Page 1: Mystery Slug pop-up

Directions:

- 1) Fold this sheet along fold line.
 - 2) Fold page 2 in half along fold line.
 - 3) Cut and fold the flap on page 2, as shown in the key, so it forms a door opening towards you.
 - 4) Glue this page to the back of page 2, so the slug shows through the flap or door you have made.
 - 5) Do not put glue anywhere near the snail, or you will glue your flap shut!
 - 6) Color your snail, and the background behind the snail.
 - 7) Color your door, so no one can see the snail through it.
- You may need to put an extra piece of paper on the door.
