A promise to do our best, so they can be their best.

A promise to foster exploration, to share ideas and information, to teach but also to learn.

A promise to build the buildings, acquire the technology, cultivate the partnerships, and welcome the people essential to advancing an environment that excites and ignites learning.

A promise to create an environment where professors and students are colleagues and everyone grows together, an environment that recognizes the power of every student’s dream. And helps that dream come true.

STATEMENT OF PHILOSOPHY

In the process of transmitting and advancing higher learning, the University of Lethbridge endeavours to cultivate humane values; it seeks to foster intellectual growth, social development, aesthetic sensitivity, personal ethics and physical well-being; it seeks to cultivate the transcendental dimension of the scholar’s personality.

Flexibility and openness to innovation will be the distinguishing feature of the University of Lethbridge.

Notwithstanding its intention to offer diverse subject matter contributing to the acquisition of professional skills, the University regards learning as an end in itself, not merely as a means to material ends. Its primary aims are to foster the spirit of free inquiry and the critical interpretation of ideas.

The undergraduate is, and should remain, the focus of the University’s endeavour. Students are invited to participate in all phases of university life. The highest degree of interaction between students and faculty is encouraged, and should not be confined to the physical limits of the campus.

It is desirable and necessary that the University should relate closely to the local community. Nevertheless, its outlook should not be determined by any regional or sectional interest. Through exposures to cosmopolitan influences and diverse cultures, scholars are best able to evaluate their own social and cultural milieux.

The University asserts its right and responsibility for free expression and communication of ideas. It is self-evident that a university cannot function without complete autonomy in this domain.

THE UNIVERSITY SHIELD

The University of Lethbridge adopted its official Shield in 1973 (shown left), six years after the University’s inception. Developed by a Senate committee with the leadership of University President Dr. William E. Beckel, the Shield design and Heraldic description was approved by the Senate on October 2, 1973 and ratified by the Board of Governors later that month.

The Shield was designed primarily in the University’s colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The blue and silver book above the gold and blue wreath represents the search for knowledge. The University’s motto, ‘Fiat Lux,’ the Latin for ‘Let there be light,’ is lettered on a gold and silver band below the shield.

In 2003, the original design was simplified (shown right). The new shield brings focus to the fiery sun with twisted Aztec rays and to the motto, ‘Fiat Lux.’

We will remain an integral part of our communities while fostering scholarly contributions of international excellence. We will support and enrich the diverse communities we serve with fresh insights and new directions.

OUR FUNDAMENTAL PRINCIPLES

The University of Lethbridge is committed to the following fundamental principles.

OUR COMMITMENT TO SOCIETY

We cultivate responsible citizenship. The University develops and promotes good citizens who contribute to the building of better societies by applying their knowledge, skills, creativity, and powers of critical inquiry for the improvement of regional and global communities.

We protect and encourage free inquiry and expression. In keeping with the unique mandate of the university in society, the University of Lethbridge supports and protects artistic expression and the free and open scholarly discussion of issues, including those that are controversial. In the tradition of academic freedom, the University models collegial and civil debate, dissent, and controversy to critically explore and resolve issues in an atmosphere of professionalism, respect, and good will. We also have an obligation to address long-term issues and those of broad scope.

We work for the public good. As a public institution, the University of Lethbridge promotes and provides degree-level education for the public good and anticipates and responds to societal needs. The University bases its decisions about programs, standards, and capacity on the best available evidence. Within that context, we use innovative methods and processes to optimize the openness of the institution to qualified students.

We are connected with the community. The University publicizes its research, scholarship, creative activities, and other initiatives that have significance for society. Members of the University contribute to the community based on their professional expertise. The University develops relationships with organizations and individuals, and shares its facilities and resources for the good of the community. We acknowledge faculty, staff, students, and alumni for initiative and creativity that leads to the increased involvement of the University in the community.

The University of Lethbridge values its close and mutually supportive relationship with its alumni, who exemplify the benefits of the University and communicate its value locally, provincially, nationally, and globally.

We adopt a global perspective. Social, political, and economic divisions across the globe threaten the peace and prosperity of all. We nourish a global mindset in our students, faculty, staff, and alumni that facilitates cultural awareness and sensitivity that leads to a mature understanding and appreciation of the things that divide and unite us.
We promote diversity and ensure equal opportunity for participation. Diversity strengthens the University and enriches the experience of our students, staff, faculty members, and alumni. We respect, appreciate, and encourage diversity, and provide equal opportunity for full participation in the University. We are an inclusive community, in which students, staff, faculty members, and alumni feel welcome, respected, valued, and empowered to contribute fully. The University facilitates accessibility by all students, staff, faculty members, and alumni to the intellectual, physical, and social aspects of the institution.

We promote gender equity. The University of Lethbridge honours the rights of all and treats people with dignity and respect. We acknowledge the similarities and differences among women and men, and seek to remove all barriers that inhibit an individual's aspirations and potential. The University will create a supportive environment through education and communication. Equity is inclusive.

We increase the participation of FNMI peoples in all aspects of the University community. The University of Lethbridge values its relationship with FNMI peoples, and collaborates widely to develop programs that are relevant and available to them. We work with FNMI peoples to ensure that these partnerships, and the resulting programs, continue to meet all students’ needs.

We promote a healthy lifestyle for our students, faculty, and staff. The U of L offers proactive health education, on-site health care, and health insurance information. We work to provide non-judgmental and confidential health care in a safe and caring environment. University facilities and programs provide opportunities to participate in sport, exercise, and recreation.

OUR COMMITMENT TO CREATIVITY, INQUIRY, AND DISCOVERY

We encourage and support research, scholarship, and creative work. The University of Lethbridge stimulates and supports research, scholarship, and creative work in all areas in which we teach, and in areas of special relevance to the region and province. This link between research and teaching allows us to explore what is known, challenge how it is known, and thus influence the nature of teaching. We value and protect an environment of free inquiry in which to conduct research, scholarship, and creative work, and communicate the results of these activities with others. We conduct ourselves on the basis of informed, evidence-based practice. We encourage students at all levels to become involved in research, scholarship, and creative activity.

We conduct research in many forms. Given the range of disciplines involved, research at the University takes many forms, including that with the broadest scope and longest term. The University has a responsibility to analyze and reflect on these matters, and to communicate the outcome of these efforts.

We believe that research—intellectual inquiry, study, and artistic investigation aimed at establishing facts and reaching new conclusions—is an inherent societal good and an end in itself. But, wherever possible, we connect our research to the needs and aspirations of the communities we serve.

OUR COMMITMENT TO STUDENTS

We give students the best preparation for their future. The University of Lethbridge provides students with a liberal education—a solid foundation for personal and professional growth. Liberal education promotes the development of academic skills that students can apply to a wide range of experiences, and a broad base of knowledge in the human, aesthetic, ethical, scientific, and organizational disciplines. It encourages a multi-faceted, reflective approach to the complex challenges of the 21st century.

We strive to develop a culture of achievement and motivation among students. The U of L helps students to identify strengths and overcome weaknesses. We seek to foster: a sense of responsibility for students' learning and personal development; effective student relations to peers and teachers; and student involvement in local, provincial, and national communities.

We are student-centred. Students give focus and meaning to the University of Lethbridge. The University helps students achieve their full potential by facilitating their intellectual growth and academic and personal excellence. To this end, the University maintains high academic standards and excellent programs, supported by high-quality, responsive services.

The University of Lethbridge supports and encourages the growth of students as whole persons, in an atmosphere of engagement, freedom from discrimination, and responsible use of authority.

We are a comprehensive university. Broad in scope, we offer undergraduate and graduate university education across Faculties and Schools and apply a balance between our focus on teaching and our commitment to research, scholarship, and creative activities.

We believe in excellence in undergraduate education. The University of Lethbridge treasures its reputation for quality, responsiveness, and innovation at the undergraduate level. We will continue to enhance our reputation as an institution offering outstanding programming to undergraduate students in a comprehensive university environment. We enhance our value for students and society by concentrating on fields that reflect the excellence of our faculty members and the interests of both students and society.
We are fully engaged in graduate education. The University of Lethbridge offers masters and doctoral programming, and we integrate graduate studies with undergraduate and research programs. Through our graduate offerings across all academic units, we contribute to our students' personal, intellectual, and professional development and help meet society's need for citizens with the highest levels of professional and intellectual achievement.

We promote effective teaching and learning. For the undergraduate student, we promote primarily face-to-face learning, which reflects our belief that people benefit from spending time working together in the same place. We provide online and distance learning for courses and programs where these delivery modes make the best sense. Our use of appropriate technology permeates teaching and learning activities, enhancing both.

OUR COMMITMENT TO INSPIRATION

We inspire. The University of Lethbridge aspires to inspirational teaching that ignites intellectual passion and stimulates a thirst for knowledge. We value and support many approaches to teaching and learning, in a variety of settings within the University and in the broader community.

We believe education is a journey, not a destination. A true measure of our success is our alumni's continuing interest in a lifetime of learning, and their commitment to this goal. The University welcomes those students pursuing degrees and those taking courses out of general interest and intellectual curiosity. We are open to offering quality programs for degree completion and programs that are approved and recommended by professional associations and organizations.

We expand horizons. A global perspective is essential to the University of Lethbridge in its teaching, learning, and research. The University educates its Mandate and Roles Document – The University of Lethbridge students to become well-rounded citizens of a complex society, capable of making important contributions in Canada and elsewhere in the world.

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS’ COMPENSATION BOARD
In 1985, the Alberta Workers’ Compensation Board issued an Order under Section 7 of the Workers’ Compensation Regulation which provides that the Workers’ Compensation Act applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers’ Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers’ Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.
The University’s Occupational Health and Safety Officers are available to assist the student if a Workers’ Compensation claim is required.

1. INTRODUCTION

The University of Lethbridge welcomes applications from Canadian and International students, from students who have completed or are completing high school, and from students who have studied at other post-secondary institutions.

The University of Lethbridge imposes no admission limitations on the basis of provincial residence or citizenship.

Applications are accepted for:

- **Graduate** programs for Fall, Spring and Summer admission.

Undergraduate applicants are considered for the most appropriate admission route according to their qualifications:

- **High School** applicants with secondary (high school) credentials only, with little or no post-secondary study (see Section 3.a., p. 30).

Transfer applicants who have completed three or more transferable courses at another post-secondary institution (college, technical or vocational institute, university college or university) (see Section 3.b.1., p. 36).

- **College Diploma** applicants who have completed an approved diploma at a recognized college or technical or vocational institute (see Section 3.b.2., p. 36).

- **College Certificate** applicants who have completed an approved certificate at a recognized college or technical or vocational institute (see Section 3.b.3., p. 37).

- **Applied and Technology Degree** applicants who have completed an applied degree at a recognized Alberta college or technical institute (see Section 3.b.4., p. 37).

- **Previous Degree** applicants who have already completed a degree at a recognized university (see Section 3.b.5., p. 37).

- **Mature** or **Non-Matriculated Adult** applicants, aged 21 or over, whose qualifications meet the requirements of no other admission route (see Section 3.c., p. 37).
Visiting or Exchange students from another university (see Section 3.d., p. 38).

Note also:
Open Studies Students who wish to study at the University but who do not wish to be or who are not qualified to be admitted to a regular program of studies may register in credit courses (see Part 2 - Registration, Section 3.f., p. 54).
Continuing Students who wish to change programs subsequent to being admitted to the University must successfully apply for a change of program (see Section 4, p. 42).

Detailed admission information is listed below, or may be obtained by contacting the Registrar’s Office and Student Services (ROSS) at tel. 403-320-5700, by sending electronic mail to inquiries@uleth.ca or by accessing the University’s website at: www.uleth.ca

#### Notes:

1. Conditional admission decisions may be made for qualified applicants on the basis of interim/unofficial documents received prior to the Admissions Document deadline. Applications will be considered only if Admissions has received sufficient documentation by this date on which to base an admission decision (at least all interim or unofficial transcripts and any other required documents). Note that a high school or transfer applicant may not use grades from summer school courses or supplementary exams for Fall admission unless they are received by this date (U of L EDUC 2500 may be an exception; see note 7, below).

2. Qualifications on which an admission decision is based must be completed by this date; applications will be closed if sufficient documentation has not been received by this date.

3. Early Admission applicants are advised to apply by March 1; this is important for scholarship eligibility and optimal course selection. Applicants who do not meet the Early Admission application or admission document deadlines, but who meet the regular deadlines, will be considered according to regular high school policies.

4. Evidence of diploma completion, either by transcript or written confirmation of the diploma institution, must be received by this date.

5. Admission to the pre-Engineering program is available only to High School applicants.

6. This route is only available to students who have completed a minimum of 20 courses.

7. Although all other supporting documents must be received by June 1, grades from U of L's EDUC 2500 completed in Summer Session I will be considered in admission decisions for the subsequent Fall semester. Applications for pre-education programs are accepted for both Fall and Spring semesters. Note: There are admission requirements in addition to academic transcripts for Drama Education, Music Education, Native Education, and Physical Education. See the applicable admission section in Part 13, Combined Degrees, or contact Student Program Services in the Faculty of Education (email: edus@ualberta.ca; phone: 403-220-1664).

8. Applicants to these Fine Arts programs must provide audition/portfolio requirements in addition to academic transcripts. Detailed information regarding audition/portfolio requirements is available at the Faculty of Fine Arts website (www.ualberta.ca/finaarts/admissions) and in the applicable admission section in Part 9, Faculty of Fine Arts.

9. Students entering the Music major must audition for the Faculty of Fine Arts before they can register for Music Studio. Students majoring in Digital Arts courses may choose Music Studio courses as electives. Audition application and information are available at www.ualberta.ca/finaarts/departments/music/admissions.

10. Students entering the Digital Arts major must submit a digital portfolio to the Faculty of Fine Arts for admissions purposes. Digital Arts portfolio requirements are available at www.ualberta.ca/finaarts/departments/music/admissions.

11. Conditional admission decisions may be made on the basis of interim/unofficial transcripts and mid-term mark statements (for courses in progress) received by the by the Admission Decision Document deadline.

12. Applicants must submit an Admission Statement to the Admissions Office by June 1. The Admission Statement form is available at www.ualberta.ca/healthsciences/statement. See Part 10, Faculty of Health Sciences.

#### General Notes:

- The admission office reserves the right to consider applications received after the deadline, but applications deadlines should be considered as firm opportunities in any program.
- An application is not complete until all final, official documents have been received by the.
- U of L Advanced English for Academic Purposes (EAP) results will be accepted from the Summer term EAP classes for admission to the subsequent Fall semester, and from the Fall semester EAP classes for the subsequent Spring semester. All other documents pertaining to English Language Proficiency (e.g., TOEFL or English Writing Competency (e.g., ALTWCT)) must be received no later than the preceding August 1 for Fall admission, or November 15 for Spring admission.
- Applicants residing in countries (e.g., Nigeria) where necessary documentation takes more than three months will receive offers of admission for the Fall semester only.

3. ADMISSION ROUTES AND REQUIRED QUALIFICATIONS FOR NEW APPLICANTS

a. High School Admission Route

The High School admission route is available to students presenting Alberta high school credentials, high school credentials from other Canadian provinces, and credentials from other countries.

1. Alberta High School Courses

a. Admission for applicants presenting Alberta high school credentials is determined by grade achievement in the following five courses:

- English Language Arts 30-1
- Three other 30-level Academic Courses from the following list:
  - Aboriginal Studies 30
  - Art 30 or 31
  - Biology 30
  - Chemistry 30
  - Choral Music, General Music, or Instrumental Music 30
  - Dance 35
  - Drama 30
  - One of Pure Mathematics 30, Applied Mathematics 30, Mathematics 30-1, or Mathematics 30-2
  - Mathematics 31
  - Physics 30
  - Science 30
  - Social Studies 30 or Social Studies 30-1
  - One or more 30-level languages
  - Five credits in Advanced-level CTS Computer Science (CSE)
- A Fifth Course (not including Special Projects) at the Grade 12 level. The fifth course subject must be distinct from the four academic courses (e.g., English Language Arts 30-1 and English Language Arts 30-2 cannot both be used). It must be worth at least five credits, or the average grade from two courses worth three credits each may be used.

Notes:

1. Only one Fine Arts course may be used as an academic course in the admission average. Another distinct Fine Arts course may be used as the fifth course. For example, Art 30 could be used as one of the academic courses and General Music 30 could be used as the fifth course.

2. Students are strongly encouraged to complete Mathematics 30-1 or Pure Mathematics 30. Applied Mathematics 30 may be used as an Academic course for admission to all programs except the Bachelor of Nursing program, Bachelor of Health Sciences (Public Health major) or Bachelor of Management (Accounting, Economics, or Finance) program. Mathematics 30-1, Pure Mathematics 30, or Mathematics 30-2 is required for admission to the Bachelor of Management (Computer Science, First Nations’ Governance, General Management, Human Resources Management and Labour Relations, Information Systems, International Management, Marketing, and Political Science).

b. Students must have a minimum mark of 50 percent (‘P’ in British Columbia) for any subjects used in the admission average.

To qualify for General Admission, applicants must have an admission average of at least 65 percent calculated on the five admission courses. The basic admission average is 60 percent; the current admission cut-off is 65 percent.

Note: The blended grade, which averages the school-assigned final grade and the Departmental examination grade, will be used where possible in calculating this average.

Grades and courses from outside Alberta which have been evaluated by agencies other than the original educational institution are subject to review and adjustment by the University of Lethbridge.

For High School Applicant Program Availability and Required Qualifications, see page 32.

2. Other Canadian High School Courses

The admission average for all Canadian high schools is calculated in the same manner used for Alberta applicants (i.e., English Language Arts 30-1 or its equivalent, three academic Grade 12 courses comparable to Alberta 30-level courses and a fifth Grade 12 level course) (see Part 1 - Admission, Section 3.a.1.a, p. 30). No course will be used for admission purposes if the final grade is less than 50 percent.

For Canadian High School Admission Requirements, see page 34.

3. Early Admission

Early Admission may be offered to students currently completing regular high school requirements in Canadian high schools. Applicants will be selected from among those who submit an acceptable statement of courses and grades.

Courses considered will include both those completed and those in progress.

Successful applicants will be selected using both actual and predicted academic achievement.

The Early Admission average is calculated, in Alberta, using a combination of final and estimated Grade 12 blended grades. Self-reported grades: The applicant will provide final grades for Grade 12 courses already completed and estimate marks for courses in progress and courses he/she plans to complete based on Grade 12 mid-term marks or Grade 11 final marks.
If an applicant is not admissible based on self-reported grades, the Admissions Office will require interim transcripts in order for the Admissions Office to make the prediction of grades and final admission decision.

Early Admission is open to all high school applicants completing high school for the first time and currently enrolled in Canadian high schools. Early Admission is available to students currently studying at Canadian high schools under student visas, provided that acceptable proof of English Language Proficiency (where applicable - see Section 6, p. 43) is provided by the Early Admission application deadline. Early Admission is not available to international students currently studying outside Canada.

Through ApplyAlberta (Alberta Post-Secondary Application System), early admission applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education. Out-of-province applicants must arrange to have official transcripts forwarded directly to the Registrar’s Office and Student Services (ROSS) from the appropriate provincial Department of Education. In all cases, final high school transcript(s) must be received by the August 15 preceding the semester of admission. If final grades are not received by that date, the University reserves the right to rescind admission.

Qualifying Average for Early Admission
For most programs, Early Admission is offered to applicants with a predicted admission average of 65 percent or higher. Competitive programs (e.g., the B.Sc. (Environmental Science), the B.F.A. (New Media) (formerly Multimedia), the B.N., and the transfer program in pre-Engineering) are exceptions.

The University reserves the right to rescind admission at any time should the student’s final admission qualifications fall below the minimum standard required for admission to the University (i.e., a final admission average of 60%).

4. International High School
High school qualifications from other countries are considered for admission purposes (see Section 5. International Students, p. 42).

5. Advanced Placement Program
Students presenting Advanced Placement (AP) credentials have the option at the point of admission of receiving transfer credit for approved courses where they have achieved AP grades of ‘4’ or ‘5’, or of taking the University of Lethbridge course. An official AP transcript is required.

Advanced Placement credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

a. Students presenting AP credentials may receive university course credits for AP courses given grade achievement as indicated in the table on p. 35.

b. Where an applicant presents both an AP course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. For this purpose, AP course grades are converted as follows:

<table>
<thead>
<tr>
<th>AP Result</th>
<th>Grade 12 Percentage</th>

6. International Baccalaureate Program
Students presenting International Baccalaureate (IB) credentials have the option at the point of admission of receiving transfer credit for approved courses in which they have achieved satisfactory grades. An official IB transcript is required.

IB credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

a. High School applicants presenting IB credentials may receive university course credits for IB courses if they meet the minimum grade achievement levels given in the table on p. 35.

b. Applicants presenting complete IB diplomas are guaranteed general admission to the University, subject to English Language Proficiency requirements and deadlines. Admission to quota programs is not guaranteed, but is subject to normal enrolment management procedures.

c. Where an applicant presents both an IB course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. IB course grades are converted as follows:

<table>
<thead>
<tr>
<th>IB Grade</th>

The basic requirements for students presenting credentials from Canadian high schools are given below. Other requirements apply to students presenting three or more transferable post-secondary courses.

**For students whose first language is not English, see also the English Language Proficiency Requirement (Section 6.a., p. 43).**

Although the basic admission average is 60%, the current required admission average is 65%. Some programs (e.g., Pre-Engineering) are competitive and may require higher averages (refer to the applicable section in the UofL Calendar), and some programs have additional admission requirements (e.g., Nursing, New Media). Individual grades under 50% ('P' in British Columbia) are not considered.

* Only one Fine Arts course may be used as an academic course in the admission average. Another distinct Fine Arts course may be used as the fifth course. For example, Art 30 could be used as one of the academic courses and General Music 30 could be used as the fifth course. ** Students are strongly encouraged to complete Mathematics 30 or Pure Mathematics 30. Applied Mathematics 30 may be used as an Academic course for admission to all programs except the Bachelor of Nursing program, Bachelor of Health Sciences (Public Health major), or Bachelor of Management (Accounting, Economics, or Finance) program. Applied Mathematics 30 is not a course prerequisite substitute for Mathematics 30-1, Mathematics 30-2, or Pure Mathematics 30. Instead of Mathematics 30-1 or Pure Mathematics 30, students may use UofL’s Mathematics 0500. See "Programs that DO NOT Require Prior Mathematics" and "Programs that DO Require Mathematics After Admission" at www.uleth.ca/ross/hs_prereqs/math/math_requirements.html. 

*** Only one course in a particular language will be used for admission purposes, e.g., in Alberta, only one of French Language Arts 30-1 or French as a Second Language 30-3Y will be used. Grades from 20-level language, or language and culture courses in six, nine, or 12-year streams may be used for admission purposes in place of 30-level languages, e.g., German Language and Culture 20-6Y.

1. This course serves as English 1900 for prerequisite purposes for higher English courses.

2. Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Department of Music.

7. Home School

Home School applicants who present recognized secondary credentials, or by some other means satisfy the requirements of a University admission route, will be considered for admission. Regardless of their citizenship or residency, Home School applicants will be considered according to the curriculum they followed.

For example:

a. A high school applicant who studied Alberta curriculum is expected to meet the requirements of an Alberta high school applicant (see Section 3.a.1., p. 30).

b. The applicant should challenge the departmental examinations in courses where such examinations exist to provide grades in the subjects challenged. By this means, an applicant will be considered for admission who presents final grades in five distinct subjects (see Section 3.a.1., p. 30).
b. Transfer Student Admission Route

1. New Transfer (transfer courses)

Applicants who have completed three or more transferable semester courses at one or more post-secondary institutions will be considered as New Transfer applicants. To qualify for General Admission, New Transfer applicants must have an admission average of at least 2.00 on the UoL 4.0 GPA scale, calculated on all transferable courses.

Admission requirements vary depending on the number of transferable, post-secondary courses completed as indicated below:

- **Eight or more transferable courses**
  - Admission GPA of at least 2.00 on the UoL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses.
  - High school credentials are not required.

- **Five or more (but fewer than eight) transferable courses**
  - Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part 1 - Admission, Section 3.a.1.a, p. 30).
  - Admission GPA of at least 2.00 on the UoL 4.0 GPA scale, calculated on all completed, transferable, post-secondary courses.

- **At least three (but fewer than five) transferable courses**
  - Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see Part 1 - Admission, Section 3.a.1.a, p. 30).
  - Admission average is determined using a weighted average of the high school admission average and all completed, transferable, post-secondary courses.

Upon admission, students are assigned transfer credit on a course-by-course basis for eligible post-secondary work. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. For additional information, see Section 7 - Transfer and Evaluation of Credit (p. 44).

Applicants to programs leading to any Combined Degrees may be admitted directly to these programs, or may need to seek admission to programs in the Faculty of Arts and Science (for Combined Degrees programs including the B.A. or B.Sc.), the Faculty of Fine Arts (for Combined Degrees programs including the B.F.A. or B.Mus.), or the Faculty of Management (for Combined Degrees programs with B.Mgt.) in order to complete admission requirements.

**Admission priority of New Transfer students:**

All transferable post-secondary work completed by New Transfer applicants will be used in determining admission priority. The admission average for New Transfer applicants presenting five or more transferable courses is calculated on all completed, transferable, post-secondary courses. For New Transfer applicants presenting only three to five courses, the admission average is a weighted average of the high school admission average and the post-secondary admission average. Subject to individual Faculty policies, admission priority is assigned to New Transfer applicants on the basis of grade point average on all transferable courses.

The University may offer admission to highly qualified transfer students prior to the application deadline. Applicants are encouraged to apply well ahead of the deadline. For detailed information, students should contact the Admissions Office (SU140; tel. 403-320-5700).

Time limits and residence requirements apply to transfer students: see table in Part 4 - Academic Regulations, Section 3.g. (p. 76).

Any student encountering difficulties with transfer of credit to the University is encouraged to contact the Assistant Registrar (Admissions and Transfer) for assistance and further information (tel. 403-382-7134 or fax 403-329-5159).

For Transfer Applicant Program Availability and Required Qualifications, see page 39.

2. College Diploma

Applicants who hold two- or three-year college diplomas from recognized institutions will be considered for admission to the appropriate post-diploma program.

For College Diploma Applicant Program Availability and Required Qualifications, see page 40.

A diploma holder seeking admission to a program other than the appropriate post-diploma program will also be considered for admission:

a. For admission purposes only, holders of two- or three-year college diplomas of sufficient academic merit from recognized post-secondary institutions, completed with cumulative program GPAs of 2.00 or higher on the UoL 4.0 GPA scale, shall be considered eligible for admission as New Transfer students, in the absence of contradictory evidence.
b. In all such cases the diploma program in question must have sufficient academic merit. Faculty program residency and time limit policies shall apply. Final determination of sufficient academic merit rests with the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, and the Faculty of Management, as appropriate.

3. College Certificate

Studies at recognized post-secondary institutions leading to Certificate credentials will be evaluated for transfer credit on a course-by-course basis, in accordance with approved transfer credit procedures.

4. Applied and Technology Degrees

Applicants presenting Applied or Technology Degrees from recognized colleges or technical institutes in Canada with grade point averages of 2.00 or higher on the UofL 4.0 GPA scale are guaranteed admission to first degree, undergraduate non-quota programs. These applicants will be considered for admission to quota programs according to their qualifications as transfer students. Transfer credit awards will be according to regular University procedures, and subject to University policies including those pertaining to residency, major and time limits.

Applied and Technology Degrees are not normally considered to be a basis of admission for second degree or graduate studies programs.

5. Previous Degree

An approved degree is an academic baccalaureate degree composed of 30 or more course equivalents from a recognized Canadian or international institution. Applicants presenting approved degrees may be offered admission to the University to pursue a second degree. Some courses taken for the previous degree may be used to satisfy specific requirements for the second degree, depending on the applicability of the courses to the curriculum and the standard of performance achieved.

Previous credentials and courses completed as part of the credential are subject to the time limits of the appropriate Faculty. Please see the Previous Degree section for the appropriate Faculty and the table in Part 4 - Academic Regulations, Section 3.g. (p. 76), for more information.

In order to register in courses as an admitted student, a student who has graduated from a University of Lethbridge program must successfully apply for admission to another program. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. The decision of the appropriate Faculty will be final in these matters.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, or the Faculty of Management will be considered with the prior approval of the appropriate Dean. The decision of the Faculty will be final in these matters.

Upon admission, students are strongly advised to consult with an Academic Advisor in the appropriate Faculty to determine the course requirements of their second degree program.

c. Adult Student (Mature) Admission Route

Applicants who are 21 years of age or older by the first day of classes in the semester of intended admission and who do not meet current admission requirements will be considered as follows:

1. Qualified Adult High School Admission

This applies to applicants 21 years of age or older who have completed high school requirements (see Canadian High School Admission Requirements table, p. 34), with an admission average of at least 60 percent but less than the prevailing admission cut-off (currently 65 percent).

2. Non-Traditional Adult Admission

Applicants 21 years of age and older whose qualifications fall short of the University’s minimum requirements may be considered under the Non-Matriculated Adult Admission policy (see below). This policy applies to applicants:

a. who have completed a high school diploma, but have not completed the courses required for University admission or have not achieved an admission average of 60 percent; or,

b. who have not completed high school.

The number of seats available for Non-Traditional Adult Admission will be limited (as determined each semester). Typically the number of seats will not be more than ten percent of the total admissions for high school applicants in the given Fall or Spring Semester. The seats are distributed on a first-come, first-served basis to successful applicants.

Non-Matriculated Adult Admission

The Non-Matriculated Adult admission route is available to Canadian and Permanent Resident non-matriculated applicants 21 years of age or older whose credentials do not satisfy the basic admission criteria of any other admission route. The intent of the Non-Matriculated Adult admission route is to provide a limited number of positions for applicants deemed by Admissions to have potential for success at the post-secondary level which is at least equal to that of applicants meeting the prevailing admission criteria for high school applicants. In making this determination, Admissions will consider any or all of the following:

- Transcripts of all high school and post-secondary experience of the applicant;
- Life experiences since leaving normal secondary attendance;
- Standardized test scores - any of SAT, ACT, CPT, CAT Level 19 or CAAT Level D.
The Non-Matriculated Adult applicant is required to provide, in addition to the regular application for undergraduate admission and associated transcripts, the following:

a. A Letter of Intent from the applicant to the Admissions Office, which shall include a statement on the applicant’s potential for success in university studies, how the applicant’s experiences since secondary school have contributed to this potential, the applicant’s goals for the future and why studies at the University will help the applicant to realize these goals.

b. A résumé, providing a summary of all educational, employment and volunteer experience.

The Admissions Office may, at its discretion, require an interview.

Admissions will consider whether the applicant has acquired, through a combination of academic and life experience, the reading, writing, organizational and other skills necessary for success in the intended program of study. The decision of Admissions may be appealed in writing to the Assistant Registrar (Admissions and Transfer).

Persons who have unsatisfactory post-secondary academic records (i.e., a GPA of less than 2.00) will not be considered for Non-Matriculated Adult admission.

Programs available: Adult applicants will be considered for admission to first-year programs in the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, and the Faculty of Management.

d. Visiting Student and Exchange Student Admission Route

1. Visiting Students and Exchange Students from Other Universities

   Applicants currently enrolled in a degree program at another accredited degree-granting institution, and who wish to enrol in courses at the University, must complete an Application for Admission by the appropriate deadline and have their home institution forward a ‘letter of permission’ directly to the Admissions Office. This letter should specify courses which the student may take at the University of Lethbridge.

   Visiting Students and Exchange Students should note that registration in specific courses is not guaranteed.

   English Language Proficiency requirements do not apply to Visiting Students or Exchange Students. However, Visiting Students and Exchange Students are subject to all other regulations of the University of Lethbridge and the Faculty in which they are registered.

   Visiting Students must apply for admission on a semester-by-semester basis.

2. University of Lethbridge Students Studying Elsewhere

   As it may suit their program, and within the residence requirement of the Faculty in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution, if their registration as a Visiting Student or Exchange Student is acceptable to that institution or if the University has an approved exchange agreement with that institution.

   No transfer credit will be granted for courses taken elsewhere, unless Visiting Student or Exchange Student status is granted in advance; Visiting Student and Exchange Student status both require written permission from the Dean or Dean’s designate.

3. For some University of Lethbridge programs, students are required to take courses at another institution under Visiting or Exchange Student authorization. Visiting or Exchange Student status will be granted to these students. Such courses taken under Visiting or Exchange Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement.

4. University of Lethbridge students granted Visiting Student or Exchange Student status are registered in placeholder courses while studying elsewhere.

   Transfer credit will be granted for courses completed by authorized Visiting Students. Authorized Exchange Students will receive Pass/Fail grades for courses completed during the exchange.

   It is the responsibility of the student to ensure that an official transcript of grades earned as a Visiting Student or Exchange Student at another institution is sent to the Registrar’s Office and Student Services (ROSS) at the University of Lethbridge.

Further information on registration procedures for Visiting and Exchange Students may be found in Part 2 - Registration, Section 3.d. Visiting and Exchange Students (p. 54).

e. Standardized Test Admission Route

   Applicants to first-year Faculty of Arts and Science or Faculty of Fine Arts programs will be considered who present acceptable ACT (American College Testing Program) or SAT (Scholastic Achievement Test) scores. In the case of SAT tests, the applicant must present complete SAT Reasoning (Critical Reading, Mathematics, and Writing) and three additional SAT Subject test scores. Applicants who present only SAT Reasoning scores and who present superior high school records (at least five Grade 12-level courses in academic subjects including English, and a ‘B+’ or higher on these courses), will be considered for admission on an individual basis.

f. Alberta Colleges or Institutes of Technology

   The University will consider applicants who have completed one year or more of studies at a recognized Alberta College or Institute of Technology and are recommended by that institution for University admission.

   For admission requirements, the University accepts courses offered by colleges which are deemed to be equivalent to Alberta high school 30-level courses (see Section 3.a.1.a, p. 30).
Transfer Applicants - Undergraduate Program Availability and Required Qualifications

See Part I - Admission - Section 3.b.1. (p. 36) if presenting fewer than eight transferable courses.

   • The applicant was in good academic standing upon last leaving the University (see Part 4 - Academic Regulations, Section 3.e.1, p. 75)

   Applicants who fail to meet all of the above conditions will be considered for admission according to current policies for Returning Transfer students (see Section 2. below).

   Students applying for readmission to the Faculty of Management should also see Part 11 - Management, Section 4.j. (p. 222).

2. Returning Transfer Applicants

   Required to Withdraw

   Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

   Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the UofL 4.0 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

   Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

   Policies on admission after required withdrawal are also included in Section 8.b. (p. 49), Part 7 - Arts and Science (p. 101), Part 8 - Education (p. 166), Part 9 - Fine Arts (p. 182), Part 10 - Health Sciences (p. 208), and Part 11 - Management (p. 223). In particular, Tabula Rasa is available only in the Faculty of Arts and Science (see Section 3.e., p. 101), Faculty of Fine Arts (see Section 4.e.2, p. 182), and the Faculty of Health Sciences (see Section 6.c, p. 208).
h. Graduated Students
A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

i. Applicants With Unsatisfactory Post-Secondary Records
1. Required to Withdraw
   Persons who have been Required to Withdraw from the University of Lethbridge or another post-secondary institution will not be considered for admission until one year has elapsed from the end of the studies from which they were required to withdraw. If, without satisfactory intervening studies, such a person is subsequently offered admission to the University it will be on the condition of Academic Probation. Students Required to Withdraw from the University of Lethbridge should also refer to Section 3.g. Returning After an Absence from the University of Lethbridge (p. 41) and Section 8.b. Procedures for Readmission (p. 49).

2. Suspension
   A person will not be considered for admission if under an order of suspension from the University of Lethbridge. A person under an order of suspension from another post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

3. Expulsion
   A person who has been expelled from the University of Lethbridge or any other post-secondary institution will not be considered for admission without the written approval of the Vice-President (Academic).

b. English Language Requirements
The University of Lethbridge has English language requirements for all applicants. These requirements are not affected by citizenship but by first language, educational experience and writing proficiency. They are explained in Section 6 (p. 43).

c. Transfer Credit and Admission
Transcripts presented by an International Student will first be considered to determine the admissibility of the student. Subsequent to admission, completed courses will be considered for transfer credit. The number of courses considered to be transferable in the context of the admission decision may or may not coincide with the number of courses ultimately awarded transfer credit.

It will be the responsibility of International Students to provide English translations of any transcript materials not in English or French, which are deemed to be official and otherwise acceptable by Admissions.

d. Conditional English Proficiency Admission
Conditional English Proficiency Admission may be offered to applicants:
1. whose first language is not English, and;
2. whose academic qualifications satisfy the requirements of the program they seek, and;
3. who have not met the University's English Language Proficiency (ELP) requirement (see Section 6, p. 43).

Note: One way to satisfy the University's English Language Proficiency (ELP) requirement is successful completion of the University's English for Academic Purposes (EAP) program. Conditional English Proficiency Admission offers an opportunity to accomplish this and at the same time obtain admission to an academic program.

An applicant who accepts an offer of Conditional English Proficiency Admission is admitted to an academic program, of which the first component is successful completion of the University's English for Academic Purposes (EAP) program. Students admitted via the Conditional English Proficiency Admission route will be tested and placed in the appropriate level of EAP upon arrival at the University.

Upon satisfying ELP (see Section 6.a. below), students admitted via the Conditional English Proficiency Admission route may commence their full academic programs as regular students.

