

Come join me on an amazing experience building houses in Jogjakarta, Indonesia.

These builds are purposeful, meaningful & a rewarding opportunity to help families achieve strength, stability, and self-reliance through shelter. You would absolutely be changing the course of one family's life, while working alongside them to achieve the dream of affordable, decent house and safe water to drink. If you have never done a build before, they are something special to be a part of.

Be part of the **Habitat for Humanity** journey in making real tangible change in the world and see firsthand how far your donation dollars can do.

Dates: May 4-15 2019

Build Cost: \$1943CDN* based on minimum 12 people signing up. (This fee breakdowns to a \$400CDN donation H4H Canada donation, \$735 donation to H4H Indonesia for office & build supplies and the remainder balance \$808 is for your shared room, board, cultural activities, medical insurance, water & transport in country for this build).

Additional expense would be the cost of flight getting to Indonesia and two days of R&R group expenses & excursions yet to be determined but expect to be reasonable.

An official charitable receipt will be issued for the both build cost and flight (if total flight plan is 21 days or less) from Habitat for Humanity Canada. No receipt for the R&R.

How you can help...

ONE.

If you are interested in participating in this build please email me at patelyyc@gmail.com to find out more information, book a time to chat further and answer all your questions

OR if you are keen to apply, visit <http://www.habitatglobalvillage.ca/how-to-apply.php>, fill out waiver, select OPTION 2, and select build **CA19316-239** and follow the application form.

TWO.

Want to donate to this build? Feel confident that your money will go directly to this build project and change a family's life.

THREE.

Help spread the word...please forward this on to your network, or post the information PDF attached if you know anyone that may be keen to join us on this life changing experience or to support this cause it would be much appreciated.

I sincerely appreciate your support and look forward to sharing photos & stories of my 8th build with Habitat for Humanity Canada.

Thanks so much
Neetash Patel
