This guide provides an overview of uLethbridge admission routes, programs and other information to help you assist future applicants. The uLethbridge Undergraduate Academic Calendar and Course Catalogue (Academic Calendar) have complete information for all topics covered in this guide. To access the Academic Calendar, please visit: [ulethbridge.ca/ross/academic-calendar](http://ulethbridge.ca/ross/academic-calendar).

# WELCOME

Here's to a fantastic 2020 academic year!

There are so many exciting things happening at uLethbridge. Science Commons, our newest academic space, is now open! This space brings together researchers across disciplines to examine and solve complex, real-world problems through a transdisciplinary lens.

We have also launched a number of Living and Learning Communities (LLCs) over the past two years. LLCs are made up of students in similar areas of study and who live in residence and receive enhanced academic and social programming. This exceptional experience gives participants special access to professors, lecturers, networking, student success programming and more! Students in LLCs have a greater chance of being successful in their early years of study.

The Dhillon School of Business and Faculty of Fine Arts currently run LLCs that provide exciting opportunities to participants throughout their first year at uLethbridge. This year, we piloted a new LLC called Early Start for students looking to ease their transition to University — we all know the first few weeks can be overwhelming!

Early Start participants moved into residence in mid-August and completed one liberal education course for credit before the start of term. The course helps students map their communities, the physical space of campus and their support networks. It was a resounding success and plans are in the works to expand Early Start in 2020. Students who apply to any future Living and Learning Community by the deadline are guaranteed a bed in residence! We will provide more information to you in the coming months.

This fall, uLethbridge launched the Experience Matters project with a goal of developing a student experience transcript in the near future. When you reflect on your own time in higher education, I suspect you remember experiences outside the classroom that shaped who you are today and how you view the world. We want students to be able to articulate these experiences and show future employers the relevant skills they developed.

I hope you have a wonderful year, and that our materials prove useful in guiding your students through the overwhelming journey to post-secondary. Our team is here to support you and your students every step of the way! I hope we see you on campus soon.

Natasha Buis Deering  
Director, Enrolment Services

# NEW & NOTEWORTHY

## **AACSB accreditation for the Dhillon School of Business**

Studies at the Dhillon School of Business are backed by our AACSB accreditation. The Association to Advance Collegiate Schools of Business (AACSB) International is the world's largest global business education network of which only six per cent of the best business schools worldwide are accredited. Students who graduate from an AACSB-accredited school are contenders for jobs from top, global organizations who only hire from AACSB-accredited schools, they are often offered more competitive salaries, they have a better chance of getting into graduate programs, and they have more employers interested in them after graduation.

## **BFA-New Media/BSc Computer Science (New!)**

Starting Fall 2020, uLethbridge will offer a Bachelor of Fine Arts - New Media/ Bachelor of Science with a major in computer science. Demand is increasing for new media artists that draw from an extensive computer science foundation. This five-year combined degrees program bridges the gap between fine arts and computer science, providing a competitive advantage in the marketplace.

Through new media studies, students will explore the interconnectivity between technology, art, industry, and culture. They'll combine a foundation in new media with studies in computer science, delving into the study of algorithms, data structures and their applications to develop efficient solutions to global problems.

## **Combined Degrees**

Combined degrees programs at uLethbridge give students the opportunity to graduate with two degrees in less time than if they took them separately. Students get a strong foundation of knowledge and skills in two areas, gaining an advantage in a competitive job market. To be admitted to a combined degrees program, students must meet the minimum requirements of both programs.

## **Early Start**

Through Early Start, students can take a liberal education course for credit before the start of the Fall 2020 term. The course (LBED 1500 - The First-Year Experience: Mapping our Communities) will promote success and ease the transition from high school to university, while giving students credit towards their degree.

Students will have the opportunity to attend lectures, labs and tutorials each week, examining viewpoints from different perspectives: science, social science, fine arts and humanities. They will get to know the campus, meet fellow students and professors, and familiarize themselves with uLethbridge's resources.

## **Experience Matters**

The value of a post-secondary journey cannot be fully captured through a list of academic courses and grades. To fill this gap, uLethbridge is launching Experience Matters, a comprehensive database of activities that students can use to track participation and highlight the skills they gained during their degree. Upon graduation, they'll have a record to share with future employers.

The activities included may take place on- or off-campus and cover a variety of educational opportunities emphasizing research, creativity and innovation, community service, global citizenship, leadership, certifications and workshops.

Students will venture outside the classroom into workplace co-operative education experiences, community volunteering, student leadership activities, study abroad, among others to develop 21st-century competencies and earn an official, uLethbridge-verified record of their high-impact experiences.

## **Living and Learning Communities**

This exciting opportunity provides students enrolled in a bachelor of fine arts/music program, or a bachelor of management program with a guaranteed bed in Housing (application and deadlines apply) and exclusive access to leadership development opportunities, guest speakers, networking events, academic advising, and other student activities — many taking place within residences on campus.

