

Nutritional Coaching

Eating is one of life's greatest pleasures. It's also an area in life where we can get into trouble if we aren't careful. Working with a nutritional counsellor can help you sort through the conflicting information that's out there and develop a dietary plan that works for you.

Eat right and feel great!

- **Struggling with your weight?** Losing weight and keeping it off may mean changing what you eat. Our registered dietitians provide up-to-date, evidence-informed nutrition information to help maintain a consistent approach to weight loss.
- **Need to eat a more heart-healthy diet?** We work with you to develop a personalized food plan.
- **Want to boost your energy levels?** Making simple changes to your diet can increase your energy and help you feel better. We can help you develop a nutrition plan that can be easily integrated into your lifestyle.
- **Have special dietary needs?** Sometimes we need to develop specialized diets to avoid problems (e.g. high cholesterol, Type 2 diabetes, lactose and food intolerance, irritable bowel). Working with a dietitian makes planning the right diet easier.
