraded courses

Although credit is retained, the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on academic probation.

Students who have received *Tabula Rasa* and are seeking admission to a Faculty other than Arts and Science are advised to contact that Faculty.

4. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of the Fall and Spring Semesters.

Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses to qualify.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees "With Distinction" or "With Great Distinction."

Students with an Award GPA of 3.5 to 3.74 are awarded their degree "With Distinction." Students with an Award GPA of 3.75 or higher are awarded their degree "With Great Distinction."

For purposes of awarding degrees "With Distinction" or "With Great Distinction," the Faculty of Arts and Science determines an Award grade point average by factoring into the University of Lethbridge cumulative grade point average, actual grades on transfer courses, and A+ grades as 4.3 grade points.

c. 'Honours Thesis' Designation

In some disciplines, qualified students in the Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science programs may elect to complete an undergraduate thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course in a single discipline or multidisciplinary major are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment.

Undergraduate thesis courses are numbered 4995. (See **Part 14 - Courses** for details on approved courses.)

1. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following prerequisites:

- a. Fourth-year standing (a minimum of 90.0 credit hours).
- b. A cumulative GPA of 3.30 (or higher if the Department/Unit requires).
- c. Any further prerequisite(s) as determined by the Department/Unit and appearing in the Calendar under the undergraduate course listing. (See **Part 14 - Courses**).

2. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the Department offering the undergraduate thesis course, will consist of the Thesis Supervisor from the Department and a minimum of one other reader, who may be from outside the Department.

Note: For majors not housed in a Department, the Supervisory Committee composition shall be proposed by the Program Coordinator, subject to endorsement by the Dean.

3. Initial Approval

- a. The prospective student must present a Thesis Proposal to be approved by the Supervisory Committee prior to registration for the course.
- b. The Supervisory Committee will establish at the outset the weighting of the written and oral components of the thesis, as well as the procedure for determining the final grade.
- c. Subsequent changes to the approved Thesis Proposal must be approved by the Supervisory Committee.
- d. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
- e. Admission to the course is achieved through approval of the Supervisory Committee and the Department, or Program Coordinator, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
- f. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given Fall/Spring Semester or Summer Session.

4. Final Assessment

The final assessment for the undergraduate thesis is based on two criteria:

- a. Written Component
 1. The undergraduate thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the Supervisory Committee prior to registration in the course.

2. The thesis should be of high quality and made publicly available by the Department.

b. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the thesis, unless so specified by the Department.

5. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Inquiries about the availability of the 'Honours Thesis' option should be directed to the respective Department/Unit. Please refer to **Part 4 - Academic Regulations, Section 3.f. (p. 72)** for more information on the 'Honours Thesis' designation.

Note: The 'Honours Thesis' designation is not available for Combined Degrees programs, Post-Diploma programs or the B.A., B.Sc., or BASc. as a second degree.

13. COMBINED DEGREES

There are combined 50-course programs leading to the degrees B.A./B.Ed. and B.Sc./B.Ed., and the degrees B.A./B.Mgt. and B.Sc./B.Mgt. Upon successful completion of the program the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science and the degree B.Ed. from the Faculty of Education or the degree B.Mgt. from the Faculty of Management. Initially, students are registered in the Faculty of Arts and Science. Neither degree is granted until the entire Combined Degrees program is completed. See **Part 13 - Combined Degrees**, for complete information.

14. B.A., B.Sc. or BAsC. AFTER AN APPROVED DEGREE

An approved degree is a baccalaureate degree with 30 or more course equivalents from a recognized institution, Canadian or International. At least ten of the courses (30.0 credit hours) must be Arts and Science courses completed with a minimum grade of 'C'. (See **Part 1 - Admission, 3.b.5., p. 34.**)

Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean.

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are

considered to be similar. Exceptions may be made at the discretion of the Dean in the case of international students seeking North American credentials. The decision of the Faculty of Arts and Science will be final in these matters.

This program is primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

Requirements:

A student may complete the B.A., B.Sc. or BAsC. after an approved degree by meeting the following requirements:

- a. Residence Requirement: 20 courses taken at the University of Lethbridge after admission to the second degree program.
- b. Approval: The entire program must be approved in advance by the Dean.
- c. Total Program: A minimum of 20 courses after admission to the second degree program. No courses taken outside the Faculty of Arts and Science may count as part of this program.
- d. Academic Standards: A cumulative grade point average of at least 2.00 must be maintained at all times.
- e. Credit earned towards a previous degree may not be used toward the second Bachelor's degree.
- f. General Liberal Education Requirement: six courses, two from each of List I, List II, and List III (see **Part 4 - Academic Regulations, Section 11, p. 85.**)
- g. For the B.A. degree, at least 15 courses not from the list Science Courses (see **Part 4 - Section 11. General Liberal Education Requirement, Lists I and II, p. 86.**)
For the B.Sc. degree, at least 15 courses from the list Science courses (see **Part 4 - Section 11. General Liberal Education Requirement List III, p. 87.**)
- h. Course level: No courses below the 2000 level, unless required for the major; and a minimum of 10 courses at or above the 3000 level.
- i. Independent Study: Not more than three Independent Study courses may be taken for credit toward the degree (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71.**)
- j. Major Requirements:
 1. The major(s) must be declared at the time of program approval.
 2. All current requirements for the major(s) must be completed.
 3. Students seeking a General Major for a B.A. or B.Sc. after an approved degree, must complete at least 16 courses from one of the Humanities, the Social Sciences or the Science lists. Of these 16 courses, six must be at the 3000 to 4000 level and four must be completed from each of the three disciplines at any level.
 4. Credit earned towards a previous degree may not be used toward the second bachelor's degree. However, recognition may be given for the content

of such previous work in the major(s). In such cases, students will be required to complete appropriate 3000/4000-level courses in lieu of those for which exemption has been granted. Substitutions must be approved by the Dean, Faculty of Arts and Science, on recommendation from the Department Chair or Program Coordinator.

Note: In some cases, more than 20 courses (60.0 credit hours) may be required to satisfy all second degree and major requirements as specified above.

15. B.A. or B.Sc. AFTER TRANSFER TO A PROFESSIONAL FACULTY

Students who initially complete an approved 30-course program in the Faculty of Arts and Science may attain the University of Lethbridge degree B.A. or B.Sc. after completing degree requirements in Dentistry, Law, Medicine and Social Work in professional faculties elsewhere.

Students completing other professional degrees in combination with the initial 30-course Arts and Science programs may be awarded the B.A. or B.Sc. degree upon approval of the Faculty of Arts and Science.

Students intending to complete the B.A. or B.Sc. requirements in the above manner must have their programs approved by the Dean of Arts and Science by the time they have completed 15 courses.

16. CO-OPERATIVE EDUCATION/INTERNSHIP PROGRAMS IN THE HUMANITIES AND SOCIAL SCIENCES

Co-operative Education/Internship Programs are available in majors in the Humanities and Social Sciences in the B.A., Post-Diploma B.A., B.A.Sc., B.A./B.Ed. (including pre-B.A./B.Ed.) and B.A./B.Mgt. (including pre-B.A./B.Mgt.) degree programs. Co-operative Education/Internship Programs differ from other forms of education in that they formally integrate a student's academic and career studies on campus with relevant and productive work experience in industry, business or government. Three partners - the Coordinator, the Faculty of Arts and Science and the employer - share in the enrichment of the student's academic program and in the intellectual, personal and professional development of the student.

18. **APPLIED STUDIES**

Applied Studies is a learning option in which students earn academic credit for learning gained through employment or volunteer experience. During the field placement, students explore their interests and aptitudes in a particular career and test, reinforce and make relevant the theories and principles learned in the classroom.

To be eligible for Applied Studies, students must have second-year status (a minimum of 30.0 credit hours) and have a work or volunteer placement related to their academic program. Credit is earned in Applied Studies 2000/2001 for learning achieved in an employment or volunteer experience as documented in a Work Report and other written assignments. Additional credit in Applied Studies 2010/2011 may be earned by completion of a project exploring a job-related issue within a specific academic context.

Disciplinary credit involves submission of a Learning Plan which outlines learning objectives related to the work experience. Evaluation of documentation indicating those objectives which have been realized takes place at the end of the employment experience.

Students may use two different placements to earn a maximum of four courses in Applied Studies and credit for a further six courses may be awarded within specific disciplines. Disciplinary credit is signified by the series numbers 2980-85, 3980-85, 4980-85.

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (B610; tel. 403-382-7154).

This office also coordinates the Applied Studies program for the Faculty of Education and the Faculty of Management.

19. **INDEPENDENT STUDY**

Independent Study may be taken for credit inside or outside of the student's major subject or in an interdisciplinary mode. Some major programs require an Independent Study component. A maximum of five Independent Study courses may count for degree credit. Combined Degrees students may count only three (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**). Independent Study numbers 2990, 3990 and 4990 indicate the level of advancement.

Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Independent Study may take a variety of forms including library research, laboratory research projects or field study. Each Department provides detailed information on its available resources for support of Independent Study.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrolment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

20. **DIVISIONAL COURSE DESIGNATION**

For purposes of specific degree and major requirements, courses are designated as science courses or as non-science courses by the Faculty of Arts and Science.

Courses from List III: Science Courses are considered science courses.

Courses from List I: Fine Arts and Humanities Courses and from List II: Social Science Courses are considered non-science courses.

These designations are provided in the lists established for the General Liberal Education Requirement (**Part 4 - Academic Regulations, Section 11, p. 85**).

Physical Activity courses and Music Ensemble Activity courses are considered non-science courses.

Series, Topics, Applied Studies Disciplinary Credit, Independent Studies, Undergraduate Thesis, and Interdisciplinary Studies courses will be designated as non-Science (Humanities or Social Sciences) or Science courses by the Faculty of Arts and Science when the course offering is approved, in conformity with the division of courses established above. Arts and Science Council has the ultimate authority to determine designation.

d. Anthropology

Anthropology is the academic study of the diversity of human behaviour and life in local settings. Long-term ethnographic fieldwork in these local settings is the hallmark of the anthropological approach to the study of the human condition. The particulars of any local life, society, or culture, however, are not isolated from global processes and flows. Contemporary anthropology examines the material, social, and cultural conditions of human behaviour and life from this locally global perspective.

The Department of Anthropology offers courses in social and cultural Anthropology. Areas of regional specialization include Southeast Asia, North America, Latin America, Eastern Europe and the former Soviet Union, the Pacific Rim, and South Asia. Within these regions, topical interests of the faculty include research on poverty, gender relations, colonial and post-colonial development, expressive culture and performance, health and medicine, cultural psychology, communities and state formation, nationalism and ethnicity, to name a few.

The major in Anthropology requires 13 Anthropology courses including the following:

Required courses include:

Anthropology 1000 - The Anthropological Perspective
Anthropology 2010 - Theory I: Historical Foundations of Anthropological Thought

One of:

Anthropology 2410 - Anthropological Archaeology

Note: *Students may take more than one offering of a Series course (i.e., Anthropology 3100, Anthropology 3900, Anthropology 4002, Anthropology 4500) or a Topics course (i.e., Anthropology 4850) for credit if the offerings (as indicated by the specific titles) are distinct.*

Independent Study

Students may undertake Independent Study, which is designated by the numbers 2990, 3990, and 4990, according to the level of advancement. Independent Studies may not be substituted for required courses in the major.

Undergraduate Thesis

Qualified majors in Anthropology may elect to complete the Undergraduate Thesis course, Anthropology 4995 (6.0 credit hours). This option is intended for advanced students who intend to pursue graduate work in Anthropology or a related discipline. The undergraduate thesis may take a variety of forms, although most will contain a fieldwork component. For further information, contact the Department of Anthropology.

j. Chemistry

The Department of Chemistry and Biochemistry offers courses in the areas of analytical, physical, organic and inorganic chemistry, and in biochemistry. The curriculum is designed not only for the needs of those who want to pursue a major in Chemistry or Biochemistry but also for those in cognate disciplines, such as Biology, and for those who require Chemistry courses in preparation for transferring to a professional school such as medicine or dentistry. The requirements for the major in Chemistry are outlined below. The major in Biochemistry is offered jointly by the Department of Biological Sciences and the Department of Chemistry and Biochemistry and its requirements are outlined separately under

Biochemistry elsewhere in this Section of the Calendar.

Those students who require one year of introductory general chemistry should take Chemistry 1000 and Chemistry 2000. Students who come to university without Chemistry 30 (or equivalent) and who require a sequence of chemistry courses which includes Chemistry 1000 should first enrol in Chemistry 0500.

For those who require a one-year basic introduction to chemistry (aimed primarily at the life sciences) we offer Chemistry 1110 and Chemistry 2120. These courses are not suitable for Chemistry and Biochemistry majors.

Chemistry 2310 (Chemistry and Biochemistry in Society) is designed primarily for non-science majors.

Chemistry 2310 may not be included among the Chemistry courses required for Chemistry and Biochemistry majors.

Chemistry 2320 (History of Chemistry) is a recommended elective for majors; interested students from outside the department should consider also taking Chemistry 1000 or Chemistry 1110.

The Major in Chemistry for the B.Sc. Degree

The program for the B.Sc. or B.A.Sc. degree with a major in Chemistry requires 40 courses of which a minimum of 18 courses in Chemistry or Biochemistry is required and a maximum of 20 courses offered by the Department of Chemistry and Biochemistry is allowed (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**). In addition, three courses in Mathematics, two courses in Physics, and one in Biology are required. The courses for the major are given below under three lists. List A contains specified Chemistry and Biochemistry courses that must be taken; List B contains elective Chemistry courses (six must be taken); List C sets out the required cognate courses that must be taken.

List A - Required Core Courses

The following 12 courses must be taken:

Biochemistry 2000 - Introductory Biochemistry

*Has prerequisites: Engineering 2000 and Mathematics 1560.

This program has been accredited by the Canadian Society for Chemistry (CSC) which is the national organization representing chemists and is acceptable for membership in the Association of the Chemical Profession of Alberta (ACPA). Students who complete a B.Sc. degree with the major in Chemistry outlined above will have a degree accredited by the CSC.

Those who plan to pursue graduate studies in Chemistry should take more than the minimum of 18 courses in Chemistry or Biochemistry and should obtain advice on their program from the Department.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. For example, Chemistry 3410 and Chemistry 3730 may be offered one year while Chemistry 3830 and Chemistry 3840 are offered the next year. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Department Advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

Students interested in the combined Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) should refer to **Part 13 - Combined Degrees, Sections 3 and 8** respectively, for the appropriate Chemistry major. (See also **Section 21.g., Biochemistry, p. 122**).

k. Computer Science

The Department of Mathematics and Computer Science offers courses in Computer Science, Mathematics and Statistics. An appropriate selection of such courses will lead to a major in Computer Science or to a major in Mathematics. For details on the major in Mathematics, see **Section 21.u., p. 137**.

The Department of Mathematics and Computer Science and the Department of Geography offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science for the B.Sc. (see **Section 21.l., p. 126**).

Please see **Section 10 - Post-Diploma B.Sc. in Computer Science (p. 105)** for program and major requirements for that degree program.

All 1000-level courses offered by the Department of Mathematics and Computer Science are introductory, but most require a prerequisite.*

**One of Pure Mathematics 30, Mathematics 30, Mathematics 0500, or [Applied Mathematics 30 and at least 75 percent standing in Athabasca University's Mathematics 101].*

The Department strongly recommends that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses offered by the Department.

Students intending to take two or more calculus courses at university are advised to include Mathematics 31, Calculus (or its equivalent), in their high school studies.

Required courses for a Computer Science major include:

Required cognates:

Mathematics 2000 - Mathematical Concepts

One of:

- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 1510 - Calculus for Management and Social Sciences
- Mathematics 1560 - Calculus I
- Statistics 1770 - Introduction to Probability and Statistics

It is strongly recommended that Computer Science majors include additional Mathematics courses in their program. Students intending to take Computer Science 3670 or Physics 3900 should plan carefully to include the appropriate Mathematics or Physics prerequisites in their programs.

Note: *Computer Science 1000 may NOT be included among the required courses for a Computer Science major.*

Some senior courses are scheduled for alternate years. Since these courses are frequently sequential and dependent upon adequate preparation, students are urged to seek advice before the end of their third semester in planning a major and selecting courses.

Students should note that for Arts and Science regulations governing degree requirements, Computer Science may be treated as a department separate from Mathematics/Statistics.

n. Economics

Economics is the study of the allocation of scarce resources by societies to meet individual and social wants. The Department of Economics offers a number of courses in microeconomics and macroeconomics. These provide the theoretical framework within which contemporary issues, such as pollution, non-renewable natural resources, free trade, agricultural subsidies, interest rates, government deficits, unemployment, inflation, poverty and third world development can be analyzed and appropriate policies can be recommended.

Students majoring in Economics are required to complete a minimum of 13 Economics courses and are allowed a maximum of 20 (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**).

Required courses include:

- Economics 1010 - Introduction to Microeconomics
- Economics 1012 - Introduction to Macroeconomics
- Economics 2750 - Quantitative Methods in Economics
- Economics 2900 - Economics and Business Statistics
- Economics 3010 - Intermediate Microeconomic Theory
- Economics 3012 - Intermediate Macroeconomic Theory
- Economics 3950 - Econometrics

At least three Economics courses at the 4000 level

Required cognate:

Statistics 1770 - Introduction to Probability and Statistics

Economics 1010 is the prerequisite for most 2000- and 3000-level courses in Economics and Economics 1012 is the prerequisite for still other higher level courses in Economics. Economics 3010 is the prerequisite for most 4000-level courses in Economics, and students majoring in Economics are strongly advised to take it during their second or third year. Please note that credit will not be granted for both Economics 2900 and Statistics 2780.

The numbering at the 3000 level of many of the field courses in Economics is not intended to suggest that

students wait until they are in their third year before taking them. Once the relevant introductory course(s) has been successfully completed students should feel free to enrol in any of the 3000-level courses. Exceptions to this are Economics 3012, Economics 3350, Economics 3900/Management 3721 and Economics 3950, all of which require additional prerequisites.

It is recommended that Economics majors include courses in Mathematics, especially courses in calculus, as part of their overall programs. It is also strongly recommended that students who are considering graduate studies in Economics include in their programs as many 4000-level courses as possible, and in particular the following courses:

- Economics 4010 - Advanced Microeconomic Theory
- Economics 4012 - Advanced Macroeconomic Theory
- Economics 4150 - Mathematical Economics

Provided the student completes Economics 1010 in the Fall of Year One, Economics 1012 and Economics 2750 in Spring of Year One, and Statistics 1770 in either Fall or Spring of Year One, the sample sequencing plan suggested provides the background for all specified Economics courses by the end of the student's second year. Note that Economics 1010, Economics 1012, and Economics 2900 are offered at least once per semester. Economics 3010 and Economics 3012 are offered once a year.

o. English

The Department of English offers courses in the understanding and criticism of English literature of different genres and different historical periods; there are also courses on the theory of English literature and criticism, and on rhetoric and creative writing.

The English curriculum serves the needs and interests of all students: those embarking on an extensive and systematic study of literature and literary forms, and those wishing to experience literature on a slightly less rigorous basis in order to complement their other studies.

Courses which figure prominently in the program for English majors are not intended exclusively for English majors. General interest courses in the English 3700 series are intended for majors and non-majors.

English 1900 or a previous course in English is the prerequisite for most other English courses. English 1900

prepares students for a variety of courses at the 2000 level. The central emphasis of English 1900 is on language in several contexts including the literary/poetic. The course is in no way remedial, nor is it primarily a course on composition or essay/report writing.

There is a system of 2000-level prerequisites for some of the 3000- and 4000-level courses and of recommended backgrounds at the 3000 level for the 4000-level courses. This system applies to all students, not just English majors. Students should consult the individual course listings elsewhere in this Calendar for more specific information.

For students majoring in English, there are certain requirements, a particular range and selection of courses in certain groupings, as outlined below. In selecting courses, students should include a broad variety of periods and all three genres (drama, poetry and prose fiction) in their programs.

The major in English requires a minimum of 13 courses.

Required courses include:

Independent Studies courses, Applied Studies courses, and courses not listed under the seven subfields are not counted as part of the 13-course minimum for the major; they are strongly encouraged for students taking courses beyond this minimum, however.

Fourth-year English majors are especially encouraged to become involved in seminars and Independent Studies at the 4000 level. Suggestions for unique and imaginative projects and approaches to fourth-year studies are welcomed by the Department.

Additional Information and Requirements

Students may not receive credit for courses at the University of Lethbridge for which close equivalents have been taken at Lethbridge College, and vice versa. Students must ensure that their course selection has been approved by the Coordinator of Environmental Science. Students should consider including an introductory Physics course (Physics 1050 - Introduction to Biophysics is recommended) as an elective in their degree program. Many other courses offered by the Faculty of Arts and Science complement an Environmental Science focus. Consult the Coordinator of Environmental Science for further information.

Technical Studies Semester

Students are required to complete a semester of study at Lethbridge College, consisting of five courses from the College's Environmental Science program. The Technical Studies Semester counts as the equivalent of 15.0 credit hours at the University of Lethbridge (three unspecified 2000-level and two unspecified 3000-level Environmental Science courses).

The Technical Studies Semester should be taken after at least 20 university courses have been completed and prior to registration in the final 10 courses for the degree. Students must have the college course selection approved by the Coordinator of Environmental Science. Further details are available from the Coordinator.

Athletic Therapy Option

The Department of Kinesiology and Physical Education in the Faculty of Arts and Science at the University of Lethbridge, in collaboration with Mount Royal University in Calgary, offers selected B.Sc. Exercise Science majors the opportunity to pursue an Athletic Therapy Option. These students will attend the University of Lethbridge for Years 1, 2, and 4 of their B.Sc. - Exercise Science degree program. They will complete Year 3 as Visiting Students at Mount Royal University.

For the Athletic Therapy Option, students will complete a set of 10 required courses (30.0 transfer credit hours) at Mount Royal University. These courses will fulfill options in the Exercise Science Major and electives in the B.Sc. degree program.

Eligibility

The articulation agreement provides for a maximum of five University of Lethbridge students per year to undertake the Athletic Therapy Option. Students are selected once per academic year—in May—and must attend Mount Royal University in the following consecutive Fall/Spring semesters.