Living in residence will also ensure a smooth transition to university and provide a built-in community that enhances academic performance and social success.

# CANADIAN HIGH SCHOOL ADMISSION REQUIREMENTS

The following are the general admission requirements for applicants presenting credentials from Canadian high schools. Your published (final) Grade 11 grades will be used to determine conditional admission to uLethbridge. Final Grade 12 grades will be reviewed and must meet admission requirements prior to the appropriate document deadlines. To ensure success in academic study, all applicants, regardless of citizenship or country of origin, must meet the English language proficiency (ELP) requirements through recognized study or a valid standardized test score.

<sup>1</sup> Saskatchewan: Fransaisois/Immersion students may use one of Français Fransaisois A30 or B30 or Français Immersion in combination with either one of the English Language Arts courses. While either of Pre-Calculus 30 or Foundations of Mathematics 30 may be used as an academic course for admission, Pre-Calculus 30 is required as a

prerequisite for courses in certain programs.

<sup>2</sup> Only one course in a particular language will be used for admission purposes, e.g., in Alberta, only one of French Language Arts 30-1 or French as a Second Language 30-3Y will be used.

<sup>3</sup> World Geography CGU4U or Canadian and World Issues CGW4U; History Identity & Culture CHI4U or The West & the World CHY4U; Law CLN4U; Canadian & World Politics CPW4U; Aboriginal Issues in Global Context NDW4M or Aboriginal Gov: Emerging Direc NDG4M.

<sup>4</sup> Any distinct Fine Arts subject can be used as an approved course.

For information about additional admission pathways including First Nations' Transition Program, Mature Students, and International Students, please contact our Admissions office. Individual programs may have additional requirements or higher standards. For details visit: [ulethbridge.ca/ross/admissions/program-availability](http://ulethbridge.ca/ross/admissions/program-availability).

# ADDITIONAL ADMISSION REQUIREMENTS BY PROGRAM (2020/2021)

In addition to the General Admission Requirements, some programs have additional admission requirements that must be met by all applicants by the appropriate deadline ([ulethbridge.ca/ross/admissions/undergrad/deadlines](http://ulethbridge.ca/ross/admissions/undergrad/deadlines)).

- All applicants who are admitted through the High School Admission ([ulethbridge.ca/ross/admissions/undergrad/high-school](http://ulethbridge.ca/ross/admissions/undergrad/high-school)) route **must have English 30-1**. If English 30-1 is listed on the chart below, all applicants applying to that program must have English 30-1 with a minimum grade, regardless of their admission route.
- If applying to a combined degree program, you must meet the additional admission requirements of each program.
- If applying for a second degree, you must meet the additional admission requirements of your specified program indicated on the chart below (unless your program is indicated on the Certificate, Diploma, Post-Diploma and After-Degree Program Requirements chart).

Program	Major	Additional Requirements: High School Courses (or equivalent)	Other Additional Requirements

### About Post-Diploma Programs

Applicants who have been awarded a diploma from a recognized post-secondary institution may be considered for admission to a Post-Diploma Degree program at the University of Lethbridge. Post-Diploma Degree programs are typically 20 term courses in length and are composed of selected courses in the major subject and related disciplines, as well as courses to meet the Liberal Education List Requirement.

### Approved Diplomas

For current information on approved diploma programs, see [ulethbridge.ca/postdiploma](http://ulethbridge.ca/postdiploma). Diploma programs not previously approved will be considered for admission on a case-by-case basis.

### General Admission

Applicants with two- or three-year diplomas from recognized institutions, where the program has sufficient academic content and the diploma GPA is 2.0 or higher, will be considered for general admission to a transfer program in the Faculty of Arts & Science, Dhillon School of Business, Health Sciences, or Fine Arts. GPA criteria will vary for particular programs and are subject to change. All GPAs are expressed on the uLethbridge 4.0 GPA scale.

# SOME THINGS TO KNOW

- The **co-operative education** program offers work experiences for EVERY major at both the undergraduate (CAFCE accredited) and graduate levels. We are the only university in Alberta to do this! Local, regional, national or international work experiences are available in areas directly related to your degree. uLethbridge students have completed work terms at EA Games, the Canadian Space Agency, Environment Canada, Husky, the Smithsonian Museum in Washington and in areas related to environmental sustainability, Indigenous relations, research and development, to name a few.
- Our **education program** is one of the leading programs in the country. You'll receive 27- weeks of off-campus practicum experience, teaching in multiple settings, such as elementary AND secondary schools (unique to uLethbridge). Your professors are teachers who have all taught in K-12 classrooms and balance theory with practice.
- Our **digital audio arts** major, the most comprehensive degree program of its kind in Western Canada, combines academic courses and a classical music conservatory with experiences in audio engineering, music production and sonic arts.
- The **addictions counselling** program is the only baccalaureate program of its kind in Canada.
- The **Dhillon School of Business** has received Chartered Professional in Human Resources (CPHR) accreditation for the Bachelor of Management in Human Resources Management and Labour Relations program. The CPHR designation is the only designation recognized by nine provinces across Canada and is aligned with the United States' Society for Human Resource Management — the largest HR organization in the world.
- Our innovative **Aboriginal health** program examines the factors that contribute to Indigenous health, strength and resilience in Canada. Students develop their skills in a community setting by engaging in a practicum in partnership with rural and urban Indigenous communities.
- Our new **Science Commons** building is the most advanced facility of science research and education in Canada.
- There's an area in Dr. David Naylor's lab at Science Commons that is **the coldest place on earth!** It's just one of the many reasons why he is in the upper echelons of research in experimental astrophysics.
- Our **new Family and Small Business Management** 6-course minor in the Dhillon School of Business may be added to any undergraduate degree at the University of Lethbridge.

