To our students, we make a promise:

A promise to do our best, so they can be their best.

A promise to foster exploration, to share ideas and information, to teach but also to learn.

A promise to build the buildings, acquire the technology, cultivate the partnerships, and welcome the people essential to advancing an environment that excites and ignites learning.

A promise to create an environment where professors and students are colleagues and everyone grows together, an environment that recognizes the power of every student’s dream. And helps that dream come true.

STATEMENT OF PHILOSOPHY

In the process of transmitting and advancing higher learning, the University of Lethbridge endeavours to cultivate humane values; it seeks to foster intellectual growth, social development, aesthetic sensitivity, personal ethics and physical well-being; it seeks to cultivate the transcendental dimension of the scholar’s personality.

Flexibility and openness to innovation will be the distinguishing feature of the University of Lethbridge.

Notwithstanding its intention to offer diverse subject matter contributing to the acquisition of professional skills, the University regards learning as an end in itself, not merely as a means to material ends. Its primary aims are to foster the spirit of free inquiry and the critical interpretation of ideas.

The undergraduate is, and should remain, the focus of the University’s endeavour. Students are invited to participate in all phases of university life. The highest degree of interaction between students and faculty is encouraged, and should not be confined to the physical limits of the campus.

It is desirable and necessary that the University should relate closely to the local community. Nevertheless, its outlook should not be determined by any regional or sectional interest. Through exposures to cosmopolitan influences and diverse cultures, scholars are best able to evaluate their own social and cultural milieux.

The University asserts its right and responsibility for free expression and communication of ideas. It is self-evident that a university cannot function without complete autonomy in this domain.
The University of Lethbridge is a public, board-governed university operating as a Comprehensive Academic and Research Institution under the authority of the Post-secondary Learning Act of Alberta.

Founded on the principles of liberal education, the University of Lethbridge provides undergraduate and graduate programs in education, fine arts, health sciences, humanities, management, nursing, sciences, and social sciences, leading to bachelor’s, master’s, and doctoral degrees. The institution also provides certificate programs, post-baccalaureate certificate programs, post-graduate certificate programs, post-masters certificate programs, programs and degrees that lead to professional specialization, and open studies for lifelong learners.

The University of Lethbridge conducts pure and applied research and establishes and sustains facilities for pursuing original research. The University develops centres of research excellence in areas in which it has special expertise or that have particular relevance to the region or province. Programs of research, scholarship, and creative activity include the study of fundamental issues for their intrinsic intellectual, aesthetic, or philosophical interest, and of practical challenges of direct importance for social, cultural, economic, or environmental wellbeing. The University of Lethbridge protects free inquiry and scholarship, facilitates access to scholarly resources, and supports artistic expression and the free and open scholarly discussion of issues.

In support of Campus Alberta, the University of Lethbridge collaborates with other institutions to ensure transferability within the province’s postsecondary education system and deliver seamless learning opportunities. As part of this commitment, the University works with other institutions to provide degree completion opportunities for university transfer students and diploma graduates.

Across the spectrum of intellectual pursuit, the University of Lethbridge continually develops innovative programs and research collections in existing and emerging disciplines to meet the needs of students, society, and the economy. This includes collaborating with First Nations, Métis, and Inuit peoples to develop programs and collections that are relevant and accessible to them.

The University of Lethbridge serves a variety of student groups: undergraduate and graduate students; transfer students; high school graduates; First Nations, Métis, and Inuit students; adult learners; international students; and immigrants. It also serves students on campuses in Edmonton and Calgary and, through distance learning technology, students across the province, the country, and the world. The University of Lethbridge strives to make university-level Mandate and Roles Document – The University of Lethbridge Page 2 education available to all Albertans, including those living outside major urban centres and those who have traditionally not sought university education.

The University of Lethbridge fosters a learning community that meets the educational and personal growth needs of its students. This learning community emphasizes teaching excellence, exposure to research, information literacy, interaction with professors and instructors, effective academic advising and personal counselling, and a spectrum of cultural, recreational and extra-curricular opportunities. The University of Lethbridge values a high quality of teaching and emphasizes the mutually beneficial relationship between teaching and research. Other facilities and services, such as the Library, student residences, health services, theatres and other performance spaces, and sports and recreation facilities support and enrich the student experience and the lives of community members while respecting environmental sustainability. The University strives to enhance its educational environment through innovation and creativity.

The University of Lethbridge builds mutually supportive relationships and partnerships, addresses the cultural and societal needs of the communities it touches, and advocates the critical role that education plays in the growth and well-being of an informed society. The University further contributes to society by discovering, preserving, synthesizing, and disseminating knowledge for the benefit of all.

WHY WE EXIST

The University of Lethbridge exists to build a better society.

We do this in six essential ways:

1. We prepare students for their personal and professional paths.
2. We develop creative discoverers and independent learners at the undergraduate and graduate levels.
3. We create, discover, disseminate, and apply knowledge through excellence in basic and applied research of regional and global impact.
4. We encourage and nurture creative expression.
5. We pursue community engagement.
6. We value, encourage, and celebrate the talents and efforts of our students, faculty, staff, and alumni.
WHERE WE ARE GOING

The University of Lethbridge will continue to build a comprehensive university that advances its sense of community, engagement, diversity, and connection.

The University of Lethbridge will be the institution of choice for those seeking an intimate and supportive environment, excellence in research and creative activity, an engaging and challenging learning experience, and respect for diversity. We will continue to broaden the scope of our programs and research while staying committed to our founding principles of liberal education and retaining the intimate academic experiences on which we have established a tradition of excellence.

We will welcome our students to a community of scholars that offers relevant and academically challenging programs. Opportunities for engagement in learning and research will exist across all disciplines and levels of program, from undergraduate to graduate. Rigorous research and creative work will continue to form the basis for inquiry and teaching across the learning contexts we provide. Our University will continue to increase the diversity of its scholarly activity and contributions. In achieving this we will be defined by collegiality.

The University of Lethbridge community—which includes all students, faculty, staff, and alumni who contribute to its operation and success—will extend beyond the walls of our institution. We will remain an integral part of our communities while fostering scholarly contributions of international excellence. We will support and enrich the diverse communities we serve with fresh insights and new directions.

OUR FUNDAMENTAL PRINCIPLES

The University of Lethbridge is committed to the following fundamental principles.

OUR COMMITMENT TO SOCIETY

We cultivate responsible citizenship. The University develops and promotes good citizens who contribute to the building of better societies by applying their knowledge, skills, creativity, and powers of critical inquiry for the improvement of regional and global communities.

We protect and encourage free inquiry and expression. In keeping with the unique mandate of the university in society, the University of Lethbridge supports and protects artistic expression and the free and open scholarly discussion of issues, including those that are controversial. In the tradition of academic freedom, the University models collegial and civil debate, dissent, and controversy to critically explore and resolve issues in an atmosphere of professionalism, respect, and good will. We also have an obligation to address long-term issues and those of broad scope.

We work for the public good. As a public institution, the University of Lethbridge promotes and provides degree-level education for the public good and anticipates and responds to societal needs. The University bases its decisions about programs, standards, and capacity on the best available evidence. Within that context, we use innovative methods and processes to optimize the openness of the institution to qualified students.

We are connected with the community. The University publicizes its research, scholarship, creative activities, and other initiatives that have significance for society. Members of the University contribute to the community based on their professional expertise. The University develops relationships with organizations and individuals, and shares its facilities and resources for the good of the community. We acknowledge faculty, staff, students, and alumni for initiative and creativity that leads to the increased involvement of the University in the community.

The University of Lethbridge values its close and mutually supportive relationship with its alumni, who exemplify the benefits of the University and communicate its value locally, provincially, nationally, and globally.

We adopt a global perspective. Social, political, and economic divisions across the globe threaten the peace and prosperity of all. We nourish a global mindset in our students, faculty, staff, and alumni that facilitates cultural awareness and sensitivity that leads to a mature understanding and appreciation of the things that divide and unite us.
We promote diversity and ensure equal opportunity for participation. Diversity strengthens the University and enriches the experience of our students, staff, faculty members, and alumni. We respect, appreciate, and encourage diversity, and provide equal opportunity for full participation in the University. We are an inclusive community, in which students, staff, faculty members, and alumni feel welcome, respected, valued, and empowered to contribute fully. The University facilitates accessibility by all students, staff, faculty members, and alumni to the intellectual, physical, and social aspects of the institution.

We promote gender equity. The University of Lethbridge honours the rights of all and treats people with dignity and respect. We acknowledge the similarities and differences among women and men, and seek to remove all barriers that inhibit an individual's aspirations and potential. The University will create a supportive environment through education and communication. Equity is inclusive.

We increase the participation of FNMI peoples in all aspects of the University community. The University of Lethbridge values its relationship with FNMI peoples, and collaborates widely to develop programs that are relevant and available to them. We work with FNMI peoples to ensure that these partnerships, and the resulting programs, continue to meet all students’ needs.

We promote a healthy lifestyle for our students, faculty, and staff. The U of L offers proactive health education, on-site health care, and health insurance information. We work to provide non-judgmental and confidential health care in a safe and caring environment. University facilities and programs provide opportunities to participate in sport, exercise, and recreation.

OUR COMMITMENT TO CREATIVITY, INQUIRY, AND DISCOVERY

We encourage and support research, scholarship, and creative work. The University of Lethbridge stimulates and supports research, scholarship, and creative work in all areas in which we teach, and in areas of special relevance to the region and province. This link between research and teaching allows us to explore what is known, challenge how it is known, and thus influence the nature of teaching. We value and protect an environment of free inquiry in which to conduct research, scholarship, and creative work, and communicate the results of these activities with others. We conduct ourselves on the basis of informed, evidence-based practice. We encourage students at all levels to become involved in research, scholarship, and creative activity.

We conduct research in many forms. Given the range of disciplines involved, research at the University takes many forms, including that with the broadest scope and longest term. The University has a responsibility to analyze and reflect on these matters, and to communicate the outcome of these efforts.

We believe that research—intellectual inquiry, study, and artistic investigation aimed at establishing facts and reaching new conclusions—is an inherent societal good and an end in itself. But, wherever possible, we connect our research to the needs and aspirations of the communities we serve.

OUR COMMITMENT TO STUDENTS

We give students the best preparation for their future. The University of Lethbridge provides students with a liberal education—a solid foundation for personal and professional growth. Liberal education promotes the development of academic skills that students can apply to a wide range of experiences, and a broad base of knowledge in the human, aesthetic, ethical, scientific, and organizational disciplines. It encourages a multi-faceted, reflective approach to the complex challenges of the 21st century.

We strive to develop a culture of achievement and motivation among students. The U of L helps students to identify strengths and overcome weaknesses. We seek to foster: a sense of responsibility for students' learning and personal development; effective student relations to peers and teachers; and student involvement in local, provincial, and national communities.

We are student-centred. Students give focus and meaning to the University of Lethbridge. The University helps students achieve their full potential by facilitating their intellectual growth and academic and personal excellence. To this end, the University maintains high academic standards and excellent programs, supported by high-quality, responsive services.

The University of Lethbridge supports and encourages the growth of students as whole persons, in an atmosphere of engagement, freedom from discrimination, and responsible use of authority.

We are a comprehensive university. Broad in scope, we offer undergraduate and graduate university education across Faculties and Schools and apply a balance between our focus on teaching and our commitment to research, scholarship, and creative activities.

We believe in excellence in undergraduate education. The University of Lethbridge treasures its reputation for quality, responsiveness, and innovation at the undergraduate level. We will continue to enhance our reputation as an institution offering outstanding programming to undergraduate students in a comprehensive university environment. We enhance our value for students and society by concentrating on fields that reflect the excellence of our faculty members and the interests of both students and society.
We are fully engaged in graduate education. The University of Lethbridge offers masters and doctoral programming, and we integrate graduate studies with undergraduate and research programs. Through our graduate offerings across all academic units, we contribute to our students’ personal, intellectual, and professional development and help meet society’s need for citizens with the highest levels of professional and intellectual achievement.

We promote effective teaching and learning. For the undergraduate student, we promote primarily face-to-face learning, which reflects our belief that people benefit from spending time working together in the same place. We provide online and distance learning for courses and programs where these delivery modes make the best sense. Our use of appropriate technology permeates teaching and learning activities, enhancing both.

OUR COMMITMENT TO INSPIRATION

We inspire. The University of Lethbridge aspires to inspirational teaching that ignites intellectual passion and stimulates a thirst for knowledge. We value and support many approaches to teaching and learning, in a variety of settings within the University and in the broader community.

We believe education is a journey, not a destination. A true measure of our success is our alumni’s continuing interest in a lifetime of learning, and their commitment to this goal. The University welcomes those students pursuing degrees and those taking courses out of general interest and intellectual curiosity. We are open to offering quality programs for degree completion and programs that are approved and recommended by professional associations and organizations.

We expand horizons. A global perspective is essential to the University of Lethbridge in its teaching, learning, and research. The University educates its Mandate and Roles Document – The University of Lethbridge students to become well-rounded citizens of a complex society, capable of making important contributions in Canada and elsewhere in the world.

The University of Lethbridge invites students and faculty members from around the world to participate in learning at the University, and provides international opportunities for our students and faculty members to experience other cultures.

OUR COMMITMENT TO RESPONSIBLE ACTION

We advance the interests of the University of Lethbridge. The University of Lethbridge communicates with its internal and external communities so that its mission, goals, and work are well understood. We engage our alumni and other supporters in the activities of the University. We build the value of the University to society by developing mutually supportive relationships with governments, individuals, and organizations.

We practice procedural fairness. All internal and external University processes are fair, open, and transparent. We act in accordance with all applicable codes of professional and ethical practice, and practice professionalism and civility in all interactions.

We are active and innovative in recruitment and retention. In developing a coordinated approach to recruiting and retaining excellent faculty members and staff, the University of Lethbridge pursues new and innovative ideas, implements the most effective strategies, and monitors their success. We encourage and pursue the training and professional development of all our people.

We practice sound financial and resource management. The University of Lethbridge maintains exemplary financial management of our public and private funds and resources. We practice resource management in a transparent manner.

We use technology effectively. We use technology to facilitate and enhance, not supplant, learning and research relationships among students, faculty members, and other university stakeholders. The University considers technology a means, not an end.

We are environmentally and socially responsible. When making decisions about the design and operation of the University of Lethbridge, we act ethically and responsibly, considering environmental sustainability and good citizenship.

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS’ COMPENSATION BOARD
In 1985, the Alberta Workers’ Compensation Board issued an Order under Section 7 of the Workers’ Compensation Regulation which provides that the Workers’ Compensation Act applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers’ Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers’ Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.
The University’s Occupational Health and Safety Officers are available to assist the student if a Workers’ Compensation claim is required.

**Notes:**

Through ApplyAlberta (Alberta Post-Secondary Application System), applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta. Applicants attending private post-secondary institutions within Alberta or any educational institution out-of-province must submit official transcripts directly to the Registrar’s Office and Student Services (ROS).

1. Conditional admission decisions may be made on the basis of interim/unofficial documents received prior to the Admissions Decision deadline. Applications will be considered only if Admissions has received sufficient documentation by this date on which to base an admission decision (at least all interim or unofficial transcripts and any other required documents). Note that a high school or transfer applicant may not use grades from summer school courses or supplementary exams for Fall admission unless they are received by this date (U of L EDUC 2500 may be an exception; see note 7. below).
2. Qualifications on which an admission decision is based must be completed by this date; applications will be closed if sufficient documentation has not been received by this date.
3. Evidence of diploma completion, either by transcript or written confirmation of the diploma institution, must be received by this date.
4. Admission to the pre-Engineering program is available only to High School applicants.
5. This route is only available to students who have completed a minimum of 20 courses.
6. The University of Alberta requires a minimum of 20 courses.
7. Although all other supporting documents must be received by June 1, grades from U of L EDUC 2500 completed in Summer Session I will be considered in admission decisions for the subsequent Fall semester. Applications for Pre-Education programs are accepted for both Fall and Spring semesters. Note: There are admission requirements in addition to academic transcripts for Drama Education, Music Education, Native Education, and Physical Education. See the applicable admission section in Part 13, Combined Degrees, or contact Student Program Services in the Faculty of Education (email: educapp@ualberta.ca; phone: 403-227-454).
8. Applications to these Fine Arts programs must provide audition/portfolio requirements in addition to academic transcripts. Detailed information regarding auditions/portfolio requirements is available at the Faculty of Fine Arts website (www.uleth.ca/arts/admissions) and in the applicable admission section in Part 9, Faculty of Fine Arts.
9. Students entering the Music major must audition for the Faculty of Fine Arts before they can register for Music Studio. Students majoring in Digital Audio Arts may choose Music Studio courses as electives. Audition application and information are available at www.uleth.ca/arts/departments/music/admissions.
10. Students entering the Digital Audio Arts major must submit an application to the Faculty of Fine Arts for admissions purposes. Digital Audio Arts portfolio requirements are available at www.uleth.ca/arts/departments/music/admissions.
11. Conditional admission decisions may be made on the basis of interim/unofficial transcripts and mid-term mark statements (for courses in progress) received by the Admissions Decision Document deadline.
12. Applicants must submit an Admission Statement to the Admissions Office by June 1. The Admission Statement form is available at www.uleth.ca/healthsciences/admissions. See Part 10, Faculty of Health Sciences.

**General Notes:**

- The University reserves the right to consider applications received or completed after the application documents deadlines should openings remain in any program.
- An application is not complete until all official documents have been received by the University.
- U of L Advanced English for Academic Purposes (EAP) results will be accepted from the Summer term EAP classes for admission to the subsequent Fall semester, and from the Fall semester EAP classes for the subsequent Spring semester. All other documents pertaining to English Language Proficiency (e.g., TOEFL or English Writing Competency (e.g., AUWCT)) must be received no later than the preceding August 1 for Fall admission, or November 15 for Spring admission.
- Applicants residing in countries (e.g., Nigeria) where necessary documentation takes more than three months will receive offers of admission for the Fall semester only.
3. ADMISSION ROUTES AND REQUIRED QUALIFICATIONS FOR NEW APPLICANTS

a. High School Admission Route

The High School admission route is available to students presenting Alberta high school credentials, high school credentials from other Canadian provinces, and credentials from other countries.

1. Alberta High School Courses

a. Admission for applicants presenting Alberta high school credentials is determined by grade achievement in the following five courses:

- **English Language Arts 30-1**
- **Three other 30-level Academic Courses from the following list:**
  - Aborigina Studies 30
  - Art 30 or 31
  - Biology 30
  - Chemistry 30
  - Choral Music, General Music, or Instrumental Music 30
  - Dance 35
  - Drama 30
  - One of Pure Mathematics 30, Applied Mathematics 30, Mathematics 30-1, or Mathematics 30-2
  - Mathematics 31
  - Physics 30
  - Science 30
  - Social Studies 30 or Social Studies 30-1
  - Three other 30-level languages
  - Five credits in Advanced-level CTS
  - Computer Science (CSE)

- **A Fifth Course** (not including Special Projects) at the Grade 12 level. The fifth course subject must be distinct from the four academic courses (e.g., English Language Arts 30-1 and English Language Arts 30-2 cannot both be used). It must be worth at least five credits, or the average grade from two courses worth three credits each may be used.

Notes:

1. Only one Fine Arts course may be used as an academic course in the admission average. Another distinct Fine Arts course may be used as the fifth course. For example, Art 30 could be used as one of the academic courses and General Music 30 could be used as the fifth course.

2. Students are strongly encouraged to complete Mathematics 30-1 or Pure Mathematics 30. Applied Mathematics 30 may be used as an academic course for admission to all programs except the Bachelor of Nursing program or Bachelor of Health Sciences (Public Health major) program. It is not a course prerequisite substitute for Mathematics 30-1, Mathematics 30-2, or Pure Mathematics 30. Instead of Mathematics 30-1 or Pure Mathematics 30, students may use UofL's Mathematics 0500, or both Applied Mathematics 30 and a minimum grade of 75% in Athabasca University's Mathematics 101.

3. **Programs that DO NOT Require Prior Mathematics** and **Programs that DO Require Mathematics After Admission** at www.uleth.ca/ross/admissions/math_requirements.html.

- Only one course in a particular language will be used for admission purposes, e.g., only one of French Language Arts 30-1 or French as a Second Language 30-3Y will be used. Grades from 20-level language, or language and culture courses in six, nine, or 12-year streams may be used for admission purposes in place of 30-level languages, e.g., German Language and Culture 20-6Y.

b. Students must have a minimum mark of 50 percent ("P" in British Columbia) for any subjects used in the admission average.

To qualify for General Admission, applicants must have an admission average of at least 65 percent calculated on the five admission courses. The basic admission average is 60 percent; the current admission cut-off is 65 percent.

Note: The blended grade, which averages the school-assigned final grade and the Departmental examination grade, will be used where possible in calculating this average.

Grades and courses from outside Alberta which have been evaluated by agencies other than the original educational institution are subject to review and adjustment by the University of Lethbridge.

For High School Applicant Program Availability and Required Qualifications, see page 32.

2. Other Canadian High School Courses

The admission average for all Canadian high schools is calculated in the same manner used for Alberta applicants (i.e., English Language Arts 30-1 or its equivalent, three academic Grade 12 courses comparable to Alberta 30-level courses and a fifth Grade 12 level course) (see Part 1 - Admission, Section 3.a.1.a, p. 30). No course will be used for admission purposes if the final grade is less than 50 percent.

For Canadian High School Admission Requirements, see page 33.

3. Early Admission

Early Admission may be offered to students currently completing regular high school requirements in Canadian high schools. Applicants will be selected from among those who submit an acceptable statement of courses and grades. Courses considered will include both those completed and those in progress.

Successful applicants will be selected using both actual and predicted academic achievement.

The Early Admission average is calculated, in Alberta, using a combination of final and estimated Grade 12 blended grades. **Self-reported grades:** The applicant will provide final grades for Grade 12 courses already completed and estimate marks for courses in progress and courses he/she plans to complete based on Grade 12 mid-term marks or Grade 11 final marks.

If an applicant is not admissible based on self-reported grades, the Admissions Office will require interim transcripts in order for the Admissions
Office to make the prediction of grades and final admission decision. Early Admission is open to all high school applicants completing high school for the first time and currently enrolled in Canadian high schools. Early Admission is available to students currently studying at Canadian high schools under student visas, provided that acceptable proof of English Language Proficiency (where applicable - see Section 6, p. 42) is provided by the Early Admission application deadline. Early Admission is not available to international students currently studying outside Canada.

Through ApplyAlberta (Alberta Post-Secondary Application System), early admission applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education. Out-of-province applicants must arrange to have official transcripts forwarded directly to the Registrar’s Office and Student Services (ROSS) from the appropriate provincial Department of Education. In all cases, final high school transcript(s) must be received by the August 15 preceding the semester of admission. If final grades are not received by that date, the University reserves the right to rescind admission.

### Qualifying Average for Early Admission

For most programs, Early Admission is offered to applicants with a predicted admission average of 65 percent or higher. Competitive programs (e.g., the B.Sc. (Environmental Science), the B.F.A. (New Media) (formerly Multimedia), the B.N., and the transfer program in pre-Engineering) are exceptions.

The University reserves the right to rescind admission at any time should the student’s final admission qualifications fall below the minimum standard required for admission to the University (i.e., a final admission average of 60%).

### 4. International High School

High school qualifications from other countries are considered for admission purposes (see Section 5. International Students, p. 41).

### 5. Advanced Placement Program

Students presenting Advanced Placement (AP) credentials have the option at the point of admission of receiving transfer credit for approved courses where they have achieved AP grades of ‘4’ or ‘5’, or of taking the University of Lethbridge course. An official AP transcript is required.

Advanced Placement credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

a. Students presenting AP credentials may receive university course credits for AP courses given grade achievement as indicated in the table on p. 34.

b. Where an applicant presents both an AP course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. For this purpose, AP course grades are converted as follows:

<table>
<thead>
<tr>
<th>AP Grade</th>

### 6. International Baccalaureate Program

Students presenting International Baccalaureate (IB) credentials have the option at the point of admission of receiving transfer credit for approved courses in which they have achieved satisfactory grades. An official IB transcript is required.

IB credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

a. High School applicants presenting IB credentials may receive university course credits for IB courses if they meet the minimum grade achievement levels given in the table on p. 34.

b. Applicants presenting complete IB diplomas are guaranteed general admission to the University, subject to English Language Proficiency requirements and deadlines. Admission to quota programs is not guaranteed, but is subject to normal enrolment management procedures.

c. Where an applicant presents both an IB course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. IB course grades are converted as follows:

<table>
<thead>
<tr>
<th>IB Grade</th>

Comparable courses from outside Alberta will be considered as equivalents for admission purposes.
The basic requirements for students presenting credentials from Canadian high schools are given below. Other requirements apply to students presenting three or more transferable post-secondary courses.

For students whose first language is not English, see also the English Language Proficiency Requirement (Section 6.a., p. 42). Although the basic admission average is 60%, the current required admission average is 65%. Some programs (e.g., Pre-Engineering) are competitive and may require higher averages (refer to the applicable section in the UofL Calendar), and some programs have additional admission requirements (e.g., Nursing, New Media). Individual grades under 50% (‘P’ in British Columbia) are not considered.

1 This course serves as English 1900 for prerequisite purposes for higher English courses.

2 Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Department of Music.

7. Home School

Home School applicants who present recognized secondary credentials, or by some other means satisfy the requirements of a University admission route, will be considered for admission. Regardless of their citizenship or residency, Home School applicants will be considered according to the curriculum they followed. For example:

a. A high school applicant who studied Alberta curriculum is expected to meet the requirements of an Alberta high school applicant (see Section 3.a.1., p. 30).

a. The applicant should challenge the departmental examinations in courses where such examinations exist to provide grades in the subjects challenged. By this means, an applicant will be considered for admission who presents final grades in five distinct subjects (see Section 3.a.1., p. 30).
b. A high school applicant from British Columbia should challenge the provincial examinations in courses where such examinations exist to provide grades in the subjects challenged. An applicant will be considered for admission who presents final grades in five distinct subjects (see Canadian High School Requirements table, p. 33).

c. An applicant who presents both a high school diploma and appropriate, satisfactory standardized test scores, either ACT, or both SAT Reasoning and SAT Subject scores will be considered for General Admission (see Section 3.e., p. 37).

b. Transfer Student Admission Route

1. New Transfer (transfer courses)

   Applicants who have completed three or more transferable semester courses at one or more post-secondary institutions will be considered as New Transfer applicants.

   To qualify for General Admission, New Transfer applicants must have an admission average of at least 2.00 on the UofL 4.0 GPA scale, calculated on all transferable courses.

   Admission requirements vary depending on the number of transferable, post-secondary courses completed as indicated below:

   **eight or more transferable courses**
   - Admission GPA of at least 2.00 on the UofL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses.
   - High school credentials are not required.

   **five or more (but fewer than eight) transferable courses**
   - Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part I - Admission, Section 3.a.1.a, p. 30).
   - Admission GPA of at least 2.00 on the UofL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses.

   **at least three (but fewer than five) transferable courses**
   - Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part I - Admission, Section 3.a.1.a, p. 30).
   - Admission average is determined using a weighted average of the high school admission average and all completed, transferable, post-secondary courses.

   Upon admission, students are assigned transfer credit on a course-by-course basis for eligible post-secondary work. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. For additional information, see Section 7 - Transfer and Evaluation of Credit (p. 43).

   Applicants to programs leading to the B.Mgt. or any Combined Degrees may be admitted directly to these programs, or may need to seek admission to programs in the Faculty of Arts and Science or the Faculty of Fine Arts (for Combined Degrees programs including the B.F.A. or B.Mus.) in order to complete admission requirements.

   **Admission priority of New Transfer students:**

   All transferable post-secondary work completed by New Transfer applicants will be used in determining admission priority.

   The admission average for New Transfer applicants presenting five or more transferable courses is calculated on all completed, transferable, post-secondary courses. For New Transfer applicants presenting only three to five courses, the admission average is a weighted average of the high school admission average and the post-secondary admission average.

   Subject to individual Faculty policies, admission priority is assigned to New Transfer applicants on the basis of grade point average on all transferable courses.

   The University may offer admission to highly qualified transfer students prior to the application deadline. Applicants are encouraged to apply well ahead of the deadline. For detailed information, students should contact the Admissions Office (SU140; tel. 403-320-5700).

   Time limits and residence requirements apply to transfer students: see Table in Part 4 - Academic Regulations, Section 3.g, (p. 76).

   Any student encountering difficulties with transfer of credit to the University is encouraged to contact the Assistant Registrar (Admissions and Transfer) for assistance and further information (tel. 403-382-7134 or fax 403-329-5159).

   For Transfer Applicant Program Availability and Required Qualifications, see page 38.

2. College Diploma

   Applicants who hold two- or three-year college diplomas from recognized institutions will be considered for admission to the appropriate post-diploma program.

   For College Diploma Applicant Program Availability and Required Qualifications, see page 39.

   A diploma holder seeking admission to a program other than the appropriate post-diploma program will also be considered for admission:

   a. For admission purposes only, holders of two- or three-year college diplomas of sufficient academic merit from recognized post-secondary institutions, completed with cumulative program GPAs of 2.00 or higher on the UofL 4.0 GPA scale, shall be considered eligible for admission as New Transfer students, in the absence of contradictory evidence.
b. In all such cases the diploma program in question must have sufficient academic merit. Faculty program residency and time limit policies shall apply. Final determination of sufficient academic merit rests with the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, and the Faculty of Management, as appropriate.

3. College Certificate

Studies at recognized post-secondary institutions leading to Certificate credentials will be evaluated for transfer credit on a course-by-course basis, in accordance with approved transfer credit procedures.

4. Applied and Technology Degrees

Applicants presenting Applied or Technology Degrees from recognized colleges or technical institutes in Canada with grade point averages of 2.00 or higher on the UofL 4.0 GPA scale are guaranteed admission to first degree, undergraduate non-quota programs. These applicants will be considered for admission to quota programs according to their qualifications as transfer students. Transfer credit awards will be according to regular University procedures, and subject to University policies including those pertaining to residency, major and time limits.

Applied and Technology Degrees are not normally considered to be a basis of admission for second degree or graduate studies programs.

5. Previous Degree

An approved degree is an academic baccalaureate degree composed of 30 or more course equivalents from a recognized Canadian or international institution. Applicants presenting approved degrees may be offered admission to the University to pursue a second degree. Some courses taken for the previous degree may be used to satisfy specific requirements for the second degree, depending on the applicability of the courses to the curriculum and the standard of performance achieved.

Previous credentials and courses completed as part of the credential are subject to the time limits of the appropriate Faculty. Please see the Previous Degree section for the appropriate Faculty and the table in Part 4 - Academic Regulations, Section 3.g. (p. 76), for more information.

In order to register in courses as an admitted student, a student who has graduated from a University of Lethbridge program must successfully apply for admission to another program. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. The decision of the appropriate Faculty will be final in these matters.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, or the Faculty of Management will be considered with the prior approval of the appropriate Dean. The decision of the Faculty will be final in these matters.

Upon admission, students are strongly advised to consult with an Academic Advisor in the appropriate Faculty to determine the course requirements of their second degree program.

c. Adult Student (Mature) Admission Route

Applicants who are 21 years of age or older by the first day of classes in the semester of intended admission and who do not meet current admission requirements will be considered as follows:

1. Qualified Adult High School Admission

This applies to applicants 21 years of age or older who have completed high school requirements (see Canadian High School Admission Requirements table, p. 33), with an admission average of at least 60 percent but less than the prevailing admission cut-off (currently 65 percent).

2. Non-Traditional Adult Admission

Applicants 21 years of age and older whose qualifications fall short of the University’s minimum requirements may be considered under the Non-Matriculated Adult Admission policy (see below). This policy applies to applicants:

a. who have completed a high school diploma, but have not completed the courses required for University admission or have not achieved an admission average of 60 percent; or,

b. who have not completed high school.

The number of seats available for Non-Traditional Adult Admission will be limited (as determined each semester). Typically the number of seats will not be more than ten percent of the total admissions for high school applicants in the given Fall or Spring Semester. The seats are distributed on a first-come, first-served basis to successful applicants.

Non-Matriculated Adult Admission

The Non-Matriculated Adult admission route is available to Canadian and Permanent Resident non-matriculated applicants 21 years of age or older whose credentials do not satisfy the basic admission criteria of any other admission route. The intent of the Non-Matriculated Adult admission route is to provide a limited number of positions for applicants deemed by Admissions to have potential for success at the post-secondary level which is at least equal to that of applicants meeting the prevailing admission criteria for high school applicants. In making this determination, Admissions will consider any or all of the following:

• Transcripts of all high school and post-secondary experience of the applicant;

• Life experiences since leaving normal secondary attendance;

• Standardized test scores - any of SAT, ACT, CPT, CAT Level 19 or CAAT Level D.
The Non-Matriculated Adult applicant is required to provide, in addition to the regular application for undergraduate admission and associated transcripts, the following:

a. A Letter of Intent from the applicant to the Admissions Office, which shall include a statement on the applicant’s potential for success in university studies, how the applicant’s experiences since secondary school have contributed to this potential, the applicant’s goals for the future and why studies at the University will help the applicant to realize these goals.

b. A résumé, providing a summary of all educational, employment and volunteer experience.

The Admissions Office may, at their discretion, require an interview.

Admissions will consider whether the applicant has acquired, through a combination of academic and life experience, the reading, writing, organizational and other skills necessary for success in the intended program of study. The decision of Admissions may be appealed in writing to the Assistant Registrar (Admissions and Transfer).

Persons who have unsatisfactory post-secondary academic records (i.e., a GPA of less than 2.00) will not be considered for Non-Matriculated Adult admission.

Programs available: Adult applicants will be considered for admission to first-year programs in the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences and to the Management Certificate program.

d. Visiting Student and Exchange Student Admission Route

1. Visiting Students and Exchange Students from Other Universities

Applicants currently enrolled in a degree program at another accredited degree-granting institution, and who wish to enrol in courses at the University, must complete an Application for Admission by the appropriate deadline and have their home institution forward a ‘letter of permission’ directly to the Admissions Office. This letter should specify courses which the student may take at the University of Lethbridge.

Visiting Students and Exchange Students should note that registration in specific courses is not guaranteed.

English Language Proficiency requirements do not apply to Visiting Students or Exchange Students. However, Visiting Students and Exchange Students are subject to all other regulations of the University of Lethbridge and of the Faculty in which they are registered.

Visiting Students must apply for admission on a semester-by-semester basis.

2. University of Lethbridge Students Studying Elsewhere

As it may suit their program, and within the residence requirement of the Faculty in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution, if their registration as a Visiting Student or Exchange Student is acceptable to that institution or if the University has an approved exchange agreement with that institution.

No transfer credit will be granted for courses taken elsewhere, unless Visiting Student or Exchange Student status is granted in advance; Visiting Student and Exchange Student status both require written permission from the Dean or Dean’s designate.

3. For some University of Lethbridge programs, students are required to take courses at another institution under Visiting or Exchange Student authorization. Visiting or Exchange Student status will be granted to these students. Such courses taken under Visiting or Exchange Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement.

4. University of Lethbridge students granted Visiting Student or Exchange Student status are registered in placeholder courses while studying elsewhere.

Transfer credit will be granted for courses completed by authorized Visiting Students.

Authorized Exchange Students will receive Pass/Fail grades for courses completed during the exchange.

It is the responsibility of the student to ensure that an official transcript of grades earned as a Visiting Student or Exchange Student at another institution is sent to the Registrar’s Office and Student Services (ROSS) at the University of Lethbridge.

Further information on registration procedures for Visiting and Exchange Students may be found in Part 2 - Registration, Section 3.d. Visiting and Exchange Students (p. 54).

e. Standardized Test Admission Route

Applicants to first-year Faculty of Arts and Science or Faculty of Fine Arts programs will be considered who present acceptable ACT (American College Testing Program) or SAT (Scholastic Achievement Test) scores. In the case of SAT tests, the applicant must present complete SAT Reasoning (Critical Reading, Mathematics, and Writing) and three additional SAT Subject test scores. Applicants who present only SAT Reasoning scores and who present superior high school records (at least five Grade 12-level courses in academic subjects including English, and a ‘B’ or higher on these courses), will be considered for admission on an individual basis.

f. Alberta Colleges or Institutes of Technology

The University will consider applicants who have completed one year or more of studies at a recognized Alberta College or Institute of Technology and are recommended by that institution for University admission.

For admission requirements, the University accepts courses offered by colleges which are deemed to be equivalent to Alberta high school 30-level courses (see Section 3.a.1.a, p. 30).

1. Students Returning After an Absence
   This policy applies to applicants who meet all of the following conditions:
   • were previously admitted to a University of Lethbridge program,
   • completed one or more semesters at the University,
   • subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the student), and
   • who HAVE NOT completed university-level studies at another institution in the interim.

   This policy does not apply to any persons who left University of Lethbridge studies according to the terms of a Visiting or Exchange leave authorized by the appropriate Dean.

