Job Posting Information

Term Posted	Summer
Job Title	Summer Junior Associate, Institutional Equity Research
Duration	4 Months
Job Location	Calgary, Toronto
Job Description	

CIBC Capital Markets

We deliver innovative banking and investment solutions to CIBC's retail, wealth and business clients including corporates, governments and institutional clients around the world. Our goal remains to be the leading Capital Markets franchise in Canada and to work as one team to build our brand across North America and the world - proudly living our values as we work toward our vision to be the leader in client relationships.

CIBC is committed to a fair and inclusive work environment where diverse ideas and perspectives are valued.

Global Markets

Our Global Markets business comprises our sales, trading and research teams spanning cash and derivative products in foreign exchange, commodities, rates and equities in addition to securitization, money markets and more. We are also leveraging our trading and technology to deliver innovative, market-leading payment and fintech solutions through our Alternate Solutions Group. We are widely recognized for our capabilities and leadership in these areas and remain committed to investing in

technology and talent to advance our vision.

How the Program Works

Successful candidates will be provided the opportunity to gain experience in a variety of our industry sectors:

- Chemicals & Fertilizers
- Energy
- Financial Institutions
- Mining
- Paper & Forest Products
- Real Estate
- Technology
- Healthcare
- Industrials

The experience will include:

- Orientation, including classroom training
- An assigned buddy and mentor
- Optional scheduled learning sessions throughout the summer
- Networking opportunities
- A formal evaluation process

Most importantly, our most successful Summer Junior Associates will be given consideration for full-time opportunities in Equity Research.

Key Accountabilities/Activities

Summer Junior Associates have the opportunity to gain exposure to a variety of sector coverage teams. Additionally, Junior Associates will be assigned with projects and tasks that will provide the opportunity to learn about the Capital Markets industry and to develop the skills required for solid financial analysis. Junior Associates will gain valuable knowledge of the process involved in writing research reports, forecasting, researching and analyzing companies, industries and market trends.

Job Requirements

Requirements

We are looking for highly motivated, accomplished and success oriented individuals who have a keen interest in pursuing a career in the financial services industry. Prospective candidates should demonstrate the following:

- Proven record of academic success, teamwork and extracurricular involvement
- Self-starter with an ability to multi-task and deliver competing demands in a dynamic environment
- Excellent interpersonal skills, a proven ability to contribute to high-performance teams and a demonstrated commitment to acting with integrity
- Strong interest in financial markets
- Strong technical, computational and analytical skills
- Highly effective written, oral and presentation skills with an ability to explain complex concepts
- Enrollment in an undergraduate degree in Business or Economics, preferably to be completed by

August 2019 or 2020

-Must be legally eligible to work in Canada at the location(s) specified below and, where applicable, must have a valid work permit or study permit that allows the candidate to fulfill the requirements of the role

-Please include a writing sample along with your cover letter and resume
