

## YouTube Channel & Videos

### Gmail Account

Your UofL account will most likely not work when you attempt to login. Please create a personal Gmail account (or use an existing account)

### Setting up a YouTube Channel

Go to <https://www.youtube.com/> and sign in with your Gmail account

On the left-side menu select SETTINGS

Click "Create a Channel"

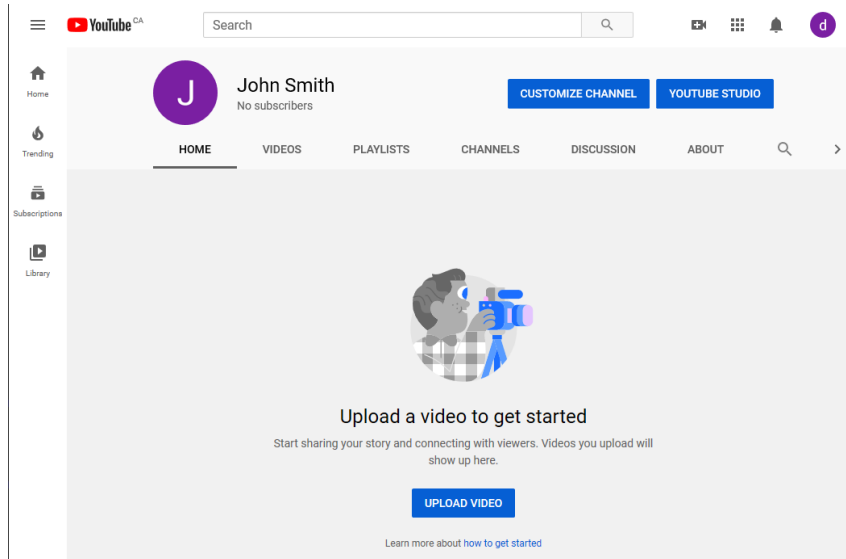

The screenshot shows the YouTube account settings page. On the left is a sidebar with 'SETTINGS' and various options like 'Account', 'Notifications', etc. The main content area is titled 'Account' and 'Choose how you appear and what you see on YouTube'. It shows the user is signed in as 'dhillonschool.test@gmail.com'. Under the 'Your YouTube channel' section, there is a red arrow pointing to a blue link that says 'Create a channel'. Below this, there are sections for 'Your account' and 'Membership'.

Enter your name for your YouTube channel (ie: John Smith)

The screenshot shows a dialog box titled 'Use YouTube as...'. It features a purple profile icon on the left. To its right are two text input fields. The first field contains the text 'John' and the second field contains 'Smith'. Below the input fields is a paragraph of text: 'By clicking "Create channel", you agree to [YouTube's Terms of Service](#). [Learn more](#) Changes you make here may show up across Google services with content you create and share, and to people you interact with. [Learn more](#) [Use a business or other name](#)'. At the bottom of the dialog are two buttons: a grey 'CANCEL' button and a blue 'CREATE CHANNEL' button.

Your YouTube channel has now been created

You will need to verify your account which enables you to upload videos longer than 15min.

Visit <https://www.youtube.com/verify>

Select your Country (Canada) and how you want them to deliver your verification code

Enter the phone number on your Gmail account

Within a couple minutes you should receive your code to enter. Once complete, you will get a verification response.

Your Status and Features will now show you as verified, and several your features will already be enabled.

## SHARE A VIDEO

Starting at your Channel Dashboard, select Videos

On the required video hover over and select OPTIONS and get the shareable link

You can now paste this shareable link in an email to send directly out to people, or use this link to embed your videos into Moodle course.

To embed a video in your Moodle page, log into Moodle at <https://moodle.uleth.ca> and first make sure editing is turned on.

Next, open the **Topic/Section** you wish to place the video. Click on the **small gear icon** to open the settings for that topic/section.

You can **uncheck** the Use Default Section Name to change the title of the Section if you wish to do so. When you uncheck the box, you will notice that you are able to type in the field to change the title.

### General

#### Section name

Use default section name

Change the title if you wish. The default for this example is 'Section 10'. We will change it to read 'Critical Self Reflection'.

Next, in the summary, you may give a brief statement about the topic/section or video if you wish. Type in a word for the video, such as '(video)'. Highlight that word and click on the **link button**.

## Summary of Section 10

#### Summary ?

The belief in learning styles is so widespread, it is considered to be common sense. [\(video\)](#)

In another browser window, find the URL to your YouTube Video. **Copy**, and **Paste** the link into the **Link URL** field.  
Click on **Insert**.

Click **Save Changes** at the bottom.

Your video will now be embedded into your Moodle page, and your Section Title will be changed.
