Page 1A: Eggs pop-ups

Key:
- Cut
- Fold
- Pull or push

This is the inside of page A. Matching "A" and "B" pages are glued together; after page "A" is finished, page "B" is finished.
Page 1B: Eggs pop-ups

Directions:

1) Fold this sheet along fold line.
2) Fold sheet 1A in half along fold line.
3) Cut out egg shaped pop-ups on sheet 1A, along center fold.
4) Push shapes out, so they stick out the front of page 1A.
5) Matching “A” and “B” pages are glued together, after page “A” is finished.  This is the inside of page B.
Page 2A: Bird pop-up

This is the inside of page A.
Together after page A is finished.
Matching "A" and "B" pages are glued.

Key:
- Fold
- Cut
- Pull or push
Page 2B: Bird pop-up

Directions:
1) Fold this sheet along fold line.
2) Fold sheet 2A in half along fold line.
3) Cut out bird shaped pop-up on sheet 2A.
4) Push shape out, so it sticks out the front of page 2A.
5) Matching "A" and "B" pages are glued together, after page 2A is finished.

This is the inside of page B.
This is the inside of page A.
Together, after page "A" is finished, matching "A" and "B" pages are glued.
Page 3A: Bug pop-up

Key:
- Pull or push
- Cut
- Fold
Page 3B: Bug pop-up

Directions:
1) Fold this sheet along fold line.
2) Fold sheet 3B in half along fold line.
3) Cut out pop-up boxes on sheet 3A.
4) Push pop-up boxes out, so they stick out the front of page 3A.
5) Draw 2 bugs on one side of each pop-up box. Glue one bug on one side of each pop-up box. Glue one bug on another sheet of paper, larger than one side of each pop-up box.
6) Glue one bug on paper, when you fold the page sideways.
7) Matching "A" and "B" pages are glued together, after page A is finished. This is the inside of page B.

There are some sample bugs on this page, but use your library!
This is the inside of page A. After page A is finished, matching A and B pages are glued.

Page 4A: Crocodile pop-up
Page 4B: Crocodile Pop-Up

Directions:
1. Fold this sheet in half along fold line.
2. Fold sheet 4A in half along fold line.
3. Fold sheet 4A on sheet 4A along fold line.
4. Fold upper and lower mouth parts flat along fold lines.
5. Cut out mouth pop-up on sheet 4A.
6. Matching "A" and "B" pages are glued together; after page "A" is finished, this is the picture below.

For page B, use a blank piece of paper.
Teeth on this page to show through the open inside of page B (if you do not want the open teeth on this page to show through the open inside of page B, "A" is finished). This is the picture below. Let's draw a crocodile around the mouth, as in 5) above. Stick out the front of page 4A along fold lines.
Pull or push mouth parts out.
Page 5: Crocodile pop-up

Directions:
1) Fold this sheet along fold line.
2) Cut out pop-up box on this sheet.
3) Pull out pop-up box on this sheet.
4) Push box out, so it sticks out the front of page.
5) Draw a crocodile on another sheet of paper, larger than the pop-up box. But make it smaller than the cage on page 6.
6) Glue the crocodile on the pop-up box. When you hold the page sideways, this page, but use your library! There are some sample crocodiles on this page.

Key:
- Fold
- Cut
- Pull or push
Page 6B: Cage pop-up instructions

Directions:
1) Fold sheet 6A in half along fold line.
2) Cut along each cut line on the page.
3) Fold the cage back along the fold line, and flatten it again.
4) Cut out the shaded sections to create bars for the cage.
5) Push the cage out, so it sticks out the front of the sheet.
6) Glue the cage over the crocodile on page 5, so she will not bite you.
7) This piece of paper is not part of your pop-up, so you can save it for scrap paper.

This cage concept was taken from one of the best books I know on how to make toy and movable books, by Joan Irvine (1987) called, "How to make pop-ups (p. 34-35)."
Glue the snake's tail on the side opposite the "X." This is the inside of page A.

Page 7A: Snake pop-up
Directions:
1) Fold sheet 7A in half along fold line.
2) Color both sides of the snake.
3) Cut out snake spiral shape from this sheet.
4) Attach the snake's head to the other side of the sheet.
5) Add a spot of glue to the snake's tail and close the page.
6) Open up the page and see the snake move.
The snake's tail will be glued where it lands on the page.
The tail should be near the edge of the paper.
7A, where the 'x' is (the center of one side of the sheet).
7) Cut out snake spiral shape from this sheet.
8) Color both sides of the snake.
9) Attach the snake's head to the other side of the sheet.
10) Add a spot of glue to the snake's tail and close the page.
11) Open up the page and see the snake move.

Key:

This piece of paper is not part of your pop-up, so you can save it for scrap paper.

Page 7B: Instructions and cut-out for snake pop-up.
Page 8B: Snake accordion book

Directions:
1) Fold this sheet along fold lines, to make an accordion book. The running man should be on the top page of the book. The running man should get on this page.
2) Fold sheet 1A in half along fold line. Just on the head that is labeled “Cahen down.”
3) Glue this accordion book to the right side of page 8A.
4) Why not add a pop-up tongue on the snake?
5) You can also cut the top of an accordion book, to make different shaped pages. Why not try egg shapes?

Egg "shape and feel" and "flap"

Matching "A" and "B" pages are glued together after page "A" is finished.
Instead of using the pictures below:

You can also draw your own rabbit and Easter eggs.

1. Fold this sheet along fold line.
2. Fold sheet 9A in half along fold line.
3. Cut out egg shaped flaps on sheet 9A.
4. Pull or push both shapes out, so they stick out like front feet.

Page 9B: Egg "shape and feel" and "flip" page.

Directions:

To make this page a "shape and feel" page, glue a chocolate Easter egg wrapper over the egg picture. Use the egg show "peek through." This is the inside of page B. When you flip the flaps, the rabbit and page "A" is finished. When you flip the flaps, the rabbit and the "egg show" "peek through." This is the inside of page B.

Matching "A" and "B" pages are glued together after 6. You can also draw your own rabbit and Easter eggs, instead of using the pictures below.
This is the front of page A.

After page A is finished:

Matching "A" and "B" pages are glued

(Optional)

Page 10A: Hole and wheel page
Directions:

1) Fold this sheet along fold line.
2) Fold sheet 10A in half along fold line.
3) Cut out the hole on sheet 10A.
4) Cut out the wheel on page 10C.
5) Insert the wheel in between page 10A and 10B, with a bratney dim, with the dot on 10A and 10B bring the centre of the wheel, so it hangs over the edge of this page.
6) Glue pages A and B together, being careful to keep all glue away from the wheel.

Optional page 10B: Hole and wheel page (Optional)

You can also draw your own pictures on a wheel instead of using the pictures on 10C.
Page 11A: Pull-tab page

This is the front of page A.
Together, after page "A" is finished, matching "A" and "B" pages are glued (optional).
Page 11C: Crocodile pull-tab and crocodile cut-outs (optional)

Key:
- Pull or push
- Cut
- Fold
Help the chicken find her eggs:

Someone has moved the chicken’s eggs to the other side of the fence, so she can not find them. Follow the directions on the opposite page to reunite the chicken and her eggs.

Page 12: Eye trick page (optional)
