A promise to do our best, so they can be their best.
A promise to foster exploration, to share ideas and information, to teach but also to learn.
A promise to build the buildings, acquire the technology, cultivate the partnerships, and welcome the people essential to advancing an environment that excites and ignites learning.

DESTINATION 2022

Where we are going

We will be Canada’s destination for all who seek a comprehensive, liberal education-based university that promotes a diverse and inclusive environment and inspires research-informed teaching and learning, creative discovery, scholarship, professional endeavour, experiential opportunities, and community engagement.

Who we are

The University of Lethbridge is Alberta’s Destination University. Founded in 1967 on traditional Blackfoot land, we are a community that fosters an atmosphere of discovery, a welcoming place where students and faculty have the freedom to think, create and explore together. People are the essential resource of our institution; they define our university and are our greatest strength.

We are committed to the individual student as a person of ultimate worth. Our students learn within and beyond the classroom in research-intensive environments that offer connections with the diverse communities we serve. Students are taught by inspired scholars who integrate research and creativity with teaching.

Our motto, Fiat Lux (“Let There be Light”), and our founding principle of liberal education, continue to define and inspire us. We are committed to being the comprehensive academic and research university in Alberta that empowers individuals with broader knowledge and prepares them to think critically and creatively, communicate clearly, solve complex problems, and contribute fully to society. We give people more than an education: we give them a life trajectory and the tools to make a difference.

High quality is central to all that we do. Our commitment to maintaining high quality undergraduate and graduate academic programs is important to fostering a better society. High quality instruction and teaching are essential to our commitment to quality, as are the vibrant programs of research and creative activity that are a differentiating feature of our institution and a central part of our culture as a Comprehensive Academic and Research University. The University of Lethbridge was born from the needs and aspirations of our local communities, and so access to our university is a foundational value. We are committed to providing student access to our high quality academic programs throughout the province, without creating unnecessary financial barriers. Community engagement with our university (and vice-versa) and the community use of our facilities are important to us.

Our liberal education foundation, combined with our student focus and research and creative excellence, enable a distinct student experience across two campuses in Alberta - Lethbridge and Calgary. The result is engaged citizens, who are intent on understanding relevant issues and on improving our region, our country and our world.

THE UNIVERSITY SHIELD

The University of Lethbridge adopted its official Shield (shown left) in 1973, six years after the University’s inception. Developed by a Senate committee with the leadership of University President Dr. William E. Beckel, the Shield design and Heraldic description was approved by the Senate on October 2, 1973 and ratified by the Board of Governors later that month.

The Shield was designed primarily in the university’s colours of blue and gold. The gold sun on the shield represents southern Alberta. The blue and silver book above the gold and blue wreath represents the search for knowledge. The University’s motto, ‘Fiat Lux,’ Latin for “Let there be light,” is lettered on a band below the shield.

In 2003, the original design was simplified (shown right). The new shield brings focus to the fiery sun with twisted Aztec rays and to the motto, ‘Fiat Lux.’

The Registrar of the University maintains the Official Student Record. It includes: information provided when an Application for Admission is submitted or when registration for and change to programs and courses are submitted; the student identification number; academic record; graduation status; and immigration status (collection is specifically authorized by the Immigration and Refugee Protection Act) correspondence. It is used to determine a student’s eligibility for admission and registration; to track progress at the University; to contact the student when necessary; to confirm a student’s status and identity; and to develop statistical reports (although the information in statistical reports is grouped to protect individual privacy of individuals).

Some personal information in the Official Student Record is available to and used by other units of the University in order to meet the University’s Mandate. However, access to the Official Student Record is limited in accordance with the University’s Confidentiality of Student Records Policy and the FOIP Act.

When a student is eligible, certain elements from the Official Student Record are used in the Alumni and Development Record. These are name, address, Faculty and graduation status. They are used for ongoing contact with alumni and for the University’s development activities.

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS’ COMPENSATION BOARD
In 1985, the Alberta Workers’ Compensation Board issued an Order under Section 7 of the Workers’ Compensation Regulation which provides that the Workers’ Compensation Act applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers’ Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers’ Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.
The University’s Risk and Safety Services is available to assist the student if a Workers’ Compensation claim is required.