# ADDITIONAL ADMISSION ROUTES

## Dual Admission

Dual Admission is a specific transfer admission route available for some degree programs open to students enrolled in a dual admission partner institution.

Dual Admission applicants must meet all general admission and program-specific admission requirements in effect at the time of application.

## First Nations' Transition Program

The First Nations' Transition Program (FNTF) is a first-year credit program that provides First Nations, Métis and Inuit students who do not meet the general requirements of the uLethbridge an opportunity to enter into, and succeed at, university. This program provides a solid foundation of core skills in a supportive cohort environment that attends to Indigenous Ways of Knowing and Learning.

It is also open to Indigenous students returning to university after an absence and, as space allows, to those who qualify for general admission but want the supports provided by the cohort.

Successful completion of the FNTF allows students to enter into most uLethbridge programs. Admission is on a case-by-case basis. For more information, contact our FNTF Office at 403-329-2635.

## Home School Applicants

Regardless of their citizenship or residency, home school applicants will be considered according to the curriculum they followed.

For example, a home school applicant who studied Alberta curriculum is expected to meet the requirements of an Alberta high school applicant.

The applicant should challenge the departmental examinations in courses where such examinations exist to provide grades in the subjects challenged. The applicant would be considered for admission when they present final grades in five distinct subjects.

An applicant who presents both a high school diploma and appropriate, satisfactory standardized test scores, either ACT or both SAT I and II, will be considered for general admission.

## Mature Student Admission

Applicants who are a Canadian citizen or Permanent Resident, age 21 years or older, and who do not meet current admission requirements of any other admission route may be considered for Mature Student admission.

Applicants who have completed high school requirements with an admission average of at least 60%, or have a minimum grade of 65% in English 30-1 or 30-2 and passing grades in two other 30-level courses will be considered for admission. For applicants who have not completed high school requirements, a combination of academic credentials, standardized test scores, and evidence of life experiences may be considered.

The applicant is assessed for potential post-secondary success, which is the standard of admission for this route. A resume and letter of intent are required for admission purposes. Additional advice is available from Admissions.

## Standardized Test Admission

Standardized test admission route applicants who present acceptable ACT (American College Testing) or SAT (Scholastic Academic Test) scores will be considered for general admission. In the case of the SAT written prior to March 2016, the applicant must present complete SAT (Critical Reading, Mathematics and Writing) and three additional SAT Subject Test scores. In the case of the SAT written after March 2016, a minimum combined Evidence-Based Reading and Writing plus Math (ERW+M) score of 1040 is required. In the case of the ACT, a composite score of 20 is required. Applicants are also required to meet program-specific admission requirements and therefore will be required to submit their high school transcript for review.

## Post-Secondary Admission

Applicants who have completed six or more transferable term courses at one or more post-secondary institutions will be considered as Post-Secondary applicants.

To qualify for general admission, Post-Secondary applicants must have an admission average of at least 2.0 on the uLethbridge 4.0 GPA scale, calculated on all transferable courses.

Satisfactory completion of certain Alberta high school courses or equivalents is required for admission to some majors. See High School Admission Requirements by Program for quota and specialized program admission requirements.

Upon admission, students are assigned transfer credit on a course-by-course basis for eligible post-secondary work. Transfer of credit may serve to reduce the number of courses which must be completed at uLethbridge in order to complete a program of studies.

For detailed information on course-by-course transfer, including course equivalencies, see [ulethbridge.ca/ross/admission-information/adm\\_routes/new\\_transfer](http://ulethbridge.ca/ross/admission-information/adm_routes/new_transfer).

Refer to Programs Available to Post-Secondary Students online: [ulethbridge.ca/ross/admission-information/adm\\_routes/nt\\_prog](http://ulethbridge.ca/ross/admission-information/adm_routes/nt_prog).

Also, see Admission in the current Calendar online: [ulethbridge.ca/ross/academic-calendar/part01.pdf](http://ulethbridge.ca/ross/academic-calendar/part01.pdf).

Number of Transferable Courses	High School Transcript Required	Min. Average Required	Transferable Courses – GPA Required	Min. GPA Required*
1-5	Yes	65%	Yes	2.0
6+	Yes	N/A	Yes	2.0

\*\* Your high school marks are not used to determine your admission GPA, but may be necessary for prerequisite purposes. If you are not sure whether six of your courses will transfer, you should also arrange for your high school transcript to be sent to Admissions.