Students admitted under the Conditional English Proficiency provision must:
6. ENGLISH LANGUAGE AND WRITING REQUIREMENTS

The University of Lethbridge administers three levels of English language requirements for applicants to undergraduate programs:

- **English Language Proficiency (ELP)** - admission requirement for all applicants to undergraduate programs whose first language is not English.

- **Spoken English Language Proficiency (SELP)** - admission requirement for all applicants, whose first language is not English, to the Bachelor of Nursing (see Part 10, Section 4.a.6., p. 201) and Bachelor of Health Sciences (Public Health) (see Part 10, Section 4.e.6., p. 204) programs.

- **Writing Proficiency Requirement (WPR)** - admission requirement for all applicants to programs in the Faculty of Education (see Part 8 - Education, p. 162 and Part 6 - International Students, Section 3.b.3, p. 98).

### a. English Language Proficiency Requirement

The English Language Proficiency (ELP) requirement applies to all applicants to undergraduate programs whose first language is not English, regardless of citizenship or country of origin.

**Note:** The following policies do not apply to Audit, Visiting or Exchange Students. Applicants to Nursing (see p. 201) and Public Health (see p. 204) must also meet a Spoken English Proficiency requirement.

1. Proof of English Language Proficiency must be provided prior to admission. Acceptable evidence of ELP may be any one of:

   a. Successful completion of the Advanced Level, English for Academic Purposes (EAP) program at the University of Lethbridge (see Part 6, Section 3.b.1, p. 98).

   b. Most recent official TOEFL (Test of English as a Foreign Language) score (UofL institutional code is 0855), taken within the last two years. Any one of:

      - a score of at least 550 on the paper-based test and a TWE (Test of Written English) score of at least 4.0 or
      - a score of at least 80 on the iBT TOEFL, with scores of at least 16 on each of Listening, Reading, and Speaking and a score of at least 18 on Writing.

      Website: www.toefl.org

   c. Most recent official Academic IELTS (International English Language Testing System) score, taken within the last two years, with

      - an overall score of at least 6.0, and
      - at least 6.0 in each band.

      Website: www.ielts.org

   d. Most recent official Academic PTE (Pearson Test of English) score, taken within the last two years, with an overall score of at least 54.

   e. Most recent official CAEL (Canadian Academic English Language) Assessment score of 60 or higher, taken within the last two years, with scores of at least 50 on each of Listening, Reading, and Speaking and with a score of at least 60 on the Writing band.

      Website: www.cael.ca

   f. Most recent CAE (Certificate in Advanced English) score of at least ‘C’.

      Website: www.cambridgeesol.org/exams/general-english/cae.html

   g. Most recent CPE (Certificate of Proficiency in English) score of at least ‘C’.

      Website: www.cambridgeesol.org/exams/general-english/cpe.html

   h. Most recent MELAB (Michigan English Language Assessment Battery) score of at least 80 with no component less than 76, and including the Speaking test.

      Website: www.lsa.umich.edu/eli/testing/melab

   i. A grade of 75 percent or higher in the Alberta English Language Arts 30-1 diploma examination.

   j. A final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province in Canada.

   k. A passing grade in an English for Academic Purposes (EAP) program which is accepted as a means of satisfying ELP by another recognized Canadian university, and whose ELP requirement is at least as demanding as is that of the University of Lethbridge.

   l. A passing grade in an EAP program approved by the Assistant Registrar (Admissions).

2. In the absence of contradictory evidence, the English Language Proficiency requirement may be waived for applicants who have completed at least three consecutive years of full-time study in a recognized institution where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-1, or its equivalent, or at least two transferable semester courses in English. These studies must precede admission by not more than two years.

   Applicants whose first language is not English may be required to provide satisfactory evidence that the language of instruction was in English; examples of acceptable evidence include an official letter from the teaching institution or statements from the institution’s official Calendar/Catalogue, as well as standardized test results such as TOEFL, IELTS, etc. Applicants who are uncertain regarding the status of their qualifications with respect to this policy should...
contact the Admissions Office for further information.

Waivers are not automatically granted: Waivers may not be granted, or may be revoked, if contradictory evidence exists. Examples of contradictory evidence are low TOEFL scores, low grades on an English-based course, or significant communication difficulties.

Individual circumstances will be reviewed by the Assistant Registrar (Admissions) whose decision shall be final.

Special arrangements will be made for students attending the University under an approved exchange program.

7. TRANSFER AND EVALUATION OF CREDIT - POLICIES AND PROCEDURES

Many students are eligible to have some or all previous post-secondary work transferred for credit toward completion of their University of Lethbridge program. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. Transfer of credit is not available to persons enrolled in classes at the University who have not been admitted to programs (i.e., transfer of credit is not available to Audit, Exchange, Open Studies or Visiting Students).

a. Procedures

1. For New Transfer students, transcripts from previous post-secondary institutions will be evaluated for transfer credit in the program of consideration for admission.

2. For students returning after an absence, transcripts for work completed during the absence at post-secondary institutions will be evaluated for transfer credit in the course of consideration for readmission.

3. It is the responsibility of the applicant to provide, as support for the application for admission or readmission, full and complete information on all post-secondary attendance. Failure to do so relieves the University of any responsibility to award transfer credit and, depending on the criteria leading to an admission decision, may lead to the rescinding of admission and cancellation of registration.

4. Continuing University of Lethbridge students may take courses elsewhere under Visiting Student or Exchange Student authorization. Such students must obtain prior approval in writing from the appropriate Faculty Dean or Dean’s designate. Transfer credit will only be awarded when Visiting Student authorization is obtained in advance of the completion of studies. Authorized Exchange Students will receive Pass/Fail grades for courses completed during the exchange.

Subsequent to completing the course work at the designated institution, the student must have official transcripts forwarded from that institution to the Registrar’s Office and Student Services (ROSS) at the University of Lethbridge, that they may be evaluated for transfer credit.

5. Simultaneous enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

b. Transfer and Evaluation Policies

1. The Admissions Office has final authority, subject to appeal, in the evaluation and assignment of transfer credit.

To facilitate the negotiation of transfer arrangements among post-secondary institutions within the Province of Alberta, the procedures established by the Alberta Council on Admissions and Transfer (outlined in the Alberta Transfer Guide) shall be followed.

Applications for transfer credit evaluations and transfer credit appeals are initiated with Admissions. Upon application by a student for transfer credit, Admissions shall consult as necessary with the appropriate Faculty. Admissions approval is required for any recommendations to award transfer credit.

Admissions is charged with maintaining records of all evaluations at the University, which shall serve as the standards for future evaluations.

2. Transfer credit may be awarded only for courses which apply to the student’s University of Lethbridge program.

Transfer credit awarded on admission to one program must be re-evaluated should the student change to a different program. It is the student’s responsibility to request this re-evaluation.

3. Transfer credit may be awarded only for courses which were completed and assigned a passing grade. Courses transferred for credit are subject to Faculty policies regarding minimum grade requirements. When a transfer student presents a transferable course with a grade of ‘Pass’ (or its equivalent) at the sending institution:

a. The hours for the course will count toward program completion in the manner assigned by Admissions (either direct transfer, Contingent or Extra to Program); and

b. The transfer grade will be preserved as ‘P’ as appropriate.

The student’s transfer GPA and University of Lethbridge GPA will not be affected in any way. The University reserves the right to assign a numeric grade where circumstances indicate this is appropriate.

4. Transfer credit will be awarded only for studies transferring to University of Lethbridge courses numbered 1000 or higher.

5. Admissions shall develop and apply grade conversion standards, under the authority of the Admission Standards Committee.

For British model systems: At least five distinct courses with appropriate grade achievement, including at least three courses at the Ordinary level (or equivalent) and at least two courses at the Advanced level (or equivalent). The courses must include English, and a course will not be considered if it duplicates a course subject at the other level. All five courses are used in calculating the admission average. Students who have completed Ordinary level and subsequently completed either an Advanced International Certificate of Education (AICE) Diploma or a year of overseas College Foundation studies (including English) will be considered. Transfer credit will be considered for Advanced level courses in appropriate subjects, completed with grades of ‘C’ or higher. Credit for up to a maximum of ten semester courses may be obtained in this manner.
6. Courses which have been awarded credit at another recognized Canadian university or at a recognized university college in Alberta or British Columbia are generally transferable for credit to the University of Lethbridge, subject to other University policies including program and major, residence requirements, time limits, and program requirements.

7. Courses taken at post-secondary institutions in Alberta, if acceptable for credit at either the University of Alberta or the University of Calgary, are normally eligible for transfer credit at the University of Lethbridge. The Alberta Transfer Guide shall be the primary authority for such courses.

In general, courses taken at post-secondary institutions in Canada, if acceptable for credit at one or more of the major residential universities for the appropriate province, shall normally be transferred for credit at the University of Lethbridge. The provincial transfer guide for the province in question shall be the primary authority for such courses.

Specified courses taken at post-secondary institutions with which the University maintains formal course transfer arrangements are normally accepted for credit. For example, the University has course agreements with the College of the Rockies and Selkirk College.

8. Once a transfer course evaluation has been approved by the University of Lethbridge and appears in the Alberta Transfer Guide, that evaluation shall serve as the authority for the course in question. A published transfer arrangement will also be honoured for students who completed the course in the year prior to its publication in the Alberta Transfer Guide.

On appeal by the student and where a change will benefit the student, a Faculty may, with reasonable grounds, recommend exemption from the published agreement. This Faculty recommendation shall not alter the published evaluation.

9. Courses taken at any accredited or recognized post-secondary institution may be awarded transfer credit depending on the nature of the institution, the nature of the courses and the program of the student presenting the courses.

10. Year of the Calendar

A student admitted or readmitted to a program offered by the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission (see Section 9.f., p. 50 for details).

11. Upon admission or readmission to a program, courses taken by an Open Studies Student at the University of Lethbridge may be counted toward the student's program, subject to the appropriate rules of the Faculty regarding courses completed prior to admission and Required Withdrawal.

12. International Students - see Section 5 (p. 42).

13. The University of Lethbridge does not award transfer credit on the basis of Challenge for Credit. Instead, waiver of specific requirements leading to a certificate, diploma, or degree may be granted by the Faculty (see Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75, for more information).

14. Evaluating Courses From Non-Accredited Institutions

When a course taught by an unrecognized institution is presented for transfer credit, it is evaluated by the appropriate Faculty. The recommendation serves as a standard only for students who completed the identical course experience - institution, section and time - and are pursuing the same program of studies as the student who originally presented the course for transfer credit.

In determining whether a course may be awarded Individual Credit, the Faculty evaluators shall make the determination after considering the following:

a. The institution is recognized or accredited. If not recognized or accredited, the institution maintains academic standards equivalent to those maintained by accredited institutions.

b. The course experience of the student was comparable to that which would have been presented at the University of Lethbridge. This determination is based on consideration of materials which may include any of course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

c. The transfer credit to be awarded is appropriate to the student's program at the University of Lethbridge.

d. Instructor qualifications are appropriate to the material and the content of the course. Generally, Masters credentials are preferable for introductory courses and Doctorates for advanced material.

15. Transfer of credit shall be subject to Faculty regulations, including but not limited to those found below. The student is also referred to the residence requirements of individual Faculties. Where the transfer credit regulations appear to contradict the residence requirements of individual Faculties, the residence requirements shall prevail (see Part 4 - Academic Regulations, Section 3.g., p. 76).

For some University of Lethbridge programs, students are required to take courses at another institution under Visiting Student authorization. Visiting Student authorization will be granted to these students. Such courses taken under Visiting Student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement (see Section 3.d., p. 38).

16. Courses taken during the completion of a previous undergraduate degree may satisfy particular course requirements of a program at the University of
Lethbridge (see Section 3.b.5. Previous Degree, p. 37).

Courses which the student completed subsequent to the conferral of a previous degree or which were classified by the awarding institution as extra to degree at the time of conferral may be approved for transfer credit.

c. Procedures for Student Appeal of Transfer Credit

1. A student who chooses not to accept an Admissions decision regarding transfer credit shall have one full year, from the day the transfer courses were evaluated by Admissions, in which to lodge an appeal. The appeal shall be made in writing to the Assistant Registrar (Admissions and Transfer) and shall set out the student’s rationale for appealing the Admissions decision.

The Assistant Registrar (Admissions and Transfer) shall have 14 days to render a decision regarding the appeal. This decision, and any supporting rationale, shall be communicated in writing to the student and copied to the Associate Vice-President (Student Services) and Registrar.

2. In the event of a negative decision by the Assistant Registrar, the determination of the student to pursue the appeal, the student shall have 14 days from the mailing of the Assistant Registrar’s decision to forward a letter to the Associate Vice-President (Student Services) and Registrar requesting further consideration.

The Associate Vice-President (Student Services) and Registrar shall have 20 days from the time of receiving the second appeal to establish an Appeal Panel, which shall include: the Registrar as Chair; the Assistant Registrar (Admissions and Transfer); two members from the Admission Standards Committee, one of whom shall be a student; and at least one member from the academic unit involved in the appeal.

In addition to any materials which the student chooses to submit, it shall be the responsibility of the student to provide any materials requested by the Panel in a manner acceptable to them, which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

The Panel may request the appearance of the student for an interview, at which the student may be accompanied by a fellow student or by a Faculty member of the University.

The student shall have up to 60 days to assemble the materials requested and to prepare for an interview with the Panel.

Subsequent to the interview or final meeting, the Panel shall have 7 days to render a decision. This decision shall be final.

8. HOW TO APPLY FOR ADMISSION

a. Procedures for All Applicants

Applicants must submit the following to the Admissions Office:

1. An Application for Admission form, complete in every respect, accompanied by a non-refundable application fee. A student who applies for admission or readmission must pay an application fee. Students who do not maintain continuous registration must apply for readmission and pay the associated application fee.

All applicants to the UofL (undergraduate, master’s, or Ph.D.) must pay an application fee of $100. Students may submit only one application for admission per semester. A student who re-applies for admission after an absence from the UofL must pay an application fee of $25.

2. Through ApplyAlberta (Alberta Post-Secondary Application System), applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta.

Applicants attending private institutions within Alberta or any educational institution out-of-province must arrange to have official transcripts sent directly to the Registrar’s Office and Student Services (ROSS). Where possible, transcripts for out-of-province secondary schools should be issued from the appropriate provincial Department of Education.

Applicants currently studying at privately funded institutions within Alberta or any educational institution out-of-province are strongly advised to arrange, at the time of application, for the submission of interim transcripts if necessary final transcripts are not yet available. Final, official transcripts must be submitted on or before the document deadline.

3. High School applicants must indicate courses completed and in progress (including final and estimated final grades) on the Application for Undergraduate Admission form. Self-reported grades: the applicant will provide final grades for Grade 12 courses already completed and estimate final grades for those courses still in progress. Grade 11 final grades may be used for subjects for which mid-term or final Grade 12 grades are not yet available (see section 3.a.3. Early Admission, p. 30, for complete details).

The Admissions Office will require interim transcripts for applicants who are not admissible based on their self-reported grades.

4. Notarized English translations must accompany all documents that are not in either the English or French languages.

5. Additional Procedures for Adult Applicants

Applicants must follow the above procedures and in addition, submit a résumé and a Letter of Intent (see Section 3.c., p. 37).
b. Procedures for Readmission

1. Voluntary or Required Withdrawal

   A former University of Lethbridge student who has previously withdrawn, either voluntarily or because required to do so for academic or other reasons, must submit a new Application for Admission Form to the University. Through ApplyAlberta (Alberta Post-Secondary Application System), the applicant authorizes the University of Lethbridge to request transcript(s) on their behalf from Alberta Education and/or publicly funded post-secondary institutions in Alberta. If the applicant attended a private post-secondary institution(s) within Alberta or any educational institution out-of-province in the interim, the applicant must arrange to have official transcripts sent directly to the Registrar’s Office and Student Services (ROSS).

   Similarly, a student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies Student route (see Part 2 - Registration, Section 3.f., p. 54).

2. Returning to the University of Lethbridge after Visiting and Exchange Studies

   See Part 1 - Admission, Section 3.d.4. (p. 38) and Part 2 - Registration, Section 3.d.1. (p. 54).

c. Procedures for Acceptance to Undergraduate Programs in the Faculty of Education, Faculty of Fine Arts, Faculty of Health Sciences, Faculty of Management, or to any Combined Degrees program

1. Students not currently enrolled in programs at the University must follow the procedures outlined in 8.a. or 8.b., above.

2. Students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an Application for Admission to Specialized Programs Form.

3. Conditional Admission may be offered to Transfer applicants applying for entry into undergraduate programs (see Section 9.e. Conditional Admission, p. 50).

d. Undergraduate Program Application and Document Deadlines, see page 29.

e. Responsibility of the Applicant or Student

   It is the responsibility of the applicant or student to:

1. Provide true and complete information at the time of application for admission or readmission (see Section 9.j., Misrepresentation/Falsified Admission Documents, p. 50).

2. Provide any materials which the University may reasonably request in order to make decisions regarding either admission to the University or transfer credit evaluation (see Section 9.j., Misrepresentation/Falsified Admission Documents, p. 50).

3. Consult with the appropriate Academic Advising office regarding how unspecified transfer credit may be used to meet program requirements.

9. POLICIES FOR ALL STUDENTS

a. Access to Courses

   Applicants should note that although admission may be granted to the University, eligibility to enrol in specific courses may be denied if the appropriate prerequisite high school or post-secondary course has not been completed (e.g., Chemistry 2320 has a prerequisite of Chemistry 30 or UofL Chemistry 0500). Applicants who are concerned about prerequisite courses for their desired program should check with Admissions.

b. Professional Transfer Programs

   Many university courses, including introductory courses, have prerequisite high school courses. Applicants who intend to enrol in one of the professional transfer programs leading to degrees elsewhere should note that, while a student may be admissible to the Faculty of Arts and Science, a longer period may be required to meet the requirements for a professional program if these prerequisite high school courses or their equivalents have not been completed prior to admission.

c. Enrollment Management

   The University of Lethbridge subscribes to enrolment management policies as resources become exhausted. For High School applicants, the basic admission average requirement is 60 percent. However, the University has set the admission cut-off average for General Admission at 65 percent for 2012/2013. For New Transfer applicants, the basic requirement for General Admission is a GPA of 2.00 on the UofL 4.0 GPA scale; some programs have a higher GPA requirement for transfer students. The GPA requirement for College Diploma applicants varies according to the program.

   As the minimum is reviewed yearly, applicants should contact the Admissions Office for the current requirement.

d. Enrolment Limits and Admission Quotas

   The University of Lethbridge guarantees that admitted students will have timely access to courses required to complete the student’s program. However, admission to the University does not constitute a guarantee that a student will be able to register for any particular course in a given semester.

   Enrolment limits are enforced by all Faculties. Where demand for access exceeds program or major capacity, admission will be limited according to approved enrolment management policies. Applicants will be assigned admission priority chiefly on the basis of academic merit. Subject to individual Faculty policies, High School applicants will typically be assigned priority on the basis of admission average. New Transfer applicants will be assigned priority on the basis of admission grade point average. Notwithstanding, the University reserves the right to limit admission to any or all programs without advance notice.

   Faculties may have quotas; satisfying admission requirements for a program does not guarantee
admission to the program nor to a specific major within the program.

e. Conditional Admission

Conditional Admission may be offered to applicants studying at Canadian institutions. This provides program admission which is conditional on the eventual satisfaction of certain admission requirements. For example, a student may be offered admission on the basis of satisfactory completion of studies still in progress at another institution or at the University of Lethbridge. Students failing to meet the condition in a satisfactory manner in the time specified may be required to withdraw from the program of admission; in such cases, the student’s qualifications will be reviewed for possible admission to another program at the University, or the student may be allowed to complete the semester as an Open Studies Student.

f. Year of the Calendar

A student admitted or readmitted to the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission. However, students are governed by the current Calendar in all other respects (e.g., order of registration, fees, course prerequisites) regardless of the year of admission or readmission.

When a student’s registration at the University is interrupted and the student subsequently is readmitted to a University program, the student shall be governed by the Calendar in effect at the time of readmission, unless granted special permission.

A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the University, to the current Calendar. If a student opts for a particular Calendar, all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects.

Any student wishing to change the Year of the Calendar must apply to the Registrar’s Office and Student Services (ROSS).

Students continuously registered in a formally-approved transfer program or in transferable courses at a post-secondary institution in the Alberta Council of Admission and Transfer, are normally admitted under the current Calendar. However, the students may be treated as if they had been continuously registered at the University during that period. They may, therefore, when admitted to the University, opt for any Calendar from the one in effect at the point of most recent admission to the Alberta college system to the Calendar in effect at the point of admission to the University of Lethbridge.

The University also recognizes transfer arrangements with the College of the Rockies and Selkirk College, and the University treats students transferring from these institutions in an equivalent manner with respect to the year of the governing Calendar.

Transfer students from institutions other than those with which the University has established transfer arrangements will be treated according to current policies for new student admissions, and therefore be subject to all the requirements of the Calendar in effect at the time of admission or readmission.

g. Simultaneous Enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

h. Academic Probation

Normally, if readmitted, an applicant who was on Academic Probation upon leaving the University will be readmitted on condition of Academic Probation.

i. Required to Withdraw

Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the UofL 4.0 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

Policies on admission after required withdrawal are also included in Section 8.b. (p. 49), Part 7 - Arts and Science (p. 101), Part 8 - Education (p. 166), Part 9 - Fine Arts (p. 182), Part 10 - Health Sciences (p. 208), and Part 11 - Management (p. 223). In particular, Tabula Rasa is available only in the Faculty of Arts and Science (see Section 3.e., p. 101), Faculty of Fine Arts (see Section 4.e.2, p. 182), and the Faculty of Health Sciences (see Section 6.c., p. 208).

j. Misrepresentation/Falsified Admission Documents

1. Admissions decisions are made on the basis of complete and accurate information provided to the University by the applicant or by other institutions at the request of the applicant. The integrity of the admissions process is dependent on the honesty of the applicant.

For the purposes of this section, the term “documents” refers to all transcripts, letters and letters of reference, test results, and other documents or statements submitted by an applicant or student, or on behalf of an applicant or student, supporting an application for admission or readmission to the University of Lethbridge.

a. The submission of an application for admission containing false statements or intentional omissions of required information constitutes misrepresentation of a student’s admission qualifications.

b. Falsified admissions documents include the submission of altered documents and/or the failure to provide all admissions documents.
2. Where there is evidence that an applicant or student has 1) submitted, or arranged for the submission of, an application for admission purposes with false statements or intentional omissions; and/or 2) failed to provide any related document; and/or 3) submitted falsified documents, the following procedures will be taken:

a. The Assistant Registrar (Admissions and Transfer) will review the alleged offence(s) with the applicant or student and advise the student to refer to the Misrepresentation/Falsified Admission Documents policy in this section. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the alleged offence(s) under this section.

b. Should the Assistant Registrar (Admissions and Transfer) determine that the alleged offence(s) have occurred, after consultation with the Associate Vice-President (Student Services) and Registrar, he/she may take any or all of the following actions:

1. Provide the student with a letter of reprimand and place a copy in the student's file.
2. Revoke the applicant's or student's admission status, up to and including immediate and permanent dismissal from the University.
3. Cancel or suspend the applicant's or student's admission and/or registration privileges for a specified term.
4. Notify other educational institutions regarding particulars of the incident.
5. Enter a notation on the applicant's or student's transcript as follows: “Suspended due to submission of false documents.”

3. The Assistant Registrar (Admissions and Transfer) will meet with the applicant or student again to inform him/her of the penalties to be imposed for the offence(s) committed under this section and provide him/her with information on appeal procedures. At the meeting, the Assistant Registrar (Admissions and Transfer) will provide the applicant or student with a letter regarding the penalties to be imposed and appeal procedures for the offence(s) under this section. Alternatively, the applicant or student will be notified by registered letter, with the date of receipt by the applicant deemed to be five working days after the date of the Assistant Registrar’s letter.

4. The applicant will have seven days after the deemed date of receipt in which to appeal in writing to the Associate Vice-President, Academic. In the absence of an appeal received by the Associate Vice-President within the seven days, the Assistant Registrar (Admissions and Transfer) may levy any or all of the penalties under Section 9.j.2.b. above.

10. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

a. A person who has applied for admission to a program of studies in an undergraduate or graduate program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, shall not be considered a ‘student’ for the purposes of the rights and privileges accorded to a student of the University of Lethbridge, until the date that the person commences academic studies at the institution or the first day of the academic semester/session for which the application applies, whichever shall last occur, and notwithstanding any act or notice of acceptance or admission may have been communicated to the applicant.

This same restriction in its entirety applies to Open Studies Students and authorization to register.

b. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any application for admission to an Undergraduate Studies program or Graduate Studies program at the University of Lethbridge, either in a full-time, part-time, Visiting, or any other category of admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur.

This same presidential authority in its entirety applies to Open Studies Students and authorization to register.

c. The powers of the President to rescind any application for admission or any applicant, or to rescind authorization to register from Open Studies Students, may be exercised in any circumstance where the President in his/her sole discretion determines that:

1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration.
2. The best interests of the University outweigh the inclusion of the individual as a student at the University.

d. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.

e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.

11. EXPLANATION OF TERMS

Accredited or Recognized Institution - Generally, an accredited or recognized post-secondary institution is one approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes. Institutions may be deemed to be accredited through recognition by accrediting organizations or by such recognized educational
organizations as the American Association of Collegiate Registrars and Admissions Officers (AACRAO).

Credit, specified and unspecified - Advanced course credit may be granted in terms of specific course equivalents (e.g., ENGL 1900) or in terms of approximating subject and course-level credits (e.g., ENGL 1000 level, UNSPECIFIED). These are, respectively, specified and unspecified credit. Specified credits satisfy specific program requirements; appropriate unspecified credit may satisfy specific program requirements.

General Admission - A student guaranteed general admission is regarded to have met the basic prevailing admission criteria for non-quota programs in the Faculty of Arts and Science or the Faculty of Fine Arts.

Transfer Students - Students who have attended other post-secondary institutions and who have completed three or more transferable semester courses.

Transferable course - A course at another post-secondary institution for which credit may be granted toward a University of Lethbridge degree.

1. STUDENT RECORDS RETENTION POLICY

   The permanent official folder for each student is maintained by the Registrar’s Office and Student Services (ROSS). The contents of this folder shall be destroyed according to the following schedule:

   a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

   b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

   Prior to the destruction of the folder, the Registrar’s Office and Student Services (ROSS) shall ensure that the contents of the file are reflected in the student’s electronic record, according to the policies governing admission, registration and academic history.

   For more information see Confidentiality of Student Records Policy (Part 4 - Academic Regulations, Section 10.d., p. 89).

2. ADVICE AND INFORMATION

   Students who wish academic advice during registration should seek it from the relevant academic advisor.

   Students who wish other kinds of information and advice about registration, such as deadlines and procedures, should ask at the Information Centre (SU140).

   Students are responsible for the accuracy and completeness of their own registration, and are liable for the fees for courses in which they are registered.

   Students who decide not to attend the University must cancel their registration prior to the Add/Drop deadline (see Section 8. Cancellation and Withdrawal, p. 57).

3. TERMS USED DURING REGISTRATION

   a. Enrolment and Registration

      For purposes of this Calendar, these terms are used interchangeably.

      Bridge: The University’s online registration system is available for all students (www.uleth.ca/bridge).

   b. Year of Student

      Students are classified by year level according to the number of credit hours they have successfully completed (i.e., this does not include courses in which the student is currently registered).

      Number of Successfully Completed
      Year Credit Hours (Semester Course Equivalents)
      1 0 - 29.5 (0 - 9)
      2 30 - 59.5 (10 - 19)
      3 60 - 89.5 (20 - 29)
      4 90 - 119.5 (30 - 39)
      5 120 or above (40 and above)

   c. Part-Time and Full-Time

      1. Fall and Spring Semesters

      A part-time student is registered in fewer than 9.0 credit hours (three semester courses or equivalent).

      A full-time student is registered in a minimum of 9.0 credit hours (three or more semester courses or equivalent).

      The usual course load for a full-time undergraduate student is 15.0 credit hours (five courses) per
semester. It should be stressed, however, that heavy course loads are a common cause of poor academic performance.

2. Full-Time by Definition
Students registered in Co-operative Education Work Experience courses are considered to be full-time.

3. Summer Session - Maximum Load
Each Faculty and School has legislated maximum enrolments per session for continuing students. See Section 6.b. (p. 56) for maximum loads for each Faculty/School.

4. Summer Session - Financial Support
Undergraduate students receiving government student loans for full-time studies during Summer (May - August) must be registered in a minimum of 9 credits and enrolled in Summer Session I and II/III or Summer Session I, II and III. It may be possible for Alberta residents to receive Alberta Student Loans for one Summer Session course, but all other borrowers should check with Scholarships and Student Finance staff about other provincial/territorial eligibility.

d. Visiting and Exchange Students
1. University of Lethbridge Students Studying Elsewhere
Within the residence requirement of the Faculty/School in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who wish to study as authorized Visiting or Exchange students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who wish to study as authorized Visiting or Exchange students at another institution must follow the following procedures:

a. Students must apply using an Application for Visiting Student Authorization or an Application for Exchange Student Authorization. Approval in writing must be obtained from the appropriate Faculty/School prior to commencement of studies elsewhere.

b. The student will be registered in Placeholder courses during the semesters of approved absence from the University of Lethbridge. This allows the student to retain the registration privileges of a Continuing Student, and the University to keep track of these students for record keeping purposes.

c. The student will register along with other Continuing Students for the semester following the approved absence, according to the registration instructions for Continuing Students.

d. If the student wishes to extend the approved absence, prior approval must be obtained from the appropriate Faculty/School. Otherwise, when the student subsequently applies for readmission, it will be according to the policies and procedures pertaining to students returning after an absence, thereby forfeiting guaranteed readmission and Continuing Student privileges.

2. Visiting and Exchange Students from Other Universities
For complete information on registering as a Visiting or Exchange Student, please see the current Timetable and Registration Guide.

e. Audit Student
An Audit Student has been granted permission by the instructor to attend lectures in a course on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments or sit for examinations. No degree credit is granted for the course. An Audit Registration Form must be submitted to the Registrar’s Office and Student Services (ROSS) by the indicated deadline.

Audit Students are not required to meet the University’s English Language Proficiency Requirement.

An Audit Student, who is not also a Continuing, newly admitted or Open Studies Student, is granted the same access to University services as a Community user. Community user fees and restrictions will apply.

f. Open Studies Student
Open Studies Student registration allows persons interested in taking courses for general interest to register without having to gain admission to the University.

The following conditions apply to registration as an Open Studies Student:

1. Registration as an Open Studies Student is open to any individual not currently admitted to the University, with some restrictions as outlined below. Open Studies Student enrolment does not constitute formal admission to the University. Open Studies Students must present required documents at each registration.

2. Students who have been Required to Withdraw from this or any other post-secondary institution within the last 12 months are not encouraged to register as Open Studies Students. See Part 1 - Admission, Section 9.i., p. 50). Courses taken as an Open Studies Student after Required Withdrawal may not be used for credit toward programs to which a student may ultimately be admitted without the express permission of the Faculties offering that program.

3. Open Studies Students must meet the University’s English Language Proficiency Requirement (see Part 1 - Admission, Section 6.a., p. 43). Open Studies Students must present proof of English Language Proficiency at registration. Failure to present proof will result in denial of registration privileges. Unofficial documents are acceptable.

4. Course prerequisites must be met where applicable and Faculties are responsible for enforcing prerequisites. Enrollment in some courses may require permission from the relevant Faculty/School. Open Studies Students are required to present unofficial transcripts of prior secondary and/or post-
secondary work at registration, if registration into a course with a prerequisite is to proceed.

5. Open Studies Students have access to classes only as space and quotas permit. Registration must take place at dates specified in the Academic Schedule (p. 17).

6. Open Studies Students must meet minimum academic standards for continuation of registration privileges. While under Open Studies Student status, students are allowed a maximum of two grades below ‘C-’. Any subsequent grade below ‘C-’ results in permanent suspension of Open Studies Student registration privileges. Such a suspension of privileges is recorded on the student’s transcript. At the outset of each term, the Registrar will determine registration eligibility for Open Studies Students. For these purposes, each of the Fall semester, Spring semester, and the aggregate of all Summer Sessions is considered to be one term.

7. Open Studies Students are not eligible to use the Credit/Non-Credit designation.

8. Open Studies Students are subject to the same Course Withdrawal policies as admitted students. Please refer to Section 8.d. (p. 57) for complete information.

9. Open Studies Students may apply for formal admission or re-admission at any time through one of the approved admission routes. At the point of admission, courses completed via the Open Studies Student route are included in the admission decision process.

10. Open Studies Students whose registration privileges have been suspended may not re-register until they have attended another post-secondary institution and have been offered admission to a University of Lethbridge program.

11. Students who were previously Required to Withdraw may present courses completed via the Open Studies Student route when reapplying for admission. Tabula Rasa may be granted to Open Studies Students who were Required to Withdraw from the University of Lethbridge. If granted, Tabula Rasa is applied only to the student’s record prior to the point of Required Withdrawal (see Part 7 - Arts and Science, Section 3.e., p. 101, Part 9 - Fine Arts, Section 4.e.2, p. 182, or Part 10 - Health Sciences, Section 6.c., p. 208).

12. Upon subsequent application for admission or re-admission, courses completed via Open Studies Student registration may be counted toward the student’s program, subject to the appropriate rules of the Faculty/School regarding residence and Required Withdrawal legislation.

13. Only students who have been admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma, or certificate. However, students who have been previously admitted, and not subsequently required to withdraw, may graduate while under Open Studies Student status. Such students must have been admitted to the program of graduation at some point. As well, such students must have met the admission and graduation requirements of that program.

Students who have been Required to Withdraw must be re-admitted to the University and to the program of studies before they will be permitted to graduate. Such students must apply for admission according to regular application procedures and deadlines.

14. Official transcripts are issued for Open Studies Students.

15. Registration requirements are satisfied by the completion of the Open Studies Registration Form and its submission to the Registrar’s Office and Student Services (ROSS), after paying the registration fee and deposit at the Cash Office.

16. The University routinely offers non-credit programs to selected groups of students, as do other agencies. Such students may not be eligible for registration via the Open Studies Student route. With the permission of the Registrar, students participating in approved non-credit programs may register concurrently in credit courses as Open Studies Students. Such registrations must be authorized in advance by the Registrar.

17. Students denied registration privileges may appeal in writing to the Associate Registrar. Such appeals will be dealt with by the Associate Registrar and Registrar.

4. WHEN TO REGISTER

See the Academic Schedule (p. 17) for specific registration dates. Students who fail to complete registration during the specified period may be assessed a late fee.

a. New Students and Those Returning After an Absence

After applications have been processed, those eligible for admission receive full instructions on the procedures to be followed to complete registration.

b. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route.

c. Admitted Students

Students currently registered at the University register at the times indicated in the Academic Schedule (p. 17).

d. Registration in Off-Campus Courses

Each semester the University offers courses at a number of off-campus centres. Open Studies Students may register in these courses in person, by mail or via the Bridge. Admitted students may register using the Bridge.

e. Applied Studies

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the published deadline in the Timetable and Registration
Guide. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-329-2000).

   Continuing students who did not register during Early Registration will be permitted to register on a first-come first-served basis.

d. Other
   Registration for off-campus courses organized by organizations affiliated with the University may occur outside of the legislated Order of Registration.

6. REGISTRATION LIMITATIONS

a. Timetable Conflicts
   Students are not permitted to register in two classes which are offered at the same time. To avoid delays at registration, students must consult the current semester Timetable carefully. Registration into classes which overlap or create time conflicts will not be processed.

b. Maximum Credit Hours
   During Early Registration, the maximum number of credit hours in which a student may register is 15.0 (five course equivalents). During the first week of classes, students may increase their loads to the maximum allowed by their respective Faculty/School. Physical Activities, Music Ensemble Activities and Education Professional Development courses carry credit hours equal to 1.5. Generally, most other courses have an equivalent of 3.0 credit hours.
   Students wishing to register in more than the maximum credit hours (semester course equivalents) allowed must obtain approval of the Faculty/School in which they are enrolled.
   • In the Faculty of Arts and Science, students must obtain permission if they wish to exceed the following maximum credit hours (as determined by academic standing):
     
     **Probation**
     12.0 credit hours (4 courses)

     **In Good Standing**
     Normal 15.0 credit hours (5 courses)
     Maximum 18.0 credit hours (6 courses)
   • In the Faculty of Education, students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester.
   • In the Faculty of Management, the usual course load for a full-time student is 15.0 credit hours (5 courses) per semester.
   • In all other Faculties/Schools, students must obtain permission if they wish to exceed 15.0 credit hours (5 courses).
   • Summer Session (semester course equivalents):
     
     | Session | I | II | III |
     |---------|---|----|-----|
     | Arts and Science | 2 | 2 | 2 |
     | Education | 3 | 2 | 1 |

     | Health Sciences | 3 | 2 | 1 |
     | Management | 2 | 1* | 1* |

     * The maximum number of courses Management students may take over Summer Sessions II, III, and II/III is two.

   **Note:** In the event of a difference between the maximum credit hour limits set by the Faculties/Schools, students in Combined Degrees programs will be governed by the more stringent limits.
c. Duplication of Registration
A student may not register in more than one section of a course offering in a semester.
A student may not be registered in the same course in more than one semester simultaneously (e.g., in both Summer Session and Fall Semester).

d. Faculty/School Quotas
Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given semester. Enrolment limits are enforced by all Faculties and Schools.

e. Graduated Students
A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route.

f. Holds on Registration
A Faculty/School may place specific registration requirements upon a student. In such cases, at the request of the Dean, the Registrar’s Office and Student Services (ROSS) may restrict a student’s access to registration. Students with restricted access to registration must register manually (in person or by mail), thus ensuring they abide by the Faculty/School registration requirements.