ERRATA AND ADDENDA

The University of Lethbridge Graduate Studies Calendar and Course Catalogue is updated annually and is effective for the academic year that runs from May 1 to April 30. From time to time, the Minister of Innovation and Advanced Education may provide the University with approval to offer new programs and majors. Such approval may be given after the Calendar has been published. In this event, the University will list newly approved programs and majors along with complete descriptions and requirements on the University website.

In addition, a list of corrections and post-publication updates to the print edition of the 2020/2021 Calendar will be posted at www.uleth.ca/ross/academic-calendar. The online edition of the Calendar may be changed to reflect these changes. Please check this web page regularly for information about changes.
The University’s Academic Schedule defines the academic year terms and sessions, as well as other important dates and deadlines for the institution. This includes holiday dates, deadlines for fees payments, adding and dropping courses, application for graduation, and other important related information.

Graduate students in internship/practicum/practice courses, co-op work terms and/or blended learning courses in certain graduate degree programs may be required to complete hours outside of the regularly scheduled term and/or during reading breaks. Orientation meetings/sessions may be offered before the first day of classes for a term. Consult administrators within the relevant program-specific graduate office for details.

When a deadline date occurs on a weekend or Statutory or Civic Holiday, the deadline will be the next working day.

The Academic Schedule is also available online and contains a tentative schedule (subject to change) for Summer 2021 to Spring 2023. Updated information will be available from the Registrar’s Office website at www.uleth.ca/ross/academic-schedule.

Admission application and document deadlines – see page 24.

2. APPLICATION AND ADMISSION PROCEDURES

Applicants submit an Application for Admission to a graduate program through the online application system (see www.ulethbridge.ca/graduate-studies/apply). Application reviews are conducted using the University’s Admit System (see www.uleth.ca/graduate-studies/confidentiality). Applications must be submitted with the non-refundable application fee by the application deadline (see www.uleth.ca/ross).

Applications must be submitted with the non-refundable application fee by the application deadline (see www.ulethbridge.ca/graduate-studies/apply, and Fees, Non-refundable Application and Registration Fees, p. 40). Applicants must apply with their full legal name and list any previous legal names on the application. By completing the application, applicants agree that the information they supply is complete and correct.

For applicants applying to the Doctor of Philosophy program through the Master’s Transfer Admission Route please see Doctor of Philosophy Transfer from a University of Lethbridge Master’s Program, p. 27.

2. a. Application Documents

Applicants can submit the following documents online with the application. Additional admission requirements exist for some individual programs (see Admission Routes and Academic Qualifications, p. 25).

i. Academic Transcripts

An academic transcript is a document that shows a student's academic record. The University will consider unofficial academic transcripts and documents reporting in-progress grades or courses to make an admission decision. By submitting an Application for Admission, applicants authorize the University of Lethbridge to request academic transcripts on their behalf from Alberta Education and/or educational institutions participating in ApplyAlberta. Applicants currently studying at non-ApplyAlberta educational institutions are strongly advised to arrange, at the time of application, for the submission of final, official academic transcripts when they become available.

The applicant’s eligibility for admission, including current competitive admission standards, will be confirmed through the evaluation of official academic transcripts. The University must receive official academic transcripts directly from the issuing educational institution. If official academic transcripts are not received by the end of the student’s first term of study, as indicated on the Academic Schedule (p. 17), a registration hold is placed on the student's account. The student is not eligible to register in courses until official academic transcripts are received.

Official academic transcripts must be sent to:

Registrar’s Office
University of Lethbridge
4401 University Drive West
Lethbridge, Alberta, Canada
T1K 3M4

The School of Graduate Studies will contact the applicant if additional documentation is required.

Applicants previously suspended or expelled from another educational institution will be considered for admission review only with the written recommendation of the Registrar and approval of the Provost and Vice-President (Academic).