   All students returning after an absence of one or more Fall or Spring Semesters must apply for admission according to regular application procedures and deadlines (see Section b. Transfer Student Admission Route, p. 35).

   Admission to a particular program or major shall be subject to enrolment management, Faculty and Admission policies (refer to the Admission requirements provided in the applicable Faculty part of the Calendar).

   Subject to the above, Returning After an Absence applicants are eligible for General Admission provided all of the following conditions apply:
   • No transferable courses were completed during the absence at another institution (see Section b. Transfer Student Admission Route, p. 35 if you completed transferable courses at another institution during the absence);
   • The student is applying for admission to a non-quota program or major (refer to the Admission requirements provided in the applicable Faculty part of the Calendar); and,
   • The applicant was in good academic standing upon last leaving the University (see Part 4 - Academic Regulations, Section 3.e.1, p. 75).

   Applicants who fail to meet all of the above conditions will be considered for admission according to current policies for Returning Transfer students (see Section 2. below).

   Students applying for readmission to the Faculty of Management should also see Part 11 - Management, Section 4.j. (p. 224).

2. Returning Transfer Applicants
   This policy applies to applicants who meet all of the following conditions:
   • were previously admitted to a University of Lethbridge program,
   • completed one or more semesters at the University,
   • subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the student), and
   • who HAVE completed university-level studies at another institution during the absence.

   This policy does not apply to any persons who left University of Lethbridge studies according to the terms of a Visiting or Exchange leave authorized by the appropriate Dean.

   All students returning after an absence of one or more Fall or Spring Semesters must apply for admission according to regular application procedures and deadlines (see Section b. Transfer Student Admission Route, p. 35).

   Admission to a particular program or major shall be subject to enrolment management, Faculty and Admission policies (refer to the Admission requirements provided in the applicable Faculty part of the Calendar).

   Students applying for readmission to the Faculty of Management should also see Part 11 - Management, Section 4.j. (p. 224).

   Academic Probation
   Normally, if readmitted, an applicant who was on Academic Probation upon leaving the University will be readmitted on condition of Academic Probation.

   Required to Withdraw
   Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

   Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the UofL 4.0 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

   Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

   Policies on admission after required withdrawal are also included in Section 8.b. (p. 48), Part 7 - Arts and Science (p. 101), Part 8 - Education (p. 168), Part 9 - Fine Arts (p. 184), Part 10 - Health Sciences (p. 210), and Part 11 - Management (p. 225). In particular, Tabula Rasa is available only in the Faculty of Arts and Science (see Section 3.e., p. 101), Faculty of Fine Arts (see Section 4.e.2, p. 184), and the Faculty of Health Sciences (see Section 6.c, p. 210).
h. Graduated Students
A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

i. Applicants With Unsatisfactory Post-Secondary Records
1. Required to Withdraw
   Persons who have been Required to Withdraw from the University of Lethbridge or another post-secondary institution will not be considered for admission until one year has elapsed from the end of the studies from which they were required to withdraw. If, without satisfactory intervening studies, such a person is subsequently offered admission to the University it will be on the condition of Academic Probation. Students Required to Withdraw from the University of Lethbridge should also refer to Section 3.g. Returning After an Absence from the University of Lethbridge (p. 40) and Section 8.b. Procedures for Readmission (p. 48).

2. Suspension
   A person will not be considered for admission if under an order of suspension from the University of Lethbridge. A person under an order of suspension from another post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

3. Expulsion
   A person who has been expelled from the University of Lethbridge or any other post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

4. CONTINUING STUDENTS CHANGING PROGRAMS
A University of Lethbridge student who has continuing student status and who wishes to change the academic program to one involving another Faculty must apply for the new program. Continuing student applicants changing to quota programs will be considered according to the same admission criteria as new transfer applicants.

To be considered, students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an Application for Admission to Specialized Programs form. This form is available at the Registrar’s Office and Student Services (ROSS).

5. INTERNATIONAL STUDENTS
a. Academic Qualifications
   Applicants from other countries must present qualifications comparable to those of Canadian applicants:
   • Completed, appropriate secondary qualifications from other countries will be considered for High School admission.
   • Studies completed at recognized universities and colleges will be considered for New Transfer, College Diploma or Previous Degree admission, as appropriate.

Details on requirements for specific countries are available from Admissions, and at our website www.uleth.ca/ross/admissions/intreq.html. For International High School Requirements, see page 44.

b. English Language Requirements
The University of Lethbridge has English language requirements for all applicants. These requirements are not affected by citizenship but by first language, educational experience and writing proficiency. They are explained in Section 6 (p. 42).

c. Transfer Credit and Admission
   Transcripts presented by an International Student will first be considered to determine the admissibility of the student. Subsequent to admission, completed courses will be considered for transfer credit. The number of courses considered to be transferable in the context of the admission decision may or may not coincide with the number of courses ultimately awarded transfer credit.
   It will be the responsibility of International Students to provide English translations of any transcript materials not in English or French, which are deemed to be official and otherwise acceptable by Admissions.

d. Conditional English Proficiency Admission
   Conditional English Proficiency Admission may be offered to applicants:
   1. whose first language is not English, and;
   2. whose academic qualifications satisfy the requirements of the program they seek, and;
   3. who have not met the University’s English Language Proficiency (ELP) requirement (see Section 6, p. 42).

   Note: One way to satisfy the University’s English Language Proficiency (ELP) requirement is successful completion of the University’s English for Academic Purposes (EAP) program. Conditional English Proficiency Admission offers an opportunity to accomplish this and at the same time obtain admission to an academic program.

   An applicant who accepts an offer of Conditional English Proficiency Admission is admitted to an academic program, of which the first component is successful completion of the University's English for Academic Purposes (EAP) program. Students admitted via the Conditional English Proficiency Admission route will be tested and placed in the appropriate level of EAP upon arrival at the University.

   Upon satisfying ELP (see Section 6.a. below), students admitted via the Conditional English Proficiency Admission route may commence their full academic programs as regular students.

   Students admitted under the Conditional English Proficiency provision must:
• Successfully complete each level of EAP in no more than two attempts, and
• Maintain continuous registration in EAP during Fall, Spring and Summer semesters until the ELP requirement is satisfied.

Students who fail to meet these conditions will be required to withdraw from the University.

Students who have passed three of the four components of Advanced EAP may be allowed to register in one or two academic courses (3.0 to 6.0 credit hours) while completing the remaining EAP component. Course registration will be subject to the approval of the International Liaison Officer in the International Centre for Students, in close consultation with appropriate academic advisors.

6. ENGLISH LANGUAGE AND WRITING REQUIREMENTS

The University of Lethbridge administers three levels of English language requirements for applicants to undergraduate programs:

- **English Language Proficiency (ELP)** - admission requirement for all applicants to undergraduate programs whose first language is not English.
- **Spoken English Language Proficiency (SELP)** - admission requirement for all applicants, whose first language is not English, to the Bachelor of Nursing (see Part 10, Section 4.a.6., p. 204) and Bachelor of Health Sciences (Public Health) (see Part 10, Section 4.e.6., p. 207) programs.
- **Writing Proficiency Requirement (WPR)** - admission requirement for all applicants to programs in the Faculty of Education (see Part 8 - Education, p. 164 and Part 6 - International Students, Section 3.b.3, p. 98).

a. English Language Proficiency Requirement

The English Language Proficiency (ELP) requirement applies to all applicants to undergraduate programs whose first language is not English, regardless of citizenship or country of origin. **Note:** The following policies do not apply to Audit, Visiting or Exchange Students. Applicants to Nursing (see p. 204) and Public Health (see p. 207) must also meet a Spoken English Proficiency requirement.

1. Proof of English Language Proficiency must be provided prior to admission. Acceptable evidence of ELP may be any one of:
   a. Successful completion of the Advanced Level, English for Academic Purposes (EAP) program at the University of Lethbridge (see Part 6, Section 3.b.1, p. 98).
   b. Most recent official TOEFL (Test of English as a Foreign Language) score (TOEFL institutional code is 0855), taken within the last two years. Any one of:
      • a score of at least 550 on the paper-based test and a TWE (Test of Written English) score of at least 4.0 or
      • a score of at least 80 on the iBT TOEFL, with scores of at least 16 on each of
   c. Most recent official Academic IELTS (International English Language Testing System) score, taken within the last two years, with
      • an overall score of at least 6.0, and
      • at least 6.0 in each band.

2. In the absence of contradictory evidence, the English Language Proficiency requirement may be waived for applicants who have completed at least three consecutive years of full-time study in a recognized institution where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-1, or its equivalent from any province in Canada.

   a. A passing grade in an EAP program approved by the Assistant Registrar (Admissions).
   b. Most recent MELAB (Michigan English Language Assessment Battery) score of at least 80 with no component less than 76, and including the Speaking test. Website: www.lsa.umich.edu/eli/testing/melab
   c. A passing grade in an English for Academic Purposes (EAP) program which is accepted as a means of satisfying ELP by another recognized Canadian university, and whose ELP requirement is at least as demanding as is that of the University of Lethbridge.
   d. A passing grade in an EAP program approved by the Assistant Registrar (Admissions).
   e. A grade of 75 percent or higher in the Alberta English Language Arts 30-1 diploma examination.
   f. A final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province in Canada.
   g. A passing grade in an English for Academic Purposes (EAP) program which is accepted as a means of satisfying ELP by another recognized Canadian university, and whose ELP requirement is at least as demanding as is that of the University of Lethbridge.
   h. A passing grade in an EAP program approved by the Assistant Registrar (Admissions).

   a. Successful completion of the Advanced Level, English for Academic Purposes (EAP) program at the University of Lethbridge (see Part 6, Section 3.b.1, p. 98).
Applicants who are uncertain regarding the status of their qualifications with respect to this policy should contact the Admissions Office for further information.

Waivers are not automatically granted: Waivers may not be granted, or may be revoked, if contradictory evidence exists. Examples of contradictory evidence are low TOEFL scores, low grades on an English-based course, or significant communication difficulties.

Individual circumstances will be reviewed by the Assistant Registrar (Admissions) whose decision shall be final.

Special arrangements will be made for students attending the University under an approved exchange program.

7. TRANSFER AND EVALUATION OF CREDIT - POLICIES AND PROCEDURES

Many students are eligible to have some or all previous post-secondary work transferred for credit toward completion of their University of Lethbridge program. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. Transfer of credit is not available to persons enrolled in classes at the University who have not been admitted to programs (i.e., transfer of credit is not available to Audit, Exchange, Open Studies or Visiting Students).

a. Procedures

1. For New Transfer students, transcripts from previous post-secondary institutions will be evaluated for transfer credit in the program of consideration for admission.

2. For students returning after an absence, transcripts for work completed during the absence at post-secondary institutions will be evaluated for transfer credit in the course of consideration for readmission.

3. It is the responsibility of the applicant to provide, as support for the application for admission or readmission, full and complete information on all post-secondary attendance. Failure to do so relieves the University of any responsibility to award transfer credit and, depending on the criteria leading to an admission decision, may lead to the rescinding of admission and cancellation of registration.

4. Continuing University of Lethbridge students may take courses elsewhere under Visiting Student or Exchange Student authorization. Such students must obtain prior approval in writing from the appropriate Faculty Dean or Dean’s designate. Transfer credit will only be awarded when Visiting Student authorization is obtained in advance of the completion of studies. Authorized Exchange Students will receive Pass/Fail grades for courses completed during the exchange.

Subsequent to completing the course work at the designated institution, the student must have official transcripts forwarded from that institution to the Registrar’s Office and Student Services (ROSS) at the University of Lethbridge, that they may be evaluated for transfer credit.

5. Simultaneous enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

b. Transfer and Evaluation Policies

1. The Admissions Office has final authority, subject to appeal, in the evaluation and assignment of transfer credit.

To facilitate the negotiation of transfer arrangements among post-secondary institutions within the Province of Alberta, the procedures established by the Alberta Council on Admissions and Transfer (outlined in the Alberta Transfer Guide) shall be followed.

Applications for transfer credit evaluations and transfer credit appeals are initiated with Admissions. Upon application by a student for transfer credit, Admissions shall consult as necessary with the appropriate Faculty. Admissions approval is required for any recommendations to award transfer credit.

Admissions is charged with maintaining records of all evaluations at the University, which shall serve as the standards for future evaluations.

2. Transfer credit may be awarded only for courses which apply to the student’s University of Lethbridge program.

Transfer credit awarded on admission to one program must be re-evaluated should the student change to a different program. It is the student’s responsibility to request this re-evaluation.

3. Transfer credit may be awarded only for courses which were completed and assigned a passing grade. Courses transferred for credit are subject to Faculty policies regarding minimum grade requirements.

When a transfer student presents a transferable course with a grade of ‘Pass’ (or its equivalent) at the sending institution:

a. The hours for the course will count toward program completion in the manner assigned by Admissions (either direct transfer, Contingent or Extra to Program); and

b. The transfer grade will be preserved as ‘P’ as appropriate.

The student’s transfer GPA and University of Lethbridge GPA will not be affected in any way. The University reserves the right to assign a numeric grade where circumstances indicate this is appropriate.

4. Transfer credit will be awarded only for studies transferring to University of Lethbridge courses numbered 1000 or higher.

5. Admissions shall develop and apply grade conversion standards, under the authority of the Admission Standards Committee.

For British model systems: At least five distinct courses with appropriate grade achievement, including at least three courses at the Ordinary level (or equivalent) and at least two courses at the Advanced level (or equivalent). The courses must include English, and a course will not be considered if it duplicates a course subject at the other level. All five courses are used in calculating the admission average. Students who have completed Ordinary level and subsequently completed either an Advanced International Certificate of Education (AICE) Diploma or a year of overseas College Foundation studies (including English) will be considered. Transfer credit will be considered for Advanced level courses in appropriate subjects, completed with grades of "C" or higher. Credit for up to a maximum of ten semester courses may be obtained in this manner.
6. Courses which have been awarded credit at another recognized Canadian university or at a recognized university college in Alberta or British Columbia are generally transferable for credit to the University of Lethbridge, subject to other University policies including program and major, residence requirements, time limits, and program requirements.

7. Courses taken at post-secondary institutions in Alberta, if acceptable for credit at either the University of Alberta or The University of Calgary, are normally eligible for transfer credit at the University of Lethbridge. The Alberta Transfer Guide shall be the primary authority for such courses.

In general, courses taken at post-secondary institutions in Canada, if acceptable for credit at one or more of the major residential universities for the appropriate province, shall normally be transferred for credit at the University of Lethbridge. The provincial transfer guide for the province in question shall be the primary authority for such courses.

Specified courses taken at post-secondary institutions with which the University maintains formal course transfer arrangements are normally accepted for credit. For example, the University has course agreements with The College of the Rockies and Selkirk College.

8. Once a transfer course evaluation has been approved by the University of Lethbridge and has been printed in the Alberta Transfer Guide, that evaluation shall serve as the authority for the course in question. A published transfer arrangement will also be honoured for students who completed the course in the year prior to its publication in the Alberta Transfer Guide.

On appeal by the student and where a change will benefit the student, a Faculty may, with reasonable grounds, recommend exemption from the published agreement. This Faculty recommendation shall not alter the published evaluation.

9. Courses taken at any accredited or recognized post-secondary institution may be awarded transfer credit depending on the nature of the institution, the nature of the courses and the program of the student presenting the courses.

10. Year of the Calendar

A student admitted or readmitted to a program offered by the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission (see Section 9.f., p. 49 for details).

11. Upon admission or readmission to a program, courses taken by an Open Studies Student at the University of Lethbridge may be counted toward the student’s program, subject to the appropriate rules of the Faculty regarding courses completed prior to admission and Required Withdrawal.

12. International Students - see Section 5 (p. 41).

13. The University of Lethbridge does not award transfer credit on the basis of Challenge for Credit. Instead, waiver of specific requirements leading to a certificate, diploma, or degree may be granted by the Faculty (see Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75, for more information).

14. Evaluating Courses From Non-Accredited Institutions

When a course taught by an unrecognized institution is presented for transfer credit, it is evaluated by the appropriate Faculty. The recommendation serves as a standard only for students who completed the identical course experience - institution, section and time - and are pursuing the same program of studies as the student who originally presented the course for transfer credit.

In determining whether a course may be awarded Individual Credit, the Faculty evaluators shall make the determination after considering the following:

a. The institution is recognized or accredited. If not recognized or accredited, the institution maintains academic standards equivalent to those maintained by accredited institutions.

b. The course experience of the student was comparable to that which would have been presented at the University of Lethbridge. This determination is based on consideration of materials which may include any of course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

c. The transfer credit to be awarded is appropriate to the student’s program at the University of Lethbridge.

d. Instructor qualifications are appropriate to the material and the content of the course. Generally, Masters credentials are preferable for introductory courses and Doctorates for advanced material.

15. Transfer of credit shall be subject to Faculty regulations, including but not limited to those found below. The student is also referred to the residence requirements of individual Faculties. Where the transfer credit regulations appear to contradict the residence requirements of individual Faculties, the residence requirements shall prevail (see Part 4 - Academic Regulations, Section 3.g., p. 76).

For some University of Lethbridge programs, students are required to take courses at another institution under Visiting Student authorization. Visiting Student authorization will be granted to these students. Such courses taken under Visiting Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement (see Section 3.d., p. 37).

16. Courses taken during the completion of a previous undergraduate degree may satisfy particular course requirements of a program at the University of
c. Procedures for Student Appeal of Transfer Credit

1. A student who chooses not to accept an Admissions decision regarding transfer credit shall have one full year, from the day the transfer courses were evaluated by Admissions, in which to lodge an appeal. The appeal shall be made in writing to the Assistant Registrar (Admissions and Transfer) and shall set out the student’s rationale for appealing the Admissions decision.

The Assistant Registrar (Admissions and Transfer) shall have 14 days to render a decision regarding the appeal. This decision, and any supporting rationale, shall be communicated in writing to the student and copied to the Associate Vice-President (Student Services) and Registrar.

2. In the event of a negative decision by the Assistant Registrar (Admissions and Transfer), and the determination of the student to pursue the appeal, the student shall have 14 days from the mailing of the Assistant Registrar’s decision to forward a letter to the Associate Vice-President (Student Services) and Registrar requesting further consideration.

The Assistant Registrar (Admissions and Transfer) shall have 14 days from the mailing of the Assistant Registrar’s decision to forward a letter to the Associate Vice-President (Student Services) and Registrar requesting further consideration.

The Associate Vice-President (Student Services) and Registrar shall have 20 days from the time of receiving the second appeal to establish an Appeal Panel, which shall include: the Registrar as Chair; the Assistant Registrar (Admissions and Transfer); two members from the Admission Standards Committee, one of whom shall be a student; and at least one member from the academic unit involved in the appeal.

In addition to any materials which the student chooses to submit, it shall be the responsibility of the student to provide any materials requested by the Panel in a manner acceptable to them, and which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

The Panel may request the appearance of the student for an interview, at which the student may be accompanied by a fellow student or by a Faculty member of the University.

The student shall have up to 60 days to assemble the materials requested and to prepare for an interview with the Panel.

Subsequent to the interview or final meeting, the Panel shall have 7 days to render a decision. This decision shall be final.

8. HOW TO APPLY FOR ADMISSION

a. Procedures for All Applicants

Applicants must submit the following to the Admissions Office:

1. An Application for Admission form, complete in every detail, accompanied by a non-refundable application fee. A student who applies for admission or re-admission must pay an application fee. Students who do not maintain continuous registration must apply for re-admission and pay the associated application fee.

EFFECTIVE TO AUGUST 31, 2011
The application fee for initial admission to a level of studies (i.e., undergraduate, master’s, or Ph.D.) is as follows:

- $75 for undergraduate programs
- $60 for master’s programs
- $60 for Ph.D. programs

Students may submit only one application per semester. A student who re-applies for admission after an absence from the UofL must pay an application fee of $75.

EFFECTIVE ON SEPTEMBER 1, 2011
All applicants to the UofL (undergraduate, master’s, or Ph.D.) must pay an application fee of $100. Students may submit only one application for admission per semester. A student who re-applies for admission after an absence from the UofL must pay an application fee of $25.

2. Through ApplyAlberta (Alberta Post-Secondary Application System), applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta. Applicants attending private institutions within Alberta or any educational institution out-of-province must arrange to have official transcripts sent directly to the Registrar’s Office and Student Services (ROSS). Where possible, transcripts for out-of-province secondary schools should be issued from the appropriate provincial Department of Education.

Applicants currently studying at privately funded institutions within Alberta or any educational institution out-of-province are strongly advised to arrange, at the time of application, for the submission of interim transcripts if necessary final transcripts are not yet available. Final, official transcripts must be submitted on or before the document deadline.

3. High School applicants must indicate courses completed and in progress (including final and estimated final grades) on the Application for Undergraduate Admission form. Self-reported grades: The applicant will provide final grades for Grade 12 courses already completed and estimate final grades for those courses still in progress. Grade 11 final grades may be used for subjects for which mid-term or final Grade 12 grades are not yet available (see section 3.a.3. Early Admission, p. 30, for complete details).
The Admissions Office will require interim transcripts for applicants who are not admissible based on their self-reported grades.

4. Notarized English translations must accompany all documents that are not in either the English or French languages.

5. Additional Procedures for Adult Applicants
Applicants must follow the above procedures and in addition, submit a résumé and a Letter of Intent (see Section 3.c., p. 36).

b. Procedures for Readmission
1. Voluntary or Required Withdrawal
A former University of Lethbridge student who has previously withdrawn, either voluntarily or because required to do so for academic or other reasons, must submit a new Application for Admission Form to the University. Through ApplyAlberta (Alberta Post-Secondary Application System), the applicant authorizes the University of Lethbridge to request transcript(s) on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta. If the applicant attended a private post-secondary institution(s) within Alberta or any educational institution out-of-province in the interim, the applicant must arrange to have official transcripts sent directly to the Registrar's Office and Student Services (ROSS).

Similarly, a student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

2. Returning to the University of Lethbridge after Visiting and Exchange Studies
See Part 1 - Admission, Section 3.d.4. (p. 37) and Part 2 - Registration, Section 3.d.1. (p. 54).

c. Procedures for Acceptance to Undergraduate Programs in the Faculty of Education, Faculty of Fine Arts, Faculty of Health Sciences, Faculty of Management, or to any Combined Degrees program
1. Students not currently enrolled in programs at the University must follow the procedures outlined in 8.a. or 8.b., above.

2. Students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an Application for Admission to Specialized Programs Form.

3. Conditional Admission may be offered to Transfer applicants applying for entry into undergraduate programs (see Section 9.e. Conditional Admission, p. 49).

d. Undergraduate Program Application and Document Deadlines, see page 29.

e. Responsibility of the Applicant or Student
It is the responsibility of the applicant or student to:

1. Provide true and complete information at the time of application for admission or readmission (see Section 9.j, Misrepresentation/Falsified Admission Documents, p. 49).

2. Provide any materials which the University may reasonably request in order to make decisions regarding either admission to the University or transfer credit evaluation (see Section 9.j, Misrepresentation/Falsified Admission Documents, p. 49).

3. Consult with the appropriate Academic Advising office regarding how unspecified transfer credit may be used to meet program requirements.

9. POLICIES FOR ALL STUDENTS

a. Access to Courses
Applicants should note that although admission may be granted to the University, eligibility to enrol in specific courses may be denied if the appropriate prerequisite high school or post-secondary course has not been completed (e.g., Chemistry 2320 has a prerequisite of Chemistry 30 or UofL Chemistry 0500). Applicants who are concerned about prerequisite courses for their desired program should check with Admissions.

b. Professional Transfer Programs
Many university courses, including introductory courses, have prerequisite high school courses. Applicants who intend to enrol in one of the professional transfer programs leading to degrees elsewhere should note that, while a student may be admissible to the Faculty of Arts and Science, a longer period may be required to meet the requirements for a professional program if these prerequisite high school courses or their equivalents have not been completed prior to admission.

c. Enrolment Management
The University of Lethbridge subscribes to enrolment management policies as resources become exhausted. For High School applicants, the basic admission average requirement is 60 percent. However, the University has set the admission cut-off average for General Admission at 65 percent for 2011/2012. For New Transfer applicants, the basic requirement for General Admission is a GPA of 2.00 on the UofL 4.0 GPA scale; some programs have a higher GPA requirement for transfer students. The GPA requirement for College Diploma applicants varies according to the program.

As the minimum is reviewed yearly, applicants should contact the Admissions Office for the current requirement.

d. Enrolment Limits and Admission Quotas
The University of Lethbridge guarantees that admitted students will have timely access to courses required to complete the student’s program. However, admission to the University does not constitute a guarantee that a student will be able to register for any particular course in a given semester.

Enrolment limits are enforced by all Faculties. Where demand for access exceeds program or major capacity, admission will be limited according to approved enrolment management policies. Applicants will be
assigned admission priority chiefly on the basis of academic merit. Subject to individual Faculty policies, High School applicants will typically be assigned priority on the basis of admission average. New Transfer applicants will be assigned priority on the basis of admission grade point average. Notwithstanding, the University reserves the right to limit admission to any or all programs without advance notice. Faculties may have quotas; satisfying admission requirements for a program does not guarantee admission to the program nor to a specific major within the program.

e. **Conditional Admission**

Conditional Admission may be offered to applicants studying at Canadian institutions. This provides program admission which is conditional on the eventual satisfaction of certain admission requirements. For example, a student may be offered admission on the basis of satisfactory completion of studies still in progress at another institution or at the University of Lethbridge. Students failing to meet the condition in a satisfactory manner in the time specified may be required to withdraw from the program of admission; in such cases, the student’s qualifications will be reviewed for possible admission to another program at the University, or the student may be allowed to complete the semester as an Open Studies Student.

f. **Year of the Calendar**

A student admitted or readmitted to the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission. However, students are governed by the current Calendar in all other respects (e.g., order of registration, fees, course prerequisites) regardless of the year of admission or readmission.

When a student’s registration at the University is interrupted and the student subsequently is readmitted to a University program, the student shall be governed by the Calendar in effect at the time of readmission, unless granted special permission.

A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the University, to the current Calendar. If a student opts for a particular Calendar, all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects.

Any student wishing to change the Year of the Calendar must apply to the Registrar’s Office and Student Services (ROSS).

Students continuously registered in a formally-approved transfer program or in transferable courses at a post-secondary institution in the Alberta Council of Admission and Transfer, are normally admitted under the current Calendar. However, the students may be treated as if they had been continuously registered at the University during that period. They may, therefore, when admitted to the University, opt for any Calendar from the one in effect at the point of most recent admission to the Alberta college system to the Calendar in effect at the point of admission to the University of Lethbridge.

The University also recognizes transfer arrangements with The College of the Rockies and Selkirk College, and the University treats students transferring from these institutions in an equivalent manner with respect to the year of the governing Calendar.

Transfer students from institutions other than those with which the University has established transfer arrangements will be treated according to current policies for new student admissions, and therefore be subject to all the requirements of the Calendar in effect at the time of admission or readmission.

g. **Simultaneous Enrolment**

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

h. **Academic Probation**

Normally, if readmitted, an applicant who was on Academic Probation upon leaving the University will be readmitted on condition of Academic Probation.

i. **Required to Withdraw**

Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the UofL 4.0 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

Policies on admission after required withdrawal are also included in Section 8.b. (p. 48), Part 7 - Arts and Science (p. 101), Part 8 - Education (p. 168), Part 9 - Fine Arts (p. 184), Part 10 - Health Sciences (p. 210), and Part 11 - Management (p. 225). In particular, Tabula Rasa is available only in the Faculty of Arts and Science (see Section 3.e., p. 101), Faculty of Fine Arts (see Section 4.e.2, p. 184), and the Faculty of Health Sciences (see Section 6.c, p. 210).

j. **Misrepresentation/Falsified Admission Documents**

1. Admissions decisions are made on the basis of complete and accurate information provided to the University by the applicant or by other institutions at the request of the applicant. The integrity of the admissions process is dependent on the honesty of the applicant.

For the purposes of this section, the term “documents” refers to all transcripts, letters and letters of reference, test results, and other documents or statements submitted by an applicant or student, or on behalf of an applicant or student,
supporting an application for admission or readmission to the University of Lethbridge.

a. The submission of an application for admission containing false statements or intentional omissions of required information constitutes misrepresentation of a student’s admission qualifications.

b. Falsified admissions documents include the submission of altered documents and/or the failure to provide all admissions documents.

2. Where there is evidence that an applicant or student has 1) submitted, or arranged for the submission of, an application for admission purposes with false statements or intentional omissions; and/or 2) failed to provide any related document; and/or 3) submitted falsified documents, the following procedures will be taken:

a. The Assistant Registrar (Admissions and Transfer) will review the alleged offence(s) with the applicant or student and advise the student to refer to the Misrepresentation/Falsified Admission Documents policy in this section. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the alleged offence(s) under this section.

b. Should the Assistant Registrar (Admissions and Transfer) determine that the alleged offence(s) have occurred, after consultation with the Associate Vice-President (Student Services) and Registrar, he/she may take any or all of the following actions:

1. Provide the student with a letter of reprimand and place a copy in the student’s file.

2. Revoke the applicant’s or student’s admission status, up to and including immediate and permanent dismissal from the University.

3. Cancel or suspend the applicant’s or student’s admission and/or registration privileges for a specified term.

4. Notify other educational institutions regarding particulars of the incident.

5. Enter a notation on the applicant’s or student’s transcript as follows: “Suspended due to submission of false documents.”

3. The Assistant Registrar (Admissions and Transfer) will meet with the applicant or student again to inform him/her of the penalties to be imposed for the offence(s) committed under this section and provide him/her with information on appeal procedures. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the penalties to be imposed and appeal procedures for the offence(s) under this section. Alternatively, the applicant or student will be notified by registered letter, with the date of receipt by the applicant deemed to be five working days after the date of the Assistant Registrar’s letter.

4. The applicant will have seven days after the deemed date of receipt in which to appeal in writing to the Associate Vice-President, Academic. In the absence of an appeal received by the Associate Vice-President within the seven days, the Assistant Registrar (Admissions and Transfer) may levy any or all of the penalties under Section 9.j.2.b. above.

10. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

a. A person who has applied for admission to a program of studies in an undergraduate or graduate program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, shall not be considered a ‘student’ for the purposes of the rights and privileges accorded to a student of the University of Lethbridge, until the date that the person commences academic studies at the institution or the first day of the academic semester/session for which the application applies, whichever shall last occur, and notwithstanding any act or notice of acceptance or admission may have been communicated to the applicant.

This same restriction in its entirety applies to Open Studies Students and authorization to register.

b. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any application for admission to an Undergraduate Studies program or Graduate Studies program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur.

This same presidential authority in its entirety applies to Open Studies Students and authorization to register.

c. The powers of the President to rescind any application for admission or any applicant, or to rescind authorization to register from Open Studies Students, may be exercised in any circumstance where the President in his/her sole discretion determines that:

1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration.

2. The best interests of the University outweigh the inclusion of the individual as a student at the University.

d. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.

e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.
II. EXPLANATION OF TERMS

Accredited or Recognized Institution - Generally, an accredited or recognized post-secondary institution is one approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes. Institutions may be deemed to be accredited through recognition by accrediting organizations or by such recognized educational organizations as the American Association of Collegiate Registrars and Admissions Officers (AACRAO).

Credit, specified and unspecified - Advanced course credit may be granted in terms of specific course equivalents (e.g., ENGL 1900) or in terms of approximating subject and course-level credits (e.g., ENGL 1000 level, UNSPECIFIED). These are, respectively, specified and unspecified credit. Specified credits satisfy specific program requirements; appropriate unspecified credit may satisfy specific program requirements.

General Admission - A student guaranteed general admission is regarded to have met the basic prevailing admission criteria for non-quota programs in the Faculty of Arts and Science or the Faculty of Fine Arts.

Transfer Students - Students who have attended other post-secondary institutions and who have completed three or more transferable semester courses.

Transferable course - A course at another post-secondary institution for which credit may be granted toward a University of Lethbridge degree.
REGISTRATION

1. STUDENT RECORDS RETENTION POLICY

The permanent official folder for each student is maintained by the Registrar’s Office and Student Services (ROSS). The contents of this folder shall be destroyed according to the following schedule:

a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

Prior to the destruction of the folder, the Registrar’s Office and Student Services (ROSS) shall ensure that the contents of the file are reflected in the student’s electronic record, according to the policies governing admission, registration and academic history.

For more information see Confidentiality of Student Records Policy (Part 4 - Academic Regulations, Section 10.d., p. 89).

2. ADVICE AND INFORMATION

Students who wish academic advice during registration should seek it from the relevant academic advisor.

Students who wish other kinds of information and advice about registration, such as deadlines and procedures, should ask at the Information Centre (SU140).

Students are responsible for the accuracy and completeness of their own registration, and are liable for the fees for courses in which they are registered.

Students who decide not to attend the University must cancel their registration prior to the Add/Drop deadline (see Section 8. Cancellation and Withdrawal, p. 57).

3. TERMS USED DURING REGISTRATION

a. Enrolment and Registration

For purposes of this Calendar, these terms are used interchangeably.

Bridge: The University’s online registration system is available for all students (www.uleth.ca/bridge).

b. Year of Student

Students are classified by year level according to the number of credit hours they have successfully completed (i.e., this does not include courses in which the student is currently registered).

c. Part-Time and Full-Time

1. Fall and Spring Semesters

A part-time student is registered in fewer than 9.0 credit hours (three semester courses or equivalent).

A full-time student is registered in a minimum of 9.0 credit hours (three or more semester courses or equivalent).

The usual course load for a full-time undergraduate student is 15.0 credit hours (five courses) per
semester. It should be stressed, however, that heavy course loads are a common cause of poor academic performance.

2. Full-Time by Definition
   Students registered in Co-operative Education Work Experience courses are considered to be full-time.

3. Summer Session - Maximum Load
   Each Faculty and School has legislated maximum enrolments per session for continuing students. See **Section 6.b. (p. 56)** for maximum loads for each Faculty/School.

4. Summer Session - Financial Support
   Undergraduate students receiving government student loans for full-time studies during Summer (May - August) must be registered in a minimum of 9 credits and enrolled in Summer Session I and II/III or Summer Session I, II and III. It may be possible for Alberta residents to receive Alberta Student Loans for one Summer Session course, but all other borrowers should check with Scholarships and Student Finance staff about other provincial/territorial eligibility.

d. Visiting and Exchange Students

1. University of Lethbridge Students Studying Elsewhere
   Within the residence requirement of the Faculty/School in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who wish to study as authorized Visiting or Exchange students at another institution must follow the following procedures:
   a. Students must apply using an **Application for Visiting Student Authorization** or an **Application for Exchange Student Authorization**. Approval in writing must be obtained from the appropriate Faculty/School prior to commencement of studies elsewhere.
   b. The student will be registered in Placeholder courses during the semesters of approved absence from the University of Lethbridge. This allows the student to retain the registration privileges of a Continuing Student, and the University to keep track of these students for record keeping purposes.
   c. The student will register along with other Continuing Students for the semester following the approved absence, according to the registration instructions for Continuing Students.
   d. If the student wishes to extend the approved absence, prior approval must be obtained from the appropriate Faculty/School. Otherwise, when the student subsequently applies for readmission, it will be according to the policies and procedures pertaining to students returning after an absence, thereby forfeiting guaranteed readmission and Continuing Student privileges.

2. Visiting and Exchange Students from Other Universities
   For complete information on registering as a Visiting or Exchange Student, please see the current **Timetable and Registration Guide**.

e. Audit Student
   An Audit Student has been granted permission by the instructor to attend lectures in a course on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments or sit for examinations. No degree credit is granted for the course. An Audit Registration Form must be submitted to the Registrar's Office and Student Services (ROSS) by the indicated deadline.
   Audit Students are not required to meet the University's English Language Proficiency Requirement.
   An Audit Student, who is not also a Continuing, newly admitted or Open Studies Student, is granted the same access to University services as a Community user. Community user fees and restrictions will apply.

f. Open Studies Student
   Open Studies Student registration allows persons interested in taking courses for general interest to register without having to gain admission to the University.
   The following conditions apply to registration as an Open Studies Student:
   1. Registration as an Open Studies Student is open to any individual not currently admitted to the University, with some restrictions as outlined below. Open Studies Student enrolment does not constitute formal admission to the University. Open Studies Students must present required documents at each registration.
   2. Students who have been Required to Withdraw from this or any other post-secondary institution within the last 12 months are not encouraged to register as Open Studies Students. See **Part 1 - Admission, Section 9.i., p. 49**. Courses taken as an Open Studies Student after Required Withdrawal may not be used for credit toward programs to which a student may ultimately be admitted without the express permission of the Faculties offering that program.
   3. Open Studies Students must meet the University's English Language Proficiency Requirement (see **Part 1 - Admission, Section 6.a., p. 42**). Open Studies Students must present proof of English Language Proficiency at registration. Failure to present proof will result in denial of registration privileges. Unofficial documents are acceptable.
   4. Course prerequisites must be met where applicable and Faculties are responsible for enforcing prerequisites. Enrollment in some courses may require permission from the relevant Faculty/School. Open Studies Students are required to present unofficial transcripts of prior secondary and/or post-
Students who were previously Required to Withdraw and have been offered admission to a University of Lethbridge program may be granted to Open Studies Students who were Required to Withdraw from the University of Lethbridge. If granted, Tabula Rasa is applied only to the student’s record prior to the point of Required Withdrawal (see Part 7 - Arts and Science, Section 3.e., p. 101, Part 9 - Fine Arts, Section 4.e.2, p. 184, or Part 10 - Health Sciences, Section 6.c., p. 210).