7. COURSE ADD/DROP
Courses may be added and/or dropped after initial registration. No changes other than withdrawals from individual courses are permitted after the Add/Drop period.

8. CANCELLATION AND WITHDRAWAL

a. Classroom Privileges - Students
Students have classroom privileges for the course offering in which they are registered. Classroom privileges mean that a student is entitled to attend class meetings as required by the instructor and detailed in the course outline. Students who are not registered may be granted classroom privileges at the discretion of the instructor. Students who do not have classroom privileges may not attend a class. Instructors may authorize guests to attend a class. Audit registration is also normally available for people who would like to attend a class on a regular basis.

b. Cancellation of Registration
Students may cancel their registrations by the Add/Drop deadline in any semester/session:
- Open Studies Students who cancel their registration by the Add/Drop deadline in a Fall or Spring Semester forfeit the $75 non-refundable deposit and the non-refundable $25 Open Studies Student Registration Fee.
- Open Studies Students who cancel their registration by the Add/Drop deadline in a Summer Session forfeit the $25 Open Studies Student Registration fee only.

Note: Effective Fall 2011, Open Studies students will pay an $80 tuition deposit and a $20 registration fee.
All students must cancel their registration using the Bridge (www.uleth.ca/bridge).

Students who register and decide not to attend but DO NOT cancel their registration by the Add/Drop deadline shall be assessed tuition and compulsory fees according to the fee assessment schedule in Part 3 - Fees, Section 8.b. Withdrawals (p. 62).

Students who cancel their registration by the Add/Drop deadline in a Summer Session forfeit the $75 non-refundable deposit and the non-refundable $25 Open Studies Student Registration Fee.

A ‘Complete Withdrawal with Cause’ is available only through Faculty/School Advising Offices.

Failure to comply with this requirement results in the assignment of failing grades and full assessment of fees—see Part 3 - Fees, Sections 8.b. Withdrawals (p. 62) and Refunds 8.c., (p. 62). Grades are not assigned when a student withdraws. Students registered in Summer Session should consult the Summer Session Calendar for details of the complete withdrawal procedure and related deadline dates.

Students are responsible for ensuring that the Registrar’s Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar’s Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

d. Course Withdrawal - Part-Time and Full-Time Status

1. Fall and Spring Semesters
Full-time students who withdraw from courses but remain registered in three semester course equivalents (9.0 credit hours) retain classification as full-time students.

Full-time students who withdraw from courses, resulting in registration in fewer than three semester course equivalents (9.0 credit hours), are reclassified as part-time.

2. Summer Session
Students receiving full-time government student loans for the Summer Session should contact Scholarships and Student Finance for provincial/territorial student loan eligibility.

Students registered in Summer Session should consult the Summer Session Calendar online at www.uleth.ca/summer/session/summer session/ded.html) and related deadline dates (see Academic Schedule & Deadlines at www.uleth.ca/summeression/ded.html).

3. Students who drop from full-time to part-time status do not receive the same privileges as full-time students at the University. Furthermore, students who are accessing government student loans and...
drop to part-time status will be financially penalized if they have loans for the semester in which they are dropping to part-time and existing government loans may go into repayment early.

e. **Course Withdrawal**

1. **W - Individual Course Withdrawal**
   Students are awarded a ‘W’ designation for any course from which they choose to withdraw after the first Add/Drop period, provided the student remains registered in one or more courses. Withdrawal deadlines for Summer Session vary and may be found in the *Academic Schedule (p. 17)*. Students may be entitled to a pro-rated refund for courses from which they have withdrawn.

2. **WC - Withdrawal with Cause**
   The designation ‘WC’ is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student which makes continuation in a course impossible and where an ‘Incomplete’ designation is not in order. For admitted students, the ‘WC’ is recorded only on application to the Faculty/School Advising Office. For Open Studies Students, the ‘WC’ is recorded upon application to the Associate Registrar. A student may apply for a ‘WC’ after Add/Drop, up to and including the last day of classes (see *Section 8.b “Withdrawals” in Part 3 - Fees, p. 62*).

9. **APEAL OF REGISTRATION**

Students dissatisfied with decisions regarding registrations are entitled to a review by the Associate Registrar. If still dissatisfied after this review, the student may address a written appeal to the Registrar who renders the final decision on behalf of the Registrar’s Office and Student Services (ROSS).

Students who wish to appeal decisions regarding retroactive adjustments to registrations shall have one full year from the last day of the add/drop of the semester or summer session during which the course(s) in question were registered.

The Students' Union Health Plan is $80 and Dental Plan cost is $73, both for eight months coverage, for the Spring Semester for full time students admitted in the Spring semester. Contact the Students' Union Office for information on opt-out procedures or refer to the "General Services" section in the Calendar for more information.

A non-refundable Confirmation of Admission deposit of $80.00 (for undergraduate students) must be paid to the Cash Office for newly admitted and readmitted undergraduate students. No arrangements whatsoever will be made for this deposit, nor will student loan forms be accepted in lieu of the required deposit.

Past due accounts are charged simple interest at the Bank prime lending rate plus 5% per annum. Interest is calculated and added to the balance owing at the end of the first working day each month.

1. ADVICE AND INFORMATION
A student may obtain further information about academic regulations from the Faculty/School in which that student is registered. It is the responsibility of each student to be familiar with the academic regulations.

2. STUDENT COMPUTER LITERACY
Effective May 1, 1995, instruction at the University of Lethbridge is designed and scheduled around the assumption that every student has ready access to a computer and printer. The University provides access to computers for scheduled instruction and negotiates site licenses for software to minimize costs and facilitate the delivery of support services, but it cannot provide unlimited access for individual study and for the preparation of assignments and essays. Computer literacy is an essential skill for most professionals and buying a computer, although expensive, is a wise investment for a student undertaking university studies.

The University, with the assistance of the Department of Information Technology, has developed guidelines to assist students considering the purchase of a computer. As technology changes very quickly and advice is subject to immediate change, students are encouraged to consult the University’s website (www.uleth.ca/notice) and to contact the IT Solutions Centre in the Department of Information Technology (E610; phone: 403-329-2490). For a complete list of Information Technology services at the University of Lethbridge, see Part 16 - General Services, Section 16. Information Technology (p. 561) for up-to-date information on equipment and available computer service and assistance to students on campus.

3. ACADEMIC REGULATIONS
All students are bound by the academic regulations contained in the most current Calendar; regardless of the Calendar they are following for program requirements.

a. Grading
An instructor bears full responsibility for evaluating the academic performance of students.

An instructor must indicate at the beginning of each course, in writing, the detailed manner by which work will be evaluated and the final grades derived and, upon request, communicate to students an estimation of their levels of performance by the end of the eighth week of the semester. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Each Faculty/School has an examination policy which will be explained by the instructor and be available at the Faculty/School Office and in the Registrar’s Office and Student Services (ROSS) (SU140).

Final grades are determined in accordance with the grading system described in this Calendar. All grades for courses and Independent Studies are submitted to the Office of the Dean of the Faculty/School offering a course by the date set at the end of each session. Except when a Course Incomplete has been approved by both the instructor and the Dean, there is no provision for the late submission, revision or evaluation of students’ work or the late submission of grades.

1. Grading System
Effective May 1, 2002, the University of Lethbridge and other Alberta universities adopted a common 4-point grading system. The common grading system closely resembles the grading system that became effective on September 1, 1988, when pluses and minuses were introduced into the original University of Lethbridge grading system. All three University of Lethbridge systems are described in the table on page 73.

Under all three systems, the overall academic performance of a student is expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the grade point average is determined in the same way. No attempt will be made at differential weighting of the three systems.

The grade point average achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Grade Points</th>
<th>Weighting Factor</th>
<th>Total Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sociology 1000</td>

</tbody>

The total Grade Points divided by the total Weighting Factor = the Grade Point Average (GPA).

\[

\]

Non-Grade Designations (no grade points assigned):
AI - Administrative Incomplete
AU - Audit
I - Incomplete
Cr - Credit
NC - Non-Credit
P - Pass
W - Withdrawal
WC - Withdrawal with Cause
X - Continuing
X - Permanent

2. Grade Point Average in the University of Lethbridge Record
The current grade point average is printed on the official transcript. The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is the average of all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). The cumulative GPA is calculated but does not appear on the official transcript.

Other types of GPA calculations:
Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades hidden by the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations.
Additional GPA calculations include Academic Standing GPA, Admission GPA, Awards GPA, Faculty GPA, Major GPA, Prerequisite GPA, Program GPA and Residence GPA. Note that these calculations are defined by the unit which uses the GPA.

There are certain courses which are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the first attempt for a repeated course; and courses in which there are non-grade designations such Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a ‘P’ or ‘Pass’ is not included in the calculation of the current or cumulative GPA, but an ‘F’ or ‘Fail’ is included in the GPA calculation.

**AI - Administrative Incomplete**
The designation of ‘AI’ is recorded at the time all grades are released for a given term by the Registrar, if the grade assigned by the instructor of a completed course has not been received by the deadline. The ‘AI’ is replaced by the letter grade as soon as it is received. The ‘AI’ designation is temporary, must be replaced by a grade as soon as possible and may not be used in lieu of an Incomplete designation.

**AU - Audit**
The non-grade AU designation is awarded in the case where a student has been granted permission by an instructor to audit a course. The course appears on the transcript as ‘AU’ (Part 2 - Registration, Section 3.e., p. 54).

**I - Incomplete**
The designation of ‘I’ is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a semester. The ‘I’ designation is awarded only on application to and approval of both the instructor and the appropriate Dean and such application is not entertained until the last two weeks of classes. When the ‘I’ is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an ‘F’ in the course.

The ‘I’ designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an ‘F’ except where circumstances continue to prevent the completion of the course, in which case the ‘I’ designation remains on the transcript.

An ‘I’ designation assigned in an Education Field Experience course has a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

**W - Withdrawal**
A designation of ‘W’ may be recorded at any time after the Add/Drop period, up to last day of classes. The ‘W’ designation shall be awarded only upon formal application by the student or his/her agent to the Registrar in writing. Students are responsible for ensuring that the Registrar’s Office and Student Services (ROSS) receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar’s Office and Student Services (ROSS) recommends that the student use Registered Mail to guarantee delivery.

**WC - Withdrawal with Cause**
The designation ‘WC’ is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an ‘Incomplete’ designation is not in order. For admitted students, the ‘WC’ is recorded only on application to and approval of both the instructor and the appropriate Dean and such application is not entertained until the last two weeks of classes. When the ‘WC’ is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an ‘F’ in the course.

The ‘WC’ designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an ‘F’ except where circumstances continue to prevent the completion of the course, in which case the ‘WC’ designation remains on the transcript.

application to the Faculty/School Advising Office. For Open Studies Students, the ‘WC’ is recorded upon application to the Associate Registrar. Prior to readmission, students who are granted a complete "Withdrawal with Cause" may be requested to provide evidence that the conditions which led to the complete withdrawal (WC) have been identified and addressed. Coordination among units, including Academic Advising, Counselling Services, and Admissions must take place.

X - Continuing
Used only for courses which may extend beyond one semester. Eligible courses are designated by the Faculty or School offering the course. Signifies that a grade will be awarded at the conclusion of the course and will replace the ‘X’ on the student’s transcript.

X - Permanent
Used for placeholder courses to indicate that the student is active in the program but is not taking courses in a given term or is taking credit courses at another institution, under the appropriate authorization.

Also used in an Undergraduate Thesis Course (4995) when a student elects to complete the course over two semesters. This grade designation is assigned to the first semester.

Cr/NC - Credit/Non-Credit
A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies Students.

For completion of course requirements with a grade of ‘C’ or higher, the grade earned appears on the transcript automatically. If a grade between ‘C’- and ‘D’ (inclusive) is earned, a ‘Cr’ appears on the transcript. If a grade of ‘F’ is earned, an ‘NC’ appears on the transcript.

Students may designate courses as Credit/Non-Credit according to the following limits:

- All single and combined degrees programs:
  - No transfer credit: 4
  - 1.5 - 30.0 transfer credit hour equivalents: 4
  - 31.5 - 60.0 transfer credit hour equivalents: 3

- All post-diploma programs, with or without transfer credit: 2

- All post-diploma combined degrees programs, with or without transfer credit: 3

- All certificate programs and the Professional Diploma in Accounting, with or without transfer credit: 1

- All second degree programs, with or without transfer credit: 2

A student is further limited in the number of Credit/Non-Credit designations made per term. In the Fall and Spring Semesters, a student may elect Credit/Non-Credit in a maximum of two courses. In Summer Session, a student may elect Credit/Non-Credit in a maximum of one course per session.

Once a course is designated Credit/Non-Credit, it counts toward the maximum, irrespective of the outcome.

The Credit/Non-Credit alternative may not be elected in courses constituting the student’s major, specialization or minor, required courses in Education and specifically-required, non-management courses. Education students may elect a maximum of three Education courses as Credit/Non-Credit. For the purpose of this regulation, Management courses are regarded as the major for the B.Mgt. degree. Nursing courses are regarded as the major for the B.N. degree. Public Health and Health Sciences courses are regarded as the major for the B.H.Sc. (Public Health major) program, and Health Sciences courses are regarded as the major for the B.H.Sc. (Addictions Counselling major) program.

No courses carrying a ‘Credit’ designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. Faculties/Schools may allow substitutions for designated courses at their discretion, but must consider the records of such students as deficient.

Note: Credit (Cr) designations are often counted by other institutions as equivalent to ‘D’ grades. Non-Credit (NC) designations are often counted by other institutions as equivalent to ‘F’ grades. Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools, should consider this carefully before electing this option.

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

P - Pass/Fail Courses
Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation ‘P’ or the grade ‘F’.

The designation ‘P’ indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation ‘P’, the course is not included in computation of the grade point average; when the student is awarded ‘F’, the course is included in computation of the grade point average.

Note: Students in pre-professional transfer programs are advised that some institutions do not recognize courses for which grades are not assigned. The designation ‘P’ is not considered to be a grade.

b. Repeat of a Course
At the University of Lethbridge, a student may repeat a course previously taken.

A grade may be improved by completing either the course or its equivalent.

- Students wanting to improve their grade in an Independent Study, Series, or Topics course must repeat the section with the identical title.

- Courses that are equivalent are denoted with an ‘Equivalent’ course element in the course description and include courses that have been renamed or renumbered, and topics or series courses that have been regularized.

If a student repeats a course, the grade for each attempt is recorded on the transcript, but only the grade and
c. Exceeding Course Limits
In the case where a student exceeds any legislated course limit(s), the credit hours required in the student’s program will be increased by the number of credit hours completed in excess of the limit(s). Examples of such legislated course limits include the maximum number of Activity, Independent Study, or Introductory courses allowed in a program.

1. Substantially Similar Course Limits
Substantially similar courses contain a high percentage of similar course content and are denoted with a ‘Substantially Similar’ course element in the course description. Students who complete two substantially similar courses will receive credit for both courses. However, the required credit hours in the student’s program will be increased by the number of credit hours of the substantially similar course. For example, if a student in a 40-course program (120.0 credit hours) takes two 3.0 credit hour-courses that are substantially similar, that student must complete 123.0 credit hours.

2. Limitation on the Impact of a Single Course
If a single course causes the student to exceed more than one limit, the student’s program will be increased by one course (3.0 credit hours) only. For example, a student who completes Computer Science 1000 and Management 2060 (which are substantially similar) would have his/her program increased by one course (3.0 credit hours). If completion of Computer Science 1000 also causes the 10 introductory course limit to be exceeded by one course (3.0 credit hours), the program would not be increased further.

d. Waiver of Prerequisite/Corequisite
Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such cases, the student may seek the permission of the Faculty/ School to waive the prerequisite(s) and/or corequisite(s) for that course.
Application for a prerequisite/corequisite waiver must be made through the Department offering the course. Once written permission is received from the Faculty/School, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s). Students do not receive credit for the waived prerequisite(s) or corequisite(s).
If a prerequisite or corequisite course is specifically required in a program or major, it must be registered and completed at some point unless a substitution has been approved by the Dean. In the case of courses required for the major, substitutions must be recommended to the Dean by the Department/Academic unit.

e. Academic Standards
1. Student in Good Standing
To be in good standing, a student must maintain the following minimum cumulative grade point average:

<table>
<thead>
<tr>
<th>Number of completed courses (includes transfer courses)</th>
<th>UofL GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>1.70</td>
</tr>
<tr>
<td>11-20</td>
<td>1.85</td>
</tr>
<tr>
<td>21-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students should be aware that some Faculties/Schools require higher levels of performance in certain courses or semesters. Students are referred to detailed statements by Faculties/Schools in relevant Parts of this Calendar.

2. Probationary Student
If the cumulative grade point average falls below the required levels, the student is placed on academic probation and is subject to program restrictions. In some cases a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

3. Required Withdrawal From the University
Students may be required to withdraw on three academic grounds: (1) academic indices, (2) consecutive semesters on probation or (3) failure to meet the terms of Conjoint Admission.
Students shall be required to withdraw for academic reasons from University of Lethbridge programs only following the Spring Semester.

a. Required Withdrawal - Academic Indices
Students who have completed six courses and whose cumulative grade point average, at the end of the Spring Semester, falls below the following indices are required to withdraw from the University:

<table>
<thead>
<tr>
<th>Number of completed courses (includes transfer courses)</th>
<th>UofL GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-10</td>
<td>1.50</td>
</tr>
<tr>
<td>11-20</td>
<td>1.70</td>
</tr>
<tr>
<td>21-30</td>
<td>1.85</td>
</tr>
<tr>
<td>31-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

b. Required Withdrawal - Semesters on Probation
Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

c. Required Withdrawal - Terms of Conditional English Proficiency Admission
Students admitted under the Conditional English Proficiency provision must:
- Successfully complete each level of EAP in no more than two attempts, and
- Maintain continuous registration in EAP during Fall, Spring and Summer semesters until the ELP requirement is satisfied.
Students who fail to meet these conditions will be required to withdraw from the University (see Part I - Admission, Section 5.d., p. 42).

Students should be aware that regulations pertaining to required withdrawal may vary depending on the Faculty/School. Students are referred to their respective Faculty/School for details on these regulations.

4. Required Withdrawal From Program/Major
Where demand for access exceeds program/major capacity, Faculties/Schools reserve the right to set academic standards for continuation in a specific program or major, according to approved enrolment management policies. A student who is not eligible to continue in a program/major, but whose academic performance does not warrant required withdrawal from the Faculty/School or the University, is guaranteed a seat in a related program/major for which the student is qualified and which is offered by that Faculty/School.

f. Honours Thesis Designation
Undergraduate Thesis courses will be designated by the same number in all disciplines: 4995.
Undergraduate Thesis courses will carry the subject code for the discipline (e.g., PHIL).
These courses will carry the title: Undergraduate Thesis.
Undergraduate Thesis courses will be 6.0 credit hours, and tuition fees will be assessed on the regular fee basis.
Prerequisites will include: (1) fourth-year standing (a minimum of 90.0 credit hours) and (2) a cumulative GPA specified by the Faculty or School.

Any disciplinary requirements beyond those prescribed for the major are included as prerequisites for the undergraduate thesis courses and appear in this Calendar under the undergraduate thesis course listing (see Part 14 - Courses).
The grading mode will be standard letter grading. Credit/Non-credit is not available.
A minimum grade approved by the Faculty or School Council must be achieved in order to attain the 'Honours Thesis' designation. A student who achieves a grade of 'D' or higher, but not the designated minimum grade in this course, or who fails to meet any other requirement for the 'Honours Thesis' designation, will retain credit for the equivalent of two courses (6.0 credit hours) under the course title of 'Undergraduate Thesis' but will not be eligible for the 'Honours Thesis' designation.
For information regarding the 'Honours Thesis' designation and Undergraduate Thesis Courses for the B.A., B.Sc., and BASc. degrees, see Part 7 - Arts and Science, Sections 5.c., 6.c. and 7.c., respectively.

5. Residence Requirements and Time Limits
The University of Lethbridge's residence requirements and time limits for completion of credentials are listed in the table on pages 78-79.
Please note the following for the last three columns of the table:

Column A: Residence Requirement
A student who is a candidate for a degree, diploma or certificate must satisfy the minimum residence requirement through successful completion of University of Lethbridge courses. A single course, as listed in this table, is the equivalent of 3.0 credit hours.

Column B: Time Limit for Retention of Individual Course Credit
Many courses have a defined 'shelf life.' A course may be used to meet program requirements for a specific number of years. After that point, credit for that course is not retained.

Column C: Time Limit for Program Completion
A student who is a candidate for a degree, diploma or certificate must satisfy all program requirements within the time limit established by the Faculty/School administering that program.

Notes for the table:
There are restrictions on the Diploma used as the basis for admission.

1. There are restrictions on the Diploma used as the basis for admission to the Post-Diploma B.Sc. Environmental Science program.

Part 7 - Arts and Science, Section 11.a. (p. 110) for complete information.

2. There are restrictions on the Diploma used as the basis for admission to the Post-Diploma B.Mgt. program.

The approved diploma can be no more than eight years old at the point of admission.

3. Management courses completed prior to admission may be no more than eight years old. Once admitted, credit is retained until completion of the program (up to a maximum of 10 years after admission).

4. Students who study at an international institution under Exchange Student authorization will count the exchange courses toward meeting the minimum residence requirement.

5. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required for residency. Students in the following majors may use courses in the major towards this requirement: Computer Science majors can use 3000/4000-level Computer Science courses in addition to 3000/4000-level Management courses; Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; First Nations' Governance majors can use 3000/4000-level Native American Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.

6. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required
for residency. Students in the following majors may use courses in the major towards this requirement: Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; First Nations’ Governance majors can use 3000/4000-level Native American Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.

4. GRADE APPEAL POLICY
   a. Definition
   Grade appeals deal with claims that a student’s course grade has been improperly determined. Student appeals will be directed to the Dean of the Faculty/School in which the course is taught.
   In this Policy, ‘instructor’ shall indicate instructor/supervisor, and ‘Faculty’ shall indicate Faculty/School.

   b. Faculty and School Appeals
   1. The student is not required to inform the instructor(s) of an intention to appeal, but, before initiating a grade appeal, the student must have discussed the grade and how it was determined with the instructor(s). If the Dean of the Faculty is satisfied that the instructor(s) was not available for this discussion, the Dean shall allow the appeal to proceed without it.
   2. All grade appeals must be initiated by completion of a Grade Appeal Form, which must be received and signed by the Dean by the following dates immediately following completion of the course: Fall Semester courses - February 7; Spring Semester courses - June 7; Summer Session courses - October 7.
   3. The Grade Appeal Form must explain why the student believes that the grade was improperly determined. The Dean’s signature on the Grade Appeal Form indicates that the student has discussed the merits of the grade appeal with the Dean, who is also charged with explaining the procedures connected with the grade appeal.
   4. The Dean shall immediately forward the appeal to the Faculty Grade Appeal Chair and send signed copies of the Grade Appeal Form to both the instructor(s) and the student.
   5. The Chair shall immediately request both instructor(s) and student to submit any relevant documentation pertaining to the appeal, and indicate in writing the name of the Faculty member or student agreeing to serve on the Grade Appeal Committee.
   6. The instructor(s) and student must each submit relevant documentation and the names of those willing to serve on the Committee no later than 14 days after the Chair’s request, after which period the Dean may act on behalf of either the instructor(s) or the student.

   7. The Faculty Grade Appeal Committee shall reach a decision no later than 30 days following the striking of the Committee.
   8. The Chair of the Faculty Grade Appeal Committee shall deposit the file relating to an appeal with the Dean within 10 days following an appeal decision by the Committee. The Dean shall immediately notify in writing the instructor(s) and student of the Committee’s decision.

   c. Appeals to General Faculties Council (GFC)
   1. Either the student or the instructor(s) may appeal the decision of a Faculty Grade Appeal Committee to General Faculties Council. The appeal must be submitted to the Secretary of General Faculties Council no later than 30 days after the decision of the Faculty Grade Appeal Committee has been mailed.
   2. The General Faculties Council shall reach a decision regarding the appeal no later than 30 days after the date that the appeal was received by the Secretary of General Faculties Council.
   3. The authority of General Faculties Council regarding grade appeals shall be delegated to the GFC Grade Appeal Committee, appointed by General Faculties Council. The GFC Grade Appeal Committee shall consist of three Faculty members from at least two Faculties who have previously chaired Faculty Grade Appeal Committees or who have comparable experience. Appointments to the GFC Grade Appeal Committee shall be for three years, staggered to provide continuity. The GFC Grade Appeal Committee shall determine its own procedures and appoint its own Chair.
   4. The Chair of the GFC Grade Appeal Committee shall deposit the file relating to an appeal with the appropriate Dean, with a copy to the Secretary of General Faculties Council, within 10 days of the decision of the Committee regarding the appeal. The Secretary of General Faculties Council will communicate immediately in writing the decision of the Grade Appeal Committee to the student, instructor(s), Dean(s), Registrar and the Department.

   d. Committee Procedure
   (Faculty Grade Appeal Committee and Grade Appeal Committee of General Faculties Council)
   1. The Grade Appeal Committee shall determine its own procedures. That said, it is understood that the instructor(s) and the student shall have opportunity to make presentations to the Committee in writing, orally or both. Both the instructor(s) and the student shall have the right to cross examine any persons who have been asked by the Committee to speak. Written submissions shall be shared.
   2. Decisions of a Grade Appeal Committee shall be made by a majority vote.
   3. In the case of the Faculty Grade Appeal Committee, no member of the Committee shall act as an advocate for either the student or the instructor(s) or otherwise act as a representative of some factional interest. Should the Chair of the

Committee believe that the deliberations of the Committee suffer from a lack of objectivity on the part of one or more of its members, the Chair shall so inform the Dean. Following such information from the Committee Chair, the Dean may withdraw responsibility for considering the appeal from this Committee. Where the Dean withdraws responsibility for considering an appeal from a Committee, the Dean shall, following consultation with the student and instructor(s), appoint two members to a new Faculty Grade Appeal Committee who, together with the Chair, shall assume responsibility for considering the appeal.

4. A Grade Appeal Committee is not restricted in its decision to finding either for or against the request of any appeal, but may award any letter grade or any available non-grade designation. This means the Faculty and GFC Grade Appeal Committees can adjust grades up or down, or change a grade designation to a non-grade designation. In the event that an ‘Incomplete’ is awarded, the Committee must prescribe the procedure by which the ‘Incomplete’ will be converted into a letter grade or non-grade designation.

5. A written report supporting any Faculty Grade Appeal Committee decision must be submitted in every case. The report of the Faculty Grade Appeal Committee shall include a summary of the Committee’s rationale for the decision. Where the Committee’s decision is not unanimous, the report may contain, but is not required to contain, a dissenting opinion.

6. After a grade appeal is completed, personal materials must be returned to the instructor(s) and student.

7. The decisions of the GFC Grade Appeal Committee shall be final.

5. STUDENT DISCIPLINE POLICY - ACADEMIC OFFENCES

a. Introduction
The integrity of the University and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student relationship, as well as the integrity of the evaluation process. Conduct by any student that adversely affects this relationship or process represents an academic offence. The following describes the principal academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

b. Plagiarism
No student shall represent the words, ideas, images, or data of another person as his or her own. This regulation will affect any academic assignment or other component of any course or program of study, whether the plagiarized material constitutes a part or the entirety of the work submitted.

c. Cheating
1. In the course of an examination, no student shall obtain or attempt to obtain information from another student or other unauthorized source, or give or attempt to give information to another student, or knowingly possess, use or attempt to use any unauthorized material.

2. No student shall represent or attempt to represent oneself as another or have or attempt to have oneself represented by another in the taking of an examination, preparation of a paper or other evaluated activity.

d. Duplication
No student shall submit in any course or program of study, without both the knowledge and approval of the person or persons to whom it is submitted, all or a substantial portion of any academic assignment for which credit has previously been obtained or which has been or is being submitted in another course or program of study in the University or elsewhere. (This clause is not intended to prevent the integration of learning but, rather, to prevent duplication of credit for a body of work.)

e. Confidential Materials
It is an offence knowingly to procure, distribute or receive any confidential academic material such as pending examinations or laboratory notebooks.

f. Misrepresentation
It is an offence knowingly to misrepresent material facts to another for the purpose of obtaining academic advantage or credit. One example of this offence occurs whenever a student submits in any course or program of study any academic assignment containing a statement known by the student to be false or a fabricated reference to non-existent sources or documents.

g. Other Offences
1. Any other conduct by a student which adversely affects the integrity of the instructor-student relationship and/or the evaluation process will be considered an academic offence.

2. Faculties and Schools may define and must publicize any other academic offences specific to a given program, together with attendant penalties. A statement of such offences and penalties must be approved by the General Faculties Council.

h. Discipline Procedures
In this Policy, ‘instructor’ shall indicate instructor/supervisor.

Any member of the University community who believes that a student has violated academic regulations may initiate proceedings against the student.

1. An instructor who believes that a student has committed an academic offence should proceed according to Section i. Procedures and Penalties section below.

2. Any other person who believes that a student has committed an academic offence should communicate to the instructor of the affected course the particulars of the time and place and provide a brief summary of the alleged misconduct. Where the alleged academic offence does not involve a specific course, the allegation of
misconduct should be directed to the Dean of the program in which the student is registered.

i. Procedures and Penalties

1. The instructor must review the alleged offence with the student and shall advise the student to refer to the Discipline Policy.

2. Where the instructor has reason to believe that an offence has been committed, he/she must impose a written reprimand in which a summary of both the offence and additional penalty, if any, is included. Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained. In addition to the reprimand, the instructor may impose one or more of the following additional penalties:
   a. Additional work.
   b. Grade reduction in or rejection of the assignment.
   c. Grade reduction in the course.
   d. A grade of 'F' in the course. If a student is given a grade of 'F', then the student is no longer registered in that offering of the course and no longer has classroom privileges (see Part 2 - Registration). Should a student elect to appeal this penalty, the student will remain registered until the appeal is decided. See Section j. below for information regarding the appeal process.

   The instructor shall forward a copy of the written reprimand to the Dean for inclusion in the student's file in the Registrar's Office and Student Services (ROSS). The Registrar shall inform the Dean if there is a previous reprimand in the student's file.

   At the discretion of the Dean, a student with a previous academic offence on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate academic behaviour and could include penalties ranging from a recommendation of a grade reduction to suspension or expulsion. The Dean may refer such a case to the GFC Discipline Committee when a penalty listed above has been applied. The Dean has the option of referring a case to the GFC Discipline Committee, even in cases where there is no appeal by the student.

j. Appeals of an Instructor's Decision

Within seven working days of receipt of the written statement described immediately above, the student may challenge either the accusation of having committed an offence or the penalty imposed by an instructor for an offence by submitting a written appeal to the Dean. The Dean shall review the case and either uphold the instructor's decision, reduce the penalty, or dismiss the case. The Dean shall inform the student and instructor in writing of this decision. If an allegation of an academic offence is dismissed, the written notice in the student's file shall be destroyed. The Dean's decision regarding the appeal of the instructor's decision shall be final.

k. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See Section l. Suspension/Expulsion below.

l. Suspension/Expulsion

1. Suspension

   Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards and requirements applicable at the time of reapplication.

2. Expulsion

   Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Vice-President (Academic) in consultation with the Dean of the program from which the student was expelled. Such approval shall not normally be given before the expiry of three years.

3. Procedures

   a. If the instructor considers that the case requires suspension or expulsion, he/she shall make such recommendation in writing to the Dean, outlining the particulars of the case, with a copy to the student. The instructor shall advise the student to seek advice from his/her Faculty Advisor and/or the Registrar.

   b. If the Dean considers that suspension or expulsion is in order, he/she shall so notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.

   c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, the student shall receive a grade of 'Incomplete' for the course in which the charge was laid. This includes the time until an appeal has been heard. A student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.

   d. In the event that the decision affects the graduation status of the student, the decision regarding the offence shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

m. Discipline Committee

   1. Composition
The Discipline Committee shall consist of the Vice-President (Academic) (or designate) as Chair, two Faculty members appointed by the General Faculties Council and two student members nominated by the Students’ Union or Graduate Students Association. One alternate Faculty member and one alternate student member shall also be appointed and will be invited to serve in the event that Committee members are unable to do so.

2. Quorum
A quorum shall consist of four, to include the Chair plus a minimum of one Faculty and one student member.

3. Conflict-of-Interest
To encourage impartiality, Committee members shall not serve during investigations of students with whom they have familial or other close associations. Faculty members shall not serve during investigations of students currently taking courses taught by that Faculty member.

The Chair shall rule on the eligibility of Committee members in cases regarding potential conflict-of-interest.

4. Procedures
The Discipline Committee shall set its own procedures for investigation, subject to the following guidelines:

a. The Chair shall inform the student in writing of the academic regulation which is alleged to have been violated and the possibility of suspension or expulsion. The student shall be informed (by Registered Mail), at least 14 days prior to the date of the hearing, of the date, time and place of the hearing and notified that if the student does not appear, the Committee may hear the case in the student’s absence.

b. The student may be accompanied by an advisor, or represented by a designate, who may speak on the student’s behalf and/or the student may submit a written statement.

c. The Chair shall notify the Dean and the instructor who lodged the original complaint, of the date, time and place of the hearing, together with a copy of any written submission from the student and shall request the Dean’s/ instructor’s attendance at the hearing.

d. The student, his/her advisor or designate and the Dean/instructor shall have the right to cross-examine any persons who have been asked by the Committee to speak and may call forward witnesses or other persons.

e. The hearing shall be in camera. A confidential record of the hearing shall be kept.

5. Decision of the Discipline Committee
At the conclusion of the hearing, the Discipline Committee shall decide by majority vote whether suspension, expulsion or a lesser penalty is warranted. The Committee shall take into consideration the disciplinary record of the student.

The Discipline Committee shall prepare a brief summary of the evidence and arguments presented, the decision of the Committee and the rationale for the Committee’s decision. This document shall be signed and delivered within seven days of the conclusion of the hearing to the University President, who shall communicate the same to the student.

If the student is to be suspended or expelled, the date of implementation shall be sent by Registered Mail. A copy of the Discipline Committee’s report shall be placed in the student’s file in the Registrar’s Office and Student Services (ROSS) and a copy shall be sent to the Dean. A notation concerning suspension or expulsion shall be placed on the student’s transcript.

6. Appeals of the Decision of the Discipline Committee
Within 30 days of receipt of the notice described immediately above, the student may appeal in writing to the Board of Governors a decision of the Discipline Committee. The Board of Governors decision regarding the case shall be final.

When a student disrupts instructional activities, the instructor may exclude the student immediately from instructional space and/or from future scheduled instructional meetings of that course pending further actions by the Dean. When a student disrupts research activities, the instructor may exclude the student immediately from research areas pending further actions by the Dean. The instructor must immediately notify the Dean of the Faculty/School in which the course is offered or in which the research is being undertaken. expiry of three years.
   3. Procedures Governing Suspension/Expulsion
      a. If the Dean or University Librarian considers that the case requires suspension/expulsion, he/she shall
         make such recommendation in writing to the Registrar, outlining the particulars of the case, with a copy to
         the student. Should the Director, Security & Parking consider that the case requires suspension/expulsion, he/she shall

ACADEMIC REGULATIONS

8. APPEAL OF APPLICATION OF POLICY OTHER THAN GRADE OR STUDENT DISCIPLINE

Students dissatisfied with the application of an academic policy or regulation to their own status are entitled to a review by the Dean of the Faculty in which they are registered.

If still dissatisfied after this review, the student may address a written appeal to the Dean who renders the final decision on behalf of the Faculty. A student may appeal a decision on behalf of the Faculty to the General Faculties Council.

Students shall have one year from the date of application of an academic policy or regulation other than grade or student discipline to appeal.

9. EXAMINATION POLICY AND PROCEDURES

Examinations are an important part of a university education. They provide an opportunity for instructors to determine what students have learned and for students to assess their understanding of course material. Examinations encourage a comprehensive review of the material covered in a course. Finally, they are a key component in the grades assigned to students as a measure of their academic success and preparation for more advanced study.

This Examination Policy provides procedures for the conduct of examinations and for the transmission of grades. However, no policy can cover all eventualities. It is understood that this policy must be interpreted humanely and sensitively.

For exceptions to this Policy, contact the Dean of the appropriate Faculty or School.

a. Definitions

1. ‘Examinations’ shall mean all written and oral tests or quizzes (regular or make-up, scheduled or unscheduled) used to determine final grades for students in regularly scheduled class sessions held during a semester course or Summer Session.

2. ‘Take-Home Examinations/Projects’ shall mean any non-invigilated written examinations or projects completed outside of regularly scheduled classes or examining times which are used to determine final grades for students during a semester course or Summer Session.

3. ‘Final Examinations’ shall mean end-of-semester or end-of-Summer Session examinations, scheduled for a certain time and place by the Registrar, used to determine final grades in any student and should not materially change the course. The course outline shall include the following:

   a. Weights (proportions or percentages of the total) of all Examinations, Final Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades and how these weighted grades are calculated to determine final grades.

   b. Due dates, approximate due dates or approximate frequency of Examinations, Other Graded Work, and Take-Home Examinations used to determine final grades; and what effect, if any, missed deadlines will have on grades.