## Applied and Technology Degrees

Applicants presenting applied or technology degrees from recognized colleges or technical institutes in Canada with GPAs of 2.0 or higher on the uLethbridge 4.0 GPA scale will be considered for admission to first degree, undergraduate non-quota programs. These applicants will be considered for admission to quota programs according to their qualifications. Transfer credit will be awarded according to regular uLethbridge procedures and policies, including those pertaining to residency, major and time limits.

Applied and technology degrees are not normally considered to be a basis of admission for second degree or graduate studies programs.

## Degree Holders

Applicants who have completed, with satisfactory grades, one or more academic degrees from a recognized university, will be considered for admission to another degree program at uLethbridge. The declared uLethbridge program/major must be dissimilar from any degree already completed. Second degree program requirements are individualized for each student. Courses completed during a student's first degree, as well as those completed after, may affect the program content and/or reduce the number of courses required to complete subsequent degrees. Please contact an academic advisor in the appropriate Faculty or School for more information.

For advice, contact Admissions at 403-383-7134 or [admissions@uleth.ca](mailto:admissions@uleth.ca).

For a complete list of admission routes and requirements, visit: [ulethbridge.ca/ross/sites/admissions/ross/undergrad/general-reqs](http://ulethbridge.ca/ross/sites/admissions/ross/undergrad/general-reqs)

# ENGLISH LANGUAGE AND SPEAKING REQUIREMENTS

## English Language Proficiency

English is the primary language of instruction and communication at uLethbridge. Prior to registration, all undergraduate students must demonstrate English language proficiency sufficient to meet the demands of classroom instruction, written assignments and participation in tutorials and discussions, regardless of their citizenship status or country of origin. There are **two types of English requirements** that apply to applicants to uLethbridge:

1. **English Language Proficiency (ELP):** Admission requirement for all applicants to undergraduate programs
2. **Spoken English Language Proficiency (SELP):** Admission requirement for applicants to programs offered by the Faculty of Health Sciences

**English Language Proficiency (ELP)** must be presented prior to admission and may be shown in a number of ways, including:

- Alberta English Language Arts 30-1 or equivalent, with a minimum final (blended) grade of 75 per cent; a grade of 5 or higher IB Higher or Standard-level English; a grade of 4 or higher AP English; a grade of B or higher in GCSE A/S-level or A-level English
- Successful completion of a minimum of three consecutive years of full-time academic study in English at a secondary school or post-secondary institution in Canada or another country where English is recognized as the primary language
- Successful completion of the Advanced Level of uLethbridge's English for Academic Purposes (EAP) program
- A score of at least 80 on the iBT, with scores of at least 16 on each of Listening, Reading, and Speaking, and a score of at least 18 on Writing on the most recent official TOEFL (Test of English as a Foreign Language) score, taken within the last two years.
- Most recent official Academic IELTS (International English Language Testing System) score, taken within the last two years, with an overall score of at least 6.0 and at least 6.0 in each band

Refer to the English Language Proficiency section in Part 1 – Admission of the current Academic Calendar or see our web page at [ulethbridge.ca/ross/admissions/elp](http://ulethbridge.ca/ross/admissions/elp) for additional methods of meeting the ELP requirement, as well as for listings of countries exempt from the ELP requirement.

## Spoken English Language Proficiency

In addition to the English Language Proficiency requirement for uLethbridge undergraduate admission, all applicants to the Faculty of Health Sciences must also meet the Spoken English Language Proficiency (SELP) requirement. This additional SELP requirement is essential because students must be able to communicate clearly and effectively with colleagues, instructors, health care professionals, and the public in a variety of settings to be successful in these programs.

Evidence of **Spoken English Language Proficiency (SELP)** must be presented prior to admission and may be shown in a number of ways, including:

- Acceptable evidence of at least six consecutive years of full-time studies in a country and institution in which the primary language is English, including the successful completion of English Language Arts 30-1 or equivalent
- A score of at least 26 on the International Benchmark Test (iBT) Speaking section
- A score of at least 7.5 on the International English Language Testing System (IELTS) Speaking band
- A score of at least 70 on the Canadian Academic English Language (CAEL) Speaking sub-test
- A score of at least 3 on the Michigan English Language Assessment Battery (MELAB) Speaking section
- Current registration with the College and Association of Registered Nurses of Alberta (CARNA) or College of Licensed Practical Nurses of Alberta (CLPNA)

For additional information, refer to the SELP requirement in the Admissions section in Health Sciences of the current Academic Calendar online at [ulethbridge.ca/ross/sites/ross/files/imported/academic-calendar/2020-21/part10.pdf](http://ulethbridge.ca/ross/sites/ross/files/imported/academic-calendar/2020-21/part10.pdf)

For undergraduate application and document deadlines for 2020/21, please visit:  
[ulethbridge.ca/ross/admissions/undergrad/deadlines](http://ulethbridge.ca/ross/admissions/undergrad/deadlines)

# PRE-PROFESSIONAL TRANSFER PROGRAMS

Students at uLethbridge may prepare themselves to apply for admission to a number of professional programs offered at other universities.