Students who were previously Required to Withdraw may present courses completed via the Open Studies Student route when reapplying for admission. Tabula Rasa may be granted to Open Studies Students who were Required to Withdraw from the University of Lethbridge. If granted, Tabula Rasa is applied only to the student’s record prior to the point of Required Withdrawal (see Part 7 - Arts and Science, Section 3.e., p. 101, Part 9 - Fine Arts, Section 4.e.2, p. 184, or Part 10 - Health Sciences, Section 6.c., p. 210).

Upon subsequent application for admission or readmission, courses completed via Open Studies Student registration may be counted toward the student’s program, subject to the appropriate rules of the Faculty/School regarding residence and Required Withdrawal legislation.

Only students who have been admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma, or certificate. However, students who have been previously admitted, and not subsequently required to withdraw, may graduate while under Open Studies Student status. Such students must have been admitted to the program of graduation at some point. As well, such students must have met the admission and graduation requirements of that program.

Students who have been Required to Withdraw must be readmitted to the University and to the program of studies before they will be permitted to graduate. Such students must apply for admission according to regular application procedures and deadlines.

Official transcripts are issued for Open Studies Students.

Registration requirements are satisfied by the completion of the Open Studies Registration Form and its submission to the Registrar’s Office and Student Services (ROSS), after paying the registration fee and deposit at the Cash Office.

The University routinely offers non-credit programs to selected groups of students, as do other agencies. Such students may not be eligible for registration via the Open Studies Student route. With the permission of the Associate Vice-President (Student Services) and Registrar, students participating in approved non-credit programs may register concurrently in credit courses as Open Studies Students. Such registrations must be authorized in advance by the Associate Vice-President (Student Services) and Registrar.

Students denied registration privileges may appeal in writing to the Associate Registrar. Such appeals will be dealt with by the Associate Registrar and the Associate Vice-President (Student Services) and Registrar.

4. WHEN TO REGISTER

See the Academic Schedule (p. 17) for specific registration dates. Students who fail to complete registration during the specified period may be assessed a late fee.

a. New Students and Those Returning After an Absence

After applications have been processed, those eligible for admission receive full instructions on the procedures to be followed to complete registration.

b. Graduated Students

6. REGISTRATION LIMITATIONS

a. Timetable Conflicts

Students are not permitted to register in two classes which are offered at the same time. To avoid delays at registration, students must consult the current semester Timetable carefully. Registration into classes which overlap or create time conflicts will not be processed.

b. Maximum Credit Hours

During Early Registration, the maximum number of credit hours in which a student may register is 15.0 (five course equivalents). During the first week of classes, students may increase their loads to the maximum allowed by their respective Faculty/School. Physical Activities, Music Ensemble Activities and Education Professional Development courses carry credit hours equal to 1.5. Generally, most other courses have an equivalent of 3.0 credit hours.

Students wishing to register in more than the maximum credit hours (semester course equivalents) allowed must obtain approval of the Faculty/School in which they are enrolled:

• In the Faculty of Arts and Science, students must obtain permission if they wish to exceed the following maximum credit hours (as determined by academic standing):

<table>
<thead>
<tr>
<th>Probation</th>
<th>12.0 credit hours (4 courses)</th>
</tr>
</thead>
<tbody>
<tr>
<td>In Good Standing</td>
<td>15.0 credit hours (5 courses)</td>
</tr>
<tr>
<td>Maximum</td>
<td>18.0 credit hours (6 courses)</td>
</tr>
</tbody>
</table>

• In the Faculty of Education, students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester.

• In the Faculty of Management, the usual course load for a full-time student is 15.0 credit hours (5 courses) per semester.

• In all other Faculties/Schools, students must obtain permission if they wish to exceed 15.0 credit hours (5 courses).

• Summer Session (semester course equivalents):

</tr>
<tr>
<td>Management</td>
<td>2</td>
<td>1*</td>
<td>1</td>
</tr>
</tbody>
</table>

*The maximum number of courses Management students may take over Summer Sessions II, III, and II/III is two.

Note: In the event of a difference between the maximum credit hour limits set by the Faculties/Schools, students in Combined Degrees programs will be governed by the more stringent limits.
c. Duplication of Registration
A student may not register in more than one section of a course offering in a semester.

A student may not be registered in the same course in more than one semester simultaneously (e.g., in both Summer Session and Fall Semester).

d. Faculty/School Quotas
Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given semester. Enrolment limits are enforced by all Faculties and Schools.

e. Graduated Students
A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route.

f. Holds on Registration
A Faculty/School may place specific registration requirements upon a student. In such cases, at the request of the Dean, the Registrar’s Office and Student Services (ROSS) may restrict a student’s access to registration. Students with restricted access to registration must register manually (in person or by mail), thus ensuring they abide by the Faculty/School registration requirements.

7. COURSE ADD/DROP
Courses may be added and/or dropped after initial registration. No changes other than withdrawals from individual courses are permitted after the Add/Drop period.

8. CANCELLATION AND WITHDRAWAL

a. Classroom Privileges - Students
Students have classroom privileges for the course offering in which they are registered. Classroom privileges mean that a student is entitled to attend class meetings as required by the instructor and detailed in the course outline. Students who are not registered may be granted classroom privileges at the discretion of the instructor. Students who do not have classroom privileges may not attend a class. Instructors may authorize guests to attend a class. Audit registration is also normally available for people who would like to attend a class on a regular basis.

b. Cancellation of Registration
Students may cancel their registrations by the Add/Drop deadline in any semester/session:
- Open Studies Students who cancel their registration by the Add/Drop deadline in a Fall or Spring Semester forfeit the $75 non-refundable deposit and the non-refundable $25 Open Studies Student Registration Fee.
- Open Studies Students who cancel their registration by the Add/Drop deadline in a Summer Session forfeit the $25 Open Studies Student Registration fee only.

Note: Effective Fall 2011, Open Studies students will pay an $80 tuition deposit and a $20 registration fee.

All students must cancel their registration using the Bridge (www.uleth.ca/bridge).

Students who register and decide not to attend but DO NOT cancel their registration by the Add/Drop deadline shall be assessed tuition and compulsory fees according to the fee assessment schedule in Part 3 - Fees, Section 8.b. Withdrawals (p. 62).

c. Complete Withdrawal
A student wishing to withdraw from the semester must notify the Registrar’s Office and Student Services (ROSS) by submitting a Complete Withdrawal Form which can be obtained from the Registrar’s Office and Student Services (ROSS). The date this form is received by the Registrar will be the official withdrawal date for purposes of fee assessment.

A ‘Complete Withdrawal with Cause’ is available only through Faculty/School Advising Offices.

Failure to comply with this requirement results in the assignment of failing grades and full assessment of fees—see Part 3 - Fees, Sections 8.b. Withdrawals (p. 62) and Refunds 8.c. (p. 63). Grades are not assigned when a student withdraws before the end of the ninth week of a semester. Students registered in Summer Session should consult the Summer Session Calendar for details of the complete withdrawal procedure and related deadline dates.

Students are responsible for ensuring that the Registrar’s Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar’s Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

d. Course Withdrawal - Part-Time and Full-Time Status

1. Fall and Spring Semesters
Full-time students who withdraw from courses but remain registered in three semester course equivalents (9.0 credit hours) retain classification as full-time students.

Full-time students who withdraw from courses, resulting in registration in fewer than three semester course equivalents (9.0 credit hours), are reclassified as part-time.

2. Summer Session
Students receiving full-time government student loans for the Summer Session should contact Scholarships and Student Finance for provincial/territorial student loan eligibility.

Students registered in Summer Session should consult the Summer Session Calendar online at www.uleth.ca/summersession for details regarding the course withdrawal procedure (see Academic Regulations at www.uleth.ca/summersession/arg.html) and related deadline dates (see Academic Schedule & Deadlines at www.uleth.ca/summersession/ded.html).

3. Students who drop from full-time to part-time status do not receive the same privileges as full-time students at the University. Furthermore, students
who are accessing government student loans and drop to part-time status will be financially penalized if they have loans for the semester in which they are dropping to part-time and existing government loans may go into repayment early.

e. Course Withdrawal

1. W - Individual Course Withdrawal
   Students are awarded a ‘W’ designation for any course from which they choose to withdraw after the first Add/Drop period and before the ninth week of a Fall or Spring Semester, provided the student remains registered in one or more courses. Withdrawal deadlines for Summer Session vary and may be found in the Academic Schedule (p. 17). Students may be entitled to a pro-rated refund for courses from which they have withdrawn.

2. WC - Withdrawal with Cause
   The designation ‘WC’ is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student which makes continuation in a course impossible and where an ‘Incomplete’ designation is not in order. For admitted students, the ‘WC’ is recorded only on application to the Faculty/School Advising Office. For Open Studies Students, the ‘WC’ is recorded upon application to the Associate Registrar. A student may apply for a ‘WC’ after Add/Drop, up to and including the last day of classes (see Section 8.b “Withdrawals” in Part 3 - Fees, p. 62).

9. APPEAL OF REGISTRATION

Students dissatisfied with decisions regarding registrations are entitled to a review by the Associate Registrar. If still dissatisfied after this review, the student may address a written appeal to the Associate Vice President (Student Services) and Registrar who renders the final decision on behalf of the Registrar’s Office and Student Services (ROSS). Students who wish to appeal decisions regarding retroactive adjustments to registrations shall have one full year from the last day of the add/drop of the semester or summer session during which the course(s) in question were registered.

b. **Withdrawals**

The Students' Union Health Plan is $30 and Dental Plan cost is $73, both for eight months coverage, for the Spring Semester for full time students admitted in the Spring semester. Contact the Students' Union Office for information on opt-out procedures or refer to the "General Services" section in the Calendar for more information.

A non-refundable Confirmation of Admission deposit of $80.00 (for undergraduate students) must be paid to the Cash Office for newly admitted and readmitted undergraduate students. No arrangements whatsoever will be made for this deposit, nor will student loan forms be accepted in lieu of the required deposit.

Past due accounts are charged simple interest set at the Bank prime lending rate plus 5% per annum. Interest is calculated and added to the balance owing at the end of the first working day each month.

1. ADVICE AND INFORMATION
A student may obtain further information about academic regulations from the Faculty/School in which that student is registered. It is the responsibility of each student to be familiar with the academic regulations.

2. STUDENT COMPUTER LITERACY
Effective May 1, 1995, instruction at the University of Lethbridge is designed and scheduled around the assumption that every student has ready access to a computer and printer. The University provides access to computers for scheduled instruction and negotiates site licenses for software to minimize costs and facilitate the delivery of support services, but it cannot provide unlimited access for individual study and for the preparation of assignments and essays. Computer literacy is an essential skill for most professionals and buying a computer, although expensive, is a wise investment for a student undertaking university studies.

The University, with the assistance of the Department of Information Technology, has developed guidelines to assist students considering the purchase of a computer. As technology changes very quickly and advice is subject to immediate change, students are encouraged to consult the University’s website (www.uleth.ca/notice) and contact the IT Solutions Centre in the Department of Information Technology (E610; phone: 403-329-2490). For a complete list of Information Technology services at the University of Lethbridge, see Part 16 - General Services, Section 16. Information Technology (p. 549) for up-to-date information on equipment and available computer service and assistance to students on campus.

3. ACADEMIC REGULATIONS
All students are bound by the academic regulations contained in the most current Calendar; regardless of the Calendar they are following for program requirements.

a. Grading
An instructor bears full responsibility for evaluating the academic performance of students.

An instructor must indicate at the beginning of each course, in writing, the detailed manner by which work will be evaluated and the final grades derived and, upon request, communicate to students an estimation of their levels of performance by the end of the eighth week of the semester. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Each Faculty/School has an examination policy which will be explained by the instructor and is available at the Faculty/School Office and in the Registrar’s Office and Student Services (ROSS) (SU140).

Final grades are determined in accordance with the grading system described in this Calendar. All grades for courses and Independent Studies are submitted to the Office of the Dean of the Faculty/School offering a course by the date set at the end of each session. Except when a Course Incomplete has been approved by both the instructor and the Dean, there is no provision for the late submission, revision or evaluation of students’ work or the late submission of grades.

1. Grading System
Effective May 1, 2002, the University of Lethbridge and other Alberta universities adopted a common 4-point grading system. The common grading system closely resembles the grading system that became effective on September 1, 1988, when pluses and minuses were introduced into the original University of Lethbridge grading system. All three University of Lethbridge systems are described in the table on page 73.

Under all three systems, the overall academic performance of a student is expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the grade point average is determined in the same way. No attempt will be made at differential weighting of the three systems.

The grade point average achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Example:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
<th>Weighting Factor</th>
<th>Total Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
<td>3.00</td>
<td>12.00</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
<td>3.00</td>
<td>9.00</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
<td>3.00</td>
<td>6.00</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
<td>3.00</td>
<td>3.00</td>
</tr>
</tbody>
</table>

The total Grade Points divided by the total Weighting Factor = the Grade Point Average (GPA).

2. Grade Point Average in the University of Lethbridge Record

The current grade point average is printed on the official transcript. The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is the average of all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). The cumulative GPA is calculated but does not appear on the official transcript.

Other types of GPA calculations:

Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades hidden by the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations.
Additional GPA calculations include Academic Standing GPA, Admission GPA, Awards GPA, Faculty GPA, Major GPA, Prerequisite GPA, Program GPA and Residence GPA. Note that these calculations are defined by the unit which uses the GPA.

There are certain courses which are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the first attempt for a repeated course; and courses in which there are non-grade designations such Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a 'P' or 'Pass' is not included in the calculation of the current or cumulative GPA, but an 'F' or 'Fail' is included in the GPA calculation.

**AI - Administrative Incomplete**

The designation of 'AI' is recorded at the time all grades are released for a given term by the Registrar, if the grade assigned by the instructor of a completed course has not been received by the deadline. The 'AI' is replaced by the letter grade as soon as it is received. The 'AI' designation is temporary, must be replaced by a grade as soon as possible and may not be used in lieu of an Incomplete designation.

**AU - Audit**

The non-grade AU designation is awarded in the case where a student has been granted permission by an instructor to audit a course. The course appears on the transcript as 'AU' (Part 2 - Registration, Section 3.e., p. 54).

**I - Incomplete**

The designation of 'I' is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a semester. The 'I' designation is awarded only on application to and approval of both the instructor and the appropriate Dean and such application is not entertained until the last two weeks of classes. When the 'I' is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an 'F' in the course.

The 'I' designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an 'F' except where circumstances continue to prevent the completion of the course, in which case the 'I' designation remains on the transcript.

An 'I' designation assigned in an Education Field Experience course has a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

**W - Withdrawal**

A designation of 'W' may be recorded at any time after the Add/Drop period, up to last day of classes. The 'W' designation shall be awarded only upon formal application by the student or his/her agent to the Registrar in writing. Students are responsible for ensuring that the Registrar’s Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar’s Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

**WC - Withdrawal with Cause**

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on
application to the Faculty/School Advising Office. For Open Studies Students, the ‘WC’ is recorded upon application to the Associate Registrar. 

Prior to readmission, students who are granted a complete “Withdrawal with Cause” may be requested to provide evidence that the conditions which led to the complete withdrawal (WC) have been identified and addressed. Coordination among units, including Academic Advising, Counselling Services, and Admissions must take place.

**X - Continuing**

Used only for courses which may extend beyond one semester. Eligible courses are designated by the Faculty or School offering the course. Signifies that a grade will be awarded at the conclusion of the course and will replace the ‘X’ on the student’s transcript.

**X - Permanent**

Used for placeholder courses to indicate that the student is active in the program but is not taking courses in a given term or is taking credit courses at another institution, under the appropriate authorization. Also used in an Undergraduate Thesis Course (4995) when a student elects to complete the course over two semesters. This grade designation is assigned to the first semester.

**Cr/NC - Credit/Non-Credit**

A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies Students.

For completion of course requirements with a grade of ‘C’ or higher, the grade earned appears on the transcript automatically. If a grade between ‘C-’ and ‘D’ (inclusive) is earned, a ‘Cr’ appears on the transcript. If a grade of ‘F’ is earned, an ‘NC’ appears on the transcript.

Students may designate courses as Credit/Non-Credit according to the following limits:

- All single and combined degrees programs:
  - No transfer credit: 4
  - 1.5 - 30.0 transfer credit hour equivalents: 4
  - 31.5 - 60.0 transfer credit hour equivalents: 3

- All post-diploma programs, with or without transfer credit: 2

- All post-diploma combined degrees programs, with or without transfer credit: 3

- All certificate programs, with or without transfer credit: 1

- All second degree programs, with or without transfer credit: 2

A student is further limited in the number of Credit/Non-Credit designations made per term. In the Fall and Spring Semesters, a student may elect Credit/Non-Credit in a maximum of two courses. In Summer Session, a student may elect Credit/Non-Credit in a maximum of one course per session. Once a course is designated Credit/Non-Credit, it counts toward the maximum, irrespective of the outcome.

The Credit/Non-Credit alternative may not be elected in courses constituting the student’s major, specialization or minor, required courses in Education and specifically-required, pre-Management courses. Education students may elect a maximum of three Education courses as Credit/Non-Credit. For the purpose of this regulation, Management courses are regarded as major for the B.Mgt. degree. Nursing courses are regarded as major for the B.N. degree. Public Health and Health Sciences courses are regarded as major for the B.H.Sc. (Public Health major) program, and Health Sciences courses are regarded as major for the B.H.Sc. (Addictions Counselling major) program.

No courses carrying a ‘Credit’ designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. Faculties/Schools may allow substitutions for designated courses at their discretion, but must consider the records of such students as deficient.

**Note:** Credit (Cr) designations are often counted by other institutions as equivalent to ‘D’ grades. Non-Credit (NC) designations are often counted by other institutions as equivalent to ‘F’ grades. Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools, should consider this carefully before electing this option.

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

**P - Pass/Fail Courses**

Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation ‘P’ or the grade ‘F’.

The designation ‘P’ indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation ‘P’, the course is not included in computation of the grade point average; when the student is awarded ‘F’, the course is included in computation of the grade point average.

**Note:** Students in pre-professional transfer programs are advised that some institutions do not recognize courses for which grades are not assigned. The designation ‘P’ is not considered to be a grade.

b. Repeat of a Course

At the University of Lethbridge, a student may repeat a course previously taken.

A grade may be improved by completing either the course or its equivalent.

- Students wanting to improve their grade in an Independent Study, Series, or Topics course must repeat the section with the identical title.

- Courses that are equivalent are denoted with an ‘Equivalent’ course element in the course description and include courses that have been renamed or renumbered, and topics or series courses that have been regularized.

If a student repeats a course, the grade for each attempt is recorded on the transcript, but only the grade and credit hours for the most recent attempt are computed in the GPA.
e. Academic Standards

1. Student in Good Standing

To be in good standing, a student must maintain the following minimum cumulative grade point average:

<table>
<thead>
<tr>
<th>Number of completed courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>1.70</td>
</tr>
<tr>
<td>11-20</td>
<td>1.85</td>
</tr>
<tr>
<td>21-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students should be aware that some Faculties/Schools require higher levels of performance in certain courses or semesters. Students are referred to detailed statements by Faculties/Schools in relevant Parts of this Calendar.

2. Probationary Student

If the cumulative grade point average falls below the required levels, the student is placed on academic probation and is subject to program restrictions.

In some cases a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

3. Required Withdrawal From the University

Students may be required to withdraw on three academic grounds: (1) academic indices, (2) consecutive semesters on probation or (3) failure to meet the terms of Conjoint Admission.

Students shall be required to withdraw for academic reasons from University of Lethbridge programs only following the Spring Semester:

a. Required Withdrawal - Academic Indices

Students who have completed six courses and whose cumulative grade point average, at the end of the Spring Semester, falls below the following indices are required to withdraw from the University:

<table>
<thead>
<tr>
<th>Number of completed courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-10</td>
<td>1.50</td>
</tr>
<tr>
<td>11-20</td>
<td>1.70</td>
</tr>
<tr>
<td>21-30</td>
<td>1.85</td>
</tr>
<tr>
<td>31-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

b. Required Withdrawal - Semesters on Probation

Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

c. Required Withdrawal - Terms of Conditional English Proficiency Admission

Students admitted under the Conditional English Proficiency provision must:

- Successfully complete each level of EAP in no more than two attempts, and
- Maintain continuous registration in EAP during Fall, Spring and Summer semesters until the ELP requirement is satisfied.

Students who fail to meet these conditions will be required to withdraw from the University.
### ACADEMIC REGULATIONS

#### g. Residence Requirements and Time Limits

The University of Lethbridge's residence requirements and time limits for completion of credentials are listed in the table on pages 78-79. Please note the following for the last three columns of the table:

**Column A: Residence Requirement**

A student who is a candidate for a degree, diploma or certificate must satisfy the minimum residence requirement through successful completion of University of Lethbridge courses. A single course, as listed in this table, is the equivalent of 3.0 credit hours.

**Column B: Time Limit for Retention of Individual Course Credit**

Many courses have a defined 'shelf life.' A course may be used to meet program requirements for a specific number of years. After that point, credit for that course is not retained.

**Column C: Time Limit for Program Completion**

A student who is a candidate for a degree, diploma or certificate must satisfy all program requirements within the time limit established by the Faculty/School administering that program.

**Notes for the table:**

4. GRADE APPEAL POLICY

a. Definition
Grade appeals deal with claims that a student’s course grade has been improperly determined. Student appeals will be directed to the Dean of the Faculty/School in which the course is taught.

In this Policy, ‘instructor’ shall indicate instructor/supervisor, and ‘Faculty’ shall indicate Faculty/School.

b. Faculty and School Appeals
1. The student is not required to inform the instructor(s) of an intention to appeal, but, before initiating a grade appeal, the student must have discussed the grade and how it was determined with the instructor(s). If the Dean of the Faculty is satisfied that the instructor(s) was not available for this discussion, the Dean shall allow the appeal to proceed without it.
2. All grade appeals must be initiated by completion of a Grade Appeal Form, which must be received and signed by the Dean by the following dates immediately following completion of the course: Fall Semester courses - February 7; Spring Semester courses - June 7; Summer Session courses - October 7.
3. The Grade Appeal Form must explain why the student believes that the grade was improperly determined. The Dean’s signature on the Grade Appeal Form indicates that the student has discussed the merits of the grade appeal with the Dean, who is also charged with explaining the procedures connected with the grade appeal.
4. The Dean shall immediately forward the appeal to the Faculty Grade Appeal Chair and send signed copies of the Grade Appeal Form to both the instructor(s) and the student.
5. The Chair shall immediately request both instructor(s) and student to submit any relevant documentation pertaining to the appeal, and indicate in writing the name of the Faculty member or student agreeing to serve on the Grade Appeal Committee.
6. The instructor(s) and student must each submit relevant documentation and the names of those willing to serve on the Committee no later than 14 days after the Chair’s request, after which period the Dean may act on behalf of either the instructor(s) or the student.
7. The Faculty Grade Appeal Committee shall reach a decision no later than 30 days following the striking of the Committee.
8. The Chair of the Faculty Grade Appeal Committee shall deposit the file relating to an appeal with the Dean within 10 days following an appeal decision by the Committee. The Dean shall immediately notify in writing the instructor(s) and student of the Committee's decision.

b. Appeals to General Faculties Council (GFC)
1. Either the student or the instructor(s) may appeal the decision of a Faculty Grade Appeal Committee to General Faculties Council. The appeal must be submitted to the Secretary of General Faculties Council no later than 30 days after the decision of the Faculty Grade Appeal Committee has been mailed.
2. The General Faculties Council shall reach a decision regarding the appeal no later than 30 days after the date that the appeal was received by the Secretary of General Faculties Council.
3. The authority of General Faculties Council regarding grade appeals shall be delegated to the GFC Grade Appeal Committee, appointed by General Faculties Council. The GFC Grade Appeal Committee shall consist of three Faculty members from at least two Faculties who have previously chaired Faculty Grade Appeal Committees or who have comparable experience. Appointments to the GFC Grade Appeal Committee shall be for three years, staggered to provide continuity. The GFC Grade Appeal Committee shall determine its own procedures and appoint its own Chair.
4. The Chair of the GFC Grade Appeal Committee shall deposit the file relating to an appeal with the appropriate Dean, with a copy to the Secretary of General Faculties Council, within 10 days of the decision of the Committee regarding the appeal. The Secretary of General Faculties Council will communicate immediately in writing the decision of the Grade Appeal Committee to the student, instructor(s), Dean(s), Registrar and the Department.

d. Committee Procedure
(Faculty Grade Appeal Committee and Grade Appeal Committee of General Faculties Council)
1. The Grade Appeal Committee shall determine its own procedures. That said, it is understood that the instructor(s) and the student shall have opportunity to make presentations to the Committee in writing, orally or both. Both the instructor(s) and the student shall have the right to cross examine any persons who have been asked by the Committee to speak. Written submissions shall be shared.
2. Decisions of a Grade Appeal Committee shall be made by a majority vote.
3. In the case of the Faculty Grade Appeal Committee, no member of the Committee shall act as an advocate for either the student or the instructor(s) or otherwise act as a representative of some factional interest. Should the Chair of the Committee believe that the deliberations of the Committee suffer from a lack of objectivity on the part of one or more of its members, the Chair shall so inform the Dean. Following such information from the Committee Chair, the Dean may withdraw...

5. STUDENT DISCIPLINE POLICY - ACADEMIC OFFENCES
   a. Introduction
   The integrity of the University and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student relationship, as well as the integrity of the evaluation process. Conduct by any student that adversely affects this relationship or process represents an academic offence. The following describes the principal academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

   b. Plagiarism
   No student shall represent the words, ideas, images, or data of another person as his or her own. This regulation will affect any academic assignment or other component of any course or program of study, whether the plagiarized material constitutes a part or the entirety of the work submitted.

   c. Cheating
   1. In the course of an examination, no student shall obtain or attempt to obtain information from another student or other unauthorized source, or give or attempt to give information to another student, or knowingly possess, use or attempt to use any unauthorized material.

   d. Duplication
   No student shall submit in any course or program of study, without both the knowledge and approval of the person or persons to whom it is submitted, all or a substantial portion of any academic assignment for which credit has previously been obtained or which has been or is being submitted in another course or program of study in the University or elsewhere. (This clause is not intended to prevent the integration of learning but, rather, to prevent duplication of credit for a body of work.)

   e. Confidential Materials
   It is an offence knowingly to procure, distribute or receive any confidential academic material such as pending examinations or laboratory notebooks.

   f. Misrepresentation
   It is an offence knowingly to misrepresent material facts to another for the purpose of obtaining academic advantage or credit. One example of this offence occurs whenever a student submits in any course or program of study any academic assignment containing a statement known by the student to be false or a fabricated reference to non-existent sources or documents.

   g. Other Offences
   1. Any other conduct by a student which adversely affects the integrity of the instructor-student relationship and/or the evaluation process will be considered an academic offence.
   2. Faculties and Schools may define and must publicize any other academic offences specific to a given program, together with attendant penalties. A statement of such offences and penalties must be approved by the General Faculties Council.

   h. Discipline Procedures
   In this Policy, ‘instructor’ shall indicate instructor/supervisor.
   Any member of the University community who believes that a student has violated academic regulations may initiate proceedings against the student.

   1. An instructor who believes that a student has committed an academic offence should proceed according to Section i. Procedures and Penalties section below.
   2. Any other person who believes that a student has committed an academic offence should communicate to the instructor of the affected course the particulars of the time and place and provide a brief summary of the alleged misconduct. Where the alleged academic offence does not involve a specific course, the allegation of misconduct should be directed to the Dean of the program in which the student is registered.
i. Procedures and Penalties
   
   1. The instructor must review the alleged offence with the student and shall advise the student to refer to the Discipline Policy.
   
   2. Where the instructor has reason to believe that an offence has been committed, he/she must impose a written reprimand in which a summary of both the offence and additional penalty, if any, is included. Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained. In addition to the reprimand, the instructor may impose one or more of the following additional penalties:
      a. Additional work.
      b. Grade reduction in or rejection of the assignment.
      c. Grade reduction in the course.
      d. A grade of ‘F’ in the course. If a student is given a grade of ‘F’, then the student is no longer registered in that offering of the course and no longer has classroom privileges (see Part 2 - Registration). Should a student elect to appeal this penalty, the student will remain registered until the appeal is decided. See Section j. below for information regarding the appeal process.

   The instructor shall forward a copy of the written reprimand to the Dean for inclusion in the student’s file in the Registrar’s Office and Student Services (ROSS). The Registrar shall inform the Dean if there is a previous reprimand in the student’s file.

   At the discretion of the Dean, a student with a previous academic offence on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate academic behaviour and could include penalties ranging from a recommendation of a grade reduction to suspension or expulsion. The Dean may refer such a case to the GFC Discipline Committee when a penalty listed above has been applied. The Dean has the option of referring a case to the GFC Discipline Committee, even in cases where there is no appeal by the student.

j. Appeals of an Instructor’s Decision

   Within seven working days of receipt of the written statement described immediately above, the student may challenge either the accusation of having committed an offence or the penalty imposed by an instructor for an offence by submitting a written appeal to the Dean. The Dean shall review the case and either uphold the instructor’s decision, reduce the penalty, or dismiss the case. The Dean shall inform the student and instructor in writing of this decision. If an allegation of an academic offence is dismissed, the written notice in the student’s file shall be destroyed. The Dean’s decision regarding the appeal of the instructor’s decision shall be final.

k. Severe Penalties - Suspension and Expulsion

   Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See Section l. Suspension/Expulsion below.

l. Suspension/Expulsion

   1. Suspension

   Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards and requirements applicable at the time of reapplication.

   2. Expulsion

   Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Vice-President (Academic) in consultation with the Dean of the program from which the student was expelled. Such approval shall not normally be given before the expiry of three years.

   3. Procedures

      a. If the instructor considers that the case requires suspension or expulsion, he/she shall make such recommendation in writing to the Dean, outlining the particulars of the case, with a copy to the student. The instructor shall advise the student to seek advice from his/her Faculty Advisor and/or the Associate Vice-President (Student Services) and Registrar.

      b. If the Dean considers that suspension or expulsion is in order, he/she shall so notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.

      c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, the student shall receive a grade of ‘Incomplete’ for the course in which the charge was laid. This includes the time until an appeal has been heard. A student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.

      d. In the event that the decision affects the graduation status of the student, the decision regarding the offence shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

m. Discipline Committee

   1. Composition

   The Discipline Committee shall consist of the Vice-President (Academic) (or designate) as Chair, two Faculty members appointed for two-year staggered
terms by the General Faculties Council and two
student members recommended by the Students’
Union and approved by the General Faculties
Council. One alternate Faculty member and one
alternate student member shall also be appointed
and will be invited to serve in the event that
Committee members are unable to do so. The
alternate Faculty member will normally become a full
Committee member for two subsequent years.

2. Quorum
A quorum shall consist of four, to include the Chair
plus a minimum of one Faculty and one student
member.

3. Conflict-of-Interest
To encourage impartiality, Committee members
shall not serve during investigations of students with
whom they have familial or other close associations.
Faculty members shall not serve during
investigations of students currently taking courses
taught by that Faculty member.
The Chair shall rule on the eligibility of Committee
members in cases regarding potential conflict-of-
interest.

4. Procedures
The Discipline Committee shall set its own
procedures for investigation, subject to the following
guidelines:
a. The Chair shall inform the student in writing of
the academic regulation which is alleged to have
been violated and the possibility of suspension or
expulsion. The student shall be informed (by
Registered Mail), at least 14 days prior to the
date of the hearing, of the date, time and place
of the hearing and notified that if the student
does not appear, the Committee may hear the
case in the student’s absence.
b. The student may be accompanied by an advisor,
or represented by a designate, who may speak
on the student’s behalf and/or the student may
submit a written statement.
c. The Chair shall notify the Dean and the
instructor who lodged the original complaint, of
the date, time and place of the hearing,
together with a copy of any written submission
from the student and shall request the Dean’s/
instructor’s attendance at the hearing.
d. The student, his/her advisor or designate and
the Dean/instructor shall have the right to
cross-examine any persons who have been
asked by the Committee to speak and may call
forward witnesses or other persons.
e. The hearing shall be in camera. A confidential
record of the hearing shall be kept.

5. Decision of the Discipline Committee
At the conclusion of the hearing, the Discipline
Committee shall decide by majority vote whether
suspension, expulsion or a lesser penalty is
warranted. The Committee shall take into
consideration the disciplinary record of the student.
The Discipline Committee shall prepare a brief
summary of the evidence and arguments presented,
the decision of the Committee and the rationale for
the Committee’s decision. This document shall be
signed and delivered within seven days of the
conclusion of the hearing to the University
President, who shall communicate the same to the
student.

If the student is to be suspended or expelled, the
date of implementation shall be sent by Registered
Mail. A copy of the Discipline Committee’s report
shall be placed in the student’s file in the Registrar’s
Office and Student Services (ROSS) and a copy shall
be sent to the Dean. A notation concerning
suspension or expulsion shall be placed on the
student’s transcript.

j. Suspension/Expulsion

1. Suspension

Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards applicable at the time of reapplication.

2. Expulsion

Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Vice-President (Academic) in consultation with the Associate Vice-President (Student Services) and Registrar. Such approval shall not normally be given before the expiry of three years.

3. Procedures Governing Suspension/Expulsion

a. If the Dean or University Librarian considers that the case requires suspension/expulsion, he/she shall make such recommendation in writing to the Associate Vice-President (Student Services) and Registrar, outlining the particulars of the case, with a copy to the student. Should the Director, Security & Parking consider that the case requires suspension/expulsion, he/she shall consult with the Dean of the program in which the student is registered and they shall jointly make such a recommendation.

b. If the Associate Vice-President (Student Services) and Registrar considers that suspension/expulsion is in order, the Associate Vice-President (Student Services) and Registrar shall notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.

c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, a student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.

d. In the event that a decision affects graduation, the decision shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

See Section 5.1. Discipline Committee on p. 81.

k. Referral to Civil Authorities

The University reserves the right to notify or summon the appropriate civil authority in any individual matter regarding non-academic offences. The University President or designate is the sole official who may summon the civil authority in the name of the University.

Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any student’s registration in a course, an undergraduate studies program, or graduate studies program at the University of Lethbridge and prohibit the student from accessing University property at any time.

b. The powers of the President to rescind a student’s registration and prohibit access to University property may be exercised in any circumstance where the President in his/her sole discretion determines that:

1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration;
2. The best interests of the University outweigh the inclusion of the individual at the University.

The President shall not take such action without first consulting with the Vice-President (Academic) and the Vice-President (Administration). The Coordinator of Counselling Services and the Director, Security & Parking may also be consulted.

d. Any decision made by the President to rescind a student’s registration privileges and prohibit access to University property shall be final and without appeal to any body in the University of Lethbridge.
e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of registration privileges/prohibition of access to university property have been addressed.

8. **APEAL OF APPLICATION OF POLICY OTHER THAN GRADE OR STUDENT DISCIPLINE**

Students dissatisfied with the application of an academic policy or regulation to their own status are entitled to a review by the Dean of the Faculty in which they are registered. If still dissatisfied after this review, the student may address a written appeal to the Dean who renders the final decision on behalf of the Faculty. A student may appeal a decision on behalf of the Faculty to the General Faculties Council.

Students shall have one year from the date of application of an academic policy or regulation other than grade or student discipline to appeal.

9. **EXAMINATION POLICY AND PROCEDURES**

Examinations are an important part of a university education. They provide an opportunity for instructors to determine what students have learned and for students to assess their understanding of course material. Examinations encourage a comprehensive review of the material covered in a course. Finally, they are a key component in the grades assigned to students as a measure of their academic success and preparation for more advanced study.

This Examination Policy provides procedures for the conduct of examinations and for the transmission of grades. However, no policy can cover all eventualities. It is understood that this Policy must be interpreted humanely and sensitively.

For exceptions to this Policy, contact the Dean of the appropriate Faculty or School.

a. **Definitions**

1. ‘Examinations’ shall mean all written and oral tests or quizzes (regular or make-up, scheduled or unscheduled) used to determine final grades for students in regularly scheduled class sessions held during a semester course or Summer Session.

2. ‘Take-Home Examinations/Projects’ shall mean any non-invigilated written examinations or projects completed outside of regularly scheduled classes or examining times which are used to determine final grades for students during a semester course or Summer Session.

3. ‘Final Examinations’ shall mean end-of-semester or end-of-Summer Session examinations, scheduled for a certain time and place by the Registrar, used to determine final grades for students in a course, and shall also mean Take-Home Examinations used as Final Examinations.