Selection is based on application to the Department by May 1, eligibility criteria as indicated below, and academic achievement.

The Athletic Therapy Option is available to University of Lethbridge students who are B.Sc. Exercise Science Majors and who meet the following eligibility criteria:

- I. Completion of a minimum 10 courses (30.0 credit hours) at the University of Lethbridge in Fall/Spring of the academic year in which application is made.

(The Athletic Therapy Option is not available to students with more than 30.0 transfer credit hours or to students who hold an undergraduate degree. Students are bound by the Residence Requirements for the B.Sc.; see **Section 6.a.10, p. 100** and **6.b.5, p. 100**).

2. Third-year standing: minimum 60.0 credit hours completed by May 1 of the year in which the applicant will begin attendance at Mount Royal University in September.
3. Minimum cumulative GPA of 3.00 on minimum 20 courses (60.0 credit hours). (Cumulative GPA refers to the UofL cumulative GPA; for students with transfer credit, grades on transfer courses will be factored in.)
4. Completion of the following courses:
 - *Kinesiology 2350 - Recognition and Care of Athletic Injuries
 - Kinesiology 2600 - Functional Human Anatomy
 - Kinesiology 2610 - Human Physiology
 - Kinesiology 3610 - Exercise Physiology
 - Kinesiology 3650 - Biomechanics
5. Minimum competitive GPA in the required Kinesiology courses listed in 4. above.

*Kinesiology 2350 is not required in the Exercise Science Major but is a prerequisite for the Mount Royal University Athletic Therapy program.

Interested Exercise Science Majors who meet the above criteria must apply to the Department of Kinesiology and Physical Education by May 1.

Because the capacity at Mount Royal University is limited to five, not all students meeting the general eligibility requirements will be selected. Selection is competitive and is based on academic achievement as assessed by the Department.

Applicants will be notified of their acceptance by May 15 and advised of registration procedures at that time.

Upon successful completion of the University of Lethbridge B.Sc. in Exercise Science, including the Athletic Therapy Option, students may qualify to receive the Mount Royal University Advanced Certificate - Athletic Therapy. For the Certificate, students must include the following courses in their University of Lethbridge degree program:

One of:

- Kinesiology 3680 - Sport Psychology
- Kinesiology 3780 - Exercise Psychology

One of:

- Physical Activity 2445 - Resistance Training for Health and Performance I
- Physical Activity 3445 - Resistance Training for Health and Performance II

Physical Activity 3605 - Conditioning for Cardiovascular Health

For details on the application process, contact the Department of Kinesiology and Physical Education.

r. Geography

The mission of the Department of Geography is to pursue excellence in teaching and research in the closely related areas of Geography, Geology, Archaeology, and Urban and Regional Studies, all of which deal with the human and natural environment, and spatial analysis.

The Department offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Geography. Students may also choose Geography as one of their majors for a B.A.Sc. degree (see **Section 7, p. 100**, for details).

Students interested in the combined Bachelor of Arts/Bachelor of Education (B.A./B.Ed.) or Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) with the appropriate Geography major should refer to **Part 13 - Combined Degrees, Section 3**. Students interested in the combined Bachelor of Arts/Bachelor of Management (B.A./B.Mgt.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) with a major in Geography should refer to **Part 13 - Combined Degrees, Section 8**.

Please see **Section 12 - Post-Diploma B.Sc. in Geography with a Concentration in Geographical Information Science (p. 107)** for program and major requirements for that degree program.

The Department of Geography and the Department of Mathematics and Computer Science offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science for the B.Sc. (see **Section 21.I., p. 126**, for details).

The Department of Geography also offers the Multidisciplinary Major in Archaeology and Geography for the B.A. and B.Sc. (see **Section 21.e., p. 120**, for details).

Students wishing to emphasize Urban and Regional issues should consult the Multidisciplinary program in Urban and Regional Studies (see **Section 21.hh., p. 148**).

Building on its disciplinary strengths, the Department offers a set of core courses which are an essential introduction to the breadth of the discipline, and presents a variety of more advanced courses which represent the expertise of the faculty. Courses in Physical Geography and those involving geographical techniques are Science courses, while those in Human Geography are Social Science courses.

In Archaeology, a single introductory course, which is required of all Geography majors, opens to more advanced courses falling within the two main themes of Old-World and New-World archaeology.

While the curriculum is geared mainly to Geography major programs, the Department is also committed to enhancing the study of Geography, Geology and Archaeology throughout the University, and to providing courses which fulfill the General Liberal Education Requirement. The introductory courses (Geography 1000, Geography 1200, Geography 2535, Archaeology 1000) are open to all students of the University, and two service courses are offered, without prerequisites, for students in other programs where a knowledge of world regional geography (Geography 2000) or the geography of Canada (Geography 2600) is required.

t. Kinesiology

The Department of Kinesiology and Physical Education offers courses in theoretical perspectives of the study of human movement and the practical application of physical activity involvement. A multidisciplinary field, Kinesiology provides students with a broad perspective for studying physical activity as a cultural form and human performance involvement at all levels and across the lifespan. The concept of personal wellness underlies the interdisciplinary approach to courses and programs within the Department.

The Department of Kinesiology and Physical Education at the University of Lethbridge offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Kinesiology. The Department also offers a multidisciplinary major in Exercise Science (B.Sc.) which provides students the option of specialization in Biomechanics, Exercise Physiology or Sport Psychology (see **Section 21.q., p. 131**).

The breadth of course offerings in the Department of Kinesiology and Physical Education provides students with the option of studying sport and physical activity involvement from a socio-cultural, wellness and participatory (B.A.) perspective or from a human performance (B.Sc.) perspective. Either approach provides the Kinesiology major with a number of options for future study and work in an increasingly broad field.

It is advised that students majoring in Kinesiology plan carefully with respect to their selection of major and optional courses. Both the B.A. and the B.Sc. degrees can

be used as a foundation for advanced studies in Kinesiology and varied career choices. Students interested in the B.A./B.Ed. or B.A./B.Mgt. program should refer to **Part 13 - Combined Degrees, Sections 3 and 8** respectively.

Major in Kinesiology for the B.A.

For the B.A., the major includes courses that provide a broad overview of the discipline of Kinesiology. The major is composed of courses which explore the natural sciences, social sciences and humanities dimensions of Kinesiology. Recreational, educational and high performance aspects of sport, play and physical activity across the lifespan are examined. The study of physical activity/sport as a socializing agent and a cultural form underlies this aspect of the study of Kinesiology. The major in the B.A. degree program will examine individual and group association to physical activity, social and psychological advantages and barriers to lifelong involvement, the relationship of recreation and high performance activity with other social institutions and cultural forms.

Required courses for the B.A. - Kinesiology include:

Ten theory courses

- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2000 - Foundations of Motor Skill Acquisition
- Kinesiology 2110 - Biophysical Foundations of Human Movement
- Kinesiology 2120 - Sociological and Psychological Dimensions of Physical Activity Involvement
- Kinesiology 2130 - Humanities Dimensions of Physical Activity Involvement
- Kinesiology 2200 - Research Methodologies in Physical Activity Involvement

One 4000-level Kinesiology course

Three additional Kinesiology courses, two of which must be at the 3000/4000 level

Six Physical Activity Courses

Six Physical Activity courses including two at the 3000 level or higher

Note: Each Physical Activity course counts as one-half course. Kinesiology majors may earn credit for a maximum of 16 Physical Activity courses (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**).

Suggested Sequencing Plan

v. Modern Languages

I. General Information

The Department of Modern Languages offers courses in the French, German and Spanish languages, as well as in the understanding and appreciation of cultures, civilizations and literatures of countries where these are national languages. Courses are also offered in Japanese and Linguistics.

The Modern Languages curriculum serves the needs and interests of all students, both those embarking upon an extensive and systematic study of language, culture/civilization and literature, and those wishing to study these subjects on a more limited basis.

Unless otherwise stated, the language of instruction will be the language being studied.

The 1000-numbered courses prepare students for a variety of courses at the 2000 level. A 2000-level course is generally necessary before a student may proceed to the 3000 or 4000 levels. For further information on prerequisites, students should consult with the appropriate First-Year Language Coordinator in the Department of Modern Languages.

The Department strongly recommends that students attain a grade of C or higher in any course used to satisfy prerequisites for courses offered by the Department.

2. Placement

Students without any high school credit in a language take the 1000 and 1100 courses as these courses are for students with little or no knowledge of a language.

Students with some high school credits but without matriculation in a language should apply for the Department of Modern Languages Placement Test before registering, to determine whether they should enrol in the 1000 or the 1100 course (French, German, Japanese or Spanish).

Students with high school matriculation in a language, with the exception of graduates of French Language Arts 30 or Français 30, should enrol in the 1500 course.

Graduates of French Language Arts 30 or Français 30 must enrol in one or more of the following courses: French 2001, French 2200, French 2300 or French 3450.

All students registering in 1000-, 1100-, and 1500-level courses must write the Department of Modern Languages Placement Test to determine whether they are registered in the appropriate course (see **Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 71**).

Students should consult the Department of Modern Languages concerning scheduling of the Placement Test.

Not more than 10 courses may be taken at the 0100/1000 level for credit toward a degree. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Japanese and Spanish (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**).

3. Independent Study

Students interested in undertaking an Independent Study in the Department of Modern Languages should read: (1) the Department Policy on Independent Study and (2) the list of Study Topics currently offered in the Department. Copies of both documents and application forms may be obtained from the Department Advisor in Modern Languages or from the Department office.

4. Majors: General Information

The Department of Modern Languages offers a major in French, a major in German, a major in French/German and a major in French/Spanish. A maximum of 20 courses from the Department of Modern Languages may be counted toward any of these majors (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**). Requirements for each of these majors are outlined below.

For details, see the Spanish Off-Campus Studies Coordinator in the Department of Modern Languages.

For information on the Combined B.A./B.Ed. Degree in Modern Languages (majors and minors), see the Part in this Calendar which outlines the program requirements for Combined Degrees.

For information on the Combined B.A./B.Mgt. Degree in Modern Languages, see the Part in this Calendar which outlines the program requirements for Combined Degrees.

w. Music

The Department of Music offers courses within three basic subject areas: Music history and literature, theoretical subjects (traditional composition, conducting, orchestration, etc.) and applied Music instruction (Studio courses and Ensemble Activity courses). Entrance to

Studio courses is dependent upon the results of an audition while all other Music courses, in sequence, are freely available to any student.

The Department of Music offers two streams leading toward the B.A. or BASc. degree with a Music major. The first is the **Theory/History** stream while the second is the **General** stream with a wider emphasis on music theory, history and performance.

The B.A. or BASc. Music major (Theory/History) is a degree that focuses on scholarly and written work without requiring the high level of musical performance skills demanded by a B.Mus. degree (it is recommended that the B.A. and BASc. Music major (Theory/History) develop a degree of facility on an instrument through Studio courses or Conservatory instruction). The minimum requirement for the B.A. and BASc. Music major (Theory/History) is 16 courses, including one course at the 4000-level. Required courses are listed below.

The B.A. or BASc. Music major (General) is a degree that ensures a more diverse musical background including theory, history and performance. The minimum requirement for the B.A. or BASc. Music major (General) is 16 courses as listed below.

Required courses for all Music majors (B.A. and BASc.) include:

Theory

B.A. Music majors may count a maximum of eight Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 71).*

B.A. or B.A.Sc. with a Music major candidates should note that courses in the subject area of theory are sequential in nature and are currently offered only once per calendar year. Normally, prospective candidates are advised to begin their theory studies (Music 2160 and Music 2161) and history studies (Music 2180) in their first Fall Semester at University.

Ensemble Activities include the University Singers, Women's Chorus and Vox Musica choral ensembles; the University Wind Orchestra; Collaborative Piano/Guitar; Jazz Ensemble; Percussion Ensemble; Chamber Ensembles; and Collegium Musicum. Ensemble Activity courses carry a 1.5 credit hour weight (one-half course credit) and are graded on a pass/fail basis only (Collaborative Piano/Guitar is evaluated by a letter-grade system). Ensemble Activity courses may be taken for credit by any student. Arts and Science degree students, who are not Music majors, may count a maximum of four Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 71).

Although courses in Music are offered by the Faculty of Fine Arts, Music courses count as Arts and Science courses in the programs of students enrolled in the Faculty of Arts and Science.

bb. Physics

The Department of Physics and Astronomy offers courses in Astronomy, Engineering and Physics.

Astronomy 2020, Astronomy 2070, and Physics 2020 require no special background in Mathematics or Physics. They are recommended especially for non-science students.

The Engineering courses offered by the Department of Physics and Astronomy form the core of the Pre-Professional Transfer Program in Engineering. See **Section 23.b. (p. 155)**.

A Physics graduate is prepared not only for employment or further study in physics, but also for advanced study or work in a wide diversity of other fields. The Physics and Astronomy Department offers a comprehensive Physics major program. The foundation is built in the first two years by a study of mechanics, waves, electricity and magnetism, optics, and thermal physics. In the third and

fourth years, students deepen their understanding of the fundamentals, and study more advanced and specialized areas.

Students interested in the combined Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) should refer to **Part 13 - Combined Degrees, Sections 3 and 8**, respectively, for the appropriate Physics major.

Physics 1000 is the preferred first course in Physics for majors. Students may, however, enter the major through Physics 1050 or Engineering 2060. Credit is not given for both Physics 1000 and Physics 1050.

ii. Women’s Studies

Women’s Studies provides an interdisciplinary environment for examination of the historical and contemporary position of women. Analyses of culture, social institutions, and human development and behaviour, and the gender assumptions on which they are based, form the foundation of the program offerings in Women’s Studies. Focusing on embodiment, and utilizing feminist theories, concepts, and methodologies, the major in Women’s Studies seeks to inform, transform, and expand traditional forms of knowledge about women and gender in a culturally inclusive framework.

Utilizing knowledge and research from such diverse fields as biology, psychology, philosophy, sociology, economics, anthropology, medicine, literature, political science, and ethics, students in Women’s Studies will learn about the ways in which women’s lives have been constructed, how they have changed, and how they continue to change. The intersection of the study of gender with that of race, class, age, ethnicity, and other social constructs will inform students of the complex and often sensitive issues involved in the study of women and the global movements to improve their lives.

Women and men students have the opportunity to major in Women’s Studies or to take individual courses in Women’s Studies to add to and expand their knowledge and understanding within other disciplinary majors.

The major in Women’s Studies requires a minimum of 13 courses as follows:

Required courses include:

- Women’s Studies 1000 - Knowing Bodies: An Introduction to Women’s Studies
- Women’s Studies 2300 - Theorizing Women’s Lives: Feminist Frameworks
- Women’s Studies 2600 - Activism and Advocacy
- Women’s Studies 2700 - Feminist Approaches to Research

At least nine additional courses (27.0 credit hours) in Women’s Studies including at least six courses (18.0 credit hours) chosen from offerings in Women’s Studies at the 3000/4000 levels, including Independent Studies in Women’s Studies.

With the permission of the Coordinator of Women’s Studies, students may take a maximum of two courses (6.0 credit hours) from other disciplines which offer related or complementary course materials.

Note: *Students may take more than one offering of a Series course (i.e. Women’s Studies 3010, Women’s Studies 3020, Women’s Studies 3030, Women’s Studies 3040, Women’s Studies 3050, Women’s Studies 4900) or more than one Independent Study for credit if the offerings (as indicated by the specific titles) are distinct.*

jj. Double Majors

Although the Faculty of Arts and Science does not recognize double majors as official student programs leading toward the B.A. or B.Sc. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for two disciplinary majors.

Double majors can only be formed by completing the requirements of two established single disciplinary majors; individual and regularized multidisciplinary majors are ineligible for double major designation.

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within eight consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Academic Advisors regarding double majors.

kk. Individual Multidisciplinary Majors

Students may establish individual multidisciplinary majors.

An individual multidisciplinary major must represent an identifiable and significant body of knowledge and entail in-depth study rather than a superficial survey of a broad topic. For the most part, the program is expected to be derived from the existing curriculum in Arts and Science.

An individual multidisciplinary major program consists of 20 courses with the following structure:

a. Required Core

The core of the major must contain a minimum of eight and a maximum of 12 required courses providing a broad-based familiarity with the major. These core courses must be taken from at least two disciplines.

b. An Independent Study at the 3000 or 4000 level.

c. Options

The remaining courses in the individual multidisciplinary major must be chosen from a list of optional courses. The chosen courses must be from at least two disciplines.

d. At least six of the 20 courses must be at the 3000 or 4000 level, one of which must be at the 4000 level.

Students are encouraged to apply early to establish an individual multidisciplinary major and also to explore potential programs with Faculty members prior to making an application.

An application to establish an individual multidisciplinary major must be submitted to the Assistant Dean (Curriculum) of Arts and Science. Approval of an individual multidisciplinary major by Arts and Science Council must be obtained prior to registration in the final 10 courses in the degree. Students are advised that formulation and approval of a program normally takes up to six months after the initial application and thus applications should be submitted in sufficient time to allow processing.

The individual multidisciplinary major shall be formulated by a committee, chaired by the Assistant Dean (Curriculum) and composed of the student and faculty representatives, appointed by their departments, from at least two appropriate departments chosen by the Assistant Dean (Curriculum) of Arts and Science.

During its deliberations the committee shall consult all departments represented in the major. Before being submitted to the Arts and Science Curriculum Committee, the proposed program shall be approved by the chairs of the departments represented on the committee.

Students interested in an individual multidisciplinary major should contact the Assistant Dean (Curriculum) of Arts and Science.

23. PRE-PROFESSIONAL TRANSFER PROGRAMS

Students at the University of Lethbridge may prepare themselves to apply for admission to a number of professional programs offered at other institutions. Admission to these programs is by quota and is competitive.

Through arrangements between the University of Lethbridge and professional faculties at other universities, transfer programs have been established for the professional programs listed below. Students should be aware that programs offered by other institutions are subject to change or cancellation without notice. The University of Lethbridge endeavours to provide students with complete, timely and accurate information but cannot guarantee the offerings of other institutions. At the time of Calendar publication, the information listed below was correct.

Some professional schools make specific course recommendations for students preparing to apply for admission. However, they reserve the right to admit students who have not followed these recommendations, but have chosen to study other disciplines. The programs suggested here are intended to give students priority access to courses satisfying the programs recommended by the professional schools. Students may choose alternative routes but do so at their own risk. Please refer to the Program Planning Guide Enclosures for Pre-Professional Transfer programs for more specific information.

Students are advised that 'D' grades are not transferable. As well, students may experience difficulties in transferring courses for which grades are not assigned: for example, courses for which Credit/Non-Credit or Pass/Fail appear on the transcript generally do not transfer.

Students who plan to apply to professional programs at other universities not listed below must have courses approved by the professional faculty at the institution to which they intend to transfer. The University of Lethbridge cannot guarantee program requirements for such programs.

Students with an academic objective of Engineering select the pre-Engineering program. Students with an academic objective of Dentistry, Journalism, Law, Medicine, Social Work and Veterinary Medicine select a University of Lethbridge degree program (either B.A. or B.Sc.) with an appropriate major. Note that Biochemistry, Agricultural Biotechnology and Biological Sciences are fields of study in their own right but are also designed to prepare students for application to professional programs of Dentistry, Medicine and Veterinary Medicine.

2. EDUCATION PROGRAMS

The Faculty of Education offers two programs which lead to Alberta Teacher Certification as well as five other programs designed to support in-service or pre-service teacher development.

a. Programs Leading to Alberta Teacher Certification

Candidates apply and are recommended for certification by the Faculty of Education to Alberta Learning. Only Alberta Learning is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the Faculty of Education, Alberta Learning grants the Interim Professional Certificate to individuals who are Canadian citizens or Permanent Residents.

Recommendations are forwarded upon completion of the Combined Degrees Teacher Education program or the B.Ed. after an Approved Degree program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher as defined in the Quality Teaching Document.

Students are alerted to the following certification requirement.

All persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:

Except where the Minister of Learning decides otherwise, the Director, Teacher Certification and Development Branch, shall refuse to issue, re-issue, or extend an interim professional certificate to:

- a person who has been convicted of an indictable offence in Canada or an equivalent conviction in a jurisdiction outside Canada; or
- a person who the Director has reason to believe should not be issued a certificate.

For additional information please contact the Director, Teacher Certification and Development Branch of Alberta Learning at 780-427-2045.

b. Other Education Programs

1. Bachelor of Education After Teacher Training

Individualized programs are arranged for candidates who hold an undergraduate degree, who have completed a minimum of one year of teacher training in an approved institution, and who already hold teacher certification. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

Students who have completed a minimum of one year of teacher training and who hold teacher certification but who do not hold an undergraduate degree must be admitted to and must complete the requirements of a Combined Degrees program. The B.Ed. component of the Combined Degrees program will be individually designed for each student to meet residency and degree requirements. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

2. Pre-B.Ed. After an Approved Degree

Students who intend to pursue a B.Ed. after an approved degree, but who do not meet requirements for direct admission to the B.Ed. program, may apply to the pre-B.Ed. (After Degree) program in the Faculty of Arts and Science. A limited number of students may be admitted to this program in a Fall or Spring semester and may then register for courses in three consecutive semesters following the offer of admission. After three semesters, students intending to take further courses must apply for admission to the B.Ed. program or to another program offered at the University of Lethbridge. Students are not guaranteed admission to the B.Ed. program, or any other program, at the end of three semesters but must compete with other applicants.

Students must meet the following minimum qualifications for admission to the pre-B.Ed. after an Approved Degree program:

- a. A completed undergraduate degree, including at least four courses in a declared single discipline major, or at least eight courses in a

declared general major. Students must select a major from among those available to students in the B. Ed. after an approved degree program (see **Section 5.b.1. Teaching Majors, p. 164**).

- b. A minimum cumulative grade point average of 2.50 out of 4.0 calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

3. Diploma in Education

The Faculty of Education offers diploma programs in the following areas for certified practising educators holding a Bachelor of Education degree:

- Diploma Program in Special/Inclusive Education
- Student Initiated Diploma Program

These programs are described in detail in **Section 9. Diploma Programs, p. 172**.