Through arrangements between uLethbridge and professional faculties at other universities, transfer programs have been established for the professional programs listed below. Admission to these programs at the destination institutions is by quota and is competitive.

For more information about Pre-Professional Transfer Programs, visit Arts and Science in the current Academic Calendar.

## Dentistry

University of Alberta

- uLethbridge program of admission: BSc
- Eligible uLethbridge majors: agricultural biotechnology, biochemistry, biological sciences, chemistry, neuroscience.
- Applicants must meet general admission requirements.

## Engineering

University of Alberta

- uLethbridge program of admission: Pre-Professional Transfer Program in Engineering
- Space is limited and admission is competitive.
- Applicants must present English Language Arts 30-1, Mathematics 30-1, Mathematics 31, Physics 30, and Chemistry 30. Typically an average of 75% or higher on these courses is required.

## Journalism

University of Regina

- uLethbridge program of admission: BA
- Eligible uLethbridge majors: student's choice. Majors in economics, English, history, political science, or sociology may be of particular interest.
- Applicants must meet general admission requirements.

## Law

University of Alberta or University of Calgary

- uLethbridge program of admission: BA
- Eligible uLethbridge majors: student's choice.
- Applicants must meet general admission requirements

## Medicine

University of Alberta or University of Calgary

- uLethbridge program of admission: BSc
- Eligible uLethbridge majors: agricultural biotechnology, biochemistry, biological sciences, chemistry, neuroscience are of particular interest.
- Applicants must meet general admission requirements.

## Social Work

University of Calgary

- uLethbridge program of admission: BA
- Eligible uLethbridge majors: student's choice. Majors in economics, political science, psychology, or sociology may be of particular interest.
- Applicants must meet general admission requirements.
- The final two years of the Bachelor of Social Work program are offered at the Lethbridge campus by the University of Calgary, Faculty of Social Work, Lethbridge Division.

## Veterinary Medicine

Western College of Veterinary Medicine, University of Calgary

- uLethbridge program of admission: BSc
- Eligible majors: agricultural biotechnology, biochemistry, biological sciences, chemistry, neuroscience.
- Applicants must meet general admission requirements.

# SCHOLARSHIPS AND DEADLINES

High School Applicant Awards		
Award	Requirements	Deadline to Apply
Grade 11 Merit Award	Regionally disbursed to high-achieving applicants	June 30 of the year the applicant is in Grade 11
Board of Governors' Admission Scholarship	Regionally disbursed to high-achieving applicants	Apply for fall admission by December 15 No separate application required
Leadership Awards	Leadership, academic achievement, volunteer experience, financial need and/or artistic ability	Separate scholarship application * required by March 15
High School Applicant Entrance Awards	Academic achievement	Separate scholarship application * March 15 for fall entrance
Transfer Applicant Awards		
Award	Requirements	Deadline to Apply
Transfer/Collaborative	Minimum of 24 transferable credits with a GPA of 3.0 or higher	Separate scholarship application * June 15 for fall entrance
Post-Diploma	Academic achievement based on diploma GPA of 3.0 or higher	Separate scholarship application * June 15 for fall entrance
Athletic Awards   Alberta residents may be recommended by their coaches for a Jimmy Condon Athletic Scholarship during their first year of participation on a University intercollegiate athletic team. Entrance and continuing athletic awards are governed by U Sports.		

\*Applications must be submitted online using the Bridge ([bridge.uleth.ca](https://bridge.uleth.ca)).  
For a complete list of scholarships and awards, visit [ulethbridge.ca/ross/student-finance/awards](https://ulethbridge.ca/ross/student-finance/awards).

## Government Student Financial Assistance

Contact our office for details on applying for government student financial assistance to study at uLethbridge. Check the CanLearn website at [canlearn.ca](https://canlearn.ca) for general information on government student loan programs.

# TWO CAMPUSES TO CHOOSE FROM

Connecting the University of Lethbridge with Calgary's East Village and the downtown core, our Calgary Campus offers flexible programs developed with the working professional in mind. Our space and delivery methods are designed for maximum flexibility with your personal schedule.

Calgary Campus offers flexible programs developed with the working professional in mind. Classes are offered in the evenings and on weekends so students can continue to work while they earn their degrees.

The student experience on our Calgary Campus is much different than on our Lethbridge Campus; it is not intended to meet the particular social and services needs of new students direct from high school.

Students from Calgary who attend classes on the Lethbridge Campus, may choose to take courses on our Calgary Campus when they return for the summer break. We offer a wide variety of courses in a number of subject areas. It's a way for students to ensure they stay on track (or get ahead) with their program.

Our Calgary Campus offers courses in fine arts, humanities, management, sciences, and social sciences.