4. ‘Other Graded Work’ shall include all Independent Studies, term papers, essays, assignments, reports, projects or presentations, written or oral, used to determine final grades for students during a semester course or Summer Session.

5. ‘Instructor’ shall mean any person, subject to the overall policies of a Faculty or School, designated as having responsibility for the evaluation of students registered in a course.

b. **Course Outline: Grading System, Weights and Dates, Missed Examinations**

1. A course outline shall be distributed by every instructor to all students in the first class meeting of the course, and shall be available on request to all students who join the class at a later date. Changes made to the course outline should not disadvantage any student and should not materially change the course. The course outline shall include the following:

a. Weights (proportions or percentages of the total) of all Examinations, Final Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades and how these weighted grades are calculated to determine final grades.

b. Due dates, approximate due dates or approximate frequency of Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades; and what effect, if any, missed deadlines will have on grades. Examinations and Other Graded Work must be called due no later than the last day of classes.

c. If the instructor wishes the student input into the course design, the outline handed out during the first class must so indicate, and a final outline must be provided by the second week of classes.

2. **Missed Examinations**

a. Students who fail to write Final Examinations for reasons of illness or other extenuating circumstances beyond their control may request the Dean to permit a make-up examination. If the Dean’s permission is granted, it is the responsibility of the instructor to provide and administer the make-up examination.

b. For missed examinations, a grade of ‘F’ must be given for the examination if, without valid reasons, students fail to write Examinations or Final Examinations.

c. **Examinations During the Last Two Weeks of the Fall and Spring Semesters**

During the last two weeks of a semester the only Examinations worth more than 20 percent that may be administered are Laboratory Examinations and assessments of performance (e.g., Physical Activity classes, performances in the Fine Arts and practicums in Education and Health Sciences).

d. **Take-Home Examinations: Distribution, Deadlines**

1. Take-Home Examinations in Fall and Spring semesters must be distributed no later than the last scheduled class of the semester.

3. Take-Home Examinations in a Summer Session must be distributed no later than one week prior to the last week of classes and must be called due on the last day of the exam period.

e. Independent Study: Deadline
Independent Study course requirements must be called due no later than the last day of the examinations period of a semester or Summer Session.

f. Web Grade Entry
Instructors submit final grades online via the Bridge for each class/section for which they are responsible.

g. Grade Designation of 'I'
Except in the case of the Faculty of Education\(^a\), the grade designation of 'I' (Incomplete) is awarded only in case of illness or other extenuating circumstances beyond the control of the student which make it impossible to complete the required course work by the close of a semester or Summer Session. The 'I' designation is awarded only on application to and approval by both the instructor and the Dean of the Faculty or School in which the course is offered. When the 'I' is approved, an appropriate deadline (to a maximum of one year) is determined for completion of outstanding work. Students who do not complete outstanding work by the assigned deadline will normally receive a weighted grade based on work completed, including an 'F' for incomplete work. Where circumstances continue to prevent the completion of the course, the 'I' designation remains on the transcript.

\(^a\) An 'I' designation assigned in an Education Field Experience course may have a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

h. Availability of Instructors
Should instructors not be available during the Grade Appeal Period following the end of a semester/Summer Session, they shall ensure that all Examinations, Final Examinations, Other Graded Work, Take-Home Examinations and all grade sheets, records, tests, written materials and data used to determine final grades are available to the Dean.

i. Final Examination Schedules
Final examinations must be held at the place and time set by the Registrar and shall not exceed three hours.

j. Requests for Rescheduled Final Examinations
Only in extraordinary circumstances may students request to write an equivalent invigilated Final Examination at other than the scheduled time and place. Students must make a written request to the Dean. Upon the Dean's approval, instructors will be authorized to arrange rescheduled Final Examinations (forms available in the Dean's Office).

k. Examination Security and Invigilation
1. The instructor may restrict admission to the examination site prior to the examination. If necessary, arrangements may be made with Security to restrict such admission.

2. Instructors may require all students to sign in before the examination, to sign out after the examination and to register with the instructor the number of examination booklets used. Instructors may also require all students to place their University of Lethbridge identification card or other picture identification on their desks for the duration of the examination. If the instructor is not certain of a student's identity, the student must be allowed to write the examination. The student shall then be referred to the Dean for resolution of the matter.

3. Except in the case of Take-Home Examinations or their equivalents, examinations must be fully invigilated by the instructor or by another academic staff member, preferably one knowledgeable in the subject matter of the examination.

4. Instructors may prescribe or restrict materials which may be taken to the examination site and used during the examination.

5. For security reasons, students may not leave the examination site during the first thirty (30) minutes nor enter after the first thirty (30) minutes.

6. If students must leave the examination site for personal reasons, the instructor shall take reasonable measures to ensure that no materials leave the site and that no restricted materials are brought back to the site.

7. Unless otherwise stipulated by the instructor, each finished examination shall bear the name, signature and identification number of the student.

8. Tape recorders, typewriters or computers may not be used in scheduled examinations without prior approval of the instructor.

I. Graded Work: Ownership, Confidentiality, Handling, Posting Grades

1. All Graded Work Outside Final Examinations
Students have the right to obtain and keep, once the grades have been determined, written materials resulting from Examinations, Other Graded Work and Take-Home Examinations not used as Final Examinations. Written materials shall mean all examination booklets, papers and printed summaries of answer sheets. The instructor may keep machine-graded answer sheets and test questions, but upon arrangement with the instructor, students shall have the right to review these materials.

2. Final Examinations
   a. During the Grade Appeal Period, which extends to February 7 for all Fall courses, to June 7 for all Spring courses and to October 7 for all Summer Session courses, instructors shall keep or return to students all Final Examination materials. Once the grades have been determined and upon arrangement with the instructor, students shall have the right to review these materials.

   b. After the Grade Appeal Period ends, students have the right to obtain and keep written materials resulting from Final Examinations. The instructor may keep test questions, but
Upon arrangement with the instructor, students shall have the right to review them.

3. Receiving, Handling, Returning, and Destroying Graded Work
   a. All reasonable measures shall be taken to ensure confidentiality of both the student's work and the instructor's assessment. Under no circumstances shall any form of graded work be left in an unsupervised public place. Students who want someone else to pick up any form of graded work for them must authorize that person in writing. Students may provide a stamped, self-addressed envelope to the instructor for the return of graded work.
   b. All Examinations, Take-Home Examinations/Projects, Final Examinations, and Other Graded Work, which remain unclaimed after the Grade Appeal Period must be retained for a period of one year after the end of the Fall semester, Spring semester, or Summer Session in question.    In accordance with the University's policy on Confidentiality of Student Records (November 21, 1985), instructors may not post grades unless all precautions are taken to protect student confidentiality. Neither names, nor University of Lethbridge student identification numbers, nor lists of identifiers which retain the original alphabetical order of names on a class list may be used for posting grades.

m. Cheating
   1. If cheating is suspected, instructors may require that the students immediately hand in the examination questions and examination papers or booklet(s) and any other relevant materials, but should also allow the students to continue writing with a fresh copy of the examination questions and new booklet(s) or paper.
   2. In all cases of cheating, the instructor shall follow the procedures outlined in the Student Discipline Policy in the University Calendar.

n. Emergencies: Examinations, Final Examinations
   1. In the event that it proves necessary to evacuate an examination room because of an emergency situation, instructors shall tell students to leave all examination materials behind and supervise the evacuation of the room.
   2. Following the evacuation of an Examination or Final Examination room it is the instructor's prerogative to resume the examination, if this can be done within a reasonable period of time after the evacuation. Extra time (i.e., the time lost) shall be provided to complete the examination. If an examination cannot be resumed safely or fairly after an evacuation, and if, in the judgement of the instructor, the interruption has occurred so early that the results cannot be pro-rated, all examination materials shall be destroyed and the examination shall be rescheduled.
   3. In the event that inclement weather or other conditions require that the University be closed, Final Examinations shall be rescheduled by the Registrar and posted on the Registrar's Bulletin Boards. Whenever possible, postponed Final Examinations shall be rescheduled on the day immediately following the completion of the regular Final Examination schedule.

o. Students with Special Needs
   It is the responsibility of students with special needs, which will affect any examining procedures, to discuss these needs with their instructors. Instructors shall attempt to accommodate reasonable requests in order to evaluate all students fairly. Should instructors or students have any disagreements about the accommodation of any request, the Dean shall decide the matter.

10. OTHER POLICIES
   a. Taping of Lectures
      Lectures and performances given by academic staff members and visiting speakers may be audio or video recorded by students provided prior approval has been granted by the instructor or performer. Permission to record is solely for the purpose of personal study by the student and does not convey any right to duplicate the recording.
   b. Personal Security Policy

b. Language Services

The ICS is responsible for non-credit programs in English as a Second Language and university-level writing.

1. English for Academic Purposes (EAP)

   The English for Academic Purposes (EAP) program is designed for students who are seeking admission into degree programs. Students who successfully complete the Advanced Level of EAP will satisfy the University’s English Language Proficiency (ELP) requirement, for either undergraduate or graduate levels, and will not be required to submit a standardized English language test (e.g., TOEFL, IELTS, or CAEL) score for University of Lethbridge admission.

   Offered in the Fall, Spring, and Summer, the University’s EAP program is designed for students with at least an Intermediate level of ESL as assessed by the EAP program placement exam, which is administered at the start of the program.

   The EAP program is available to Visa students, Permanent Residents and Canadian citizens.

   Fees for the EAP program are outlined in the table below.

2. Alberta Universities’ Writing Competence Test/’Writing for University’

   The ICS also administers the Alberta Universities’ Writing Competence Test (AUWCT) and offers a non-credit course in writing, ‘Writing for University’, in the Fall and Spring semesters. This course is intended to prepare students for writing at the university level.

   For further information, contact the ICS Office (SU040; tel. 403-329-2053, fax 403-382-7140, or email: international@uleth.ca).

I. PHILOSOPHY AND PROGRAMS
The Faculty of Arts and Science offers instruction in the humanities and the natural, social and mathematical sciences. The Faculty of Arts and Science commits itself to the development of well-educated persons in three dimensions of liberal education: the liberal arts, general intellectual background and depth of knowledge, as broadly defined in the sections below:

a. **The Liberal Arts**
   Literacy, the ability to read and interpret texts from diverse media, discourses and genres, and to express oneself in writing.
   Information literacy, the ability to discern when information is needed, and the ability to find, evaluate and use information effectively.
   Oral expression, the ability to listen and understand oral messages, and to express oneself effectively in a wide range of interpersonal contexts.
   Numeracy, the ability to work effectively with quantitative ideas and mathematical relations.
   Critical thinking, the ability to evaluate reasoning systematically and to argue well in support of deserving ideas.
   Integrative thinking, the ability to make connections among diverse and superficially unconnected things.
   Problem solving, the ability to recognize the problematic nature of the world and the ability to address those problems in a rigorous and imaginative way.

b. **General Intellectual Background**
   A sense of historical consciousness; an awareness of events in time and their significance to each other; and the relation of oneself and one’s community within them.
   A wide-ranging grasp of what the sciences tell us about the world in which we live; their methods, limitations, purposes and interactions with the global community and the world.
   Reflection of one’s own values and an openness to change.
   An understanding of, and a respect for, the causes and consequences of cultural, group and interpersonal differences.
   A critical understanding and an appreciation of the creative and aesthetic dimensions of life.
   The ability to comprehend and analyze the many facets of social life.
   An awareness of the body and the physical contexts in which we apprehend reality, and the development of well-being.

c. **Depth of Knowledge**
   A capacity to comprehend the complexity of ideas through sequential, developmental learning in a single subject or discipline.
   The development of the competency to do rigorous independent work in a subject or discipline.
   A critical grasp of the assumptions, arguments, approaches and controversies that have shaped particular claims and findings within a subject or discipline, and an understanding of the connections among disciplines.

At the University of Lethbridge, most first-year students, whatever their educational goals, enter the Faculty of Arts and Science. Students entering the Faculty may begin study for the Bachelor of Arts, Bachelor of Science or Bachelor of Arts and Science degrees; or prepare for later admission to the Bachelor of Education or Bachelor of Management programs. Students may also enrol in a pre-professional transfer program or they may commence University studies without committing themselves initially to a particular program.

Whatever their intentions, all students registered in first degree undergraduate programs in the Faculty fulfill the 12-course General Liberal Education Requirement which must be completed before graduation (except in many post-diploma programs offered by the University of Lethbridge). This feature of the curriculum, which does not specify particular courses but provides a large field of choice, ensures basic familiarity with the different forms of knowledge, subject areas and methods in the Arts and Sciences.

Students may achieve diversity in their programs through Independent Studies, Interdisciplinary Studies and Applied Studies detailed elsewhere in this Part of the Calendar. Students may develop individual multidisciplinary majors, initiate courses in topics of special interest or propose degree programs suited to their own needs. In order to explore unfamiliar subjects without affecting their general academic standing, students may enrol in a limited number of courses on a Credit/Non-Credit basis.

The term ‘course’ in this Calendar Part means a unit of study offered by the Faculty of Arts and Science and normally studied for one semester; equivalent to three credit hours; Music Ensemble and Physical Activity courses count for one-half course credit, equivalent to 1.5 credit hours; Undergraduate Thesis courses count for 6.0 credit hours. The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours). A student on academic probation may not register in more than four courses (12.0 credit hours) in a semester. Students may accelerate their programs by carrying heavier study loads, by attending Summer Sessions or by working at Independent or Applied Studies during the intervals between academic terms. Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

Eight degree programs are offered in the Faculty of Arts and Science: Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), Bachelor of Arts and Science (B.A.Sc.), post-diploma Bachelor of Arts (B.A.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Computer Science, post-diploma Bachelor of Science (B.Sc.) in Environmental Science and post-diploma Bachelor of Science (B.Sc.) in Geography with a Concentration in Geographical Information Science. Details of these degree programs appear in the following pages. Please refer to Section 13 (p. 112) and Part 13 - Combined Degrees for information on Combined Degrees programs that include degrees offered by the Faculty of Arts and Science.
2. ADVISING AND INFORMATION

Academic advising in Arts and Science takes account of the variety of educational goals for which the Faculty wholly or partly provides and affiliates with other student services in the University.

a. Dean of Arts and Science

As well as being the administrative head of the Faculty of Arts and Science, the Dean of Arts and Science has direct responsibility for all academic programs and all years of study in Arts and Science. Appeals and issues of interpretation for students in Arts and Science should be directed to the Office of the Dean of Arts and Science.

b. Academic Advisors

Academic advising for the Faculty of Arts and Science is the responsibility of Academic Advisors, located in the Arts and Science Student Program Services Office, Students' Union Building, Level 0. Students may consult Academic Advisors for assistance with a variety of academic concerns, including program planning, declaration of majors, General Majors, Multidisciplinary Majors, readmission, applications for Incompletes or Withdrawals with Cause, authorized study at another university and pre-professional transfer programs.

c. Department Advisors

Each Arts and Science department and program designates an advisor who knows in detail department courses, prerequisites and course schedules, as well as all aspects of the department's major program. In some departments, the Chair serves as department advisor. Although the minimum requirements for each major program are fully detailed in this Calendar, students should plan their major programs in consultation with the department advisor in order to ensure meeting their own individual aims. These aims may include graduate school or professional school admission and vocational goals. However, department advisors have no authority regarding degree, program or major requirements as set out in this Calendar. For information on such matters, students should consult Academic Advisors.

3. ACADEMIC STANDARDS

For graduation, students must attain a minimum cumulative grade point average of 2.00 on a minimum of 20 courses taken at the University of Lethbridge for credit toward the degree.

a. In Good Standing

To be in good standing, a student must maintain the following minimum cumulative grade point average (GPA):

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>1.70</td>
</tr>
<tr>
<td>11-20</td>
<td>1.85</td>
</tr>
<tr>
<td>21-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 40 courses.

b. Probation

Students whose cumulative grade point average falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a semester.

c. Required Withdrawal - Academic Indices

Students whose cumulative grade point average, at the end of the Spring Semester, falls below the following are required to withdraw from the University:

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-10</td>
<td>1.50</td>
</tr>
<tr>
<td>11-20</td>
<td>1.70</td>
</tr>
<tr>
<td>21-30</td>
<td>1.85</td>
</tr>
<tr>
<td>31-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 30 or 31 to 40 courses.

d. Required Withdrawal - Semesters on Probation

Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

Note: The legislation, as indicated in c. and d., applies both to students registered in the Fall Semester who did not continue in the Spring Semester and to students registered in the Spring Semester. All students' records are reviewed once per year, at the end of the Spring Semester.

e. Readmission after Required Withdrawal

Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Arts and Science upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of "C-" or above, or "P", or "Cr", up to the following limits:

- 40-course (120.0 credit hours) 20 ungraded courses
- 30-course (90.0 credit hours) 15 ungraded courses
- 20-course (60.0 credit hours) 5 ungraded courses

Although credit is retained, the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on academic probation. Students who have received Tabula Rasa and are seeking admission to a Faculty other than Arts and Science are advised to contact that Faculty.
4. INSTITUTIONAL HONOURS
   a. Dean's Honour List
      Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of the Fall and Spring Semesters.
      Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses to qualify.
   b. Standards for Distinction and Great Distinction
      Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees “With Distinction” or “With Great Distinction.”
      Students with an Award GPA of 3.5 to 3.74 are awarded their degree “With Distinction.” Students with an Award GPA of 3.75 or higher are awarded their degree “With Great Distinction.”
      For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Arts and Science determines an Award grade point average by factoring into the University of Lethbridge cumulative grade point average, actual grades on transfer courses, and A+ grades as 4.3 grade points.

5. BACHELOR OF ARTS (B.A.)
   a. General Requirements
      1. Successful completion of at least 40 courses with a grade point average of at least 2.00.
      2. Completion of the General Liberal Education Requirement (see Part 4 - Academic Regulations, Section 11, p. 89).
      3. At least 25 Arts and Science courses not from the list Science Courses (i.e., at least 25 non-science courses).
      4. At least 10 Arts and Science courses from the 3000/4000 series, excluding Activity courses.
      5. Not more than five Independent Study courses may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      6. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      7. Not more than 20 courses may be taken from one department for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

   b. Major Requirements
      1. A major program must be chosen from the following: Anthropology, Art, Dramatic Arts, Economics, English, French, French/German, French/Spanish, Geography, German, History, Kinesiology, Music, Native American Studies, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Women’s Studies, a General Major in the Humanities, a General Major in the Social Sciences, an approved multidisciplinary major in Agricultural Studies, Archaeology and Geography, Canadian Studies or Urban and Regional Studies, or an individual multidisciplinary major program.
      2. All specific requirements for a chosen major must be fulfilled. The specific requirements for each disciplinary major program are set out elsewhere in this Part.
      3. Not more than 20 courses from one discipline may be counted toward a major program (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      4. A multidisciplinary major requires no fewer than 20 courses and no more than 25 courses. An individual multidisciplinary major requires 20 courses.
      5. At least half the courses required in the major must be completed at the University of Lethbridge.
      For the specific requirements for multidisciplinary major programs, see the Program Coordinators.
   c. ‘Honours Thesis’ Designation
      In some disciplines, qualified students in the Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science programs may elect to complete an undergraduate thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course in a single discipline or multidisciplinary major are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment.
Undergraduate thesis courses are numbered 4995. (See Part 14 - Courses for details on approved courses.)

1. Prerequisites
   Prospective ‘Honours Thesis’ candidates must meet the following prerequisites:
   a. Fourth-year standing (a minimum of 90.0 credit hours).
   b. A cumulative GPA of 3.30 (or higher if the Department/Unit requires).
   c. Any further prerequisite(s) as determined by the Department/Unit and appearing in the Calendar under the undergraduate course listing. (See Part 14 - Courses).

2. Supervisory Committee
   For each prospective ‘Honours Thesis’ candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the Department offering the undergraduate thesis course, will consist of the Thesis Supervisor from the Department and a minimum of one other reader, who may be from outside the Department.
   **Note:** For majors not housed in a Department, the Supervisory Committee composition shall be proposed by the Program Coordinator, subject to endorsement by the Dean.

3. Initial Approval
   a. The prospective student must present a Thesis Proposal to be approved by the Supervisory Committee prior to registration for the course.
   b. The Supervisory Committee will establish at the outset the weighting of the written and oral components of the thesis, as well as the procedure for determining the final grade.
   c. Subsequent changes to the approved Thesis Proposal must be approved by the Supervisory Committee.
   d. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
   e. Admission to the course is achieved through approval of the Supervisory Committee and the Department, or Program Coordinator, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
   f. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given Fall/Spring Semester or Summer Session.

4. Final Assessment
   The final assessment for the undergraduate thesis is based on two criteria:
   a. Written Component
      1. The undergraduate thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the Supervisory Committee prior to registration in the course.
   b. Oral Component
      The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student’s competence in oral communication and not necessarily an oral defence of the thesis, unless so specified by the Department.

5. Eligibility for ‘Honours Thesis’ Designation
   Students are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment only if they achieve a minimum grade of ‘B+’ (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between ‘D’ and ‘B’, inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the ‘Honours Thesis’ designation.

   Inquiries about the availability of the ‘Honours Thesis’ option should be directed to the respective Department/Unit. Please refer to Part 4 - Academic Regulations, Section 3.e, p. 76 for more information on the ‘Honours Thesis’ designation.

   **Note:** The ‘Honours Thesis’ designation is not available for Bachelor of Science programs, Post-Diploma programs or the B.A., B.Sc., or B.ASc. as a second degree.

6. BACHELOR OF SCIENCE (B.Sc.)
   a. General Requirements
      1. Successful completion of at least 40 courses with a grade point average of at least 2.00.
      2. Completion of the General Liberal Education Requirement (see Part 4 - Academic Regulations, Section 11, p. 89).
      3. At least 25 Arts and Science courses from the list Science Courses.
      4. At least 10 Arts and Science courses from the 3000/4000 series, excluding Activity courses.
      5. Not more than five Independent Study courses may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      6. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

13. COMBINED DEGREES
There are combined 50-course programs leading to the degrees B.A./B.Ed. and B.Sc./B.Ed., and the degrees B.A./B.Mgt. and B.Sc./B.Mgt. Upon successful completion of the program the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science and the degree B.Ed. from the Faculty of Education or the degree B.Mgt. from the Faculty of Management. Initially, students are registered in the Faculty of Arts and Science. Neither degree is granted until the entire Combined Degrees program is completed. See Part 13 - Combined Degrees, for complete information.

14. B.A., B.Sc. or BASc. AFTER AN APPROVED DEGREE
An approved degree is a baccalaureate degree with 30 or more course equivalents from a recognized institution, Canadian or International. At least ten of the courses (30.0 credit hours) must be Arts and Science courses completed with a minimum grade of ‘C’. (See Part 1 - Admission, 3.b.5., p. 36.)

Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean.

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. Exceptions may be made at the discretion of the Dean in the case of international students seeking North American credentials. The decision of the Faculty of Arts and Science will be final in these matters. This program is primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

Requirements:
A student may complete the B.A., B.Sc. or BASc. after an approved degree by meeting the following requirements:

a. Residence Requirement: 20 courses taken at the University of Lethbridge after admission to the second degree program.

b. Approval: The entire program must be approved in advance by the Dean.

c. Total Program: A minimum of 20 courses after admission to the second degree program. No courses taken outside the Faculty of Arts and Science may count as part of this program.

d. Academic Standards: A cumulative grade point average of at least 2.00 must be maintained at all times.

e. Credit earned towards a previous degree may not be used toward the second Bachelor’s degree.

f. General Liberal Education Requirement: six courses, two from each of List I, List II, and List III (see Part 4 - Academic Regulations, Section 11, p. 89).

g. For the B.A. degree, at least 15 courses not from the list Science Courses (see Part 4 - Section 11. General Liberal Education Requirement, Lists I and II, p. 90).

For the B.Sc. degree, at least 15 courses from the list Science courses (see Part 4 - Section 11. General Liberal Education Requirement List III, p. 91).

h. Course level: No courses below the 2000 level, unless required for the major, and a minimum of 10 courses at or above the 3000 level.

i. Independent Study: Not more than three Independent Study courses may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

j. Major Requirements:
1. The major(s) must be declared at the time of program approval.
2. All current requirements for the major(s) must be completed.
3. Students seeking a General Major for a B.A. or B.Sc. after an approved degree, must complete at least 16 courses from one of the Humanities, the Social Sciences or the Science lists. Of these 16 courses, six must be at the 3000 to 4000 level and four must be completed from each of the three disciplines at any level.
4. Credit earned towards a previous degree may not be used toward the second bachelor's degree. However, recognition may be given for the content of such previous work in the major(s). In such cases, students will be required to complete appropriate 3000/4000-level courses in lieu of those for which exemption has been granted. Substitutions must be approved by the Dean, Faculty of Arts and Science, on recommendation from the Department Chair or Program Coordinator.

Note: In some cases, more than 20 courses (60.0 credit hours) may be required to satisfy all second degree and major requirements as specified above.

15. B.A. or B.Sc. AFTER TRANSFER TO A PROFESSIONAL FACULTY

Students who initially complete an approved 30-course program in the Faculty of Arts and Science may attain the University of Lethbridge degree B.A. or B.Sc. after completing degree requirements in Dentistry, Law, Medicine and Social Work in professional faculties elsewhere.

Students completing other professional degrees in combination with the initial 30-course Arts and Science programs may be awarded the B.A. or B.Sc. degree upon approval of the Faculty of Arts and Science.

Students intending to complete the B.A. or B.Sc. requirements in the above manner must have their programs approved by the Dean of Arts and Science by the time they have completed 15 courses.

16. CO-OPERATIVE EDUCATION/INTERNSHIP PROGRAMS

Co-operative Education/Internship Programs are available to students in all majors in the Humanities and Social Sciences in the B.A., Post-Diploma B.A., BASc., B.A./B.Ed. (including pre-B.A./B.Ed.) and B.A./B.Mgt. (including pre-B.A./B.Mgt.) degree programs, and are available to students in all Science majors in the B.Sc., Post-Diploma B.Sc., BASc., B.Sc./B.Ed. (including pre-B.Sc./B.Ed.) and B.Sc./B.Mgt. (including pre-B.Sc./B.Mgt.) degree programs.

Co-operative Education/Internship Programs differ from other forms of education in that they formally integrate a student's academic and career studies on campus with relevant and productive work experience in industry, business or government. The Coordinator, the Faculty of Arts and Science, and the employer share in the enrichment of the student's academic program and in the intellectual, personal, and professional development of the student.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education/Internship Programs (AH154; tel. 403-382-7154; email: artssci.coop@uleth.ca; website: www.uleth.ca/coop/fas).

a. Admission

Students are often able to secure a Co-op placement at the end of their first year. Students are therefore encouraged to contact the Faculty of Arts and Science Co-operative Education Office as soon as possible in their program.

The criteria for admission include:

1. Minimum second-year standing (a minimum of 30.0 credit hours)
2. Grade point average and academic standing
3. Resumé and application form
4. Personal interview
5. Ability to perform in a work setting

Other factors such as labour market conditions, work experience, volunteer experience and extracurricular activities are also considered when selecting participants for the program.

b. Requirements

Students may complete between one and six work terms in one or more placements. Work terms are normally 4 months in length and can begin in January, May, or September each year.

To receive the Co-op designation for the degree students must complete successfully the course, major, and degree requirements for the degree program in addition to a minimum of three work terms:

- Arts and Science 3011 - Co-op Work Experience I
- Arts and Science 3012 - Co-op Work Experience II
- Arts and Science 3013 - Co-op Work Experience III

Students may also opt for the maximum of three additional work terms:

- Arts and Science 3014 - Co-op Work Experience IV
- Arts and Science 3015 - Co-op Work Experience V
- Arts and Science 3016 - Co-op Work Experience VI

Students are also required to complete pre-employment preparation training prior to the first work term.

Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause ('WC'), in accordance with University of Lethbridge policy (see Part 4, Section 3, p. 72). Where approval is granted by the Coordinator of Co-operative Education and the Dean of Arts and Science, a 'WC' will be entered on the transcript. Tuition fees will be assessed as per the University's Withdrawal with Cause policy.

Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs

Students must acknowledge, accept, and abide by the requirements and regulations as outlined in the Calendar and the Co-op student handbook.

d. Transfer of Co-op Terms

For the purpose of fulfilling the Arts and Science Co-operative Education Requirement of three work term courses to earn the Co-op designation, a maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Arts and Science Co-operative Education Office. An approved co-op work term must be registered as a non-academic course on the student's transcript from the sending institution and must have received a passing grade (either a letter grade or 'Pass').
17. APPLIED STUDIES

Applied Studies is a learning option in which students earn academic credit for learning gained through employment or volunteer experience. During the field placement, students explore their interests and aptitudes in a particular career and test, reinforce and make relevant the theories and principles learned in the classroom.

To be eligible for Applied Studies, students must have second-year status (a minimum of 30.0 credit hours) and have a work or volunteer placement related to their academic program. Credit is earned in Applied Studies 2000/2001 for learning achieved in an employment or volunteer experience as documented in a Work Report and other written assignments. Additional credit in Applied Studies 2010/2011 may be earned by completion of a project exploring a job-related issue within a specific academic context.

Disciplinary credit involves submission of a Learning Plan which outlines learning objectives related to the work experience. Evaluation of documentation indicating those objectives which have been realized takes place at the end of the employment experience.

Students may use two different placements to earn a maximum of four courses in Applied Studies and credit for a further six courses may be awarded within specific disciplines.

Disciplinary credit is signified by the series numbers 2980-85, 3980-85, 4980-85.

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-382-7154).

This office also coordinates the Applied Studies program for the Faculty of Education and the Faculty of Management.

18. INDEPENDENT STUDY

Independent Study may be taken for credit inside or outside of the student’s major subject or in an interdisciplinary mode. Some major programs require an Independent Study component. A maximum of five Independent Study courses may count for degree credit. Combined Degrees students may count only three (see Part 4, Section 3.c, Exceeding Course Limits, p. 75). Independent Study numbers 2990, 3990 and 4990 indicate the level of advancement.

Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Independent Study may take a variety of forms including library research, laboratory research projects or field study. Each Department provides detailed information on its available resources for support of Independent Study.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrolment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student’s program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

19. DIVISIONAL COURSE DESIGNATION

For purposes of specific degree and major requirements, courses are designated as science courses or as non-science courses by the Faculty of Arts and Science.

Courses from List III: Science Courses are considered science courses.

Courses from List I: Fine Arts and Humanities Courses and from List II: Social Science Courses are considered non-science courses.

These designations are provided in the lists established for the General Liberal Education Requirement (Part 4 - Academic Regulations, Section 11, p. 89).

Physical Activity courses and Music Ensemble Activity courses are considered non-science courses.

Series, Topics, Applied Studies Disciplinary Credit, Independent Studies, Undergraduate Thesis, and Interdisciplinary Studies courses will be designated as non-Science (Humanities or Social Sciences) or Science courses by the Faculty of Arts and Science when the course offering is approved, in conformity with the division of courses established above. Arts and Science Council has the ultimate authority to determine designation.

The following sections provide information about General Majors, disciplinary majors, multidisciplinary majors and programs of instruction. Further details may be obtained from the Assistant Dean (Curriculum) of Arts and Science, Department Chairs or Program Coordinators.

a. General Majors
   The Faculty of Arts and Science offers General Majors in the areas of Humanities, Social Sciences and Sciences. General Majors are composed of existing courses designated as Humanities, Social Science or Science courses. The main emphasis of the General Major is to provide a broad major that supports an ideal of liberal education without sacrificing focus and depth unduly.

   All students with General Majors are required to see an Academic Advisor at least once a year from declaration of the major to graduation. Students interested in a General Major should contact the Arts and Science Student Program Services Office.

   Regulations regarding General Majors are as follows:

   **General Major in the Humanities**

   1. Major Requirements
      a. Students seeking a General Major in the Humanities must complete at least 20 courses designated as Humanities.
      b. Students must select three disciplinary streams from the following list, and complete a minimum of five courses in each chosen stream:
         - One of Art (including courses in Art History/Museum Studies), Dramatic Arts or Music
         - English - all courses
         - One of French, German or Spanish (Linguistics 2300 may be substituted for one of the courses in the chosen language)

         - Philosophy - all courses designated Humanities
         - Religious Studies - all courses
      c. General majors in the Humanities must complete a course in a language other than English. The language course is counted as part of the 20-course minimum for the major.
      d. Students must complete a minimum of four additional courses chosen from any of the Humanities disciplinary streams listed in b. above.
      e. Of the 20 courses required in the major, seven must be at the 3000/4000 level.
      f. General majors in the Humanities must abide by the General Liberal Education Requirement and by departmental requirements regarding prerequisites and course sequencing.

   2. Degree Requirements
      General Majors in the Humanities shall fulfill the general requirements for the B.A. not specifically addressed in the requirements cited above. For the General Major (B.A.), the B.A. general requirements are amended to read: For purposes of these regulations, French, German and Spanish may not be considered separate departments.

Note: Students pursuing the combined B.A./B.Ed. or B.A./B.Mgt. should consult Part 13 - Combined Degrees, Sections 3 and 8 respectively, for information concerning Education majors and regulations pertaining to Arts and Science General Majors combined with an Education or Management degree.

d. Anthropology
Anthropology is the academic study of the diversity of human behaviour and life in local settings. Long-term ethnographic fieldwork in these local settings is the hallmark of the anthropological approach to the study of the human condition. The particulars of any local life, society, or culture, however, are not isolated from global processes and flows. Contemporary anthropology examines the material, social, and cultural conditions of human behaviour and life from this locally global perspective.

The Department of Anthropology offers courses in social and cultural Anthropology. Areas of regional specialization include Southeast Asia, North America, Latin America, Eastern Europe and the former Soviet Union, the Pacific Rim, and South Asia. Within these regions, topical interests of the faculty include research on poverty, gender relations, colonial and post-colonial development, expressive culture and performance, health and medicine, cultural psychology, communities and state formation, nationalism and ethnicity, to name a few.

The major in Anthropology requires 13 Anthropology courses including the following:

Required courses:
Anthropology 1000 - The Anthropological Perspective
Anthropology 2010 - Theory I: Historical Foundations of Anthropological Thought

One of:
- Anthropology 2410 - Anthropological Archaeology
- Anthropology 2510 - Language, Culture, and Communication
One additional course (3.0 credit hours) at the 2000 level

Two additional courses (6.0 credit hours) at the 3000 level, excluding Anthropology 3980 (Applied Studies) and Anthropology 3990 (Independent Study)
Three courses (9.0 credit hours) at the 4000 level, excluding Anthropology 4980 (Applied Studies), Anthropology 4990 (Independent Study), and Anthropology 4995 (Undergraduate Thesis)
Two courses (6.0 credit hours) at the 2000 level or above

Note: Students may take more than one offering of a Series course (i.e., Anthropology 3100, Anthropology 3900, Anthropology 4002, Anthropology 4500) or a Topics course (i.e., Anthropology 4850) for credit if the offerings (as indicated by the specific titles) are distinct.

Independent Study
Students may undertake Independent Study, which is designated by the numbers 2990, 3990, and 4990, according to the level of advancement. Independent Studies may not be substituted for required courses in the major.

Undergraduate Thesis
Qualified majors in Anthropology may elect to complete the Undergraduate Thesis course, Anthropology 4995 (6.0 credit hours). This option is intended for advanced students who intend to pursue graduate work in Anthropology or a related discipline. The undergraduate thesis may take a variety of forms, although most will contain a fieldwork component. For further information, contact the Department of Anthropology.

j. Chemistry
The Department of Chemistry and Biochemistry offers courses in the areas of analytical, physical, organic and inorganic chemistry, and in biochemistry. The curriculum is designed not only for the needs of those who want to pursue a major in Chemistry or Biochemistry but also for those in cognate disciplines, such as Biology, and for those who require Chemistry courses in preparation for transferring to a professional school such as medicine or dentistry. The requirements for the major in Chemistry are outlined below. The major in Biochemistry is offered jointly by the Department of Biological Sciences and the Department of Chemistry and Biochemistry and its requirements are outlined separately under Biochemistry elsewhere in this Section of the Calendar.

Those students who require one year of introductory general chemistry should take Chemistry 1000 and Chemistry 2000. Students who come to university without Chemistry 30 (or equivalent) and who require a sequence of chemistry courses which includes Chemistry 1000 should first enrol in Chemistry 0500.

For those who require a one-year basic introduction to chemistry (aimed primarily at the life sciences) we offer Chemistry 1110 and Chemistry 2120. These courses are not suitable for Chemistry and Biochemistry majors.

Chemistry 2310 (Chemistry and Biochemistry in Society) is designed primarily for non-science majors.

Chemistry 2310 may not be included among the Chemistry courses required for Chemistry and Biochemistry majors.

Chemistry 2320 (History of Chemistry) is a recommended elective for majors; interested students from outside the department should consider also taking Chemistry 1000 or Chemistry 1110.

