Page 6B: Cage pop-up instructions

Directions:

- 1) Fold sheet 6A in half along fold line.
- 2) Cut along each cut line on the page
- 3) Fold the cage back along the fold line, and flatten it again.
- 4) Cut out the shaded sections to create bars for the cage.
- 5) Push the cage out, so it sticks out the front of the sheet, and stands out like a cage when you open the card.
- 6) Glue the cage over the crocodile on page 5, so she will not bite you!
- 7) This piece of paper is not part of your pop-up, so you can save it for scrap paper.

This cage concept was taken from one of the best books I know on how to make toy and movable books, by Joan Irvine (1987) called, "How to make pop-ups (p. 34-35)."

Directions:

- 1) Fold sheet 7A in half along fold line.
- 2) Color both sides of the snake.
- 3) Cut out snake spiral shape from this sheet.
- 4) Attach the snake's head to the other side of the sheet 7A, where the "x" is (the centre of one side of the sheet). The tail should be near the edge of the paper.
- 5) Add a spot of glue to the snake's tail and close the page.
- 6) Open up the page and see the snake move.
- 7) This piece of paper is not part of your pop-up, so you can save it for scrap paper.

- Directions:
- 1) Fold this sheet along fold lines, to make an accordion book. The running man should be on the top page of the accordion book, so only he is seen when the book is folded up. When you unfold the book, you can see why the man is running!
 - 2) Fold sheet 1A in half along fold line.
 - 3) Glue this accordion book to the right side of page 8A, just on the flap that is labeled, "Glue down."
 - 4) Why not add a pop-up tongue on the snake?
 - 4) You can also make your own accordion book of a snake chasing a person, instead of using the pictures on this page.
 - 5) You can also cut the top of an accordion book, to make different shaped pages. Why not try egg shapes?