Examinations and Other Graded Work must be called due no later than the last day of classes. However, musical performance examinations may be scheduled after the last day of classes with consent of the student.

2. Missed Examinations

a. Students who fail to write Final Examinations for reasons of illness or other extenuating circumstances beyond their control may request the Dean to permit a make-up examination. If the Dean’s permission is granted, it is the responsibility of the instructor to provide and administer the make-up examination.

b. For missed examinations, a grade of ‘F’ must be given for the examination if, without valid reasons, students fail to write Examinations or Final Examinations.

c. Examinations During the Last Two Weeks of the Fall and Spring Semesters

During the last two weeks of a semester the only Examinations worth more than 20 percent that may be administered are Laboratory Examinations and assessments of performance (e.g., Physical Activity classes, performances in the Fine Arts and practicums in Education and Health Sciences).

d. Take-Home Examinations: Distribution, Deadlines

1. Take-Home Examinations in Fall and Spring semesters must be distributed no later than the last scheduled class of the semester.
2. If used as a Final Examination, Take-Home Examinations must be called due no earlier than the date and time of the Final Examination, but no later than the last day of the examination period of a Fall or Spring semester.

3. Take-Home Examinations in a Summer Session must be distributed no later than one week prior to the last week of classes and must be called due on the last day of the exam period.

e. Independent Study/Honours Thesis: Deadline
All work to be graded in fulfilment of the requirements of an Independent Study course or Honours Thesis must be called due no later than the last day of the final examination period of a semester or Summer Session.

f. Web Grade Entry
Instructors submit final grades online via the Bridge for each class/section for which they are responsible.

g. Grade Designation of 'I'
Except in the case of the Faculty of Education, the grade designation of 'I' (Incomplete) is awarded only in case of illness or other extenuating circumstances beyond the student which make it impossible to complete the required course work by the close of the semester or Summer Session. The 'I' designation is awarded only on application to and approval by both the instructor and the Dean of the Faculty or School in which the course is offered. When the 'I' is approved, an appropriate deadline (to a maximum of one year) is determined for completion of outstanding work. Students who do not complete outstanding work by the assigned deadline will normally receive a weighted grade based on work completed, including an 'F' for incomplete work. Where circumstances continue to prevent the completion of the course, the 'I' designation remains on the transcript.

h. Availability of Instructors
Should instructors not be available during the Grade Appeal Period following the end of a semester/Summer Session, they shall ensure that all Examinations, Final Examinations, Other Graded Work, Take-Home Examinations and all grade sheets, records, tests, written materials and data used to determine final grades are available to the Dean.

i. Final Examination Schedules
Final examinations must be held at the place and time set by the Registrar and shall not exceed three hours.

j. Requests for Rescheduled Final Examinations
Only in extraordinary circumstances may students request to write an equivalent invigilated Final Examination at other than the scheduled time and place. Students must make a written request to the Dean. Upon the Dean's approval, instructors will be authorized to arrange rescheduled Final Examinations (forms available in the Dean's Office).

k. Examination Security and Invigilation
1. The instructor may restrict admission to the examination site prior to the examination. If necessary, arrangements may be made with Security to restrict such admission.

2. Instructors may require all students to sign in before the examination, to sign out after the examination and to register with the instructor the number of examination booklets used. Instructors may also require all students to place their University of Lethbridge identification card on their desks for the duration of the examination. If the instructor is not certain of a student's identity, the student must be allowed to write the examination. The student shall then be referred to the Dean for resolution of the matter.

3. Except in the case of Take-Home Examinations or their equivalents, examinations must be fully invigilated by the instructor or by another academic staff member, preferably one knowledgeable in the subject matter of the examination.

4. Instructors may prescribe or restrict materials which may be taken to the examination site and used during the examination.

5. For security reasons, students may not leave the examination site during the first thirty (30) minutes nor enter after the first thirty (30) minutes.

6. If students must leave the examination site for personal reasons, the instructor shall take reasonable measures to ensure that no materials leave the site and that no restricted materials are brought back to the site.

7. Unless otherwise stipulated by the instructor, each finished examination shall bear the name, signature and identification number of the student.

8. Tape recorders, typewriters or computers may not be used in scheduled examinations without prior approval of the instructor.

l. Graded Work: Ownership, Confidentiality, Handling, Posting Grades
1. All Graded Work Outside Final Examinations
Students have the right to obtain and keep, once the grades have been determined, written materials resulting from Examinations, Other Graded Work and Take-Home Examinations not used as Final Examinations. Written materials shall mean all examination booklets, papers and printed summaries of answer sheets. The instructor may keep machine-graded answer sheets and test questions, but upon arrangement with the instructor, students shall have the right to review these materials.

2. Final Examinations
a. During the Grade Appeal Period, which extends to February 7 for all Fall courses, to June 7 for all Spring courses and to October 7 for all Summer Session courses, instructors shall keep or return to students all Final Examination materials. Once the grades have
been determined and upon arrangement with the instructor, students shall have the right to review these materials.

b. After the Grade Appeal Period ends, students have the right to obtain and keep written materials resulting from Final Examinations. The instructor may keep test questions, but upon arrangement with the instructor, students shall have the right to review them.

3. Receiving, Handling, Returning, and Destroying Graded Work
   a. All reasonable measures shall be taken to ensure confidentiality of both the student’s work and the instructor’s assessment. Under no circumstances shall any form of graded work be left in an unsupervised public place. Students who want someone else to pick up any form of graded work for them must authorize that person in writing. Students may provide a stamped, self-addressed envelope to the instructor for the return of graded work.
   b. All Examinations, Take-Home Examinations/Projects, Final Examinations, and Other Graded Work, which remain unclaimed after the Grade Appeal Period must be retained for a period of one year after the end of the Fall semester, Spring semester, or Summer Session in question. Materials must be destroyed as follows:
      • Materials from the Fall semester, which remain unclaimed, must be retained until December 31 of the following year and destroyed no later than January 31
      • Materials from the Spring semester, which remain unclaimed, must be retained until April 30 of the following year and destroyed no later than May 31
      • Materials from the Summer Sessions, which remain unclaimed, must be retained until August 31 of the following year and destroyed no later than September 30

4. Posting Grades
   In accordance with the University’s policy on Confidentiality of Student Records (November 21, 1985), instructors may not post grades unless all precautions are taken to protect student confidentiality. Neither names, nor University of Lethbridge student identification numbers, nor lists of identifiers which retain the original alphabetical order of names on a class list may be used for posting grades.

m. Cheating
   1. If cheating is suspected, instructors may require that the students immediately hand in the examination questions and examination papers or booklet(s) and any other relevant materials, but should also allow the students to continue writing with a fresh copy of the examination questions and new booklet(s) or paper.

2. In all cases of cheating, the instructor shall follow the procedures outlined in the Student Discipline Policy in the University Calendar.

n. Emergencies: Examinations, Final Examinations
   1. In the event that it proves necessary to evacuate an examination room because of an emergency situation, instructors shall tell students to leave all examination materials behind and supervise the evacuation of the room.
   2. Following the evacuation of an Examination or Final Examination room it is the instructor’s prerogative to resume the examination, if this can be done within a reasonable period of time after the evacuation. Extra time (i.e., the time lost) shall be provided to complete the examination. If an examination cannot be resumed safely or fairly after an evacuation, and if, in the judgement of the instructor, the interruption has occurred so early that the results cannot be prorated, all examination materials shall be destroyed and the examination be rescheduled.
   3. In the event that inclement weather or other conditions require that the University be closed, Final Examinations shall be rescheduled by the Registrar and posted on the Registrar’s Bulletin Boards. Whenever possible, postponed Final Examinations shall be rescheduled on the day immediately following the completion of the regular Final Examination schedule.

o. Students with Special Needs
   It is the responsibility of students with special needs, which will affect any examining procedures, to discuss these needs with their instructors. Instructors shall attempt to accommodate reasonable requests in order to evaluate all students fairly. Should instructors or students have any disagreements about the accommodation of any request, the Dean shall decide the matter.

10. OTHER POLICIES
   a. Taping of Lectures
      Lectures and performances given by academic staff members and visiting speakers may be audio or video recorded by students provided prior approval has been granted by the instructor or performer. Permission to record is solely for the purpose of personal study by the student and does not convey any right to duplicate the recording.
   b. Personal Security Policy
      The University of Lethbridge is committed to providing an environment that supports academic achievement and that protects the dignity, self-esteem and right to fair treatment of all members of the University community. The University will not tolerate threats to the personal security of any member of the University community. ‘Personal security’ means freedom from violence, the threat of violence, harassment, hazing, abuse of supervisor’s authority, verbal abuse, and discrimination in contravention of the Alberta Human Rights, Citizenship and Multiculturalism Act.
      Copies of the Personal Security Policy may be obtained from the Human Resources Office and the Registrar’s
d. Confidentiality of Student Records Policy
The University’s Policy on Collection, Dissemination and Confidentiality of Information about University of Lethbridge students recognizes that, while students must be aware that the record of their academic performance will be viewed and evaluated by others, they have a legitimate interest in controlling information about themselves. This policy therefore details the kind of information concerning a student the University may collect, what information concerning a student is confidential and how the University might gather and disclose this information. It also defines what constitutes the official Student Academic Record. Copies of this policy are available at the Registrar’s Office and Student Services (ROSS).

e. External Users of University Facilities
The University of Lethbridge invites and welcomes members of the general public to the grounds and facilities of the University. Convocation ceremonies are held twice annually. The Spring ceremonies are scheduled for the Thursday and Friday following the week of the Victoria Day long weekend. The Fall ceremonies are scheduled for the Saturday following Thanksgiving in October. See the Academic Schedule (p. 17) for complete information.

Students who fulfill degree, diploma, or certificate requirements during the Fall or Spring Semesters attend the Spring ceremony. Students who complete during the Summer Session attend the Fall ceremony. Students who may be completing degree requirements elsewhere (see B.A. or B.Sc. After Transfer to a Professional Faculty in Part 7 - Faculty of Arts & Science on p. 112) follow the procedures outlined below, applying for graduation as do all other students.

Students may only attend the Convocation indicated on their Application for Graduation form.

Students who do not graduate, for any reason (e.g., academic or financial), must submit another application by the appropriate deadline.

The Chancellor’s Party processes as a discrete group and sits according to a seating plan in a reserved area of the Platform.

11. REVOKING DEGREES

The University has a policy to govern the revoking of a degree after it has been awarded. See Part 4 - Academic Regulations, Policies, and Program Requirements, Section 6.m. Other Policies (p. 85).
1. INTERNATIONAL STUDENTS
An international student is any student whose nation of
citizenship is not Canada, and who is not a Permanent Resident
of Canada. The University of Lethbridge encourages the
enrolment of international students. International students
comprise a vital and vibrant component of the university
community. Both international students and Canadian students
benefit from the presence of a strong international student
contingent. The International Centre for Students (ICS) was
established to support the academic and personal growth of
international students and exchange students. It is the goal of
the ICS to enrich the educational experience at the University
of Lethbridge by promoting a strong global perspective.

a. Admission
1. Admission Requirements and Procedures
For information on admission, see Part 1 - Admission, Section 5. International Students (p. 42).
For country-specific admission requirements see the website at www.uleth.ca/ross/admissions/intreq.html.

2. English Language Proficiency
All students whose first language is not English, see Part 1 - Admission, Section 6. English Language and Writing Requirements (p. 43).

b. Fees
For information on international student fees, see the fee schedules in Part 3 - Fees, Section 7 (p. 60).

c. Mandatory Health Care Insurance for International Students
Effective May 1, 1996, the University of Lethbridge requires all students to obtain and carry basic health insurance, in addition to the Students' Union supplementary health insurance plan. Students include all individuals registered in credit or non-credit courses and programs at the University of Lethbridge. Such insurance must be arranged prior to the commencement of classes for each term of studies. The University requires that students carry appropriate insurance both for their own benefit and well-being and for the protection of the community. The University reserves the right to rescind registration privileges from any student not carrying basic health insurance.

2. EXCHANGE STUDENTS
An exchange student is any student who is enrolled at one university but attending another university under an approved exchange program.

a. University of Lethbridge Students Studying Elsewhere
University of Lethbridge students who wish to participate in an approved exchange program will first contact the ICS. There are currently approved exchange programs at institutions in Argentina, Australia, Belgium, China, Chile, Ecuador, France, Germany, Italy, Japan, Malaysia, Mexico, the Netherlands, Poland, South Korea, Spain, Taiwan, Turkey, the United Kingdom, the United States, and Uruguay. Some exchange programs are only available to students in specific Faculties or programs at the University of Lethbridge.
For further information, contact the ICS Office (SU040; tel. 403-329-2053, fax 403-382-7140, or email: international@uleth.ca).

b. Exchange Students from Other Universities
The ICS is the point of first contact for exchange students coming to the University of Lethbridge from an approved exchange program.

For procedures and information pertaining to Exchange Students, see Part 1 - Admission, Section 3.d. (p. 38).

3. INTERNATIONAL CENTRE FOR STUDENTS (ICS)
a. International Liaison Officer (ILO)
The International Liaison Officer assists international students in adapting to campus life socially, academically, and culturally. The ILO represents international student interests at the institution, acts as an advocate on behalf of international students on both academic and welfare issues, and provides advice, support, referral, and information to students in areas such as visa extensions, family support, and academic support.
The ILO also offers international students an orientation to the University, and provides general advising services and workshops.
The ILO is the University of Lethbridge’s contact with Immigration Canada, providing assistance with immigration matters.

For further information, contact the ILO in the ICS Office (SU040, tel. 403-329-2053, fax 403-382-7140, or email: international.advice@uleth.ca).

b. Language Services

The ICS is responsible for non-credit programs in English as a Second Language and university-level writing.

1. English for Academic Purposes (EAP)

The English for Academic Purposes (EAP) program is designed for students who are seeking admission into degree programs. Students who successfully complete the Advanced Level of EAP will satisfy the University’s English Language Proficiency (ELP) requirement, for either undergraduate or graduate levels, and will not be required to submit a standardized English language test (e.g., TOEFL, IELTS, or CAEL) score for University of Lethbridge admission.

Offered in the Fall, Spring, and Summer, the University’s EAP program is designed for students with at least an Intermediate level of ESL as assessed by the EAP program placement exam, which is administered at the start of the program.

ENGLISH FOR ACADEMIC PURPOSES FEES (SEE SECTION 3.b.1., ABOVE)

I. PHILOSOPHY AND PROGRAMS

The Faculty of Arts and Science offers instruction in the humanities and the natural, social and mathematical sciences. The Faculty of Arts and Science commits itself to the development of well-educated persons in three dimensions of liberal education: the liberal arts, general intellectual background and depth of knowledge, as broadly defined in the sections below:

a. The Liberal Arts

   Literacy, the ability to read and interpret texts from diverse media, discourses and genres, and to express oneself in writing.

   Information literacy, the ability to discern when information is needed, and the ability to find, evaluate and use information effectively.

   Oral expression, the ability to listen and understand oral messages, and to express oneself effectively in a wide range of interpersonal contexts.

   Numeracy, the ability to work effectively with quantitative ideas and mathematical relations.

   Critical thinking, the ability to evaluate reasoning systematically and to argue well in support of deserving ideas.

   Integrative thinking, the ability to make connections among diverse and superficially unconnected things.

   Problem solving, the ability to recognize the problematic nature of the world and the ability to address those problems in a rigorous and imaginative way.

b. General Intellectual Background

   A sense of historical consciousness; an awareness of events in time and their significance to each other, and the relation of oneself and one’s community within them.

   A wide-ranging grasp of what the sciences tell us about the world in which we live; their methods, limitations, purposes and interactions with the global community and the world.

   Reflection of one’s own values and an openness to change.

   An understanding of, and a respect for, the causes and consequences of cultural, group and interpersonal differences.

   A critical understanding and an appreciation of the creative and aesthetic dimensions of life.

   The ability to comprehend and analyze the many facets of social life.

   An awareness of the body and the physical contexts in which we apprehend reality, and the development of well-being.

c. Depth of Knowledge

   A capacity to comprehend the complexity of ideas through sequential, developmental learning in a single subject or discipline.

   The development of the competency to do rigorous independent work in a subject or discipline.

   A critical grasp of the assumptions, arguments, approaches and controversies that have shaped particular claims and findings within a subject or discipline, and an understanding of the connections among disciplines.

At the University of Lethbridge, most first-year students, whatever their educational goals, enter the Faculty of Arts and Science. Students entering the Faculty may begin study for the Bachelor of Arts, Bachelor of Science or Bachelor of Arts and Science degrees; or prepare for later admission to the Bachelor of Education. Students may also enrol in a pre-professional transfer program or they may commence University studies without committing themselves initially to a particular program.

Whatever their intentions, all students registered in first degree undergraduate programs in the Faculty fulfill the 12-course General Liberal Education Requirement which must be completed before graduation (except in many post-diploma programs offered by the University of Lethbridge). This feature of the curriculum, which does not specify particular courses but provides a large field of choice, ensures basic familiarity with the different forms of knowledge, subject areas and methods in the Arts and Sciences.

Students may achieve diversity in their programs through Independent Studies, Interdisciplinary Studies and Applied Studies detailed elsewhere in this Part of the Calendar. Students may develop individual multidisciplinary majors, initiate courses in topics of special interest or propose degree programs suited to their own needs. In order to explore unfamiliar subjects without affecting their general academic standing, students may enrol in a limited number of courses on a Credit/Non-Credit basis.

The term ‘course’ in this Calendar Part means a unit of study offered by the Faculty of Arts and Science and normally studied for one semester, equivalent to three credit hours; Music Ensemble and Physical Activity courses count for one-half course credit, equivalent to 1.5 credit hours; Undergraduate Thesis courses count for 6.0 credit hours. The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours). A student on academic probation may not register in more than four courses (12.0 credit hours) in a semester. Students may accelerate their programs by carrying heavier study loads, by attending Summer Sessions or by working at Independent or Applied Studies during the intervals between academic terms. Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

Eight degree programs are offered in the Faculty of Arts and Science: Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), Bachelor of Arts and Science (B.A.Sc.), post-diploma Bachelor of Arts (B.A.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Agricultural Studies, post-diploma Bachelor of Science (B.Sc.) in Computer Science, post-diploma Bachelor of Science (B.Sc.) in Environmental Science and post-diploma Bachelor of Science (B.Sc.) in Geography with a Concentration in Geographical Information Science.

Details of these degree programs appear in the following pages. Please refer to Section 13 (p. 111) and Part 13 - Combined Degrees for information on Combined Degrees programs that include degrees offered by the Faculty of Arts and Science.
2. ADVISING AND INFORMATION

Academic advising in Arts and Science takes account of the variety of educational goals for which the Faculty wholly or partly provides and affiliates with other student services in the University.

a. Dean of Arts and Science

As well as being the administrative head of the Faculty of Arts and Science, the Dean of Arts and Science has direct responsibility for all academic programs and all years of study in Arts and Science. Appeals and issues of interpretation for students in Arts and Science should be directed to the Office of the Dean of Arts and Science.

b. Academic Advisors

Academic advising for the Faculty of Arts and Science is the responsibility of Academic Advisors, located in the Arts and Science Student Program Services Office, Students’ Union Building, Level 0.

Students may consult Academic Advisors for assistance with a variety of academic concerns, including program planning, declaration of majors, General Majors, Multidisciplinary Majors, readmission, applications for Incompletes or Withdrawals with Cause, authorized study at another university and pre-professional transfer programs.

c. Department Advisors

Each Arts and Science department and program designates an advisor who knows in detail department courses, prerequisites and course schedules, as well as all aspects of the department’s major program. In some departments, the Chair serves as department advisor. Although the minimum requirements for each major program are fully detailed in this Calendar, students should plan their major programs in consultation with the department advisor in order to ensure meeting their own individual aims. These aims may include graduate school or professional school admission and vocational goals. However, department advisors have no authority regarding degree, program or major requirements as set out in this Calendar. For information on such matters, students should consult Academic Advisors.

3. ACADEMIC STANDARDS

For graduation, students must attain a minimum cumulative grade point average of 2.00 on a minimum of 20 courses taken at the University of Lethbridge for credit toward the degree.

a. In Good Standing

To be in good standing, a student must maintain the following minimum cumulative grade point average (GPA):

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>1.70</td>
</tr>
<tr>
<td>11-20</td>
<td>1.85</td>
</tr>
<tr>
<td>21-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 40 courses.

b. Probation

Students whose cumulative grade point average falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a semester.

c. Required Withdrawal - Academic Indices

Students whose cumulative grade point average, at the end of the Spring Semester, falls below the following are required to withdraw from the University:

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-10</td>
<td>1.50</td>
</tr>
<tr>
<td>11-20</td>
<td>1.70</td>
</tr>
<tr>
<td>21-30</td>
<td>1.85</td>
</tr>
<tr>
<td>31-40</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students in the post-diploma B.A. in Agricultural Studies, the post-diploma B.Sc. in Agricultural Studies, the post-diploma B.Sc. in Computer Science, the post-diploma B.Sc. in Environmental Science and the post-diploma B.Sc. in Geography with a Concentration in Geographical Information Science programs will be considered with students who have completed 21 to 30 or 31 to 40 courses.

d. Required Withdrawal - Semesters on Probation

Students who, at the end of the Spring Semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

Note: The legislation, as indicated in c. and d., applies both to students registered in the Fall Semester who did not continue in the Spring Semester and to students registered in the Spring Semester. All students’ records are reviewed once per year, at the end of the Spring Semester.

e. Readmission after Required Withdrawal

Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Arts and Science upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or ‘P’, or ‘Cr’, up to the following limits:

- 40-course (120.0 credit hours)
  - B.A., B.Sc., and BASc. 20 ungraded courses
  - Combined Degrees B.A. and B.Sc. 15 ungraded courses
  - Post-Diploma B.A. and B.Sc. 5 ungraded courses

Although credit is retained, the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on academic probation.

Students who have received Tabula Rasa and are seeking admission to a Faculty other than Arts and Science are advised to contact that Faculty.
4. INSTITUTIONAL HONOURS
   a. Dean’s Honour List
      Students with outstanding academic performance are recognized on the Dean’s Honour List. The list is compiled twice yearly at the end of the Fall and Spring Semesters.
      Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses to qualify.
   b. Standards for Distinction and Great Distinction
      Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees “With Distinction” or “With Great Distinction.”
      Students with an Award GPA of 3.5 to 3.74 are awarded their degree “With Distinction.” Students with an Award GPA of 3.75 or higher are awarded their degree “With Great Distinction.”
      For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Arts and Science determines an Award grade point average by factoring into the University of Lethbridge cumulative grade point average, actual grades on transfer courses, and A+ grades as 4.3 grade points.

5. BACHELOR OF ARTS (B.A.)
   a. General Requirements
      1. Successful completion of at least 40 courses with a grade point average of at least 2.00.
      2. Completion of the General Liberal Education Requirement (see Part 4 - Academic Regulations, Section 11, p. 89).
      3. At least 25 Arts and Science courses not from the list Science Courses (i.e., at least 25 non-science courses).
      4. At least 10 Arts and Science courses at the 3000/4000 level, excluding Activity courses.
      5. Not more than five Independent Study courses may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      6. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1900 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      7. Not more than 20 courses may be taken from one department for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      8. Not more than four Activity courses (that is, courses with a weighting of 1.5 credit hours) except for Kinesiology majors, 16; Music majors, 8; may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).
      9. Not more than four university-accredited courses that are not Arts and Science courses may be taken for credit toward the degree. Courses cross-listed between the Faculty of Arts and Science and another Faculty do not count toward the limit outside Arts and Science.    c. ‘Honours Thesis’ Designation
      In some disciplines, qualified students in the Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science programs may elect to complete an undergraduate thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course in a single discipline or multidisciplinary major are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment.
Undergraduate thesis courses are numbered 4995. (See Part 14 - Courses for details on approved courses.)

1. Prerequisites
   Prospective ‘Honours Thesis’ candidates must meet the following prerequisites:
   a. Fourth-year standing (a minimum of 90.0 credit hours).
   b. A cumulative GPA of 3.30 (or higher if the Department/Unit requires).
   c. Any further prerequisite(s) as determined by the Department/Unit and appearing in the Calendar under the undergraduate course listing. (See Part 14 - Courses).

2. Supervisory Committee
   For each prospective ‘Honours Thesis’ candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the Department offering the undergraduate thesis course, will consist of the Thesis Supervisor from the Department and a minimum of one other reader, who may be from outside the Department.
   Note: For majors not housed in a Department, the Supervisory Committee composition shall be proposed by the Program Coordinator, subject to endorsement by the Dean.

3. Initial Approval
   a. The prospective student must present a Thesis Proposal to be approved by the Supervisory Committee prior to registration for the course.
   b. The Supervisory Committee will establish at the outset the weighting of the written and oral components of the thesis, as well as the procedure for determining the final grade.
   c. Subsequent changes to the approved Thesis Proposal must be approved by the Supervisory Committee.
   d. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
   e. Admission to the course is achieved through approval of the Supervisory Committee and the Department, or Program Coordinator, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
   f. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given Fall/Spring Semester or Summer Session.

4. Final Assessment
   The final assessment for the undergraduate thesis is based on two criteria:
   a. Written Component
      i. The undergraduate thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the Supervisory Committee prior to registration in the course.
   b. Oral Component
      The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student’s competence in oral communication and not necessarily an oral defence of the thesis, unless so specified by the Department.

5. Eligibility for ‘Honours Thesis’ Designation
   Students are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment only if they achieve a minimum grade of ‘B+’ (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between ‘D’ and ‘B’, inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the ‘Honours Thesis’ designation.
   Inquiries about the availability of the ‘Honours Thesis’ option should be directed to the respective Department/Unit. Please refer to Part 4 - Academic Regulations, Section 3.f. (p. 76) for more information on the ‘Honours Thesis’ designation.
   Note: The ‘Honours Thesis’ designation is not available for Combined Degrees programs, Post-Diploma programs or the B.A., B.Sc., or BASc. as a second degree.

Mathematics 2000 - Mathematical Concepts

**Note:** Students may find that their diploma courses may overlap in content some course offerings in the Computer Science program. However, the Department’s offerings will often differ in focus and emphasis from diploma course offerings that bear superficially similar course descriptions. Students who have reservations about apparent duplication of offerings of Computer Science electives studied in their diploma programs are encouraged to pursue other elective offerings from the Department.

Students will be expected to have a working knowledge of the programming languages used by the Department in the delivery of Computer Science 1620 and Computer Science 2620. A student without this background will be expected to remedy any programming language deficiencies.

Suggested Sequencing Plan

See www.uleth.ca/ross/sequence_plans/envs_bsc_pd_sept.html for a suggested sequencing plan for the Environmental Science major in the Post-Diploma B.Sc. program.

13. COMBINED DEGREES

There are combined 50-course programs leading to the degrees B.A./B.Ed. and B.Sc./B.Ed., and the degrees B.A./B.Mgt.
and B.Sc./B.Mgt. Upon successful completion of the program, the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science and the degree B.Ed. from the Faculty of Education or the degree B.Mgt. from the Faculty of Management. Neither degree is granted until the entire Combined Degrees program is completed. See Part 13 - Combined Degrees, for complete information.

14. B.A., B.Sc. or BASc. AFTER AN APPROVED DEGREE

An approved degree is a baccalaureate degree with 30 or more course equivalents from a recognized institution, Canadian or International. At least ten of the courses (30.0 credit hours) must be Arts and Science courses completed with a minimum grade of ‘C’. (See Part 1 - Admission, 3.b.5., p. 37.)

Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean.

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. Exceptions may be made at the discretion of the Dean in the case of international students seeking North American credentials. The decision of the Faculty of Arts and Science will be final in these matters.

This program is primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

Requirements:

A student may complete the B.A., B.Sc. or BASc. after an approved degree by meeting the following requirements:

a. Residence Requirement: 20 courses taken at the University of Lethbridge after admission to the second degree program.

b. Approval: The entire program must be approved in advance by the Dean.

c. Total Program: A minimum of 20 courses after admission to the second degree program. No courses taken outside the Faculty of Arts and Science may count as part of this program.

d. Academic Standards: A cumulative grade point average of at least 2.00 must be maintained at all times.

e. Credit earned towards a previous degree may not be used toward the second Bachelor’s degree.

f. General Liberal Education Requirement: six courses, two from each of List I, List II, and List III (see Part 4 - Academic Regulations, Section 11, p. 89).

g. For the B.A. degree, at least 15 courses not from the list Science Courses (see Part 4 - Section 11. General Liberal Education Requirement, Lists I and II, p. 90).

h. Course level: No courses below the 2000 level, unless required for the major, and a minimum of 10 courses at or above the 3000 level.

i. Independent Study: Not more than three Independent Study courses may be taken for credit toward the degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

j. Major Requirements:

1. The major(s) must be declared at the time of program approval.

2. All current requirements for the major(s) must be completed.

3. Students seeking a General Major for a B.A. or B.Sc. after an approved degree, must complete at least 16 courses from one of the Humanities, the Social Sciences or the Science lists. Of these 16 courses, six must be at the 3000 to 4000 level and four must be completed from each of the three disciplines at any level.

4. Credit earned towards a previous degree may not be used toward the second bachelor’s degree. However, recognition may be given for the content of such previous work in the major(s). In such cases, students will be required to complete appropriate 3000/4000-level courses in lieu of those for which exemption has been granted. Substitutions must be approved by the Dean, Faculty of Arts and Science, on recommendation from the Department Chair or Program Coordinator.

Note: In some cases, more than 20 courses (60.0 credit hours) may be required to satisfy all second degree and major requirements as specified above.

15. B.A. or B.Sc. AFTER TRANSFER TO A PROFESSIONAL FACULTY

Students who initially complete an approved 30-course program in the Faculty of Arts and Science may attain the University of Lethbridge degree B.A. or B.Sc. after completing degree requirements in Dentistry, Law, Medicine and Social Work in professional faculties elsewhere.

Students completing other professional degrees in combination with the initial 30-course Arts and Science programs may be awarded the B.A. or B.Sc. degree upon approval of the Faculty of Arts and Science.

Students intending to complete the B.A. or B.Sc. requirements in the above manner must have their programs approved by the Dean of Arts and Science by the time they have completed 15 courses.

16. CO-OPERATIVE EDUCATION/INTERNSHIP PROGRAMS

Co-operative Education/Internship Programs are available to students in all majors in the Humanities and Social Sciences in the B.A., Post-Diploma B.A., BASc., B.A./B.Ed. (including pre-B.A./B.Ed.) and B.A./B.Mgt. degree programs, and are available to students in all Science majors in the B.Sc., Post-Diploma B.Sc., BASc., B.Sc./B.Ed. (including pre-B.Sc./B.Ed.) and B.Sc./B.Mgt. degree programs.

Co-operative Education/Internship Programs differ from other forms of education in that they formally integrate a student’s academic and career studies on campus with relevant
and productive work experience in industry, business or government. The Coordinator, the Faculty of Arts and Science, and the employer share in the enrichment of the student’s academic program and in the intellectual, personal, and professional development of the student.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education/Internship Programs (AH154; tel. 403-382-7154; email: artsci.coop@uleth.ca; website: www.uleth.ca/coop/fas).

a. Admission
Students are often able to secure a Co-op placement at the end of their first year. Students are therefore encouraged to contact the Faculty of Arts and Science Co-operative Education Office as soon as possible in their program.

The criteria for admission include:
1. Minimum second-year standing (a minimum of 30.0 credit hours)
2. Grade point average and academic standing
3. Résumé and application form
4. Personal interview
5. Ability to perform in a work setting

Other factors such as labour market conditions, work experience, volunteer experience and extracurricular activities are also considered when selecting participants for the program.

b. Requirements
Students may complete between one and six work terms in one or more placements. Work terms are normally 4 months in length and can begin in January, May, or September each year.

To receive the Co-op designation for the degree students must complete successfully the course, major, and degree requirements for the degree program in addition to a minimum of three work terms:
- Arts and Science 3011 - Co-op Work Experience I
- Arts and Science 3012 - Co-op Work Experience II
- Arts and Science 3013 - Co-op Work Experience III

Students may also opt for the maximum of three additional work terms:
- Arts and Science 3014 - Co-op Work Experience IV
- Arts and Science 3015 - Co-op Work Experience V
- Arts and Science 3016 - Co-op Work Experience VI

Students are also required to complete pre-employment preparation training prior to the first work term.

Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of ‘F’ - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause (‘WC’), in accordance with University of Lethbridge policy (see Part 4, Section 3, p. 72). Where approval is granted by the Coordinator of Co-operative Education and the Dean of Arts and Science, a ‘WC’ will be entered on the transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy.

Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs
Students must acknowledge, accept, and abide by the requirements and regulations as outlined in the Calendar and the Co-op student handbook.

d. Transfer of Co-op Terms
For the purpose of fulfilling the Arts and Science Co-operative Education Requirement of three work term courses to earn the Co-op designation, a maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Arts and Science Co-operative Education Office. An approved co-op work term must be registered as a non-academic course on the student’s transcript from the sending institution and must have received a passing grade (either a letter grade or ‘Pass’).

17. APPLIED STUDIES
Applied Studies is a learning option in which students earn academic credit for learning gained through employment or volunteer experience. During the field placement, students explore their interests and aptitudes in a particular career and test, reinforce and make relevant the theories and principles learned in the classroom.

To be eligible for Applied Studies, students must have second-year status (a minimum of 30.0 credit hours) and have a work or volunteer placement related to their academic program. Credit is earned in Applied Studies 2000/2001 for learning achieved in an employment or volunteer experience as documented in a Work Report and other written assignments. Additional credit in Applied Studies 2010/2011 may be earned by completion of a project exploring a job-related issue within a specific academic context.

Disciplinary credit involves submission of a Learning Plan which outlines learning objectives related to the work experience. Evaluation of documentation indicating those objectives which have been realized takes place at the end of the employment experience.

Students may use two different placements to earn a maximum of four courses in Applied Studies and credit for a further six courses may be awarded within specific disciplines. Disciplinary credit is signified by the series numbers 2980-85, 3980-85, 4980-85.

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-382-7154).

This office also coordinates the Applied Studies program for the Faculty of Education and the Faculty of Management.

18. INDEPENDENT STUDY
Independent Study may be taken for credit inside or outside of the student’s major subject or in an interdisciplinary mode. Some major programs require an Independent Study component. A maximum of five Independent Study courses may count for degree credit. Combined Degrees students may count only three (see Part 4, Section 3.c, Exceeding
Course Limits, p. 75). Independent Study numbers 2990, 3990 and 4990 indicate the level of advancement.

Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Independent Study may take a variety of forms including library research, laboratory research projects or field study. Each Department provides detailed information on its available resources for support of Independent Study.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrollment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student’s program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

19. DIVISIONAL COURSE DESIGNATION

For purposes of specific degree and major requirements, courses are designated as science courses or as non-science courses by the Faculty of Arts and Science.

Courses from List III: Science Courses are considered science courses.

Courses from List I: Fine Arts and Humanities Courses and from List II: Social Science Courses are considered non-science courses.

These designations are provided in the lists established for the General Liberal Education Requirement (Part 4 - Academic Regulations, Section 11, p. 89).

Physical Activity courses and Music Ensemble Activity courses are considered non-science courses.

Series, Topics, Applied Studies Disciplinary Credit, Independent Studies, Undergraduate Thesis, and Interdisciplinary Studies courses will be designated as non-science (Humanities or Social Sciences) or Science courses by the Faculty of Arts and Science when the course offering is approved, in conformity with the division of courses established above. Arts and Science Council has the ultimate authority to determine designation.

d. Anthropology

Anthropology is the academic study of the diversity of human behaviour and life in local settings. Long-term ethnographic fieldwork in these local settings is the hallmark of the anthropological approach to the study of the human condition. The particulars of any local life, society, or culture, however, are not isolated from global processes and flows. Contemporary anthropology examines the material, social, and cultural conditions of human behaviour and life from this locally global perspective.

The Department of Anthropology offers courses in social and cultural Anthropology. Areas of regional specialization include Southeast Asia, North America, Latin America, Eastern Europe and the former Soviet Union, the Pacific Rim, and South Asia. Within these regions, topical interests of the faculty include research on poverty, gender relations, colonial and post-colonial development, expressive culture and performance, health and medicine, cultural psychology, communities and state formation, nationalism and ethnicity, to name a few.

The major in Anthropology requires 13 Anthropology courses including the following:

**Required courses:**

Anthropology 1000 - The Anthropological Perspective
Anthropology 2010 - Theory I: Historical Foundations of Anthropological Thought

Note: Students may take more than one offering of a Series course (i.e., Anthropology 3100, Anthropology 3900, Anthropology 4002, Anthropology 4500) or a Topics course (i.e., Anthropology 4850) for credit if the offerings (as indicated by the specific titles) are distinct.

Independent Study
Students may undertake Independent Study, which is designated by the numbers 2990, 3990, and 4990, according to the level of advancement. Independent Studies may not be substituted for required courses in the major.

Undergraduate Thesis
Qualified majors in Anthropology may elect to complete the Undergraduate Thesis course, Anthropology 4995 (6.0 credit hours). This option is intended for advanced students who intend to pursue graduate work in Anthropology or a related discipline. The undergraduate thesis may take a variety of forms, although most will contain a fieldwork component. For further information, contact the Department of Anthropology.