2. References

Applicants will provide contact information for referees who are willing to submit a confidential assessment via the online application system. Reference requirements vary by program, and are outlined in Table 1: Reference Requirements by Program (p. 22). Academic referees must articulate the student’s background preparation and suitability for graduate work. The University prefers that professional referees have supervised the applicant in a work setting.

   The Letter of Intent is an important part in the admissions process and must be written by the applicant. Specific details of the Letter of Intent vary by program and are outlined in Table 2: Letter of Intent Requirements by Program (p. 23).

5. English Language Proficiency (ELP)
   All applicants must meet English Language Proficiency (ELP) through recognized study or a valid standardized assessment (see English Language Proficiency Requirement (ELP), p. 29). Student copies of test scores, if available, should be submitted with the application.

b. Confidentiality of Application Documents
   Applications and all supporting documents are collected, managed, and retained according to the Confidentiality of Student Records policy (see www.uleth.ca/policy).
   All documents supporting an application become the property of the University and are collected, managed, and retained according to the policy (see www.uleth.ca/policy).

   a. For the purposes of this section, the term ‘documents’ refers to all transcripts, reference letters, test results, portfolios, letters of intent, and other documents or statements that support an Application for Admission, application for re-admission, or transfer credit assessment. These documents are submitted by, or on behalf of, an applicant.
Admission and transfer credit decisions are made on the basis of complete and accurate information from the applicant or by educational institutions at the request of the applicant. Applicants may be required to disclose all secondary and post-secondary educational institutions where they were registered, and arrange for all official academic transcripts to be sent directly to Admissions. Applicants who fail to meet these requirements may have their admission and registration canceled and/or lose transfer credit.

Submission of required documents or information containing false information, statements, or intentional omissions is considered misrepresentation of a student's admission qualifications.

Where there is evidence that an applicant has 1) submitted, or arranged for the submission of, an Application for Admission with false statements or intentional omissions; and/or 2) failed to provide any related document(s); and/or 3) submitted falsified documents, the University reserves the right to rescind admission and registration according to the following procedures:

1. The Manager of Admissions reviews the alleged offence(s) with the individual (applicant or student) and advises the individual to refer to the Misrepresentation/Falsified Admission Documents policy in this section.

If the Manager of Admissions determines that the alleged offence(s) has occurred, they will provide the individual with a letter of reprimand and place a copy in the individual's official file, and may take any of the following actions:

a. Disqualify the individual from consideration for future admission for a definite or indefinite period of time.

b. Notify other educational institutions regarding details of the incident.

c. Rescind the individual's admission status and/or registration privileges, and potentially permanently dismiss the individual from the University.

d. Note the following on the individual's official academic transcript: "Suspended due to submission of false documents."

The individual has seven working days after the date of the letter to appeal, in writing, to the Registrar. If the Registrar does not receive an appeal within the seven-day period, the Manager of Admissions will action the penalties outlined in the letter of reprimand.

d. Documents not Issued in English/French

Certified English translations are required for all admission documents that are not issued in either English or French.

e. Supervision

Applicants to M.A. (excluding the major in Economics), M.Sc., and Ph.D. programs are required to obtain the support of a faculty member who has been approved to supervise graduate students. The applicant’s proposed research interest must complement the supervisor’s current, active research program.

To secure a supervisor, the applicant will contact a University of Lethbridge faculty member with expertise in the applicant’s research area. To identify a supervisor, visit www.uleth.ca/graduate-studies/guidelines. Applicants submit supervisory information with their application. Applicants are not admitted without documented support from a supervisor.

f. Admission Decisions

The University of Lethbridge considers the criteria in Table 3: Admission Decision Criteria (p. 25), in forming admission decisions.

Applicants who are suitable candidates for a master’s or Ph.D. program, but lack some necessary preparation, may be considered for admission and offered one of two options: 1) the required preparation is completed prior to admission, with the permission of the Program Committee; or, 2) the required preparation is completed after admission and completed within the time frame specified by the Program Committee. The Program Committee may also decide that offering either option is not necessary.

In either case, the Program Committee establishes a definite date by which all conditions must be satisfied. This work is normally in addition to the master’s or doctor of philosophy degree admission requirements.