4. Master of Education

A 12-course M.Ed. program for degree holders with educational experience (see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**).

5. Master of Education (Counselling Psychology)

A 12- or 14-course M.Ed. program for degree holders with educational or related experience (see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**).

3. ADVISING

It is essential for new and returning students to seek advice concerning their academic goals, programs, and standing as early as possible.

Academic advising is coordinated by the Assistant Dean, Student Program Services in the Faculty of Education. Faculty members, who serve as academic advisors for each major, also inform students about preparation for teaching in specific school subjects. Advisors are also identified to assist students in planning specialized programs.

Academic advising in the Faculty of Education for graduate programs is coordinated by the Assistant Dean, Graduate Studies and Research.

Academic advice may be obtained at any time during the year, but it is recommended that new students consult advisors during the three weeks prior to registration.

Advice and information from the Assistant Dean, Student Program Services in the Faculty of Education may be obtained for the following:

- all aspects of program planning,
- academic regulations and degree requirements,
- grading system and appeals,
- employment opportunities and job placement in education, and
- teacher certification.

Advice and information from Education Faculty advisors and from appropriate Arts and Science, Fine Arts, or Management advisors should be obtained for the following:

- selection of courses for a major,
- future scheduling of courses,
- prerequisites and recommended backgrounds, and
- availability of Independent Studies and Study Tours.

4. ADMISSION TO BACHELOR OF EDUCATION PROGRAMS

Based on the Faculty's quota system, normally 216 students are admitted to the Faculty each June to begin their studies in the Fall semester. The deadline for application to the Faculty of Education is May 1.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500 and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Combined Degrees and After Degree students are admitted on the same criteria.

a. Regular Admission

1. Admission to Combined Degrees Program

The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. First degree students must be admitted to a Combined Degrees program in order to receive a B.Ed. Students are not officially in the program until they have been admitted to both the Faculty of Education and to the Faculty governing the degree combined with the B.Ed.

For a complete description of admission requirements in each of the following programs consult the corresponding sections of **Part 13 - Combined Degrees**:

b. Special Case Admission

For purposes of admission, the Faculty of Education calculates the admission grade point average on all university-level courses taken in the semesters containing the last 20 courses (60.0 credit hours). Students who have a good academic record but who, for some reason, had a period of time within those semesters when their performance was significantly lower, may apply for special case admission (up to four such students may be admitted each year). Normally, the semesters containing the last eight courses may not be included in the period of the special case.

Students applying for Special Case admission must satisfy the following:

- have applied for admission to the Faculty of Education;
- meet minimum criteria for admission to the Faculty of Education;

- provide documentation of extenuating circumstances;
- have completed at least 20 courses (60.0 credit hours) outside of the period of the special case;

Students must apply in writing to the Assistant Dean, Student Program Services in the Faculty of Education prior to the May 1 application deadline for such consideration.

c. Special Admission Procedures for Students of Aboriginal Descent

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent:

1. Students who meet all minimum admission requirements in any major will be admitted to the Faculty. Students who wish to gain admission to the Faculty on the basis of their Aboriginal heritage will follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing and provide evidence of Aboriginal descent, prior to the May 1 admission deadline.
2. Students of Aboriginal descent who have a CGPA and/or GPA in the major of less than 2.50 but equal to or greater than 2.00, may be considered for admission to the Faculty of Education. Students will

be required to demonstrate that they possess other skills, talents, or life experiences that enhance their ability to succeed in teaching. This may include, but is not limited to, any one of the following:

- experience working with children;
- proficiency in a First Nations language;
- expertise in First Nations cultural events;
- leadership experiences in the community;
- appropriate work experience; or
- completion of a college diploma program in an area relevant to teaching.

Admission decisions are to be based on submission of a résumé, at least one letter of recommendation, and an interview with the Undergraduate Student Program Committee. The decision of the Committee is final. Students who wish to gain admission through this route must follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing prior to the May 1 admission deadline. All relevant supporting documents must be received by the document deadline of June 1.

3. Location of Placements

The Faculty of Education collaborates with Education institutions throughout Zone 6 (which extends in Alberta from the B.C. border to the Saskatchewan border and from the Montana border up to locations immediately south of the city of Calgary). Students entering the Faculty of Education should note that practicum placements include locations anywhere within Zone 6. Students must be prepared to travel. Some locations require relocation Monday to Friday.

Note: *Acceptance of an offer of admission to the Faculty of Education indicates acceptance of a possible requirement to travel to or relocate to practicum placements within Zone 6.*

4. Criminal Record Check (or equivalent).

Many school jurisdictions require criminal record checks from all individuals (including student teachers and interns) working with children and adolescents. Consequently, all students accepting an admission offer from the Faculty of Education must immediately make application for a criminal record check. The student is responsible for the cost of obtaining such documentation. Criminal record checks are not submitted to the Faculty of Education, but must be available for the student to present on Practicum Orientation Day should the school or school jurisdiction require it. Students who are unable to present an acceptable criminal record check for any reason may be denied a placement by the co-operating school, the school jurisdiction, or the Assistant Dean, Field Experiences. The Faculty of Education does not guarantee an alternate placement and the student may be required to withdraw from the faculty.

5. Out of Zone and International Professional Semester III Placements.

Students may apply to the Assistant Dean, Field Experience to complete Professional Semester III outside of Zone 6. Further, it is possible for students to complete Professional Semester III in an international placement. Students must apply well in advance of the intended semester, and will be required to request statements of support from teacher associates and previous practicum supervisors. Only students with an outstanding record of professionalism and an outstanding record of classroom teaching in both Professional Semesters I and II will be granted Professional Semester III placements outside of Zone 6 (including international locations).

Some restrictions on out of zone and international placements do exist for students completing certain specializations. Students are encouraged to contact the Assistant Dean, Field Experiences for further information.

In order to have an international placement designated on the transcript, students must register in Education 4573 - Special Focus Internship (Series): International Education. This internship has as a prerequisite (one of the following courses):

1. GENERAL PHILOSOPHY AND PROGRAMS

The Faculty of Fine Arts incorporates the Departments of Art, New Media (*formerly Multimedia*), Music and Theatre and Dramatic Arts, which include the Art Gallery, Music Conservatory and the University Theatres. The Faculty emphasizes the acquisition of knowledge and the development of analytical skills and imagination necessary to both create and respond with aesthetic intelligence to the fine arts in a global community. Small class sizes, an integrative approach which allows for cross-disciplinary fertilization, and an intrinsic emphasis on the development of valuable job skills are distinguishing features. The Faculty provides opportunities for students to demonstrate their creative ability and skills through exhibitions and performances, acknowledging that audience exposure and the resulting feedback and criticism is essential to learning in all of the fine arts disciplines. The Faculty is also committed to strengthening the creative and artistic dimensions of the University's total program and its commitment to the philosophy of a liberal education.

Degrees offered by the Faculty of Fine Arts are the Bachelor of Fine Arts (Art), the Bachelor of Fine Arts (Dramatic Arts), the Bachelor of Fine Arts (Multidisciplinary), Bachelor of Fine

Note: Students pursuing a B.F.A. (Art) with a major in Art History/ Museum Studies are not required to submit a portfolio.

Art Portfolio Content

Compiling a portfolio of artwork is an important stage in the experience of an art student. The portfolio informs the Art Department about prospective students' creative interests, experience, skills, and direction. When developing a portfolio, applicants should choose their best work and present it as professionally as possible.

Personal Statement

The personal statement (or letter of intent) provides insight to the Art Department about the background and experience, inspirations, and goals of students applying to study in Art programs. In a typed statement of approximately 500 words, applicants should explain their reasons for wishing to enter studies in Art. Applicants should include references to their artistic interests, specific influences, and any educational background in the arts, and include this statement with their portfolio.

Examples of Artwork

The portfolio should consist of 10-20 photographs, slides or digital images of artworks by the applicant that provide a good representation of their range of art interests and skills. Works may be created inside or outside of a formal class environment. (If submitting digital image files on a CD or DVD, they should be in jpeg format, approximately 700 x 1000 pixels. Video and other time-based work may be submitted on DVD.) Please do not send original works. Applicants may submit more than one image of a single artwork if the work is large or complex.

Applicants are encouraged to submit documentation of work in a range of materials and media:

- Drawings, prints, paintings, or murals
- Photography (analogue or digital), collage, or other mixed media works
- Video, performance, animation, or audio based work

- Sculpture, fibre, or ceramic work
- Website, graphic novel, and zine productions
- Sketchbook and journal examples

Image/Media List

The portfolio must include a typed, numbered list of all images and/or media submitted, with titles, materials, dimensions, and dates, along with the applicant's name and contact information.

Applicants should label each slide or photograph with their name and contact information as well as the name and date of the work. Digital images submitted on CD can be given abbreviated titles.

Portfolio Development

Applicants requiring assistance in building a portfolio are encouraged to complete one or more of the following thematic projects. Applicants must include images of the completed projects(s) in the portfolio, indicating which theme was followed.

- a. "The Storm." Using only materials cut from magazines, newspapers, and advertisements, make a collage on the subject of the storm.
- b. Create a 90-second video (DVD or VHS) that investigates the idea of stillness.
- c. In written form, describe an event in which visual and sensory information were of primary significance to you.
- d. "This container isn't big enough." Look at this theme photographically using a variety of subjects.
- e. Draw one or two hands in the form and relationship they would have if they were holding something real.
- f. What is your favourite tool? Produce a mixed media work (combination of collage, drawing, print and/or painting) that explores and reveals your fascination with this tool.

Portfolio Returns

Students are responsible for picking up their portfolio or ensuring it is packaged properly for prepaid return shipping. Any portfolio not picked up by the end of the semester for which the student applied will be destroyed.

Students who maintain continuing student status in the Faculty of Arts and Science are eligible for readmission to the Faculty of Fine Arts once their cumulative grade point average returns to 2.00 or above.

Students who do not maintain continuing student status at the University of Lethbridge after Required Withdrawal from the Faculty of Fine Arts are eligible for readmission under the conditions listed in 2. below provided they are not subsequently admitted to another Faculty/School prior to applying for readmission to the Faculty of Fine Arts.

2. Readmission after Required Withdrawal from the University

Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Fine Arts upon readmission after required withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P', up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

5. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters.

To qualify students must complete four or more graded courses and achieve a grade point average of 3.75 or higher in their courses.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees "With Distinction" or "With Great Distinction."

Students with an Award GPA of 3.5 to 3.74 are awarded their degree "With Distinction." Students with an Award GPA of 3.75 or higher are awarded their degree "With Great Distinction."

For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Fine Arts uses the cumulative grade point average as calculated on the University of Lethbridge transcript.

6. INDEPENDENT STUDY

Independent Study may be taken for credit inside or outside of the student’s fine arts discipline. A maximum of five Independent Study courses may count for degree credit. Post-Diploma and/or Combined Degrees students may count only three. Independent Study numbers 2990, 3990, and 4990 indicate the level of advancement. Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance.

Independent Study may take a variety of forms including theoretical studies, studio practice, or a combination of both.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrolment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student’s program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

7. DEGREE PROGRAMS

a. B.F.A. (Art)

The Department of Art offers degrees in Art Studio and Art History/Museum Studies. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance, and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper level courses. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European and North American and First Nations Art History. This degree program is unique in Canada with its combination of history, theory, and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University’s renowned teaching collection of over 13,000 objects.

The Visiting Speakers in the Arts Program offered through Art Now and Architecture and Design Now, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians, and curators—

students have a unique learning experience, one that illuminates national and international achievement.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design, and related disciplines.

e. B.Mus.

The Department of Music offers courses within four basic subject areas: History and Literature, Theory and Composition, Applied Music Studies (Studio courses, Ensemble Activity courses, Conducting), and Digital Audio Arts. All Music courses are available to any student

provided that he/she can comply with the prerequisites listed in **Part 14 - Courses** of this Calendar. Entrance to the studio sequence is dependent upon the results of audition and is subject to the availability of instructors.

The B.Mus. with a major in Music is a 'general' Music degree that provides students with a balanced curriculum of scholarly, theoretical, and applied performance studies. The B.Mus. with a major in Digital Audio Arts integrates technology courses with the core curriculum of the general Bachelor of Music degree, but students may also draw from curricula in other disciplines. Students in both majors are encouraged to pursue their individual interests through electives and the General Liberal Education Requirement of the program.

Students intending to pursue a B.Mus. should note that courses in the subject area of theory and studio are sequential in nature. Additionally, many theory and history courses core to the B.Mus. are currently offered only once per Calendar year. Prospective B.Mus. candidates are advised to begin their theory studies (Music 2160 and Music 2161) in their first Fall Semester at the University in order to permit the completion of the degree within a four-year period. While all B.Mus. students with a major in Music should begin the studio sequence (Music 2148) in their first semester at the University, composition students must begin Studio I in the Fall semester.

Students interested in pursuing a B.A. with a Music major should refer to the degree requirements listed under **Part 7 - Arts and Science, Section 21.w. (p. 140)**.

1. Degree Requirements

- a. Successful completion of 40 courses (120.0 credit hours) with a cumulative grade point average of at least 2.00.

2. Studio Audition Procedure

Studio Course instruction is available in piano, voice, strings, guitar, woodwinds, brass, percussion, and composition.

Fall Semester: Instrumental and vocal auditions for the Fall semester are held in March and May. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by June 15.

Spring (January) Semester: Instrumental and vocal auditions are on the last day of classes in December. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by November 15.

Note: Some Entrance Scholarships are available based on live auditions and completing the appropriate scholarship application form by the deadline (Early Entrance - March 1; Others - June 1).

Audition dates and more audition information: www.uleth.ca/finearts/admissions/application-studio-course-audition

Audition application: www.uleth.ca/finearts/admissions

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

- a. successfully complete an instrumental or vocal audition at the entry level for Music 2148 - Studio I - (Instrument), and
- b. successfully complete a composition audition.

Requests for a specific studio instructor should be made at the time of the audition. Every effort will be made to accommodate the request, but final assignment of instructors rests with the Department of Music.

Late auditions will be granted under extenuating circumstances, but admission to Studio classes is not guaranteed after the audition deadline.

Once enrolled in studio, students must achieve a minimum grade of 'C' in order to be eligible for the subsequent course in their studio sequence (Studio II-VIII). Should a grade below 'C' be earned,

advancement to the next studio will be based upon the results of a mandatory audition.

Studio courses may not be repeated for the purposes of grade replacement except in the case where a student has previously earned an 'F' (an audition for re-entry to the studio sequence is required).

Students absent from the University for two or more consecutive semesters and who wish to resume Studio courses, are required to reapply for audition.

Practice facilities are available to Studio course registrants. Detailed information concerning audition requirements and Studio course procedures may be obtained from the Department of Music.

Students and faculty are able to view individual works on request.

I. GENERAL PHILOSOPHY

- a. The Faculty of Health Sciences bases its statement of philosophy upon that of the University. In so doing, it:
 1. Accepts the need for, and promotes a liberal education.
 2. Seeks to achieve openness, flexibility and innovation in its programs and in its relationship with various communities.
 3. Promotes the development of life-long learning while fostering a spirit of inquiry and the critical interpretation of ideas.
 4. Encourages students to participate in all phases of university life and encourages the highest degree of interaction between student and faculty.
 5. Encourages close relationships with the local community as well as the wider provincial, national and international communities.
 6. Protects the right, for students and faculty, of free expression and communication of ideas, and expects that they will assume responsibility for such action.
- b. With respect to education in the discipline of nursing, the Faculty of Health Sciences prepares baccalaureate graduates as beginning practitioners in the Nursing

Education in Southwestern Alberta (NESA) program, and B.N. graduates who previously have obtained a Diploma in Nursing in the Post-Diploma Program.

The Nursing Programs strive to:

1. Be leaders in education and in the promotion of innovative nursing practice and scholarship.
2. Utilize a teaching/learning process that is learner-centered and facilitates life-long learning skills.
3. Prepare graduates to be caring holistic practitioners who base their nursing practice on sound theoretical knowledge and research evidence.
4. Promote excellence in clinical practice by developing: clinical decision-making; diagnostic reasoning; interpersonal skills; innovative clinical practice; leadership behaviours; and, technological knowledge and skill among its graduates.
5. Place special emphasis on issues related to rural, elderly and aboriginal populations.
6. Encourage the professional development of its diverse faculty as educators, clinicians, researchers and community advocates.
7. Collaborate with its clinical and community partners.

Specific statements of value and belief about persons; teaching and learning; nursing; and health are available from the program.

Nursing Program Objectives

The Graduate:

1. Employs complex thinking processes in the practice of nursing.
 2. Is a reflective practitioner and life-long teacher/learner.
 3. Is a compassionate and caring practitioner.
 4. Is an excellent communicator.

Students are taught to value life-long learning, flexibility and diversity; anticipate, recognize and promote change to counselling practice when and where appropriate; apply professional standards to assess their practice methods and clients' progress.

4. Addictions counsellors must have sufficient breadth of personal and professional knowledge and skills to identify and understand problems related to addictions as experienced by diverse people in different contexts. Their attitudes, beliefs and values must facilitate, rather than impede, the process of helping.
 5. Meaningful practice and policy development must be guided by theory and research, which in turn contributes to theory and research. To be effective practitioners, graduates must be conversant with the development and application of practice, theory, research and policy.
 6. Supervised practice in counselling individuals and families experiencing problems related to addictions is critical for the development of a helping practitioner. The curriculum reflects the primacy of supervised field experience.
 7. Addictions counselling must be research-based. Graduates of the program must have the skills to use the research literature appropriately, generate valid and reliable information as needed and contribute to our growing understanding of the field.
 8. Our vision of health is holistic and includes physical, emotional, social and spiritual dimensions of individuals, families and communities.
 9. The achievement of a healthy society depends, first and foremost, upon promotion of behaviours and creation of social and physical environments that foster health. In consequence, health promotion among individuals, families and communities is stressed without diminishing the importance of the maintenance, curative and rehabilitative roles of health professionals.

TEACHING-LEARNING MODEL FOR NURSING COURSES

The NESA program uses a variety of learner-centred active learning strategies, including problem-based learning. The learning environment will include small and large groups and diverse clinical settings. Students will learn under the guidance of an experienced nurse faculty member. Situations from real nursing practice have been carefully chosen to guide students toward the learning outcomes of the nursing courses. Whenever possible, nursing theory courses are aligned with concurrent clinical practice experiences.

Students are expected to take responsibility for their own learning and that of their peers. The members of the learning group determine what they need to know to care for the client in the nursing situation and how they will acquire the knowledge, and share their learning with each

other. Knowledge from non-nursing courses is integrated into nursing courses. The aim is that graduates will be lifelong learners who are skilled in the processes of learning and in working effectively as a member of a team.

Successful completion of the four-year baccalaureate program earns the student a Bachelor of Nursing (B.N.) degree.

Students will be expected to incur the costs of obtaining the prescribed NESA uniform and other equipment such as a stethoscope. Travel outside of Lethbridge will be expected for clinical practice. In certain practice courses, regular travel within Lethbridge is expected.

b. Post-Diploma Bachelor of Nursing Program

Students who hold licensure as Registered Nurses may complete the Bachelor of Nursing program in one year or 12 consecutive months (see **Part I - Admission, Section 4, p. 39**).

Successful completion of the post-diploma baccalaureate program earns the student a Bachelor of Nursing (B.N.) degree.

c. Bachelor of Health Sciences - Addictions Counselling Program

The Bachelor of Health Sciences - Addictions Counselling program was developed by Medicine Hat College (MHC) and the University of Lethbridge. The program provides students with the practical skills and the theoretical knowledge needed for an effective and compassionate role in treatment, prevention and health promotion wherever addiction, or the potential for addiction, affects people's lives. The program considers a range of intervention strategies and addictive behaviours, including substance abuse, problem gambling, and sexual or eating disorders.

The program includes two semesters of internship placement where students will work closely with professionals in the addictions field. Students may be required to travel to placements outside of the Lethbridge area.

Successful completion of the four-year baccalaureate program earns the student a Bachelor of Health Sciences - Addictions Counselling (B.H.Sc.) degree.

d. Post-Diploma Bachelor of Health Sciences - Addictions Counselling Program

Students holding approved diplomas may be eligible to enter the Post-Diploma B.H.Sc. (Direct Entry) program or the Post-Diploma B.H.Sc. (Extended) program:

- Graduates of Fleming College or Nova Scotia Community College will be considered for the Post-Diploma B.H.Sc. (Direct Entry) program.
- Graduates of the Keyano College Aboriginal Addictions Services Diploma will be considered only for admission into the Post-Diploma B.H.Sc. (Extended) program.
- Graduates of other college programs in addictions counselling will be considered for admission to the appropriate program.

Successful completion of the Post-Diploma Bachelor of Health Sciences (Direct Entry) program or the Post-Diploma Bachelor of Health Sciences (Extended)

program earns the student a Bachelor of Health Sciences (B.H.Sc.) degree.

e. Bachelor of Health Sciences - Public Health

The Bachelor of Health Sciences - Public Health Program prepares students for non-clinical work and graduate study in the field of Public Health. Graduates will have the practical skills and the theoretical knowledge needed for employment in a variety of public health roles including: health promotion (individual or population health-focused), disease prevention, analysis and surveillance, health policy, administration/project management, and community development.

The strong emphasis on health, biological and social sciences within this program develops the critical thinking and analytic skills required for practice in the rapidly changing field of public health. Health is explored as a multidimensional concept with an emphasis on the economic, social, political, and cultural dimensions of population health. Students may choose to complete an honours thesis or a practicum placement within three areas of focus (applied public health practice, health policy and promotion, or public health administration).

This program is the first public health degree offered at the baccalaureate level in Alberta.

PROGRAM GOALS:

1. Provides an interdisciplinary education and collaborative practice focused on promoting the health of populations and individuals.
2. Utilizes traditional, problem-based and cooperative/team learning/teaching processes and facilitates lifelong learning.
3. Prepares graduates to be critical public health practitioners and health promotion facilitators with a broad range of competencies for public health practice.
4. Integrates theoretical knowledge and practical skills with an emphasis on cultural, social, political, and health issues, particularly related to seniors, and rural and Aboriginal populations.
5. Collaborates with interdisciplinary and intersectoral community partners in supporting public health education, practice, and research.