### Chemistry

The Department of Chemistry and Biochemistry offers courses in the areas of analytical, physical, organic and inorganic chemistry, and in biochemistry. The curriculum is designed not only for the needs of those who want to pursue a major in Chemistry or Biochemistry but also for those in cognate disciplines, such as Biology, and for those who require Chemistry courses in preparation for transferring to a professional school such as medicine or dentistry. The requirements for the major in Chemistry are outlined below. The major in Biochemistry is offered jointly by the Department of Biological Sciences and the Department of Chemistry and Biochemistry and its requirements are outlined separately under Biochemistry elsewhere in this Section of the Calendar.

Those students who require one year of introductory general chemistry should take Chemistry 1000 and Chemistry 2000. Students who come to university without Chemistry 30 (or equivalent) and who require a sequence of chemistry courses which includes Chemistry 1000 should first enrol in Chemistry 0500.

For those who require a one-year basic introduction to chemistry (aimed primarily at the life sciences) we offer Chemistry 1110 and Chemistry 2120. These courses are not suitable for Chemistry and Biochemistry majors.

Chemistry 2310 (Chemistry and Biochemistry in Society) is designed primarily for non-science majors. Chemistry 2310 may not be included among the Chemistry courses required for Chemistry and Biochemistry majors.

Chemistry 3220 (History of Chemistry) is a recommended elective for majors; interested students from outside the department should consider also taking Chemistry 1000 or Chemistry 1110.

### The Major in Chemistry for the B.Sc. Degree

The program for the B.Sc. or BASc. degree with a major in Chemistry requires 40 courses of which a minimum of 18 courses in Chemistry or Biochemistry is required and a maximum of 20 courses offered by the Department of Chemistry and Biochemistry is allowed (see Part 4, Section 3.c, Exceeding Course Limits, p. 75). In addition, three courses in Mathematics, two courses in Physics, and one in Biology are required. The courses for the major are given below under three lists. List A contains specified Chemistry and Biochemistry courses that must be taken; List B contains elective Chemistry courses (six must be taken); List C sets out the required cognate courses that must be taken.
List A - Required Core Courses
The following 12 courses must be taken:
Biochemistry 2000 - Introductory Biochemistry
Chemistry 1000 - General Chemistry I
Chemistry 2000 - General Chemistry II

Chemistry 2600 - Organic Chemistry II
Chemistry 2740 - Physical Chemistry
Chemistry 3250 - Contemporary Chemistry
Chemistry 3410 - Analytical Chemistry II
Chemistry 3730 - Advanced Physical Chemistry
Chemistry 3830 - Inorganic Chemistry I
Chemistry 3840 - Inorganic Chemistry II

List B - Six Elective Courses
Six additional courses (18.0 credit hours) in Chemistry or Biochemistry of which at least two must be offerings of Chemistry 4000 and the remainder must be chosen from the following list:

Mathematics 2560 - Calculus II

One of:
Physics 1000 - Introduction to Physics I (recommended)
Physics 1005 - Introduction to Biophysics
*Engineering 2060 - Engineering Mechanics
Physics 2000 - Introduction to Physics II

*Has prerequisites: Engineering 2000 and Mathematics 1560.

This program has been accredited by the Canadian Society for Chemistry (CSC) which is the national organization representing chemists and is acceptable for membership in the Association of the Chemical Profession of Alberta (ACPA). Students who complete a B.Sc. degree with the major in Chemistry outlined above will have a degree accredited by the CSC.

Those who plan to pursue graduate studies in Chemistry should take more than the minimum of 18 courses in Chemistry or Biochemistry and should obtain advice on their program from the Department.
Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. For example, Chemistry 3410 and Chemistry 3730 may be offered one year while Chemistry 3830 and Chemistry 3840 are offered the next year. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Department Advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

Students interested in the combined Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) should refer to Part 13 - Combined Degrees, Sections 3 and 8 respectively, for the appropriate Chemistry major.
(See also Section 21.g., Biochemistry, p. 124).

k. Computer Science
The Department of Mathematics and Computer Science offers courses in Computer Science, Mathematics and Statistics. An appropriate selection of such courses will lead to a major in Computer Science or to a major in Mathematics. For details on the major in Mathematics, see Section 21.u., p. 139.

The Department of Mathematics and Computer Science and the Department of Geography offer instruction leading to the Multidisciplinary Major in Computer Science and Geographical Information Science for the B.Sc. (see Section 21.l., p. 128).

Please see Section 10 - Post-Diploma B.Sc. in Computer Science (p. 109) for program and major requirements for that degree program.

All 1000-level courses offered by the Department of Mathematics and Computer Science are introductory, but most require a prerequisite.

The Department strongly recommends that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses offered by the Department.

Students intending to take two or more calculus courses at university are advised to include Mathematics 31, Calculus (or its equivalent), in their high school studies.

Required courses:
Computer Science 1620 - Fundamentals of Programming I
Computer Science 1820 - Discrete Structures
Computer Science 2610 - Introduction to Digital Systems
Computer Science 2620 - Fundamentals of Programming II

Seven additional 3000/4000-level Computer Science courses offered by the Department of Mathematics and Computer Science, at least one of which must be a regularly offered 4000-level course (excluding Computer Science 4850 - Topics in Computer Science, Computer Science 4980 - Applied Studies, and Computer Science 4990 - Independent Study). One of the additional 3000-level courses may be replaced by a course from the following list:

- Physics 3900 - Intermediate Experimental Physics (Series) (Digital Electronics)

Required cognates:
Mathematics 2000 - Mathematical Concepts

One of:
- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 1510 - Calculus for Management and Social Sciences
- Mathematics 1560 - Calculus I
- Statistics 1770 - Introduction to Probability and Statistics

It is strongly recommended that Computer Science majors include additional Mathematics courses in their program. Students intending to take Physics 3900 should plan carefully to include the appropriate Mathematics and Physics prerequisites in their programs.

Note: Computer Science 1000 may NOT be included among the required courses for a Computer Science major.

Some senior courses are scheduled for alternate years. Since these courses are frequently sequential and dependent upon adequate preparation, students are urged to seek advice before the end of their third semester in planning a major and selecting courses. Students should note that for Arts and Science regulations governing degree requirements, Computer Science may be treated as a department separate from Mathematics/Statistics.

Economics is the study of the allocation of scarce resources by societies to meet individual and social wants. The Department of Economics offers a number of courses in microeconomics and macroeconomics. These provide the theoretical framework within which contemporary issues, such as pollution, non-renewable natural resources, free trade, agricultural subsidies, interest rates, government deficits, unemployment, inflation, poverty and third world development can be analyzed and appropriate policies can be recommended.

Students majoring in Economics are required to complete a minimum of 13 Economics courses and are allowed a maximum of 20 (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Required courses:
Economics 1010 - Introduction to Microeconomics

The English curriculum serves the needs and interests of criticism, and on rhetoric and creative writing. There are also courses on the theory of English literature and different genres and different historical periods; there are systematic study of literature and literary forms, and those wishing to experience literature on a slightly less rigorous basis in order to complement their other studies.

Courses which figure prominently in the program for English majors are not intended exclusively for English majors. General interest courses in the English 3700 series are intended for majors and non-majors.

English 1900 or a previous course in English is the prerequisite for most other English courses. English 1900 prepares students for a variety of courses at the 2000 level. The central emphasis of English 1900 is on language in several contexts including the literary/poetic. The course is in no way remedial, nor is it primarily a course on composition or essay/report writing.

There is a system of 2000-level prerequisites for some of the 3000- and 4000-level courses and of recommended backgrounds at the 3000 level for the 4000-level courses. This system applies to all students, not just English majors. Students should consult the individual course listings elsewhere in this Calendar for more specific information.

For students majoring in English, there are certain requirements, a particular range and selection of courses in certain groupings, as outlined below. In selecting courses, students should include a broad variety of periods and all three genres (drama, poetry and prose fiction) in their programs.

The major in English requires a minimum of 13 courses.

**Required courses:**

English 1900 - Introduction to Language and Literature - or equivalent

At least FOUR courses at the 2000 level, including at least TWO from each of the following categories:

1. **Literary Surveys**

Suggested Sequencing Plan

See www.uleth.ca/ross/sequence_plans/exsc_bsc.html for a suggested sequencing plan for the Exercise Science major in the B.Sc. program.

Athletic Therapy Option

The Department of Kinesiology and Physical Education in the Faculty of Arts and Science at the University of Lethbridge, in collaboration with Mount Royal University in Calgary, offers selected B.Sc. Exercise Science majors the opportunity to pursue an Athletic Therapy Option. These students will attend the University of Lethbridge for Years 1, 2, and 4 of their B.Sc. - Exercise Science degree program. They will complete Year 3 as Visiting Students at Mount Royal University.

For the Athletic Therapy Option, students will complete a set of 10 required courses (30.0 transfer credit hours) at Mount Royal University. These courses will fulfill options in the Exercise Science Major and electives in the B.Sc. degree program.

Eligibility

The articulation agreement provides for a maximum of five University of Lethbridge students per year to undertake the Athletic Therapy Option. Students are selected once per academic year—in May—and must attend Mount Royal University in the following consecutive Fall/Spring semesters.

Selection is based on application to the Department by May 1, eligibility criteria as indicated below, and academic achievement.
The Athletic Therapy Option is available to University of Lethbridge students who are B.Sc. Exercise Science Majors and who meet the following eligibility criteria:

1. Completion of a minimum 10 courses (30.0 credit hours) at the University of Lethbridge in Fall/Spring of the academic year in which application is made. (The Athletic Therapy Option is not available to students with more than 30.0 transfer credit hours or to students who hold an undergraduate degree. Students are bound by the Residence Requirements for the B.Sci.; see Section 6.a.10, p. 104 and 6.b.5, p. 104).

2. Third-year standing; minimum 60.0 credit hours completed by May 1 of the year in which the applicant will begin attendance at Mount Royal University in September.

3. Minimum cumulative GPA of 3.00 on minimum 20 courses (60.0 credit hours). (Cumulative GPA refers to the UofL cumulative GPA; for students with transfer credit, grades on transfer courses will be factored in.)

4. Completion of the following courses:
   * Kinesiology 2350 - Recognition and Care of Athletic Injuries
   * Kinesiology 2600 - Functional Human Anatomy
   * Kinesiology 2610 - Human Physiology
   * Kinesiology 3610 - Exercise Physiology
   * Kinesiology 3650 - Biomechanics
   * Kinesiology 2350 is not required in the Exercise Science Major but is a prerequisite for the Mount Royal University Athletic Therapy program.

5. Minimum competitive GPA in the required Kinesiology courses listed in 4. above.

Interested Exercise Science Majors who meet the above criteria must apply to the Department of Kinesiology and Physical Education by May 1.

Because the capacity at Mount Royal University is limited to five, not all students meeting the general eligibility requirements will be selected. Selection is competitive and is based on academic achievement as assessed by the Department.

Applicants will be notified of their acceptance by May 15 and advised of registration procedures at that time.

Upon successful completion of the University of Lethbridge B.Sci. in Exercise Science, including the Athletic Therapy Option, students may qualify to receive the Mount Royal University Advanced Certificate - Athletic Therapy. For the Certificate, students must include the following courses in their University of Lethbridge degree program:

**One of:**
- Kinesiology 3680 - Sport Psychology
- Kinesiology 3780 - Exercise Psychology

**One of:**
- Physical Activity 2445 - Resistance Training for Health and Performance I
- Physical Activity 3445 - Resistance Training for Health and Performance II
- Physical Activity 3605 - Conditioning for Cardiovascular Health

For details on the application process, contact the Department of Kinesiology and Physical Education.

**r. Geography**

The mission of the Department of Geography is to pursue excellence in teaching and research in the closely related areas of Geography, Geology, Archaeology, and Urban and Regional Studies, all of which deal with the human and natural environment, and spatial analysis.

The Department offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Geography. Students may also choose Geography as one of their majors for a B.A.(B.Ed.) degree (see Section 7, p. 104, for details).

Students interested in the combined Bachelor of Arts/ Bachelor of Education (B.A./B.Ed.) or Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) with the appropriate Geography major should refer to Part 13 - Combined Degrees, Section 3. Students interested in the combined Bachelor of Arts/Bachelor of Management (B.A./B.Mgt.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) with a major in Geography should refer to Part 13 - Combined Degrees, Section 8.

s. History

History is a division of humane letters with analytical ties to the scientific tradition. It describes and evaluates the significant past as observed in parent civilizations and their derivatives and composites. Encompassing a wide range of human events and historical conditions, History necessarily complements other disciplines in the University.

The Department of History offers instruction in aspects of the social, economic, political and cultural histories of local, regional, national, continental and international areas from ancient civilizations to present-day societies.

For students majoring in History there are certain program requirements, a particular range and selection of courses in geographical areas, periods, themes and levels as follows:

t. Kinesiology

The Department of Kinesiology and Physical Education offers courses in theoretical perspectives of the study of human movement and the practical application of physical activity involvement. A multidisciplinary field, Kinesiology provides students with a broad perspective for studying physical activity as a cultural form and human
performance involvement at all levels and across the lifespan. The concept of personal wellness underlies the interdisciplinary approach to courses and programs within the Department.

The Department of Kinesiology and Physical Education at the University of Lethbridge offers instruction leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.Sc.) degree with a major in Kinesiology. The Department also offers a multidisciplinary major in Exercise Science (B.Sc.) which provides students the option of specialization in Biomechanics, Exercise Physiology or Sport Psychology (see Section 21.q., p. 133).

The breadth of course offerings in the Department of Kinesiology and Physical Education provides students with the option of studying sport and physical activity involvement from a socio-cultural, wellness and participatory (B.A.) perspective or from a human performance (B.Sc.) perspective. Either approach provides the Kinesiology major with a number of options for future study and work in an increasingly broad field.

It is advised that students majoring in Kinesiology plan carefully with respect to their selection of major and optional courses. Both the B.A. and the B.Sc. degrees can be used as a foundation for advanced studies in Kinesiology and varied career choices. Students interested in the B.A./B.Ed. or B.A./B.Mgt. program should refer to Part 13 - Combined Degrees, Sections 3 and 8 respectively.

Major in Kinesiology for the B.A.

For the B.A., the major includes courses that provide a broad overview of the discipline of Kinesiology. The major is composed of courses which explore the natural sciences, social sciences and humanities dimensions of Kinesiology. Recreational, educational and high performance aspects of sport, play and physical activity across the lifespan are examined. The study of physical activity/sport as a socializing agent and a cultural form underlies this aspect of the study of Kinesiology. The major in the B.A. degree program will examine individual and group association to physical activity, social and psychological advantages and barriers to lifelong involvement, the relationship of recreation and high performance activity with other social institutions and cultural forms.

Modern Languages
1. General Information
The Department of Modern Languages offers courses in the French, German and Spanish languages, as well as in the understanding and appreciation of cultures, civilizations and literatures of countries where these are national languages. Courses are also offered in Japanese and Linguistics. The Modern Languages curriculum serves the needs and interests of all students, both those embarking upon an extensive and systematic study of language, culture/civilization and literature, and those wishing to study these subjects on a more limited basis.

Unless otherwise stated, the language of instruction will be the language being studied.
The 1000-numbered courses prepare students for a variety of courses at the 2000 level. A 2000-level course is generally necessary before a student may proceed to the 3000 or 4000 levels. For further information on prerequisites, students should consult with the appropriate First-Year Language Coordinator in the Department of Modern Languages.

The Department strongly recommends that students attain a grade of C or higher in any course used to satisfy prerequisites for courses offered by the Department.

2. Placement
   
   Students without any high school credit in a language take the 1000 and 1100 courses as these courses are for students with little or no knowledge of a language.

   Students with some high school credits but without matriculation in a language should apply for the Department of Modern Languages Placement Test before registering, to determine whether they should enrol in the 1000 or the 1100 course (French, German, Japanese or Spanish).

   Students with high school matriculation in a language, with the exception of graduates of French Language Arts 30 or Français 30, should enrol in the 1500 course. Students who were awarded matriculation-level standing (Alberta 30 level or equivalent) in the second language five or more years prior to their resumption of study of this language should consult with the First-Year Language Coordinator.

   Graduates of French Language Arts 30 or Français 30 must enrol in one or more of the following courses: French 2001, French 2200, French 2300 or French 3450.

   All students registering in 1000-, 1100-, and 1500-level courses must write the Department of Modern Languages Placement Test to determine whether they are registered in the appropriate course (see Part 4 - Academic Regulations, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75).

   Students should consult the Department of Modern Languages concerning scheduling of the Placement Test.

   Not more than 10 courses may be taken at the 0100/1000 level for credit toward a degree. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Japanese and Spanish (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

3. Independent Study
   
   Students interested in undertaking an Independent Study in the Department of Modern Languages should read: (1) the Department Policy on Independent Study and (2) the list of Study Topics currently offered in the Department. Copies of both documents and application forms may be obtained from the Department Advisor in Modern Languages or from the Department office.

4. Majors: General Information
   
   The Department of Modern Languages offers a major in French, a major in German, a major in French/German and a major in French/Spanish. A maximum of 20 courses from the Department of Modern Languages may be counted toward any of these majors (see Part 4, Section 3.c, Exceeding Course Limits, p. 75). Requirements for each of these majors are outlined below.

   It is recommended that as part of the requirements for the major students should participate for one semester in a Visiting Student program approved by the Department.

   With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in French with a minimum grade of ‘C’ in each may take advantage of the Department’s French Visiting Student program. For details, see the French Off-Campus Studies Coordinator in the Department of Modern Languages.

   With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in German with a minimum grade of ‘C’ in each may take advantage of the Department’s German Visiting Student program. This program, while recommended for all students of German, is compulsory for those majoring in German. For details, see the German Off-Campus Studies Coordinator in the Department of Modern Languages.

   With the approval of the Department Chair, students who have completed a minimum of two courses at the 2000 level in Spanish with a minimum grade of ‘C’ in each may take advantage of the Department’s Spanish Visiting Student Program. For details, see the Spanish Off-Campus Studies Coordinator in the Department of Modern Languages.

   For information on the Combined B.A./B.Ed. Degree in Modern Languages (majors and minors), see the Part in this Calendar which outlines the program requirements for Combined Degrees.

   For information on the Combined B.A./B.Mgt. Degree in Modern Languages, see the Part in this Calendar which outlines the program requirements for Combined Degrees.

   Students considering Graduate Studies should seek advice from the Department Advisor in Modern Languages.

w. Music

The Department of Music offers courses within three basic subject areas: Music history and literature, theoretical subjects (traditional composition, conducting, orchestration, etc.) and applied Music instruction (Studio courses and Ensemble Activity courses). Entrance to Studio courses is dependent upon the results of an audition while all other Music courses, in sequence, are freely available to any student.

The Department of Music offers two streams leading toward the B.A. or BASc. degree with a Music major. The first is the Theory/History stream while the second is the General stream with a wider emphasis on music theory, history and performance.

The B.A. or BASc. Music major (Theory/History) is a degree that focuses on scholarly and written work without requiring the high level of musical performance skills demanded by a B.Mus. degree (it is recommended that the B.A. and BASc. Music major (Theory/History) develop a degree of facility on an instrument through Studio courses or Conservatory instruction). The minimum requirement for the B.A. and BASc. Music major (Theory/History) is 16 courses, including one course at the 4000-level. Required courses are listed below.

The B.A. or BASc. Music major (General) is a degree that ensures a more diverse musical background including theory, history and performance. The minimum requirement for the B.A. or BASc. Music major (General) is 16 courses as listed below.

Required courses:

**Theory**

**Note:** Music Ensemble Activity participation is determined by the focus of the Music major and must be fulfilled as follows:

**Major Focus**

- **Studio wind** 
  - Wind Orchestra
- **Studio voice**
  - University Singers or Women’s Chorus

**Music Ensemble Activity**
Studio pianist & guitarist
Music Ensemble Activity 2450, Music Ensemble Activity 2451, and a minimum of two semesters (1.5 credit hours each) of:
- University Singers
- Vox Musica
- Wind Orchestra
- Women’s Chorus

Studio string
Orchestra (or through other approved ensemble or Independent Study by permission of the Department of Music)

Studio composition
Any of:
- Collaborative Piano/Guitar
- University Singers
- Vox Musica
- Wind Orchestra
- Women’s Chorus
(or through Independent Study by permission of the Department of Music)

Not more than two Music Ensemble Activities may be counted toward the Ensemble participation requirement in a given semester.

Note: The B.A. (Music) degree allows for up to 20 courses in Music. Any Ensemble Activity course is acceptable as an elective beyond the 16-course minimum requirement as listed above. B.A. Music majors may count a maximum of eight Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

B.A. or BASc. with a Music major candidates should note that courses in the subject area of theory are sequential in nature and are currently offered only once per calendar year. Normally, prospective candidates are advised to begin their theory studies (Music 2160 and Music 2161) and history studies (Music 2180) in their first Fall Semester at University.

Ensemble Activities include the University Singers, Women’s Chorus and Vox Musica choral ensembles; the University Wind Orchestra; Collaborative Piano/Guitar; Jazz Ensemble; Percussion Ensemble; Chamber Ensembles; and Collegium Musicum. Ensemble Activity courses carry a 1.5 credit hour weight (one-half course credit). Ensemble Activity courses may be taken for credit by any student. Arts and Science degree students, who are not Music majors, may count a maximum of four Ensemble Activity courses toward their degree (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Although courses in Music are offered by the Faculty of Fine Arts, Music courses count as Arts and Science courses in the programs of students enrolled in the Faculty of Arts and Science.

Minor in Philosophy  
See Section 22.e. p. 154  

aa. Physical Education  

See 21.c. Kinesiology (p. 137) and 21.e. Exercise Science (p. 133) for information about majors offered by the Department of Kinesiology and Physical Education.  

bb. Physics  

The Department of Physics and Astronomy offers courses in Astronomy, Engineering and Physics.  
Astronomy 2020, Astronomy 2070, and Physics 2020 require no special background in Mathematics or Physics. They are recommended especially for non-science students.  

The Engineering courses offered by the Department of Physics and Astronomy form the core of the Pre-Professional Transfer Program in Engineering. See Section 23.b. (p. 156).  

A Physics graduate is prepared not only for employment or further study in physics, but also for advanced study or work in a wide diversity of other fields. The Physics and Astronomy Department offers a comprehensive Physics major program. The foundation is built in the first two years by a study of mechanics, waves, electricity and magnetism, optics, and thermal physics. In the third and fourth years, students deepen their understanding of the fundamentals, and study more advanced and specialized areas.  

Students interested in the combined Bachelor of Science/Bachelor of Education (B.Sc./B.Ed.) or Bachelor of Science/Bachelor of Management (B.Sc./B.Mgt.) should refer to Part 13 - Combined Degrees, Sections 3 and 8, respectively, for the appropriate Physics major.  

Physics 1000 is the preferred first course in Physics for majors. Students may, however, enter the major through Physics 1050 or Engineering 2060. Credit is not given for both Physics 1000 and Physics 1050.  

Required courses:  

One of:  
Physics 1000 - Introduction to Physics I  
Physics 1050 - Introduction to Biophysics  
*Engineering 2060 - Engineering Mechanics

Note: Offerings in Physics 3850 (Topics in Physics) and Physics 4850 (Topics in Physics) and either Physics 4150 or Physics 4200 (if not used above) may be used to satisfy this requirement.  

Required cognates:  

One of:  
Biology 1010 - Cellular Basis of Life  
Biology 1020 - Diversity of Life  

Computer Science 1620 - Fundamentals of Programming I

Mathematics 1410 - Elementary Linear Algebra  
Mathematics 1560 - Calculus I
Mathematics 2560 - Calculus II
Mathematics 2570 - Calculus III
Mathematics 2580 - Calculus IV

Engineering 2000 and Mathematics 1560 are prerequisites for Engineering 2060.

Since a number of courses are offered only on alternate years, students are advised to plan carefully to include the desired courses. In all cases, students (especially those planning for advanced studies in Physics) are encouraged to seek advice on their programs from any member of the Department of Physics and Astronomy.

It is recommended that students majoring in Physics include courses in Biology, Chemistry, Computer Science, and Mathematics. It is strongly recommended that a student attain a grade of ‘C’ or higher in any course used to satisfy prerequisites for courses offered by the Physics and Astronomy Department.

ee. Religious Studies

Religious Studies aims to enhance critical understanding of the phenomenon of religion and the diversity of religious experience and expression from antiquity to the present in both Eastern and Western traditions. Fundamental issues such as belief, texts, worship, ritual, concepts of the divine, the human condition, and the historical development of particular religions are examined. The academic study of religion requires a measure of neutrality and distance, whereby all religious traditions are treated with similar respect and critical inquiry.

Religious Studies 1000 is a general introduction to the beliefs, practices and history of major religious traditions of the world. Other courses are offered in Eastern and Western religious traditions, as well as in areas of society and religion, methodological issues and selected religious texts and issues. A major in Religious Studies requires that the students have a broad-based understanding of the diverse religious world, and students are required to take courses in both Eastern and Western religions, as well as in more general themes and issues.

A major in Religious Studies requires a minimum of 10 courses, as specified:

Students may take more than one offering of a Series course or more than one Independent Study for credit if the offerings (as indicated by the specific titles) are distinct.

#### ii. Women and Gender Studies

Women and Gender Studies provides an interdisciplinary environment for examination of the historical and contemporary position of women and men in society. Analyses of culture, social institutions, and human development and behaviour, and the gender assumptions on which they are based, form the foundation of the program offerings in Women and Gender Studies. Focusing on embodiment, and utilizing feminist theories, concepts, and methodologies, the major in Women and Gender Studies seeks to inform, transform, and expand traditional forms of knowledge about women and gender in a culturally inclusive framework.

Utilizing knowledge and research from such diverse fields as biology, psychology, philosophy, sociology, economics, anthropology, medicine, literature, political science, and ethics, students in Women and Gender Studies will learn about the ways in which women’s lives have been constructed, how they have changed, and how they continue to change. The intersection of the study of gender with that of race, class, age, ethnicity, and other social constructs will inform students of the complex and often sensitive issues involved in the study of women and the global movements to improve their lives.

Women and men students have the opportunity to major in Women and Gender Studies or to take individual courses in Women and Gender Studies to add to and expand their knowledge and understanding within other disciplinary majors.

The major in Women and Gender Studies requires a minimum of 13 courses as follows:

#### Required courses:

- Women and Gender Studies 1000 - Knowing Bodies: An Introduction to Women and Gender Studies
- Women and Gender Studies 2300 - Theorizing Women’s Lives: Feminist Frameworks
- Women and Gender Studies 2600 - Activism and Advocacy
- Women and Gender Studies 2700 - Feminist Approaches to Research
- Six courses (18.0 credit hours) in Women and Gender Studies at the 3000/4000 level
- Three additional courses (9.0 credit hours) in Women and Gender Studies

With the permission of the Department Chair, students may take a maximum of two courses (6.0 credit hours) from other disciplines which offer related or complementary course materials.

#### kk. Individual Multidisciplinary Majors

Students may establish individual multidisciplinary majors. An individual multidisciplinary major must represent an identifiable and significant body of knowledge and entail in-depth study rather than a superficial survey of a broad topic. For the most part, the program is expected to be derived from the existing curriculum in Arts and Science.

An individual multidisciplinary major program consists of 20 courses with the following structure:

a. **Required Core**

   The core of the major must contain a minimum of eight and a maximum of 12 required courses providing a broad-based familiarity with the major. These core courses must be taken from at least two disciplines.

b. **An Independent Study at the 3000 or 4000 level.**

c. **Options**

   The remaining courses in the individual multidisciplinary major must be chosen from a list of optional courses. The chosen courses must be from at least two disciplines.
d. At least six of the 20 courses must be at the 3000 or 4000 level, one of which must be at the 4000 level. Students are encouraged to apply early to establish an individual multidisciplinary major and also to explore potential programs with Faculty members prior to making an application.

An application to establish an individual multidisciplinary major must be submitted to the Assistant Dean (Curriculum) of Arts and Science. Approval of an individual multidisciplinary major by Arts and Science Council must be obtained prior to registration in the final 10 courses in the degree. Students are advised that formulation and approval of a program normally takes up to six months after the initial application and thus applications should be submitted in sufficient time to allow processing.

The individual multidisciplinary major shall be formulated by a committee, chaired by the Assistant Dean (Curriculum) and composed of the student and faculty representatives, appointed by their departments, from at least two appropriate departments chosen by the Assistant Dean (Curriculum) of Arts and Science. During its deliberations the committee shall consult all departments represented in the major. Before being submitted to the Arts and Science Curriculum Committee, the proposed program shall be approved by the chairs of the departments represented on the committee.

Students interested in an individual multidisciplinary major should contact the Assistant Dean (Curriculum) of Arts and Science.

22. PRE-PROFESSIONAL TRANSFER PROGRAMS

Students at the University of Lethbridge may prepare themselves to apply for admission to a number of professional programs offered at other institutions. Admission to these programs is by quota and is competitive.

Through arrangements between the University of Lethbridge and professional faculties at other universities, transfer programs have been established for the professional programs listed below. Students should be aware that programs offered by other institutions are subject to change or cancellation without notice. The University of Lethbridge endeavours to provide students with complete, timely and accurate information but cannot guarantee the offerings of other institutions. At the time of Calendar publication, the information listed below was correct.

Some professional schools make specific course requirements for students preparing to apply for admission. However, they reserve the right to admit students who have not followed these recommendations, but have chosen to study other disciplines. The programs suggested here are intended to give students priority access to courses satisfying the programs recommended by the professional schools. Students may choose alternative routes but do so at their own risk. Please refer to the Program Planning Guide Enclosures for Pre-Professional Transfer programs for more specific information.

Students are advised that ‘D’ grades are not transferable. As well, students may experience difficulties in transferring courses for which grades are not assigned: for example, courses for which Credit/Non-Credit or Pass/Fail appear on the transcript generally do not transfer.

Students who plan to apply to professional programs at other universities not listed below must have courses approved by the professional faculty at the institution to which they intend to transfer. The University of Lethbridge cannot guarantee program requirements for such programs.

Students with an academic objective of Engineering select the pre-Engineering program. Students with an academic objective of Dentistry, Journalism, Law, Medicine, Social Work and Veterinary Medicine select a University of Lethbridge degree program (either B.A. or B.Sc.) with an appropriate major. Note that Agricultural Biotechnology, Biochemistry, Biological Sciences, Chemistry, and Neuroscience are fields of study in their own right but may also prepare students for application to professional programs of Dentistry, Medicine and Veterinary Medicine.

2. EDUCATION PROGRAMS

The Faculty of Education offers two programs which lead to Alberta Teacher Certification as well as five other programs designed to support in-service or pre-service teacher development.

a. Programs Leading to Alberta Teacher Certification

Candidates apply and are recommended for certification by the Faculty of Education to Alberta Learning. Only Alberta Learning is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the Faculty of Education, Alberta Learning grants the Interim Professional Certificate to individuals who are Canadian citizens or Permanent Residents.

Recommendations are forwarded upon completion of the Combined Degrees Teacher Education program or the B.Ed. after an Approved Degree program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher as defined in the Quality Teaching Document.

Students are alerted to the following certification requirement.

All persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:

Except where the Minister of Learning decides otherwise, the Director, Teacher Certification and Development Branch, shall refuse to issue, re-issue, or extend an interim professional certificate to:

a. a person who has been convicted of an indictable offence in Canada or an equivalent conviction in a jurisdiction outside Canada; or

b. a person who the Director has reason to believe should not be issued a certificate.

For additional information please contact the Director, Teacher Certification and Development Branch of Alberta Learning at 780-427-2045.

1. Basic Teacher Education

This program leads to one of the following combined degrees:

- Bachelor of Arts and Bachelor of Education
- Bachelor of Fine Arts (Art) and Bachelor of Education
- Post-Diploma Bachelor of Fine Arts (Art) and Bachelor of Education
- Bachelor of Fine Arts (Dramatic Arts) and Bachelor of Education
- Post-Diploma Bachelor of Fine Arts (Dramatic Arts) and Bachelor of Education
- Bachelor of Music and Bachelor of Education
- Post-Diploma Bachelor of Music and Bachelor of Education
- Bachelor of Science and Bachelor of Education

These programs are described in detail in Part 13 - Combined Degrees.

2. Bachelor of Education After an Approved Degree

This program leads to a Bachelor of Education and Alberta Teacher Certification for those students already holding an approved degree (see Section 4.a.2. Admission to the After Degree Program, p. 162).

b. Other Education Programs

1. Bachelor of Education After Teacher Training

Individualized programs are arranged for candidates who hold an undergraduate degree, who have completed a minimum of one year of teacher training in an approved institution, and who hold teacher certification. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

Students who have completed a minimum of one year of teacher training and who hold teacher certification but who do not hold an undergraduate degree must be admitted to and must complete the requirements of a Combined Degrees program. The B.Ed. component of the Combined Degrees program will be individually designed for each student to meet residency and degree requirements. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

2. Pre-B.Ed. After an Approved Degree

Students who intend to pursue a B.Ed. after an approved degree, but who do not meet requirements for direct admission to the B.Ed. program, may apply to the pre-B.Ed. (After Degree) program in the Faculty of Arts and Science. A limited number of students may be admitted to this program in a Fall or Spring semester and may then register for courses in three consecutive semesters following the offer of admission. After three semesters, students intending to take further courses must apply for admission to the B.Ed. program or to another program offered at the University of Lethbridge. Students are not guaranteed admission to the B.Ed. program, or any other program, at the end of three semesters but must compete with other applicants.

Students must meet the following minimum qualifications for admission to the pre-B.Ed. after an Approved Degree program:

a. A completed undergraduate degree, including at least four courses in a declared single discipline major, or at least eight courses in a
declared general major. Students must select a major from among those available to students in the B. Ed. after an approved degree program (see Section 5.b.1. Teaching Majors, p. 164).

b. A minimum cumulative grade point average of 2.50 out of 4.0 calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

3. Diploma in Education
The Faculty of Education offers diploma programs in the following areas for certified practising educators holding a Bachelor of Education degree:
- Diploma Program in Special/Inclusive Education
- Student Initiated Diploma Program

These programs are described in detail in Section 9. Diploma Programs, p. 173.

4. Master of Education
A 12-course M.Ed. program for degree holders with educational experience (see the University of Lethbridge 2012/2013 Graduate Studies Calendar).

5. Master of Education (Counselling Psychology)
A 12- or 14-course M.Ed. program for degree holders with educational or related experience (see the University of Lethbridge 2012/2013 Graduate Studies Calendar).

3. ADVISING
It is essential for new and returning students to seek advice concerning their academic goals, programs, and standing as early as possible.

Academic advising is coordinated by the Assistant Dean, Student Program Services in the Faculty of Education. Faculty members, who serve as academic advisors for each major, also inform students about preparation for teaching in specific school subjects. Advisors are also identified to assist students in planning specialized programs.

Academic advising in the Faculty of Education for graduate programs is coordinated by the Assistant Dean, Graduate Studies and Research.

Academic advice may be obtained at any time during the year, but it is recommended that new students consult advisors during the three weeks prior to registration.

Advice and information from the Assistant Dean, Student Program Services in the Faculty of Education may be obtained for the following:
- all aspects of program planning,
- academic regulations and degree requirements,
- grading system and appeals,
- employment opportunities and job placement in education, and
- teacher certification.

Advice and information from Education Faculty advisors and from appropriate Arts and Science, Fine Arts, or Management advisors should be obtained for the following:
- selection of courses for a major,
- future scheduling of courses,
- prerequisites and recommended backgrounds, and
- availability of Independent Studies and Study Tours.

4. ADMISSION TO BACHELOR OF EDUCATION PROGRAMS
Based on the Faculty’s quota system, normally 216 students are admitted to the Faculty each June to begin their studies in the Fall semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Combined Degrees and After Degree students are admitted on the same criteria.

a. Regular Admission

1. Admission to Combined Degrees Program
The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. First degree students must be admitted to a Combined Degrees program in order to receive a B.Ed. Students are not officially in the program until they have been admitted to both the Faculty of Education and to the Faculty governing the degree combined with the B.Ed.

For a complete description of admission requirements in each of the following programs consult the corresponding sections of Part 13 - Combined Degrees:
- Bachelor of Arts/Bachelor of Education, p. 246

Students who have a good academic record but who, for some reason, had a period of time within those semesters when their performance was significantly lower, may apply for special case admission (up to four such students may be admitted each year). Normally, the semesters containing the last eight courses may not be included in the period of the special case.

Students applying for Special Case admission must satisfy the following:

   • demonstrate a shift in academic performance;
   • provide documentation of extenuating circumstances;
   • have completed at least 20 courses (60.0 credit hours) outside of the period of the special case;
   • possess a cumulative grade point average comparable to those admitted in the same subject area that year.

The GPA is calculated based on all university-level courses taken in the semesters containing the last 20 courses (60.0 credit hours) outside of the period of the special case.

Students must apply in writing to the Assistant Dean, Student Program Services in the Faculty of Education prior to the May 1 application deadline for such consideration.

The Faculty of Education provides two special admission opportunities for students of Aboriginal descent:

1. Students who meet all minimum admission requirements in any major will be admitted to the Faculty. Students who wish to gain admission to the Faculty on the basis of their Aboriginal heritage will follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing and provide evidence of Aboriginal descent, prior to the May 1 admission deadline.
2. Students of Aboriginal descent who have a CGPA and/or GPA in the major of less than 2.50 but equal to or greater than 2.00, may be considered for admission to the Faculty of Education. Students will be required to demonstrate that they possess other skills, talents, or life experiences that enhance their ability to succeed in teaching. This may include, but is not limited to, any one of the following:

- experience working with children;
- proficiency in a First Nations language;
- expertise in First Nations cultural events;
- leadership experiences in the community;
- appropriate work experience; or
- completion of a college diploma program in an area relevant to teaching.