The program-specific graduate office, on behalf of the Dean of the School of Graduate Studies, unofficially informs the applicant of the admission decision. All applicants will be notified of their official admission status by Admissions no later than April 1 (Summer Term/Summer Session), July 1 (Fall Term), or December 1 (Spring Term). Successful applicants will be advised of registration procedures at that time.

g. Confirmation of Admission

Applicants who have received an Offer of Admission are required to submit their Confirmation of Admission and pay a non-refundable tuition deposit to confirm their acceptance by the expiry date on the Offer of Admission (see Fees, Non-refundable Application and Registration Fees, p. 40). Unless alternative arrangements are made, failure to confirm acceptance prior to the date specified in the Offer of Admission will result in the applicant forfeiting admission status.

Registration will be available after the Confirmation of Admission and tuition deposit payment have been received and processed, during the appropriate registration period.

h. Admission Appeals

Admission and readmission decisions are final. Admission decisions may not be appealed to any Faculty/School or department of the University of Lethbridge.

3. APPLICATION DEADLINES

Application deadlines for all graduate programs are available at: www.ulethbridge.ca/ross/admissions/grad/deadlines. Applicants who are not admitted must reapply to be considered for a future term.

### e. Doctor of Philosophy Transfer from a University of Lethbridge Master’s Program

Applicants who intend to transfer from a University of Lethbridge master’s degree program (excluding M.Ed. and M.A. (Education) programs) to an approved Ph.D. program must satisfy four criteria before the University will consider approving the transfer. The applicant must:

1. Be currently enrolled in a master’s program at the University of Lethbridge, have completed a minimum of 12 months to a maximum of 24 months of the master’s program, and have completed the program’s required coursework.
2. Be in good standing in the master’s program. See Academic Regulations, Policies, and Program Requirements, Academic Standings, p. 46.
3. Have demonstrated academic and research excellence.
4. Agree to work with the same supervisor(s).

*A student in a master’s program can apply for a transfer and complete the transfer examination before the 12-month minimum, but 12 months of the program and the transfer examination must be successfully completed prior to the transfer to the Ph.D. program.

### Note:

When Ph.D. program applicants are admitted by transfer from the master’s program, all Ph.D. degree requirements apply. Any student going through this transfer process must also apply for admission to the Ph.D. program by the relevant application deadline. See Application and Admission Procedures (p. 22).

Students pursuing M.Ed. or M.A. (Education) degrees are not normally permitted to transfer into the Ph.D. in Education program. For further information, contact the Graduate Studies and Research Office in the Faculty of Education.

The process to approve an applicant’s transfer is as follows:

1. Assign Transfer Committee

The relevant Department Graduate Education Committee, or the Academic Unit in the absence of a Department Graduate Education Committee, assigns a Transfer Committee to oversee the transfer evaluation and approval and submits these details to the relevant graduate program office. The relevant doctoral program committee must approve the assigned Transfer Committee. The Transfer Committee consists of a non-voting chair and three members. One member should be from outside the applicant’s discipline. The supervisor/co-supervisors is not part of the Transfer Committee.
2. **Certify that the applicant is eligible to transfer**
The applicant's supervisor/co-supervisors prepare a letter indicating support for the applicant's transfer to the Ph.D. program without completing a master's degree. The supervisor/co-supervisors forward this letter to the approved Transfer Committee.

3. **Provide evidence of research and academic excellence**
The applicant and their supervisor/co-supervisors provide evidence of academic and research excellence to the Transfer Committee Chair. Acceptable evidence of academic excellence may include completion of required coursework, GPA, and letters of reference. Acceptable evidence of research excellence includes: publications, posters, and presentations. In the event the committee deems the applicant is not eligible to transfer, the Transfer Committee Chair must notify the relevant graduate program office.

4. **Schedule and approve the transfer examination**
The Transfer Examination Committee Chair submits the request to schedule the transfer examination. The schedule must be approved by the relevant doctoral program committee.