For information on specific majors and minors available at the Calgary Campus, please see the Academic Calendar [ulethbridge.ca/ross/academic-calendar/part11.pdf](http://ulethbridge.ca/ross/academic-calendar/part11.pdf).

Students at our Calgary Campus have access to services including academic advisors who can assist with program planning and give advice on changing majors; enrolment advising to help students explore their interests and choose a major; study skills presentations; and learning supports such as exam accommodations and assistive technologies.

**Lethbridge Campus**

## Post-Bachelor Certificate in Accounting (CPA Bridging)

The Dhillon School of Business, with the support of the Chartered Accountants Education Foundation of Alberta, offers CPA Bridging at both uLethbridge campuses. CPA Bridging helps students transition into a career as a Chartered Professional Accountant with any bachelor's-degree, no matter the discipline. Students who complete the program will meet the entrance requirements to the CPA Professional Education Program (PEP).

# SOMETHING FOR YOU

## Master of Education Routes

Have you thought about going back to school to get a master's degree? uLethbridge has three majors for our Master of Education degree:

1. **General** – intended for practicing educators.
2. **Counselling Psychology** provides training for individuals who want to develop professional skills and certification in counselling psychology, and who work within educational, community or private practice settings.

3. **Educational Leadership** prepares educators for key school leadership careers.

Deadline to apply is December 1, 2019 to start Summer 2020.

Learn more at: [ulethbridge.ca/future-student/graduate-studies](http://ulethbridge.ca/future-student/graduate-studies)

## Upcoming Events

# HOW TO APPLY FOR ADMISSION

## Applying to uLethbridge is as easy as one, two, three...

To apply to uLethbridge, students must create an ApplyAlberta account before completing their uLethbridge application. Applicants can access the application from our website [ulethbridge.ca/future-student](https://ulethbridge.ca/future-student) as well as at [applyalberta.ca](https://applyalberta.ca).

- 1** Complete online application form at [ulethbridge.ca/future-student](https://ulethbridge.ca/future-student)
- 2** **High school applicants:** Published Grade 11 grades will be used to determine conditional admission to uLethbridge. Final Grade 12 grades will be reviewed and must meet admission requirements prior to the appropriate document deadlines.
- 3** Include valid credit card information for payment of the application fee.

### Student Application Fee

The application fee for admission to an undergraduate program is \$125 for applicants with Canadian transcripts and \$140 for applicants submitting international transcripts. Subsequent applications for admission to a level of study are assessed an application fee of \$50.

### Conditional Admission

Conditional admission decisions are made on the basis of published Grade 11 grades (high school applicants), transcripts and/or mid-term mark statements (for courses in progress) received by the Admission decision document deadline. Applicants offered conditional admission must meet or exceed the admission standards of their program by the final document deadline.

### Official Documents

Through ApplyAlberta, applicants authorize uLethbridge to request transcripts on their behalf from Alberta Education and/or participating post-secondary institutions in Alberta. Applicants attending institutions not participating in ApplyAlberta or any educational institution out-of-province must arrange to have official transcripts sent directly to Admissions.

Applicants currently studying at institutions not participating in ApplyAlberta or any educational institution out-of-province are strongly advised to arrange, at the time of application, for the submission of interim transcripts if required final transcripts are not yet available. Final, official transcripts must be submitted on or before the final document deadline. Visit [applyalberta.ca](https://applyalberta.ca) for more information.

### Education Combined Degrees Programs

Applicants may not apply directly into the Faculty of Education from high school. Interested applicants should initially apply to a pre-Bachelor of Education Combined Degrees program (pre-BA/BEd, pre-BSc/BEd, pre-BFA/BEd, pre-BMus/BEd, pre-BMgt/BEd).

# FROM APPLICATION TO REGISTRATION

1

Applicants, upon submitting an application, receive notification via email of their:

- Nine-digit uLethbridge student identification number
- Information regarding the application for scholarships

**uLethbridge ID Number** | Students need this nine-digit number to log on to the Bridge for the first time and set up their uLethbridge username and password.

2

Applicants should notify us immediately if their contact information changes. Log on to the Bridge ([bridge.uleth.ca](http://bridge.uleth.ca)), email [admissions@uleth.ca](mailto:admissions@uleth.ca), or fax 403-329-5159. We send important information by email so it is important for applicants to check their accounts regularly.

3

Applicants can check their application status, including required documents, at any time by logging on to the Bridge ([bridge.uleth.ca](http://bridge.uleth.ca)).

4

An applicant offered admission receives an offer by email, followed by a mailed Welcome Package. We email registration information once it is available.

5

Applicants must complete the Confirmation of Admission online, or submit the form with the non-refundable tuition deposit before the expiry date identified in the Offer of Admission.

**Expiry Date** | Applicants must submit their Confirmation of Admission by the expiry date. If more time is needed, applicants should contact Admissions to determine next steps ([admissions@uleth.ca](mailto:admissions@uleth.ca) or 403-382-7134).