Admission decisions are to be based on submission of a résumé, at least one letter of recommendation, and an interview with the Undergraduate Student Program Committee. The decision of the Committee is final. Students who wish to gain admission through this route must follow all normal application procedures and, in addition, must inform Student Program Services in the Faculty of Education of their intent in writing prior to the May 1 admission deadline. All relevant supporting documents must be received by the document deadline of June 1.

4. Education 2500 Prerequisite

Students who have completed a minimum of 30.0 credit hours with a GPA of 2.50 or higher, calculated on all courses, including all transferable courses, may register directly in Education 2500. If available spaces are not filled, additional students will be enrolled on the basis of the proximity of their GPA to 2.50 and the number of courses remaining in their program (i.e., those with fewer remaining courses will be given preference). Such students will be added during the Add/Drop period upon application to
Student Program Services in the Faculty of Education.

5. Visiting Student Status
Authorization is required from the Assistant Dean, Student Program Services in the Faculty of Education to study at other post-secondary institutions while enrolled in the Faculty of Education at the University of Lethbridge.

6. Registration Limits
Students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester (Spring or Fall). Students may not register in a sixth course while enrolled in Professional Semester I, Professional Semester II, or Professional Semester III except with special permission from the Assistant Dean, Student Program Services in the Faculty Education. Students may register in a maximum of three courses in Summer Session I, two courses in Summer Session II, and one course in Summer Session III.

Under exceptional circumstances students may have Professional Semester III waived. Students will be required to replace waived elements with Education Electives. Requests must be submitted to the Assistant Dean, Student Program Services in the Faculty of Education. Students who have received “not recommended” status after completion of Education 2500 are ineligible for a waiver.

9. Withdrawal Deadline
A student may withdraw from any component of a professional semester any time after the add/drop period until 3/4 of the course/practicum is completed; however, a student withdrawing from a professional semester component is withdrawing from the Faculty and must successfully apply for readmission before resuming studies toward the Bachelor of Education.

10. Required Withdrawal
A student is required to withdraw from the Faculty of Education if the following occurs:

- the grade point average falls below 2.50 in Professional Semester I or Professional Semester II;
- the student fails any course, module, or practicum in any Professional Semester; or
- the student fails to meet the Standards of Professional Conduct. The student may be assigned a failing grade for the component where the Standards of Professional conduct were not met.

11. Readmission After Withdrawal
Students who withdraw or who are required to withdraw from the Faculty of Education must successfully reapply for readmission by the appropriate deadline. Readmission is not guaranteed. Education courses completed after withdrawing and prior to readmission may not count toward the Bachelor of Education. Students are advised to consult with the Assistant Dean, Student Program Services as early as possible.

c. Practicum Regulations and Information
The following policies will guide the assignment of students to schools:

1. Placement Policy
While on campus and during practica, students are expected to adhere to the standards of professional conduct set out by the Faculty of Education (Section 6.a, p. 165). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course, including Education 2500, to any student if the Dean or Designate has reasonable grounds:

- the student has violated any part of the Faculty of Education’s standards of professional conduct;
- the student is unable to carry out the classroom responsibilities of that practicum; or
- the Dean or Designate believes denial or termination of a placement is necessary in order to protect the public interest.

Students whose practicum placements have been denied or terminated will be informed of the reasons in writing.

2. General Policies

a. All school placements within Zone 6 will be made by the Field Experience Office. Students must not contact schools with the intent of procuring an internship or student teaching placement.

b. Professional Semester I and II placements will only be made within Zone 6.

c. Professional Semester III placements outside of Zone 6 are subject to the approval of the Assistant Dean, Field Experience and the Assistant Dean, Student Program Services in the Faculty Education.

d. Students receiving a waiver of Education 2500 must complete Professional Semester III in Alberta.

e. Students may complete only one practicum/internship with any one teacher associate or teacher mentor. Students will complete only one practicum/internship in any specific school.

f. Students will not be placed in schools where family members are employed or where family members are themselves pupils.

g. No student will be placed in a school she or he attended as a pupil.
h. Placements in Professional Semesters I and II will differ by a minimum of 3 grade levels.

i. Students who refuse a placement may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

j. Students who do not provide all relevant information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

k. Students who provide false information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

3. Location of Placements

The Faculty of Education collaborates with Education institutions throughout Zone 6 (which extends in Alberta from the B.C. border to the Saskatchewan border and from the Montana border up to locations immediately south of the city of Calgary). Students entering the Faculty of Education should note that practicum placements include locations anywhere within Zone 6. Students must be prepared to travel. Some locations require relocation Monday to Friday.

Note: Acceptance of an offer of admission to the Faculty of Education indicates acceptance of a possible requirement to travel to or relocate to practicum placements within Zone 6.

4. Criminal Record Check (or equivalent).

Many school jurisdictions require criminal record checks from all individuals (including student teachers and interns) working with children and adolescents. Consequently, all students accepting an admission offer from the Faculty of Education must immediately make application for a criminal record check. The student is responsible for the cost of obtaining such documentation. Criminal record checks are not submitted to the Faculty of Education, but must be available for the student to present on Practicum Orientation Day should the school or school jurisdiction require it. Students who are unable to present an acceptable criminal record check for any reason may be denied a placement by the co-operating school, the school jurisdiction, or the Assistant Dean, Field Experiences. The Faculty of Education does not guarantee an alternate placement. In the event a student cannot be placed, the student will be unable to complete the program and thus will be required to withdraw from both the practicum and the faculty.

5. Out of Zone and International Professional Semester III Placements.

Students may apply to the Assistant Dean, Field Experience to complete Professional Semester III outside of Zone 6. Further, it is possible for students to complete Professional Semester III in an international placement. Students must apply well in advance of the intended semester, and will be required to request statements of support from teacher associates and previous practicum supervisors. Only students with an outstanding record of professionalism and an outstanding record of classroom teaching in both Professional Semesters I and II will be granted Professional Semester III placements outside of Zone 6 (including international locations).

Some restrictions on out of zone and international placements do exist for students completing certain specializations. Students are encouraged to contact the Assistant Dean, Field Experiences for further information.

In order to have an international placement designated on the transcript, students must register in Education 4573 - Special Focus Internship (Series): International Education. This internship has as a prerequisite (one of the following courses):

   Note: Students pursuing a B.F.A. (Art) with a major in Art History/Museum Studies are not required to submit a portfolio.

Art Portfolio Content
Compiling a portfolio of artwork is an important stage in the experience of an art student. The portfolio informs the Art Department about prospective students’ creative interests, experience, skills, and direction. When developing a portfolio, applicants should choose their best work and present it as professionally as possible.

Personal Statement
The personal statement (or letter of intent) provides insight to the Art Department about the background and experience, inspirations, and goals of students applying to study in Art programs. In a typed statement of approximately 500 words, applicants should explain their reasons for wishing to enter studies in Art. Applicants should include references to their artistic interests, specific influences, and any educational background in the arts, and include this statement with their portfolio.

Examples of Artwork
The portfolio should consist of 10-20 photographs, slides or digital images of artworks by the applicant that provide a good representation of their range of art interests and skills. Works may be created inside or outside of a formal class environment. (If submitting digital image files on a CD or DVD, they should be in jpeg format, approximately 700 x 1000 pixels. Video and other time-based work may be submitted on DVD.) Please do not send original works. Applicants may submit more than one image of a single artwork if the work is large or complex.

Applicants are encouraged to submit documentation of work in a range of materials and media:
- Drawings, prints, paintings, or murals
- Photography (analogue or digital), collage, or other mixed media works
- Video, performance, animation, or audio based work
- Sculpture, fibre, or ceramic work
- Website, graphic novel, and zine productions
- Sketchbook and journal examples

Image/Media List
The portfolio must include a typed, numbered list of all images and/or media submitted, with titles, materials, dimensions, and dates, along with the applicant’s name and contact information.

Applicants should label each slide or photograph with their name and contact information as well as the name and date of the work. Digital images submitted on CD can be given abbreviated titles.

Portfolio Development
Applicants requiring assistance in building a portfolio are encouraged to complete one or more of the following thematic projects. Applicants must include images of the completed project(s) in the portfolio, indicating which theme was followed.

a. “The Storm.” Using only materials cut from magazines, newspapers, and advertisements, make a collage on the subject of the storm.

b. Create a 90-second video (DVD or VHS) that investigates the idea of stillness.

c. In written form, describe an event in which visual and sensory information were of primary significance to you.

d. “This container isn’t big enough.” Look at this theme photographically using a variety of subjects.

e. Draw one or two hands in the form and relationship they would have if they were holding something real.

f. What is your favourite tool? Produce a mixed media work (combination of collage, drawing, print and/or painting) that explores and reveals your fascination with this tool.

Portfolio Returns
Students are responsible for picking up their portfolio or ensuring it is packaged properly for prepaid return shipping. Any portfolio not picked up by the end of the semester for which the student applied will be destroyed.

i. B.F.A. or B.Mus. After an Approved Degree

An approved degree is a baccalaureate degree with 30 or more course equivalents from a recognized institution, Canadian or International. (See Part 1 - Admission, 3.b.5., p. 37.)

Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean of the Faculty of Fine Arts.

Students are not eligible to pursue a second fine arts degree which is similar to one already completed at a recognized institution. Generally, fine arts degrees with identical or closely related majors are considered to be similar. Exceptions may be made at the discretion of the Dean in the case of international students seeking North American credentials. The decision of the Faculty of Fine Arts will be final in these matters.

This program is primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

Second degree students applying to the Bachelor of Fine Arts (Art) with an Art Studio major must meet the portfolio requirements as indicated in a. above.

Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Fine Arts upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of ‘C-’ or above, or ‘P’, up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

e. **Readmission to the Faculty of Fine Arts after Required Withdrawal**

Independent Study may be taken for credit inside or outside of the student’s fine arts discipline. A maximum of five Independent Study courses may count for degree credit. Post-Diploma and/or Combined Degrees students may count only three. Independent Study numbers 2990, 3990, and 4990 indicate the level of advancement. Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance.

Independent Study may take a variety of forms including theoretical studies, studio practice, or a combination of both. Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrollment may be for a regular semester or during a Summer Session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student’s program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

7. DEGREE PROGRAMS

a. B.F.A. (Art)

The Department of Art offers degrees in Art Studio and Art History/Museum Studies. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance, and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper level courses. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European and North American and First Nations Art History. This degree program is unique in Canada with its combination of history, theory, and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University’s renowned teaching collection of over 13,000 objects.

The Visiting Speakers in the Arts Program offered through Art Now and Architecture and Design Now, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians, and curators—students have a unique learning experience, one that illuminates national and international achievement.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design, and related disciplines.

2. Double Major in Digital Audio Arts and Music
Although the Faculty of Fine Arts does not recognize double majors as official student programs leading toward the B.Mus. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for both the Digital Audio Arts and Music majors.

Completion of a double major in Digital Audio Arts and Music would require a minimum of 48 courses (144.0 credit hours). The Faculty cannot guarantee that course sequencing and timetables will accommodate the double major combination within a minimum number of regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Academic Advisors regarding the double major as early as possible in their academic programs.

3. Studio Audition Procedure
Studio Course instruction is available in piano, voice, strings, guitar, woodwinds, brass, percussion, and composition.
Fall Semester: Instrumental and vocal auditions for the Fall semester are held in March and May. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by June 15.

Spring (January) Semester: Instrumental and vocal auditions are on the last day of classes in December. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by November 15.

Note: Some Entrance Scholarships are available based on live auditions and completing the appropriate scholarship application form by the deadline (Early Entrance - March 1; Others - June 1).

Audition dates and more audition information: www.uleth.ca/finearts/departments/music/studio-audition-information

Audition application: www.uleth.ca/finearts/departments/music/application-studio-course-audition

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

a. successfully complete an instrumental or vocal audition at the entry level for Music 2148 - Studio I - (Instrument), and
b. successfully complete a composition audition.

Requests for a specific studio instructor should be made at the time of the audition. Every effort will be made to accommodate the request, but final assignment of instructors rests with the Department of Music.

Late auditions will be granted under extenuating circumstances, but admission to Studio classes is not guaranteed after the audition deadline.

Once enrolled in studio, students must achieve a minimum grade of ‘C’ in order to be eligible for the subsequent course in their studio sequence (Studio II-VIII). Should a grade below ‘C’ be earned, advancement to the next studio will be based upon the results of a mandatory audition.

Studio courses may not be repeated for the purposes of grade replacement except in the case where a student has previously earned an ‘F’ (an audition for re-entry to the studio sequence is required).

Students absent from the University for two or more consecutive semesters and who wish to resume Studio courses, are required to reapply for audition.

Practice facilities are available to Studio course registrants. Detailed information concerning audition requirements and Studio course procedures may be obtained from the Department of Music.

8. ART GALLERY

The University of Lethbridge Art Gallery maintains the Art Collection; organizes on-campus and touring exhibitions for the entire campus and the general public; and provides research access to the collection as part of the Faculty of Fine Arts. The Collection is one of the most significant in Canada with over 13,000 objects including work from Canada, America, and Europe as well as media ranging from drawing, printmaking, and painting to photography, sculpture, and installation. The majority of works span the 19th and 20th centuries, but we have earlier periods and continue to grow with 21st-century additions.

The Gallery programs are an integral part of the teaching program in the Department of Art. The collection was founded with the goal of providing students with an experience of original works of art on their own terms. Students have incomparable opportunities for research access to works in the collection and to information associated with these works. Students and faculty are able to view individual works on request.

9. UNIVERSITY THEATRES

The Faculty of Fine Arts has four performance spaces in the Centre for the Arts; the University Theatre, Recital Hall/Film Theatre, the David Spinks Theatre and the Drama Studio. The David Spinks Theatre is a completely equipped black box
theatre with flexible seating for approximately 220 and the **Drama Studio** is a smaller version of the Spinks Theatre. All four of the performance spaces are prime teaching facilities of the Departments of Theatre and Dramatic Arts and Music. Visiting artists complement and support the programs of the Faculty and of the University as a whole.

   a. General
      The Faculty welcomes both part-time and full-time students, however, it recommends, and sometimes requires, attending as a full-time student for at least a portion of the program. It is recognized that many students are working on a full- or part-time basis and students are encouraged to consider very carefully their paid workload as they plan their program of study. The Faculty will not modify its course requirements in consideration of the work status of its students.
      Attendance at the program-specific orientation sessions is mandatory. These sessions cover topics important to all students and afford students an opportunity to raise questions, seek information and meet other students and faculty.

   b. Academic Advising
      New and returning students should obtain advice and information from an Academic Advisor as early as possible. Academic advice may be obtained at any time during the year, but it is recommended that new students consult an Academic Advisor during the weeks prior to registration. This advice may include information about:

Students are strongly advised to arrange for documents to be sent to the University at the time of application. To be considered, applicants must have submitted both interim or unofficial transcripts and mid-term mark statements (for any high school or college courses in progress) to the University by April 1. All documents accompanying the application should be received by June 15 for post-secondary applicants and August 15 for high school applicants (see Part 1 - Admission, 2012/2013 Undergraduate Application and Document Deadlines, p. 29).

Students currently studying in high school should follow the procedures for Early Admission (see Part 1 - Admission, Section 3.a.3, p. 30).

5. Admission Grid

A weighted score, with a possible maximum of 100, will be calculated using the following scheme:

a. Competitive marks for the September 2012 admission and subsequent admissions will be based on a score derived by multiplying each of the high school marks for English Language Arts 30-1, Biology 30, Chemistry 30, and Pure Mathematics 30 or Mathematics 30-1 by 0.15 and by multiplying the high school average by 0.40 for a total possible score of 100.

   English Language Arts 30-1 mark x 0.15 _____
   + Biology 30 mark x 0.15 _____
   + Chemistry 30 mark x 0.15 _____
   + Pure Math 30, Math 30-1, or Math 30-2 mark x 0.15 _____
   + High School Average x 0.40 _____

   = ______ score

b. Transfer students will be scored on the same grid, except that the higher of the high school mark or a university transferable post-secondary course mark in the same discipline may be used. The GPA of the last full-time post-secondary semester completed may be used in place of the High School average, whichever is most advantageous to the student.
c. Adult (Mature) students with significant health-related experience may have a score (possible 40) substituted for the High School Average based on a personal interview and an evaluation of the health-related experience.

6. Spoken English Language Proficiency Requirement (SELP)

In the event of an excess of demand for available places, first preference will be given to holders of approved baccalaureate degrees, and second to applicants presenting at least 90.0 credit hours of transferable university-level studies. Any student graduating from an addictions certificate program is eligible for consideration for admission as a transfer student, where the certificate is evaluated on a course-by-course basis under current transfer credit policy. Students from Medicine Hat College who completed the Addictions Counselling Diploma, or the first two years of the Addictions Counselling University Transfer program are eligible for admission into the start of the third year. Students holding approved diplomas in addictions counselling or related areas may be eligible for admission into the Addictions Counselling major in the Post-Diploma B.H.Sc. (see d. Post-Diploma Bachelor of Health Sciences below).

3. Adult (Mature) Admission.

Applicants who do not have Biology 30 or Chemistry 30 will be considered for admission on a case-by-case basis (contact an academic advisor in the Faculty of Health Sciences).

4. Credentials from other countries.

b. All applicants must satisfy the following requirements:
1. As outlined in **Part I - Admission, Section 3.a.1.** (p. 30), satisfactory completion of Alberta’s:

### Addictions Counselling Admission Statement

The mandatory Admission Statement provides the Faculty of Health Sciences with the experience, inspirations, and goals of applicants to the Addictions Counselling program. The Admission Statement form is available at [www.uleth.ca/healthsciences/statement](http://www.uleth.ca/healthsciences/statement)

Admission Statements must be received by the Admissions Office by June 1.

- **Submit Admission Statement:**
  - By Email: admissions@uleth.ca

  - By Mail: Addictions Counselling Admission Statement
    - Admissions Office
    - University of Lethbridge
    - 4401 University Drive
    - Lethbridge, AB T1K 3M4

**Note:** Since the number of qualified applicants can exceed the number of places available, fulfillment of the minimum academic or statement requirements does not guarantee admission to the Addictions Counselling major in the B.H.Sc. The process is competitive and the Faculty of Health Sciences reserves the right of selection of all students for admission and readmission to the Faculty.

3. Applicants must provide the following document by November 15 of the first year of their program:
   - A specific schedule of immunization (forms provided by the Faculty of Health Sciences).
   - Students may not be permitted to go on to the internship if they do not provide this document.

   **c. Application and Document Deadlines**

   Applications and Admission Statements must be received by **June 1** for consideration for admission to the subsequent Fall Semester. Students are strongly advised to arrange for documents to be sent to the University at the time of application. Documents supporting the application (including final, official transcripts) must be submitted by **June 15** for post-secondary applicants and **August 15** for high school applicants (see **Part I - Admission, 2012/2013 Undergraduate Application and Document Deadlines**, p. 29).

   Students currently studying in high school should follow the procedures for Early Admission (see **Part I - Admission, Section 3.a.3, p. 30**).

2. **Public Health**

   **a.** Admission to the Public Health major in the Bachelor of Health Sciences program may be gained by one of the following admission routes. d. Spoken English Language Proficiency Requirement (SELP)

In addition to the English Language Proficiency requirement for regular University of Lethbridge undergraduate admission (see Section 6.a in Part 1 - Admission, p. 43), applicants to the Public Health major in the Bachelor of Health Sciences, whose first language is not English, must also meet a Spoken English Language Proficiency requirement. This additional SELP requirement is essential because students must be able to communicate clearly and effectively with colleagues, instructors, health care professionals, and the public in a variety of settings to be successful in the Bachelor of Health Sciences Program.

Evidence of Spoken English Language Proficiency must be presented prior to admission and may be shown in one of the following ways:

1. At least six consecutive years of full-time study in a country where the primary language is English and in a recognized institution where the primary language of the institution is English. These studies must include satisfactory completion of English Language Arts 30-1 or its equivalent, or satisfactory completion of at least two transferable semester courses in English. These studies must also precede admission by not more than two years.

2. Graduation with an approved high school credential, including at least six consecutive years of full-time academic study from an institution or institutions where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-1 or its equivalent. These studies must also precede admission by not more than two years.

3. Successful completion of a recognized degree requiring at least four full years of academic study at a post-secondary institution where the language of instruction is English and in a country where English is the principal language.

4. Successful completion of the equivalent of six years of full-time instruction in a school/institution in Canada in which the major language of instruction is other than English, but where the level of English proficiency required for graduation is equivalent to that in English language schools/institutions in Canada.

5. A score of at least 50 on the TSE (Test of Spoken English).

6. A score of at least 23 on the Speaking section score of the iBT TOEFL.

8. A score of at least 70 on the CAEL sub-test for Speaking.

d. Post-Diploma Bachelor of Health Sciences

1. Addictions Counselling

   a. Direct Entry

   1. Requirements for admission to the Addictions Counselling major in the Post-Diploma Bachelor of Health Sciences (Direct Entry) program:

      a. Completion of the Drug and Alcohol Counsellor Diploma program at Fleming College or the Addictions Counselling Diploma program at Nova Scotia Community College, with a minimum cumulative grade point average of 3.00 in the diploma program.

      OR

   b. Subject to permission of the Dean of Health Sciences, completion of an approved college diploma in Addictions Counselling, with a cumulative grade point average of 3.00 (or equivalent).

   Note: Applicants with extensive practice experience in the field and a GPA of less than 3.00 will be given individual consideration for admission to the Post-Diploma program.

   2. Applicants follow the procedures outlined for all students in Part 1 - Admission and must also submit the following documentation:

      a. Official college transcript.

   3. Applicants must provide the following document by November 15 of the first year of their program:

      a. A specific schedule of immunization (forms provided by the Faculty of Health Sciences).

      Students may not be permitted to go on to the internship if they do not provide this document.

   b. Extended

   1. Requirements for admission to the Addictions Counselling major in the Post-Diploma Bachelor of Health Sciences (Extended) program:

      a. Completion of the Aboriginal Addictions Services Diploma at Keyano College or the Child and Youth Care Diploma program at Lethbridge College, with a cumulative grade point average of 3.00 (or equivalent).

      OR
e. After an Approved Degree

1. **Bachelor of Nursing**
   Students who have an approved degree from a recognized university may choose to complete either the Bachelor of Nursing After Degree program, (see, a. below) or the 40-course Bachelor of Nursing program (see, b. below).
   a. Bachelor of Nursing After Degree program
      This is a 24-month continuous program starting in September of each year (see Section 3.b., p. 201).
   b. 40-course Bachelor of Nursing program
      Students who have an earned degree from a recognized university and who wish to enter the Bachelor of Nursing program may have their course load reduced to the extent that the first degree includes courses that are required in the nursing program. It is important to note that such course reduction may not reduce the length of the program because of the sequencing of nursing courses.

2. **Bachelor of Health Sciences**
   The Faculty of Health Sciences offers no formal Bachelor of Health Sciences second degree program due to the high number of unique courses which are required in each major in the B.H.Sc. program. Degree holders will have all the privileges of transfer students with respect to courses transferred in to meet requirements. Students should consult with an Academic Advisor in Health Sciences prior to their first semester to develop an individualized course sequencing plan.

At the time of admission, the record of the applicant's previous degree is examined and a specific program for the student is planned and approved by an Academic Advisor in the Faculty of Health Sciences.

f. **Bachelor of Health Sciences/Bachelor of Management**
   See Part 13 - Combined Degrees, Section 12 (p. 308).

4. **INTERNSHIP AND PRACTICUM PLACEMENTS**
   Practicum and internship placements provide a critical learning experience that is essential to the completion of the student's academic program in the Faculty of Health Sciences. Students engaged in these experiences should be aware that they are not only subject to University policies and procedures but also that of the agency/health facility in which they are placed. The policies of some external sites may include drug and alcohol testing. If a student is refused or released from an internship or practicum placement because they have tested positive, the Faculty of Health Sciences will undertake its best efforts to accommodate the student. The Faculty cannot, however, guarantee a subsequent placement.

Individuals with a history of addiction or dependency should note that placement agencies may require students to have a minimum two-year alcohol and other drug-free lifestyle prior to their acceptance in an internship or practicum placement. While not an admission requirement for programs in the Faculty of Health Sciences, many agencies and organizations providing internship/practicum placements require criminal record checks (or equivalent) of students. Consequently, all students accepting an admission offer from the Faculty of Health Sciences must immediately make application for a criminal record check and provide the completed criminal record check by the dates specified above in Section 4. Admission.

Criminal record checks are not kept on file by the Faculty of Health Sciences, but must be in the student's possession and available to present to agencies and organizations providing internship/practicum placements. The consequences of a prior criminal conviction on a student's status in the program will be examined and discussed on an individual basis. Please note that students with certain criminal convictions may be refused by agencies and organizations providing clinical placements. Should an internship/practicum placement be refused for any reason by an agency or organization, the Faculty of Health Sciences does not guarantee an alternate placement and the student may be required to withdraw from the program.

Students are required to inform the Faculty of Health Sciences if a change in their criminal record status has occurred while they are in the program and submit a new copy of their criminal record check.

5. **B.H.Sc. AFTER TRANSFER TO A PROFESSIONAL FACULTY**
   Students who initially complete an approved 90.0 credit hour program in the Faculty of Health Sciences may attain the University of Lethbridge degree B.H.Sc. after completing degree requirements in Social Work in a professional faculty elsewhere.
   Students intending to complete the B.H.Sc. requirements in the above manner must have their programs approved by the Dean of Health Sciences by the time they have completed 15 courses. Please consult an Academic Advisor in the Faculty of Health Sciences for more information.
6. **CO-OPERATIVE EDUCATION STUDIES**

Co-operative Education is a program that integrates academic studies with relevant, full-time work experience. During work terms that are typically four months long, students gain practical experience in not-for-profit organisations, private industry, or government agencies. Students may complete up to six work terms. Further information may be obtained from the Arts and Science Office of Co-operative Education (AH154; 403-382-7154).

a. **Work Terms**

To receive the Co-op designation, students must complete all regular degree requirements and a minimum of three work terms:

- Health Sciences 3331 - Co-op Work Placement I
- Health Sciences 3332 - Co-op Work Placement II
- Health Sciences 3333 - Co-op Work Placement III

Students may also choose to take up to three additional work terms:

- Health Sciences 3334 - Co-op Work Placement IV
- Health Sciences 3335 - Co-op Work Placement V
- Health Sciences 3336 - Co-op Work Placement VI

Students must be registered through the program for the full period of the work term in which they applied, and once registered are not permitted to withdraw without failure. A grade of 'F' (Fail) will be awarded for the term(s) unless extenuating circumstances warrant granting of Withdrawal with Cause (WC), in accordance with University of Lethbridge policy (see Part 4, Section 3, p. 72). Students should contact the Coordinator of Co-operative Education for assistance with the procedure.

b. **Transfer of Co-op Work Terms**

A maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition towards the requirement. To be eligible for recognition, the co-op shall be subject to special assessment by the Co-operative Education Office. An approved co-op must be registered as a non-academic course on the student’s transcript from the sending institution and must have received a passing grade.

7. **POLICIES AND REGULATIONS**

a. **Special Arrangements for Course Credit**

1. **Transfer Credit**

   a. **Bachelor of Nursing**

      A student may transfer up to 20 semester course equivalents (60.0 credit hours).

      Students may receive transfer credit for both Nursing and non-Nursing courses. Nursing courses must have been completed at an accredited post-secondary institution not more than seven years prior to the expected date of completion of the baccalaurate program. Non-Nursing courses are subject to the time limits of the relevant Faculty (see Part 4 - **Academic Regulations, Section 3.g., p. 76**). Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Faculty of Health Sciences at the University of Lethbridge.

   b. **Bachelor of Nursing After an Approved Degree**

      A student completing the Bachelor of Nursing After Degree may not receive transfer credit.

   Note: Bachelor of Nursing After Degree courses taken at LC that are used for credit in the program are University of Lethbridge courses.

   c. **Bachelor of Health Sciences**

      1. **Addictions Counselling**

         Students pursuing an Addictions Counselling major in the B.H.Sc. program will be allowed to transfer a maximum of 20 semester course equivalents (60.0 credit hours). For details please consult an Academic Advisor. Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Addictions Counselling major in the B.H.Sc. program at the University of Lethbridge.

         Students with transfer credit for five or more courses (15.0 credit hours) should consult with an advisor prior to the first semester to develop an individual course sequencing plan. This may allow the student to reduce the number of semesters required to complete the program.

         Note: Addictions Counselling courses taken at MHC that are used for credit in the B.H.Sc. program are considered MHC courses and not as transfer credit.

      2. **Public Health**

         Students pursuing a Public Health major in the B.H.Sc. will be allowed to transfer a maximum of 20 semester course equivalents (60.0 credit hours) into the program. For details please consult an Academic Advisor. Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Public Health major in the B.H.Sc. program at the University of Lethbridge. Students with transfer credit for five or more courses (15.0 credit hours) should consult with an advisor prior to the first semester to develop an individual course sequencing plan. This may allow the student to reduce the number of semesters required to complete the program.

         Note: Public Health courses and not as transfer credit.

   d. **Post-Diploma Bachelor of Health Sciences**

      Addictions Counselling majors admitted to the Post-Diploma Bachelor of Health Sciences (Direct Entry) program will be allowed to
transfer a maximum of two semester course equivalents (6.0 credit hours).

Addictions Counselling majors admitted to the Post-Diploma Bachelor of Health Sciences (Extended) program will be allowed to transfer a maximum of two semester course equivalents (6.0 credit hours). However, students must complete the following qualifying courses at the University of Lethbridge in the first semester:

Health Sciences 2120 - Counselling II (Group Counselling)
Health Sciences 2245 - Assessment of Addictions
Psychology 1000 - Basic Concepts of Psychology

One of:
Library Science 2000 - Library Research and Information Systems
Writing 1000 - Introduction to Academic Writing
A course approved by the Dean of Health Sciences

For details please consult an Academic Advisor in the Faculty of Health Sciences. Courses for which transfer credit is being sought must be discussed at the time of acceptance into either of the Post-Diploma B.H.Sc. programs at the University of Lethbridge.

2. Independent Study

Students with a cumulative GPA of 3.00 or higher may be permitted to earn credit by Independent Study - Health Sciences 4990 and Nursing 4990. Independent Study normally may be undertaken only in areas not covered by courses offered in the curricula.

No student shall receive credit for more than three Independent Studies in the program, except with prior permission of the Dean (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Independent Study proposals must be submitted to a Faculty member, who selects one additional Faculty member to examine the proposed study. Formal registration occurs after approval by the Faculty members and the Dean.

Students are required to register the study in the semester in which the work is expected to be completed.

b. Standards of Professional Conduct

The Faculty of Health Sciences at the University of Lethbridge, along with our collaborative partners at Lethbridge College, is committed to maintaining freedoms of thought, belief, opinion and expression for students. The programs also have an obligation to foster academic freedom within the context of relevant professional standards of conduct and with the goal of assisting students to becoming practicing health professionals. The standards outlined below give direction to behaviours which must be visible to all instructors within the program and related courses.

These standards are in addition to the standards of Academic and Non-Academic Conduct for the University of Lethbridge outlined in Part 4 - Academic Regulations of this Calendar. Serious violations of the standards of professional conduct may result in a student being disciplined, including being suspended or expelled from the program. A student disciplined in this way may appeal under Part 4 - Academic Regulations, Section 8. (p. 86) of this Calendar.

1. Bachelor of Nursing Programs

Students and faculty are bound by the Standards of Practice of the College and Association of Registered Nurses of Alberta and the Code of Ethics of the Canadian Nurses Association (CNA) (2008). The central values outlined in the CNA Code are:

a. Health and Well-Being: Nurses value health and well-being and assist persons to achieve their optimum level of health in situations of normal health, illness, injury or in the process of dying.

b. Choice: Nurses respect and promote the autonomy of clients and help them to express their health needs and values, and to obtain appropriate information and services.

c. Dignity: Nurses value and advocate the dignity and self-respect of human beings.

d. Confidentiality: Nurses safeguard the trust of clients that information learned in the context of a professional relationship is shared outside the health care team only with the client's permission or as legally required.

e. Fairness: Nurses apply and promote principles of equity and fairness to assist clients in receiving unbiased treatment and a share of health services and resources proportionate to their needs.

f. Accountability: Nurses act in a manner consistent with their professional responsibilities and standards of practice.

g. Practice environments conducive to safe, competent and ethical care: Nurses advocate practice environments that have the organizational and human support systems and the resource allocations necessary for safe, competent and ethical nursing care.

2. Bachelor of Health Sciences

Addictions Counselling

The ethical standards expected of students and faculty are those found in the Standards of Practice and Code of Ethics of the Canadian Counselling Association (CCA) (1999). The CCA code is very lengthy and students are required to familiarize themselves with the details, located at the following website, as directed by their instructors: www.ccacc.ca/coe.htm

The fundamental principles of the CCA Code are:

a. Respect for the dignity of persons

b. Not willfully harming others

c. Integrity in relationships
d. **Responsible caring**
e. **Responsibility to society**
f. **Respect for self-determination**

### Public Health

The ethical standards expected of students and faculty are guided by the Public Health Code of Ethics of the Public Health Leadership Society [PHLS] (2002) and the American Public Health Association [APHA] (2002). Currently, a public health code of ethics is under review by the Public Health Agency of Canada and public health partners. The values and beliefs underlying the PHLS/APHA Code of Ethics for Public Health are as follows:

a. **Health & Wellbeing**: Humans have a right to the resources necessary for health and wellbeing. The Universal Declaration of Human Rights is affirmed by public health practitioners.

b. **Community**: Humans are inherently social and interdependent. Positive relationships (among individuals, families, groups, institutions, and communities) contribute to healthy communities. Each person in a community should have an opportunity to contribute to public discourse. Collaboration is a key element to public health. The rights of individuals and one's right to make decisions for one's self must be balanced against the common good and impacts on other people (e.g., vulnerable members of society).

c. **Trust**: Communication underlies public trust and the development of trusting relationships. Factors that contribute to trust include: truth telling, transparency, accountability, reliability, and reciprocity. Listening as well as speaking is a critical part of reciprocity and communication with communities.

d. **Interdependence**: People (individuals, families, and communities) and their environments (physical and social) are interdependent.

e. **Basis for Action**: Knowledge is important and powerful. Science is the basis for much of public health knowledge (including both qualitative and quantitative methods). Knowledge is not morally neutral and often demands action. Public health practitioners have a moral obligation to share what is known, to work in collaboration with communities/partners, and to take timely action based on what is known.

f. **Respect & Dignity**: Respect for the fundamental value and dignity of each human being informs public health action. Information alone is not adequate as a basis for action. Values inform the application of information or the choice of action in the absence of information.

c. **Nursing Regulations and Information**

1. **Out-of-region practice course placement guidelines**

Students who have clearly identified specific clinical learning goals that require practice placements outside the southwestern part of Alberta Health Services South Zone may apply for an out-of-region placement for Nursing 4750. Out-of-region placements are located beyond this geographic region and may include provincial, national, or international placements. Students intending to seek an out-of-region placement must have a cumulative GPA of at least 3.00 on all courses counted towards program requirements (including courses taken at the University of Lethbridge and courses transferred from Lethbridge College or other institutions that are used to meet program requirements) completed by the end of the first semester of the third year for B.N. students or by the end of Summer Session III of the first year for B.N. After Degree students.

2. **Travel requirements**

The richness of the BN program is built upon our close connection with rural communities. As a result, travel outside Lethbridge will be expected for clinical practice, and students will incur costs related to this travel.

### 8. ACADEMIC STANDARDS

a. **In Good Standing**

To be in good standing a student must maintain a minimum cumulative grade point average of 2.00 for all courses and 2.50 for required Nursing, Health Sciences, or Public Health courses.

b. **Academic Probation**

A student shall be placed on academic probation if the term grade point average and/or cumulative grade point average falls below the minimum listed below for all courses or below the minimum listed below for required Nursing, Health Sciences, or Public Health courses for one semester at the University of Lethbridge. It should be noted that Post-Diploma students and students coming from LC or MHC in the collaborative programs are considered to have a minimum of 20 course credits. In the Bachelor of Nursing After Degree program, students must attain a minimum GPA of 2.00 in the first semester, 2.30 in the second semester, and 2.50 for the remainder of the program.

c. **Required Withdrawal for One Full Year**

A student is required to withdraw from the Faculty of Health Sciences if any of the following occurs:

- the grade point average falls below the minimum listed above for two or more consecutive semesters;*
- the student fails any internship or nursing practicum course; or
- the student fails to meet the Standards of Professional Conduct (see p. 207)

*B.H.Sc. students will only be required to withdraw at the end of the Spring Semester. B.N. students will be required to withdraw from the program at the end of the second semester with a GPA below the minimum as noted above, regardless of when it falls in the academic
year, but will be allowed to continue at the University as Open Studies students until the end of the Spring Semester.

A student dismissed for academic reasons may apply for readmission by the appropriate deadline after a lapse of one full year. Readmission is not guaranteed. Students dismissed for a second time will not be re-admitted to the program. Students are advised to contact Student Program Services as early as possible to discuss the possibility of readmission.

A student who completed courses in another Faculty or institution during the period of required withdrawal from the Faculty of Health Sciences is not permitted to count such courses for credit toward the minimum total number of courses required for either a Bachelor of Nursing or Bachelor of Health Sciences degree.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Health Sciences upon readmission after required withdrawal for unsatisfactory academic performance. Tabula Rasa will be granted only once, after the first required withdrawal. Credit is retained for all previous courses completed with a grade of ‘C-’ or above, or ‘P’, up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

Where a course has both theory and practice components, students must satisfactorily complete both in order to receive credit.