5. **Complete transfer examination**
The applicant completes a transfer examination that demonstrates the ability to develop, write, and defend their research ideas. The transfer examination is managed by the Transfer Committee. The transfer examination has a written and oral component. The written requires the applicant to develop a detailed research proposal based upon their research program and interests. The oral component consists of a defense of the proposal. The Transfer Committee’s assessment of the transfer examination, including the committee's recommendation of transfer, must be submitted to the relevant program office no later than five working days prior to the beginning of the term for which the proposed transfer to the Ph.D. program will begin.

**f. Admission to a Second Master’s Degree or Second Doctoral Degree**
Applicants are not normally eligible to pursue a second master’s or doctoral degree with a major that is identical or closely related to one already completed at a recognized institution.

An applicant holding a recognized master’s or doctoral degree who wishes to pursue a different field of study, or international students holding a master’s or doctoral degree in a related field that is not recognized by the University of Lethbridge, may be considered for admission to a University of Lethbridge program provided all admission requirements are met.

**g. Dual Admission**
The University of Lethbridge has a Dual Admission agreement with a partner institution for the M.Sc. (Mgt.) Program. Applicants seeking Dual Admission are admitted to a program at the partner institution and to an eligible degree program at the University of Lethbridge. Dual Admission applicants must meet all program-specific admission requirements in effect at the time of application. For details contact the Dhillon School of Business Graduate Program at dhillon.msc@uleth.ca.

**h. Exchange Student Admission Route**
Students registered in a graduate program at another educational institution may be considered to enroll in courses at the University of Lethbridge under approved exchange agreements. The University of Lethbridge is a signatory of the Western Deans’ Agreement. Contact the School of Graduate Studies for application and registration information. Admission is based on satisfying academic qualifications for admission (see Admission Routes and Academic Qualifications, p. 25).

**i. Visiting Student Admission Route**
A student is considered a Visiting Student when a formal exchange arrangement is not in place and permission is granted by both the sending and receiving institutions. Contact the School of Graduate Studies for application and registration information. Admission is based on satisfying academic qualifications for admission (see Admission Routes and Academic Qualifications, p. 25).

In the M.Ed. programs, Visiting Students may register in up to two University of Lethbridge graduate-level Education courses.

**j. Deferral of Admission**
A request to defer an Offer of Admission to a graduate program at the University of Lethbridge is only accepted from international applicants who have not secured a study permit to attend the term to which they applied. The deferral is for the next available term to the applicant’s program, provided that term falls within one Academic Calendar year (i.e. May 1st to April 31st) of the initial term applied for (i.e. an applicant may defer from fall to spring, but not from fall to fall of the following year).

An applicant may only request one deferral per application. Individuals applying to programs that offer admission once per calendar year, or those who would prefer an admission date later than the next available term, must re-apply to their desired program.

Official documents must be received and the supervisor must confirm availability and funding for the later term to successfully defer admission.

The non-refundable tuition deposit (see Fees, Non-refundable Deposits, p. 40) is applied to the deferred admission term only, but not to any future terms.

**k. Continuing Students Changing Programs**
A continuing student who wishes to change their academic program or major is required to contact the program-specific graduate office (see www.uleth.ca/graduate-studies).

**l. Returning After an Unapproved Absence from the University of Lethbridge**
A student who is absent for one term without prior approval is withdrawn from the University. Individuals who desire to return after an unapproved absence of one or more terms must apply for readmission according to current application procedures and deadlines. Students returning after an unapproved absence due to extenuating circumstances may obtain approval to return from the Dean of the School of Graduate Studies.
1. Students who previously completed one or more terms at the University and have not completed any transferable courses at another institution during their absence may be considered for readmission to their previous program in accordance with the policies of the relevant program.

2. Students who are seeking readmission to a different program or who have completed transferable courses at another educational institution during their absence must meet current admission requirements for the program they are intending to pursue (see also Transfer Credit, p. 30).

3. Students on academic probation upon leaving the University may be readmitted on academic probation and in accordance with policies outlined by the appropriate Faculty/School.