**Confirmation of Admission** | Applicants need to confirm online through the Bridge and send this form back to Admissions (signed and dated) to let us know whether or not they plan to attend uLethbridge. If they plan to attend, a tuition deposit **MUST** accompany this form. Note: This deposit is in addition to the application fee that has already been paid and is non-refundable.

6

Students register in courses online, starting on their registration date, using the Bridge ([bridge.uleth.ca](http://bridge.uleth.ca)).

**Program Planning Guides (PPGs)** | Program planning guides list all required courses and include a suggested sequence plan for how to complete the program. These guides are available online at [ulethbridge.ca/ross/ppgs](http://ulethbridge.ca/ross/ppgs).

**Timeframe** | Registration for the fall term typically starts during the end of April. Students who have been offered admission will normally receive registration information from us by email in mid-April. A student can register on or after their assigned date, but earlier registration is better for course selection.

**Registration Date** | This is the first day students can log on to the Bridge to add courses to their class schedule. Registration continues until the end of the first week of classes. To assist students with the process of registration, we host online and in-person registration workshops. Contact [inquiries@uleth.ca](mailto:inquiries@uleth.ca) for more information.

**Liberal Education List Requirement** | All uLethbridge students must complete the Liberal Education List Requirement. This involves taking at least four courses from three different areas: fine arts and humanities, social sciences, and sciences. The required courses in a student's program typically fulfill some of this requirement, so the program planning guide, timetable, and Academic Calendar should be used to determine which additional courses should be taken. Refer to the current Calendar at the end of School of Liberal Education for more information. The Academic Calendar is available online: [ulethbridge.ca/ross/academic-calendar](http://ulethbridge.ca/ross/academic-calendar).

## We are here for you and your students!

**Student Recruitment Officers** | Our team of dedicated and enthusiastic student recruitment officers are available to answer all your uLethbridge-related questions, take you and your students on a tour of campus or give a presentation at your school. We have six recruitment officers based at our Lethbridge Campus and one at our Calgary Campus. Contact [inquiries@uleth.ca](mailto:inquiries@uleth.ca) or 403-329-2762 for more information or to arrange an in-class visit.

**Enrolment Advising** | We are happy to meet one-on-one with future students to discuss program options, admission requirements, first-year course selection and registration, life on campus, and more. These appointments can take place in-person, over the phone, in their community or online. Contact [inquiries@uleth.ca](mailto:inquiries@uleth.ca) or 403-329-2762.

**Student Mentors and Mentor Mail** | Every new student is assigned a student mentor who communicates with them through Mentor Mail and personal emails. These mentors are current uLethbridge students who support future students by providing advice, information and contacts, answering questions, and assisting with changes and challenges your students may encounter during their first semester.

## The Bridge [bridge.uleth.ca](http://bridge.uleth.ca)

### uLethbridge's web information system where students can:

- View admission status
- Register for courses
- View class schedule
- Access T2202A tax form
- View cash office account summary (check tuition and fees owing and/or paid)
- View examination schedules
- View any holds on registration (registration privileges will be withheld if there are outstanding fees, including the current term's fees)
- View final grades
- View working copy transcript
- View or update personal information
- Apply for scholarships

# INTERNATIONAL STUDENTS

# HOUSING

All applicants must present qualifications comparable to those of Canadian applicants:

- Applicants with completed, appropriate secondary qualifications from other countries will be considered for High School admission.
- To ensure success in academic study, all applicants, regardless of citizenship or country of origin, must meet the English language proficiency (ELP) requirements through recognized study or a valid standardized test score.
- Studies completed at recognized universities and colleges will be considered for Post-Secondary admission, as appropriate.
- Applicants currently completing courses at Canadian High schools will be considered for early admission on the basis of final Grade 11 grades. For this purpose, the applicant will provide final grades for grade 11 and Grade 12 courses already completed.

Details on high school admission requirements for specific countries are available online at [ulethbridge.ca/ross/admission-information/intl/intreq](http://ulethbridge.ca/ross/admission-information/intl/intreq).

## International Office

- Offers support to international students in all aspects of campus life; as a student and a visitor to our country
- Administers uLethbridge's English for Academic Purposes (EAP) program
- Provides information about international exchange and study-abroad opportunities

Visit our websites:

[ulethbridge.ca/future-student](http://ulethbridge.ca/future-student)  
[ulethbridge.ca/international](http://ulethbridge.ca/international)  
or contact us at [international@uleth.ca](mailto:international@uleth.ca) or 403-329-2053.

## On-campus Housing

The University of Lethbridge offers a wide variety of on-campus living options, from single rooms to shared apartments.

Students who join us direct from high school or who take less than one year off between high school and university are considered New University students.

New students can apply online to stay in traditional-style dorms in University Hall (UHall), or one-, two- or four-bedroom apartments in Aperture Park. These are fully furnished with a bed (with storage space underneath), a desk and storage for clothing. Satellite television, wireless internet and all utilities are included. They also include common areas where students can meet up with friends, play video games, watch movies and unwind.

