Imagine You Are A Famous Archeologist

• Imagine that you are the first to discover the ruins of an ancient Greek home, amazingly preserved after all these years. You dig your way into each room, and carefully start sifting through the materials, finding many household objects. You carefully piece together the clues like a complex jigsaw puzzle.
• Imagine that you discover the ruins of a vast museum of ancient Greek tablets, and many artifacts. You take pictures and make drawings of these primary sources, which hold the clues to how the people in this ancient civilization worked and played.
• As you work through the materials, you discover more and more about how the ancient Greeks lived, and how much their contributions have added to our way of life.
• The kits, books, and activities described below can take you back to Ancient Greece in these ways, and encourage you to travel the ancient Greek world . . . in your imagination!

Objectives Of The Workshop

• Look at the curricular connections in these activities
• Display the kits, and share the reviews with each other, as if you were selling their contents in an Agora or marketplace, in Ancient Greece
• Critically review some of the Ancient Greece teaching kits from the Curriculum Laboratory collection
• Learn some new, interesting facts about Ancient Greece
• Develop travel posters, to encourage people to visit Ancient Greece(if they could travel back in time!)
Potential Curriculum Connections in This Workshop

- **Social Studies:** Historical Models of Democracy: Ancient Athens and the Iroquois Confederacy.
- **Art:** Grades 1-6 (Taken from the Elementary Art Program of Studies, p. C1):
  - **REFLECTION**—responses to visual forms in nature, designed objects and artworks. It includes analyzing structures in nature, assessing designed objects, and appreciating art.
  - **COMPOSITION**—organization of images and their qualities in the creation of unified statements. In Composition, the image-making skills developed in Depiction are employed to create integrated artworks.
  - **EXPRESSION**—use of art materials as a vehicle or medium for saying something in a meaningful way. In Expression, the focus is on purpose, theme and subject matter, as well as on media and techniques.
- **English Language Arts:** According to Alberta Education's Program of Studies, "students will listen, speak, read, write, view and represent" to achieve 5 general outcomes:
  - explore thoughts, ideas, feelings and experiences,
  - comprehend and respond personally and critically to oral, print and other media texts,
  - manage ideas and information,
  - enhance the clarity and artistry of communication, and
  - respect, support and collaborate with others.

List Of Materials

- Ancient Greece Travel Poster Handout
- Display Exercise Handout
- Kits from the Curriculum Laboratory
- 1-2 computers to preview software
- 1-2 video machines to preview videotapes
- Paper and pencil crayons/markers

Display the Kits, And Share The Reviews With Each Other

The students were arranged in 5 groups, and each group was given an Display Exercise Handout. The results of their work are posted below. Click on the thumbnail pictures to see the results of their displays.
### Ancient Greece [kit] : Primary Sources

<table>
<thead>
<tr>
<th>Call Number of Kit:</th>
<th>933 Nor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Contents of Kit:</td>
<td>1 book, 1 CD-ROM, 8 photographs, 8 photo cards, 1 photograph index in container</td>
</tr>
<tr>
<td>Most Interesting Part of Kit:</td>
<td>The book, and putting the display all together.</td>
</tr>
<tr>
<td>Least Interesting Part of Kit:</td>
<td>No real objects to look at, or video clips on CD-ROM</td>
</tr>
</tbody>
</table>
| Four New Things We Learned About Ancient Greece: | • Ancient Greece had many pieces of art  
          • The designs on their coins were interesting  
          • When men took part in the Olympics, they wore no clothes!  
          • They made lots of statues |
| Would it be a good kit for classroom teachers to use? Why or why not? | • Yes, it would, because it has lots of information and different resources.  
          • No, because it was just made up of pictures, and even the CD-ROM had no movies on it. However, there were handouts for teachers to print out. |

**Four New Things We Learned About Ancient Greece:**

- Their architecture, especially the columns, were amazing
  - They had a great navy
  - The islands had rocky soil
- The Romans stole many Greek ideas, including some of the Greek gods

Would it be a good kit for classroom teachers to use?  Why or why not?

It is not good for students to use alone, but maybe teachers could use parts of it.