TEACHING-LEARNING MODEL FOR PUBLIC HEALTH COURSES

The public health program uses a variety of learning strategies including traditional, problem-based, and cooperative/team learning. Students are expected to take responsibility for their own learning and to support the learning of their peers. The members of the learning group collaborate to identify key concepts in case examples, acquire knowledge and share their learning through group discussion and classroom activities.

Knowledge from a range of sciences and disciplines is integrated with public health and health promotion theoretical knowledge to provide a strong foundation for understanding the determinants of population health. The interdisciplinary nature of this program will support students as they cross disciplinary boundaries to complete their core curriculum. Graduates are expected to develop a critical public health perspective on health issues, be lifelong learners and develop applied skills in community health assessment, community development,

health promotion, population health surveillance, and appraisal of evidence.

Students will have opportunities to participate in service learning in a variety of community settings. Experiential learning opportunities provide the practice and skill development needed to support students in developing a range of core competencies for public health practice.

Students are expected to incur the costs of any required travel within or outside of Lethbridge associated with practicum placements. In certain practice courses, regular travel is expected.

Successful completion of the four-year baccalaureate program earns students a Bachelor of Health Sciences (B.H.Sc.) degree.

f. Bachelor of Nursing After an Approved Degree

The Bachelor of Nursing After Degree program is a collaborative program offered by the University of Lethbridge and Lethbridge College. New applicants must apply directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge College for the first two semesters of the program. For the remaining semesters of the program, students will register in and attend courses at the University of Lethbridge (see **Section 4.g.1., p. 205**).

g. Bachelor of Health Sciences - Addictions Counselling After an Approved Degree (see Section 4.g.2., p. 205.)

h. Bachelor of Health Sciences - Public Health After an Approved Degree (see Section 4.g.3., p. 205.)

3. ADVICE AND INFORMATION

a. General

The Faculty welcomes both part-time and full-time students. However, it suggests that since the educational experience includes more than the sum of the courses, there is much to be gained by attending as a full-time student for at least a portion of the program. This is particularly important for students pursuing the NESAs Bachelor of Nursing or the Bachelor of Health Sciences degree who may be experiencing their first post-secondary educational experience. The Faculty recognizes that many students are also working on a full- or part-time basis. The Faculty encourages students to consider very carefully their paid workload as they plan their program of study. The Faculty will not modify its course requirements in consideration of the work status of its students.

Attendance at the orientation sessions is strongly encouraged. These sessions cover topics important to all students. They also afford students an opportunity to raise questions, seek information and meet other students and faculty.

Students enrolled in the Faculty obtain advice and information from an Academic Advisor. Academic advice may be obtained at any time during the year, but it is recommended that new students consult an Academic Advisor during the weeks prior to registration. This advice may include information about:

1. Approval of programs based on transfer credit.

2. Authorized study at other universities while enrolled in the Faculty of Health Sciences at the University of Lethbridge.
3. Enrolment in more than five courses during one semester, more than three courses in Summer Session I and two courses in Summer Session II and Summer Session III.
4. All aspects of program planning.
5. Academic regulations and degree requirements.
6. Grading system and appeals.
7. Employment opportunities and job placement.
8. Prerequisites and recommended backgrounds.

Students **must** obtain the approval of an Academic Advisor in the Faculty of Health Sciences for:

1. Authorized study at other universities or colleges.
2. Authorization for an Independent and/or Applied Study.

Bursaries, scholarships and other financial assistance are available to students. Information may be sought from an Academic Advisor in the Faculty of Health Sciences or from the Financial Aid and Awards Office at the respective institutions.

b. Collaborative Programs

Students intending to complete the NESAs Bachelor of Nursing degree program are encouraged to seek advice from an Academic Advisor in the Faculty of Health Sciences at the University of Lethbridge.

4. ADMISSION

a. NESAs (Nursing Education in Southwestern Alberta) Bachelor of Nursing Program

The NESAs program is a collaborative program offered by the University of Lethbridge and Lethbridge College. New applicants must apply directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge College for the first two years of the program. For the final two years of the program, students will register in and attend courses at the University of Lethbridge.

Graduates of the NESAs Nursing diploma who have become certified as Registered Nurses may pursue a Bachelor of Nursing degree through application to the Post-Diploma B.N. program at the University of Lethbridge (see **Section 4.b., p. 201** below).

1. Admission to the NESAs Bachelor of Nursing program may be gained by one of the following admission routes. (Please note that the admission policies and procedures set out in **Part I - Admission** of this Calendar are applicable in this section, unless otherwise noted in this section.)
 - a. Alberta or other Canadian high school credentials.

*English Language Arts 30-I
 Biology 30
 Chemistry 30
 Pure Mathematics 30 or Mathematics 30-I
 One additional 30-level (see **Part I - Admission, Section 3.a.1.a, p. 28**) course (not including Special Projects)

*Students must have received a minimum grade of 60% in English Language Arts 30-I.

 3. Current criminal record check (or equivalent). Renewal of a criminal record check may be required at the discretion of faculty or staff of partnering agencies.

While not an admission requirement for the program, many practicum agencies and organizations providing clinical placements require criminal record checks (or equivalent) of students. Consequently, all students accepting an admission offer from the Faculty of Health Sciences must immediately make application for a criminal record check and provide the completed criminal record check by the dates given above.

Criminal record checks are not kept on file by the Faculty of Health Sciences, but must be in the student's possession and available to present to practicum agencies and organizations providing clinical placements. The consequences of a prior criminal conviction on a student's status in the program will be examined and discussed on an individual basis. Please note that students with certain criminal convictions may be refused by practicum agencies and organizations providing clinical placements. Should a clinical placement be refused for any reason by a practicum agency or organization, the Faculty of Health Sciences does not guarantee an alternate placement and the student may be required to withdraw from the program.

Students are required to inform the Faculty of Health Sciences if a change in their criminal record status has occurred while they are in the program and submit a new copy of their criminal record check.

Note: Students will not be allowed to enter clinical practica if they do not provide these documents.

Students are strongly advised to arrange for documents to be sent to the University at the time of application. To be considered, applicants must have submitted both interim or unofficial transcripts and mid-term mark statements (for any high school or college courses in progress) to the University by **April 1**. All documents accompanying the application should be received by **June 15** for post-secondary applicants and **August 1** for high school applicants (see **Part I - Admission, 2010/2011 Undergraduate Application and Document Deadlines, p. 27**).

Students currently studying in high school should follow the procedures for Early Admission (see **Part I - Admission, Section 3.a.3, p. 28**).

Note: If the program quota is not filled by applications received by March 1, applications received by the following May 1 will be considered.

5. Admission Grid

A weighted score, with a possible maximum of 100, will be calculated using the following scheme:

- a. Competitive marks for the September 2010 admission and subsequent admissions will be based on a score derived by multiplying each of the high school marks for English Language Arts 30-1, Biology 30, Chemistry 30, and Pure Mathematics 30 or Mathematics 30-1 by 0.15 and by multiplying the high school average by 0.40 for a total possible score of 100.
English Language Arts 30-1 mark x 0.15 ____
+ Biology 30 mark x 0.15 ____
+ Chemistry 30 mark x 0.15 ____
+ Pure Math 30 or Math 30-1 mark x 0.15 ____
+ High School Average x 0.40 ____
= ____ score
- b. Transfer students will be scored on the same grid, except that the higher of the high school mark or a university transferable post-secondary course mark in the same discipline may be used. The GPA of the last full-time post-secondary semester completed may be used in place of the High School average, whichever is most advantageous to the student.
- c. Adult (Mature) students with significant health-related experience may have a score (possible 40) substituted for the High School Average

based on a personal interview and an evaluation of the health-related experience.

6. Spoken English Language Proficiency Requirement (SELP)

In addition to the English Language Proficiency requirement for regular University of Lethbridge undergraduate admission (see **Section 6.a in Part I - Admission, p. 40**), applicants to the NESA Bachelor of Nursing Program, whose first language is not English, must also meet a Spoken English Language Proficiency requirement. g. After an Approved Degree

I. Bachelor of Nursing

Students who have an approved degree from a recognized university may choose to complete either the Bachelor of Nursing After Degree program, (see, a. below) or the 40-course NESAs Bachelor of Nursing program (see, b. below).

- a. Bachelor of Nursing After Degree program
This is a 23-month continuous program starting in September of each year (see **Section 4.c., p. 202**).
- b. 40-course NESAs Bachelor of Nursing program
Students who have an earned degree from a recognized university and who wish to enter the NESAs Bachelor of Nursing program may have their course load reduced to the extent that the first degree includes courses that are required in the nursing program. It is important

to note that such course reduction may not reduce the length of the program because of the sequencing of nursing courses.

2. Bachelor of Health Sciences - Addictions Counselling

The Faculty of Health Sciences offers no formal second degree program due to the high number of unique Health Sciences courses which are required in the program. Degree holders will have all the privileges of transfer students with respect to courses transferred in to meet requirements. Students should consult with an Academic Advisor in Health Sciences prior to their first semester to develop an individualized course sequencing plan.

3. Bachelor of Health Sciences - Public Health

The Faculty of Health Sciences offers no formal second degree program due to the high number of unique Public Health and other courses which are required in the program. Degree holders may be given course waivers for equivalent courses in the previous degree which meet requirements, up to a maximum of 20 courses (60.0 credit hours). Students should consult with an Academic Advisor in Health Sciences prior to their first semester to develop an individualized course sequencing plan.

At the time of admission, the record of the applicant's previous degree is examined and a specific program for the student is planned and approved by an Academic Advisor in the Faculty of Health Sciences.

h. Readmission to the Collaborative Programs

Addictions Counselling students who opted for the diploma exit may re-enter the baccalaureate program at the start of the third year provided:

1. they meet the promotion requirements as stated in Academic Standards;
2. there is available space in the program;
3. they will be able to meet all degree requirements within seven years of the first Nursing or Health Sciences course used for credit toward the degree; and,
4. they have maintained good standing in the profession since their graduation.

Graduates of the NESAs Nursing diploma who have become certified as Registered Nurses may pursue a Bachelor of Nursing degree through application to the Post-Diploma B.N. program at the University of Lethbridge (see **Section 4.b., p. 201** above).

Note on Practicums and Field Placements

While not an admission requirement for the program, some practicum agencies and field placements may require criminal record checks (or equivalent) of students working in their organizations. The consequences of a prior criminal conviction on a student's status in the program will be examined and discussed on an individual basis.

For the Bachelor of Health Sciences - Addictions Counselling program, individuals with a history of addiction or dependency should note that placement agencies may require students to have a minimum two-year alcohol and other drug-free lifestyle prior to their acceptance in an internship placement.

5. SPECIAL ARRANGEMENTS FOR COURSE CREDIT

a. Transfer Credit

I. NESAs Bachelor of Nursing Program

Transfer Credit Limits		
	Total Semester Course Equivalents (including Nursing courses)	Total Nursing Courses
Upon Admission	13 (39.0 credit hours)	5 (15.0 credit hours)
Upon Continuation into 3rd year	7 (21.0 credit hours)	3 (9.0 credit hours)
Total Transfer Possible	20 (60.0 credit hours)	8 (24.0 credit hours)

A student may transfer up to half of the program requirements (20 semester course equivalents) to any of the participating institutions (LC or UofL).

For any student, transfer credit will initially be to a maximum of 13 semester course equivalents (39.0 credit hours). Not more than five of these course equivalents may be in Nursing subjects. Transfer of additional courses, to a maximum of seven semester course equivalents (21.0 credit hours), will be contingent upon the student's continuation into the third year of the degree program. Not more than three of these course equivalents may be in Nursing subjects.

Students may receive transfer credit for both Nursing and non-Nursing courses. Nursing courses must have been completed at an accredited post-secondary institution not more than seven years prior to the expected date of completion of the baccalaureate program. Non-Nursing courses are subject to the time limits of the relevant Faculty (see **Part 4 - Academic Regulations, Section 3.g., p. 72**). Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Faculty of Health Sciences at the University of Lethbridge.

Note: NESAs B.N. Nursing courses taken at LC that are used for credit in the program are University of Lethbridge courses. Other courses taken at LC and accepted for credit in the NESAs B.N. program are considered UofL courses and not as transfer credit.

2. Post-Diploma Bachelor of Nursing Program

A student completing the Post-Diploma B.N. may not receive transfer credit.

3. Bachelor of Nursing After Approved Degree

A student completing the Bachelor of Nursing After Degree may not receive transfer credit.

Note: Bachelor of Nursing After Degree courses taken at LC that are used for credit in the program are University of Lethbridge courses.

4. Bachelor of Health Sciences - Addictions Counselling Program

Students in the program will be allowed to transfer a maximum of 20 semester course equivalents (60.0 credit hours). For details please consult an Academic Advisor. Courses for which transfer credit is being

sought must be discussed at the time of acceptance into the Addictions Counselling Program at the University of Lethbridge.

Students with transfer credit for five or more courses (15.0 credit hours) should consult with an advisor prior to the first semester to develop an individual course sequencing plan. This may allow the student to reduce the number of semesters required to complete the program.

Note: B.H.Sc. - Addictions Counselling courses taken at MHC that are used for credit in the program are University of Lethbridge courses. Other courses taken at MHC and accepted for credit in the B.H.Sc. - Addictions Counselling program are considered UofL courses and not as transfer credit.

5. Post-Diploma Bachelor of Health Sciences - Addictions Counselling Program

Students in the Post-Diploma Bachelor of Health Sciences (Direct Entry) program will be allowed to transfer a maximum of two semester course equivalents (6.0 credit hours).

Students admitted to the Post-Diploma Bachelor of Health Sciences (Extended) program will be allowed to transfer a maximum of two semester course equivalents (6.0 credit hours). However, students must complete the following qualifying courses at the University of Lethbridge in the first semester:

Health Sciences 2120 - Counselling II (Group Counselling)

Health Sciences 2245 - Assessment of Addictions

Psychology 1000 - Basic Concepts of Psychology

Sociology 1000 - Introduction to Sociology

One of:

Library Science 2000 - Library Research and Information Systems

Writing 1000 - Introduction to Academic Writing

A course approved by the Dean of Health Sciences

For details please consult an Academic Advisor in the Faculty of Health Sciences. Courses for which transfer credit is being sought must be discussed at the time of acceptance into either of the Post-Diploma B.H.Sc. programs at the University of Lethbridge.

6. Bachelor of Health Sciences - Public Health Program

Students will be allowed to transfer a maximum of 20 semester course equivalents (60.0 credit hours) into the program. For details please consult an Academic Advisor. Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Public Health Program at the University of Lethbridge. Students with transfer credit for five or more courses (15.0 credit hours) should consult with an advisor prior to the first semester to develop an individual course sequencing plan. This may allow the student to reduce the number of semesters required to complete the program.

b. Independent Study

Students with a cumulative GPA of 3.00 or higher may be permitted to earn credit by Independent Study - Health Sciences 4990 and Nursing 4990. Independent Study normally may be undertaken only in areas not covered by courses offered in the curricula.

No student shall receive credit for more than three Independent Studies in the program, except with prior permission of the Dean (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**).

Independent Study proposals must be submitted to a Faculty member, who selects one additional Faculty member to examine the proposed study. Formal registration occurs after approval by the Faculty members and the Dean.

Students are required to register the study in the semester in which the work is expected to be completed.

6. ACADEMIC STANDARDS

a. In Good Standing

To be in good standing a student must maintain a minimum cumulative grade point average of 2.00 for all courses and 2.50 for required Nursing, Health Sciences, or Public Health courses.

b. Academic Probation

A student shall be placed on academic probation if the term grade point average and/or cumulative grade point average falls below the minimum listed below for all courses or below the minimum listed below for required Nursing, Health Sciences, or Public Health courses for one semester at the University of Lethbridge. It should be noted that Post-Diploma students and students coming from LC or MHC in the collaborative programs are considered to have a minimum of 20 course credits.

Number of Completed Courses	GPA	GPA
	All Courses	Nursing, Health Sciences, and Public Health
1-10	1.70	2.00
11-20	1.85	2.30
21-40	2.00	2.50

c. Required Withdrawal for One Full Year

A student shall be required to withdraw if the term grade point average and/or the cumulative grade point average falls below the minimum listed above for all courses or 2.50 for required Nursing, Health Sciences, or Public Health courses for two or more consecutive semesters at the University of Lethbridge. Students will only be required to withdraw at the end of the Spring Semester. Students in the NES A B.N. program will be required to withdraw from the program, at the end of the second semester with a GPA below the minimum as noted above, regardless of when it falls in the academic year, but will be allowed to continue at the University as Open Studies Students until the end of the Spring Semester.

A student dismissed for academic reasons may apply for readmission after a lapse of one full year. Students dismissed for a second time will not be re-admitted to the program.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Health Sciences upon readmission after required

withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P', up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

A student who completed courses in another School, Faculty or institution during the period of required withdrawal from the Faculty of Health Sciences is not permitted to count such courses for credit toward the minimum total number of courses required for either a Bachelor of Nursing or Bachelor of Health Sciences degree.

Where a course has both theory and practice components, students must satisfactorily complete both in order to receive credit.

Students are subject to the general rules and regulations of the agencies with which they are affiliated during practice experiences. Students may be required to withdraw for violations of professional conduct (see **Section 8. Standards of Professional Conduct**, below).

Faculty members who are supervising clinical practice experiences may require a student to leave a clinical setting at any time if, in the opinion of the Faculty member, the student's practice threatens patient/client safety or is disruptive to patient/client care. The Dean will review the case in a timely fashion to determine whether, and under what conditions, the student may return to the clinical setting.

7. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters. There are two ways to qualify for the Dean's Honour List:

1. Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses; or,
2. Students completing three or fewer courses in one semester must achieve a grade point average of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including the current semester.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees "With Distinction" or "With Great Distinction."

Students with a Graduation GPA of 3.5 to 3.74 are awarded their degree "With Distinction." Students with a Graduation GPA of 3.75 or higher are awarded their degree "With Great Distinction."

For purposes of awarding degrees "With Distinction" or "With Great Distinction," the Faculty of Health Sciences determines a Graduation grade point average by factoring actual grades on transfer courses into the University of Lethbridge cumulative grade point average.

8. STANDARDS OF PROFESSIONAL CONDUCT

The Faculty of Health Sciences at the University of Lethbridge, along with our collaborative partners at Lethbridge College, is committed to maintaining freedoms of thought, belief, opinion and expression for students. The programs also have an obligation to foster academic freedom within the context of relevant professional standards of conduct and with the goal of assisting students to becoming practicing health professionals. The standards outlined below give direction to behaviours which must be visible to all instructors within the program and related courses. These standards are in addition to the standards of Academic and Non-Academic Conduct for the University of Lethbridge outlined in **Part 4 - Academic Regulations** of this Calendar. **Serious violations of the standards of professional conduct may result in a student being disciplined, including being suspended or expelled from the program. A student disciplined in this way may appeal under Part 4 - Academic Regulations, Section 8. (p. 82) of this Calendar.**

a. Bachelor of Nursing Programs

Students and faculty are bound by the Standards of Practice of the College and Association of Registered Nurses of Alberta and the Code of Ethics of the Canadian Nurses Association (CNA) (2008). The central values outlined in the CNA Code are:

1. **Health and Well-Being:** Nurses value health and well-being and assist persons to achieve their optimum level of health in situations of normal health, illness, injury or in the process of dying.
2. **Choice:** Nurses respect and promote the autonomy of clients and help them to express their health needs and values, and to obtain appropriate information and services.
3. **Dignity:** Nurses value and advocate the dignity and self-respect of human beings.
4. **Confidentiality:** Nurses safeguard the trust of clients that information learned in the context of a professional relationship is shared outside the health care team only with the client's permission or as legally required.
5. **Fairness:** Nurses apply and promote principles of equity and fairness to assist clients in receiving unbiased treatment and a share of health services and resources proportionate to their needs.
6. **Accountability:** Nurses act in a manner consistent with their professional responsibilities and standards of practice.
7. **Practice environments conducive to safe, competent and ethical care:** Nurses advocate practice environments that have the organizational and human support systems and the resource allocations necessary for safe, competent and ethical nursing care.

b. Bachelor of Health Sciences - Addictions Counselling Programs

The ethical standards expected of students and faculty are those found in the Standards of Practice and Code of Ethics of the Canadian Counselling Association (CCA) (1999). The CCA code is very lengthy and students are

required to familiarize themselves with the details, located at the following website, as directed by their instructors: www.ccacc.ca/coe.htm

The fundamental principles of the CCA Code are:

1. **Respect for the dignity of persons**
2. **Not willfully harming others**
3. **Integrity in relationships**
4. **Responsible caring**
5. **Responsibility to society**
6. **Respect for self-determination**

c. Bachelor of Health Sciences - Public Health Program

The ethical standards expected of students and faculty are guided by the Public Health Code of Ethics of the Public Health Leadership Society [PHLS] (2002) and the American Public Health Association [APHA] (2002). Currently, a public health code of ethics is under review by the Public Health Agency of Canada and public health partners. The values and beliefs underlying the PHLS/APHA Code of Ethics for Public Health are as follows:

1. **Health & Wellbeing:** Humans have a right to the resources necessary for health and wellbeing. The Universal Declaration of Human Rights is affirmed by public health practitioners.
2. **Community:** Humans are inherently social and interdependent. Positive relationships (among individuals, families, groups, institutions, and communities) contribute to healthy communities. Each person in a community should have an opportunity to contribute to public discourse. Collaboration is a key element to public health. The rights of individuals and one's right to make decisions for one's self must be balanced against the common good and impacts on other people (e.g., vulnerable members of society).
3. **Trust:** Communication underlies public trust and the development of trusting relationships. Factors that contribute to trust include: truth telling, transparency, accountability, reliability, and reciprocity. Listening as well as speaking is a critical part of reciprocity and communication with communities.
4. **Interdependence:** People (individuals, families, and communities) and their environments (physical and social) are interdependent.
5. **Basis for Action:** Knowledge is important and powerful. Science is the basis for much of public health knowledge (including both qualitative and quantitative methods). Knowledge is not morally neutral and often demands action. Public health practitioners have a moral obligation to share what is known, to work in collaboration with communities/partners, and to take timely action based on what is known.
6. **Respect & Dignity:** Respect for the fundamental value and dignity of each human being informs public health action. Information alone is not adequate as a

basis for action. Values inform the application of information or the choice of action in the absence of information.

