1. APPLICATION FOR AWARDS

a. Introduction

These guidelines are intended to ensure consistency and equity in the administration of awards and financial aid. The guidelines also assist students in developing an argument to defer or appeal an award decision. The Student Awards Committee is at liberty to set these guidelines aside when extenuating circumstances arise.

b. Eligibility

1. Application and Application Deadlines

To be eligible for scholarships, application forms must be completed and received in the Awards Office no later than the designated date. Only in circumstances that are substantially beyond the student's control will an appeal be considered for an application submitted after the stated deadline date. Unless otherwise stated, application deadlines are as follows:

Early Entrance Scholarships
April 1

High School Applicant Scholarships
July 15 (Fall Entrance)
December 15 (Spring Entrance)

Transfer Scholarships
July 15 (Fall Entrance)
December 15 (Spring Entrance)

Undergraduate Awards
May 31

Successful applicants will be notified by letter in late September for Fall Entrance, and late January for Spring Entrance.

When no application is required, the award is made automatically on the basis of academic merit.

2. Tenure of Awards

Scholarships administered by the University of Lethbridge are available only to those students pursuing University of Lethbridge degrees or diplomas or to those students enrolled in recognized professional transfer programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is in actual attendance as a full-time student at the University of Lethbridge.

Exceptions to this requirement are:

- a. **Part-time Awards** - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.
- b. **Immersion Students** - If an award has been granted to a student who will be attending another institution to participate in an approved Visiting Student program, the award will be disbursed to the student. Students must be registered in either French 2250 or German 2250 at the University of Lethbridge to receive payment.

- c. **Graduating Students** - If a student has been granted an award designated for a graduating student, the student will receive payment of the award without being required to register in the next academic session.

If a student withdraws from full-time studies after having received a payment for an award, unpaid balances of awards outstanding are forfeited. In addition, grades received in prior years will not be considered a second time for scholarship purposes. Eligibility for future scholarships will be based on future academic achievement.

3. **Disbursement of Awards**
- Replacement** - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.
 - Payment Schedule** - For new students, awards totalling more than \$600 are disbursed in two equal payments: the first on October 1 and the second on February 1. Unless otherwise stated, for continuing students, awards greater than \$1,500 but less than \$3,000 will be released over two academic semesters: the first Fall payment equalling \$1,500 and the second Spring payment equalling the balance of the award. Awards equal to or greater than \$3,000 will be disbursed in two equal payments over the two academic semesters: the first on October 1 and the second on February 1.
 - Students Graduating in December** - If the award is paid in two disbursements, the student must be registered in both the Fall and Spring semesters. However, students who graduate in December will receive the second disbursement upon written request to the Coordinator, Financial Aid and Awards.
 - Deductions** - The Controller may deduct from award payments any funds owing the University.
4. **Deferral**
- A request for a deferral must be submitted **in writing** to the Coordinator, Financial Aid and Awards by October 31 for the Fall Semester and February 28 for the Spring Semester. Justifiable reasons for deferral include:
- Unavoidable Circumstances** - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.
 - Co-op Students** - Co-op students may not receive an award during a work term. Awards or portions of awards which normally would have been disbursed in the work term will be deferred to the following study term.

5. **Returning After an Absence**
- Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

6. **Posthumous Awards**
- Financial awards will not be disbursed posthumously.
7. **Letters of Appreciation**
- Where a donor contact is available, award recipients will be expected to write a letter of appreciation to the donor.

c. **Measuring Academic Performance for Scholarship Purposes**

1. **High School Applicant Awards**
- These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in **Part 1 - Admission** in the University of Lethbridge Calendar.
- Equivalent credentials from other educational jurisdictions will be considered in accordance to the Admission guidelines stated in the University of Lethbridge Calendar.
- Only academic records from the last five years will be considered as demonstration of academic achievement.
2. **Transfer Awards**
- Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the transferable Grade Point Average as defined in the University of Lethbridge Calendar. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is only given to candidates who have successfully completed a minimum of eight graded transferable courses in the preceding two academic semesters while enrolled in full-time studies in a post-secondary level program.
3. **Post-Diploma Awards**
- Unless otherwise stated, the criterion for post-diploma awards is demonstrated academic achievement measured by the diploma program Grade Point Average.
4. **Collaborative Program Awards**
- Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the transferable Grade Point Average as defined in the University of Lethbridge Calendar. In the case of scholarships and

awards for which the main criterion is academic achievement, consideration is only given to candidates who have successfully completed a minimum of eight graded transferable courses in the preceding Fall and Spring semesters while attending full-time at an approved College.