New students living in residence are required to purchase a dining plan, as they may be living away from home for the first time. This ensures first-year students have access to nutritious food with minimal effort.

[ulethbridge.ca/housing](http://ulethbridge.ca/housing)  
[housing@uleth.ca](mailto:housing@uleth.ca)  
403-329-2584

## Housing Deadlines

Students are advised to apply as early as possible to improve their chances for accommodation. Newly admitted applicants, who apply before April 1, will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to May 15.

## Off-campus Housing

To help students who choose to live off campus, uLethbridge maintains an off-campus housing registry that provides a range of off-campus housing opportunities such as room and board, shared suites and apartments available for rent in the Lethbridge area. This list has excellent community support and is frequently updated. The list may be accessed online.

[ulethbridge.ca/offcampushousing](http://ulethbridge.ca/offcampushousing)

# SERVICES FOR STUDENTS

## Accommodated Learning Centre

The Accommodated Learning Centre can support student requests for special testing or registration procedures once their disability has been documented. They can also guide students to local services or agencies which may be of assistance. Special equipment or specialized services frequently must be funded through agencies outside uLethbridge. Questions regarding physical access may also be brought to the Accommodated Learning Centre staff who will then direct students to the appropriate uLethbridge office or personnel.

**403-329-2766**  
**alc@uleth.ca**  
**ulethbridge.ca/ross/accommodated-learning-centre**

## Counselling and Career Services

Counselling and Career Services offers free counselling to students in two areas: career development and personal growth. Individual counselling is confidential and can help students with a variety of personal issues including: adjusting to university life, anxiety, disordered eating, relationship issues and much more.

**403-317-2845**  
**ulethbridge.ca/counselling**

## Enrolment Services

The Enrolment Services Office provides information to prospective students, their families, and high school and college guidance counsellors on all aspects of university and student life. This includes information about programs, admission requirements, tuition fees, scholarship and research opportunities, on- and off-campus housing, and student services. Enrolment Services also organizes events and activities to help students make the transition to university life and celebrate their success, including Ahead of the Herd, New Student Orientation and Convocation.

**403-329-2762**  
**inquiries@uleth.ca**  
**ulethbridge.ca/future-student**

## Iikaiskini: Indigenous Student Centre

First Nations, Métis and Inuit Student Services is located in Iikaiskini: Indigenous Student Centre. This is a free, confidential service for students who self-identify as First Nations, Métis, or Inuit. The primary role of this service is to guide, encourage and empower students in the university environment so that they may achieve their highest potential.

**403-394-3902**  
**fnmiss@uleth.ca**  
**ulethbridge.ca/first-nations-metis-inuit**

## Registrar's Office

This is the centre of a student's academic journey on campus. The Registrar's Office serves students in a number of ways including: admissions, course registration, timetabling, student records, academic calendar, transcripts and more.

In-person hours are:

- Monday to Thursday | 10 a.m. - 12 p.m. and 1 - 4 p.m.
- Friday | 9 a.m. - 12 p.m.

**403-320-5700**  
**ulethbridge.ca/ross**

## Security Services

uLethbridge is committed to providing a safe living, learning and working environment. Security Services are available 24 hours a day, 7 days a week, and offer programs such as Safewalk, which offers escorts from anywhere to anywhere on campus, and a free key tag program that facilitates the return of lost keys.

**403-329-2603**  
**ulethbridge.ca/security**

## Tutoring and Learning Strategies

Whether students need some assistance with a particular course or just want some tips to make studying more efficient, we provide peer-run group tutoring and learning strategies to help students make the grade.

# ACADEMIC ADVISING

Advising (or Student Program Services) offices are available to assist students with program planning. Academic advisors are typically available for walk-in and appointment times. Students should consult with an advisor regarding academic regulations, course selection, and program planning. Newly admitted high school students may also contact Enrolment Services with general questions.

# COUNSELLOR RESOURCES

**We know you go above and beyond when helping students through the post-secondary decision-making process.**

We will assist you in your efforts in any way we can. Know that you and your students may contact us at any time and we will do our best to help.

## Sign up online

If you would like to stay up-to-date about issues affecting you and your students, email

**inquiries@uleth.ca** to be added to our counsellor listserv. We will send you important admission and program updates, counsellor newsletters, and invitations to upcoming uLethbridge counsellor events.

## Request a presentation at your school

Our recruiters hit the road each September. Send us a request to visit your school and we will try our best to make it happen. There are some situations when it is not possible to visit in-person, but we can explore other solutions such as a Skype presentation or webinar.

## Bring your school to us

If you have a date in mind to bring your students to visit our campus, let us know and we will schedule a day full of fun activities, including a tour of campus and free lunch!

## Request material

We can send our resource publications and student handouts to your school at any time. Simply contact us with your address and the requested number of each type of publication.

- Future Student Viewbook
- Counsellor Resource Guide
- Program brochures