4. Readmission after Required Withdrawal
   Students seeking readmission after required withdrawal from the University of Lethbridge will be considered for admission after one year from the date of required withdrawal, in accordance with the admission policies for the applicable program. Students required to withdraw from the University twice are not normally eligible for readmission and will be considered after the Registrar’s Office has consulted with the School of Graduate Studies. Applicants readmitted to the University after being required to withdraw are normally readmitted on academic probation. See the Academic Standards section within the appropriate graduate degree for details.

5. Readmission after Suspension or Expulsion.

5. INTERNATIONAL STUDENTS
   All international applicants must present qualifications equal to those of Canadian applicants.

   Applicants who have completed appropriate secondary qualifications from other countries will be considered for admission under the admission route most appropriate to their academic qualifications (see Admission Routes and Academic Qualifications, p. 25).

   Master's degree program admission requirements for applicants with international educational credentials can be found at www.uleth.ca/ross/admissions/grad/international. Please contact Admissions for requirements for countries not shown.

6. ENGLISH LANGUAGE REQUIREMENTS
   English is the primary language of instruction and communication at the University of Lethbridge. All applicants must demonstrate English Language Proficiency (ELP) in order to meet the demands of classroom instruction, written assignments, research, and participation in tutorials and discussions.

   The ELP requirement must be met prior to registration in a graduate program (see Conditional English Language Proficiency, p. 30). The University reserves the right to determine adequate levels of language proficiency. The decision of the School of Graduate Studies shall be final.

   a. Required Documentation
      All proof of English proficiency must be provided on official academic transcripts or standardized test score reports. Standardized test scores must be valid and verifiable.

   b. English Language Proficiency Requirement (ELP)
      ELP may be demonstrated through successful completion of a baccalaureate or master’s degree at a recognized institution in Canada or another country where English is recognized as the primary language (see www.uleth.ca/ross/admissions/elp_sgs). The student’s work must have been in English.

      OR

      ELP may be demonstrated by any of the following within two years of applying to the University:

      1. Successful completion of a baccalaureate or master’s degree at a recognized institution where the language of instruction is English. See www.uleth.ca/admissions/elp_exempt for a list of recognized institutions. Other institutions will be considered on a case-by-case basis. The student’s work must be in English.

      2. Successful completion of the Advanced Level of the University of Lethbridge English for Academic Purposes (EAP) program (see English for Academic Purposes (EAP), p. 58).

      3. Test of English as a Foreign Language (TOEFL (iBT)), taken within the last two years, with a minimum overall score of 86.
      Website: www.toefl.org
      (University of Lethbridge Destination Institution (DI) code: 0855)

      4. Academic International English Language Testing System (IELTS) test with a minimum overall score of 6.5, and a minimum score of 6.0 in each band.

      6. Canadian Academic English Language (CAEL) assessment with a minimum overall score of 70.
      Website: www.cael.ca

7. CONDITIONAL ADMISSION
   Admission decisions are made based on the information available at the time an application is reviewed. A conditional Offer of Admission may be issued based on the condition that admission requirements are met by the start of the first term of study (see www.uleth.ca/ross/academic-schedule).

   An Offer of Admission will not be reissued upon fulfillment of the conditions. Upon request by the applicant, the Registrar’s Office will issue a letter confirming that all conditions have been met.

   Admission may be rescinded and/or registration privileges may be restricted if official documentation that confirms the applicant’s eligibility for admission is not received by the Registrar’s Office by the start of the first term of study. Final official documents must be received by the end of the first term of study, as indicated in the Academic Schedule (p. 17). If an Offer of Admission is rescinded within two weeks prior to the start of the term up until the end of term, the
b. **Conditional English Language Proficiency**

Highly-qualified applicants who do not meet the minimum English Language Proficiency (ELP) requirement may be issued a conditional Offer of Admission.

Conditional admission allows applicants to apply for a study permit (if necessary) and begin their studies in the University’s English for Academic Purposes (EAP) program (see **University of Lethbridge International, English for Academic Purposes** (EAP), p. 58). Concurrent registration in the EAP program and a graduate program is not permissible. EAP courses are not counted toward graduate program requirements. Upon successful completion of the EAP program, the student will proceed directly into the graduate degree program in the next available term.