5. Undergraduate Awards

Unless otherwise stated, the criterion for undergraduate awards is demonstrated academic achievement measured by the combined Grade Point Average as defined in (a) below. Consideration is given only to candidates who have successfully completed a minimum of eight graded semester courses in the last two semesters while attending full-time studies at the University of Lethbridge. While eight graded semester courses is the minimum criterion which applies, all other things being equal, those students taking more than eight courses over the academic year will be given priority in the case of a tie. Summer Session courses are not calculated in a student's combined Grade Point Average.

- a. Grading Scale - For scholarship purposes, the following grading system will be used to determine a student's Grade Point Average (GPA).

Letter Grade	Grade Points
A+	4.0
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

- b. Non-Grade Designations (no grade points assigned) - Unless otherwise stated, students who have less than eight graded semester courses will be considered ineligible for awards. Non-Grade Designations include:

AU	-	Audit
AI	-	Administrative Incomplete
CR	-	Credit
NC	-	Non-Credit
I	-	Incomplete
W	-	Withdrawal
WC	-	Withdrawal with Cause
X	-	Continuing

Courses graded Pass or Fail are eligible for award purposes.

Students with an Incomplete grade appearing on their transcript in the last two semesters will have until **August 15** to complete the

course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.

6. Athletic Awards

Unless otherwise stated, the criterion for athletic awards is good standing as defined in **Part 4 - Academic Regulations, Policies and Program Requirements** section of the University of Lethbridge Calendar. Athletes must have been enrolled in full-time studies in the previous Fall and Spring semesters while participating on a University of Lethbridge athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program.

d. Disclaimer

Since the University of Lethbridge Calendar and Awards brochure are published a considerable time before the beginning of the academic year, the University reserves the right to make whatever changes circumstances may require, including cancellation of particular awards.

e. Definition of Terms

- Academic Medals** - Academic medals are presented only at the May Convocation. These medals are awarded to students with outstanding academic achievements during their tenure at the University of Lethbridge. Students receiving academic medals are nominated by their respective faculties.
- Bursary** - A bursary is a non-repayable grant given to a student based on academic merit but where financial need is a significant criterion.
- Combined Grade Point Average (GPA)** - The combined GPA, for scholarship purposes, is calculated on all graded courses completed in the Fall and Spring semesters of the preceding academic year.
- Deferral** - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge.
- Eight Graded Semester Courses** - To be considered eligible for most undergraduate awards at the University of Lethbridge, candidates must have successfully completed a minimum of eight graded semester courses in the Fall and Spring semesters while attending full-time studies at the University of Lethbridge.
- Full-Time Student** - According to the University, any student enrolled in at least three courses in a Fall or Spring semester is considered full-time.
- High School Applicants** - High School Applicant Awards are available for students entering the University of Lethbridge on the basis of their high school academic achievements. Students are permitted to complete a maximum of two transferable post-secondary courses and still remain eligible for High School Applicant Awards.
- Prize** - A prize is awarded to a student with outstanding general proficiency or accomplishment

in a special field of interest. Prizes may take the form of books, plaques, subscriptions or cash.

9. **Scholarship** - A scholarship is a cash award given to a student selected primarily on the basis of academic excellence, with financial need a secondary criterion in some instances.
10. **Transferable Grade Point Average (GPA)** - The transferable GPA, for award purposes, is calculated on all transferable courses which were completed in the Fall and Spring semesters of the preceding academic year.

2. ENTRANCE AWARDS

These awards are for students entering the University for the first time, and except for the transfer scholarships, for those without previous participation in a post-secondary program. High School Advance Placement students may be considered exempt from this rule.

Application forms are available from the University of Lethbridge Awards Office (SU047), and application must be made no later than **April 1** for Early Entrance awards, **July 15** for most Entrance awards tenable in the Fall semester and **December 15** for Entrance awards tenable in the Spring semester. While not all awards require the applicant to apply, application is strongly recommended for students who feel that they may qualify for scholarships. Applicants **must** arrange to have an **official transcript of high school marks** sent directly from the issuing institution to the Admissions Office as standard admission procedures require. Applications **will not** be considered unless transcripts are received in the **Admissions Office** no later than 30 days after the deadline of July 15 or December 15.