I. PHILOSOPHY AND PROGRAMS

The Faculty of Management incorporates in its program the University of Lethbridge philosophy of providing a liberal education. The program encourages personal growth through the enhancement of knowledge about the individual and society and our political and economic environments and through development of interpersonal abilities, habits of precise reasoning and confidence in professional skills.

The Faculty offers a four-year, 40-course program leading to the Bachelor of Management degree (B.Mgt.). The first year is spent in preparatory study in the Faculty of Arts and Science while the final three years are devoted to professional study in Management.

Within the B.Mgt. program, students may choose one of the following majors: Accounting; Computer Science; Economics;

First Nations' Governance; Finance; General Management; Human Resource Management and Labour Relations; Information Systems; International Management; Marketing; and Political Science.

The Faculty offers a two-year, 20-course Post-Diploma program leading to the Bachelor of Management degree (or 24 courses for students taking the Post-Diploma Qualifying program). The Post-Diploma program is open to students holding an approved college diploma in business administration, management or a related discipline (see **Part 20 - Collaborating and Partnering Institutions** for a list of colleges with approved diplomas). Majors available are Accounting; Finance; First Nations' Governance; General Management; Human Resource Management and Labour Relations; Information Systems; International Management; and Marketing.

The Faculty also offers a 25-course Post-Diploma program with a General Management major leading to the Bachelor of Management degree. This program is available to graduates of the Olds College Land Agent diploma.

Management Certificate programs for both degree-holding and non-degree students are also offered in the fields of Finance; First Nations' Governance; General Management; Human Resource Management and Labour Relations; Information Systems; International Management; and Marketing.

The Faculty of Management offers a ten-course Post-Baccalaureate Certificate in Accounting for those students seeking a professional CA, CMA or CGA designation.

The Faculty of Management also offers a Bachelor of Management (B.Mgt.) as a second degree program (see **Section 13, p. 234**).

The Faculty also offers minors in Information Systems, New Media, Social Responsibility, and Supply Chain Management (see **Section 12. Minors, p. 233**).

2. FACULTY OF MANAGEMENT CAMPUSES

The Faculty of Management offers programs on three campuses: Calgary, Edmonton, and Lethbridge. On the Lethbridge campus, students can pursue all programs and majors offered by the Faculty of Management.

The Calgary and Edmonton campuses serve adult learners who may be in the work force wanting to further their education. These campuses offer the B.Mgt., Post-Diploma B.Mgt., second degree in Management, the PBCA, and other Management Certificates. Combined Degrees programs (B.A./B.Mgt., B.Sc./B.Mgt., B.Mgt./B.Ed., and Post-Diploma B.Mgt./B.Ed.) cannot be completed in their entirety on the Calgary or Edmonton campuses, and all Combined Degrees applicants will be assigned to the Lethbridge campus (see **Section 4., p. 218**). The following majors may be completed on the Calgary and Edmonton campuses: Accounting, Finance, General Management, Human Resource Management and Labour Relations, International Management, and Marketing. For all other majors, contact the campus offices.

Pre-Management applicants are eligible to attend the Calgary or Edmonton campuses if they qualify under one of the following admission routes:

- High school admission plus three years of work experience beyond high school
- Adult student (mature) admission (see **Part I, p. 34**)
- Transfer student admission (see **Part I, p. 33**)

(Contact the campus offices for more information.)

Pre-Management students admitted on this basis who do not later qualify for admission to the B.Mgt. program would have to transfer to the Lethbridge campus to complete any other University of Lethbridge program for which they are qualified for admission.

3. ADVISING AND INFORMATION

The need for programs to meet degree requirements makes it essential for new and returning students to seek advice concerning their academic goals, program and standing.

Even though the B.Mgt. program requires one year of study in the Faculty of Arts and Science prior to admission to the Faculty of Management, students should obtain advice in their first semester concerning requirements for admission to the Faculty of Management.

Students must obtain the approval of the Faculty of Management for:

- a. Admission to Management programs.
- b. Advance approval of programs based on transfer credit.
- c. B.Mgt. as a second degree.
- d. Authorized study at other universities.

Students may obtain advice and information from the Faculty of Management Undergraduate Programs Office for:

- a. Program selection and planning.
- b. Academic regulations and degree requirements.
- c. Grading system and appeals.
- d. Future scheduling of courses.
- e. Prerequisite(s), corequisite(s), and recommended backgrounds.
- f. Availability of Independent and Applied Study.
- g. Eligibility for the Post-Diploma Program.

4. ADMISSION

Students applying to Management programs are advised to refer to **Section 2, p. 218** and **Part 1, Section 3, p. 28**.

a. Bachelor of Management (B.Mgt.)

Admission to the Bachelor of Management degree program in the Faculty of Management occurs at the second-year level of university studies and is based on the following requirements:

1. Completion of 10 courses which must include:
 - Economics 1010 - Introduction to Microeconomics
 - Economics 1012 - Introduction to Macroeconomics
 - Statistics 1770 - Introduction to Probability and Statistics

Seven courses (21.0 credit hours) from any faculty outside of Management

Depending on which major is chosen, a certain number of the seven courses from any faculty outside of Management must be Arts & Science or Fine Arts courses in order to meet the requirements of the major and the General Liberal Education Requirement. Refer to **Section 10.b., Major Requirements (p. 223)** for further information. Students should consult program planning materials and complete certain courses in the recommended semesters in order to graduate on schedule.
2. A minimum combined cumulative grade point average at or above the current admission cut-off. The grade point average is calculated on all completed transferable post-secondary courses.

3. In addition to the GPA requirements in **4.a.2.** above, students who have taken courses at the University of Lethbridge must have a minimum cumulative GPA of 2.00 or higher on these courses.

4. A minimum grade of 'C-' must be obtained in Economics 1010, Economics 1012 and Statistics 1770.

For students who subsequently have completed an advanced-level course in the discipline, whose prerequisite is a course with a grade less than 'C-', and who receive a grade which is at least a 'B' in the advanced-level course, the 'C-' grade requirement will be waived.

Students who change their program and who have received a 'Cr' grade in a course required for admission to the Faculty, upon presenting proof from the Registrar's Office and Student Services (ROSS) that their actual grade was at least a 'C-', will not be required to repeat that course to obtain at least a 'C-' grade. However, the student's actual grade will be used for internal purposes, such as calculation of admission GPA and calculation of Management GPA.

5. Registered students seeking a degree may take a maximum of five 3000/4000-level Management courses, including transfer courses, prior to being admitted to the Faculty.

b. Post-Diploma Bachelor of Management (20 course)

1. A student may gain admission to the Post-Diploma Bachelor of Management Degree program by completing an approved diploma in business administration or management with a cumulative program grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

2. Qualifying Program

Some approved college diplomas are not directly admissible to the Post-Diploma Bachelor of Management Degree program (based on program content). For these diplomas, a student may enter the Post-Diploma Bachelor of Management Degree program by successfully completing the Qualifying program. For current information on approved diploma programs, see www.uleth.ca/postdiploma.

A student may gain admission to the Qualifying program by completing one of these approved diplomas in business administration, management, or a related discipline with a cumulative grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

See **Section 11.a (p. 229)** for details on the courses in the Qualifying program.

For current information on approved diploma programs, see www.uleth.ca/postdiploma/.

c. Post-Diploma Bachelor of Management (25 course)

A student may gain admission to the Post-Diploma Bachelor of Management Degree (25 course) program by completing a Land Agent Diploma at Olds College with a cumulative program grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

d. Co-operative Education Studies

Admission requirements for the Co-operative Education majors include the same courses as for the respective non-Co-operative Education route. For details on the Co-operative Education program, see **Section 5 (p. 220)**.

Co-op students are selected on the basis of grade point average and the ability to perform in a work setting. Other factors such as work experience, extracurricular activities and volunteer positions are considered when selecting participants for the Co-operative Education Studies program.

e. Bachelor of Management as a Second Degree (B.Mgt.)

Admission to the Bachelor of Management Second Degree program in the Faculty of Management occurs following completion of an approved degree, other than the degree B.Comm. or its equivalent. An approved degree is a baccalaureate degree (with 30 courses or more), or its academic equivalent, from a recognized degree-granting institution. Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean of the Faculty of Management.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Management will be considered with the prior approval of the Dean. The decision of the Faculty will be final in these matters.

f. Certificate Program in Management

Admission to this program is possible through four admission routes (see **Part I - Admission**):

- Eight or more transfer courses
- A College Diploma
- A previous undergraduate degree
- Adult applicants who are 21 years of age or older. Please refer to **Section 3.c. Adult Student (Mature) Admission Route (p. 34)**. Note that, in most cases, English Language Arts 30-1 and Pure Mathematics 30 or Mathematics 30 are required.

Courses for the Certificate program in Management are listed in **Section 16 (p. 235)**.

g. Post-Baccalaureate Certificate in Accounting

Admission requirements to the Post-Baccalaureate Certificate in Accounting (PBCA) consist of an undergraduate university degree and a GPA of at least 2.0. Courses for the Post-Baccalaureate Certificate in Accounting program in Management are listed in **Section 16.f (p. 237)**.

Note: The PBCA replaces the Professional Accounting Diploma.

h. Limitation on Enrolment: Programs and Quotas

There are enrolment limits on the number of students admitted to programs in the Faculty of Management. Students should note that satisfactory completion of the admission requirements does not guarantee admission to Management programs. Admission to the program is competitive and is based upon academic achievement prior to admission as

assessed by the Faculty of Management, whose decision shall be final.

i. Time Limit for Retention of Course Credit

Students may receive credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Faculty of Management.

Eligible diplomas for the Post-Diploma Bachelor of Management Degree program can be no more than eight years old.

j. Conditional Admission

Conditional admission to the Faculty of Management may be offered to applicants in the following situations:

1. Four-year Bachelor of Management

2. Post-Diploma

Applicants who are offered conditional admission must meet the conditions specified in their Letter of Offer. Applicants who fail to meet these conditions will have their offers of admission rescinded.

Note: *Students who plan to pursue one major and subsequently change to another major will be required to complete all compulsory courses for the new major.*

k. Returning After an Absence from the Faculty of Management

Students returning after no more than a two-year absence may be readmitted to their program of studies in the Faculty of Management upon application to the University and the Faculty.

1. Management students in good standing who are returning after an absence of up to two years are eligible to return to their previous program of studies regardless of the current admission GPA.
2. Any student who takes transferable post-secondary courses during an absence must meet the current admission GPA requirement, grades on transferable courses included.

Applicants who possess the degree B.Comm. or its equivalent from a recognized institution are not admissible to the B.Mgt. program.

5. CO-OPERATIVE EDUCATION STUDIES

Co-operative education is a program that integrates students' academic studies with full-time remunerated work experience directly related to their major area of study. Co-operative Education provides a well-rounded education and enriches academic knowledge with practical experience totalling 12 to 16 months. Three partners in Co-operative Education—the Co-op Coordinator, the Faculty of Management and employing supervisors—share in the intellectual growth and the professional and personal development of the Co-op Student. Co-operative Education students must complete all the degree requirements of the Bachelor of Management or the Post-Diploma B.Mgt. In addition to those requirements, the courses required in Years Three and Four for Management Co-operative Education are listed below:

a. Work Term Requirements

- Management 3002 - Work Experience I
- Management 3003 - Work Experience II
- Management 3004 - Work Experience III

Three optional four-month Co-op work terms may be served extra to degree prior to the conferral of the B.Mgt. degree:

- Management 3005 - Work Experience IV
- Management 3008 - Work Experience V
- Management 3009 - Work Experience VI

Students must be registered for the entire duration of the work term(s) applied for and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause ('WC'), in accordance with University of Lethbridge policy (see **Part 4, Section 3, p. 68**). Where approval is granted by the Coordinator of Co-operative Education and the Director of Student Program Services, a 'WC' will be entered on the transcript. Tuition fees will be assessed as per the University's Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education Programs (B610; tel. 403-380-1810).

b. Transfer of Co-op Work Terms

For the purpose of fulfilling the Management Co-operative Education requirement of three work term courses to earn the Co-op designation, a maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Management Co-op office. An approved co-op work term must be registered as a non-academic course on the student's transcript from the sending institution, and must have received a passing grade (either a letter grade or 'Pass').

6. ACADEMIC STANDARDS

To retain satisfactory academic standing students must maintain a cumulative grade point average of 2.00 or above at all stages in their progress toward a degree or certificate.

a. Academic Probation

If the term grade point average falls below 1.70 for one semester and/or the cumulative grade point average falls below 2.00 for one semester at the University of Lethbridge, the student is placed on academic probation.

b. Required Withdrawal for One Full Year

Students will be required to withdraw only following the Spring Semester. If the term grade point average falls below 1.70 for two or more consecutive semesters and/or the cumulative grade point average falls below 2.00 for two or more consecutive semesters at the University of Lethbridge, the student will be required to withdraw for one full year.

A student who has taken fewer than five courses at the University of Lethbridge will not be required to withdraw.

A student who completes courses in any School, Faculty or institution during the period of required withdrawal from the Faculty of Management is not permitted to count such courses for credit toward the B.Mgt. degree.

Should a student take a course or courses which are required for fulfillment of his/her degree, additional courses will be assigned to meet that requirement. A student may repeat courses to raise his/her grade point average.

A student required to withdraw for academic reasons must wait a minimum of 12 months from the date of the required withdrawal to reapply. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and remedied. The Faculty of Management does not guarantee that students who have been Required to Withdraw will be permitted to return to their previous program of studies. A student who is readmitted after a required withdrawal is placed on academic probation for the next semester in which he/she registers.

7. REGULATIONS THAT APPLY TO COURSES TAKEN IN MANAGEMENT

a. Course Load

The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours) in the Fall and Spring semesters (see **Part 2 - Registration, Section 6.b. Maximum Credit Hours, p. 52**). Students may accelerate their programs by carrying heavier study loads or by attending Summer Sessions (see **Summer Session chart, p. 52**). Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

b. Course Enrolment Limits

Enrolment limits are placed on Management courses to maintain the quality of instruction.

c. Prerequisite(s), Corequisite(s), and Recommended Background

Course prerequisites and corequisites must be met. Only students with the appropriate prerequisite(s) and/or corequisite(s) are considered for enrolment. For some courses, a recommended background is listed instead of, or in addition to, the prerequisite(s) and/or corequisites(s) so that the student may judge his or her own academic preparation (see **Part 14 - Courses, Section 4.d.5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions, p. 304** and **Part 4 - Academic Regulations, Policies and Program Requirements, Section 3.d. Waiver of Prerequisite/Corequisite, p. 71**).

d. Applied Studies

Applied studies provide an opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Management students may earn a maximum of 18.0 credit hours in applied studies (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**), broken down as follows:

- a maximum of 6.0 credit hours in Management 3980-3981,
- a maximum of 6.0 credit hours in Management 4980-4981, and
- a maximum of 6.0 credit hours in Applied Studies 2000/2001 and Applied Studies 2010/2011.

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (B610; tel. 403-329-2000).

e. Transfer Credit

Transfer students who bring in Management 2001 or Management 2xxx may use one of these courses to replace one non-Management elective in the 40-course Bachelor of Management or the 50-course B.Mgt./B.Ed.

f. Independent Study

A student may be permitted to earn credit by Independent Study, designated by the numbers Management 3990 or Management 4990. An Independent Study may not be used to duplicate course offerings.

A proposal for study must be submitted to a Faculty member who will supervise the proposed study. The student may proceed with a formal registration of the study when approval from the instructor and the Dean of the Faculty of Management has been obtained. It is advisable to register in the study in the semester in which the work is expected to be completed.

All applications for Independent Studies shall be reviewed by a committee of the Faculty of Management and no grade shall be registered until approved by the committee. Completion of a written research report is required; contact Student Program Services in the Faculty of Management for details.

The grading mode is standard.

The prerequisite for Management 3990 is third-year standing (a minimum of 60.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

The prerequisite for Management 4990 is fourth-year standing (a minimum of 90.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

No student shall receive credit for more than three such Independent Studies while registered in the Bachelor of Management or Post-Diploma Bachelor of Management programs (see **Part 4, Section 3.c, Exceeding Course Limits, p. 71**).

Program	How GPA is Calculated
Management Certificate	GPA calculated on all Mgt. and non-Mgt. courses (from 5-10), required for the Mgt. Certificate, taken at the UofL

- The 20 courses needed for GPA calculation will be counted starting from the most recent courses completed to the least recent. If the 20th course falls in a semester where the student has completed more courses than needed for GPA calculation, the courses with the highest grades in that semester will be used.
- May be less than 7 Arts and Science courses.

8. GRADUATION

a. Minimum Grade Requirement

Students must meet the minimum grade requirement specified for their program—see Bachelor of Management (p. 223), Post-Diploma Bachelor of Management (p. 229), Certificate Programs (p. 235), B.A./B.Mgt. or B.Sc./B.Mgt. (p. 275), B.Mgt./B.Ed. (p. 272), and Post-Diploma B.Mgt./B.Ed. (p. 298).

- specific Management and Arts and Science courses, which are required for the chosen major.

A minimum of 15 courses, including ten 3000/4000-level Management courses, must be completed at the University of Lethbridge, extra to the first degree, in order to satisfy the residence requirement. Second degree programs will be developed individually and will be a maximum of 25 courses in length. Courses completed as part of a first degree may be used to waive course requirements in the B.Mgt. as a second

degree. Such waivers will be decided at the time of admission by the Undergraduate Programs Office in the Faculty of Management.

14. DOUBLE MAJORS

Although the Faculty of Management does not recognize double majors as official student programs leading toward a Bachelor of Management degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for two majors.

Double majors can only be formed by completing the requirements of two established single disciplinary majors.

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within four consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Management Academic Advisors.

15. COMBINED DEGREES

There are Combined Degrees leading to the degrees B.A./B.Mgt., B.Sc./B.Mgt., B.Mgt./B.Ed. and Post-Diploma B.Mgt./B.Ed. I. BASIC INFORMATION

Combined Degrees at the University of Lethbridge are generally 50 courses (five years) in length and provide students with the opportunity to meet the requirements for two degrees offered by two different Faculties. Note that some Combined Degrees programs require more than 50 courses. Students must be admitted to both Faculties responsible for a particular Combined Degrees program before they may be registered formally in the program. However, students are usually admitted initially to a pre-Combined Degrees program in the Faculty of Arts and Science, or the Faculty of Fine Arts for programs including the B.F.A. or B.Mus., where they remain for the first two years of the program, regardless of which Faculties are responsible for the particular Combined Degrees program the student intends to pursue. Students may be admitted to the Combined Degrees program after completion of 20 courses. Transfer students may be admitted directly to a Combined Degrees program if they meet admission requirements.

3. BACHELOR OF ARTS/BACHELOR OF EDUCATION BACHELOR OF SCIENCE/BACHELOR OF EDUCATION

a. Admission

Students begin this program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Arts and Science may declare their intention of completing the combined B.A./B.Ed. or B.Sc./B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are

designated pre-B.A./B.Ed. or pre-B.Sc./B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: *The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.*

Note: *While application for admission after 20 courses is the preferred academic plan, those students who have completed 30 or more courses may also apply for admission to this program.*

1. Faculty of Education Admission Requirements for the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees Program

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. The deadline for application to the Faculty of Education is May 1.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500 and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

- a. Completion of a minimum of 19 Arts and Science courses.

Education courses (other than Education 2500) taken at the University of Lethbridge **before** the completion of Professional Semester I **do not** contribute to the fulfillment of B.Ed. program requirements.

Students who transfer from another institution with 20 courses will be considered for admission with a minimum of 15 Arts and Science courses and 5 appropriate Education courses.

**Has prerequisite (Engineering 2000) that is not part of this major.*

Biology 1010 - Cellular Basis of Life is highly recommended for all students in the B.Sc./B.Ed. program whose major is Chemistry.

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society for Chemistry nor is it normally sufficient, in the absence of further study in the field, for pursuing

graduate studies in Chemistry at a Canadian university.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Departmental advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

Suggested Sequencing Plan

**Engineering 2000 and Mathematics 1560 are prerequisites for Engineering 2060.*

Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for such courses except Physics 3750 and some offerings of the Physics 3900 series.

It is recommended that Physics majors in Combined Degrees include courses in Biology, Chemistry, Computer Science and Mathematics.

Since a number of senior-level Physics courses are offered only in alternate years, students are advised to plan carefully to include the desired courses.

Consequently, students who intend to pursue a degree program with a major in Physics are strongly advised to seek help in planning their program from the Department of Physics and Astronomy.

The major in Physics for the Combined Degrees program provides a strong foundation in Physics, but it is not normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Physics at a Canadian university.

Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Fine Arts (through admission to the University) and the Faculty of Education. Students begin their Combined Degrees program in the Faculty of Arts and Science where they must meet the requirements both for their Arts and Science major and for admission to the Faculty of Management. Students may be admitted to the pre-B.A./B.Mgt. or pre-B.Sc./B.Mgt. when they are admitted to the University. After 10 courses, students may apply to the Faculty of Management and, if accepted, will be formally registered in the B.A./B.Mgt. or B.Sc./B.Mgt. program. Students are not officially in the Combined Degrees program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and to the Faculty of Management. If a student is admitted to the Combined Degrees program and subsequently chooses or is required to withdraw from the Faculty of Arts and Science or the Faculty of Management, he or she must make formal application to the Faculty in which he or she intends to pursue a degree.

I. Faculty of Management Admission Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt.

There are enrolment limits on the number of students admitted to programs in the Faculty of Management. Students should note that satisfactory completion of the admission requirements does not guarantee admission to Management programs. Admission to the program is competitive and is based upon academic achievement as assessed by the Faculty of Management, whose decision shall be final.