Faculty members who are supervising clinical practice experiences may require a student to leave a clinical setting at any time if, in the opinion of the Faculty member, the student’s practice threatens patient/client safety or is disruptive to patient/client care. The Dean will review the case in a timely fashion to determine whether, and under what conditions, the student may return to the clinical setting.

9. INSTITUTIONAL HONOURS

a. Dean’s Honour List

Students with outstanding academic performance are recognized on the Dean’s Honour List. The list is compiled twice yearly at the end of each of the Fall and Spring Semesters. There are two ways to qualify for the Dean’s Honour List:

1. Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses; or,

2. Students completing three or fewer courses in one semester must achieve a grade point average of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including the current semester.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees “With Distinction” or “With Great Distinction.”

Students with a Graduation GPA of 3.5 to 3.74 are awarded their degree “With Distinction.” Students with a Graduation GPA of 3.75 or higher are awarded their degree “With Great Distinction.”

For purposes of awarding degrees “With Distinction” or “With Great Distinction,” the Faculty of Health Sciences determines a Graduation grade point average by factoring actual grades on transfer courses into the University of Lethbridge cumulative grade point average.

10. BACHELOR OF NURSING DEGREE PROGRAMS

a. Bachelor of Nursing

1. General Requirements

a. Successful completion of at least 41.3 course equivalents (124.0 credit hours) with a cumulative grade point average of at least 2.00 on all courses taken for credit toward the degree.

d. Not more than three Independent Study courses may be taken for credit toward the degree (see Section 7.a.2., p. 207).

Minimum Grade Requirement

A minimum grade of C is required in Nursing 163/164 Nursing 1220 and Nursing 173/Nursing 1320. A student who receives a grade of C- or less must repeat the course prior to proceeding in the program.

A minimum grade of C- is required in all other Nursing courses. Any student who receives a grade of D+ or lower is required to repeat the course and achieve a grade of C- or higher before being allowed to take further nursing courses and proceed in the program.

2. Course Requirements

Students registered at LC will take courses that bear the College’s numbering system, while courses taken at the University of Lethbridge will bear the University’s course numbering system. Where two numbers appear in the list below, the first number reflects the LC course numbering system while the second reflects the University of Lethbridge system.

Students may elect, during the second semester of their second year, to complete the accelerated course sequencing. This option is open to B.N. students with a minimum grade point average (GPA) of 2.30 in all Nursing/Health Sciences courses used to meet program requirements. The GPA calculation will involve all Nursing/Health Sciences courses completed up to and including the Fall term of second year. This may occur only after application by the student and approval by the Faculty of Health Sciences at the University of Lethbridge. Students in the accelerated program will complete their programs by the end of December rather than the end of April of the fourth year. The first two years are identical to the regular course sequencing of the B.N. Program. There may be a limited number of seats available.

See www.uleth.ca/ross/sequence_plans/nurs_bn_accl.html for a suggested sequencing plan for Years 3 and 4 (see www.uleth.ca/ross/sequence_plans/nurs_bn.html for a suggested sequencing plan for the first two years).

c. Possible Sequencing of Courses
See www.uleth.ca/ross/sequence_plans/pubh_bhs.html for a suggested sequencing plan for the Public Health major in the B.H.Sc. program.

d. ‘Honours Thesis’ Designation
Students pursuing a Public Health major in the B.H.Sc. degree program may choose to complete an undergraduate thesis course (6.0 credit hours), subject to meeting course prerequisites (see Public Health 4995 - Undergraduate Thesis on p. 450). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment.

1. Prerequisites
Prospective ‘Honours Thesis’ candidates must meet the following prerequisites:

a. Fourth-year standing (a minimum of 90.0 credit hours completed prior to the start of the applicable fall term).

b. A cumulative minimum GPA of 3.50.

2. Supervisory Committee

For each prospective ‘Honours Thesis’ candidate, a Supervisory Committee will be established. The Supervisory Committee will be approved by the Faculty of Health Sciences and the Coordinators for Public Health in the Faculty of Health Sciences and the Faculty of Arts and Science. The Supervisory Committee will be made up of a Thesis Supervisor (preferably a faculty member from Public Health), and one other reader, who may be from outside the program.

The Supervisory Committee approves the topic matter of the proposed thesis at the time of application.

3. Initial Approval

a. The prospective student must present the “Standardized Thesis Proposal Template” to be approved by the Supervisory Committee by April 15th to begin the thesis in September of the same year.

b. Subsequent changes to the Thesis Proposal must be approved by the Supervisory Committee.

c. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.

d. Registration in the course is achieved through approval of the Supervisory Committee and Dean.

e. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given Fall semester.

4. Final Assessment

The final assessment for the undergraduate thesis is based on two criteria:

a. Written Component (80%)

1. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a public health matter, as approved by the Supervisory Committee at the time of initial approval.

2. The thesis should be of high quality and will be made publicly available by the Public Health program.

b. Oral Component (20%)

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student’s competence in oral communication and not necessarily an oral defence of the thesis.

5. Eligibility for ‘Honours Thesis’ Designation

Students are eligible to receive the ‘Honours Thesis’ designation on their official transcript and degree parchment only if they achieve a minimum grade of ‘B+’ (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between ‘D’ and ‘B’, inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the ‘Honours Thesis’ designation.

Inquiries about the availability of the ‘Honours Thesis’ option should be directed to the Faculty of Health Sciences Coordinator for Public Health or Academic Advisor. Please refer to Part 4 - Academic Regulations, Section 3.f. (p. 76) for more information on the ‘Honours Thesis’ designation.

2. Qualifying Program

Some approved college diplomas are not directly admissible to the Post-Diploma Bachelor of Management Degree program by successfully completing the Qualifying program. For current information on approved diploma programs, see www.uleth.ca/postdiploma.

A student may gain admission to the qualifying program by completing one of these approved diplomas in business administration, management, or a related discipline with a cumulative grade point average (GPA) at or above the current admission cut-off and not less than 2.0.

d. Co-operative Education Studies

Admission requirements for the Co-operative Education majors include the same courses as for the respective non-Co-operative Education route. For details on the Co-operative Education program, see Section 5 (p. 222).

Co-op students are selected on the basis of grade point average and the ability to perform in a work setting. Other factors such as work experience, extracurricular activities and volunteer positions are considered when selecting participants for the Co-operative Education Studies program.

e. Bachelor of Management as a Second Degree (B.Mgt.)

Admission to the Bachelor of Management Second Degree program in the Faculty of Management occurs following completion of an approved degree, other than the degree B.Comm. or its equivalent. An approved degree is a baccalaureate degree (with 30 courses or more), or its academic equivalent, from a recognized degree-granting institution. Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean of the Faculty of Management.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Management will be considered with the prior approval of the Dean. The decision of the Faculty will be final in these matters.

f. Certificate Program in Management

Admission to this program is possible through four admission routes (see Part 1 - Admission):

- Eight or more transfer courses
- A College Diploma
- A previous undergraduate degree
- Adult applicants who are 21 years of age or older.

Please refer to Section 3.c. Adult Student (Mature) Admission Route (p. 37). Note that, in most cases, English Language Arts 30-1 and Pure Mathematics 30 or Mathematics 30 are required.

Courses for the Certificate program in Management are listed in Section 16 (p. 237).

g. Professional Diploma in Accounting

Admission requirements to the Professional Diploma in Accounting (PDA) consist of an undergraduate university degree and a GPA of at least 2.0. Courses for the Professional Diploma in Accounting program in Management are listed in Section 17 (p. 240).

Note: The Professional Diploma in Accounting replaces the Post-Baccalaureate Certificate in Accounting.

h. Limitation on Enrolment: Programs and Quotas

Students should note that satisfactory completion of the admission requirements does not guarantee admission to Management programs. Enrolment limits may be placed on the number of students admitted to programs and/or majors in the Faculty of Management. Enrolment limits may also be placed on the number of students admitted to a campus (i.e., Calgary, Edmonton, or Lethbridge). If enrolment limits are invoked, admission to the program is competitive and is based upon academic achievement prior to admission as assessed by the Faculty of Management, whose decision shall be final.

i. Time Limit for Retention of Course Credit

Students may receive credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Faculty of Management.

Eligible diplomas for the Post-Diploma Bachelor of Management Degree program can be no more than eight years old.

j. Conditional Admission

Conditional admission to the Faculty of Management may be offered to applicants in the following situations:

1. Four-year Bachelor of Management

a. High School
Applicants who are currently completing courses at a high school, are presenting the subjects required for admission to the program and major, and have a projected high school average at the date of application which meets the General Admission requirements (see Section h. above). Admission will be rescinded if an applicant does not present a minimum final high school average of 65% or higher. Admission to a specific major is not guaranteed.

b. Transfer
Applicants who are currently completing courses at another college or university and have a cumulative grade point average at the date of application which is at or above the Faculty’s admission cut-off and not less than 2.0. Admission may be rescinded if an applicant does not present a final GPA at or above the Faculty’s final admission cut-off. Admission to a specific major is not guaranteed.

2. Post-Diploma
Applicants who are in the final semester of an approved college diploma program and have a cumulative grade point average at the date of application which is at or above the Faculty’s admission cut-off and not less than 2.0. Admission to a specific major is not guaranteed.

Applicants who are offered conditional admission must meet the conditions specified in their Letter of Offer. Admission will be rescinded if applicants fail to meet these conditions.

Note: Students who plan to pursue one major and subsequently change to another major will be required to complete all compulsory courses for the new major.

k. Returning After an Absence from the Faculty of Management
Students returning after no more than a two-year absence may be readmitted to their program of studies in the Faculty of Management upon application to the University and the Faculty.

1. Management students in good standing who are returning after an absence of up to two years are eligible to return to their previous program of studies regardless of the current admission GPA.

2. Any student who takes transferable post-secondary courses during an absence must meet the current admission GPA requirement. Grades on transferable courses included.

Applicants who possess the degree B.Comm. or its equivalent from a recognized institution are not admissible to the B.Mgt. program.

5. CO-OPERATIVE EDUCATION STUDIES
Co-operative education is a program that integrates students’ academic studies with full-time remunerated work experience directly related to their major area of study. Co-operative Education provides a well-rounded education and enriches academic knowledge with practical experience totalling 12 to 16 months. Three partners in Co-operative Education—the Co-op Coordinator, the Faculty of Management and employing supervisors—share in the intellectual growth and the professional and personal development of the Co-op Student.

Co-operative Education students must complete all the degree requirements of the Bachelor of Management or the Post-Diploma B.Mgt. In addition to those requirements, the courses required in Years Three and Four for Management Co-operative Education are listed below:

a. Work Term Requirements
Management 3002 - Work Experience I
Management 3003 - Work Experience II
Management 3004 - Work Experience III
Management 3005 - Work Experience IV
Management 3008 - Work Experience V
Management 3009 - Work Experience VI

Students must be registered for the entire duration of the work term(s) applied for and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of ‘F’ - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause (‘WC’), in accordance with University of Lethbridge policy (see Part 4, Section 3, p. 72). Where approval is granted by the Coordinator of Co-operative Education and the Director of Student Program Services, a ‘WC’ will be entered on the transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education Programs (AH154; tel. 403-380-1810).

b. Transfer of Co-op Work Terms
For the purpose of fulfilling the Management Co-operative Education requirement of three work term courses to earn the Co-op designation, a maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Management Co-op office. An approved co-op work term must be registered as a non-academic course on the student’s transcript from the sending institution, and must have received a passing grade (either a letter grade or ‘Pass’).
6. ACADEMIC STANDARDS
To retain satisfactory academic standing students must maintain a cumulative grade point average of 2.00 or above at all stages in their progress toward a degree or certificate.

a. In Good Standing
To be in good standing, a student must maintain the following minimum cumulative grade point average (GPA):

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>1.70</td>
</tr>
<tr>
<td>11-20</td>
<td>1.85</td>
</tr>
<tr>
<td>21 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

b. Academic Probation
Students whose cumulative grade point average falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a semester.

c. Required Withdrawal for One Full Year
Students will be required to withdraw only following the Spring Semester. Students whose cumulative grade point average, at the end of the Spring Semester, falls below the following for two consecutive semesters are required to withdraw for one full year from the Faculty of Management:

<table>
<thead>
<tr>
<th>Number of Completed Courses (includes transfer courses)</th>
<th>GPA (UofL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-10</td>
<td>1.50</td>
</tr>
<tr>
<td>11-20</td>
<td>1.70</td>
</tr>
<tr>
<td>21 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

A student who has taken fewer than five courses at the University of Lethbridge will not be required to withdraw. A student who completes courses in any School, Faculty or institution during the period of required withdrawal from the Faculty of Management is not permitted to count such courses for credit toward the B.Mgt. degree.

A student who has not been withdrawn for academic reasons must wait a minimum of 12 months from the date of the required withdrawal to reapply. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and remedied. The Faculty of Management does not guarantee that students who have been Required to Withdraw will be permitted to return to their previous program of studies. A student who is readmitted after a required withdrawal is placed on academic probation for the next semester in which he/she registers.

7. REGULATIONS THAT APPLY TO COURSES TAKEN IN MANAGEMENT

a. Course Load
The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours) in the Fall and Spring semesters (see Part 2 - Registration, Section 6.b. Maximum Credit Hours, p. 56). Students may accelerate their programs by carrying heavier study loads or by attending Summer Sessions (see Summer Session chart, p. 56). Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

b. Course Enrolment Limits
Enrolment limits are placed on Management courses to maintain the quality of instruction.

c. Prerequisite(s), Corequisite(s), and Recommended Background
Course prerequisites and corequisites must be met. Only students with the appropriate prerequisite(s) and/or corequisite(s) are considered for enrolment. For some courses, a recommended background is listed instead of, or in addition to, the prerequisite(s) and/or corequisite(s) so that the student may judge his or her own academic preparation (see Part 14 - Courses, Section 4.d.5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions, p. 314 and Part 4 - Academic Regulations, Policies and Program Requirements, Section 3.d. Waiver of Prerequisite/Corequisite, p. 75).

d. Applied Studies
Applied studies provide an opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Management students may earn a maximum of 18.0 credit hours in applied studies (see Part 4, Section 3.c, Exceeding Course Limits, p. 75), broken down as follows:

- a maximum of 6.0 credit hours in Management 3980-3981,
- a maximum of 6.0 credit hours in Management 4980-4981, and

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-329-2200).
e. Independent Study
A student may be permitted to earn credit by Independent Study, designated by the numbers Management 3990 or Management 4990. An Independent Study may not be used to duplicate course offerings. A proposal for study must be submitted to a Faculty member who will supervise the proposed study. The student may proceed with a formal registration of the study when approval from the instructor and the Dean of the Faculty of Management has been obtained. It is advisable to register in the study in the semester in which the work is expected to be completed.

All applications for Independent Studies shall be reviewed by a committee of the Faculty of Management and no grade shall be registered until approved by the committee. Completion of a written research report is required; contact Student Program Services in the Faculty of Management for details.

The grading mode is standard.

The prerequisite for Management 3990 is third-year standing (a minimum of 60.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

The prerequisite for Management 4990 is fourth-year standing (a minimum of 90.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

No student shall receive credit for more than three such Independent Studies while registered in the Bachelor of Management or Post-Diploma Bachelor of Management programs (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

c. How Graduation GPA is Calculated
The Faculty of Management calculates Graduation GPA as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>How GPA is Calculated</th>
</tr>
</thead>
<tbody>
<tr>
<td>B.Mgt. (first degree)</td>
<td>GPA calculated on the last 20 courses taken at the UofL</td>
</tr>
<tr>
<td>Post-Diploma B.Mgt.</td>
<td>GPA calculated on the last 20 courses taken at the UofL</td>
</tr>
<tr>
<td>B.Mgt. (second degree)</td>
<td>GPA calculated on the last 20 courses required for the second degree taken at the UofL</td>
</tr>
<tr>
<td>B.Mgt./B.Ed.</td>
<td>GPA calculated on all Mgt. courses (from 10-16) taken at the UofL</td>
</tr>
<tr>
<td>Post-Diploma B.Mgt./B.Ed.</td>
<td>GPA calculated on the 8 Mgt. courses and 7 Arts &amp; Science courses required for the combined degree, taken at the UofL</td>
</tr>
<tr>
<td>B.A./B.Mgt. and B.Sc./B.Ed.</td>
<td>GPA calculated on all Mgt. courses (from 10-20) taken at the UofL</td>
</tr>
<tr>
<td>Management Certificate and Professional Diploma in Accounting</td>
<td>GPA calculated on all Mgt. and non-Mgt. courses (from 5-10), required for the Mgt. Certificate or Professional Diploma in Accounting, taken at the UofL</td>
</tr>
</tbody>
</table>

1. The 20 courses needed for GPA calculation will be counted starting from the most recent courses completed to the least recent. If the 20th course falls in a semester where the student has completed more courses than needed for GPA calculation, the courses with the highest grades in that semester will be used.
2. May be less than 7 Arts and Science courses.

d. Limit on Introductory-Level Courses
Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

e. Maximum Number of Activity Courses
Not more than four Activity courses (that is, courses with a weighting of 1.5 credit hours) may be taken for credit towards the degree.

1. BASIC INFORMATION

Combined Degrees at the University of Lethbridge are generally 50 courses (five years) in length and provide students with the opportunity to meet the requirements for two degrees offered by two different Faculties. Note that some Combined Degrees programs require more than 50 courses. Students must be admitted to both Faculties responsible for a particular Combined Degrees program before they may be registered formally in the program. Some programs have quotas and there is no guarantee of admission to Combined Degrees programs. The student is granted neither degree until all program requirements for both degrees are satisfied.

The University of Lethbridge offers programs leading to the following Combined Degrees:

- Bachelor of Arts/Bachelor of Education (50 courses)
- Bachelor of Science/Bachelor of Education (50 courses)
- Bachelor of Fine Arts (Art)/Bachelor of Education (50 courses)
- Bachelor of Fine Arts (Dramatic Arts)/Bachelor of Education (50 courses)
- Bachelor of Music/Bachelor of Education (52 courses)
- Bachelor of Management (General)/Bachelor of Education (50 courses)
- Bachelor of Arts/Bachelor of Management (50 courses)
- Bachelor of Science/Bachelor of Management (50 courses)
- Bachelor of Fine Arts (New Media)/Bachelor of Management (50 courses)
- Bachelor of Health Sciences/Bachelor of Management (50 courses)
- Post-Diploma Bachelor of Fine Arts (Art)/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Fine Arts (Dramatic Arts)/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Music/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Management/Bachelor of Education (35 courses)

*a* After a two- or three-year diploma

2. ADVISING

Combined Degrees are made possible by the efforts and cooperation of two different Faculties. Students are urged to consult with Advisors from both Faculties throughout their program.

3. BACHELOR OF ARTS/BACHELOR OF EDUCATION
   BACHELOR OF SCIENCE/BACHELOR OF EDUCATION

a. Admission

Students begin this program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Arts and Science may declare their intention of completing the combined B.A./B.Ed. or B.Sc./B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.A./B.Ed. or pre-B.Sc./B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

**Note:** The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

**Note:** While application for admission after 20 courses is the preferred academic plan, those students who have completed 30 or more courses may also apply for admission to this program.

1. Faculty of Education Admission Requirements for the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees Program

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

a. Completion of a minimum of 19 Arts and Science courses.

Education courses (other than Education 2500) taken at the University of Lethbridge before the completion of Professional Semester I do not contribute to the fulfillment of B.Ed. program requirements.

Students who transfer from another institution with 20 courses will be considered for admission with a minimum of 15 Arts and Science courses and 5 appropriate Education courses.

**Note:** Students who have not completed a major portion of the General Liberal Education Requirement prior to admission to the Combined Degrees program may not be able to complete degree requirements in 50 courses.

b. A minimum cumulative grade point average of 2.50 on all UofL and transferable courses taken within the semesters containing the last 20 courses (60.0 credit hours).

c. A minimum cumulative grade point average of 2.50 on all graded courses comprising the
major, including all transferable courses. Admission requirements for the major may be met in one of the following ways:

1. Completion of at least eight semester courses in a single discipline major.
2. Completion of at least 11 courses in the 16-course multidisciplinary major, including at least five courses in the main teaching subject area.
3. Completion of at least 11 courses in the 16-course General Major, including at least five courses in the main teaching subject area.

d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 165). Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

e. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:
   - obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam
   - obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
   - passing the Alberta Universities’ Writing Competence Test (AUWCT)
   - obtaining a pass in the ‘Writing for University’ course
   - obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in Writing 1000
   - obtaining a grade of ‘B’ (3.00 on a 4.0 scale) or higher in a university English course
   - successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

2. Completion of Additional Admission Requirements in Specific Majors:
   - Dramatic Arts - completion of an acceptable portfolio, performance audition and interview.
   - Music - completion of an acceptable performance audition and/or interview.
   - Native Education - completion of five of the seven courses required in the school subject minor. A minimum cumulative grade point average of 2.50 out of 4.0 is required on all graded courses comprising the minor.
   - Physical Education - completion of a Physical Education and Sport Activities report which must include:
     - brief description of experience (personal physical activity, teaching movement or physical activity, coaching experience, workshops/clinics, certification),
     - written confirmation of experiences (letter of reference, certificate of achievement).

Students should consult Student Program Services in the Faculty of Education for guidelines regarding the requirements stated above.

3. Special Case Admission
   Students who have a good academic record but who for some reason had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.b. Special Case Admission (p. 162) for details.

4. Aboriginal Special Case Admission
   The Faculty of Education provides two special admission opportunities for students of Aboriginal descent. See Part 8 - Education, Section 4.c. Special Admission Procedures for Students of Aboriginal Descent (p. 162) for details.

2. Fifteen-course Combined Degrees major in Chemistry

The major in Chemistry requires a minimum of ten courses in Chemistry or Biochemistry; a maximum of 17 courses offered by the Department of Chemistry and Biochemistry is allowed for the B.Sc./B.Ed. degree (see Part 4, Section 3.c., Exceeding Course Limits, p. 75). In addition, at least three courses in Mathematics and two courses in Physics are required.

**List A - Required Chemistry Courses**

The following six Chemistry courses must be taken:

- Chemistry 1000 - General Chemistry I
- Chemistry 2000 - General Chemistry II
- Chemistry 2410 - Analytical Chemistry I
- Chemistry 2500 - Organic Chemistry I
- Chemistry 2600 - Organic Chemistry II
- Chemistry 2740 - Physical Chemistry

**List B - Elective Chemistry or Biochemistry Courses**

  - Physics 1050 - Introduction to Biophysics
- *Engineering 2060 - Engineering Mechanics
- Physics 2000 - Introduction to Physics II
- *Has prerequisite (Engineering 2000) that is not part of this major.

Biology 1010 - Cellular Basis of Life is highly recommended for all students in the B.Sc./B.Ed. program whose major is Chemistry.

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society for Chemistry nor is it normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Chemistry at a Canadian university.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. As a result, careful planning of the program for the major in Chemistry is required in order to be in position to take courses when they are offered. Consequently, students who intend to pursue a degree program with a major in Chemistry are advised to seek help in planning their programs from the Departmental advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

One of:
Chemistry 1000 - General Chemistry I
Chemistry 1110 - Chemistry for Life Sciences I
Mathematics 1410 - Elementary Linear Algebra
Mathematics 1560 - Calculus I
Mathematics 2560 - Calculus II
Mathematics 2570 - Calculus III

*Engineering 2000 and Mathematics 1560 are prerequisites for Engineering 2060.

Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for such courses except Physics 3750 and some offerings of the Physics 3900 series.

It is recommended that Physics majors in Combined Degrees include courses in Biology, Chemistry, Computer Science, and Mathematics.

Since a number of senior-level Physics courses are offered only in alternate years, students are advised to plan carefully to include the desired courses.

Consequently, students who intend to pursue a degree program with a major in Physics are strongly advised to seek help in planning their program from the Department of Physics and Astronomy.

The major in Physics for the Combined Degrees program provides a strong foundation in Physics, but it is not normally sufficient, in the absence of further study in the field, for pursuing graduate studies in Physics at a Canadian university.

e. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject, and must not be the same subject as the major.

With the exception of the minor for Native Education majors, minors include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. The minor for Native Education majors includes seven non-Education courses in a school subject and an appropriate Education methods course.

Note: For Native Education majors, the additional courses for completion of a minor are two electives in the school subject (see Part 8 - Education, Section 5.a.3. Minors for Native Education Majors, p. 164).

Students are eligible to receive an endorsement on their official transcripts upon completion of a minor. For all majors, Education students may not include, in any subject, any of the courses that are included in the minimum requirements for their major or minor.

f. Education Specialization Requirements

Students may elect to complete a specialization in addition to a major or minor. Students will be eligible to receive an endorsement on their official transcript upon completion of a specialization.

Education students completing a major or minor may not include, in the specialization, any of the courses that are included in the minimum requirements for their major or minor.

Please refer to Part 8 - Education, Section 8. Education Specializations (p. 172) for information on Education Specialization Requirements.

g. Academic Regulations

In the Combined Degrees program, students divide their time between two different faculties which measure different standards of academic performance. Students should read the academic regulations for each faculty in which a portion of the Combined Degrees will be taken. For the B.A./B.Ed. or B.Sc./B.Ed., students should be aware of the Arts and Science regulations (Part 7) and the Education regulations (Part 8).

h. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge, including 15 Education courses, and 15 Arts and Science courses including at least one-half of the required courses in the major.

i. Education Special Study Arrangements

Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2501, Education 2510 and Education 4980. The Applied Studies Program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study

A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.A./B.Ed. or B.Sc./B.Ed. (see Part 4, Section 3.c, Exceeding Course Limits, p. 75).

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education.
4. **BACHELOR OF FINE ARTS (ART)/BACHELOR OF EDUCATION**

**a. Admission**

Students begin this program in the Faculty of Fine Arts where they progress toward completion of Fine Arts degree requirements and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Fine Arts may declare their intention of completing the combined B.F.A. (Art)/B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.F.A. (Art)/B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.F.A. e. Academic Regulations
In the Combined Degrees program, students divide their time between different Faculties which measure different standards of academic performance. Students should read the academic regulations for each Faculty in which a portion of the combined degree will be taken. For the B.Mus./B.Ed., students should be aware of the Education regulations (Part 8) and Fine Arts regulations (Part 9).

f. Education Minor Requirements
Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. Students are eligible to receive an endorsement on their official transcripts upon completion of a minor. Please refer to Part 8 - Education, Section 7. 7. BACHELOR OF MANAGEMENT/BACHELOR OF EDUCATION

a. Admission

Students begin this program in the Faculty of Management where they progress toward completion of Management degree requirements and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Management may declare their intention of completing the combined B.Mgt./B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.Mgt./B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.Mgt./B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Management (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: The Faculty of Education does not offer a B.Ed degree alone, unless after an approved degree, first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

1. Faculty of Education Admission Requirements for the 50-Course B.Mgt./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Note: While application for admission after 20 courses is the preferred academic plan, those students who complete 30 or more courses may also apply for admission to this program.

a. Completion of a minimum of 20 courses which may include a maximum of 5 Education courses* (which must include Education 2500 or equivalent).

*Education courses (other than Education 2500) taken at the University of Lethbridge before the completion of Professional Semester I do not contribute to the fulfillment of B.Ed. program requirements. Students who transfer from another institution with 20 courses will be considered for admission with 5 appropriate Education courses.

b. Completion of a minimum of 8 courses in the major including:

Economics 1010 - Introduction to Microeconomics
Economics 1012 - Introduction to Macroeconomics
Statistics 1770 - Introduction to Probability and Statistics

A minimum grade point average of 2.50 is required to be eligible for admission to the Faculty of Education. The grade point average is calculated on all UofL and transferable courses completed within the semesters containing the last 20 courses (60.0 credit hours).

A minimum grade point average of 2.50 on courses comprising the Education major, including all transferable courses.

d. Demonstrated proficiency in written and oral English by the June I document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:

• obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam
• obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
• passing the Alberta Universities' Writing Competence Test (AUWCT)
• obtaining a pass in the 'Writing for University' course
• obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in Writing 1000
• obtaining a grade of 'B' (3.00 on a 4.0 scale) or higher in a university English course
• successful completion of a recognized degree from an English-language university

Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

e. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 165). Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

f. Special Case Admission

Students who have a good academic record but who for some reason have had a period of time when their performance was significantly lower, may apply for Special Case admission (up to four such students may be admitted). See Part 8 - Education, Section 4.b. Special Case
Admission (p. 162) for details.

However, if a student chooses to meet the Faculty of Education's Writing Proficiency Requirement (WPR) by completing Writing 1000 or a university English course, a minimum grade of 'B' is required.

a. Admission

Students begin the program classified as Pre-Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. or Pre-Post-Diploma B.Mus./B.Ed. in the Faculty of Fine Arts. After completion of 10 courses, including Education 2500 (or equivalent), students must apply to the Faculty of Education. Students are not officially in the Post-Diploma Combined Degrees program until they have been admitted to BOTH the Faculty of Fine Arts and the Faculty of Education.

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree; first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.

1. Faculty of Fine Arts Admission Requirements for the 35-Course Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. or Post-Diploma B.Mus./B.Ed.

a. Completion of an approved* two- or three-year college diploma in Art, Theatre or Dramatic Arts or Music with a GPA of 2.50.

*Approved by the Dean of the Faculty of Fine Arts in consultation with representatives from the academic discipline. Approval is dependent upon the college's program containing the courses required for the first two years of the B.F.A. (Art or Dramatic Arts) or the B.Mus. The college program must include a minimum of 16 courses in the discipline.

b. Portfolio/audition appropriate to the area of application:

Art: See Art Portfolio instructions in Part 9 - Fine Arts, Section 3.a. Bachelor of Fine Arts (Art) and pre-Bachelor of Fine Arts (Art)/Bachelor of Education, p. 178.

Theatre/Dramatic Arts: A collection of materials representative of recent theatre experiences as a performer, designer, technician, etc. A typical sample: a list of productions, roles, reviews. Also photographs, programs, video tape.

Music: A performance or composition tape recording of 20 minutes of music representing at least two musical styles by different composers.

The B.F.A. (Multidisciplinary) is specifically excluded from the Post-Diploma Combined Degrees program.

2. Faculty of Education Admission Requirements for the 35-Course Post-Diploma B.F.A. (Art or Dramatic Arts)/B.Ed. or Post-Diploma B.Mus./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the Fall Semester. For application and document deadlines, see Part I - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

a. A minimum grade point average of 2.50 calculated on all UofL and transferable courses completed within the semesters containing the last 20 courses. If any part of the diploma falls within the last 20 courses (60.0 credit hours), the entirety of the diploma (i.e., diploma GPA) is considered in the computation.

b. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all diploma courses.

c. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see Section 6.b.4. Education 2500 Prerequisite, p. 165). Students who do not receive a favourable recommendation for admission to the Faculty of Education may be permitted to re-enroll in the course after one full year provided they can demonstrate that they have sufficiently remediated inadequacies in their previous performance.

d. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:

- obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam

f. Academic Regulations

In the Combined Degrees program, students divide their time between different Faculties which have different standards of academic performance. Students should read the academic regulations for each Faculty in which a portion of the Combined Degrees will be taken. For the B.F.A. (New Media)/B.Mgt. students should be aware of the Fine Arts regulations (Part 9) and the Management regulations (Part 11).

g. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge including seven New Media courses and 10 Management courses at the 3000/4000 level.

12. BACHELOR OF HEALTH SCIENCES/BACHELOR OF MANAGEMENT

The Faculties of Health Sciences and Management jointly offer a 50-course Combined Degrees program leading to the degrees B.H.Sc./B.Mgt. Upon successful completion of the Combined Degrees program, the student receives the B.H.Sc. degree from the Faculty of Health Sciences and the B.Mgt. degree from the Faculty of Management. Neither degree is granted until the entire Combined Degrees program is completed.

a. Admission

Students may be admitted to the B.H.Sc./B.Mgt. when they are admitted to the University. If a student is admitted to the Combined Degrees program and subsequently chooses or is required to withdraw from the program, he or she must make formal application to the Faculty in which he or she intends to pursue a degree. For application and document deadlines, see Part 1 - Admission, p. 29.

1. Admission Requirements for the 50-Course B.H.Sc./B.Mgt.

4. DEFINITIONS

a. Semester
Semester refers to a period of study. Students should consult the Academic Schedule (p. 17) at the front of this Calendar to learn the specific dates for the start and end of each semester.

b. Course
Course refers to a unit of study (called a course or course equivalent) normally studied for one semester. A course normally carries a weighting of three credit hours. The University offers some units of study which deviate from this norm.

c. Course Types

1. Applied Studies
An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (AH154; tel. 403-382-7154).

2. Independent Study
A course for which credit is earned through individual study under the supervision of an instructor. This option may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Course work may require library and/or field research and/or a major term paper.

Students wishing to improve their grade in an Independent Study course must repeat the section with the identical title (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

For further information, students should consult the Department or the Faculty member under whom they wish to pursue an Independent Study (see also the Independent Study sections in Part 7 - Faculty of Arts and Science, p. 113; Part 8 - Faculty of Education, p. 167; Part 9 - Faculty of Fine Arts, p. 183; Part 10 - Faculty of Health Sciences, p. 207; Part 11 - Faculty of Management, p. 224).

3. Series
A course which is offered regularly at the University of Lethbridge, but whose content may vary with different offerings. Each Series has one number (e.g., Anthropology 3100, English 3700) and different offerings in the series are indicated by the title of the course, as listed in the current semester Timetable. Students may take more than one offering of a series course for credit if the offerings are distinct (i.e., if each offering taken has a different title).
Students wishing to improve their grade in a Series course must repeat the section with the identical title (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

A series course may be specified as a required course in a major or program.

4. Topics

A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Any Faculty or School may offer Topics courses. Each Topics course is identified by the number 2850, 3850, 4850, 5850 or 7850, and different offerings are indicated by the title of the particular section, as listed in the current semester Timetable. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Contact hours for Topics courses may vary according to the nature of the course. Check the specific Topics offering for complete information.

Students wishing to improve their grade in a Topics course must repeat the section with the identical title. From time to time, Topics offerings are made into regularly scheduled courses and listed in the Calendar. In this case, students must complete the regularly scheduled course that corresponds to the particular Topics offering in order to improve their grade (see Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 74 for more information).

A Topics course cannot be specified as a required course in any major or program.

5. Cross-Listed

Cross-listed courses appear in this Calendar and will appear on the student’s academic records in the dual form, for example, Management 2070/Economics 2070. Such courses do not apply toward the limit of four University accredited courses which may be taken outside Arts and Science.

6. Online

Courses may be offered online or have online components. Such courses are identified in the current semester Timetable. The course information listed in the Calendar (e.g., credit hours, course description, etc.) applies to all offerings of that course.

7. Placeholder

a. Active Student Status

A Placeholder course (e.g., Education 5999, New Media 4999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.

b. Continuing Student Status

A Placeholder course (e.g., Agricultural Studies 3999, Environmental Science 3999, Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to this Placeholder.

c. Full-Time Status

Professional Semester I and II Placeholder courses (i.e., Education 3599 and Education 3699) which facilitate block-registration arrangements to be finalized by the Faculty of Education. For student loan/scholarship enrolment verification purposes, 15.0 credit hours are attached to this Placeholder.

8. Graduate Level

The Master of Arts (M.A.) and Master of Science (M.Sc.) course requirements are determined at the time of admission to the program. For further information on course requirements, see the University of Lethbridge 2012/2013 Graduate Studies Calendar.

The Master of Education (M.Ed.) program requires students to complete core courses and electives to satisfy degree requirements. The courses are listed under ‘Education, Master of Education Courses’ in this Part. For further information on course requirements for the M.Ed. program, see the University of Lethbridge 2012/2013 Graduate Studies Calendar.

The Master of Science (Management) program requires students to complete four modules composed of specific courses listed in this Part under ‘Management, Master of Science (Management) Courses’. For further information on course requirements for the M.Sc. (Management) program, see the University of Lethbridge 2012/2013 Graduate Studies Calendar.

The Doctor of Philosophy (Ph.D.) course requirements are determined at the time of admission to the program. For further information on course requirements for the Ph.D. program, see the University of Lethbridge 2012/2013 Graduate Studies Calendar.

d. Course Elements

1. Subject and Course Number

The subject identifies the course discipline, and the course number identifies the course level (see Section 3. Course Numbering System, p. 312).

2. Course Title

A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are bound by the regulations given in Part 4 - Section 3.b. Repeat of a Course, p. 74.

Special regulations apply to Topics and Series courses (see Section 4.c.3. Series, p. 312 and 4.c.4. Topics, p. 313).
3. Credit Hours
   The weighting factor of a course when determining grade point average. Regular full-semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A student requires a minimum of 120.0 credit hours to complete a standard four-year degree at the University of Lethbridge.