**Final rating, out of 5 stars:**

★ ★
Ancient Greece [kit]

Cell Number of Kit:
Oversize 938 St

Contents of Kit:
2 coiled manuals, 1 book with 20 transparencies, 1 Ancient Greece CD-ROM, 1 Exploring History Assessment CD-ROM, 1 map, 1 chart; in container

Most Interesting Part of Kit:
Video clips, pictures, and music clips

Least Interesting Part of Kit:
All of it was interesting

Four New Things We Learned About Ancient Greece:
- They had different music (it wasn’t rock and roll)
  - Greece has lots of old buildings
  - They have different languages
  - Greece is made up of many islands

Would it be a good kit for classroom teachers to use? Why or why not?
Yes, it would because it helps us understand Greek music and culture. It is a very good resource.

<table>
<thead>
<tr>
<th>Four New Things We Learned About Ancient Greece:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• We learned that little kids played with statues as toys</td>
</tr>
<tr>
<td>• We learned that everything was really old and also ancient, and very different from our possessions.</td>
</tr>
<tr>
<td>• We learned that some of the coins are very heavy.</td>
</tr>
<tr>
<td>• We learned that some of the things are similar to our modern possessions.</td>
</tr>
</tbody>
</table>

Would it be a good kit for classroom teachers to use? Why or why not?

Yes, because everyone will learn something, and also it is really fun, as the kit is very "hands-on."

Final rating, out of 5 stars: ⭐⭐⭐⭐⭐
Posters:
Field trip: Ancient Greece (938 Fie Gr. 6), and

Ancient Greece [picture]: Daily Life (938 Anc). and
Ancient Greece [picture] : Athens, the World's First Democracy (Oversize 938 Anc)
Introducing Mythology [picture] : 18 Greek and Roman Gods, Goddesses, and Heroes (292.21 Ste)
Create A Travel Poster For Ancient Greece

- The students were given an Ancient Greece Travel Poster Handout to develop their own posters, to encourage people to visit Ancient Greece (if they could travel back in time!)
- The posters answer the question, "If you could travel back in time to Ancient Greece, what accomplishments, sights, and activities would make it an interesting place to visit?"
- The poster Ancient Greece [picture] : Athens, the World's First Democracy (Oversize 938 Anc) gives some nice hints on what accomplishments, sights, or activities the students might promote in their posters.
- The student’s posters:
Researching the Topic: “Greece: An Ancient Civilization”

These books were used for ideas, when the students made their posters.

Optional Activity: The students may evaluate any of these titles, based on these criteria:

- Does the book look interesting and attractive?
- Does the book have activities for students? If so, what kind?
- Does the book have clear access to information, such as a table of contents, an index, a glossary?
- Are the illustrations clear and attractive?
- Is the author qualified to talk about the topic?

Many of these resources are also useful for this unit, found under the subject, "Greece History" in the library catalogue:

Odjik, Pamela. The Greeks. 938 Odi Gr. 6
Aesop's fables are traditionally attributed to Aesop, a Greek slave who lived in about 550 B.C. In many cases, he may have simply retold older stories, and made them more popular. They were first published in print format in about 300 B.C.

Search for Ancient Greece Sites On The Web

- The Curriculum Laboratory's Teacher's Sites lists many of the main Internet sites used by teachers, such as Alberta Education, LRC Resources Catalogues, and some comprehensive education sites containing educational issues and lesson plans, technology sites for teachers, etc.
- The Curriculum Laboratory's Great Sites for Educators contains useful links such as Digital Resource Subscriptions (Learn Alberta, United Streaming Digital Video clips, etc.), Digital Reference Resources, Kid's Sites, Lesson Plans, and links for Specific School Subjects.
- Search Yahoo! Kids for "Ancient Greece"
- Search "Ancient Greece" on some of the lesson plans sites at http://www.uleth.ca/education/sites/education/files/lessonplansreview.pdf
- Alberta Social Studies Council Lesson Plans on Ancient Greece

Prepared by Bill Glaister, Curriculum Lab Coordinator; and Ms. Penny Cochlan and her Grade 6 class at Galbraith School in Lethbridge, Alberta. Thank you again for inviting me as your classroom guest!