Students must meet the following minimum qualifications for admission to the Faculty of Management:

- a. Completion of 10 courses which must include:

Biology 1010 - Cellular Basis of Life is highly recommended for students in the B.Sc./B.Mgt. program whose major is Chemistry.

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society for Chemistry nor is it normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Chemistry at a Canadian university.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently,

students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Departmental advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

a. Admission

Students begin the program classified as Pre-Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. or Pre-Post-Diploma B.Mus./B.Ed. in the Faculty of Fine Arts. After completion of 10 courses, including Education 2500 (or equivalent), students must apply to the Faculty of Education. Students are not officially in the Post-Diploma Combined Degrees program until they have been admitted to BOTH the Faculty of Fine Arts and the Faculty of Education.

Note: *The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.*

1. Faculty of Fine Arts Admission Requirements for the 35-Course Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. or Post-Diploma B.Mus./B.Ed.

- a. Completion of an approved* two- or three-year college diploma in Art, Theatre or Dramatic Arts or Music with a GPA of 2.50.

**Approved by the Dean of the Faculty of Fine Arts in consultation with representatives from the academic discipline. Approval is dependent upon the college's program containing the courses required for the first two years of the B.F.A. (Art or Dramatic Arts) or the B.Mus. The college program must include a minimum of 16 courses in the discipline.*

- b. Portfolio/audition appropriate to the area of application:

Art: See Art Portfolio instructions in **Part 9 - Fine Arts, Section 3.a. Bachelor of Fine Arts (Art) and pre-Bachelor of Fine Arts (Art)/Bachelor of Education, p. 178.**

Theatre/Dramatic Arts: A collection of materials representative of recent theatre experiences as a performer, designer, technician, etc. A typical sample: a list of productions, roles, reviews. Also photographs, programs, video tape.

The deadline for application to the Faculty of Education is May 1.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500 and grade point average calculated on all UofL and

transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

- a. A minimum grade point average of 2.50 calculated on all UofL and transferable courses completed within the semesters containing the last 20 courses. If any part of the diploma falls within the last 20 courses (60.0 credit hours), the entirety of the diploma (i.e., diploma GPA) is considered in the computation.
- b. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all diploma courses.
- c. Credit in Education 2500 (Practicum I - Orientation to Teaching), or equivalent, including a favourable recommendation from the instructor (see **Part 8 - Education, Section 6.b.4. Education 2500 Prerequisite, p. 165**).

 - obtaining a grade of 75 percent or higher on the English Language Arts 30-I Alberta Diploma exam
 - obtaining a final grade of 80 percent or higher in English Language Arts 30-I or its equivalent from any province
 - passing the Alberta Universities' Writing Competence Test (AUWCT)
 - obtaining a pass in the 'Writing for University' course
 - obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in Writing 1000
 - obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in a university English course
 - successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

- e. Completion of an acceptable portfolio/performance audition and interview for those students in the Post-Diploma B.F.A. (Dramatic Arts)/B.Ed. or Post-Diploma B.Mus./B.Ed. programs.
- f. Special Case Admission
Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See **Part 8 - Education, Section 4.b. Special Case Admission (p. 162)** for details.

- g. **Aboriginal Special Case Admission**
The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See **Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 162)** for details.

Students are not officially in the Post-Diploma Combined Degrees program until they have been admitted to BOTH the Faculty of Management and the Faculty of Education.

Note: *The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.*

1. Faculty of Management Admission Requirements for the 35-Course Post-Diploma B.Mgt./B.Ed

- a. A student may gain admission to the Post-Diploma Bachelor of Management Degree program by completing an approved diploma in business administration or management with a cumulative grade point average (GPA) at or above the current admission cut-off and not less than 2.0.
- b. For some approved college diplomas (based on program content), students may gain admission by successfully completing the Qualifying program.

See **Part 11 - Faculty of Management, Section 11.a (p. 229)** for details on the courses in the Qualifying program.

2. Faculty of Education Admission Requirements for the 35-Course Post-Diploma B.Mgt./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. The deadline for application to the Faculty of Education is May 1.

There are enrolment limits on the number of students admitted to the Faculty of Education. Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500 and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

- a. A minimum grade point average of 2.50 calculated on all UofL and transferable courses completed within the semesters containing the last 20 courses. If any part of the diploma falls within the last 20 courses (60.0 credit hours), the entirety of the diploma (i.e., diploma GPA) is considered in the computation.

- b. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all diploma courses.
- c. Credit in Education 2500 (Practicum I - Orientation to Teaching), or equivalent, including a favourable recommendation from the instructor (see **Part 8 - Education, Section 6.b.4. Education 2500 Prerequisite, p. 165**).
- d. Demonstrated proficiency in written and oral English. A student may meet the Writing Proficiency Requirement in any of the following ways:
 - obtaining a grade of 75 percent or higher on the English Language Arts 30-I Alberta Diploma exam
 - obtaining a final grade of 80 percent or higher in English Language Arts 30-I or its equivalent from any province
 - passing the Alberta Universities' Writing Competence Test (AUWCT)
 - obtaining a pass in the 'Writing for University' course
 - obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in Writing 1000
 - obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in a university English course
 - successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

- e. Special Case Admission

Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See **Part 8 - Education, Section 4.b. Special Case Admission (p. 162)** for details.
- f. Aboriginal Special Case Admission

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See **Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 162)** for details.

b. Faculty of Management Requirements for the 35-Course (105.0 credit hours) Post-Diploma B.Mgt./B.Ed.

1. A minimum grade of 'C-' is required in Statistics 1770; Writing 1000 OR a university English course; all Management courses; and all courses in the major marked with an asterisk (*). Students who take Economics 1010 and/or Economics 1012 as part of their degree requirements must achieve a minimum grade of 'C-'.

Note: The Faculty of Management requires that students complete Writing 1000 or a university English course with a minimum grade of 'C-'. 4. DEFINITIONS

a. Semester

Semester refers to a period of study. Students should consult the **Academic Schedule (p. 16)** at the front of this Calendar to learn the specific dates for the start and end of each semester.

b. Course

Course refers to a unit of study (called a course or course equivalent) normally studied for one semester. A course normally carries a weighting of three credit hours. The University offers some units of study which deviate from this norm.

c. Course Types

1. Applied Studies

An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (B610; tel. 403-329-2000).

2. Independent Study

A course for which credit is earned through individual study under the supervision of an instructor. This option may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Course work may require library and/or field research and/or a major term paper.

Students wishing to improve their grade in an Independent Study course must repeat the section with the identical title (see **Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 70** for more information).

For further information, students should consult the Department or the Faculty member under whom they wish to pursue an Independent Study (see also the Independent Study sections in **Part 7 - Faculty of Arts and Science, p. 112; Part 8 - Faculty of Education, p. 167; Part 9 - Faculty of Fine Arts, p. 183; Part 10 - Faculty of Health Sciences, p. 207; Part 11 - Faculty of Management, p. 221**).

3. Series

A course which is offered regularly at the University of Lethbridge, but whose content may vary with different offerings. Each Series has one number (e.g., Anthropology 3100, English 3700) and different offerings in the series are indicated by the title of the course, as listed in the current semester Timetable. Students may take more than one offering of a series course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Students wishing to improve their grade in a Series course must repeat the section with the identical title (see **Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 70** for more information).

A series course may be specified as a required course in a major or program.

4. Topics

A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Any Faculty or School may offer Topics courses. Each Topics course is identified by the number 2850, 3850, 4850, 5850 or 7850, and different offerings are indicated by the title of the particular section, as listed in the current semester Timetable. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Contact hours for Topics courses may vary according to the nature of the course. Check the specific Topics offering for complete information.

Students wishing to improve their grade in a Topics course must repeat the section with the identical title. From time to time, Topics offerings are made into regularly scheduled courses and listed in the Calendar. In this case, students must complete the regularly scheduled course that corresponds to the particular Topics offering in order to improve their grade (see **Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 70** for more information).

A Topics course cannot be specified as a required course in any major or program.

5. Cross-Listed

Cross-listed courses appear in this Calendar and will appear on the student's academic records in the dual form, for example, Management 2070/ Economics 2070. Such courses do not apply toward the limit of four University accredited courses which may be taken outside Arts and Science.

6. Online

Courses may be offered online or have online components. Such courses are identified in the current semester Timetable. The course information listed in the Calendar (e.g., credit hours, course description, etc.) applies to all offerings of that course.

7. Placeholder

a. Active Student Status

A Placeholder course (e.g., Education 5999, New Media 4999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.

b. Continuing Student Status

A Placeholder course (e.g., Agricultural Studies 3999, Environmental Science 3999, Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain

continuing student status for registration purposes. No credit hours are attached to this Placeholder.

c. Full-Time Status

Professional Semester I and II Placeholder courses (i.e., Education 3599 and Education 3699) which facilitate block-registration arrangements to be finalized by the Faculty of Education. For student loan/scholarship enrolment verification purposes, 15.0 credit hours are attached to this Placeholder.

8. Graduate Level

The Master of Arts (M.A.) and Master of Science (M.Sc.) course requirements are determined at the time of admission to the program. For further information on course requirements, see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**.

The Master of Education (M.Ed.) program requires students to complete core courses and electives to satisfy degree requirements. The courses are listed under 'Education, Master of Education Courses' in this Part. For further information on course requirements for the M.Ed. program, see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**.

The Master of Science (Management) program requires students to complete four modules composed of specific courses listed in this Part under 'Management, Master of Science (Management) Courses'. For further information on course requirements for the M.Sc. (Management) program, see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**.

The Doctor of Philosophy (Ph.D.) course requirements are determined at the time of admission to the program. For further information on course requirements for the Ph.D. program, see the **University of Lethbridge 2010/2011 Graduate Studies Calendar**.

d. Course Elements

1. Subject and Course Number

The subject identifies the course discipline, and the course number identifies the course level (see **Section 3. Course Numbering System, p. 302**).

2. Course Title

A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are bound by the regulations given in **Part 4 - Section 3.b. Repeat of a Course, p. 70**.

Special regulations apply to Topics and Series courses (see **Section 4.c.3. Series, p. 302** and **4.c.4. Topics, p. 303**).

3. Credit Hours

The weighting factor of a course when determining grade point average. Regular full-semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A student requires a minimum of 120.0 credit hours to complete a standard four-year degree at the University of Lethbridge.

4. Contact Hours

There are two types of contact hours: (1) Hours per week, and (2) Other hours. 'Hours per week' are regularly scheduled weekly meeting times, while 'Other hours' are meeting times which are scheduled at irregular times over the semester.

Hours per week (regular): a-b-c

- a - number of required lecture hours per week
- b - number of required laboratory hours per week
- c - number of required hours per week in a different setting (e.g., tutorial)

Other hours (irregular): d-e-f

- d - number of required lecture hours per semester
- e - number of required laboratory hours per semester
- f - number of required hours per semester in a different setting (e.g., tutorial, field trip, rehearsal)

All contact hours may be delivered by a number of means, including, but not limited to, the following:

- a regular University classroom
- a University computer lab
- online
- an off-campus location

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions

Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s), and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.

A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.

For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisites(s) so that the student may judge his or her own academic preparation.

Prerequisites, corequisites, and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.

A prerequisite or recommended background that specifies year of standing indicates that students are expected to have attained a certain level of academic or intellectual advancement prior to registering in a particular course.

For some courses, students may not exceed a defined year of standing prior to registering in the course. These courses are closed to students who have taken more than the specified number of courses or who are beyond the determined year of standing at the time of registration. These limits are applied when a course is targeted to a specific group of junior students.

Although students may choose to have their program requirements governed by the Calendar in effect at the time of their most recent admission to the University (see **Part I - Admission, Section 9.f. Year of the Calendar, p. 46**), all students are bound by the current Calendar with regard to prerequisites, corequisites, and recommended backgrounds for individual courses.

6. Equivalent

Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see **Part 4 - Section 3.b. Repeat of a Course, p. 70**).

Note: A course offered at a given level (2000-, 3000-, 4000-level) will be used to meet requirements only at that level.

7. Substantially Similar

Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see **Part 4 - Section 3.c.1. Substantially Similar Course Limits, p. 71**).

8. Grading

Grading indicates what type of grade will be awarded as defined in **Part 4 - Academic Regulations**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

5. FEES

For complete information about all fees, including additional fees for field trips, major specialty, etc., see **Part 3 - Fees**.

6. TIMETABLE

Normally classes start at 8:00 a.m. on a 50-minute schedule Mondays, Wednesdays and Fridays, and on a 75-minute schedule Tuesdays and Thursdays. Some classes may be scheduled on a Saturday, if necessary, or in the evening. Normal lecture time is three hours per week, excluding laboratories. Special timetabling is arranged for Summer Session.

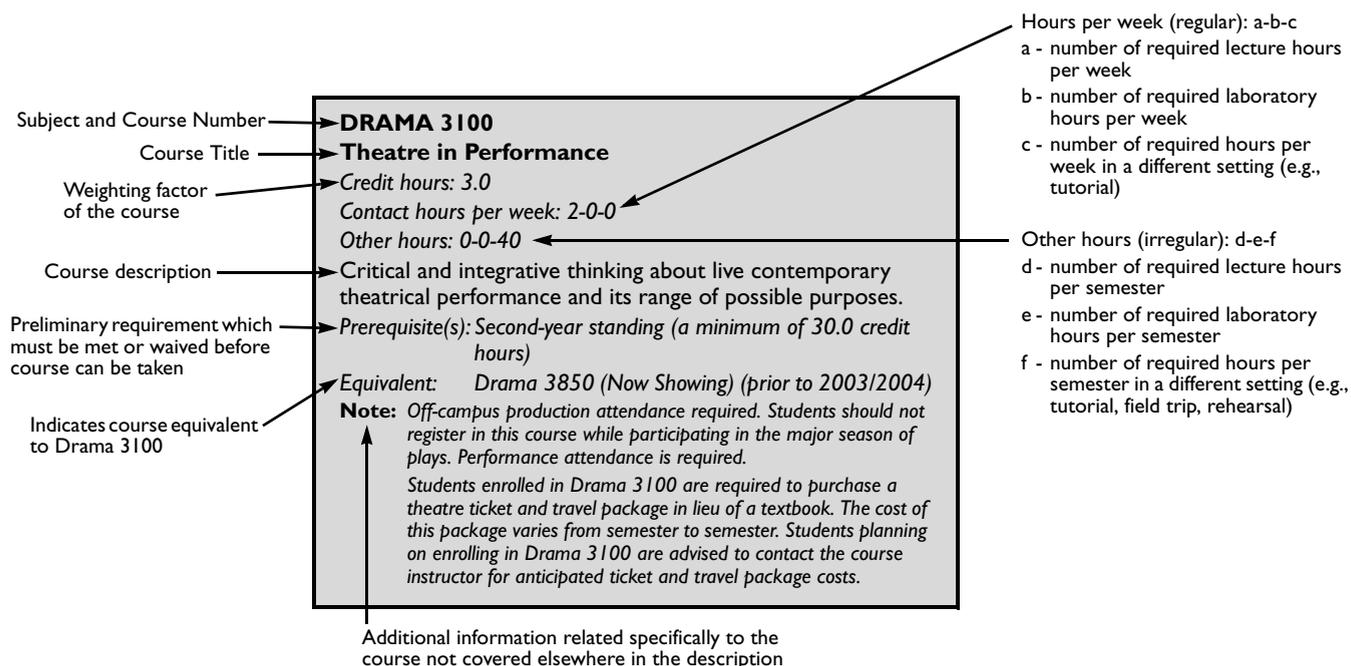

7. DISCLAIMER

The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published.

The University reserves the right to add, modify or withdraw any course or courses without notice.

8. HOW TO READ A COURSE DESCRIPTION

PHILOSOPHY 3409**18th-Century Philosophy: Leibniz to Kant***Credit hours: 3.0**Contact hours per week: 3-0-0*

Does our knowledge of the world come chiefly from reason, or from the senses? In the 18th Century, Leibniz, Berkeley, Hume and Kant focused on the workings of perception, the relation between mind and body, and the foundations of knowledge. The tension between reason and experience that they explored continues to drive work on these problems today, influencing (for example) debates over nature versus nurture in human behaviour.

PHILOSOPHY 3410**Advanced Ethics***Credit hours: 3.0**Contact hours per week: 3-0-0*

How is knowledge about morality possible? Can reason and argument really tell us how we ought to act? And even if we can sometimes know how we ought to act, can morality act as a decisive check on self-interest? This course will examine current accounts of moral reasoning as well as deeper questions about what moral values are.

PHILOSOPHY 3412**Philosophy of Science***Credit hours: 3.0**Contact hours per week: 3-0-0*

Our modern world has been shaped by science, and it is important for all of us to reflect on its meaning and justification. In this course we examine questions such as: How can we tell the difference between science and pseudo-science? Is science literally true? Is science biased by class, culture or gender? What really happens during a scientific revolution? Is there really such a thing as scientific progress? How do scientists test their theories? What factors threaten scientific progress? Are there limits to science? Can we have too much science, or be too much influenced by it? Which scientific developments are philosophically important? This course is accessible to students who are not specialists in science but who have an open mind to new concepts.

*Recommended Background: Logic 2003; At least one 2000-level course (3.0 credit hours) in Philosophy and/or one course designated 'Science'—see **Part 4 - Academic Regulations, Section 11, List III: Science Courses, p. 87***

PHILOSOPHY 3420**Wittgenstein***Credit hours: 3.0**Contact hours per week: 3-0-0*

One of the most important and original philosophers of the 20th Century, Ludwig Wittgenstein influenced philosophical movements (Logical Positivism, Linguistic Philosophy, Logical Behaviourism) and our very conception of the nature of Philosophy. Beginning with the *Tractatus Logico-Philosophicus* (1921) and its picture theory of meaning, this course examines Wittgenstein's Tractarian integration of logic, language, representation, and reality. The course then examines Wittgenstein's intermediate (1929-34) criticism of the Tractatus and his unorthodox views on scientific hypotheses and the illusion of mathematical truth, culminating in an examination of Wittgenstein's later discussions (primarily in *Philosophical Investigations*) of rules, rule-following, language-games, private languages, mind, and certainty.

PHILOSOPHY 3450**Philosophy of War***Credit hours: 3.0**Contact hours per week: 3-0-0*

Though war occupies but a tiny fraction of our lives, its implications influence our every moment. In this course we consider practical questions about the costs and benefits of war, ethical questions about deterrent threats, terrorism, and having and using nuclear weapons, social and psychological questions about the causes of war and the nature of military institutions, and strategic/game theoretical puzzles.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: At least one 2000-level course (3.0 credit hours) in Philosophy

PHILOSOPHY 3460**Philosophy of Peace***Credit hours: 3.0**Contact hours per week: 3-0-0*

For the fortunate, peace is a presumed and unexamined backdrop to our world. We fail to reflect on the practices and institutions that make peace possible; we begin to consider peace only when it is jeopardized. At that point a violent response may seem inevitable. What is peace? How can peace best be pursued in today's world? Are there alternatives to violence in responding to serious conflict? We will explore philosophical and practical aspects of conflict resolution, nonviolent citizen action, pacifism, and just war theory. Also covered are logical and ethical issues in post-conflict reconciliation including collective and individual responsibility, forgiveness, apology, roles of victims and perpetrators, truth commissions, and war crimes trials.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

When no application is required, the award is made automatically on the basis of academic merit.

2. Tenure of Awards

Scholarships administered by the University of Lethbridge are available only to those students pursuing University of Lethbridge programs or to those students enrolled in recognized professional transfer programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is in actual attendance as a full-time student in a study term at the University of Lethbridge.

Exceptions to this requirement are:

- Part-time Awards** - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.
- Immersion Students** - If an award has been granted to a student who will be attending another institution to participate in an approved Visiting Student program, the award will be disbursed to the student. Students must be registered in French 2250, German 2250, or Spanish 2250 at the University of Lethbridge to receive payment.
- Graduating Students** - If a student has been granted an award designated for a graduating student, the student will receive payment of the award without being required to register in the next academic session.

If a student withdraws from full-time studies after having received a payment for an award, unpaid

balances of awards outstanding are forfeited. In addition, grades received in prior years will not be considered a second time for scholarship purposes. Eligibility for future scholarships will be based on future academic achievement.

3. Disbursement of Awards

- a. **Replacement** - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.
- b. **Payment Schedule** - For new students, awards totalling more than \$600 are disbursed in two equal payments: the first on October 1 and the second on February 1. Unless otherwise stated, for continuing students, awards greater than \$1,500 but less than \$3,000 will be released over two academic semesters: the first Fall payment equalling \$1,500 and the second Spring payment equalling the balance of the award. Awards equal to or greater than \$3,000 will be disbursed in two equal payments over the two academic semesters: the first on October 1 and the second on February 1.
- c. **Students Graduating in December** - If the award is paid in two disbursements, the student must be registered in both the Fall and Spring semesters. However, students who graduate in December will receive the second disbursement upon written request to the Coordinator, Scholarships and Student Finance.
- d. **Deductions** - The University may deduct from award payments any funds owed to the University.
- e. According to Canadian Tax regulations all financial awards granted to a student are not considered taxable income. However, students will still receive a T4A information slip for awards paid to them in the calendar year (January - December).

4. Deferral

A request for a deferral must be submitted in writing to the Coordinator, Scholarships and Student Finance by October 31 for the Fall semester and February 28 for the Spring semester. Justifiable reasons for deferral include:

- a. **Unavoidable Circumstances** - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.
- b. **Co-op Students** - Co-op students may not receive an award during a work term. Awards or portions of awards which normally would have been disbursed in the work term will be deferred to the following study term.

5. Returning After an Absence

Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time

attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

6. Posthumous Awards

Financial awards will not be disbursed posthumously.

7. Letters of Appreciation

Where a donor contact is available, award recipients will be expected to write a letter of appreciation to the donor.

c. Measuring Academic Performance for Scholarship Purposes

1. Academic Records

Only academic records from the last five years will be considered for measurement of academic achievement.

2. High School Applicant Awards

These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in **Part I - Admission**. Unless otherwise stated, the minimum admission average required is 80 percent for scholarships and 70 percent for awards.

Equivalent credentials from other educational jurisdictions will be considered in accordance with the Admission guidelines stated in the University of Lethbridge Calendar.