The Major in Chemistry for the B.Sc. Degree
The program for the B.Sc. or BASc. degree in Chemistry requires 40 courses of which a minimum of 18 courses in Chemistry or Biochemistry is required and a maximum of 20 courses offered by the Department of Chemistry and Biochemistry is allowed (see Part 4, Section 3.c, Exceeding Course Limits, p. 75). In addition, three courses in Mathematics, two courses in Physics, and one in Biology are required. The courses for the major are given below under three lists. List A contains specified Chemistry and Biochemistry courses that must be taken; List B contains elective Chemistry courses (six must be taken); List C sets out the required cognate courses that must be taken.

List A - Required Core Courses
The following 12 courses must be taken:

Biochemistry 2000 - Introductory Biochemistry
Chemistry 1000 - General Chemistry I
Chemistry 2000 - General Chemistry II
Chemistry 2410 - Analytical Chemistry I
Chemistry 2500 - Organic Chemistry I
Chemistry 2600 - Organic Chemistry II
Chemistry 2740 - Physical Chemistry
Chemistry 3250 - Contemporary Chemistry
Chemistry 3410 - Analytical Chemistry II
Chemistry 3730 - Advanced Physical Chemistry
Chemistry 3830 - Inorganic Chemistry I
Chemistry 3840 - Inorganic Chemistry II
List B - Six Elective Courses
Six additional courses (18.0 credit hours) in Chemistry or Biochemistry of which at least two must be offerings of Chemistry 4000 and the remainder must be chosen from the following list:

- Mathematics 1560 - Calculus I
- Mathematics 2560 - Calculus II

One of:
- Physics 1000 - Introduction to Physics I
- Physics 1050 - Introduction to Biophysics
- Engineering 2060 - Engineering Mechanics
- Physics 2000 - Introduction to Physics II

*Has prerequisites: Engineering 2000 and Mathematics 1560.

This program has been accredited by the Canadian Society for Chemistry (CSC) which is the national organization representing chemists and is acceptable for membership in the Association of the Chemical Profession of Alberta (ACPA). Students who complete a B.Sc. degree with the major in Chemistry outlined above will have a degree accredited by the CSC.

Those who plan to pursue graduate studies in Chemistry should take more than the minimum of 18 courses in Chemistry or Biochemistry and should obtain advice on their program from the Department.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. For example, Chemistry 3410 and Chemistry 3730 may be offered one year while Chemistry 3830 and Chemistry 3840 are offered the next year. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Department Advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

Students interested in the combined Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) should refer to Part 13 - Combined Degrees, Sections 3 and 8 respectively, for the appropriate Chemistry major.

(See also Section 21.g., Biochemistry, p. 124).

k. Computer Science

The Department of Mathematics and Computer Science offers courses in Computer Science, Mathematics and Statistics. An appropriate selection of such courses will lead to a major in Computer Science or to a major in Mathematics. For details on the major in Mathematics, see Section 21.u., p. 139.

The Department of Mathematics and Computer Science and the Department of Geography offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science for the B.Sc. (see Section 21.i., p. 128).

Please see Section 10 - Post-Diploma B.Sc. in Computer Science (p. 109) for program and major requirements for that degree program.

All 1000-level courses offered by the Department of Mathematics and Computer Science are introductory, but most require a prerequisite.*

*One of Pure Mathematics 30, Mathematics 30, Mathematics 0500, or [Applied Mathematics 30 and at least 75 percent standing in Athabasca University's Mathematics 101].

The Department strongly recommends that a student attain a grade of ‘C’ or higher in any course used to satisfy prerequisites for courses offered by the Department.

Students intending to take two or more calculus courses at university are advised to include Mathematics 31, Calculus (or its equivalent), in their high school studies.

Required courses:
- Computer Science 1620 - Fundamentals of Programming I
- Computer Science 1820 - Discrete Structures

It is strongly recommended that Computer Science majors include additional Mathematics courses in their program. Students intending to take Computer Science 3670 or Physics 3900 should plan carefully to include the appropriate Mathematics or Physics prerequisites in their programs.

**Note:** Computer Science 1000 may NOT be included among the required courses for a Computer Science major.

Some senior courses are scheduled for alternate years. Since these courses are frequently sequential and dependent upon adequate preparation, students are urged to seek advice before the end of their third semester in planning a major and selecting courses.

Students should note that for Arts and Science regulations governing degree requirements, Computer Science may be treated as a department separate from Mathematics/Statistics.

**I. Computer Science and Geographical Information Science**
The Department of Geography and the Department of Mathematics and Computer Science offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science. The program is structured to provide a firm theoretical, technical and applied background in the Geographical Information Sciences (GIS) that draws extensively on Computer Science foundations for their implementation. The synergy of the Multidisciplinary Major provides a strong basis for further study at the graduate level in an established field of research, while also providing training in an area of employment opportunity that neither the Department of Mathematics and Computer Science nor the Department of Geography alone can provide. n. Economics

Economics is the study of the allocation of scarce resources by societies to meet individual and social wants. The Department of Economics offers a number of courses in microeconomics and macroeconomics. These provide the theoretical framework within which contemporary issues, such as pollution, non-renewable natural resources, free trade, agricultural subsidies, interest rates, government deficits, unemployment, inflation, poverty and third world development can be analyzed and appropriate policies can be recommended.

Students majoring in Economics are required to complete a minimum of 13 Economics courses and are allowed a maximum of 20 (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Required courses:

Economics 1010 - Introduction to Microeconomics
Economics 1012 - Introduction to Macroeconomics
Economics 2750 - Quantitative Methods in Economics
Economics 2900 - Economics and Business Statistics
Economics 3010 - Intermediate Microeconomic Theory
Economics 3012 - Intermediate Macroeconomic Theory
Economics 3950 - Econometrics

Three Economics courses at the 4000 level
Three additional Economics courses

Required cognate:

Statistics 1770 - Introduction to Probability and Statistics
Economics 1010 is the prerequisite for most 2000- and 3000-level courses in Economics and Economics 1012 is the prerequisite for still other higher level courses in Economics. Economics 3010 is the prerequisite for most
4000-level courses in Economics, and students majoring in Economics are strongly advised to take it during their second or third year. Please note that credit will not be granted for both Economics 2900 and Statistics 2780.

The numbering at the 3000 level of many of the field courses in Economics is not intended to suggest that students wait until they are in their third year before taking them. Once the relevant introductory course(s) has been successfully completed students should feel free to enrol in any of the 3000-level courses. Exceptions to this are Economics 3350, Economics 3900/Management 3721, and Economics 3950, all of which require additional prerequisites.

It is recommended that Economics majors include courses in Mathematics, especially courses in calculus, as part of their overall programs. It is also strongly recommended that students who are considering graduate studies in Economics include in their programs as many 4000-level courses as possible, and in particular the following courses:

- Economics 4010 - Advanced Microeconomic Theory
- Economics 4012 - Advanced Macroeconomic Theory
- Economics 4150 - Mathematical Economics

**English**

The Department of English offers courses in the understanding and criticism of English literature of different genres and different historical periods; there are also courses on the theory of English literature and criticism, and on rhetoric and creative writing.

The English curriculum serves the needs and interests of all students: those embarking on an extensive and systematic study of literature and literary forms, and those wishing to experience literature on a slightly less rigorous basis in order to complement their other studies.

Courses which figure prominently in the program for English majors are not intended exclusively for English majors. General interest courses in the English 3700 series are intended for majors and non-majors.

English 1900 or a previous course in English is the prerequisite for most other English courses. English 1900 prepares students for a variety of courses at the 2000 level. The central emphasis of English 1900 is on language in several contexts including the literary/poetic. The course is in no way remedial, nor is it primarily a course on composition or essay/report writing.

There is a system of 2000-level prerequisites for some of the 3000- and 4000-level courses and of recommended backgrounds at the 3000 level for the 4000-level courses. This system applies to all students, not just English majors. Students should consult the individual course listings elsewhere in this Calendar for more specific information.

For students majoring in English, there are certain requirements, a particular range and selection of courses in certain groupings, as outlined below. In selecting courses, students should include a broad variety of periods and all three genres (drama, poetry and prose fiction) in their programs.

The major in English requires a minimum of 13 courses.

**Required courses:**

- English 1900 - Introduction to Language and Literature - or equivalent

At least FOUR courses at the 2000 level, including at least TWO from each of the following categories:

1. **Literary Surveys**
   - English 2000 - Survey of Canadian Literature
   - English 2400 - Survey of English Literature I
   - English 2450 - Survey of English Literature II

   - English 2300 - Prose Fiction
   - English 2720 - Approaches to Literature Series
   - English 2800 - Rhetoric
   - English 2810 - Grammar

At least EIGHT courses at the 3000 and 4000 levels drawn at least FIVE of the following subfields. At least TWO of the eight courses must be at the 4000 level:

1. **Theory, Language and Creative Writing**
   - English 3010 - Literary Theory

Athletic Therapy Option

The Department of Kinesiology and Physical Education in the Faculty of Arts and Science at the University of Lethbridge, in collaboration with Mount Royal University in Calgary, offers selected B.Sc. Exercise Science majors the opportunity to pursue an Athletic Therapy Option. These students will attend the University of Lethbridge for Years 1, 2, and 4 of their B.Sc. - Exercise Science degree program. They will complete Year 3 as Visiting Students at Mount Royal University.

For the Athletic Therapy Option, students will complete a set of 10 required courses (30.0 transfer credit hours) at Mount Royal University. These courses will fulfill options in the Exercise Science Major and electives in the B.Sc. degree program.

Eligibility

The articulation agreement provides for a maximum of five University of Lethbridge students per year to undertake the Athletic Therapy Option. Students are selected once per academic year—in May—and must attend Mount Royal University in the following consecutive Fall/Spring semesters.

Selection is based on application to the Department by May 1, eligibility criteria as indicated below, and academic achievement.
The Athletic Therapy Option is available to University of Lethbridge students who are B.Sc. Exercise Science Majors and who meet the following eligibility criteria:

1. Completion of a minimum 10 courses (30.0 credit hours) at the University of Lethbridge in Fall/Spring of the academic year in which application is made. (The Athletic Therapy Option is not available to students with more than 30.0 transfer credit hours or to students who hold an undergraduate degree. Students are bound by the Residence Requirements for the B.Sc.: see Section 6.a.10, p. 104 and 6.b.5, p. 104).

2. Third-year standing; minimum 60.0 credit hours completed by May 1 of the year in which the applicant will begin attendance at Mount Royal University in September.

3. Minimum cumulative GPA of 3.00 on minimum 20 courses (60.0 credit hours). (Cumulative GPA refers to the UoFL cumulative GPA; for students with transfer credit, grades on transfer courses will be factored in.)

4. Completion of the following courses:
   * Kinesiology 2350 - Recognition and Care of Athletic Injuries
   Kinesiology 2600 - Functional Human Anatomy
   Kinesiology 2610 - Human Physiology
   Kinesiology 3610 - Exercise Physiology
   Kinesiology 3650 - Biomechanics
   * Kinesiology 2350 is not required in the Exercise Science Major but is a prerequisite for the Mount Royal University Athletic Therapy program.

5. Minimum competitive GPA in the required Kinesiology courses listed in 4. above.

Interested Exercise Science Majors who meet the above criteria must apply to the Department of Kinesiology and Physical Education by May 1.

Because the capacity at Mount Royal University is limited to five, not all students meeting the general eligibility requirements will be selected. Selection is competitive and is based on academic achievement as assessed by the Department.

Applicants will be notified of their acceptance by May 15 and advised of registration procedures at that time.

Upon successful completion of the University of Lethbridge B.Sc. in Exercise Science, including the Athletic Therapy Option, students may qualify to receive the Mount Royal University Advanced Certificate - Athletic Therapy. For the Certificate, students must include the following courses in their University of Lethbridge degree program:

**One of:**
- Kinesiology 3680 - Sport Psychology
- Kinesiology 3780 - Exercise Psychology

**One of:**
- Physical Activity 2445 - Resistance Training for Health and Performance I
- Physical Activity 3445 - Resistance Training for Health and Performance II
- Physical Activity 3605 - Conditioning for Cardiovascular Health

For details on the application process, contact the Department of Kinesiology and Physical Education.

### Geography

The mission of the Department of Geography is to pursue excellence in teaching and research in the closely related areas of Geography, Geology, Archaeology, and Urban and Regional Studies, all of which deal with the human and natural environment, and spatial analysis.

The Department offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Geography. Students may also choose Geography as one of their majors for a B.A. degree (see Section 7, p. 104, for details).

Students interested in the combined Bachelor of Arts/Bachelor of Education (B.A./B.Ed.) or Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) with the appropriate Geography major should refer to Part 13 - Combined Degrees, Section 3. Students interested in the combined Bachelor of Arts/Bachelor of Management (B.A./B.Mgt.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) with a major in Geography should refer to Part 13 - Combined Degrees, Section 8.

Please see Section 12 - Post-Diploma B.Sc. in Geography with a Concentration in Geographical Information Science (p. 111) for program and major requirements for that degree program.

The Department of Geography and the Department of Mathematics and Computer Science offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science for the B.Sc. (see Section 21.i., p. 128, for details).

The Department of Geography also offers the Multidisciplinary Major in Archaeology and Geography for the B.A. and B.Sc. (see Section 21.e., p. 122, for details).

Students wishing to emphasize Urban and Regional issues should consult the Multidisciplinary program in Urban and Regional Studies (see Section 21.hh., p. 150).

Building on its disciplinary strengths, the Department offers a set of core courses which are an essential introduction to the breadth of the discipline, and presents a variety of more advanced courses which represent the expertise of the faculty. Courses in Physical Geography and those involving geographical techniques are Science courses, while those in Human Geography are Social Science courses.

In Archaeology, a single introductory course, which is required of all Geography majors, opens to more advanced courses falling within the two main themes of Old-World and New-World archaeology.

While the curriculum is geared mainly to Geography major programs, the Department is also committed to enhancing the study of Geography, Geology and Archaeology throughout the University, and to providing courses which fulfill the General Liberal Education Requirement. The introductory courses
(Geography 1000, Geography 1200, Geography 2535, Archaeology 1000) are open to all students of the University, and two service courses are offered, without prerequisites, for students in other programs where a knowledge of world regional geography (Geography 2000) or the geography of Canada (Geography 2600) is required.

The Department of Kinesiology and Physical Education
offers courses in theoretical perspectives of the study of
human movement and the practical application of physical
activity involvement. A multidisciplinary field, Kinesiology
provides students with a broad perspective for studying
physical activity as a cultural form and human
performance involvement at all levels and across the
lifespan. The concept of personal wellness underlies the

ARTS AND SCIENCE

History
History is a division of humane letters with analytical ties
to the scientific tradition. It describes and evaluates the
significant past as observed in parent civilizations and
their derivatives and composites. Encompassing a wide
range of human events and historical conditions, History
necessarily complements other disciplines in the
University.
The Department of History offers instruction in aspects
of the social, economic, political and cultural histories of
local, regional, national, continental and international
areas from ancient civilizations to present-day societies.
For students majoring in History there are certain
program requirements, a particular range and selection of
courses in geographical areas, periods, themes and levels
as follows:
Required courses:
History 1000 - Western Civilization
* History 2222 - History in Practice


interdisciplinary approach to courses and programs within the Department.

The Department of Kinesiology and Physical Education at the University of Lethbridge offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Kinesiology. The Department also offers a multidisciplinary major in Exercise Science (B.Sc.) which provides students the option of specialization in Biomechanics, Exercise Physiology or Sport Psychology (see Section 21.q., p. 133).

The breadth of course offerings in the Department of Kinesiology and Physical Education provides students with the option of studying sport and physical activity involvement from a socio-cultural, wellness and participatory (B.A.) perspective or from a human performance (B.Sc.) perspective. Either approach provides the Kinesiology major with a number of options for future study and work in an increasingly broad field.

It is advised that students majoring in Kinesiology plan carefully with respect to their selection of major and optional courses. Both the B.A. and the B.Sc. degrees can be used as a foundation for advanced studies in Kinesiology and varied career choices. Students interested in the B.A./B.Ed. or B.A./B.Mgt. program should refer to Part 13 - Combined Degrees, Sections 3 and 8 respectively.

Major in Kinesiology for the B.A.

For the B.A., the major includes courses that provide a broad overview of the discipline of Kinesiology. The major is composed of courses which explore the natural sciences, social sciences and humanities dimensions of Kinesiology. Recreational, educational and high performance aspects of sport, play and physical activity across the lifespan are examined. The study of physical activity/sport as a socializing agent and a cultural form underlies this aspect of the study of Kinesiology. The major in the B.A. degree program will examine individual and group association to physical activity, social and psychological advantages and barriers to lifelong involvement, the relationship of recreation and high performance activity with other social institutions and cultural forms.

Required courses:

Twelve theory courses
Kinesiology 1000 - Wellness and Physical Activity
Kinesiology 2000 - Foundations of Motor Skill Acquisition
Kinesiology 2110 - Biophysical Foundations of Human Movement
Kinesiology 2130 - Humanities Dimensions of Physical Activity Involvement
Kinesiology 2140 - Psychological Dimensions of Physical Activity Involvement
Kinesiology 2150 - Sociological Dimensions of Physical Activity Involvement
Kinesiology 2200 - Research Methodologies in Physical Activity Involvement
Three 4000-level Kinesiology courses
Two 3000/4000-level Kinesiology courses
Six Physical Activity Courses
Six Physical Activity courses including two at the 3000 level or higher

Note: Each Physical Activity course counts as one-half course.
Kinesiology majors may earn credit for a maximum of 16 Physical Activity courses (see Part 4, Section 3.c., Exceeding Course Limits, p. 75).

Modern Languages
1. General Information
The Department of Modern Languages offers courses in the French, German and Spanish languages, as well as in the understanding and appreciation of cultures, civilizations and literatures of countries where these are national languages. Courses are also offered in Japanese and Linguistics.
The Modern Languages curriculum serves the needs and interests of all students, both those embarking upon an extensive and systematic study of language,
culture/civilization and literature, and those wishing to study these subjects on a more limited basis.

Unless otherwise stated, the language of instruction will be the language being studied.

The 1000-numbered courses prepare students for a variety of courses at the 2000 level. A 2000-level course is generally necessary before a student may proceed to the 3000 or 4000 levels. For further information on prerequisites, students should consult with the appropriate First-Year Language Coordinator in the Department of Modern Languages.

The Department strongly recommends that students attain a grade of C or higher in any course used to satisfy prerequisites for courses offered by the Department.

2. Placement

Students without any high school credit in a language take the 1000 and 1100 courses as these courses are for students with little or no knowledge of a language.

Students with some high school credits but without matriculation in a language should apply for the Department of Modern Languages Placement Test before registering, to determine whether they should enrol in the 1000 or the 1100 course (French, German, Japanese or Spanish).

Students with high school matriculation in a language, with the exception of graduates of French Language Arts 30 or Français 30, should enrol in the 1500 course.

Graduates of French Language Arts 30 or Français 30 must enrol in one or more of the following courses: French 2001, French 2200, French 2300 or French 3450.

All students registering in 1000-, 1100-, and 1500-level courses must write the Department of Modern Languages Placement Test to determine whether they are registered in the appropriate course (see Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75).

Students should consult the Department of Modern Languages concerning scheduling of the Placement Test.

Not more than 10 courses may be taken at the 0100/1000 level for credit toward a degree. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Japanese and Spanish (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

3. Independent Study

Students interested in undertaking an Independent Study in the Department of Modern Languages should read: (1) the Department Policy on Independent Study and (2) the list of Study Topics currently offered in the Department. Copies of both documents and application forms may be obtained from the Department Advisor in Modern Languages or from the Department office.

4. Majors: General Information

The Department of Modern Languages offers a major in French, a major in German, a major in French/German and a major in French/Spanish. A maximum of 20 courses from the Department of Modern Languages may be counted toward any of these majors (see Part 4, Section 3.c, Exceeding Course Limits, p. 75). Requirements for each of these majors are outlined below.

It is recommended that as part of the requirements for the major students should participate for one semester in a Visiting Student program approved by the Department.

With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in French with a minimum grade of ‘C-’ in each may take advantage of the Department’s French Visiting Student program. For details, see the French Off-Campus Studies Coordinator in the Department of Modern Languages.

With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in German with a minimum grade of ‘C-’ in each may take advantage of the Department’s German Visiting Student program. This program, while recommended for all students of German, is compulsory for those majoring in German. For details, see the German Off-Campus Studies Coordinator in the Department of Modern Languages.

With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in Spanish with a minimum grade of ‘C-’ in each may take advantage of the Department’s Spanish Visiting Student Program. For details, see the Spanish Off-Campus Studies Coordinator in the Department of Modern Languages.

For information on the Combined B.A./B.Ed. Degree in Modern Languages (majors and minors), see the Part in this Calendar which outlines the program requirements for Combined Degrees.

For information on the Combined B.A./B.Mgt. Degree in Modern Languages, see the Part in this Calendar which outlines the program requirements for Combined Degrees.

Students considering Graduate Studies should seek advice from the Department Advisor in Modern Languages.

w. Music

The Department of Music offers courses within three basic subject areas: Music history and literature, theoretical subjects (traditional composition, conducting, orchestration, etc.) and applied Music instruction (Studio courses and Ensemble Activity courses). Entrance to Studio courses is dependent upon the results of an audition while all other Music courses, in sequence, are freely available to any student.

The Department of Music offers two streams leading toward the B.A. or BASc. degree with a Music major. The first is the Theory/History stream while the second is the General stream with a wider emphasis on music theory, history and performance.

The B.A. or BASc. Music major (Theory/History) is a degree that focuses on scholarly and written work without requiring the high level of musical performance skills demanded by a B.Mus. degree (it is recommended that the B.A. and BASc. Music major (Theory/History) develop a degree of facility on an instrument through Studio courses or Conservatory instruction). The minimum requirement for the B.A. and BASc. Music major (Theory/History) is 16 courses, including one course at the 4000-level. Required courses are listed below.

The B.A. or BASc. Music major (General) is a degree that ensures a more diverse musical background including theory, history and performance. The minimum requirement for the B.A. or BASc. Music major (General) is 16 courses as listed below.

Required courses:

B.A. Music majors may count a maximum of eight Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

B.A. or BASc. with a Music major candidates should note that courses in the subject area of theory are sequential in nature and are currently offered only once per calendar year. Normally, prospective candidates are advised to begin their theory studies (Music 2160 and Music 2161) and history studies (Music 2180) in their first Fall Semester at University.

Ensemble Activities include the University Singers, Women's Chorus and Vox Musica choral ensembles; the University Wind Orchestra; Collaborative Piano/Guitar; Jazz Ensemble; Percussion Ensemble; Chamber Ensembles; and Collegium Musicum. Ensemble Activity courses carry a 1.5 credit hour weight (one-half course credit) and are graded on a pass/fail basis only (Collaborative Piano/Guitar is evaluated by a letter-grade system). Ensemble Activity courses may be taken for credit by any student. Arts and Science degree students, who are not Music majors, may count a maximum of four Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

**Urban and Regional Studies**

The Urban and Regional Studies program provides a theoretical grounding in a variety of disciplines; experience in the collection, processing and analysis of empirical data; and a knowledge of urban and regional policy issues. Some graduates enter directly into careers related to their academic background, while others pursue advanced degrees in professional fields such as planning or architecture.

ii. Women's Studies

Women's Studies provides an interdisciplinary environment for examination of the historical and contemporary position of women. Analyses of culture, social institutions, and human development and behaviour, and the gender assumptions on which they are based, form the foundation of the program offerings in Women's Studies. Focusing on embodiment, and utilizing feminist theories, concepts, and methodologies, the major in Women's Studies seeks to inform, transform, and expand traditional forms of knowledge about women and gender in a culturally inclusive framework.

Utilizing knowledge and research from such diverse fields as biology, psychology, philosophy, sociology, economics, anthropology, medicine, literature, political science, and ethics, students in Women's Studies will learn about the ways in which women's lives have been constructed, how they have changed, and how they continue to change. The intersection of the study of gender with that of race, class, age, ethnicity, and other social constructs will inform students of the complex and often sensitive issues involved in the study of women and the global movements to improve their lives.

Women and men students have the opportunity to major in Women's Studies or to take individual courses in Women's Studies to add to and expand their knowledge and understanding within other disciplinary majors.

The major in Women's Studies requires a minimum of 13 courses as follows:

**Required courses:**
- Women's Studies 1000 - Knowing Bodies: An Introduction to Women's Studies
- Women's Studies 2300 - Theorizing Women's Lives: Feminist Frameworks
- Women's Studies 2600 - Activism and Advocacy
- Women's Studies 2700 - Feminist Approaches to Research
- At least nine additional courses (27.0 credit hours) in Women's Studies including at least six courses (18.0 credit hours) chosen from offerings in Women's Studies at the 3000/4000 levels, including Independent Studies in Women's Studies.

With the permission of the Coordinator of Women's Studies, students may take a maximum of two courses (6.0 credit hours) from other disciplines which offer related or complementary course materials.

**Note:** Students may take more than one offering of a Series course (i.e. Women's Studies 3010, Women's Studies 3020, Women's Studies 3030, Women's Studies 3040, Women's Studies 3050, Women's Studies 3060, Women's Studies 3070, Women's Studies 4900) or more than one Independent Study for credit if the offerings (as indicated by the specific titles) are distinct.

jj. Double Majors

Although the Faculty of Arts and Science does not recognize double majors as official student programs leading toward the B.A. or B.Sc. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for two disciplinary majors.

Double majors can only be formed by completing the requirements of two established single disciplinary majors; individual and regularized multidisciplinary majors are ineligible for double major designation.

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within eight consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Academic Advisors regarding double majors.

kk. Individual Multidisciplinary Majors

Students may establish individual multidisciplinary majors.

An individual multidisciplinary major must represent an identifiable and significant body of knowledge and entail in-depth study rather than a superficial survey of a broad topic. For the most part, the program is expected to be derived from the existing curriculum in Arts and Science.

An individual multidisciplinary major program consists of 20 courses with the following structure:

a. **Required Core**

   The core of the major must contain a minimum of eight and a maximum of 12 required courses providing a broad-based familiarity with the major. These core courses must be taken from at least two disciplines.

b. **An Independent Study at the 3000 or 4000 level.**

c. **Options**

   The remaining courses in the individual multidisciplinary major must be chosen from a list of optional courses. The chosen courses must be from at least two disciplines.

22. PRE-PROFESSIONAL TRANSFER PROGRAMS

Students at the University of Lethbridge may prepare themselves to apply for admission to a number of professional programs offered at other institutions. Admission to these programs is by quota and is competitive.

Through arrangements between the University of Lethbridge and professional faculties at other universities, transfer programs have been established for the professional programs listed below. Students should be aware that programs offered by other institutions are subject to change or cancellation without notice. The University of Lethbridge endeavours to provide students with complete, timely and accurate information but cannot guarantee the offerings of other institutions. At the time of Calendar publication, the information listed below was correct.

Some professional schools make specific course recommendations for students preparing to apply for admission. However, they reserve the right to admit students who have not followed these recommendations, but have chosen to study other disciplines. The programs suggested here are intended to give students priority access to courses satisfying the programs recommended by the professional schools. Students may choose alternative routes but do so at their own risk. Please refer to the Program Planning Guide Enclosures for Pre-Professional Transfer programs for more specific information.

Students are advised that ‘D’ grades are not transferable. As well, students may experience difficulties in transferring courses for which grades are not assigned: for example, courses for which Credit/Non-Credit or Pass/Fail appear on the transcript generally do not transfer.

Students who plan to apply to professional programs at other universities not listed below must have courses approved by the professional faculty at the institution to which they intend to transfer. The University of Lethbridge cannot guarantee program requirements for such programs.

Students with an academic objective of Engineering select the pre-Engineering program. Students with an academic objective of Dentistry, Journalism, Law, Medicine, Social Work and Veterinary Medicine select a University of Lethbridge degree program (either B.A. or B.Sc.) with an appropriate major. Note that Biochemistry, Agricultural Biotechnology and Biological Sciences are fields of study in their own right but are also designed to prepare students for application to professional programs of Dentistry, Medicine and Veterinary Medicine.

For information about the B.A. or B.Sc. after transfer to a professional faculty, see Section 15, p. 113.

a. Dentistry

Students with an academic objective of Dentistry are admitted to the B.Sc. program with a major in Agricultural Biotechnology, Biochemistry or Biological Sciences. Students are referred to Sections 6 and 21.b., g. and h. respectively for information on the University of Lethbridge general degree and major requirements.

Minimum of 20 courses at the University of Lethbridge

University of Transfer: Alberta

To be considered for admission, prospective applicants must have an undergraduate degree or have completed at least 30 semester courses. In exceptional circumstances, students may apply to the Faculty of Law after completion of 20 courses.

The Faculty of Law, University of Alberta, does not require any specific courses or identify any particular discipline as a required area of study in preparation for Law School.

The University of Lethbridge recommends that a student should possess knowledge from such disciplines as Economics, History, Philosophy, and Political Science. While a pre-Law background in the pure sciences should not be seen as a disadvantage, the oral, literary, and analytical skills developed in the humanities and social sciences provide an excellent foundation for the study of law.

Students are directed to the Program Planning Guide for the B.A. with the appropriate major, with the Law Enclosure (Alberta).

The Faculty of Law at the University of Calgary recognizes that students may benefit from a diverse educational background and seeks, therefore, to attract applicants from business, humanities, pure science, and social science undergraduate courses which develop analytical and reasoning skills. Courses which stress the use of the English language are advantageous in the preparation for a career in Law. The courses which best fit this description are found in the humanities and social sciences.

2. EDUCATION PROGRAMS
The Faculty of Education offers two programs which lead to Alberta Teacher Certification as well as five other programs designed to support in-service or pre-service teacher development.

a. Programs Leading to Alberta Teacher Certification
Candidates apply and are recommended for certification by the Faculty of Education to Alberta Learning. Only Alberta Learning is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the Faculty of Education, Alberta Learning grants the Interim Professional Certificate to individuals who are Canadian citizens or Permanent Residents. Recommendations are forwarded upon completion of the Combined Degrees Teacher Education program or the B.Ed. after an Approved Degree program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher as defined in the Quality Teaching Document.

Students are alerted to the following certification requirement.
All persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:
Except where the Minister of Learning decides otherwise, the Director, Teacher Certification and Development Branch, shall refuse to issue, re-issue, or extend an interim professional certificate to:

a. a person who has been convicted of an indictable offence in Canada or an equivalent conviction in a jurisdiction outside Canada; or

b. a person who the Director has reason to believe should not be issued a certificate.

For additional information please contact the Director, Teacher Certification and Development Branch of Alberta Learning at 780-427-2045.

b. Other Education Programs

1. Bachelor of Education After Teacher Training
Individualized programs are arranged for candidates who hold an undergraduate degree, who have completed a minimum of one year of teacher training in an approved institution, and who already hold teacher certification. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

Students who have completed a minimum of one year of teacher training and who hold teacher certification but who do not hold an undergraduate degree must be admitted to and must complete the requirements of a Combined Degrees program. The B.Ed. component of the Combined Degrees program will be individually designed for each student to meet residency and degree requirements. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

2. Pre-B.Ed. After an Approved Degree
Students who intend to pursue a B.Ed. after an approved degree, but who do not meet requirements for direct admission to the B.Ed. program, may apply to the pre-B.Ed. (After Degree) program in the Faculty of Arts and Science. A limited number of students may be admitted to this program in a Fall or Spring semester and may then register for courses in three consecutive semesters following the offer of admission. After three semesters, students intending to take further courses must apply for admission to the B.Ed. program or to another program offered at the University of Lethbridge. Students are not guaranteed admission to the B.Ed. program, or any other program, at the end of three semesters but must compete with other applicants.

Students must meet the following minimum qualifications for admission to the pre-B.Ed. after an Approved Degree program:

a. A completed undergraduate degree, including at least four courses in a declared single discipline major, or at least eight courses in a
declared general major. Students must select a major from among those available to students in the B. Ed. after an approved degree program (see Section 5.b.1. Teaching Majors, p. 166).

b. A minimum cumulative grade point average of 2.50 out of 4.0 calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

3. Diploma in Education
The Faculty of Education offers diploma programs in the following areas for certified practising educators holding a Bachelor of Education degree:
• Diploma Program in Special/Inclusive Education
• Student Initiated Diploma Program
These programs are described in detail in Section 9. Diploma Programs, p. 175.

4. Master of Education
A 12-course M.Ed. program for degree holders with educational experience (see the University of Lethbridge 2011/2012 Graduate Studies Calendar).

5. Master of Education (Counselling Psychology)
A 12- or 14-course M.Ed. program for degree holders with educational or related experience (see the University of Lethbridge 2011/2012 Graduate Studies Calendar).

3. ADVISING
It is essential for new and returning students to seek advice concerning their academic goals, programs, and standing as early as possible.

Academic advising is coordinated by the Assistant Dean, Student Program Services in the Faculty of Education. Faculty members, who serve as academic advisors for each major, also inform students about preparation for teaching in specific school subjects. Advisors are also identified to assist students in planning specialized programs.

Academic advising in the Faculty of Education for graduate programs is coordinated by the Assistant Dean, Graduate Studies and Research.

Academic advice may be obtained at any time during the year, but it is recommended that new students consult advisors during the three weeks prior to registration.

Advice and information from the Assistant Dean, Student Program Services in the Faculty of Education may be obtained for the following:
• all aspects of program planning,
• academic regulations and degree requirements,
• grading system and appeals,
• employment opportunities and job placement in education, and
• teacher certification.
Advice and information from Education Faculty advisors and from appropriate Arts and Science, Fine Arts, or Management advisors should be obtained for the following:
• selection of courses for a major,
• future scheduling of courses,
• prerequisites and recommended backgrounds, and
• availability of Independent Studies and Study Tours.

4. ADMISSION TO BACHELOR OF EDUCATION PROGRAMS
Based on the Faculty's quota system, normally 216 students are admitted to the Faculty each June to begin their studies in the Fall semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Combined Degrees and After Degree students are admitted on the same criteria.

a. Regular Admission
I. Admission to Combined Degrees Program
The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. First degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

Students are not officially in the program until they have been admitted to both the Faculty of Education and to the Faculty governing the degree combined with the B.Ed.

For a complete description of admission requirements in each of the following programs consult the corresponding sections of Part 13 - Combined Degrees:
• Bachelor of Arts/Bachelor of Education, p. 248
• Bachelor of Science/Bachelor of Education, p. 248
• Bachelor of Management/Bachelor of Education, p. 278
• Bachelor of Fine Arts (Art)/Bachelor of Education, p. 269
• Bachelor of Fine Arts (Dramatic Arts)/Bachelor of Education, p. 272
• Bachelor of Music/Bachelor of Education, p. 275

d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 167).

Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

e. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:

     - brief description of experience (personal physical activity, teaching movement or physical activity, coaching experience, workshops/clinics, certification).
     - written confirmation of experiences (letter of reference, certificate of achievement).

Students should consult Student Program Services in the Faculty of Education for guidelines regarding the requirements stated above.

b. Special Case Admission

For purposes of admission, the Faculty of Education calculates the admission grade point average on all university-level courses taken in the semesters containing the last 20 courses (60.0 credit hours). Students who have a good academic record but who, for some reason, had a period of time within those semesters when their performance was significantly lower, may apply for special case admission (up to four such students may be admitted each year). Normally, the semesters containing the last eight courses may not be included in the period of the special case.

Students applying for Special Case admission must satisfy the following:

- have applied for admission to the Faculty of Education;
- meet minimum criteria for admission to the Faculty of Education;
- demonstrate a shift in academic performance;
- provide documentation of extenuating circumstances;
- have completed at least 20 courses (60.0 credit hours) outside of the period of the special case;
- possess a cumulative grade point average comparable to those admitted in the same subject area that year.

The GPA is calculated based on all university-level courses taken in the semesters containing the last 20 courses (60.0 credit hours) outside of the period of the special case.

Students must apply in writing to the Assistant Dean, Student Program Services in the Faculty of Education prior to the May 1 application deadline for such consideration.

(c. Special Admission Procedures for Students of Aboriginal Descent

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent:

1. Students who meet all minimum admission requirements in any major will be admitted to the Faculty. Students who wish to gain admission to the Faculty on the basis of their Aboriginal heritage will...
follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing and provide evidence of Aboriginal descent, prior to the May 1 admission deadline.

2. Students of Aboriginal descent who have a CGPA and/or GPA in the major of less than 2.50 but equal to or greater than 2.00, may be considered for admission to the Faculty of Education. Students will be required to demonstrate that they possess other skills, talents, or life experiences that enhance their ability to succeed in teaching. This may include, but is not limited to, any one of the following:

- experience working with children;
- proficiency in a First Nations language;
- expertise in First Nations cultural events;
- leadership experiences in the community;
- appropriate work experience; or

The decision of the Committee is final. Students who wish to gain admission through this route must follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing prior to the May 1 admission deadline. All relevant supporting documents must be received by the document deadline of June 1.

