Important Notes:					
<ul style="list-style-type: none"> Only non-Indigenous Education Major students wishing the EDUC 4576 Indigenous Education Internship need to apply for this internship option as it is mandatory for Indigenous Education Major students. If you are placed in a semestered school for Spring PS III (<i>starting late January or early February</i>), you will not be finished your internship by the end of the Spring term. Consequently, you will not be able to take Summer Session I courses. In addition, if this is your final semester of program you will not be eligible for Spring graduation. Out-of-Zone placements are not possible for the EDUC 4582 Inclusive Education specialization. Out-of-Zone requests must be made separately through the Field Experience office. (Deadline for application is January 15 for the Fall PS III semester and August 31 for the Spring PS III semester.) 					
My initials indicate that I understand the potential implications for my PS III internship and/or Out of Zone placement.