4. Contact Hours
   There are two types of contact hours: (1) Hours per week, and (2) Other hours. ‘Hours per week’ are regularly scheduled weekly meeting times, while ‘Other hours’ are meeting times which are scheduled at irregular times over the semester.
   Hours per week (regular): a-b-c
   - a - number of required lecture hours per week
   - b - number of required laboratory hours per week
   - c - number of required hours per week in a different setting (e.g., tutorial)
   Other hours (irregular): d-e-f
   - d - number of required lecture hours per semester
   - e - number of required laboratory hours per semester
   - f - number of required hours per semester in a different setting (e.g., tutorial, field trip, rehearsal)
   All contact hours may be delivered by a number of means, including, but not limited to, the following:
   - a regular University classroom
   - a University computer lab
   - online
   - an off-campus location

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions
   Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s), and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.
   A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.
   For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisite(s) so that the student may judge her or her own academic preparation.
   Prerequisites, corequisites, and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.
   A prerequisite or recommended background that specifies year of standing indicates that students are expected to have attained a certain level of academic or intellectual advancement prior to registering in a particular course.
   For some courses, students may not exceed a defined year of standing prior to registering in the course. These courses are closed to students who have taken more than the specified number of courses or who are beyond the determined year of standing at the time of registration. These limits are applied when a course is targeted to a specific group of junior students.
   Although students may choose to have their program requirements governed by the Calendar in effect at the time of their most recent admission to the University (see Part 1 - Admission, Section 9.f. Year of the Calendar, p. 50), all students are bound by the current Calendar with regard to prerequisites, corequisites, and recommended backgrounds for individual courses.

6. Equivalent
   Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see Part 4 - Section 3.b. Repeat of a Course, p. 74).
   Note: A course offered at a given level (2000-, 3000-, 4000-level) will be used to meet requirements only at that level.

7. Substantially Similar
   Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see Part 4 - Section 3.c.1. Substantially Similar Course Limits, p. 75).

8. Grading
   Grading indicates what type of grade will be awarded as defined in Part 4 - Academic Regulations. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

5. FEES
   For complete information about all fees, including additional fees for field trips, major specialty, etc., see Part 3 - Fees.

6. TIMETABLE
   Normally classes start at 8:00 a.m. on a 50-minute schedule Mondays, Wednesdays and Fridays, and on a 75-minute schedule Tuesdays and Thursdays. Some classes may be scheduled on a Saturday, if necessary, or in the evening. Normal lecture time is three hours per week, excluding laboratories. Special timetabling is arranged for Summer Session.
7. DISCLAIMER
The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published. The University reserves the right to add, modify or withdraw any course or courses without notice.

## MANAGEMENT 5120
**Thinking by Design I**
- **Credit hours:** 1.5
- **Contact hours per week:** 3-0-0

This course is the first of a pair of courses that aim to equip the graduate student with the necessary divergent and convergent thinking skills useful for the rigorous critique of research problems and the generation and extension of new ideas. Management 5120 begins with a review of reasoning. The course then explores why the world is not always as rational, normal and linear as we might hope such that the tools of traditional reasoning must often be augmented with other techniques. Chief among these techniques will be the exploration and practice of Lateral Thinking.

**Prerequisite(s):** Successful completion of previous M.Sc. (Management) module OR Admission to another graduate program at the University of Lethbridge

**Note:** Management 5120 is a six-week course.

## MANAGEMENT 5125
**Thinking by Design II**
- **Credit hours:** 1.5
- **Contact hours per week:** 3-0-0

The second course begins with mapping mental states and processes to ensure that students share a common language as they get deeper into ‘thinking about thinking.’ The course then moves into Design Thinking to bring together divergent and convergent thinking through the Inspiration - Ideation - Implementation process. Initially developed for product design use, the course strives to demonstrate how this approach can yield payoffs that extend far beyond the marketplace to general research endeavours and broad social concerns.

**Prerequisite(s):** Successful completion of previous M.Sc. (Management) module OR Admission to another graduate program at the University of Lethbridge

**Note:** Management 5125 is a six-week course.

PHILOSOPHY 3409
18th-Century Philosophy: Leibniz to Kant
Credit hours: 3.0
Contact hours per week: 3-0-0
Does our knowledge of the world come chiefly from reason, or from the senses? In the 18th Century, Leibniz, Berkeley, Hume and Kant focused on the workings of perception, the relation between mind and body, and the foundations of knowledge. The tension between reason and experience that they explored continues to drive work on these problems today, influencing (for example) debates over nature versus nurture in human behaviour.
Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy
Recommended Background: At least one 2000-level course (3.0 credit hours) in Philosophy
PHILOSOPHY 3410
Advanced Ethics
Credit hours: 3.0
Contact hours per week: 3-0-0
How is knowledge about morality possible? Can reason and argument really tell us how we ought to act? And even if we can sometimes know how we ought to act, can morality act as a decisive check on self-interest? This course will examine current accounts of moral reasoning as well as deeper questions about what moral values are.
Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Credit hours: 3.0
Contact hours per week: 3-0-0

PHILOSOPHY 3412
Philosophy of Science
Credit hours: 3.0
Contact hours per week: 3-0-0
Our modern world has been shaped by science, and it is important for all of us to reflect on its meaning and justification. In this course we examine questions such as: How can we tell the difference between science and pseudo-science? Is science literally true? Is science biased by class, culture or gender? What really happens during a scientific revolution? Is there really such a thing as scientific progress? How do scientists test their theories? What factors threaten scientific progress? Are there limits to science? Can we have too much science, or be too much influenced by it? Which scientific developments are philosophically important? This course is accessible to students who are not specialists in science but who have an open mind to new concepts.
Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy
Recommended Background: Logic 2003 AND Philosophy 2002 and/or one course designated 'Science' — see Part 4 - Academic Regulations, Section I 1, List III: Science Courses, p. 91

PHILOSOPHY 3420
Wittgenstein
Credit hours: 3.0
Contact hours per week: 3-0-0
One of the most important and original philosophers of the 20th Century, Ludwig Wittgenstein influenced philosophical movements (Logical Positivism, Linguistic Philosophy, Logical Behaviourism) and our very conception of the nature of Philosophy. Beginning with the Tractatus Logico-Philosophicus (1921) and its picture theory of meaning, this course examines Wittgenstein's Tractarian integration of logic, language, representation, and reality. The course then examines Wittgenstein's intermediate (1929-34) criticism of the Tractatus and his unorthodox views on scientific hypotheses and the illusion of mathematical truth, culminating in an examination of Wittgenstein's later discussions (primarily in Philosophical Investigations) of rules, rule-following, language-games, private languages, mind, and certainty.
Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy
Recommended Background: Logic 2003 AND At least one 2000-level course (3.0 credit hours) in Philosophy

**1. APPLICATION FOR AWARDS**

a. **Introduction**

These guidelines are intended to ensure consistency and equity in the administration of awards and financial aid. The guidelines also assist students in developing an argument to defer or appeal an award decision. The Student Awards Committee is at liberty to set these guidelines aside when extenuating circumstances arise.

b. **Eligibility**

1. **Application and Application Deadlines**

To be eligible for awards and scholarships, application forms must be completed and received in the Scholarships and Student Finance Office no later than the designated date. Only in circumstances that are substantially beyond the student's control will an appeal be considered for an application submitted after the stated deadline date. Unless otherwise stated, application deadlines are as follows:

   - **Board of Governors’ Admission and Relocation Awards**
     - Leadership Awards: **March 15**
     - High School Applicant Awards:
       - **March 15** (Fall Entrance)
       - **November 15** (Spring Entrance)
     - Transfer Awards:
       - **June 1** (Fall Entrance)
       - **November 15** (Spring Entrance)
     - Undergraduate Awards:
       - **May 1**

   When the deadline falls on a holiday or weekend, applications will be accepted until closing the next business day.

   - **Undergraduate Awards**
     - **May 1**

Successful applicants will be notified by letter in August for Fall Entrance, and December for Spring Entrance.

When no application is required, the award is made automatically on the basis of academic achievement. When an award recipient is to be nominated and no nomination is received; where appropriate, the University reserves the right to make a selection based on academic achievement.

2. **Tenure of Awards**

Scholarships administered by the University of Lethbridge are available only to those students pursuing University of Lethbridge programs or to those students enrolled in recognized professional transfer programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is in actual attendance as a full-time student in a study term at the University of Lethbridge.

Exceptions to this requirement are:

a. **Part-time Awards** - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.

b. **Immersion Students** - If an award has been granted to a student who will be attending another institution to participate in an approved Visiting Student program, the award will be disbursed to the student. Students must be registered in French 2250, German 2250, or Spanish 2250 at the University of Lethbridge to receive payment.

c. **Graduating Students** - If a student has been granted an award designated for a graduating student, the student will receive payment of the
award without being required to register in the next academic session.
If a student withdraws from full-time studies after having received a payment for an award, unpaid balances of awards outstanding are forfeited. In addition, grades received in prior years will not be considered a second time for scholarship purposes. Eligibility for future scholarships will be based on future academic achievement.

3. Disbursement of Awards
   a. Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.
   b. Payment Schedule - Awards totalling more than $1,000 are disbursed in two equal payments: the first on October 1 and the second on February 1.
   c. Students Graduating in December - If the award is paid in two disbursements, the student must be registered in both the Fall and Spring semesters. However, students who graduate in December will receive the second disbursement upon written request to the Coordinator, Scholarships and Student Finance.
   d. Deductions - The University may deduct from award payments any funds owed to the University.
   e. According to Canadian Tax regulations all financial awards granted to a student may be considered taxable income. Students will receive a T4A information slip for awards paid to them in the calendar year (January - December).

4. Deferral
   A request for a deferral must be submitted in writing to the Coordinator, Scholarships and Student Finance by October 31 for the Fall semester and February 28 for the Spring semester. Justifiable reasons for deferral include:
   a. Unavoidable Circumstances - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.
   b. Co-op Students - Co-op students may not receive an award during a work term. Awards or portions of awards which normally would have been disbursed in the work term will be deferred to the following study term.

5. Returning After an Absence
   Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

6. Posthumous Awards
   Financial awards will not be disbursed posthumously.

7. Letters of Appreciation
   Where a donor contact is available, award recipients will be expected to write a letter of appreciation to the donor.

c. Measuring Academic Performance for Scholarship Purposes
   1. Academic Records
   Only academic records from the last five years will be considered for measurement of academic achievement.
   2. High School Applicant Awards
   These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in Part 1 - Admission. Unless otherwise stated, the minimum admission average required is 80 percent for scholarships and 70 percent for awards.
   Equivalent credentials from other educational jurisdictions will be considered in accordance with the Admission guidelines stated in the University of Lethbridge Calendar.
   Awards offered to high school applicants based on predicted grades are subject to cancellation or changes to the award value if actual admission averages deviate more than 5 percent or drop below an actual admission average of 80 percent.

3. Transfer Awards
   These awards are for students entering the University for the first time and admitted as Transfer applicants as defined in Part 1 - Admission. Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in Section 1.e. Definition of Terms (p. 465). In the case of scholarships and awards for which the main criterion is academic achievement, consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours while enrolled in a post-secondary level program. These courses must transfer into the program for which the candidate has been admitted to the University. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

4. Post-Diploma Awards
   These awards are for students entering the University for the first time and admitted as College Diploma applicants as defined in Part 1 - Admission. Unless otherwise stated, the criterion for post-diploma awards is demonstrated academic achievement measured by the diploma cumulative program Grade Point Average. The minimum cumulative program GPA required is 3.5 for scholarships and 3.0 for awards.
5. Collaborative Program Awards
These awards are for students who have completed their course work at the collaborating college and are starting their full-time course work at the University of Lethbridge. Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the award transferable Grade Point Average as defined in Section 1.e. Definition of Terms. Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the preceding Fall and Spring semesters while attending full-time studies at the collaborating college. The minimum award transferable GPA required is 3.5 for scholarships and 3.0 for awards.

6. Undergraduate Awards
These awards are for students who are continuing in full-time studies in their undergraduate degree program. Unless otherwise stated, the criterion for undergraduate awards is demonstrated academic achievement measured by the award Grade Point Average as defined in Section 1.e. Definition of Terms. Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the last two semesters while attending full-time studies at the University of Lethbridge. While 24.0 credit hours is the minimum criterion which applies, all other things being equal, those students taking more than 24.0 credit hours over the academic year will be given priority in the case of a tie. Summer Session courses are not calculated in a student’s award Grade Point Average. Unless otherwise stated the minimum award GPA required is 3.5 for scholarships and 3.0 for awards. For award purposes Pass/Fail courses are included in the 24.0 credit hours; courses designated Credit/Non-Credit are not included in the 24.0 credit hours.

Students with an Incomplete or Continuing grade appearing on their transcript in the last two semesters will have until August 15 to complete the course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.

7. Athletic Awards
Athletes must have been enrolled in full-time studies (9.0 credit hours) in each of the previous Fall and Spring semesters while participating on a University of Lethbridge Pronghorn athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program. Unless otherwise stated, the minimum award GPA required is 2.0. All athletic awards are subject to Canadian Interuniversity Sport (CIS) regulations.

d. Disclaimer
Since the University of Lethbridge Calendar is published a considerable time before the beginning of the academic year, the University reserves the right to make whatever changes circumstances may require, including cancellation of particular awards or changes to the minimum Grade Point Average required for awards.

e. Definition of Terms
Note: Award is used generically throughout Part 15 to describe non-repayable financial support.

1. Academic Medals - Academic medals are awarded to students who have demonstrated outstanding academic achievement while attending the University of Lethbridge. Medals are presented at Spring Convocation and all students who have graduated since the previous Spring Convocation are considered for medals. 3. Award - An award is non-repayable financial support provided to a student who demonstrates academic achievement and meets additional defined criteria. These criteria may include participation in extracurricular activities, demonstrated leadership, contribution to the campus community and/or the local community, and financial need.

4. Award Grade Point Average (GPA) - For award purposes, the award GPA is calculated on all University of Lethbridge courses completed in the Fall and Spring semesters of the previous academic year with the exception of Audit and Credit/Non-Credit course designation.

5. Award Transferable Grade Point Average (GPA) - For award purposes, the award transferable GPA is calculated on all transferable courses that were completed.

7. Course Load Requirements - To be considered eligible for most undergraduate and transfer awards at the University of Lethbridge, candidates must have completed successfully a minimum of 24.0 credit hours in the previous Fall and Spring semesters.

9. Fellowship - A fellowship is merit-based, non-repayable financial support provided to a graduate student enrolled in a thesis-based program.

10. Full-Time - An undergraduate student is considered to be in full-time studies when enrolled in a minimum of 9.0 credit hours in a Fall or Spring semester.
11. **High School Applicant Awards** - High School Applicant Awards are available for students admitted to the University of Lethbridge on the basis of their high school credentials. Students may complete a maximum of two transferable post-secondary courses and still remain eligible for High School Applicant Awards.

12. **Prize** - A prize is awarded for outstanding achievement in a course or a set of courses. A prize may be monetary or a gift-in-kind.

13. **Scholarship** - A scholarship is non-repayable financial support provided to a student primarily on the basis of academic achievement. Additional defined eligibility or criteria may include program, year of program, major, demonstrated leadership, or artistic excellence.

14. **Service Award** – A service award is for students in good academic standing who have demonstrated excellence in a range of non-academic fields, such as community service, student leadership, volunteerism and athletic or artistic performance.

### ENTRANCE AWARDS

These awards are for students entering the University for the first time and, except for the Transfer Scholarships, for those without previous participation in a post-secondary program.

7. **FINANCIAL ASSISTANCE**

Application forms and information for Government Financial Assistance Programs are available from the Scholarships and Student Finance Office (AH151, tel. 403-329-2585). General eligibility for full-time assistance is:

- Canadian citizen or Permanent Resident of Canada
- A valid Social Insurance Number
- Study in an approved post-secondary program of at least 12 weeks in length
- Courses must be applied to a recognized certificate, diploma or degree
- Demonstrated financial need.

All government financial aid programs are need based. Students apply for the program through a provincial application form. One application encompasses the Canada Student Loans and Grants program, and Provincial Loans and Grants. The Scholarships and Student Finance Office has all provincial application forms and staff will assist students to determine which application to use. Students must apply to the province which they are considered residents of, not necessarily the province they are attending school in.

The government determines financial need by assessing costs the student will incur for tuition, fees, books and moderate living costs. Savings, part-time earnings, scholarships, assets, and parental contributions may be assessed as resources and formulated as to whether a student has need. Students may appeal the outcome of the government needs assessment.

Allow four to eight weeks for an application to be processed. Students are advised to apply before June 1 for Fall funding. Students will receive a Notification of Assessment with directions on where the loan documents and grant cheques will be sent (either to the school or to the student's address on their application). If the loan document is not certified by the school when the student receives it, the loan document must be taken to the University of Lethbridge Cash Office (AH144). Tuition and fees owing will be deducted from the loan document. The document is then brought to the Scholarships and Student Finance Office (AH151) for official verification of full-time enrolment. The loan document is then sent to the applicable lender or service provider; check your loan document for instructions on how to get your money. Students are strongly advised to read all applications and documents before signing. Know your rights and responsibilities!

In semesters when a returning student who has previous government student loans does not take out additional student loans, it is essential the student complete and submit a Confirmation of Enrolment form. This will protect the student (interest-free) status of the loan. Confirmation of Enrolment forms must be filed for both Canada and Provincial student loans, if both have been previously issued to the student.

General eligibility for part-time financial assistance is the same as full-time assistance. Check with the staff at Scholarships and Student Finance for further details.

Financial assistance programs for students with permanent disabilities are also available. Check with the staff at Scholarships and Student Finance for further details.

The following websites have more information on the Government Financial Assistance Programs for students:

- Alberta residents: [www.alis.alberta.ca/studentsfinance](http://www.alis.alberta.ca/studentsfinance)
- All other provincial links can be accessed from: [www.canlearn.ca](http://www.canlearn.ca)

a. **Repayment**

Students are responsible for repaying their student loans. However, loans are not repayable during periods of full-time studies and for six months after graduation or withdrawal. In certain cases repayment may be deferred for additional periods after the six months’ exemption, upon successful application for the Repayment Assistance Program.

b. **Withdrawal from Courses**

Students must maintain a minimum course load in order to stay eligible for government student assistance. When on full-time government student assistance, a student must maintain a minimum of a 60 percent course load (9.0 credits per Fall or Spring semester). If a student withdraws to below a 60 percent course load, the student may be required to repay some or all funding received. Grant money may be converted to loan money. Students may be restricted from further government student assistance for 12 months. Check with the staff at Scholarships and Student Finance before withdrawing from courses.

c. **Incomplete (I) and Continuing (X) Grades**

Courses used in one semester to determine eligibility for student loan purposes cannot be used in subsequent semesters toward a student's full-time registration. Independent and Applied Studies courses are classified as one course and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

d. **University Emergency Loan Fund**

Emergency Loans are available for University of Lethbridge students who require temporary assistance to cover essential living expenses. Students cannot receive emergency assistance to cover registration deposits, tuition, books, fines or debts to other University departments. Students requiring Emergency Loans are registered as full-time students and are recipients of government student loans. In essence these loans are short-term advances.

Emergency Loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans or grants. These advances are also available, in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

1. ADMISSIONS
   In addition to processing all applications for admission, Admissions personnel provide on-campus advising regarding admission requirements and application procedures to prospective students. Admissions is located in the Registrar’s Office and Student Services (ROSS) (SU140; 403-320-5700).
   Admissions website: www.uleth.ca/ross/admissions

2. BOOKSTORE
   Retail Services
   The University Bookstore is located on Level 2 of the Students’ Union Building. It stocks all required texts and course materials. The Bookstore also carries a full line of general reading books, stationary, art supplies, University apparel, and giftware. Hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday. Extra hours are posted and advertised as required.
   Textbook Reservation Service
   The Bookstore will do your textbook shopping for you. Access the Bookstore’s website at www.uleth.ca/bookstore for information as it becomes available. Textbook reservation service is only available for the Fall semester.

Returns Policy
   The Bookstore’s policy for returning textbooks and other materials is clearly stated on the ‘Return Policy’ attached to the receipt with your purchase. If you are unsure whether an item is returnable, please ask the Bookstore staff for clarification.

Used Book Sell Backs
   If a textbook is going to be used the following semester, and the Bookstore requires inventory, we will purchase good quality used copies from students. This service is available daily from 9:00 a.m. to 3:30 p.m., except during semester opening (watch for time changes). As well, the Bookstore sponsors semi-annual ‘Used Book Sell Backs.’ These ‘Sell Backs’ are held for five days each semester during exam week in April and December. Exact dates and times are posted on campus and on the Bookstore website. During the Sell Backs, a representative of a book wholesale company is at the Bookstore, purchasing used texts which, although they may not be used at the University of Lethbridge, will be used at
other universities in North America. The prices paid for these books are determined by the wholesaler.

3. BUS SERVICE
The City of Lethbridge operates a regular bus service between West Lethbridge and downtown in accordance with a published schedule, including two stops at the campus. Bus passes and additional information on schedules are available from the Students’ Union Rockerman’s Service Centre (SU232) and the City of Lethbridge.

4. CAMPUS CARD
The University of Lethbridge Campus ID Card is the official picture identification of the University of Lethbridge. All students, faculty, and staff need this card in order to access vending, printing, photocopying, food services, recreation facilities, athletic events, the Library, and some off-campus services.

Campus ID Cards may be obtained at the computer labs in University Hall (E644). Picture ID is required. For more information on hours or location call the IT Solutions Centre (tel. 403-329-2490). The initial card is free—replacing a damaged, lost, or stolen card is $10.

5. CAMPUS WOMEN’S CENTRE (CWC)
The Campus Women’s Centre offers many services to the University and its surrounding community. It’s a safe, quiet place where women (and men) can come to talk. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life, and personal conflict. Although the Campus Women’s Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women’s Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters, and food banks.

The Women’s Centre has a wide range of pamphlets and information about topics including sexual health, birth control, cancer, STIs, pregnancy, nutrition, HIV and AIDS, drug and alcohol abuse, sexual abuse, mental health, spirituality, feminism, daycare services, self-esteem, losing weight, and piercing.

Throughout the year, the Women’s Centre organizes and participates in a variety of events impacting women in our society today. These events include National Day of Remembrance and Action on Violence Against Women, International Women’s Day, Breast Cancer Awareness Month, and AIDS Week.

Currently each student contributes a levy fee of one dollar in the Fall and Spring semesters. Since the Women’s Centre fee is not compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid “uleth.ca” account. Alternatively, students may stop by the office (SP150) and fill out an opt-out form. Refunds will be administered during the last week in October for the Fall semesters and the last week in February for the Spring semesters. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women’s Centre in person to receive their refund in cash. A valid University ID card is required.

Job postings - Students/Graduates looking for a job, whether it is part-time, temporary, summer, or full-time after graduation can view job postings online at CES job board or in the ‘Current Jobs Binder’ in CES. Go to our website www.uleth.ca/ross/ces/index.html, click on ‘Students’ to view all our services including a link to the CES job board. Then simply Log onto the job board with your U of L username and password.

On-Campus Recruitment (OCR) - CES assists employers in recruiting UofL students throughout the year. OCR postings can be found on the CES job board. Students are required to sign-up on our contact lists by major in order to participate.

Career Resources - CES maintains the resource area located in the CCS. It offers information on international careers, education and training, career opportunities, job search techniques, and career planning. Books are available for in-office use. Visit the CES website (www.uleth.ca/ross/ces) for a listing of websites with career opportunities and other resources.

Career Events - Each Fall CES coordinates the annual UofL Career Fair. The fair is open to all students and provides an exceptional opportunity to gather information on career paths and to network with potential employers. Other events are offered throughout the year.

12. DISABILITIES

The University of Lethbridge attempts to meet the special needs of students with disabilities. Many students have unique needs, and response must be made on an individual basis. Dealing with these needs may require the student to liaise with a number of provincial and non-profit agencies, as well as University of Lethbridge personnel. For more information and possible assistance with these matters, contact the Disabilities Resource Centre (B760; 403-329-2766).

The Disabilities Resource Centre can support student requests for special testing or registration procedures once their disability has been documented. They can also guide students to local services or agencies which may be of assistance. Special equipment or specialized services frequently must be funded through agencies outside the University of Lethbridge. Questions regarding physical access may also be brought to the Disabilities Resource staff who will then direct students to the appropriate University office or personnel. Further information is available on the Disabilities website.

Application Process
Applications are accepted starting in September for the following September occupancy. Applications may be obtained online at www.uleth.ca/housing. You must apply to the University of Lethbridge for Admission prior to being eligible to apply for campus housing. Once you have received your UoL ID number you may log on to the Housing Residence Portal to apply. All applications must be accompanied with a non-refundable application fee plus deposit payable online. Students are advised to apply as early as possible to improve their chances for accommodation. Newly
admitted applicants, applying before April 1, will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to May 15. Returning students, whose applications are received by January 15, will participate in a lottery draw for 75% of the allocated beds. Others will have their names placed on the application list in priority order, according to date received.

Offer of Accommodation
Once accommodation is assigned, the student is advised through an ‘Offer of Accommodation’ letter via email. This letter must be signed and returned, along with the second advance payment, by the deadline date as stated in the offer. Failure to meet this deadline will result in cancellation of the application and loss of the first advance payment.

Security Deposit
All students staying in campus accommodation will be required to submit a security deposit of $300 for single student housing or the equivalent of one month rent for family housing. Interest will be payable on any unused amount if applicable under Provincial Government Statute. Security deposits will be used to cover any outstanding housing-related charges deemed payable upon termination of occupancy, including cancellation fees, damage, cleaning, lost keys, dining plan, etc.

The security deposit shall not be deemed to constitute a limit for any charges which may be incurred under the lease.

Cancellations
Applicants who are declined admission to the University, who cannot be accommodated by Housing Services by the first day of classes, or who cancel their application in writing prior to June 1, may request a refund of all advance payments, but must do so within one week of the start of classes. Cancellation for any other reason will be subject to forfeiture of the advance payments according to the cancellation schedule as outlined in the Offer of Accommodation. The refund amount for these cancellations is based on the date upon which written notice is received by Housing Services; therefore, students are advised to contact Housing Services as soon as their plans change. (Cancellation over the Christmas break may be submitted by email to housing@uleth.ca.) All cancellations received after a student has moved into residence are subject to one calendar month notice. Failure to provide this notice will result in next month rent charges.

Housing Services may be contacted at the University of Lethbridge, 4401 University Drive, Lethbridge, Alberta, T1K 3M4; phone: 403-329-2584; fax: 403-329-2030; or email: housing@uleth.ca.

Fees
Rates for single student housing (Traditional-Style, Apartments, and Village Townhomes) and for the Residence Dining Plan must be paid at the beginning of each semester. A utility surcharge may be levied to offset increased utility costs due to the effects of deregulation and the resulting inflationary impact. Rental rates include all utilities except telephone line and Internet access, and are based on a two-semester (single) or 12-month (family) contract. Arrangements may be made with Housing Services for a 12-month contract for single students (September-August).

Emergency Response/Internet Digital System Fee
All residence bedroom spaces are equipped with the VoIP (Voice over Internet Protocol) communication system, which provides each resident with Internet access and a telephone in their room. The system allows for efficient communication within residence for emergency response in the event of critical incidents. A mandatory $72 fee is levied to each resident per semester.

Organization of Residence Students (ORS)
The ORS provides community development opportunities to meet, interact, and socialize in the academic atmosphere for the benefit of each member and the community as a whole. A $45 membership fee is levied to each resident per semester.

Policies
The University has policies, regulations, and programs to provide for the students’ personal, academic, social, and cultural growth, as well as their privacy and well-being. Breach of these policies and certain Criminal Code offences will be grounds to terminate the students’ use agreements and evict them from University Housing. Housing policies can be viewed at www.uleth.ca/housing (refer to “Residence Community Handbook”).

Summer Housing
Students working or studying in Lethbridge over the summer are invited to stay in our residence. Special contract terms and rates are available. Accommodation is available in the Residence from approximately May to August for Summer
Session students and for conferences, seminars, meetings, visiting faculty, and guests to the University. Daily, weekly, and monthly rates are available for casual visitors.

Special contract terms and rates for Summer Sessions and EAP programs are available.

All student computing facilities on campus are connected to the Internet. The communications software provided can be used to access campus resources (e.g., the Library catalogues, Fitness Centre and Recreation Services schedules, the University of Lethbridge Calendar, course offerings, and the final exam schedule). Other software available to all students includes statistical analysis packages, graphics editors, database software, spreadsheets, word processors, different programming languages, as well as applications specific to individual academic fields. Additional services include access to scanners, CD/DVD writers, and video capture equipment.

Black and white and colour laser printing are available for a nominal fee.

A number of other departments maintain additional computing facilities, including, Computer Science (60 Unix stations), Geography (25 PC computers), Modern Languages (36 PC computers), and the Library (150 PC computers).

Wireless networking is available in most areas on campus. Service is available via two different methods:

**Hot Spot Wireless (Guest @ UofL)**

This service is a general-use public Internet connection. Simply connect to the "Guest @ UofL" wireless network and you will be able to browse the web and access email.

**Enhanced Wireless (Student @ UofL)**

The enhanced network will require you to enter your student username and password and provides access to additional services that are not available to guests. This is the preferred network for general student use.

All students on campus automatically receive an email account at no charge. The account includes space for personal web pages. For more information, please contact the IT Solutions Centre at tel. 403-329-2490.

### 30. STUDENT AWARDS - SCHOLARSHIPS AND BURSARIES

The University of Lethbridge offers a wide range of awards that serve to recognize the achievements of students who pursue their university education at the University of Lethbridge. These awards are granted based on academic achievement as well as other factors (e.g., financial need, leadership potential, community involvement, artistic ability).

Students are eligible to apply for awards if they are:

- an applicant entering the University from high school or from another post-secondary institution; or,
- a student continuing his/her studies at the University of Lethbridge.

While not all awards require the student to apply, application is strongly recommended for students who feel that they may qualify for awards. Application forms for most awards are online on the Bridge and information on procedures are available at the Scholarships and Student Finance Office, located in Anderson Hall (AH151; 403-329-2585) or online at www.uleth.ca/ross/student_finance/scholarships/awards.html. Deadlines for applications are:

**Board of Governors’ Admission and Relocation Scholarships**
December 15 (no separate scholarship application is required; a completed Admission application is required)

**Entrance Awards - High School students**
- Fall Entrance Awards - March 15
- Spring Entrance Awards - November 15

**Entrance Awards - Transfer students**
- Fall Entrance Awards - June 1
- Spring Entrance Awards - November 15

**Undergraduate Awards - Continuing students**
- University-administered Awards - May 1

**General Policies and Procedures**
For a complete description of awards administered by the University of Lethbridge, please refer to Part 15 - Awards and Scholarships in this Calendar.

**Liability** - The University assumes liability for the payment of scholarships, bursaries, prizes, and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized.

**Application** - To be eligible for awards, application forms must be completed and received in the Scholarships and Student Finance Office no later than the designated date. Application forms are available from the following website:

www.uleth.ca/ross/student_finance/applications
While the University reserves the right to make awards to students who have not applied, no student who has not applied may claim any right of consideration by the University.

**Academic records** - Only academic records from the last five years will be considered for measurement of academic achievement.

**Interrupted studies** - Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

**Conditions** - Unless otherwise stated, awards made to full-time students are conditional on the student proceeding with full-time studies at the University of Lethbridge in the Fall and Spring semesters following the award. Failure to meet this condition may result in the forfeiture of any unpaid balance.

**Replacement** - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

**Payment schedule** - Awards totalling more than $1,000 are disbursed in two equal payments: the first on October 1 and the second on February 1.

**Deductions** - The University may deduct from award payments any funds owed to the University.

**Tax receipts** - T4A forms will be issued to award recipients by the University or other issuing agency in the Spring following the year of the award.

**Government Student Loan Programs** - It is the responsibility of the student receiving an award, who is currently receiving financial assistance in the form of student loans and grants, to notify the Provincial Students Financial Aid Department as soon as possible regarding the number and value of scholarships, bursaries, and other awards.

**Deferral** - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge. A request for a deferral must be submitted in writing to the Coordinator, Scholarships and Student Finance by October 31 for the Fall semester, and February 28 for the Spring semester. Justifiable reasons for deferral include:

a. Unavoidable circumstances - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.

### 31. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal and Provincial governments of Canada provide financial assistance to help residents in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants, on the basis of demonstrated need. The Scholarships and Student Finance Office provides application forms and advising concerning these financial aid programs.

The level of government financial assistance awarded to an individual depends both on evidence of financial need and on personal circumstances. During the 2012/2013 academic year, the maximum amount an Alberta resident was eligible to receive was $13,300 in combined Federal and Provincial student loan funding. Students may also qualify for low or middle income grants in their first and subsequent years of study. Grants are also available for students with dependents and students with permanent disabilities.

Financial assistance is also available to students who are considered to be residents of other provinces. The amount and type of provincial or territorial funding available for out-of-province students varies according to the individual provincial or territorial guidelines.

Government student loans are interest-free while students are attending full-time at a post-secondary institution. To ensure that interest-free status continues during full-time study, it is the student's responsibility to provide appropriate proof of enrollment to all lenders holding the student's loan(s).

Repayment of government student loans begins six months after ceasing to be a full-time student.

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies may be required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next semester is automatically cancelled and students may be ineligible to receive further funding for a 12 month period. Students intending to return to full-time studies in the next semester and who require financial assistance must submit a new financial assistance application for the appropriate period of studies.

Students who need to apply for financial assistance should apply prior to the semester in which assistance will be required. Many provinces and territories do have deadlines and it is advisable to check the deadlines in advance of application. Processing of an application can take four to six weeks and processing must be completed prior to the end of the semester to which it pertains.

Independent and Applied Studies courses are classified as one course (3.0 credit hours) and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly. Payment of tuition and fees are a first charge against assistance received from government (both Federal and Provincial) student loan certificates and grants/bursaries.

For application forms and more information, please visit the Scholarships and Student Finance Office, located in Anderson Hall (AH151) or call 403-329-2585.

More information on Federal and Provincial Government Student loan programs is available from the following website:

CASA meets three times a year to lobby the Federal Government representatives regarding various national issues in education. CASA meets three times a year to lobby the Federal Government and formulate solutions to problems in Canada’s post-secondary system.

Social and Cultural Events
The Students’ Union sponsors many social and cultural events, such as FRESH Fest, cabarets, concerts, speakers’ series, and a variety of other student-oriented activities. Students are invited to bring any ideas they might have to Council regarding activities they would like to see on campus.

Services provided by the Students’ Union:

Clubs
There are over 50 Students’ Union ratified clubs on campus covering many areas of interest. Clubs are the best way to pursue an interest in a non-academic setting, meet people, have fun, and expand horizons. All clubs welcome new members with innovative ideas.

To get involved with a club, watch for clubs rush week in the Atrium during the second week of the Fall and Spring semesters. Here clubs will have information tables promoting...
what their organization is about. To start up a new club, come to our office and ask for a Clubs Handbook. This guide contains information about how to start and maintain a club and lists the many advantages associated with being an active club on campus. More information can also be obtained at the Students’ Union Office, on our website at www.ulsu.ca, or by contacting the VP Internal Affairs at 403-329-5155.

Grade Appeals
Grade Appeals deal with claims when a student feels his or her course grade has been improperly determined. The Students’ Union is here to help students through the grade appeal process. Come to SU180 to pick up pamphlets with advice, sample letters, and a checklist to help you in organizing your appeal. We encourage students to seek counsel from the VP Academic at the Students’ Union concerning any inquiries about the grade appeal process at 403-329-2770.

Food Bank
The Students’ Union operates a Food Bank on campus to help students when they are in financial need. Any student with a valid university ID card may access the campus Food Bank. Students must come to our office and fill out a form in order to receive a package filled with a variety of food items. Users are limited to a maximum of two packages per month (10 visit maximum) and will remain confidential. Users are asked to contact the Students’ Union at least 24 hours before the time they would like to pick up the hamper to ensure availability at 403-329-2222 or food.bank@uleth.ca.

Handbook
The Students’ Union Handbook is available free of charge to all students from the Students’ Union office while quantities last. The Handbook is a great way for students to stay organized, as it includes a day-timer as well as a weekly list of important deadlines. It also contains a variety of local advertisements and coupons to help orientate new students to Lethbridge.

Health and Dental Coverage
All full-time students at the UofL, who pay Students’ Union fees are automatically included in an extended health and dental care program. The health coverage includes prescription drugs (80% on a managed formulary), ambulance benefit, physiotherapy, chiropractic services, massage therapy, naturopath, speech therapy, medical equipment and appliances, dental accident benefit, accidental death and dismemberment, and emergency travel medical coverage. This plan does not replace provincial health care. The dental care coverage includes basic and preventative services (75%) such as checkups, cleanings, and X-rays; minor restorative services (50%) such as fillings and extractions; endodontic services (75%) such as root canal therapy; and periodontal services (75%) such as scaling and gum treatment. The coverage period is from September 1 to August 31. Optional family coverage is also available for an additional fee.

Full-time students enrolled in the Fall semester pay premiums for the Health and Dental Plan for the full year. Full-time students enrolled in the Spring pay premiums for the Spring semester only. Regardless of a change in status (e.g., full-time to part-time or student to non-student), all students enrolled at the beginning of their respective semester will retain their coverage until August 31.

Students can opt out of the Student Health and/or Dental plan if proof of comparable coverage and a completed waiver form is presented to the Students’ Union Health and Dental Plan Office. Students may opt out online using the Bridge (www.uleth.ca/bridge). The opt-out deadlines for the Fall and Spring semesters will be posted at the Students’ Union office and throughout the University (see Part 3 - Fees, Section 11. Fee Deadlines, p. 68). The opt-out procedure is annual and must be done each year of the student’s enrolment. The deadline set for January is for newly registered full-time students and students upgrading from part-time to full-time only.

Part-time students and students’ dependants may add on to the Student Health and/or Dental Plan. For further details, please contact the Students’ Union Health and Dental Plan Office (SU180) at 403-329-2039.