2. Institutional Honours

Students who graduate with a Faculty GPA in excess of 3.60 (calculated on all courses taken after admission to the Faculty of Education), who have demonstrated excellence in student teaching practica and the internship, and who present an admission GPA of 3.00 or higher are eligible to receive the Bachelor of Education degree “With Distinction.” Students who meet the same criteria but present a Faculty GPA of 3.80 or higher are eligible to receive the Bachelor of Education degree “With Great Distinction.”

3. Education Courses Taken Prior to Admission

Such students will be added during the Add/Drop period upon application to Student Program Services in the Faculty of Education.

5. Visiting Student Status
Authorization is required from the Assistant Dean, Student Program Services in the Faculty of Education to study at other post-secondary institutions while enrolled in the Faculty of Education at the University of Lethbridge.

Students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester (Spring or Fall). Students may not register in a sixth course while enrolled in Professional Semester I, Professional Semester II, or Professional Semester III except with special permission from the Assistant Dean, Student Program Services in the Faculty Education. Students may register in a maximum of three courses in Summer Session I, two courses in Summer Session II, and one course in Summer Session III.

Students who have received “not recommended” status after completion of Education 2500 are ineligible for a waiver.

9. Withdrawal Deadline
A student may withdraw from any component of a professional semester any time after the add/drop period until 3/4 of the course/practicum is completed; however, a student withdrawing from a professional semester component is withdrawing from the Faculty and must successfully apply for readmission before resuming studies toward the Bachelor of Education.

10. Required Withdrawal
A student is required to withdraw from the Faculty of Education if the following occurs:
- the student fails any course, module, or practicum in any Professional Semester; or
- the student fails to meet the Standards of Professional Conduct. The student may be assigned a failing grade for the component where the Standards of Professional conduct were not met.

11. Readmission After Withdrawal
Students who withdraw or who are required to withdraw from the Faculty of Education must successfully reapply for readmission by the appropriate deadline. Readmission is not guaranteed. Education courses completed after withdrawing and prior to readmission may not count toward the Bachelor of Education. Students are advised to consult with the Assistant Dean, Student Program Services as early as possible.

c. Practicum Regulations and Information
The following policies will guide the assignment of students to schools:

1. Placement Policy
While on campus and during practica, students are expected to adhere to the standards of professional conduct set out by the Faculty of Education (Section 6.a, p. 167). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course, including Education 2500, to any student if the Dean or Designate has reasonable grounds:
- the student has violated any part of the Faculty of Education’s standards of professional conduct;
- the student is unable to carry out the classroom responsibilities of that practicum; or
- the Dean or Designate believes denial or termination of a placement is necessary in order to protect the public interest.

Students whose practicum placements have been denied or terminated will be informed of the reasons in writing.

2. General Policies

4. Criminal Record Check (or equivalent).

Many school jurisdictions require criminal record checks from all individuals (including student teachers and interns) working with children and adolescents. Consequently, all students accepting an admission offer from the Faculty of Education must immediately make application for a criminal record check. The student is responsible for the cost of obtaining such documentation. Criminal record checks are not submitted to the Faculty of Education, but must be available for the student to present on Practicum Orientation Day should the school or school jurisdiction require it. Students who are unable to present an acceptable criminal record check for any reason may be denied a placement by the co-operating school, the school jurisdiction, or the Assistant Dean, Field Experiences. The Faculty of Education does not guarantee an alternate placement and the student may be required to withdraw from the faculty.

5. Out of Zone and International Professional Semester III Placements.

Students may apply to the Assistant Dean, Field Experience to complete Professional Semester III outside of Zone 6. Further, it is possible for students to complete Professional Semester III in an international placement. Students must apply well in advance of the intended semester, and will be required to request statements of support from teacher associates and previous practicum supervisors. Only students with an outstanding record of professionalism and an outstanding record of classroom teaching in both Professional Semesters I and II will be granted Professional Semester III placements outside of Zone 6 (including international locations).

Some restrictions on out of zone and international placements do exist for students completing certain specializations. Students are encouraged to contact the Assistant Dean, Field Experiences for further information.

FACULTY OF FINE ARTS

1. GENERAL PHILOSOPHY AND PROGRAMS
   The Faculty of Fine Arts incorporates the Departments of Art, New Media (formerly Multimedia), Music and Theatre and Dramatic Arts, which include the Art Gallery, Music Conservatory and the University Theatres. The Faculty emphasizes the acquisition of knowledge and the development of analytical skills and imagination necessary to both create and respond with aesthetic intelligence to the fine arts in a global community. Small class sizes, an integrative approach which allows for cross-disciplinary fertilization, and an intrinsic emphasis on the development of valuable job skills are distinguishing features. The Faculty provides opportunities for students to demonstrate their creative ability and skills through exhibitions and performances, acknowledging that audience exposure and the resulting feedback and criticism is essential to learning in all of the fine arts disciplines. The Faculty is also committed to strengthening the creative and artistic dimensions of the University’s total program and its commitment to the philosophy of a liberal education.

   Degrees offered by the Faculty of Fine Arts are the Bachelor of Fine Arts (Art), the Bachelor of Fine Arts (Dramatic Arts), the Bachelor of Fine Arts (Multidisciplinary), Bachelor of Fine Arts (New Media) and the Bachelor of Music. The requirements for these degrees are set out in this Part.

   The Faculty of Fine Arts also offers a Post-Diploma Program (admission is based on a two-year or three-year diploma) leading to the Bachelor of Fine Arts (Art), the Bachelor of Fine Arts (Dramatic Arts), the Bachelor of Fine Arts (Multidisciplinary) and the Bachelor of Music.

   Students with previous degrees may pursue the degree Bachelor of Fine Arts (Art), Bachelor of Fine Arts (Dramatic Arts), Bachelor of Fine Arts (Multidisciplinary), Bachelor of Fine Arts (New Media), or Bachelor of Music.

   Note: Students pursuing a B.F.A. (Art) with a major in Art History/Museum Studies are not required to submit a portfolio.

Art Portfolio Content

Compiling a portfolio of artwork is an important stage in the experience of an art student. The portfolio informs the Art Department about prospective students' creative interests, experience, skills, and direction. When developing a portfolio, applicants should choose their best work and present it as professionally as possible.

Personal Statement

The personal statement (or letter of intent) provides insight to the Art Department about the background and experience, inspirations, and goals of students applying to study in Art programs. In a typed statement of approximately 500 words, applicants should explain their reasons for wishing to enter studies in Art. Applicants should include references to their artistic interests, specific influences, and any educational background in the arts, and include this statement with their portfolio.

Examples of Artwork

The portfolio should consist of 10-20 photographs, slides or digital images of artworks by the applicant that provide a good representation of their range of art interests and skills. Works may be created inside or outside of a formal class environment. If submitting digital image files on a CD or DVD, they should be in jpeg format, approximately 700 x 1000 pixels. Video and other time-based work may be submitted on DVD. Please do not send original works. Applicants may submit more than one image of a single artwork if the work is large or complex.

Applications are encouraged to submit documentation of work in a range of materials and media:

- Drawings, prints, paintings, or murals
- Photography (analog or digital), collage, or other mixed media works
- Video, performance, animation, or audio based work

- Sculpture, fibre, or ceramic work
- Website, graphic novel, and zine productions
- Sketchbook and journal examples

Image/Media List

The portfolio must include a typed, numbered list of all images and/or media submitted, with titles, materials, dimensions, and dates, along with the applicant's name and contact information.

Applicants should label each slide or photograph with their name and contact information as well as the name and date of the work. Digital images submitted on CD can be given abbreviated titles.

Portfolio Development

Applicants requiring assistance in building a portfolio are encouraged to complete one or more of the following thematic projects. Applicants must include images of the completed projects(s) in the portfolio, indicating which theme was followed.

- "The Storm." Using only materials cut from magazines, newspapers, and advertisements, make a collage on the subject of the storm.
- Create a 90-second video (DVD or VHS) that investigates the idea of stillness.
- In written form, describe an event in which visual and sensory information were of primary significance to you.
- "This container isn't big enough." Look at this theme photographically using a variety of subjects.
- Draw one or two hands in the form and relationship they would have if they were holding something real.
- What is your favourite tool? Produce a mixed media work (combination of collage, drawing, print and/or painting) that explores and reveals your fascination with this tool.

Portfolio Returns

Students are responsible for picking up their portfolio or ensuring it is packaged properly for prepaid return shipping. Any portfolio not picked up by the end of the semester for which the student applied will be destroyed.

Portfolio Deadline

All materials must be received by the following dates:

- Fall semester: June 15

      Students who maintain continuing student status in the Faculty of Arts and Science are eligible for readmission to the Faculty of Fine Arts once their cumulative grade point average returns to 2.00 or above.

      Students who do not maintain continuing student status at the University of Lethbridge after Required Withdrawal from the Faculty of Fine Arts are eligible for readmission under the conditions listed in 2. below provided they are not subsequently admitted to another Faculty/School prior to applying for readmission to the Faculty of Fine Arts.

   2. **Readmission after Required Withdrawal from the University**

      Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

      Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Fine Arts upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of ‘C-’ or above, or ‘P’, up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

5. **INSTITUTIONAL HONOURS**

   a. **Dean's Honour List**

      Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters.

      To qualify students must complete four or more graded courses and achieve a grade point average of 3.75 or higher in their courses.

   b. **Standards for Distinction and Great Distinction**

      Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees “With Distinction” or “With Great Distinction.”

      Students with an Award GPA of 3.5 to 3.74 are awarded their degree “With Distinction.” Students with an Award GPA of 3.75 or higher are awarded their degree “With Great Distinction.”
For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Fine Arts uses the cumulative grade point average as calculated on the University of Lethbridge transcript.

6. INDEPENDENT STUDY

Independent Study may be taken for credit inside or outside of the student's fine arts discipline. A maximum of five Independent Study courses may count for degree credit. Post-Diploma and/or Combined Degrees students may count only three. Independent Study numbers 2990, 3990, and 4990 indicate the level of advancement. Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance.

Independent Study may take a variety of forms including theoretical studies, studio practice, or a combination of both. Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrollment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

7. DEGREE PROGRAMS

a. B.F.A. (Art)

The Department of Art offers degrees in Art Studio and Art History/Museum Studies. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance, and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper level courses. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European and North American and First Nations Art History. This degree program is unique in Canada with its combination of history, theory, and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University’s renowned teaching collection of over 13,000 objects.

The Visiting Speakers in the Arts Program offered through Art Now and Architecture and Design Now, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians, and curators—students have a unique learning experience, one that illuminates national and international achievement. These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design, and related disciplines.

The rapid advancement and integration of digital and interactive technologies within our culture has radically changed the way we communicate and interact with each other. The B.F.A. (New Media) degree was created to meet the present and future need for content creators capable of applying both linear and non-linear strategies to problem-solving situations. By combining traditional art, music, drama practices, theory and criticism with digital and interactive media, the Department of New Media provides students with the skills, knowledge, and experience essential for personal and professional excellence and growth in the field of New Media Communication.

The combination of professional-level technology and in-depth, multidisciplinary artistic investigation makes this New Media program unique. As the industry shifts its focus from a primarily technical workforce to a more intellectually developed, technically diverse talent pool,
graduates of the B.F.A. (New Media) program will be ready to take on complex professional duties requiring high levels of maturity, intellect and technical proficiency.

e. B.Mus.

The Department of Music offers courses within four basic subject areas: History and Literature, Theory and Composition, Applied Music Studies (Studio courses, Ensemble Activity courses, Conducting), and Digital Audio Arts. All Music courses are available to any student provided that he/she can comply with the prerequisites listed in Part 14 - Courses of this Calendar. Entrance to the studio sequence is dependent upon the results of audition and is subject to the availability of instructors.

The B.Mus. with a major in Music is a 'general' Music degree that provides students with a balanced curriculum of scholarly, theoretical, and applied performance studies. The B.Mus. with a major in Digital Audio Arts integrates technology courses with the core curriculum of the general Bachelor of Music degree, but students may also draw from curricula in other disciplines. Students in both majors are encouraged to pursue their individual interests through electives and the General Liberal Education Requirement of the program.

Students intending to pursue a B.Mus. should note that courses in the subject area of theory and studio are sequential in nature. Additionally, many theory and history courses core to the B.Mus. are currently offered only once per Calendar year. Prospective B.Mus. candidates are advised to begin their theory studies (Music 2160 and Music 2161) in their first Fall Semester at the University in order to permit the completion of the degree within a four-year period. While all B.Mus. students with a major in Music should begin the studio sequence (Music 2148) in their first semester at the University, composition students must begin Studio I in the Fall semester.

Students interested in pursuing a B.A. with a Music major should refer to the degree requirements listed under Part 7 - Arts and Science, Section 21.w. (p. 142).

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

The University of Lethbridge Art Gallery maintains the Art Collection; organizes on-campus and touring exhibitions for the entire campus and the general public; and provides research access to the collection as part of the Faculty of Fine Arts. The Collection is one of the most significant in Canada with over 13,000 objects including work from Canada, America, and Europe as well as media ranging from drawing, printmaking, and painting to photography, sculpture, and installation. The majority of works span the 19th and 20th centuries, but we have earlier periods and continue to grow with 21st-century additions.

The Gallery programs are an integral part of the teaching program in the Department of Art. The collection was founded with the goal of providing students with an experience of original works of art on their own terms. Students have incomparable opportunities for research access to works in the collection and to information associated with these works. Students and faculty are able to view individual works on request.

9. UNIVERSITY THEATRES

The Faculty of Fine Arts has four performance spaces in the Centre for the Arts: the University Theatre, Recital Hall/Film Theatre, the David Spinks Theatre and the Drama Studio. The University Theatre is a 450 seat fully-equipped proscenium theatre, while the Recital Hall/Film Theatre is a smaller venue ideally suited for music concerts, lectures and films. The David Spinks Theatre is a completely equipped black box theatre with flexible seating for approximately 220 and the Drama Studio is a smaller version of the Spinks Theatre.

All four of the performance spaces are prime teaching facilities of the Departments of Theatre and Dramatic Arts and Music. Visiting artists complement and support the programs of the Faculty and of the University as a whole.

      4. Encourages students to participate in all phases of university life and encourages the highest degree of interaction between student and faculty.
      5. Encourages close relationships with the local community as well as the wider provincial, national and international communities.
      6. Protects the right, for students and faculty, of free expression and communication of ideas, and expects that they will assume responsibility for such action.
   b. With respect to education in the discipline of nursing, the Faculty of Health Sciences prepares baccalaureate graduates as beginning practitioners in the Nursing Education in Southwestern Alberta (NESA) programs, Bachelor of Nursing and Bachelor of Nursing After Degree, as well as B.N. graduates who previously have obtained a Diploma in Nursing in the Post-Diploma program.

   3. Prepare graduates to be caring holistic practitioners who base their nursing practice on sound theoretical knowledge and research evidence.
   4. Promote excellence in clinical practice by developing: clinical decision-making; diagnostic reasoning; interpersonal skills; innovative clinical practice; leadership behaviours; and, technological knowledge and skill among its graduates.
   5. Place special emphasis on issues related to rural, elderly and aboriginal populations.
   6. Encourage the professional development of its diverse faculty as educators, clinicians, researchers and community advocates.

**2. PROGRAM INFORMATION**

The Faculty of Health Sciences offers the following programs:

**a. Bachelor of Nursing**

**MISSION:**

The Nursing Education in Southwestern Alberta (NESA) program, Bachelor of Nursing, is a collaboration between Lethbridge College (LC) and the University of Lethbridge. The B.N. program prepares professional baccalaureate nursing graduates as generalist entry-level practitioners.
who are committed to self-directed lifelong learning in nursing practice.

PROGRAM GOALS:

1. Provides education that promotes innovative nursing practice and scholarship.
2. Utilizes a teaching/learning process that is learner-centred and facilitates lifelong learning and continuing competence.
3. Prepares graduates to be caring holistic professionals who base their nursing practice on theoretical knowledge, evidence, and standards for nursing practice.
4. Promotes quality clinical practice to the full scope of the baccalaureate nursing role.
5. Places theoretical and clinical emphasis on cultural, social, and health issues, particularly related to rural, elderly, and Aboriginal populations.
6. Encourages the professional development of its diverse faculty as educators, clinicians, researchers, and community advocates.
7. Collaborates with clinical and community partners in nursing education, practice, and research.

TEACHING-LEARNING MODEL FOR NURSING COURSES

The B.N. program uses a variety of learner-centred active learning strategies, including problem-based learning. The learning environment will include small and large groups and diverse clinical settings. Students will learn under the guidance of an experienced nurse faculty member. Situations from real nursing practice have been carefully chosen to guide students toward the learning outcomes of the nursing courses. Whenever possible, nursing theory courses are aligned with concurrent clinical practice experiences.

Students are expected to take responsibility for their own learning and that of their peers. The members of the learning group determine what they need to know to care for the client in the nursing situation and how they will acquire the knowledge, and share their learning with each other. Knowledge from non-nursing courses is integrated into nursing courses. The aim is that graduates will be lifelong learners who are skilled in the processes of learning and in working effectively as a member of a team.

Successful completion of the four-year baccalaureate program earns the student a Bachelor of Nursing (B.N.) degree.

Students will be expected to incur the costs of obtaining the prescribed uniform and other equipment such as a stethoscope. Travel outside of Lethbridge will be expected for clinical practice. In certain practice courses, regular travel within Lethbridge is expected.

b. Bachelor of Nursing After an Approved Degree

The Nursing Education in Southwestern Alberta (NESA) program, Bachelor of Nursing After Degree, is a collaborative program offered by the University of Lethbridge and Lethbridge College. New applicants must apply directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge College for the first two semesters of the program. For the remaining semesters of the program, students will register in and attend courses at the University of Lethbridge (see Section 4.g.i., p. 208).

c. Post-Diploma Bachelor of Nursing

Students who hold licensure as Registered Nurses may complete the Bachelor of Nursing program in one year or 12 consecutive months (see Part I - Admission, Section 4, p. 41).

Successful completion of the post-diploma baccalaureate program earns the student a Bachelor of Nursing (B.N.) degree.

d. Bachelor of Health Sciences

1. Addictions Counselling

The Addictions Counselling major in the Bachelor of Health Sciences was developed by Medicine Hat College and the University of Lethbridge. The Addictions Counselling major provides students with the practical skills and the theoretical knowledge needed for an effective and compassionate role in treatment, prevention and health promotion wherever addiction, or the potential for addiction, affects people’s lives. The Addictions Counselling major considers a range of intervention strategies and addictive behaviours, including substance abuse, problem gambling, and sexual or eating disorders.

The Addictions Counselling major includes two semesters of internship placement where students will work closely with professionals in the addictions field. Students may be required to travel to placements outside of the Lethbridge area.

Successful completion of the Addictions Counselling major in the four-year baccalaureate program earns the student a Bachelor of Health Sciences (B.H.Sc.) degree.

2. Public Health

The Public Health major in the Bachelor of Health Sciences prepares students for non-clinical work and graduate study in the field of Public Health. Graduates will have the practical skills and the theoretical knowledge needed for employment in a variety of public health roles including: health promotion (individual or population health-focused), disease prevention, analysis and surveillance, health policy, administration/project management, and community development.

The strong emphasis on health, biological and social sciences within this program develops the critical thinking and analytic skills required for practice in the rapidly changing field of public health. Health is explored as a multidimensional concept with an emphasis on the economic, social, political, and cultural dimensions of population health. Students may choose to complete an honours thesis or a practicum placement within three areas of focus (applied public health practice, health policy and promotion, or public health administration).

The Public Health major in the B.H.Sc. is the first of its kind to be offered at the baccalaureate level in Alberta.
PROGRAM GOALS:
1. Provides an interdisciplinary education and collaborative practice focused on promoting the health of populations and individuals.
2. Utilizes traditional, problem-based and cooperative/team learning/teaching processes and facilitates lifelong learning.
3. Prepares graduates to be critical public health practitioners and health promotion facilitators with a broad range of competencies for public health practice.
4. Integrates theoretical knowledge and practical skills with an emphasis on cultural, social, political, and health issues, particularly related to seniors, and rural and Aboriginal populations.
5. Collaborates with interdisciplinary and sectoral community partners in supporting public health education, practice, and research.

TEACHING-LEARNING MODEL FOR PUBLIC HEALTH COURSES

The Public Health major uses a variety of learning strategies including traditional, problem-based, and co-operative/team learning. Students are expected to take responsibility for their own learning and to support the learning of their peers. The members of the learning group collaborate to identify key concepts in case examples, acquire knowledge and share their learning through group discussion and classroom activities.

Knowledge from a range of sciences and disciplines is integrated with public health and health promotion. The interdisciplinary nature of this program will support students as they cross disciplinary boundaries to complete their core curriculum. Graduates are expected to develop a critical public health perspective on health issues, be lifelong learners and develop applied skills in community health assessment, community development, health promotion, population health surveillance, and appraisal of evidence.

Students will have opportunities to participate in service learning in a variety of community settings. Experiential learning opportunities provide the practice and skill development needed to support students in developing a range of core competencies for public health practice.

Students are expected to incur the costs of any required travel within or outside of Lethbridge associated with practicum placements. In certain practice courses, regular travel is expected.

Successful completion of the Public Health major in the four-year baccalaureate program earns students a Bachelor of Health Sciences (B.H.Sc.) degree.

e. Post-Diploma Bachelor of Health Sciences

1. Addictions Counselling

Students holding approved diplomas may be eligible to enter the Post-Diploma B.H.Sc. (Direct Entry) program or the Post-Diploma B.H.Sc. (Extended) program:

- Graduates of the Keyano College Aboriginal Addictions Services Diploma will be considered only for admission into the Post-Diploma B.H.Sc. (Extended) program.
- Graduates of other college programs in addictions counselling will be considered for admission to the appropriate program.

Successful completion of the Post-Diploma Bachelor of Health Sciences (Direct Entry) program or the Post-Diploma Bachelor of Health Sciences (Extended) program earns the student a Bachelor of Health Sciences (B.H.Sc.) degree.

f. Bachelor of Health Sciences After an Approved Degree (see p. 208.)

3. ADVICE AND INFORMATION

a. General

The Faculty welcomes both part-time and full-time students. However, it suggests that since the educational experience includes more than the sum of the courses, there is much to be gained by attending as a full-time student for at least a portion of the program. This is particularly important for students pursuing the Bachelor of Nursing or the Bachelor of Health Sciences degree who may be experiencing their first post-secondary educational experience. The Faculty recognizes that many students are also working on a full- or part-time basis. The Faculty encourages students to consider very carefully their paid workload as they plan their program of study. The Faculty will not modify its course requirements in consideration of the work status of its students.

Attendance at the orientation sessions is strongly encouraged. These sessions cover topics important to all students. They also afford students an opportunity to raise questions, seek information and meet other students and faculty.

Students enrolled in the Faculty obtain advice and information from an Academic Advisor. Academic advice may be obtained at any time during the year, but it is recommended that new students consult an Academic Advisor during the weeks prior to registration. This advice may include information about:

1. Approval of programs based on transfer credit.
2. Authorized study at other universities while enrolled in the Faculty of Health Sciences at the University of Lethbridge.
3. Enrolment in more than five courses during one semester, more than three courses in Summer Session I and two courses in Summer Session II and Summer Session III.
4. All aspects of program planning.
5. Academic regulations and degree requirements.
6. Grading system and appeals.
7. Employment opportunities and job placement.

   d. Spoken English Language Proficiency Requirement (SELP)

   In addition to the English Language Proficiency requirement for regular University of Lethbridge undergraduate admission (see Section 6.a in Part 1 - Admission, p. 42), applicants to the Public Health major in the Bachelor of Health Sciences, whose first language is not English, must also meet a Spoken English Language Proficiency requirement. This additional SELP requirement is essential because students must be able to communicate clearly and effectively with colleagues, instructors, health care professionals, and the public in a variety of settings to be successful in the Bachelor of Health Sciences Program. Evidence of Spoken English Language Proficiency must be presented prior to admission and may be shown in one of the following ways:
      1. At least six consecutive years of full-time study in a country where the primary language is English and in a recognized institution where the primary language of the institution is English. c. **After an Approved Degree**

1. **Bachelor of Nursing**

   Students who have an approved degree from a recognized university may choose to complete either the Bachelor of Nursing After Degree program, (see, a. below) or the 40-course Bachelor of Nursing program (see, b. below).

   a. Bachelor of Nursing After Degree program

   This is a 24-month continuous program starting in September of each year (see **Section 4.c., p. 204**).

   b. 40-course Bachelor of Nursing program
5. PRACTICUMS AND FIELD PLACEMENTS

Students who have an earned degree from a recognized university and who wish to enter the Bachelor of Nursing program may have their course load reduced to the extent that the first degree includes courses that are required in the nursing program. It is important to note that such course reduction may not reduce the length of the program because of the sequencing of nursing courses.

2. Bachelor of Health Sciences

The Faculty of Health Sciences offers no formal Bachelor of Health Sciences second degree program due to the high number of unique courses which are required in each major in the B.H.Sc. program. Degree holders will have all the privileges of transfer students with respect to courses transferred in to meet requirements. Students should consult an Academic Advisor in Health Sciences prior to their first semester to develop an individualized course sequencing plan.

At the time of admission, the record of the applicant’s previous degree is examined and a specific program for the student is planned and approved by an Academic Advisor in the Faculty of Health Sciences.

5. PRACTICUMS AND FIELD PLACEMENTS

While not an admission requirement for programs in the Faculty of Health Sciences, many practicum agencies and organizations providing clinical placements require criminal record checks (or equivalent) of students. Consequently, all students accepting an admission offer from the Faculty of Health Sciences must immediately make application for a criminal record check and provide the completed criminal record check by the dates specified above in Section 4. Admission.

Criminal record checks are not kept on file by the Faculty of Health Sciences, but must be in the student’s possession and available to present to practicum agencies and organizations providing clinical placements. The consequences of a prior criminal conviction on a student’s status in the program will be examined and discussed on an individual basis. Please note that students with certain criminal convictions may be refused by practicum agencies and organizations providing clinical placements. Should a clinical placement be refused for any reason by a practicum agency or organization, the Faculty of Health Sciences does not guarantee an alternate placement and the student may be required to withdraw from the program.

Students are required to inform the Faculty of Health Sciences if a change in their criminal record status has occurred while they are in the program and submit a new copy of their criminal record check.

For the Addictions Counselling major in the Bachelor of Health Sciences, individuals with a history of addiction or dependency should note that placement agencies may require students to have a minimum two-year alcohol and other drug-free lifestyle prior to their acceptance in an internship placement.

For any student, transfer credit will initially be to a maximum of 13 semester course equivalents (39.0 credit hours). Not more than five of these course equivalents may be in Nursing subjects. Transfer of additional courses, to a maximum of seven semester course equivalents (21.0 credit hours), will be contingent upon the student’s continuation into the third year of the degree program. Not more than three of these course equivalents may be in Nursing subjects.

Students may receive transfer credit for both Nursing and non-Nursing courses. Nursing courses must have been completed at an accredited post-secondary institution not more than seven years prior to the expected date of completion of the baccalaureate program. Non-Nursing courses are subject to the time limits of the relevant Faculty (see Part 4 - Academic Regulations, Section 3.g., p. 76). Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Faculty of Health Sciences at the University of Lethbridge.

Note: Nursing courses taken at LC that are used for credit in the program are University of Lethbridge courses. Other courses taken at LC and accepted for credit in the B.N. program are considered UofL courses and not as transfer credits.

2. Bachelor of Nursing After an Approved Degree

A student completing the Bachelor of Nursing After Degree may not receive transfer credit.

b. Independent Study

Students with a cumulative GPA of 3.00 or higher may be permitted to earn credit by Independent Study - Health Sciences 4990 and Nursing 4990. Independent Study normally may be undertaken only in areas not covered by courses offered in the curricula.

No student shall receive credit for more than three Independent Studies in the program, except with prior permission of the Dean (see Part 4, Section 3.c, Exceeding Course Limits, p. 73).

Independent Study proposals must be submitted to a Faculty member, who selects one additional Faculty member to examine the proposed study. Formal registration occurs after approval by the Faculty members and the Dean.

Students are required to register the study in the semester in which the work is expected to be completed.

c. Required Withdrawal for One Full Year

A student is required to withdraw from the Faculty of Health Sciences if any of the following occurs:

- the grade point average falls below the minimum listed above for two or more consecutive semesters;*
- the student fails any internship or nursing practicum course; or
- the student fails to meet the Standards of Professional Conduct (see p. 211)

*B.H.Sc. students will only be required to withdraw at the end of the Spring Semester. B.N. students will be required to withdraw from the program at the end of the second semester with a GPA below the minimum as noted above, regardless of when it falls in the academic year, but will be allowed to continue at the University as Open Studies students until the end of the Spring Semester.
A student dismissed for academic reasons may apply for readmission by the appropriate deadline after a lapse of one full year. Readmission is not guaranteed. Students dismissed for a second time will not be re-admitted to the program. Students are advised to contact Student Program Services as early as possible to discuss the possibility of readmission.

A student who completed courses in another Faculty or institution during the period of required withdrawal from the Faculty of Health Sciences is not permitted to count such courses for credit toward the minimum total number of courses required for either a Bachelor of Nursing or Bachelor of Health Sciences degree.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Health Sciences upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, after the first required withdrawal. Credit is retained for all previous courses completed with a grade of ‘C-’ or above, or ‘P’, up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

Where a course has both theory and practice components, students must satisfactorily complete both in order to receive credit.

Faculty members who are supervising clinical practice experiences may require a student to leave a clinical setting at any time if, in the opinion of the Faculty member, the student’s practice threatens patient/client safety or is disruptive to patient/client care. The Dean will review the case in a timely fashion to determine whether, and under what conditions, the student may return to the clinical setting.

8. INSTITUTIONAL HONOURS

a. Dean’s Honour List

Students with outstanding academic performance are recognized on the Dean’s Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters. There are two ways to qualify for the Dean’s Honour List:

1. Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses; or,
2. Students completing three or fewer courses in one semester must achieve a grade point average of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including the current semester.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees “With Distinction” or “With Great Distinction.”

Students with a Graduation GPA of 3.5 to 3.74 are awarded their degree “With Distinction.” Students with a Graduation GPA of 3.75 or higher are awarded their degree “With Great Distinction.”

For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Health Sciences determines a Graduation grade point average by factoring actual grades on transfer courses into the University of Lethbridge cumulative grade point average.

9. STANDARDS OF PROFESSIONAL CONDUCT

The Faculty of Health Sciences at the University of Lethbridge, along with our collaborative partners at Lethbridge College, is committed to maintaining freedoms of thought, belief, opinion and expression for students. The programs also have an obligation to foster academic freedom within the context of relevant professional standards of conduct and with the goal of assisting students to becoming practicing health professionals. The standards outlined below give direction to behaviours which must be visible to all instructors within the program and related courses. These standards are in addition to the standards of Academic and Non-Academic Conduct for the University of Lethbridge outlined in Part 4 - Academic Regulations of this Calendar. Serious violations of the standards of professional conduct may result in a student being disciplined, including being suspended or expelled from the program. A student disciplined in this way may appeal under Part 4 - Academic Regulations, Section 8. (p. 86) of this Calendar.

a. Bachelor of Nursing Programs

Students and faculty are bound by the Standards of Practice of the College and Association of Registered Nurses of Alberta and the Code of Ethics of the Canadian Nurses Association (CNA) (2008). The central values outlined in the CNA Code are:

1. Health and Well-Being: Nurses value health and well-being and assist persons to achieve their optimum level of health in situations of normal health, illness, injury or in the process of dying.
2. Choice: Nurses respect and promote the autonomy of clients and help them to express their health needs and values, and to obtain appropriate information and services.
3. Dignity: Nurses value and advocate the dignity and self-respect of human beings.
4. Confidentiality: Nurses safeguard the trust of clients that information learned in the context of a professional relationship is shared outside the health care team only with the client’s permission or as legally required.
5. Fairness: Nurses apply and promote principles of equity and fairness to assist clients in receiving unbiased treatment and a share of health services and resources proportionate to their needs.
6. Accountability: Nurses act in a manner consistent with their professional responsibilities and standards of practice.
7. Practice environments conducive to safe, competent and ethical care: Nurses advocate practice environments that have the organizational and human support systems and the resource allocations necessary for safe, competent and ethical nursing care.
b. Bachelor of Health Sciences

Addictions Counselling

The ethical standards expected of students and faculty are those found in the Standards of Practice and Code of Ethics of the Canadian Counselling Association (CCA) (1999). The CCA code is very lengthy and students are required to familiarize themselves with the details, located at the following website, as directed by their instructors: www.ccacc.ca/coe.htm

The fundamental principles of the CCA Code are:

1. Respect for the dignity of persons
2. Not willfully harming others
3. Integrity in relationships
4. Responsible caring
5. Responsibility to society
6. Respect for self-determination

Public Health

The ethical standards expected of students and faculty are guided by the Public Health Code of Ethics of the Public Health Leadership Society [PHLS] (2002) and the American Public Health Association [APHA] (2002). Currently, a public health code of ethics is under review by the Public Health Agency of Canada and public health partners. The values and beliefs underlying the PHLS/APHA Code of Ethics for Public Health are as follows:

1. Health & Wellbeing: Humans have a right to the resources necessary for health and wellbeing. The Universal Declaration of Human Rights is affirmed by public health practitioners.
2. Community: Humans are inherently social and interdependent. Positive relationships (among individuals, families, groups, institutions, and communities) contribute to healthy communities. Each person in a community should have an opportunity to contribute to public discourse. Collaboration is a key element to public health. The rights of individuals and one’s right to make decisions for one’s self must be balanced against the common good and impacts on other people (e.g., vulnerable members of society).
3. Trust: Communication underlies public trust and the development of trusting relationships. Factors that contribute to trust include: truth telling, transparency, accountability, reliability, and reciprocity. Listening as well as speaking is a critical part of reciprocity and communication with communities.
4. Interdependence: People (individuals, families, and communities) and their environments (physical and social) are interdependent.
5. Basis for Action: Knowledge is important and powerful. Science is the basis for much of public health knowledge (including both qualitative and quantitative methods). Knowledge is not morally neutral and often demands action. Public health practitioners have a moral obligation to share what is known, to work in collaboration with communities/partners, and to take timely action based on what is known.
6. Respect & Dignity: Respect for the fundamental value and dignity of each human being informs public health action. Information alone is not adequate as a basis for action. Values inform the application of information or the choice of action in the absence of information.

c. Possible Sequencing of Courses
See www.uleth.ca/ross/sequence_plans/pubh_bhs.html for a suggested sequencing plan for the Public Health major in the B.H.Sc. program.

d. ‘Honours Thesis’ Designation
Students pursuing a Public Health major in the B.H.Sc. degree program may choose to complete an undergraduate thesis course (6.0 credit hours), subject to meeting course prerequisites (see Public Health 4995 - Undergraduate Thesis on p. 440). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment.

1. Prerequisites
Prospective ‘Honours Thesis’ candidates must meet the following prerequisites:
   a. Fourth-year standing (a minimum of 90.0 credit hours completed prior to the start of the applicable fall term).
   b. A cumulative minimum GPA of 3.50.

2. Supervisory Committee
For each prospective ‘Honours Thesis’ candidate, a Supervisory Committee will be established. The Supervisory Committee will be approved by the Faculty of Health Sciences and the Coordinators for Public Health in the Faculty of Health Sciences and the Faculty of Arts and Science. The Supervisory Committee will be made up of a Thesis Supervisor (preferably a faculty member from Public Health), and one other reader, who may be from outside the program. The Supervisory Committee approves the topic matter of the proposed thesis at the time of application.

3. Initial Approval

a. The prospective student must present the “Standardized Thesis Proposal Template” to be approved by the Supervisory Committee by April 15th to begin the thesis in September of the same year.

b. Subsequent changes to the Thesis Proposal must be approved by the Supervisory Committee.

c. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.

d. Registration in the course is achieved through approval of the Supervisory Committee and Dean.

e. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given Fall semester.

4. Final Assessment
The final assessment for the undergraduate thesis is based on two criteria:

a. Written Component (80%)
   1. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a public health matter, as approved by the Supervisory Committee at the time of initial approval.
   2. The thesis should be of high quality and will be made publicly available by the Public Health program.

b. Oral Component (20%)
The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student’s competence in oral communication and not necessarily an oral defence of the thesis.

5. Eligibility for ‘Honours Thesis’ Designation
Students are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment only if they achieve a minimum grade of ‘B+’ (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between ‘D’ and ‘B’, inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be
eligible for the ‘Honours Thesis’ designation.

Inquiries about the availability of the “Honours Thesis” option should be directed to the Faculty of Health Sciences Coordinator for Public Health or Academic Advisor. Please refer to Part 4 - Academic Regulations, Section 3.f. (p. 76) for more information on the ‘Honours Thesis’ designation.

The Calgary and Edmonton campuses serve adult learners who may be in the workforce wanting to further their education. These campuses offer the Bachelor of Management (B.Mgt.) as a second degree program (see Section 13, Part 1, Section 3, p. 222).

The Faculty of Management offers minors in First Nations’ Governance, Information Systems, International Management, New Media, Social Responsibility, and Supply Chain Management (see Section 12, Minors, p. 237).

