Job Posting Information

Term Posted	Spring
Job Title	Casualty Management Co-op Student
Duration	4 Months
Job Location	Suffield, AB
Job Description	

Defence Research Development Canada (DRDC) is one of Canada's most dynamic organizations, with a mission of protecting Canada and Canadian interests and values, while contributing to international peace and security. Here's your chance to embark on a journey to an exciting and rewarding career with DRDC's Casualty Management Section as a Co-op student.

Coop Term Activities

The students will be required to assist in conducting assays for the evaluation of toxicity and medical countermeasure efficacy. They will be required to assist in animal studies including functional and behavioural assessments. In collaboration with their supervisor, they will be expected to report on findings including collecting and summarizing data, conducting statistical evaluation and reporting on the final results.

Job Requirements

Academic level: 3rd or 4th year or higher (undergraduate)

Other skills: Ability to plan, excellent team player, positive attitude, initiative, and effective communication skills.

Conditions of employment: 1) Canadian citizenship is required due to security requirements; 2) Candidates must be able to obtain a Reliability Clearance; 3) Must be recognized as having fulltime student status by the academic institution in which you are presently enrolled; and be enrolled in a COOP/Internship Program