Awards offered to high school applicants based on predicted grades are subject to cancellation or changes to the award value if actual admission averages deviate more than 5 percent or drop below an actual admission average of 80 percent.

3. Transfer Awards

These awards are for students entering the University for the first time and admitted as Transfer applicants as defined in **Part I - Admission**. Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in **Section 1.e. Definition of Terms (p. 445)**. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours while enrolled in a post-secondary level program. These courses must transfer into the program for which the candidate has been admitted to the University. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

4. Post-Diploma Awards

These awards are for students entering the University for the first time and admitted as College Diploma applicants as defined in **Part I - Admission**. Unless otherwise stated, the criterion for post-diploma awards is demonstrated academic achievement measured by the diploma cumulative

program Grade Point Average. The minimum cumulative program GPA required is 3.5 for scholarships and 3.0 for awards.

5. Collaborative Program Awards

These awards are for students who have completed their course work at the collaborating college and are starting their full-time course work at the University of Lethbridge. Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in **Section I.e. Definition of Terms**. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is only given to candidates who have successfully completed a minimum of 24.0 credit hours in the preceding Fall and Spring semesters while attending full-time studies at the collaborating college. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

6. Undergraduate Awards

These awards are for students who are continuing in full-time studies in their undergraduate degree program. Unless otherwise stated, the criterion for undergraduate awards is demonstrated academic achievement measured by the award Grade Point Average as defined in **Section I.e. Definition of Terms**. Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the last two semesters while attending full-time studies at the University of Lethbridge. While 24.0 credit hours is the minimum criterion which applies, all other things being equal, those students taking more than 24.0 credit hours over the academic year will be given priority in the case of a tie. Summer Session courses are not calculated in a student's award Grade Point Average. Unless otherwise stated the minimum award GPA required is 3.5 for scholarships and 3.0 for awards.

For award purposes Pass/Fail courses are included in the 24.0 credit hours; courses designated Credit/Non-Credit are not included in the 24.0 credit hours.

Students with an Incomplete or Continuing grade appearing on their transcript in the last two semesters will have until **August 15** to complete the course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.

7. Athletic Awards

Athletes must have been enrolled in full-time studies (9.0 credit hours) in each of the previous Fall and Spring semesters while participating on a University of Lethbridge Pronghorn athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program. Unless otherwise stated, the minimum award GPA required is 2.0. All athletic awards are subject to Canadian Interuniversity Sport (CIS) regulations.

7. FINANCIAL ASSISTANCE

Application forms and information for Government Financial Assistance Programs are available from the Scholarships and Student Finance Office (SU065, tel. 403-329-2585). General eligibility for full-time assistance is:

- Canadian citizen or Permanent Resident of Canada
- A valid Social Insurance Number
- Study in an approved post-secondary program of at least 12 weeks in length
- Courses must be applied to a recognized certificate, diploma or degree
- Demonstrated financial need.

All government financial aid programs are need based. Students apply for the program through a provincial application form. One application encompasses the Canada Student Loans and Grants program, Provincial Loans and Grants and the Canada Millennium Bursary. The Scholarships and Student Finance Office has all provincial application forms and staff will assist students to determine which application to use. Students must apply to the province which they are considered residents of, not necessarily the province they are attending school in.

The government determines financial need by assessing costs the student will incur for tuition, fees, books and moderate living costs. Savings, part-time earnings, scholarships, assets, and parental contributions may be assessed as resources and formulated as to whether a student has need. Students may appeal the outcome of the government needs assessment.

Allow four to eight weeks for an application to be processed. Students are advised to apply before June 1 for Fall funding. Students will receive a Notification of Assessment with directions on where the loan documents and grant cheques will be sent (either to the school or to the student's address on their application). If the loan document is not certified by the school when the student receives it, the loan document must be taken to the University of Lethbridge Cash Office (AH144). Tuition and fees owing will be deducted from the loan document. The document is then brought to the Scholarships and Student Finance Office (SU065) for official verification of full-time enrolment. The loan document is then sent to the applicable lender or 'service provider'; **check your loan document for instructions on how to get your money. Students are strongly advised to read all applications and documents before signing. Know your rights and responsibilities!**

In semesters when a returning student who has previous government student loans does not take out additional student loans, it is essential the student complete and submit a Confirmation of Enrolment form. This will protect the student (interest-free) status of the loan. Confirmation of Enrolment forms must be filed for both Canada and Provincial student loans, if both have been previously issued to the student.

General eligibility for part-time financial assistance is the same as full-time assistance. A student must have a valid reason for studying part-time rather than full-time. Reasons can include single parent status or a permanent disability. Check with the staff at Scholarships and Student Finance for further details.

Financial assistance programs for students with permanent disabilities are also available. Check with the staff at Scholarships and Student Finance for further details.

a. Repayment

Students are responsible for repaying their student loans. However, loans are not repayable during periods of full-time studies and for six months after graduation or withdrawal. In certain cases repayment may be deferred for additional periods after the six months' exemption, upon successful application for *Interest Relief* to the financial institution or government holding the student's loans.

b. Withdrawal from Courses

Students must maintain a minimum course load in order to stay eligible for government student assistance. When on full-time government student assistance, a student must maintain a minimum of a 60 percent course load (9.0 credits per Fall or Spring semester). If a student withdraws to below a 60 percent course load, the student may be required to repay some or all funding received. Grant money may be converted to loan money. Check with the staff at Scholarships and Student Finance before withdrawing from courses.

c. Incomplete (I) and Continuing (X) Grades

Courses used in one semester to determine eligibility for student loan purposes cannot be used in subsequent semesters toward a student's full-time registration. Independent and Applied Studies courses are classified as one course and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

d. University Emergency Loan Fund

Emergency Loans are available for University of Lethbridge students who require temporary assistance to cover essential living expenses. Students cannot receive emergency assistance to cover registration deposits, tuition, books, fines or debts to other University departments. Students requiring Emergency Loans are registered as full-time students and are recipients of government student loans. In essence these loans are short-term advances.

Emergency Loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans or grants. These advances are also available, in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

1. ADMISSIONS

In addition to processing all applications for admission, Admissions personnel provide on-campus counselling regarding admission requirements and application procedures to prospective students. Evaluations of transfer credit for work completed by applicants at other post-secondary institutions are also issued by Admissions, which is located in the Registrar's Office and Student Services (ROSS) (SUI40; 403-320-5700).

Admissions website: www.uleth.ca/ross/admissions

2. BOOKSTORE

Retail Services

The University Bookstore is located on Level 2 of the Students' Union Building. It stocks all required texts and course materials. The Bookstore also carries a full line of general reading books, stationary, art supplies, University apparel, and giftware. Hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday. Extra hours are posted and advertised as required.

Textbook Reservation Service

The Bookstore will do your textbook shopping for you. Access the Bookstore's website at www.uleth.ca/bookstore for information as it becomes available. Textbook reservation service is only available for the Fall semester.

Returns Policy

The Bookstore's policy for returning textbooks and other materials is clearly stated on the 'Return Policy' attached to the receipt with your purchase. If you are unsure whether an item is returnable, please ask the Bookstore staff for clarification.

Used Book Buybacks

If a textbook is going to be used the following semester, and the Bookstore requires inventory, we will purchase good quality used copies from students. This service is available daily from 9:00 a.m. to 3:30 p.m., except during semester opening (watch for time changes). As well, the Bookstore sponsors semi-annual 'Used Book Buybacks.' These 'buybacks' are held for five days each semester during exam week in April and December. Exact dates and times are posted on campus and on the Bookstore website. During the buyback, a

representative of a book wholesale company is at the Bookstore, purchasing used texts which, although they may not be used at the University of Lethbridge, will be used at other universities in North America. The prices paid for these books are determined by the wholesaler.

Custom Coursepack Centre (CCC)

Facilitating the development of textbook alternatives is the goal of the Custom Coursepack Centre. Coordinating design, copyright permission, production, and delivery enables instructors to tailor their course materials to meet their needs. Fast turn-around time ensures that the custom-designed resource is available when needed.

For further information, please contact the CCC in the Bookstore SU210 or call 403-382-7136.

Bookstore website: www.uleth.ca/bookstore

3. BUS SERVICE

The City of Lethbridge operates a regular bus service between West Lethbridge and downtown in accordance with a published schedule, including two stops at the campus.

Bus passes and additional information on schedules are available from the Students' Union *Rockerman's Service Centre* (SU232) and the City of Lethbridge.

4. CAMPUS CARD

The University of Lethbridge Campus ID Card is the official picture identification of the University of Lethbridge. All students, faculty, and staff need this card in order to access vending, printing, photocopying, food services, recreation facilities, athletic events, the Library, and some off-campus services.

Campus ID Cards may be obtained at the computer labs in Anderson Hall (AH150) or University Hall (E644). Picture ID is required. For more information on hours or location call the IT Solutions Centre (tel. 403-329-2490). The initial card is free—replacing a damaged, lost, or stolen card is \$10.

5. CAMPUS WOMEN'S CENTRE (CWC)

The Campus Women's Centre offers many services to the University and its surrounding community. It's a safe, quiet place where women (and men) can come to talk. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life, and personal conflict. Although the Campus Women's Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women's Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters, and food banks.

The Women's Centre has a wide range of pamphlets and information about topics including sexual health, birth control, cancer, STI's, pregnancy, nutrition, HIV and AIDS, drug and alcohol abuse, sexual abuse, mental health, spirituality, feminism, daycare services, self-esteem, losing weight, and piercing.

Throughout the year, the Women's Centre organizes and participates in a variety of events impacting women in our society today. These events include National Day of Remembrance and Action on Violence Against Women, International Women's Day, Breast Cancer Awareness Month, and AIDS Week.

Currently each student contributes a levy fee of one dollar in the Fall and Spring semesters. Since the Women's Centre fee is not compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid "uleth.ca" account. Alternatively, students may stop by the office (SP150) and fill out an opt-out form. Refunds will be administered during the last week in October for the Fall semesters and the last week in February for the Spring semesters. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women's Centre in person to receive their refund in cash. A valid University ID card is required.

6. CAREER RESOURCES CENTRE (CRC)

The Career Resources Centre provides a comprehensive service to students in all stages of career development. The co-location of Career and Employment Services (CES), Applied Studies, and the Co-operative Education/Internship Programs of the Faculties of Arts and Science and Management provides students with one-stop-shopping for their search for employment and for their career development needs.

Information on the faculty-based programs can be found elsewhere in this Calendar:

Career and Employment Services (CES): Services for Students and Graduates

Career Exploration/Job Search Techniques - As students explore careers, CES assists them in gathering occupational information such as qualifications, job duties, education requirements, and labour market conditions. We also assist students in any aspect of the job search process (e.g., resumé writing, interview techniques) either on an individual appointment basis or in a group workshop.

Job Postings - Students/Graduates looking for a job, whether it is part-time, temporary, summer, or full-time after graduation, should check CES jobs online or check the 'Current Jobs Binder' in CES. All job postings received in our office can be accessed online through a partnership with workopolisCampus.com. To register with workopolisCampus.com, simply go to the website, click on 'Pick Your School and Register' and follow the instructions. When completing the online registration form at workopoliscampus.com, please check the box giving CES permission to email you about specific job leads in your field and about upcoming career events.

International Careers, Job Search Strategies, and Resources - UofL students have online access to The BIG Guide to Working and

Living Overseas, an interactive site offering resources and information relevant to work, study, and travel abroad. This service is supported by CES and the International Centre for Students.

On-Campus Recruitment (OCR) - CES assists employers in recruiting UofL students throughout the year. OCR postings can be found on CES Jobs Online. Students are required to sign-up to participate.

11. COUNSELLING SERVICES

Counselling Services is located in Turcotte Hall (TH218). The primary purpose of Counselling Services is to contribute to the total well-being and development of individual students. Personal counselling, career counselling, and academic skills development programs are offered to assist students in realizing their educational, social, and personal potential. The Office's services are extended without charge on a confidential basis.

Although Counselling Services normally operates on an appointment basis, counsellors see students experiencing a personal crisis as quickly as possible. After-hours and weekend emergencies should be handled through Campus Security (403-329-2345) or the emergency service at the Regional Hospital. Personal crisis situations experienced after hours should be directed to the Distress Line of Southwestern Alberta (403-327-7905).

Students concerned about personal situations that they have not been able to resolve are encouraged to make a counselling appointment before the situation becomes overwhelming. For an appointment call 403-317-2845 or go to TH218.

Counselling Services website: www.uleth.ca/ross/counselling

For employees of the University, counselling is available through the Employee Assistance Program. Call 403-329-2494 for further information.

12. DISABILITIES

The University of Lethbridge attempts to meet the special needs of students with disabilities. Many students have unique needs, and response must be made on an individual basis. Dealing with these needs may require the student in question to liaise with a number of provincial and non-profit agencies, as well as University of Lethbridge personnel. For more information and possible assistance with these matters, contact the Disabilities Resource Centre (B760; 403-329-2766).

The Disabilities Resource Centre can support student requests for special testing or registration procedures once their disability has been documented. They can also guide students to local services or agencies which may be of assistance. Special equipment or specialized services frequently must be funded through agencies outside the University of Lethbridge. Questions regarding physical access may also be brought to the Disabilities Resource staff who will then direct students to the appropriate University office or personnel. Further information is available on the Disabilities website.

Disabilities website: www.uleth.ca/ross/counselling/disabilities

13. GRADUATE AND PROFESSIONAL SCHOOL EXAMINATIONS

The Counselling Services office is an authorized test centre for professional and graduate school exams such as the LSAT (Law School Admission Test) and MAT (Miller Analogies Test). Services are available to students and employees and are confidential. Services include the following:

- Physician Clinics (Monday through Friday)
- Psychiatrist Clinics (limited appointments and by referral only)
- Chiropractor Clinics (Monday and Friday mornings, Wednesday afternoons)
- Registered Massage Therapist
- Dietitian Clinics
- Nursing Assessment and Care (one-to-one education, treatments, questions)

Health Education

Students can book time for one-to-one education on any topic of concern. The Health Centre Educator—Dianne Carter, RN—is available to give presentations to small groups or classes and will assist with getting a guest speaker from a local health organization. Campus-wide health education events also occur on a weekly basis; check out the displays held in a variety of places on campus.

Health Insurance

There are two types of health insurance. Firstly, by law, all students **MUST** have basic provincial health insurance (this pays for doctor's bills, hospital care, and most medical tests). Usually, this insurance is from your home province. If you have questions about the Alberta Health Care Insurance Plan (AHCIP) or your home province insurance, please ask the Health Centre staff.

Secondly, there is an extended benefit plan which assists in paying for items not covered by provincial health insurance. Students should either have an extended benefit plan from their work or family or have the Students' Union Health and Dental Plan. The Students' Union Health and Dental Plan assists with the cost of medications, ambulance rides, therapies, and dental costs. If you have questions about the Students' Union Health and Dental Plan, drop by SU180.

Note: *The University does not assume responsibility for the cost of medical treatment or hospitalization.*

We want you to learn about your own health as you also grow academically. Please ask for help when you need it!

15. HOUSING SERVICES

'Come Live With Us!'

Our focus in Housing Services is to provide students with the best possible environment for academic success and personal development. Residence Life programming is offered and coordinated through live-in Residence Assistants. Some examples of the programs and workshops offered in the past include time management, aerobics, health and nutrition, substance abuse, study skills, exam preparation, library use, tutoring, movie nights, cabarets, resumé writing, and effective interview and job search skills.

The convenience of living on campus, together with access to the University's services and programs, gives students educational, social, and cultural advantages. Residents tend to be more involved in campus life, build stronger friendships than their off-campus counterparts, and develop greater tolerance and understanding. All this adds up to an enhanced opportunity to graduate from the University of Lethbridge.

Campus Housing Choices

The University provides campus housing for single students in fully-furnished bedrooms, self-contained apartment units, and townhomes. For students with families, we provide unfurnished townhomes. The following items are suggestions only: personal computer, circuit breaker-equipped power bar, extension cords, stereo/radio, alarm clock, hair dryer, towels, toiletry items, athletic gear, iron, laundry soap, cleaning supplies, vacuum cleaners, and bedding. University Hall residents are not allowed to have

kitchen appliances in their rooms including but not limited to kettles, toasters, and bar fridges.

Note: All electrical appliances must be CSA approved.

Application Process

Applications are accepted starting in September for the following September occupancy. Applications may be obtained online at www.uleth.ca/housing. You must apply to the University of Lethbridge for Admission prior to being eligible to apply for campus housing. Once you have received your UofL ID number you may log on to the Housing Residence Portal to apply. All applications must be accommodated with a non-refundable application fee plus deposit payable online.

Students are advised to apply as early as possible to improve their chances for accommodation. Newly admitted applicants, applying before April 1, will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to May 1. Returning students, whose applications are received by January 15, will participate in a lottery draw for 75% of the allocated beds. Others will have their names placed on the application list in priority order, according to date received.

Offer of Accommodation

Once accommodation is assigned, the student is advised through an 'Offer of Accommodation' letter via email. This letter must be signed and returned, along with the second advance payment, by the deadline date as stated in the offer. Failure to meet this deadline will result in cancellation of the application and loss of the first advance payment.

Security Deposit

All students staying in campus accommodation will be required to submit a security deposit of \$300 for single student housing or the equivalent of one month rent for family housing. Interest will be payable on any unused amount if applicable under Provincial Government Statute. Security deposits will be used to cover any outstanding housing-related charges deemed payable upon termination of occupancy, including cancellation fees, damage, cleaning, lost keys, dining plan, etc.

The security deposit shall not be deemed to constitute a limit for any charges which may be incurred under the lease.

Cancellations

Applicants who are declined admission to the University, who cannot be accommodated by Housing Services by the first day of classes, or who cancel their application in writing prior to June 1, may request a refund of all advance payments, but must do so within one week of the start of classes. Cancellation for any other reason will be subject to forfeiture of the advance payments according to the cancellation schedule as outlined in the Offer of Accommodation. The refund amount for these cancellations is based on the date upon which written notice is received by Housing Services; therefore, students are advised to contact Housing Services as soon as their plans change. (Cancellation over the Christmas break may be submitted by email to housing@uleth.ca.) All cancellations received after a student has moved into residence are subject to one calendar month notice. Failure to provide this notice will result in next month rent charges.

Housing Services may be contacted at the University of Lethbridge, 4401 University Drive, Lethbridge,

Alberta, T1K 3M4; phone: 403-329-2584; fax: 403-329-2030; or email: housing@uleth.ca.

The Lethbridge Public Interest Research Group (LPIRG) is a student-funded, student-directed, not-for-profit organization providing resources for undergraduate students to engage with environmental and social justice issues. LPIRG embraces plurality and participation, and encourages students to critically evaluate the institutions and systems in which they take part. 30. STUDENT AWARDS - SCHOLARSHIPS AND BURSARIES

The University of Lethbridge offers a wide range of awards that serve to recognize the achievements of students who pursue their university education at the University of Lethbridge.

These awards are granted based on academic achievement as well as other factors (e.g., financial need, leadership potential, community involvement, artistic ability).

Students are eligible to apply for awards if they are:

- an applicant entering the University from high school or from another post-secondary institution; or,
- a student continuing his/her studies at the University of Lethbridge.

While not all awards require the student to apply, application is strongly recommended for students who feel that they may qualify for awards. Application forms for most awards are online on the Bridge and information on procedures are available at the Scholarships and Student Finance Office, located in the Students' Union Building (SU065; 403-329-2585) or online at www.uleth.ca/ross/student_finance/scholarships/awards.html.

Deadlines for applications are:

Spring Entrance Awards - November 1

Entrance Awards - High School and Transfer students

Fall Entrance Awards - June 1
Spring Entrance Awards - November 1

Undergraduate Awards - Continuing students

University-administered Awards - May 1

General Policies and Procedures

For a complete description of awards administered by the University of Lethbridge, please refer to **Part 15 - Awards and Scholarships** in this Calendar.

Liability - The University assumes liability for the payment of scholarships, bursaries, prizes, and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized.

Application - To be eligible for awards, application forms must be completed and received in the Scholarships and Student Finance Office no later than the designated date. Application forms are available from the following website:

www.uleth.ca/ross/student_finance/applications

While the University reserves the right to make awards to students who have not applied, no student who has not applied may claim any right of consideration by the University.

Academic records - Only academic records from the last five years will be considered for measurement of academic achievement.

Interrupted studies - Students who interrupt post-secondary studies and return after an absence shall be

considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

Conditions - Unless otherwise stated, awards made to full-time students are conditional on the student proceeding with full-time studies at the University of Lethbridge in the Fall and Spring semesters following the award. Failure to meet this condition may result in the forfeiture of any unpaid balance.

Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

Payment schedule - For new students, awards totalling more than \$600 are disbursed in two equal payments: the first on October 1 and the second on February 1. For continuing students, awards greater than \$1,500 but less than \$3,000 will be released over two academic semesters: the first payment on October 1 equalling \$1,500 and the second payment on February 1 equalling the balance of the award. Awards equal to or greater than \$3,000 will be disbursed in two equal payments over the two academic semesters: the first on October 1 and the second on February 1.

Deductions - The University may deduct from award payments any funds owed to the University.

Tax receipts - T4A forms will be issued to award recipients by the University or other issuing agency in the Spring following the year of the award.

Government Student Loan Programs - It is the responsibility of the student receiving an award, who is currently receiving financial assistance in the form of student loans and grants, to notify the Provincial Students Financial Aid Department as soon as possible regarding the number and value of scholarships, bursaries, and other awards.

Deferral - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge. A request for a deferral must be submitted in writing to the Coordinator, Scholarships and Student Finance by October 31 for the Fall semester, and February 28 for the Spring semester. Justifiable reasons for deferral include:

- Unavoidable circumstances - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.
- Co-op students - Co-op students may not receive an award during a work term. Awards or portions of awards which would normally have been disbursed in the work term will be deferred to the following study term.

31. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal and Provincial governments of Canada provide financial assistance to help residents in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants, on the basis of demonstrated financial need. The Scholarships and Student Finance Office provides application forms and advising concerning these financial aid programs.