3. ADVISING AND INFORMATION

The need for programs to meet degree requirements makes it essential for new and returning students to seek advice concerning their academic goals, program and standing.

Even though the Bachelor of Management program requires one year of study in the Faculty of Arts and Science prior to admission to the Faculty of Management, students should obtain advice in their first semester concerning requirements for admission to the Faculty of Management.

Students must obtain the approval of the Faculty of Management for:

a. Admission to Management programs.

b. Advance approval of programs based on transfer credit.

c. B.Mgt. as a second degree.

d. Authorized study at other universities.

Students may obtain advice and information from the Faculty of Management Undergraduate Programs Office for:

a. Program selection and planning.

b. Academic regulations and degree requirements.

c. Grading system and appeals.

d. Future scheduling of courses.

e. Prerequisite(s), corequisite(s), and recommended backgrounds.

f. Availability of Independent and Applied Study.

g. Eligibility for the Post-Diploma Program.

4. ADMISSION

Students applying to Management programs are advised to refer to Section 2, p. 222 and Part 1, Section 3, p. 30.

a. Bachelor of Management (B.Mgt.)

Admission to the Bachelor of Management degree program in the Faculty of Management occurs at the second-year level of university studies and is based on the following requirements:

1. Completion of 10 courses which must include:

   a. Economics 1010 - Introduction to Microeconomics
   b. Economics 1012 - Introduction to Macroeconomics
   c. Statistics 1770 - Introduction to Probability and Statistics

   Seven courses (21.0 credit hours) from any faculty outside of Management

   Depending on which major is chosen, a certain number of the seven courses from any faculty outside of Management must be Arts & Science or Fine Arts courses in order to meet the requirements of the major and the General Liberal Education Requirement. Refer to Section 10.b., Major Requirements (p. 227) for further information.
Students should consult program planning materials and complete certain courses in the recommended semesters in order to graduate on schedule.

2. A minimum combined cumulative grade point average at or above the current admission cut-off. The grade point average is calculated on all completed transferable post-secondary courses.

3. In addition to the GPA requirements in 4.a.2, above, students who have taken courses at the University of Lethbridge must have a minimum cumulative GPA of 2.00 or higher on these courses.

4. A minimum grade of ‘C-‘ must be obtained in Economics 1010, Economics 1012 and Statistics 1770.

For students who subsequently have completed an advanced-level course in the discipline, whose prerequisite is a course with a grade less than ‘C-‘, and who receive a grade which is at least a ‘B‘ in the advanced-level course, the ‘C-‘ grade requirement will be waived.

Students who change their program and who have received a ‘C‘ grade in a course required for admission to the Faculty, upon presenting proof from the Registrar’s Office and Student Services (ROSS) that their actual grade was at least a ‘C‘, will not be required to repeat that course to obtain at least a ‘C‘ grade. However, the student’s actual grade will be used for internal purposes, such as calculation of admission GPA and calculation of Management GPA.

5. Registered students seeking a degree may take a maximum of five 3000/4000-level Management courses, including transfer courses, prior to being admitted to the Faculty.

b. Post-Diploma Bachelor of Management (20 course)

1. A student may gain admission to the Post-Diploma Bachelor of Management Degree program by completing an approved diploma in business administration or management with a cumulative program grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

2. Qualifying Program

Some approved college diplomas are not directly admissible to the Post-Diploma Bachelor of Management Degree program (based on program content). For these diplomas, a student may enter the Post-Diploma Bachelor of Management Degree program by successfully completing the Qualifying program. For current information on approved diploma programs, see www.uleth.ca/postdiploma.

A student may gain admission to the Qualifying program by completing one of these approved diplomas in business administration, management, or a related discipline with a cumulative grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

See Section 11.a (p. 233) for details on the courses in the Qualifying program.

For current information on approved diploma programs, see www.uleth.ca/postdiploma.

c. Post-Diploma Bachelor of Management (25 course)

A student may gain admission to the Post-Diploma Bachelor of Management Degree (25 course) program by completing a Land Agent Diploma at Olds College or a Legal Assistant diploma at SAIT Polytechnic with a cumulative program grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

d. Co-operative Education Studies

Admission requirements for the Co-operative Education majors include the same courses as for the respective non-Co-operative Education route. For details on the Co-operative Education program, see Section 5 (p. 224).

Co-op students are selected on the basis of grade point average and the ability to perform in a work setting. Other factors such as work experience, extracurricular activities and volunteer positions are considered when selecting participants for the Co-operative Education Studies program.

e. Bachelor of Management as a Second Degree (B.Mgt.)

Admission to the Bachelor of Management Second Degree program in the Faculty of Management occurs following completion of an approved degree, other than the degree B.Comm. or its equivalent. An approved degree is a baccalaureate degree (with 30 courses or more), or its academic equivalent, from a recognized degree-granting institution. Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean of the Faculty of Management.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Management will be considered with the prior approval of the Dean. The decision of the Faculty will be final in these matters.

f. Certificate Program in Management

Admission to this program is possible through four admission routes (see Part I - Admission):

- Eight or more transfer courses
- A College Diploma
- A previous undergraduate degree
- Adult applicants who are 21 years of age or older.

Please refer to Section 3.c. Adult Student (Mature) Admission Route (p. 36). Note that, in most cases, English Language Arts 30-1 and Pure Mathematics 30 or Mathematics 30 are required.

Courses for the Certificate program in Management are listed in Section 16 (p. 240).

g. Professional Diploma in Accounting

Admission requirements to the Professional Diploma in Accounting (PDA) consist of an undergraduate university degree and a GPA of at least 2.0. Courses for the Professional Diploma in Accounting program in Management are listed in Section 17 (p. 242).

Note: The Professional Diploma in Accounting replaces the PBCA.
h. Limitation on Enrolment: Programs and Quotas

There are enrolment limits on the number of students admitted to programs in the Faculty of Management. Students should note that satisfactory completion of the admission requirements does not guarantee admission to Management programs. Admission to the program is competitive and is based upon academic achievement prior to admission as assessed by the Faculty of Management, whose decision shall be final.

i. Time Limit for Retention of Course Credit

Students may receive credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Faculty of Management.

Eligible diplomas for the Post-Diploma Bachelor of Management Degree program can be no more than eight years old.

j. Conditional Admission

Conditional admission to the Faculty of Management may be offered to applicants in the following situations:

1. Four-year Bachelor of Management

Applicants who are currently completing their final admission requirements at the University of Lethbridge or at another college or university and have a cumulative grade point average at the date of application which is at or above the Faculty's admission cut-off.

2. Post-Diploma

Applicants who are in the final semester of a business-based college diploma and have a cumulative grade point average at the date of application which is at or above the Faculty's admission cut-off.

3. Second Degree

Applicants who have applied for admission to the second degree program, are in the final semester of their first degree and have a cumulative grade point average at the date of application which is at or above the Faculty's admission cut-off.

Applicants who are offered conditional admission must meet the conditions specified in their Letter of Offer. Applicants who fail to meet these conditions will have their offers of admission rescinded.

Note: Students who plan to pursue one major and subsequently change to another major will be required to complete all compulsory courses for the new major.

k. Returning After an Absence from the Faculty of Management

Students returning after no more than a two-year absence may be readmitted to their program of studies in the Faculty of Management upon application to the University and the Faculty.

1. Management students in good standing who are returning after an absence of up to two years are eligible to return to their previous program of studies regardless of the current admission GPA.

2. Any student who takes transferable post-secondary courses during an absence must meet the current admission GPA requirement, grades on transferable courses included.

Applicants who possess the degree B.Comm. or its equivalent from a recognized institution are not admissible to the B.Mgt. program.

5. CO-OPERATIVE EDUCATION STUDIES

Co-operative education is a program that integrates students’ academic studies with full-time remunerated work experience directly related to their major area of study. Co-operative Education provides a well-rounded education and enriches academic knowledge with practical experience totalling 12 to 16 months. Three partners in Co-operative Education—the Co-op Coordinator, the Faculty of Management and employing supervisors—share in the intellectual growth and the professional and personal development of the Co-op Student.

Co-operative Education students must complete all the degree requirements of the Bachelor of Management or the Post-Diploma B.Mgt. In addition to those requirements, the courses required in Years Three and Four for Management Co-operative Education are listed below:

a. Work Term Requirements

Management 3002 - Work Experience I
Management 3003 - Work Experience II
Management 3004 - Work Experience III

Three optional four-month Co-op work terms may be served extra to degree prior to the conferral of the B.Mgt. degree:

Management 3005 - Work Experience IV
Management 3008 - Work Experience V
Management 3009 - Work Experience VI

Students must be registered for the entire duration of the work term(s) applied for and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause ("WC"), in accordance with University of Lethbridge policy (see Part 4, Section 3, p. 72). Where approval is granted by the Coordinator of Co-operative Education and the Director of Student Program Services, a ‘WC’ will be entered on the transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education Programs (AH154; tel. 403-380-1810).

b. Transfer of Co-op Work Terms

For the purpose of fulfilling the Management Co-operative Education requirement of three work term courses to earn the Co-op designation, a maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Management Co-op office. An
approved co-op work term must be registered as a non-academic course on the student’s transcript from the sending institution, and must have received a passing grade (either a letter grade or ‘Pass’).

6. ACADEMIC STANDARDS

To retain satisfactory academic standing students must maintain a cumulative grade point average of 2.00 or above at all stages in their progress toward a degree or certificate.

a. Academic Probation

If the term grade point average falls below 1.70 for one semester and/or the cumulative grade point average falls below 2.00 for one semester at the University of Lethbridge, the student is placed on academic probation.

b. Required Withdrawal for One Full Year

Students will be required to withdraw only following the Spring Semester. If the term grade point average falls below 1.70 for two or more consecutive semesters and/or the cumulative grade point average falls below 2.00 for two or more consecutive semesters at the University of Lethbridge, the student will be required to withdraw for one full year.

A student who has taken fewer than five courses at the University of Lethbridge will not be required to withdraw.

A student who completes courses in any School, Faculty or institution during the period of required withdrawal from the Faculty of Management is not permitted to count such courses for credit toward the B.Mgt. degree. Should a student take a course or courses which are required for fulfillment of his/her degree, additional courses will be assigned to meet that requirement. A student may repeat courses to raise his/her grade point average.

A student required to withdraw for academic reasons must wait a minimum of 12 months from the date of the required withdrawal to reapply. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and remedied. The Faculty of Management does not guarantee that students who have been Required to Withdraw will be permitted to return to their previous program of studies. A student who is readmitted after a required withdrawal is placed on academic probation for the next semester in which he/she registers.

7. REGULATIONS THAT APPLY TO COURSES TAKEN IN MANAGEMENT

a. Course Load

The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours) in the Fall and Spring semesters (see Part 2 - Registration, Section 6.b. Maximum Credit Hours, p. 56). Students may accelerate their programs by carrying heavier study loads or by attending Summer Sessions (see Summer Session chart, p. 56). Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

b. Course Enrolment Limits

Enrolment limits are placed on Management courses to maintain the quality of instruction.

c. Prerequisite(s), Corequisite(s), and Recommended Background

Course prerequisites and corequisites must be met. Only students with the appropriate prerequisite(s) and/or corequisite(s) are considered for enrolment. For some courses, a recommended background is listed instead of, or in addition to, the prerequisite(s) and/or corequisite(s) so that the student may judge his or her own academic preparation (see Part 14 - Courses, Section 4.d.5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions, p. 310 and Part 4 - Academic Regulations, Policies and Program Requirements, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75).

d. Applied Studies

Applied studies provide an opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Management students may earn a maximum of 18.0 credit hours in applied studies (see Part 4, Section 3.c, Exceeding Course Limits, p. 75), broken down as follows:

- a maximum of 6.0 credit hours in Management 3980-3981,
- a maximum of 6.0 credit hours in Management 4980-4981, and

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-329-2000).

e. Transfer Credit

Transfer students who bring in Management 2001 or Management 2xxx may use one of these courses to replace one non-Management elective in the 40-course Bachelor of Management or the 50-course B.Mgt./B.Ed.

f. Independent Study

A student may be permitted to earn credit by Independent Study, designated by the numbers Management 3990 or Management 4990. An Independent Study may not be used to duplicate course offerings.

A proposal for study must be submitted to a Faculty member who will supervise the proposed study. The student may proceed with a formal registration of the study when approval from the instructor and the Dean of the Faculty of Management has been obtained. It is advisable to register in the study in the semester in which the work is expected to be completed.

All applications for Independent Studies shall be reviewed by a committee of the Faculty of Management and no grade shall be registered until approved by the
committee. Completion of a written research report is required; contact Student Program Services in the Faculty of Management for details.

The grading mode is standard.

The prerequisite for Management 3990 is third-year standing (a minimum of 60.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

The prerequisite for Management 4990 is fourth-year standing (a minimum of 90.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

No student shall receive credit for more than three such Independent Studies while registered in the Bachelor of Management or Post-Diploma Bachelor of Management programs (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

8. GRADUATION

a. Minimum Grade Requirement

Students must meet the minimum grade requirement specified for their program—see Bachelor of Management (p. 227), Post-Diploma Bachelor of Management (p. 233), Certificate Programs (p. 240), B.A./B.Mgt. or B.Sc./B.Mgt. (p. 281), B.Mgt./B.Ed. (p. 278), and Post-Diploma B.Mgt./B.Ed. (p. 304).

b. Minimum Cumulative Grade Point Average

For graduation, a student must attain a minimum cumulative grade point average of 2.00 in courses taken at the University of Lethbridge. Courses from another institution accredited to a transfer student are not included in calculation of the cumulative grade point average.

A student must also attain a minimum Graduation grade point average of 2.00 to graduate with a Bachelor of Management degree or a Management Certificate.

c. How Graduation GPA is Calculated

The Faculty of Management calculates Graduation GPA as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>How GPA is Calculated</th>
</tr>
</thead>
<tbody>
<tr>
<td>B.Mgt. (first degree)</td>
<td>GPA calculated on the last 20 courses¹ taken at the UoL</td>
</tr>
<tr>
<td>Post-Diploma B.Mgt.</td>
<td>GPA calculated on the last 20 courses¹ taken at the UoL</td>
</tr>
<tr>
<td>B.Mgt. (second degree)</td>
<td>GPA calculated on the last 20 courses¹ required for the second degree taken at the UoL</td>
</tr>
<tr>
<td>B.Mgt./B.Ed.</td>
<td>GPA calculated on all Mgt. courses (from 10-16) taken at the UoL</td>
</tr>
<tr>
<td>Post-Diploma B.Mgt./B.Ed.</td>
<td>GPA calculated on the 8 Mgt. courses and 7 Arts &amp; Science courses², required for the combined degree, taken at the UoL</td>
</tr>
</tbody>
</table>

¹. The 20 courses needed for GPA calculation will be counted starting from the most recent courses completed to the least recent. If the 20th course falls in a semester where the student has completed more courses than needed for GPA calculation, the courses with the highest grades in that semester will be used.
². May be less than 7 Arts and Science courses.

<table>
<thead>
<tr>
<th>Program</th>
<th>How GPA is Calculated</th>

<tr>
<td>B.A./B.Mgt. and B.Sc./B.Mgt.</td>
<td>GPA calculated on all Mgt. courses (from 10-20) taken at the UoL</td>
</tr>
<tr>
<td>Management Certificate</td>
<td>GPA calculated on all Mgt. and non-Mgt. courses (from 5-10), required for the Mgt. Certificate, taken at the UoL</td>
</tr>
</tbody>
</table>

1. The 20 courses needed for GPA calculation will be counted starting from the most recent courses completed to the least recent. If the 20th course falls in a semester where the student has completed more courses than needed for GPA calculation, the courses with the highest grades in that semester will be used.
2. May be less than 7 Arts and Science courses.

d. Limit on Introductory-Level Courses

Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

e. Maximum Number of Activity Courses

Not more than four Activity courses (that is, courses with a weighting of 1.5 credit hours) may be taken for credit toward the degree.

f. Residence Requirement

A student must satisfy the minimum residence requirement through successful completion of courses, or their equivalent, at the University of Lethbridge as follows:

9. **INSTITUTIONAL HONOURS**
   a. **Dean's Honour List**
      Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters. There are two ways to qualify for the Dean's Honour List:
      1. Students completing four or more graded courses (12.0 credit hours or more) in one semester must achieve a grade point average of 3.75 or higher on these courses; or

10. **BACHELOR OF MANAGEMENT (B.Mgt.)**
    Students who intend to apply for admission to a degree program in the Faculty of Management do so in the second semester of their first year in the Faculty of Arts and Science. Certain courses must be taken in the first year to support a student's application for admission to the Faculty of Management. See Section 4, p. 222 for details.
    Students may apply for admission to one of the following majors: Accounting; Computer Science; Economics; Finance; First Nations’ Governance; General Management; Human Resource Management and Labour Relations; Information Systems; International Management; Marketing; and Political Science.

    **Students are also strongly recommended to consult program planning materials, and complete certain courses in the recommended semesters, to graduate on schedule. These courses vary, depending on the chosen major.**

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within four consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Management Academic Advisors.

1. BASIC INFORMATION

Combined Degrees at the University of Lethbridge are generally 50 courses (five years) in length and provide students with the opportunity to meet the requirements for two degrees offered by two different Faculties. Note that some Combined Degrees programs require more than 50 courses. Students must be admitted to both Faculties responsible for a particular Combined Degrees program before they may be registered formally in the program. Some programs have quotas and there is no guarantee of admission to Combined Degrees programs. The student is granted neither degree until all program requirements for both degrees are satisfied.

The University of Lethbridge offers programs leading to the following Combined Degrees:

- Bachelor of Arts/Bachelor of Education (50 courses)
- Bachelor of Science/Bachelor of Education (50 courses)
- Bachelor of Fine Arts (Art)/Bachelor of Education (50 courses)
- Bachelor of Fine Arts (Dramatic Arts)/Bachelor of Education (50 courses)
- Bachelor of Music/Bachelor of Education (52 courses)
- Bachelor of Management (General)/Bachelor of Education (50 courses)
- Bachelor of Arts/Bachelor of Management (50 courses)
- Bachelor of Science/Bachelor of Management (50 courses)
- Post-Diploma Bachelor of Fine Arts (Art)/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Fine Arts (Dramatic Arts)/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Music/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Management/Bachelor of Education (35 courses)

*After a two- or three-year diploma

2. ADVISING

Combined Degrees are made possible by the efforts and cooperation of two different Faculties. Students are urged to consult with Advisors from both Faculties throughout their program. However, students are usually admitted initially to a pre-Combined Degrees program in the Faculty of Arts and Science, or the Faculty of Fine Arts for programs including the B.F.A. or B.Mus., where they remain for the first two years of the program, regardless of which Faculties are responsible for the particular Combined Degrees program the student intends to pursue. Students may be admitted to the Combined Degrees program after completion of 20 courses. Transfer students may be admitted directly to a Combined Degrees program if they meet admission requirements.

3. BACHELOR OF ARTS/BACHELOR OF EDUCATION

BACHELOR OF SCIENCE/BACHELOR OF EDUCATION

a. Admission

Students begin this program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Arts and Science may declare their intention of completing the combined B.A./B.Ed. or B.Sc./B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.A./B.Ed. or pre-B.Sc./B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

Note: While application for admission after 20 courses is the preferred academic plan, those students who have completed 30 or more courses may also apply for admission to this program.

1. Faculty of Education Admission Requirements for the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees Program

Based on the Faculty’s quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part I - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

a. Completion of a minimum of 19 Arts and Science courses.

Education courses (other than Education 2500) taken at the University of Lethbridge before the completion of Professional Semester I do not contribute to the fulfillment of B.Ed. program requirements.

Students who transfer from another institution with 20 courses will be considered for admission with a minimum of 15 Arts and Science courses and 5 appropriate Education courses.

Note: Students who have not completed a major portion of the General Liberal Education Requirement prior to admission to the Combined Degrees program may not be able to complete degree requirements in 50 courses.
b. A minimum cumulative grade point average of 2.50 on all UofL and transferable courses taken within the semesters containing the last 20 courses (60.0 credit hours).

c. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all transferable courses.

Admission requirements for the major may be met in one of the following ways:

1. Completion of at least eight semester courses in a single discipline major.
2. Completion of at least 11 courses in the 15-course multidisciplinary major; including at least five courses in the main teaching subject area.
3. Completion of at least 11 courses in the 16-course General Major; including at least five courses in the main teaching subject area.

d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 167).

Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

e. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:

- obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam
- obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
- passing the Alberta Universities’ Writing Competence Test (AUWCT)
- obtaining a pass in the ‘Writing for University’ course
- obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in Writing 1000
- obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in a university English course
- successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

2. Completion of Additional Admission Requirements in Specific Majors:

- Dramatic Arts - completion of an acceptable portfolio, performance audition and interview.

- Music - completion of an acceptable performance audition and/or interview.

- Native Education - completion of five of the seven courses required in the school subject minor. A minimum cumulative grade point average of 2.50 out of 4.0 is required on all graded courses comprising the minor.

- Physical Education - completion of a Physical Education and Sport Activities report which must include:
  - brief description of experience (personal physical activity, teaching movement or physical activity, coaching experience, workshops/clinics, certification),
  - written confirmation of experiences (letter of reference, certificate of achievement).

Students should consult Student Program Services in the Faculty of Education for guidelines regarding the requirements stated above.

3. Special Case Admission

Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.b. Special Case Admission (p. 164) for details.

4. Aboriginal Special Case Admission

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 164) for details.

Physics 2000 - Introduction to Physics II

*Has prerequisite (Engineering 2000) that is not part of this major.

Biology 1010 - Cellular Basis of Life is highly recommended for all students in the B.Sc./B.Ed. program whose major is Chemistry.

The major in Chemistry for the Combined Degrees program is not accredited by the
Canadian Society for Chemistry nor is it normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Chemistry at a Canadian university.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Departmental advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

*Engineering 2000 and Mathematics 1560 are prerequisites for Engineering 2060.*

Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for such courses except Physics 3750 and some offerings of the Physics 3900 series.

It is recommended that Physics majors in Combined Degrees include courses in Biology, Chemistry, Computer Science, and Mathematics.

Since a number of senior-level Physics courses are offered only in alternate years, students are advised to plan carefully to include the desired courses.

Consequently, students who intend to pursue a degree program with a major in Physics are strongly advised to seek help in planning their program from the Department of Physics and Astronomy.

The major in Physics for the Combined Degrees program provides a strong foundation in Physics, but it is not normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Physics at a Canadian university.

e. **Education Minor Requirements**

Students may elect to complete a minor in addition to a major. The minor must be a school subject, and must not be the same subject as the major.

With the exception of the minor for Native Education majors, minors include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. The minor for Native Education majors includes seven non-Education courses in a school subject and an appropriate Education methods course.

**Note:** For Native Education majors, the additional courses for completion of a minor are two electives in the school subject (see Part 8 - Education, Section 5.a.3. Minors for Native Education Majors, p. 166).

Students are eligible to receive an endorsement on their official transcripts upon completion of a minor.

For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

For a listing of Education minor requirements, see Part 8 - Education, Section 7. Education Minors (p. 170). Students are urged to seek advice from Student Program Services in the Faculty of Education regarding appropriate course choice and an appropriate Education course.

f. **Education Specialization Requirements**

Students may elect to complete a specialization in addition to a major or minor. Students will be eligible to receive an endorsement on their official transcript upon completion of a specialization.

Education students completing a major or minor may not include, in the specialization, any of the courses that are included in the minimum requirements for their major or minor.
Please refer to Part 8 - Education, Section 8. Education Specializations (p. 174) for information on Education Specialization Requirements.

g. Academic Regulations
In the Combined Degrees program, students divide their time between two different Faculties which measure different standards of academic performance. Students should read the academic regulations for each Faculty in which a portion of the Combined Degrees will be taken. For the B.A./B.Ed. or B.Sc./B.Ed., students should be aware of the Arts and Science regulations (Part 7) and the Education regulations (Part 8).

h. Residence Requirement
Students must complete a minimum of 30 courses at the University of Lethbridge, including 15 Education courses, and 15 Arts and Science courses including at least one-half of the required courses in the major.

i. Education Special Study Arrangements

Applied Studies
Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2501, Education 2510 and Education 4980. The Applied Studies Program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study
A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.A./B.Ed. or B.Sc./B.Ed. (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Study Tours
Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education.

4. BACHELOR OF FINE ARTS (ART)/BACHELOR OF EDUCATION

a. Admission
Students begin this program in the Faculty of Fine Arts where they progress toward completion of Fine Arts degree requirements and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Fine Arts may declare their intention of completing the combined B.F.A. (Art)/B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.F.A. (Art)/B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.F.A. (Art)/B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Fine Arts (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

1. Faculty of Education Admission Requirements for the 50-Course (150.0 credit hours) B.F.A. (Art)/B.Ed.
Based on the Faculty’s quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Note: While application for admission after 20 courses is the preferred academic plan, those students who complete 30 or more courses may also apply for admission to this program.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

a. Completion of a minimum of 19 Fine Arts and Arts and Science courses (57.0 credit hours).

Education courses (other than Education 2500) taken at the University of Lethbridge before the completion of Professional Semester I do not contribute to the fulfillment of B.Ed. program requirements.

Students who transfer from another institution with 20 courses will be considered for admission with a minimum of 15 Fine Arts and
Arts and Science courses and five appropriate Education courses.

Note: Students who have not completed a major portion of the General Liberal Education Requirement prior to admission to the program may not be able to complete the Combined Degrees requirements in the specified number of courses.

b. A minimum cumulative grade point average of 2.50 on all UofL and transferable courses taken within the semesters containing the last 20 courses (60.0 credit hours).

c. Completion of a minimum of eight courses (24.0 credit hours) in Art and/or Art History/Museum Studies, including all transferable courses, with a minimum cumulative grade point average of 2.50.

d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 167). Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

e. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:
   - obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam
   - obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
   - passing the Alberta Universities’ Writing Competence Test (AUWCT)
   - obtaining a pass in the ‘Writing for University’ course
   - obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in Writing 1000
   - obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in a university English course
   - successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

2. Special Case Admission

Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.b. Special Case Admission (p. 164) for details.

3. Aboriginal Special Case Admission

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 164) for details.

b. Faculty of Fine Arts Requirements for the 50-Course (150.0 credit hours) B.F.A. (Art)/B.Ed.

1. Completion of 22 Art and/or Art History/Museum Studies courses (66.0 credit hours) with a grade point average of at least 2.00.

2. Completion of the General Liberal Education Requirement (see Part 4 - Academic Regulations, Section 11, p. 89).

3. Completion of at least eight Art and/or Art History/Museum Studies courses (24.0 credit hours) at the 3000/4000 level.

4. A maximum of three Independent Studies (9.0 credit hours) (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

5. Not more than eight courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. a. Admission

Students begin this program in the Faculty of Fine Arts where they progress toward completion of Fine Arts degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Fine Arts may declare their intention of completing the combined B.F.A. (Dramatic Arts)/B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.F.A. (Dramatic Arts)/B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.F.A. (Dramatic Arts)/B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Fine Arts (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

2. Special Case Admission

Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.c. Special Case Admission (p. 164) for details.

Students may be admitted to the pre-B.A./B.Mgt. or pre-B.Sc./B.Mgt. when they are admitted to the University. After 10 courses, students may apply to the Faculty of Management and, if accepted, will be formally registered in the B.A./B.Mgt. or B.Sc./B.Mgt. program. Students are not officially in the Combined Degrees program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and to the Faculty of Management. If a student is admitted to the Combined Degrees program and subsequently chooses or is required to withdraw from the Faculty of Arts and Science or the Faculty of Management, he or she must make formal application to the Faculty in which he or she intends to pursue a degree.

I. Faculty of Management Admission Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt.

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society for Chemistry nor is it normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Chemistry at a Canadian university.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Departmental advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

e. Academic Regulations
In the Post-Diploma Combined Degrees program, students divide their time between two different faculties which measure different standards of academic performance. Students should read the academic regulations for each faculty in which a portion of the Combined Degrees will be taken. For the Post-Diploma B.F.A./B.Ed. or B.Mus./B.Ed. students should be aware of the Education regulations (Part 8) and Fine Arts regulations (Part 9).

f. Education Minor Requirements
Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. Students are eligible to receive an endorsement on their official transcripts upon completion of a minor. Please refer to Part 8 - Education, Section 7. Education Minors (p. 170) for information on Education Minor Requirements.

g. Education Specialization Requirements
Students may elect to complete a specialization in addition to a major or minor. Students will be eligible to receive an endorsement on their official transcript upon completion of a specialization. Please refer to Part 8 - Education, Section 8. Education Specializations (p. 174) for information on Education Specialization Requirements.

h. Residence Requirement
Students must complete a minimum of 35 courses (105.0 credit hours) at the University of Lethbridge, including a minimum of eight courses (24.0 credit hours) in the discipline and 20 Education courses (60.0 credit hours).

i. Education Special Study Arrangements
Applied Studies
Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2501, Education 2510 and Education 4980. The Applied Studies program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, the Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

A maximum of two Independent Studies may be completed in the B.Ed. portion of the Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. and of the Post-Diploma B.Mus./B.Ed. (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Study Tours
Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

10. POST-DIPLOMA COMBINED DEGREES PROGRAM IN MANAGEMENT AND EDUCATION
a. Admission
Students begin the program classified as Pre-Post-Diploma B.Mgt./B.Ed. in the Faculty of Management. After completing one or two semesters and Education 2500, students apply to the Faculty of Education. Students are not officially in the Post-Diploma Combined Degrees program until they have been admitted to BOTH the Faculty of Management and the Faculty of Education.

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

1. Faculty of Management Admission Requirements for the 35-Course Post-Diploma B.Mgt./B.Ed
a. A student may gain admission to the Post-Diploma Bachelor of Management Degree program by completing an approved diploma in business administration or management with a cumulative grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

b. For some approved college diplomas (based on program content), students may gain admission by successfully completing the Qualifying program.

See Part 11 - Faculty of Management, Section 11.a (p. 233) for details on the courses in the Qualifying program.

2. Faculty of Education Admission Requirements for the 35-Course Post-Diploma B.Mgt./B.Ed.
Based on the Faculty’s quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part 1 - Admission, p. 29.

There are enrolment limits on the number of students admitted to the Faculty of Education. Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UoL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

a. A minimum grade point average of 2.50 calculated on all UoL and transferable courses completed within the semesters containing the last 20 courses. If any part of the diploma falls within the last 20 courses (60.0 credit hours), the entirety of the diploma (i.e., diploma GPA) is considered in the computation.
b. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all diploma courses.

c. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4 Education 2500 Prerequisite, p. 167). Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

d. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:

- obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam
- obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
- passing the Alberta Universities’ Writing Competence Test (AUWCT)
- obtaining a pass in the ‘Writing for University’ course
- obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in Writing 1000
- obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in a university English course
- successful completion of a recognized course from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

e. Special Case Admission

Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.b. Special Case Admission (p. 164) for details.

f. Aboriginal Special Case Admission

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 164) for details.

b. Faculty of Management Requirements for the 35-Course (105.0 credit hours) Post-Diploma B.Mgt./B.Ed.

1. A minimum grade of ‘C’ is required in Statistics 1770; Writing 1000 OR a university English course; all Management courses; and all courses in the major marked with an asterisk (*). Students who take Economics 1010 and/or Economics 1012 as part of their degree requirements must achieve a minimum grade of ‘C’.

Note: The Faculty of Management requires that students complete Writing 1000 or a university English course with a minimum grade of ‘C’. However, if a student chooses to meet the Faculty of Education’s Writing Proficiency Requirement (WPR) by completing Writing 1000 or a university English course, a minimum grade of ‘B’ is required.

4. DEFINITIONS
   a. Semester
   Semester refers to a period of study. Students should consult the Academic Schedule (p. 17) at the front of this Calendar to learn the specific dates for the start and end of each semester.

   b. Course
   Course refers to a unit of study (called a course or course equivalent) normally studied for one semester. A course normally carries a weighting of three credit hours. The University offers some units of study which deviate from this norm.

   c. Course Types
   1. Applied Studies
   An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (AH154; tel. 403-382-7154).

   2. Independent Study
   A course for which credit is earned through individual study under the supervision of an instructor. This option may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Course work may require library and/or field research and/or a major term paper.

   Students wishing to improve their grade in an Independent Study course must repeat the section with the identical title (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

   For further information, students should consult the Department or the Faculty member under whom they wish to pursue an Independent Study (see also the Independent Study sections in Part 7 - Faculty of Arts and Science, p. 114; Part 8 - Faculty of Education, p. 169; Part 9 - Faculty of Fine Arts, p. 185; Part 10 - Faculty of Health Sciences, p. 210; Part 11 - Faculty of Management, p. 225).

   3. Series
   A course which is offered regularly at the University of Lethbridge, but whose content may vary with different offerings. Each Series has one number (e.g., Anthropology 3100, English 3700) and different offerings in the series are indicated by the title of the course, as listed in the current semester Timetable. Students may take more than one offering of a series course for credit if the offerings are distinct (i.e., if each offering taken has a different title).
Students wishing to improve their grade in a Series course must repeat the section with the identical title (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

A series course may be specified as a required course in a major or program.

4. Topics
A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Any Faculty or School may offer Topics courses. Each Topics course is identified by the number 2850, 3850, 4850, 5850 or 7850, and different offerings are indicated by the title of the particular section, as listed in the current semester Timetable. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Contact hours for Topics courses may vary according to the nature of the course. Check the specific Topics offering for complete information. Students wishing to improve their grade in a Topics course must repeat the section with the identical title. From time to time, Topics offerings are made into regularly scheduled courses and listed in the Calendar. In this case, students must complete the regularly scheduled course that corresponds to the particular Topics offering in order to improve their grade (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

A Topics course cannot be specified as a required course in any major or program.

5. Cross-Listed
Cross-listed courses appear in this Calendar and will appear on the student's academic records in the dual form, for example, Management 2070/ Economics 2070. Such courses do not apply toward the limit of four University accredited courses which may be taken outside Arts and Science.

6. Online
Courses may be offered online or have online components. Such courses are identified in the current semester Timetable. The course information listed in the Calendar (e.g., credit hours, course description, etc.) applies to all offerings of that course.

7. Placeholder
   a. Active Student Status
A Placeholder course (e.g., Education 5999, New Media 4999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.
   b. Continuing Student Status
A Placeholder course (e.g., Agricultural Studies 3999, Environmental Science 3999, Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to this Placeholder.

   c. Full-Time Status
Professional Semester I and II Placeholder courses (i.e., Education 3599 and Education 3699) which facilitate block-registration arrangements to be finalized by the Faculty of Education. For student loan/scholarship enrolment verification purposes, 15.0 credit hours are attached to this Placeholder.

8. Graduate Level
The Master of Arts (M.A.) and Master of Science (M.Sc.) course requirements are determined at the time of admission to the program. For further information on course requirements, see the University of Lethbridge 2011/2012 Graduate Studies Calendar.

The Master of Education (M.Ed.) program requires students to complete core courses and electives to satisfy degree requirements. The courses are listed under ‘Education, Master of Education Courses’ in this Part. For further information on course requirements for the M.Ed. program, see the University of Lethbridge 2011/2012 Graduate Studies Calendar.

The Master of Science (Management) program requires students to complete four modules composed of specific courses listed in this Part under ‘Management, Master of Science (Management) Courses’. For further information on course requirements for the M.Sc. (Management) program, see the University of Lethbridge 2011/2012 Graduate Studies Calendar.

The Doctor of Philosophy (Ph.D.) course requirements are determined at the time of admission to the program. For further information on course requirements for the Ph.D. program, see the University of Lethbridge 2011/2012 Graduate Studies Calendar.

d. Course Elements
1. Subject and Course Number
   The subject identifies the course discipline, and the course number identifies the course level (see Section 3. Course Numbering System, p. 308).

2. Course Title
   A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are bound by the regulations given in Part 4 - Section 3.b. Repeat of a Course, p. 74.

Special regulations apply to Topics and Series courses (see Section 4.c.3. Series, p. 308 and 4.c.4. Topics, p. 309).
3. Credit Hours
The weighting factor of a course when determining grade point average. Regular full-semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A student requires a minimum of 120.0 credit hours to complete a standard four-year degree at the University of Lethbridge.

4. Contact Hours
There are two types of contact hours: (1) Hours per week, and (2) Other hours. ‘Hours per week’ are regularly scheduled weekly meeting times, while ‘Other hours’ are meeting times which are scheduled at irregular times over the semester.

Hours per week (regular): a-b-c
- a - number of required lecture hours per week
- b - number of required laboratory hours per week
- c - number of required hours per week in a different setting (e.g., tutorial)

Other hours (irregular): d-e-f
- d - number of required lecture hours per semester
- e - number of required laboratory hours per semester
- f - number of required hours per semester in a different setting (e.g., tutorial, field trip, rehearsal)

All contact hours may be delivered by a number of means, including, but not limited to, the following:
- a regular University classroom
- a University computer lab
- online
- an off-campus location

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions
Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s), and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.

A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.

For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisite(s) so that the student may judge his or her own academic preparation.