Students need not have been accepted for admission to the University prior to applying for these awards. Students are encouraged to apply for entrance awards prior to receiving their final high school marks since these results often are not available prior to the application deadline for entrance awards.

For further information regarding policies affecting entrance awards, please refer to **Section 1, Student Awards Policies**.

8. FINANCIAL ASSISTANCE

Application forms and information for the federal and provincial financial assistance programs are available from the Financial Aid and Awards Office (SU047). Students from

Alberta must apply prior to the end of the semester for which they are requesting financial assistance. Residents from other provinces or territories should check with the appropriate agency in their province or territory since deadlines vary throughout the country.

The level of financial assistance awarded to an individual depends both on evidence of financial need and on personal circumstances. During the 1996/1997 academic year, the maximum amount an Alberta student was eligible to receive was \$9,200 in combined Federal and Provincial funding. Single students with dependents may receive up to \$6,000 in non-repayable grants. Students with permanent disabilities may apply for financial assistance for disability-related costs up to \$5,000. Funding is cost shared between the Federal and Provincial governments. A student seeking such assistance obtains and completes an application form available at the Financial Aid Office (SU047). The completed application should be submitted to the Financial Aid Office of the institution the student will be attending. Processing of an application requires four to six weeks by the Alberta Students Finance Board, after which time successful applicants are sent loan certificates. Students from other provinces should anticipate the processing of their student loans to take at least six to eight weeks. To negotiate these certificates, the student must take them first to the University Cashier (SU041A), then to the Financial Aid Office (SU047) for the University's official verification. After the University has verified the student's attendance, the student loan certificates are taken to one of the approved financial institutions (e.g., bank).

In semesters when a returning student who has a loan outstanding does not take out additional student loans, it is essential that the student complete and submit a Confirmation of Enrolment. This will protect the interest-free status of the student's loan. Confirmation of Enrolment Forms must be filed for both Canada and Provincial student loans, if both have previously been issued to the student.

a. Canada Student Loans

The Canada Student Financial Assistance Program is designed to assist students whose resources are insufficient to provide for the cost of full-time studies at the post-secondary level. To be eligible, applicants must be Canadian citizens or have Landed Immigrant status.

b. Province of Alberta Assistance

The Province of Alberta Students Finance Act provides for financial assistance in the form of loans and, in exceptional circumstances, grants to full-time students of Alberta who are in need of additional funds to meet their educational expenses. Students are advised to apply before May 31 for Fall funding.

1. Remission

For students with student loans exceeding \$18,300 a portion of the Alberta Student Loan debt may be subject to remission (does not have to be repaid). Remission is not automatic, but may be awarded upon application, subsequent to the student leaving full-time studies. Remission forms are available from the financial institution where the student's loan has been negotiated.

2. Part-time Bursaries

Bursaries may be awarded to part-time students registered in credit courses that are part of a program approved by the Board and who, in the judgement of the Students Finance Board, are in financial need. The maximum amount of a bursary awarded will not exceed \$300. A bursary may only be used for tuition fees, books and materials, transportation and child care while attending courses.

c. Repayment

Loans are not repayable during periods of full-time studies and for six months after graduation or withdrawal. In certain cases repayment may be deferred for additional periods after the six months' exemption, upon successful application to the appropriate agencies.

d. Withdrawal from Courses

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies are required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next semester is automatically cancelled. If the student intends to return to full-time studies next semester and needs financial assistance, a new application form must be completed for the next period of studies.

e. Incomplete (I) and Continuing (X) Grades

Courses used in one semester to determine eligibility for student loan purposes cannot be used in subsequent semesters towards a student's full-time registration. Independent and Applied Studies courses are classified as one course and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

f. University Emergency Loan Fund

Emergency Loans are available for University of Lethbridge students who require temporary assistance to cover essential living expenses. Students cannot receive emergency assistance to cover registration, tuition, books, fines or debts to other University departments. Students requiring Emergency Loans are registered as full-time students and are recipients of government student loans. In essence these loans are short-term advances.

Emergency Loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans or grants. These advances are also available in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

Further information can be obtained through the Office of Financial Aid and Awards (SU047, 329-2585).