The level of government financial assistance awarded to an individual depends both on evidence of financial need and on personal circumstances. During the 2009/2010 academic year,

the maximum amount an Alberta student was eligible to receive was \$13,300 in combined Federal and Provincial student loan funding. Alberta residents who also have a high calculated financial need may qualify for grants in their first and subsequent years of study. Grants are also available for students with dependents and students with permanent disabilities.

Financial assistance is also available to students who are considered to be residents of other provinces. The amount and type of provincial or territorial funding available for out-of-province students varies according to the individual provincial or territorial guidelines.

Government student loans are interest-free while students are attending full-time at a post-secondary institution. To ensure that interest-free status continues during full-time study, it is the student's responsibility to provide appropriate proof of enrolment to all lenders holding the student's loan(s). Repayment of government student loans begins six months after ceasing to be a full-time student.

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies may be required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next semester is automatically cancelled. Students intending to return to full-time studies in the next semester and who require financial assistance must submit a new financial assistance application for the appropriate period of studies.

Students who need to apply for financial assistance should apply prior to the semester in which assistance will be required. Many provinces and territories do have deadlines and it is advisable to check the deadlines in advance of application. Processing of an application can take four to six weeks and processing must be completed prior to the end of the semester to which it pertains.

Independent and Applied Studies courses are classified as one course (3.0 credit hours) and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

Payment of tuition and fees are a first charge against assistance received from government (both Federal and Provincial) student loan certificates and grants/bursaries.

For application forms and more information, please visit the Scholarships and Student Finance Office, located in the Students' Union Building (SU065) or call 403-329-2585.

More information on Federal and Provincial Government Student loan programs is available from the following website:

Provincial and National Affiliations

Council of Alberta University Students (CAUS)

The Students' Union is a founding member of CAUS, the provincial body of representation for university students. CAUS members meet with government representatives and associated committees including the Students Finance Board, Council on Admissions and Transfer, and Finance Appeals Board.

CAUS meets regularly to coordinate joint lobbying efforts, as well as exchange information on the operations of student councils.

Canadian Alliance of Student Associations (CASA)

The Students' Union is a member of CASA, a national body of representation for undergraduate students. CASA members meet with Federal Government representatives regarding various national issues in education. CASA meets three times a year to lobby the Federal Government and formulate solutions to problems in Canada's post-secondary system.

Social and Cultural Events

The Students' Union sponsors many social and cultural events, such as FRESH Fest, cabarets, concerts, speakers' series, and a variety of other student-oriented activities. Students are invited to bring any ideas they might have to Council regarding activities they would like to see on campus.

Services provided by the Students' Union:

Clubs

There are over 50 Students' Union ratified clubs on campus covering many areas of interest. Clubs are the best way to pursue an interest in a non-academic setting, meet people, have fun, and expand horizons. All clubs welcome new members with innovative ideas.

To get involved with a club, watch for clubs rush week in the Atrium during the second week of the Fall and Spring

semester. Here clubs will have information tables promoting what their organization is about. To start up a new club, come to our office and ask for a Clubs Handbook. This guide contains information about how to start and maintain a club and lists the many advantages associated with being an active club on campus. More information can also be obtained at the Students' Union Office, on our website at www.ulsu.ca, or by contacting the VP Internal Affairs at 403-329-5155.

Grade Appeals

Grade Appeals deal with claims when a student feels his or her course grade has been improperly determined. The Students' Union is here to help students through the grade appeal process. Come to SU180 to pick up pamphlets with advice, sample letters, and a checklist to help you in organizing your appeal. We encourage students to seek counsel from the VP Academic at the Students' Union concerning any inquiries about the grade appeal process at 403-329-2770.

Test Bank

The Test Bank is a collection of old exams classified by course and professor. For the cost of photocopying, a student can get copies of an exam for most courses taught by their professors. The Test Bank may be accessed online at the Students' Union website at www.ulsu.ca. These exams are an excellent study aid and can help you prepare for your finals. The Test Bank needs to keep up-to-date information, so students are encouraged to submit their old exams. As well, watch for our annual Test Bank drive in February, with prizes to be won.

Food Bank

The Students' Union operates a Food Bank on campus to help students when they are in financial need. Any student with a valid university ID card may access the campus Food Bank. Students must come to our office and fill out a form in order to receive a package filled with a variety of food items. Users are limited to a maximum of two packages per month and will remain confidential. Users are asked to contact the Students' Union at least 24 hours before the time they would like to pick up the hamper to ensure availability at 403-329-2222 or food.bank@uleth.ca.

Handbook

The Students' Union Handbook is available free of charge to all students from the Students' Union office while quantities last. The Handbook is a great way for students to stay organized, as it includes a day-timer as well as a weekly list of important deadlines. It also contains a variety of local advertisements and coupons to help orientate new students to Lethbridge.

Health and Dental Coverage

All full-time students at the UofL who pay Students' Union fees are automatically included in an extended health and dental care program.

The health coverage includes prescription drugs (80% on a managed formulary), tutorial benefit, ambulance benefit, physiotherapy, chiropractic services, massage therapy, naturopath, speech therapy, medical equipment and appliances, dental accident benefit, accidental death and dismemberment, and emergency travel medical coverage. This plan does not replace provincial health care.

The dental care coverage includes basic and preventative services (75%) such as checkups, cleanings, and X-rays; minor restorative services (50%) such as fillings and extractions; endodontic services (75%) such as root canal therapy; and periodontal services (75%) such as scaling and gum treatment.

The coverage period is from September 1 to August 31. Optional family coverage is also available for an additional fee. Full-time students enrolled in the Fall semester pay premiums for the Health and Dental Plan for the full year. Full-time students enrolled in the Spring pay premiums for the Spring semester only. Regardless of a change in status (e.g., full-time to part-time or student to non-student), all students enrolled at the beginning of their respective semester will retain their coverage until August 31.

Students can opt out of the Student Health and/or Dental plan if proof of comparable coverage and a completed waiver form is presented to the Students' Union Health and Dental Plan Office. Students may opt out online at www.ulsu.ca. The opt-out deadlines for the Fall and Spring semesters will be posted at the Students' Union office and throughout the University (see **Part 3 - Fees, Section 11. Fee Deadlines, p. 64**). The opt-out procedure is annual and must be done each year of the student's enrolment. The deadline set for January is for newly registered full-time students and students upgrading from part-time to full-time only.

Part-time students and students' dependants may add on to the Student Health and/or Dental Plan. For further details, please contact the Students' Union Health and Dental Plan Office (SU180) at 403-329-2039.

GLOSSARY

Academic Advisor

Individual who provides advice to students regarding their program, major, or other academic concerns at the University of Lethbridge.

Academic Medals

Awarded to mark the achievements of the University's top students. The University's Faculties and Schools award gold medals at Spring Convocation to the top undergraduate students in Arts, Science, Education, Management, Fine Arts, and Health Sciences. An additional undergraduate gold medal (the William Aberhart Medal) is awarded by the Alberta Teachers Association. In the School of Graduate Studies, medals of merit are awarded to the most distinguished students graduating with a Master's degree. The overall top undergraduate and graduate students in the institution receive, respectively, the silver and gold medals of the Governor General of Canada.

Academic Objective

Students planning to transfer to another university to complete a professional program declare an academic objective, which is their ultimate academic destination at a transfer institution (see **Part 7 - Faculty of Arts and Science, Section 23, p. 154**).

Academic Schedule

The University's schedule of dates and deadlines. These dates are legislated by General Faculties Council (GFC) and are not negotiable (see **page 16**).

Accredited or Recognized Institution

A university or college from which the University of Lethbridge normally accepts transfer credit.

Add/Drop

Period of time at the beginning of each semester when students may add or drop courses. Courses that are dropped by the Add/Drop deadline do not appear on the transcript as Withdrawals.

Alberta Council on Admissions and Transfer (ACAT)

An independent body consisting of representatives from the public, students, universities, public colleges, technical institutions, Alberta Vocational Colleges, private colleges, and Alberta Education. The Council is responsible for developing policies, guidelines, and procedures designed to facilitate course and program transfer arrangements among post-secondary institutions. The basic objective of the Council is the enlargement of educational opportunities for students.

Alberta Universities' Writing Competence Test (AUWCT)

This test may be used to meet the Writing Proficiency Requirement for the Faculty of Education at the University of Lethbridge (see **Writing Proficiency Requirement**). For specific information or to register for the test, students should contact Language Services (SU047; tel. 403-329-2053).

Alumni

Individuals who have had a degree conferred on them by the University of Lethbridge. Associate Alumni are those who have completed 10 or more courses toward a University of Lethbridge degree. (Alumnus - single male; alumna - single female; alumni - plural.)

Alumna/Alumnus of the Year Award

Awarded by the University of Lethbridge Alumni Association to recognize those individuals who have demonstrated outstanding

academic achievement and have gained an international reputation in their chosen field.

Applied Studies

An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (B610; tel. 403-329-2000).

Audit Student

A student who has been granted permission by an instructor to attend lectures in a course on the understanding that the student may not submit assignments, sit for examinations, or participate in class discussions (except by invitation of the instructor). The course appears on the transcript, and the non-grade AU designation appears (see **Part 2 - Registration, Section 3.e., p. 50**).

Bridge (www.uleth.ca/bridge)

The University's online system that contains information and services such as application status, scholarship applications, course registration, fees, tax statements, and access to final grades.

Canadian Registered Nurse Examination (CRNE)

A national examination for all students who have completed a program in approved Nursing school.

Career Resources Centre (CRC)

The Career Resources Centre provides a comprehensive service to students in all stages of their career development. The co-location of Career and Employment Services (CES), Applied Studies, and the Co-operative Education/Internship Programs of the Faculties of Arts and Science and Management provides students with one-stop-shopping for their search for employment and their career development needs.

Cognates

Courses from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.

Cohorts

A group of students with a particular program focus who are admitted together and register together in a particular sequence of courses. Currently cohorts exist in the M.Ed. and M.Sc. (Management) programs.

Combined Degrees Program

Program offered at the University of Lethbridge which allows a student to complete requirements for two degrees simultaneously. The requirements for the 40-course single degree configuration are modified for the Combined Degrees program. Neither degree is awarded until all requirements for both degrees are completed.

Contact Hours

The total number of hours of instruction to which a student is obligated for a specific course. This number includes weekly lectures, labs, and tutorials, as well as other irregularly scheduled requirements.

Contingent Transfer Credit

Transfer credit which has been approved, pending admission of the student into the appropriate program to which the transfer credit will be applied. Contingent transfer credit is not used to calculate a student's year level.

Continuing Student

An admitted student who has been enrolled in at least one course (including Placeholder courses) in each consecutive Fall or Spring semester from the time of his or her most recent admission to the University.

Convocation

An assembly for the purpose of conferring degrees; students are not graduates until degrees are conferred. Convocations are held twice annually (see **Part 5 - Graduation**).

Corequisite(s)

A course which must be taken prior to or in conjunction with another course.

Counsellor

Mental health professional eligible for provincial certification who provides personal counselling for students. This may include career or academic counselling. Vocational interest and related testing is provided by counsellors as required.

Credit Hours

The weighting factor of the course when determining grade point average. Regular full semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 2030 is worth 6.0 credit hours). A University of Lethbridge student requires 120 credit hours to graduate with a four year degree.

Cross-Listed Course

A single course which may be designated as originating from two different Faculties/Schools within the University and which counts in both disciplines.

Department

A formal subdivision within the Faculty of Arts and Science and the Faculty of Fine Arts at the University of Lethbridge. Departments are responsible for developing and administering programs and courses related to specific disciplines.

Discipline

A branch of knowledge or learning.

Distinguished Teaching Award

The Distinguished Teaching Award was established in 1987 to recognize the central importance of teaching to the philosophy and goals of our University. The award is presented at Convocation.

English as a Second Language (ESL)

The ESL program is designed for students who have not yet met the language requirements but are seeking admission to the University of Lethbridge. For further information, contact Language Services (SU047; tel. 403-329-2053).

English Language Proficiency (ELP)

Required of all students, both admitted and Open Studies, for whom English is not the first language. This requirement may be met in a variety of ways (see **Part 1 - Admission, Section 6, p. 40**).

Equivalent Courses

Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see **Part 4 - Section 3.b. Repeat of a Course, p. 70**). Courses that are equivalent are denoted with an 'Equivalent' course element in the course description.

Exchange Student

A student enrolled at one university who is attending another university under an approved exchange program.

Extra to Program Transfer Credit

Transfer credit which cannot be used to meet program requirements. For example, students may transfer in a maximum of 20 courses for a single 40-course degree. A student presenting 25 transferable courses will receive credit for only 20 of them toward that degree. The remainder will be deemed "extra to program." The designation of the specific 20 courses is flexible depending upon the program requirements that the student must meet.

Faculty

A formal subdivision within the University. Faculties are responsible for the development, approval, and administration of programs and courses related to specific degrees.

Fee Payment Schedule

A schedule of fee payment dates and deadlines for students. These dates are set by Financial Services and are not negotiable (see **page 59**).

Fiat Lux - 'Let there be light.'

The University's motto and the words seen on its shield.

Final Grades

Grades recorded on the transcript for completed courses. Students may access their final grades via the Bridge.

Full-Time Student

According to the University, any student enrolled in at least nine (9.0) credit hours (three semester courses) in a Fall, Spring, or Summer semester is considered full-time. Students enrolled in Co-operative Education Work Experience courses are considered to be full-time. Registered M.A., M.Sc., or Ph.D. students are considered to be full-time. Students receiving full-time government student loans for Summer Session will need to be registered from May through August in the minimum nine (9.0) credit hours (three semester courses) to qualify. Some exceptions to provincial/territorial student loan regulations exist; contact Scholarships and Student Finance for eligibility requirements.

Government or other agencies may require more than these minimums per semester for loans or scholarships for which only full-time students are eligible.

General Admission

Basic, default admission into programs which do not have quotas or other requirements (e.g., auditions, portfolios) in addition to the basic admission requirements which all new students must meet.

General Liberal Education Requirement

A 12-course requirement for all University of Lethbridge undergraduate students. The requirement is based on the liberal education philosophy of the University and is designed to ensure that students acquire breadth of knowledge encompassing a wide range of disciplines.

Grade Point Average (GPA)

The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is calculated on all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). Other types of GPA such as Admission GPA or Program GPA are used by certain Faculties or units at the University of Lethbridge. These are defined by the Faculty or unit who uses them (see **Part 4 - Academic Regulations**).

Grading Mode

Grading mode indicates what type of grade will be awarded as defined in **Part 4 - Academic Regulations**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

Graduate Student

Honorary Degree

A degree awarded by the University of Lethbridge Senate to an individual in recognition of outstanding achievement. The specific degree awarded varies according to both the individual's area of accomplishment and the source of the original nomination.

Individual Multidisciplinary Major

An individual major designed by the student. The major must be an in-depth study of a subject rather than a broad survey. The major must incorporate knowledge from several disciplines and should be derived from existing Arts and Science curriculum. It may not duplicate a program offered at the University.

The Ingrid Speaker Medal was established in 1995 to recognize the importance of research, scholarship and performance at the University of Lethbridge. The award is presented at Convocation.

Open Studies Student

A student who is not formally admitted to a program at the University but who is permitted to take one or more courses in a given semester. Courses taken as an Open Studies Student may count in a University program if a student later applies and is admitted to a program at the University (see **Part 2 - Registration, Section 3.f., p. 50**).

Part-Time Student

According to the University, a student who is registered in fewer than nine (9.0) credit hours (three semester courses) in a Fall, Spring or Summer semester is considered part-time. President's Award for Service Excellence

Inaugurated in Spring 2003, this award honours Administrative Staff members who enhance the reputation and improve the effectiveness of the University of Lethbridge through service, commitment, and participation.

Quota Program

Any University of Lethbridge program in which admission involves special requirements including, but not limited to, enrolment quotas, specific admission averages, or mandatory admission criteria such as interviews, portfolios, particular prerequisite courses, etc.

Recommended Background

A course which is not a preliminary requirement for another course but contains material which would provide a good background for that course. Students may take a course for which they do not have the recommended background but should be aware that they may have more difficulty with the course than a student who has the recommended background.

Rescinding Admission/Registration Privileges

The President has the power and authority to rescind (i.e., remove or revoke) an offer of admission to an Undergraduate Studies program or Graduate Studies program at the University of Lethbridge at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur. This same presidential authority in its entirety applies to Open Studies students and authorization to register. **See Part I - Admission, Section 10. Caveat - Authority to Rescind Admission/Registration Privileges (p. 47).**

Rescinding Registration Privileges/Prohibiting Access to University Property

The President has the power and authority to rescind any student's registration in a course, an Undergraduate Studies program, or Graduate Studies program at the University of Lethbridge and prohibit the student from accessing University property at any time. **See Part 4 - Academic Regulations, Section 7. Caveat - Authority to Rescind Registration Privileges/Prohibit Access to University Property (p. 81).**

Residence Requirement

The number of courses which must be completed at the University of Lethbridge in order for the degree, diploma, or certificate to be conferred. **See Part 4 - Academic Regulations, Section 3.g. (p. 72)** for specific information on all program residence requirements. Some Faculties/Schools specify the number of courses students must take after the point of admission.

Returning After an Absence

Any applicants or students who were admitted to a University of Lethbridge program, completed one or more semesters at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who did not complete any university-level studies in the interim.

Returning Transfer

Senior Citizen

Any individual aged 65 years or older. Classification as a Senior Citizen impacts fee assessment only.

Series Course

A regularly offered course whose content may vary with each offering. Each series course has one course number (e.g., Anthropology 3100 or English 3700). Different offerings in a series course are indicated by the course title. A series course may be specified as a requirement in a major or program. Students may receive credit for more than one offering in a series if the offerings are distinct (i.e., if each offering has a different course title).

Student

Student means any person, including a faculty or staff member, who is a) registered or enrolled in one or more credit and non-credit courses and programs at the University of Lethbridge for the current or a future term; or b) registered or enrolled in any University-sponsored program.

Substantially Similar Courses

Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see **Part 4 - Section 3.c.i. Substantially Similar Course Limits, p. 71**). Courses that are substantially similar are denoted with a 'Substantially Similar' course element in the course description.

Summer Session

The University of Lethbridge offers courses during the period May through August. Summer Session I occurs during the period early May through late June; Summer Session II occurs during the period early to late July; Summer Session II/III occurs during the period early July to mid-August; and Summer Session III occurs between the end of July and mid-August.

Tabula Rasa

Literally 'a clean slate.' A student who is required to withdraw from the University of Lethbridge may apply for readmission. Upon readmission, *Tabula Rasa* allows the student to retain credit for certain courses while the points and hours are removed from the student's record and the grade point average is rolled back to zero. This academic amnesty allows the student to retain credit for courses and to start over again with respect to grade point average. *Tabula Rasa* is available only in the Faculty of Arts and Science (see **Section 3.e., p. 97**), the Faculty of Fine Arts (see **Section 4.e.2, p. 182**), and the Faculty of Health Sciences (see **Section 6.c., p. 207**).

Topics Course

A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Each Topics course is identified by the number 2850, 3850, 4850, or 5850, and different offerings are indicated by the title of the particular section. Students may take more than one offering of a topics course for credit if the offerings are distinct (i.e., if each section taken has a different title).

A Topics course cannot be specified as a required course in any major or program.

Transferable Course

Courses offered at another post-secondary institution which may be awarded transfer credit, given successful admission of the student to an appropriate program at the University of Lethbridge.

Transferable Grade Point Average

The average of all grades a student is awarded for all completed transferable courses (including both passing and failing grades), whether or not these courses are actually transferred to a University of Lethbridge program.

Transfer Credit

Credit granted at the University of Lethbridge for courses taken at another university or college. Specified transfer credit corresponds directly to specific courses at the University of Lethbridge and satisfies specific program requirements. Unspecified transfer credit (1000-level unspecified, 2000-level unspecified, etc.) is granted in terms of approximating subject and course levels and may not satisfy specific program requirements.

Transfer Student

A student who has attended another post-secondary institution and who has been admitted to the University of Lethbridge with a minimum of nine (9.0) hours of transfer credit.

Tutorial

A scheduled class meeting time separate from the normal three hours per week in which a lecture is held. Tutorials allow

opportunity for students to receive help from an instructor in specific areas, or to practice skills gained during lectures.

Unclassified Student

See **Open Studies Student**.

Undergraduate Student

A student enrolled in a program which leads to a Bachelor's degree, a diploma or a certificate at the University of Lethbridge.

University Shield

The University's shield was designed in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The University's motto, 'Fiat Lux,' the Latin for 'Let there be light,' is lettered on a gold and silver band below the shield.

Unofficial Transcript

Transcripts are considered unofficial when issued directly to the student.

Visiting Student

There are two types of visiting students:

A University of Lethbridge student who has obtained special permission to study at another university for a time, and to receive credit at the University of Lethbridge for any course(s) taken on another campus. Permission must be obtained before enrolment at the other university. Contact the relevant Academic Advising office for more information.
2. A student enrolled at another university who has obtained special permission to study at the University of Lethbridge for a time and to receive credit at the other institution for any course(s) taken on the University of Lethbridge campus.

Writing Proficiency Requirement

UNIVERSITY OF LETHBRIDGE FEE PAYMENT OPTIONS

In addition to paying in person or by mail or courier, here are some additional options for paying your University of Lethbridge fees.

Bank of Montreal First Bank Bill Payment Service

Take the attached form to any branch of the Bank of Montreal in Canada. Fill out the form completely with your student ID number, name, initials, date and use the semester code to indicate toward which term you are making a payment (if you are paying for more than one semester indicate the earliest semester you are paying). You do not need to be a client of the Bank of Montreal, however there is a \$1.50 service charge levied by the bank for this service. Additional forms can be picked up at the University of Lethbridge Cash Office, or most branches of the Bank of Montreal in and around the Lethbridge area.

Telephone/PC Banking at Most Major Financial Institutions

The University of Lethbridge is set up as a vendor at the major financial institutions' Telephone/PC Banking systems. Students should inquire directly at their branch for more information regarding getting set up, or instructions for using this service.

For more detailed information on the University of Lethbridge fee payment options, refer to **Part 3 - Fees**.