Prerequisites, corequisites, and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.

6. Equivalent
Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see Part 4 - Section 3.b. Repeat of a Course, p. 74).

Note: A course offered at a given level (2000-, 3000-, 4000-level) will be used to meet requirements only at that level.

7. Substantially Similar
Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see Part 4 - Section 3.c.1. Substantially Similar Course Limits, p. 75).

8. Grading
Grading indicates what type of grade will be awarded as defined in Part 4 - Academic Regulations. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

5. FEES
For complete information about all fees, including additional fees for field trips, major specialty, etc., see Part 3 - Fees.

6. TIMETABLE
Normally classes start at 8:00 a.m. on a 50-minute schedule Mondays, Wednesdays and Fridays, and on a 75-minute schedule Tuesdays and Thursdays. Some classes may be scheduled on a Saturday, if necessary, or in the evening. Normal lecture time is three hours per week, excluding laboratories. Special timetabling is arranged for Summer Session.
7. DISCLAIMER
The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published.
The University reserves the right to add, modify or withdraw any course or courses without notice.

PHILOSOPHY 3410 Advanced Ethics
Credit hours: 3.0
Contact hours per week: 3-0-0
How is knowledge about morality possible? Can reason and argument really tell us how we ought to act? And even if we can sometimes know how we ought to act, can morality act as a decisive check on self-interest? This course will examine current accounts of moral reasoning as well as deeper questions about what moral values are.

PHILOSOPHY 3411 Game Theory in Philosophy
Credit hours: 3.0
Contact hours per week: 3-0-0

Using the techniques of philosophical analysis, we will study this tool for its insights into disciplines as diverse as politics, economics, ethics, military strategy, psychology and evolutionary biology.

PHILOSOPHY 3412 Philosophy of Science
Credit hours: 3.0
Contact hours per week: 3-0-0
Our modern world has been shaped by science, and it is important for all of us to reflect on its meaning and justification. In this course we examine questions such as: How can we tell the difference between science and pseudo-science? Is science literally true? Is science biased by class, culture or gender? What really happens during a scientific revolution? Is there really such a thing as scientific progress? How do scientists test their theories? What factors threaten scientific progress? Are there limits to science? Can we have too much science, or be too much influenced by it? Which scientific developments are philosophically important? This course is accessible to students who are not specialists in science but who have an open mind to new concepts.
Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy
Recommended Background: Logic 2003; Philosophy 2002 and/or one course designated 'Science' — see Part 4 - Academic Regulations, Section 11, List III: Science Courses, p. 91
PHILOSOPHY 3420
Wittgenstein
Credit hours: 3.0
Contact hours per week: 3-0-0
One of the most important and original philosophers of the 20th Century, Ludwig Wittgenstein influenced philosophical movements (Logical Positivism, Linguistic Philosophy, Logical Behaviourism) and our very conception of the nature of Philosophy. Beginning with the Tractatus Logico-Philosophicus (1921) and its picture theory of meaning, this course examines Wittgenstein’s Tractarian integration of logic, language, representation, and reality. The course then examines Wittgenstein’s intermediate (1929-34) criticism of the Tractatus and his unorthodox views on scientific hypotheses and the illusion of mathematical truth, culminating in an examination of Wittgenstein’s later discussions (primarily in Philosophical Investigations) of rules, rule-following, and certainty. Investigations of rules, rule-following, mathematical truth, culminating in an

PHILOSOPHY 3460
Philosophy of Peace
Credit hours: 3.0
Contact hours per week: 3-0-0
For the fortunate, peace is a presumed and unexamined backdrop to our world. We fail to reflect on the practices and institutions that make peace possible; we begin to consider peace only when it is jeopardized. At that point a violent response may seem inevitable. What is peace? How can peace best be pursued in today’s world? Are there alternatives to violence in responding to serious conflict? We will explore philosophical and practical aspects of conflict resolution, nonviolent citizen action, pacifism, and just war theory. Also covered are logical and ethical issues in post-conflict reconciliation including collective and individual responsibility, forgiveness, apology, roles of victims and perpetrators, truth commissions, and war crimes trials.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

c. Measuring Academic Performance for Scholarship Purposes

1. Academic Records
Only academic records from the last five years will be considered for measurement of academic achievement.

2. High School Applicant Awards
These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in Part 1 - Admission. Unless otherwise stated, the minimum admission average required is 80 percent for scholarships and 70 percent for awards.

Equivalent credentials from other educational jurisdictions will be considered in accordance with the Admission guidelines stated in the University of Lethbridge Calendar.

Awards offered to high school applicants based on predicted grades are subject to cancellation or changes to the award value if actual admission averages deviate more than 5 percent or drop below an actual admission average of 80 percent.

3. Transfer Awards
These awards are for students entering the University for the first time and admitted as Transfer applicants as defined in Part 1 - Admission. Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in Section 1.e. Definition of Terms (p. 453). In the case of scholarships and awards for which the main criterion is academic achievement, consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours while enrolled in a post-secondary level program. These courses must transfer into the program for which the candidate has been admitted to the University. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

4. Post-Diploma Awards
These awards are for students entering the University for the first time and admitted as College Diploma applicants as defined in Part 1 - Admission. Unless otherwise stated, the criterion for post-diploma awards is demonstrated academic achievement measured by the diploma cumulative program Grade Point Average. The minimum cumulative program GPA required is 3.5 for scholarships and 3.0 for awards.
5. **Collaborative Program Awards**

These awards are for students who have completed their course work at the collaborating college and are starting their full-time course work at the University of Lethbridge. Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in Section 1.e. **Definition of Terms.** Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the preceding Fall and Spring semesters while attending full-time studies at the collaborating college. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

6. **Undergraduate Awards**

These awards are for students who are continuing in full-time studies in their undergraduate degree program. Unless otherwise stated, the criterion for undergraduate awards is demonstrated academic achievement measured by the award Grade Point Average as defined in Section 1.e. **Definition of Terms.** Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the last two semesters while attending full-time studies at the University of Lethbridge. While 24.0 credit hours is the minimum criterion which applies, all other things being equal, those students taking more than 24.0 credit hours over the academic year will be given priority in the case of a tie. Summer Session courses are not calculated in a student’s award Grade Point Average. Unless otherwise stated the minimum award GPA required is 3.5 for scholarships and 3.0 for awards. For award purposes Pass/Fail courses are included in the 24.0 credit hours; courses designated Credit/Non-Credit are not included in the 24.0 credit hours.

Students with an Incomplete or Continuing grade appearing on their transcript in the last two semesters will have until **August 15** to complete the course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.

7. **Athletic Awards**

Athletes must have been enrolled in full-time studies (9.0 credit hours) in each of the previous Fall and Spring semesters while participating on a University of Lethbridge Pronghorn athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program. Unless otherwise stated, the minimum award GPA required is 2.0. All athletic awards are subject to Canadian Interuniversity Sport (CIS) regulations.

7. **FINANCIAL ASSISTANCE**

Application forms and information for Government Financial Assistance Programs are available from the Scholarships and Student Finance Office (AH151, tel. 403-329-2585). General eligibility for full-time assistance is:

- Canadian citizen or Permanent Resident of Canada
- A valid Social Insurance Number
- Study in an approved post-secondary program of at least 12 weeks in length
- Courses must be applied to a recognized certificate, diploma or degree
- Demonstrated financial need.

All government financial aid programs are need based. Students apply for the program through a provincial application form. One application encompasses the Canada Student Loans and Grants program, and Provincial Loans and Grants. The Scholarships and Student Finance Office has all provincial application forms and staff will assist students to determine which application to use. Students must apply to the province which they are considered residents of, not necessarily the province they are attending school in.

The government determines financial need by assessing costs the student will incur for tuition, fees, books and moderate living costs. Savings, part-time earnings, scholarships, assets, and parental contributions may be assessed as resources and formulated as to whether a student has need. Students may appeal the outcome of the government needs assessment.

Allow four to eight weeks for an application to be processed. Students are advised to apply before June 1 for Fall funding. Students will receive a Notification of Assessment with directions on where the loan documents and grant cheques will be sent (either to the school or to the student’s address on their application). If the loan document is not certified by the school when the student receives it, the loan document must be taken to the University of Lethbridge Cash Office (AH144). Tuition and fees owing will be deducted from the loan document. The document is then brought to the Scholarships and Student Finance Office (AH151) for official verification of full-time enrolment. The loan document is then sent to the applicable lender or ‘service provider’; check your loan document for instructions on how to get your money. Students are strongly advised to read all applications and documents before signing. Know your rights and responsibilities!

In semesters when a returning student who has previous government student loans does not take out additional student loans, it is essential the student complete and submit a Confirmation of Enrolment form. This will protect the student (interest-free) status of the loan. Confirmation of Enrolment forms must be filed for both Canada and Provincial student loans, if both have been previously issued to the student.

General eligibility for part-time financial assistance is the same as full-time assistance. Check with the staff at Scholarships and Student Finance for further details.

Financial assistance programs for students with permanent disabilities are also available. Check with the staff at Scholarships and Student Finance for further details.

The following websites have more information on the Government Financial Assistance Programs for students:

- Alberta residents: www.alis.alberta.ca/studentsfinance
- All other provincial links can be accessed from: www.canlearn.ca

a. **Repayment**

Students are responsible for repaying their student loans. However, loans are not repayable during periods of full-time studies and for six months after graduation or withdrawal. In certain cases repayment may be deferred for additional periods after the six months’ exemption, upon successful application for the Repayment Assistance Program.

b. **Withdrawal from Courses**

Students must maintain a minimum course load in order to stay eligible for government student assistance. When on full-time government student assistance, a student must maintain a minimum of a 60 percent course load (9.0 credits per Fall or Spring semester). If a student withdraws to below a 60 percent course load, the student may be required to repay some or all funding received. Grant money may be converted to loan money. Check with the staff at Scholarships and Student Finance before withdrawing from courses.

c. **Incomplete (I) and Continuing (X) Grades**

Courses used in one semester to determine eligibility for student loan purposes cannot be used in subsequent semesters toward a student’s full-time registration. Independent and Applied Studies courses are classified as one course and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

d. **University Emergency Loan Fund**

Emergency Loans are available for University of Lethbridge students who require temporary assistance to cover essential living expenses. Students cannot receive emergency assistance to cover registration deposits, tuition, books, fines or debts to other University departments. Students requiring Emergency Loans are registered as full-time students and are recipients of government student loans. In essence these loans are short-term advances.

Emergency Loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans or grants. These advances are also available, in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

1. **ADMISSIONS**

In addition to processing all applications for admission, Admissions personnel provide on-campus advising regarding admission requirements and application procedures to prospective students. Admissions is located in the Registrar’s Office and Student Services (ROSS) (SU140; 403-320-5700).

*Admissions website: www.uleth.ca/ross/admissions*

2. **BOOKSTORE**

**Retail Services**

The University Bookstore is located on Level 2 of the Students’ Union Building. It stocks all required texts and course materials. The Bookstore also carries a full line of general reading books, stationary, art supplies, University apparel, and giftware. Hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday. Extra hours are posted and advertised as required.

**Textbook Reservation Service**

The Bookstore will do your textbook shopping for you. Access the Bookstore’s website at www.uleth.ca/bookstore for information as it becomes available. Textbook reservation service is only available for the Fall semester.

**Returns Policy**

The Bookstore’s policy for returning textbooks and other materials is clearly stated on the ‘Return Policy’ attached to the receipt with your purchase. If you are unsure whether an item is returnable, please ask the Bookstore staff for clarification.

**Used Book Buybacks**

If a textbook is going to be used the following semester, and the Bookstore requires inventory, we will purchase good quality used copies from students. This service is available daily from 9:00 a.m. to 3:30 p.m., except during semester opening (watch for time changes). As well, the Bookstore sponsors semi-annual ‘Used Book Buybacks.’ These ‘buybacks’ are held for five days each semester during exam week in April and December. Exact dates and times are posted on campus and on the Bookstore website. During the buyback, a representative of a book wholesale company is at the Bookstore, purchasing used texts which, although they may not be used at the University of Lethbridge, will be used at...
other universities in North America. The prices paid for these books are determined by the wholesaler.

3. BUS SERVICE
The City of Lethbridge operates a regular bus service between West Lethbridge and downtown in accordance with a published schedule, including two stops at the campus. Bus passes and additional information on schedules are available from the Students’ Union Rackerman’s Service Centre (SU232) and the City of Lethbridge.

4. CAMPUS CARD
The University of Lethbridge Campus ID Card is the official picture identification of the University of Lethbridge. All students, faculty, and staff need this card in order to access vending, printing, photocopying, food services, recreation facilities, athletic events, the Library, and some off-campus services.

Campus ID Cards may be obtained at the computer labs in Anderson Hall (AH150) or University Hall (E644). Picture ID is required. For more information on hours or location call the IT Solutions Centre (tel. 403-329-2490). The initial card is free—replacing a damaged, lost, or stolen card is $10.

5. CAMPUS WOMEN’S CENTRE (CWC)
The Campus Women’s Centre offers many services to the University and its surrounding community. It’s a safe, quiet place where women (and men) can come to talk. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life, and personal conflict. Although the Campus Women’s Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women’s Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters, and food banks.

The Women’s Centre has a wide range of pamphlets and information about topics including sexual health, birth control, cancer, STIs, pregnancy, nutrition, HIV and AIDS, drug and alcohol abuse, mental health, spirituality, feminism, daycare services, self-esteem, losing weight, and piercing.

Throughout the year, the Women's Centre organizes and participates in a variety of events impacting women in our society today. These events include National Day of Remembrance and Action on Violence Against Women, International Women’s Day, Breast Cancer Awareness Month, and AIDS Week.

Currently each student contributes a levy fee of one dollar in the Fall and Spring semesters. Since the Women’s Centre fee is not compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid “uleth.ca” account. Alternatively, students may stop by the office (SP150) and fill out an opt-out form. Refunds will be administered during the last week in October for the Fall semesters and the last week in February for the Spring semesters. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women’s Centre in person to receive their refund in cash. A valid University ID card is required.

6. CAREER RESOURCES CENTRE (CRC)

Counselling Services is located in Turcotte Hall (TH218). The primary purpose of Counselling Services is to contribute to the total well-being and development of individual students. Personal counselling, career counselling, and academic skills development programs are offered to assist students in realizing their educational, social, and personal potential. The Office’s services are extended without charge on a confidential basis.

Although Counselling Services normally operates on an appointment basis, counsellors see students experiencing a personal crisis as quickly as possible. After-hours and weekend emergencies should be handled through Campus Security (403-329-2345) or the emergency service at the Regional Hospital. Personal crisis situations experienced after hours should be directed to the Distress Line of Southwestern Alberta (403-327-7905).

Students with career, personal, and/or academic concerns are encouraged to make a counselling appointment before the situation becomes overwhelming. For an appointment call 403-317-2845 or go to TH218.

Counselling Services website: www.uleth.ca/counselling

For employees of the University, counselling is available through the Employee Assistance Program. Call 403-329-2494 for further information.

12. DISABILITIES

The University of Lethbridge attempts to meet the special needs of students with disabilities. Many students have unique needs, and response must be made on an individual basis. Dealing with these needs may require the student in question to liaise with a number of provincial and non-profit agencies, as well as University of Lethbridge personnel. For more information and possible assistance with these matters, contact the Disabilities Resource Centre (B760; 403-329-2766).

The Disabilities Resource Centre can support student requests for special testing or registration procedures once their disability has been documented. They can also guide students to local services or agencies which may be of assistance. Special equipment or specialized services frequently must be funded through agencies outside the University of Lethbridge. Questions regarding physical access may also be brought to the Disabilities Resource staff who will then direct students to the appropriate University office or personnel. Further information is available on the Disabilities website.

Disabilities website: www.uleth.ca/ross/counselling/disabilities

Health Education

Students can book time for one-to-one education on any topic of concern. The Health Centre Educator—Dianne Carter, RN—is available to give presentations to small groups or classes and will assist with getting a guest speaker from a local health organization. Campus-wide health education events also occur on a weekly basis; check out the displays held in a variety of places on campus.

Health Insurance

There are two types of health insurance. Firstly, by law, all students MUST have basic provincial health insurance (this pays for doctor’s bills, hospital care, and most medical tests). Usually, this insurance is from your home province. If you have
questions about the Alberta Health Care Insurance Plan (AHCIP) or your home province insurance, please ask the Health Centre staff.

Secondly, there is an extended benefit plan which assists in paying for items not covered by provincial health insurance. Students should either have an extended benefit plan from their work or family or have the Students’ Union Health and Dental Plan. The Students’ Union Health and Dental Plan assists with the cost of medications, ambulance rides, therapies, and dental costs. If you have questions about the Students’ Union Health and Dental Plan, drop by SU180.

Note: The University does not assume responsibility for the cost of medical treatment or hospitalization.

We want you to learn about your own health as you also grow academically. Please ask for help when you need it!

15. HOUSING SERVICES

Students are eligible to apply for awards if they are:
- an applicant entering the University from high school or from another post-secondary institution; or,

31. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal and Provincial governments of Canada provide financial assistance to help residents in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants, on the basis of demonstrated financial need. The Scholarships and Student Finance Office provides application forms and advising concerning these financial aid programs.

The level of government financial assistance awarded to an individual depends both on evidence of financial need and on personal circumstances. During the 2011/2012 academic year, the maximum amount an Alberta resident is eligible to receive is $13,300 in combined Federal and Provincial student loan funding. Students may also qualify for low or middle income grants in their first and subsequent years of study. Grants are also available for students with dependents and students with permanent disabilities.

Financial assistance is also available to students who are considered to be residents of other provinces. The amount and type of provincial or territorial funding available for out-of-province students varies according to the individual provincial or territorial guidelines.

Government student loans are interest-free while students are attending full-time at a post-secondary institution. To ensure that interest-free status continues during full-time study, it is the student's responsibility to provide appropriate proof of enrolment to all lenders holding the student's loan(s). Repayment of government student loans begins six months after ceasing to be a full-time student.

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies may be required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next semester is automatically cancelled. Students intending to return to full-time studies in the next semester and who require financial assistance must submit a new financial assistance application for the appropriate period of studies.

Students who need to apply for financial assistance should apply prior to the semester in which assistance will be required. Many provinces and territories do have deadlines and it is advisable to check the deadlines in advance of application. Processing of an application can take four to six weeks and processing must be completed prior to the end of the semester to which it pertains.

Independent and Applied Studies courses are classified as one course (3.0 credit hours) and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

Payment of tuition and fees are a first charge against assistance received from government (both Federal and Provincial) student loan certificates and grants/bursaries. For application forms and more information, please visit the Scholarships and Student Finance Office, located in Anderson Hall (AH151) or call 403-329-2585.

More information on Federal and Provincial Government Student loan programs is available from the following website:

GLOSSARY

Academic Advisor
Individual who provides advice to students regarding their program, major, or other academic concerns at the University of Lethbridge.

Academic Medals
Awarded to mark the achievements of the University's top students. The University's Faculties and Schools award gold medals at Spring Convocation to the top undergraduate students in Arts, Science, Education, Management, Fine Arts, and Health Sciences. An additional undergraduate gold medal (the William Aberhart Medal) is awarded by the Alberta Teachers Association. In the School of Graduate Studies, medals of merit are awarded to the most distinguished students graduating with a Master's degree. The overall top undergraduate and graduate students in the institution receive, respectively, the silver and gold medals of the Governor General of Canada.

Academic Objective
Students planning to transfer to another university to complete a professional program declare an academic objective, which is their ultimate academic destination at a transfer institution (see Part 7 - Faculty of Arts and Science, Section 23, p. 156).

Academic Schedule
The University’s schedule of dates and deadlines. These dates are legislated by General Faculties Council (GFC) and are not negotiable (see page 17).

Accredited or Recognized Institution
A university or college from which the University of Lethbridge normally accepts transfer credit.

Add/Drop
Period of time at the beginning of each semester when students may add or drop courses. Courses that are dropped by the Add/Drop deadline do not appear on the transcript as Withdrawals.

Alberta Council on Admissions and Transfer (ACAT)
An independent body consisting of representatives from the public, students, universities, public colleges, technical institutions, Alberta Vocational Colleges, private colleges, and Alberta Education. The Council is responsible for developing policies, guidelines, and procedures designed to facilitate course and program transfer arrangements among post-secondary institutions. The basic objective of the Council is the enlargement of educational opportunities for students.

Alberta Universities' Writing Competence Test (AUWCT)
This test may be used to meet the Writing Proficiency Requirement for the Faculty of Education at the University of Lethbridge (see Writing Proficiency Requirement). For specific information or to register for the test, students should contact Language Services (SU047; tel. 403-329-2053).

Alumni
Individuals who have had a degree conferred on them by the University of Lethbridge. Associate Alumni are those who have completed 10 or more courses toward a University of Lethbridge degree. (Alumnus - single male; alumna - single female; alumni - plural.)

Alumna/Alumnus of the Year Award
Awarded by the University of Lethbridge Alumni Association to recognize those individuals who have demonstrated outstanding academic achievement and have gained an international reputation in their chosen field.

Applied Studies
An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (AH154; tel. 403-329-2000).

Audit Student
A student who has been granted permission by an instructor to attend lectures in a course on the understanding that the student may not submit assignments, sit for examinations, or participate in class discussions (except by invitation of the instructor). The course appears on the transcript, and the non-grade AU designation appears (see Part 2 - Registration, Section 3.e., p. 54).

Bridge (www.uleth.ca/bridge)
The University’s online system that contains information and services such as application status, scholarship applications, course registration, fees, tax statements, and access to final grades.

Canadian Registered Nurse Examination (CRNE)
A national examination for all students who have completed a program in approved Nursing school.

Cognates
Courses from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.

Cohorts
A group of students with a particular program focus who are admitted together and register together in a particular sequence of courses. Currently cohorts exist in the M.Ed. and M.Sc. (Management) programs.

Combined Degrees Program
Program offered at the University of Lethbridge which allows a student to complete requirements for two degrees simultaneously. The requirements for the 40-course single degree configuration are modified for the Combined Degrees program. Neither degree is awarded until all requirements for both degrees are completed.

Concentration
A defined set of courses related to the major but generally over and above the minimum requirements for the major. It may be required or optional. If a concentration is required for a major, both the major and concentration must be completed as neither may stand alone. Concentrations are not available in all programs.

Contact Hours
The total number of hours of instruction to which a student is obligated for a specific course. This number includes weekly lectures, labs, and tutorials, as well as other irregularly scheduled requirements.
Contingent Transfer Credit

Continuing Student
An admitted student who has been enrolled in at least one course (including Placeholder courses) in each consecutive Fall or Spring semester from the time of his or her most recent admission to the University.

Convocation
An assembly for the purpose of conferring degrees; students are not graduates until degrees are conferred. Convocations are held twice annually (see Part 5 - Graduation).

Corequisite(s)
A course which must be taken prior to or in conjunction with another course.

Counsellor
A mental health professional eligible for provincial certification who provides personal counselling for students. This may include career or academic counselling. Vocational interest and related testing is provided by counsellors as required.

Credit Hours
The weighting factor of the course when determining grade point average. Regular full semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 2030 is worth 6.0 credit hours). A University of Lethbridge student requires 120 credit hours to graduate with a four year degree.

Cross-Listed Course
A single course which may be designated as originating from two different Faculties/Schools within the University and which counts in both disciplines.

Department
A formal subdivision within the Faculty of Arts and Science and the Faculty of Fine Arts at the University of Lethbridge. Departments are responsible for developing and administering programs and courses related to specific disciplines.

A branch of knowledge or learning.

Distinguished Teaching Award
The Distinguished Teaching Award was established in 1987 to recognize the central importance of teaching to the philosophy and goals of our University. The award is presented at Convocation.

English as a Second Language (ESL)

Required of all students, both admitted and Open Studies, for whom English is not the first language. This requirement may be met in a variety of ways (see Part 1 - Admission, Section 6, p. 42).

Equivalent Courses
Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see Part 4 - Section 3.b. Repeat of a Course, p. 74). Courses that are equivalent are denoted with an ‘Equivalent’ course element in the course description.

Exchange Student
A student enrolled at one university who is attending another university under an approved exchange program.

Extra to Program Transfer Credit
Transfer credit which cannot be used to meet program requirements. For example, students may transfer in a maximum of 20 courses for a single 40-course degree. A student presenting 25 transferable courses will receive credit for only 20 of them toward that degree. The remainder will be deemed “extra to program.” The designation of the specific 20 courses is flexible depending upon the program requirements that the student must meet.

Faculty
A formal subdivision within the University. Faculties are responsible for the development, approval, and administration of programs and courses related to specific degrees.

Fee Payment Schedule
A schedule of fee payment dates and deadlines for students. These dates are set by Financial Services and are not negotiable (see page 63).

Fiat Lux - ‘Let there be light.’
The University’s motto and the words seen on its shield.

Final Grades
Grades recorded on the transcript for completed courses. Students may access their final grades via the Bridge.

Full-Time Student
According to the University, any student enrolled in at least nine (9.0) credit hours (three semester courses) in a Fall, Spring, or Summer semester is considered full-time. Students enrolled in Co-operative Education Work Experience courses are considered to be full-time. Registered M.A., M.Sc., or Ph.D. students are considered to be full-time. Students receiving full-time government student loans for Summer Session will need to be registered from May through August in the minimum nine (9.0) credit hours (three semester courses) to qualify. Some exceptions to provincial/territorial student loan regulations exist: contact Scholarships and Student Finance for eligibility requirements.

Government or other agencies may require more than these minimums per semester for loans or scholarships for which only full-time students are eligible.

General Admission
Basic, default admission into programs which do not have quotas or other requirements (e.g., auditions, portfolios) in addition to the basic admission requirements which all new students must meet.

General Liberal Education Requirement
A 12-course requirement for all University of Lethbridge undergraduate students. The requirement is based on the liberal education philosophy of the University and is designed to ensure that students acquire breadth of knowledge encompassing a wide range of disciplines.

Grade Point Average (GPA)
The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is calculated on all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). Other types of GPA such as Admission GPA or Program GPA are used by certain Faculties or units at the University of Lethbridge. These are defined by the
Faculty or unit who uses them (see **Part 4 - Academic Regulations**).

**Grading Mode**
Grading mode indicates what type of grade will be awarded as defined in **Part 4 - Academic Regulations**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

**Individual Multidisciplinary Major**
An individual major designed by the student. The major must be an in-depth study of a subject rather than a broad survey. The major must incorporate knowledge from several disciplines and should be derived from existing Arts and Science curriculum. It may not duplicate a program offered at the University.

**Ingrid Speaker Medal for Distinguished Research, Scholarship, or Performance**
The Ingrid Speaker Medal was established in 1995 to recognize the importance of research, scholarship and performance at the University of Lethbridge. The award is presented at Convocation.

**International Student**
Any student whose nation of citizenship is not Canada, and who is not a Landed Immigrant in Canada. Classification as an International Student impacts fee assessment only.

A scheduled class meeting time separate from the normal three hours per week in which a lecture is held. The laboratory is set aside for practical learning, such as experiments, solving problems or listening and speaking (in the case of language courses).

**Major**
The primary academic focus of a program. It is generally a defined set of courses in a subject area. For each declared single degree, diploma, or certificate, a major must be declared. Generally, unless otherwise specified, a student may declare only one major per credential sought, i.e., degree, diploma, or certificate (refer to the Double Majors sections in the applicable Faculty parts of the Calendar). For the BASc., two majors must be declared. For Combined Degrees, two majors must be declared, i.e., one major for each degree sought.

**Member of the University Community**
Member of the University community means any student, employee, alumni, volunteer, person participating in a non-credit program offered by the University, person invited to participate in a University sponsored event, contractor, or guest of the University.

**Minor**
A defined set of courses comprising a secondary focus of the program. It is generally not related to the major. A minor may be required or optional. Minors are not available in all programs.

**Multidisciplinary Major**
A major which focuses on a single subject area but incorporates knowledge from several disciplines. Multidisciplinary majors at the University of Lethbridge include Agricultural Biotechnology, Agricultural Studies, Archaeology and Geography, Biochemistry, Canadian Studies, Computer Science and Geographical Information Science, Environmental Science, Exercise Science, Neuroscience, and Urban and Regional Studies. Students may also elect to pursue an individual multidisciplinary major (see **Part 7 - Arts and Science, Section 21.kk. Individual Multidisciplinary Major**, p. 152).

**Notice Board (www.uleth.ca/notice/)**
A website maintained by the Department of Information Technology where campus community members can “post” notices about upcoming events or happenings.

**Nursing Education in Southwestern Alberta (NESA)**
The Faculty of Health Sciences, in collaboration with Lethbridge College, prepares baccalaureate graduates as beginning practitioners in the Nursing Education in Southwestern Alberta (NESA) programs, Bachelor of Nursing and Bachelor of Nursing After Degree.

**Occasional Student**
See **Open Studies Student**.

**Official Transcript**
Transcripts are considered official when they bear the seal of the issuing institution and when they are sent directly from the issuing institution to the receiving institution.

**On-Campus Recruitment (OCR)**
The process by which employers conduct job interviews on campus.

**On-Campus Student**
A student enrolled in one or more courses delivered on the University of Lethbridge campus, even if the student is enrolled in other courses delivered off campus.

**Open Studies Student**
A student who is not formally admitted to a program at the University but who is permitted to take one or more courses in a given semester. Courses taken as an Open Studies Student may count in a University program if a student later applies and is admitted to a program at the University (see **Part 2 - Registration, Section 3.f., p. 54**).

**Part-Time Student**
According to the University, a student who is registered in fewer than nine (9.0) credit hours (three semester courses) in a Fall, Spring or Summer semester is considered part-time. Students receiving full-time government student loans for the Summer Session should contact Scholarships and Student Finance for provincial/territorial student loan eligibility.

**Plagiarism**
The submission by a student of the writings, ideas, or data of another individual as the student’s own in any essay or assignment.
Pre-Program
A program offered by the Faculty of Arts and Science in which the student completes requirements for admission to a professional program at the University of Lethbridge or another university.

Prerequisite(s)
The preliminary requirement which must be met or waived before a course can be taken.

Prerequisite Waiver
Written permission from a Faculty/School allowing a student to register in a course without the proper prerequisite. Prerequisite waiver forms may be obtained from the Department/Academic unit (see Section 3.d. Waiver of Prerequisite/Corequisite, Part 4 - Academic Regulations, p. 75).

President's Award for Service Excellence
Inaugurated in Spring 2003, this award honours Administrative Staff members who enhance the reputation and improve the effectiveness of the University of Lethbridge through service, commitment, and participation.

Program
A specific set of course requirements leading to the completion of a set of admission requirements, a degree, diploma, or certificate, either at the University of Lethbridge or at an institution with which the University has formal transfer arrangements.

Quota Program
Any University of Lethbridge program in which admission involves special requirements including, but not limited to, enrolment quotas, specific admission averages, or mandatory admission criteria such as interviews, portfolios, particular prerequisite courses, etc.

Recommended Background
A course which is not a preliminary requirement for another course but contains material which would provide a good background for that course. Students may take a course for which they do not have the recommended background but should be aware that they may have more difficulty with the course than a student who has the recommended background.

Rescinding Admission/Registration Privileges
The President has the power and authority to rescind (i.e., remove or revoke) an offer of admission to an Undergraduate Studies program or Graduate Studies program at the University of Lethbridge at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur. This same presidential authority in its entirety applies to Open Studies students and authorization to register. See Part 1 - Admission, Section 10. Caveat - Authority to Rescind Admission/Registration Privileges (p. 50).

Rescinding Registration Privileges/Prohibiting Access to University Property
The President has the power and authority to rescind any student’s registration in a course, an Undergraduate Studies program, or Graduate Studies program at the University of Lethbridge and prohibit the student from accessing University property at any time. See Part 4 - Academic Regulations, Section 7. Caveat - Authority to Rescind Registration Privileges/Prohibit Access to University Property (p. 85).

Residence Requirement
The number of courses which must be completed at the University of Lethbridge in order for the degree, diploma, or certificate to be conferred. See Part 4 - Academic Regulations, Section 3.g. (p. 76) for specific information on all program residence requirements. Some Faculties/Schools specify the number of courses students must take after the point of admission.

Returning After an Absence
Any applicants or students who were admitted to a University of Lethbridge program, completed one or more semesters at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who did not complete any university-level studies in the interim.

Returning Transfer
Any applicants or students who were admitted to a University of Lethbridge program, completed one or more semesters at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who completed university-level studies in the interim.

School
A formal subdivision within the University. Schools are responsible for the development, approval, and administration of programs and courses related to specific degrees.

Senate Volunteer Award
Inaugurated in Spring 2005, this award honours worthy recipients having a record of singularly exemplary and distinguished volunteer service to the University. This award is available to any member of the University community.

Senior Citizen
Any individual aged 65 years or older. Classification as a Senior Citizen impacts fee assessment only.

Series Course
A regularly offered course whose content may vary with each offering. Each series course has one course number (e.g., Anthropology 3100 or English 3700). Different offerings in a series course are indicated by the course title. A series course may be specified as a requirement in a major or program. Students may receive credit for more than one offering in a series if the offerings are distinct (i.e., if each offering has a different course title).

Specialization
A defined set of courses related to the major but over and above the minimum requirements for the major. It includes an experiential learning component such as a required internship. It may be required or optional. Specializations are not available in all programs.

Student
Student means any person, including a faculty or staff member, who is a) registered or enrolled in one or more credit and non-credit courses and programs at the University of Lethbridge for the current or a future term; or b) registered or enrolled in any University-sponsored program.

Substantially Similar Courses
Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see Part 4 - Section 3.c.1. Substantially Similar Course Limits, p. 75). Courses that are substantially similar are denoted with a ‘Substantially Similar’ course element in the course description.
**Summer Session**
The University of Lethbridge offers courses during the period May through August. Summer Session I occurs during the period early May through late June; Summer Session II occurs during the period early to late July; Summer Session II/III occurs during the period early July to mid-August; and Summer Session III occurs between the end of July and mid-August.

**Tabula Rasa**
Literally 'a clean slate.' A student who is required to withdraw from the University of Lethbridge may apply for readmission. Upon readmission, Tabula Rasa allows the student to retain credit for certain courses while the points and hours are removed from the student's record and the grade point average is rolled back to zero. This academic amnesty allows the student to retain credit for courses and to start over again with respect to grade point average. Tabula Rasa is available only in the Faculty of Arts and Science (see Section 3.e., p. 101), the Faculty of Fine Arts (see Section 4.e.2, p. 184), and the Faculty of Health Sciences (see Section 6.c., p. 210).

**Term**
For Fall or Spring, a 13-week semester. The Summer term comprises a number of separate sessions. Summer Session I is six weeks, Summer Sessions II and III are three weeks each, and Summer Session II/III is six weeks.

**Topics Course**
A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Each Topics course is identified by the number 2850, 3850, 4850, or 5850, and different offerings are indicated by the title of the particular section. Students may take more than one offering of a topics course for credit if the offerings are distinct (i.e., if each section taken has a different title).

A Topics course cannot be specified as a required course in any major or program.

**Transferable Course**
Courses offered at another post-secondary institution which may be awarded transfer credit, given successful admission of the student to an appropriate program at the University of Lethbridge.

**Transferable Grade Point Average**
The average of all grades a student is awarded for all completed transferable courses (including both passing and failing grades), whether or not these courses are actually transferred to a University of Lethbridge program.

**Transfer Credit**
Credit granted at the University of Lethbridge for courses taken at another university or college. Specified transfer credit corresponds directly to specific courses at the University of Lethbridge and satisfies specific program requirements. Unspecified transfer credit (1000-level unspecified, 2000-level unspecified, etc.) is granted in terms of approximating subject and course levels and may not satisfy specific program requirements.

**Transfer Student**
A student who has attended another post-secondary institution and who has been admitted to the University of Lethbridge with a minimum of nine (9.0) hours of transfer credit.

**Tutorial**
A scheduled class meeting time separate from the normal three hours per week in which a lecture is held. Tutorials allow opportunity for students to receive help from an instructor in specific areas, or to practice skills gained during lectures.

**Unclassified Student**
See Open Studies Student.

**Undergraduate Student**
A student enrolled in a program which leads to a Bachelor's degree, a diploma or a certificate at the University of Lethbridge.

**University Shield**
The University's shield was designed in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The University's motto, 'Fiat Lux,' the Latin for 'Let there be light,' is lettered on a gold and silver band below the shield.

**Unofficial Transcript**
Transcripts are considered unofficial when issued directly to the student.

**Visiting Student**
There are two types of visiting students:

1. A University of Lethbridge student who has obtained special permission to study at another university for a time, and to receive credit at the University of Lethbridge for any course(s) taken on another campus. Permission must be obtained before enrolment at the other university. Contact the relevant Academic Advising office for more information.

2. A student enrolled at another university who has obtained special permission to study at the University of Lethbridge for a time and to receive credit at the other institution for any course(s) taken on the University of Lethbridge campus.

**Writing Proficiency Requirement**
A requirement needed for admission to the Faculty of Education. Please see the appropriate Parts in the Calendar for further information.