To be considered for Conditional English Proficiency Admission (ELP), the applicant must:

1. Meet the academic requirements of the desired program;
2. Have a minimum score of 6.0 in each band of the IELTS test or a minimum overall score of 80 on the iBT TOEFL, with minimum scores of 16 in each of Listening, Reading, and Speaking, and a minimum score of 18 in Writing; and
3. Be recommended for Conditional English Proficiency Admission by the appropriate graduate Program Committee.

The applicant must submit results for an IELTS or TOEFL (iBT) exam taken within two years of application to the University. The applicant must also indicate in their Letter of Intent that they are seeking Conditional English Proficiency Admission.

Applicants admitted via the Conditional English Proficiency Admission route will normally be placed in the Advanced Level of the EAP program, and the University reserves the right to move the applicant to a lower level if deemed necessary. Applicants admitted via the Conditional English Proficiency Admission route may be permitted to begin their studies, provided that the ELP requirement is met by another approved means by:

- August 1 for the fall term,
- November 15 for the spring term,
- or April 15 for the summer term.

Applicants are expected to successfully complete the Advanced Level of the EAP program in the term indicated in their Offer of Admission and begin their graduate program the next available term. Applicants who do not fulfill the ELP requirement during the specified period will have their Offer of Admission rescinded. These applicants may continue in the EAP program and reapply to a graduate program for a future term.

**Students admitted via the Conditional English Proficiency Admission route may not make academic progress or engage in academic research toward their desired University of Lethbridge program before the ELP condition from the Offer of Admission is met. The School of Graduate Studies does not provide any financial support for students while they are enrolled in the EAP program.**

Students admitted via the Conditional English Proficiency Admission route are considered to be full-time students while enrolled in the EAP program.

8. **TRANSFER CREDIT**

See **Credit for Previous Work** in each program section in this Calendar.

9. **GENERAL POLICIES FOR ALL APPLICANTS**

a. **Student Status**

An individual who has submitted an Application for Admission to a graduate program at the University of Lethbridge in a full-time, part-time, visiting, or any other capacity, is not considered a ‘student’ of the University of Lethbridge until the date that the individual commences academic studies at the institution. Therefore, this individual does not share the same rights and privileges as a ‘student’. This also applies to Open Studies applicants.

b. **Access to Courses**

The University of Lethbridge guarantees that students will have timely access to courses required to complete their programs. However, the University does not guarantee that a student will be able to register for any particular course in a given term.

c. **Enrolment Limits**

The University of Lethbridge does not guarantee that students who meet the published minimum program requirements will be admitted to their desired program. In cases where the number of qualified applicants exceeds the spaces available, the University reserves the right to limit enrolment in a Faculty/School, or program and establish additional requirements beyond the published minimum requirements without advance notice.

d. **Year of the Calendar**

The specific Academic Calendar and Course Catalogue in effect at the time a student begins their academic program governs the student’s program requirements for the duration of their program.

e. **Simultaneous Enrolment**

No student may enroll in a University of Lethbridge graduate program while simultaneously enrolled in a program at another institution. This does not apply to students studying at a partner institution under a
University of Lethbridge Dual Admission (see Dual Admission, p. 28) or Dual Degree agreement.

10. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

a. Until modified by resolution of the Board, the President shall have the power and authority in their capacity as President, and as representative of the Board of Governors, to rescind an Application for Admission to a graduate studies program at the University of Lethbridge, either in a full-time, part-time, visiting, or any other category of admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic term/session for which the application applies, whichever shall occur last.

This same presidential authority in its entirety applies to Open Studies students and authorization to register for courses.

b. The powers of the President to rescind an Application for Admission or any applicant, or to rescind authorization to register from Open Studies students, may be exercised in any circumstance where the President in their sole discretion determines that:

1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration.

2. The best interests of the University outweigh the inclusion of the individual as a student at the University.

c. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.

d. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.

1. STUDENT RECORDS RETENTION POLICY
The permanent official record for each student is maintained by the Registrar’s Office. The student record shall be purged according to the following schedule:

a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

The Registrar’s Office shall maintain the student’s electronic record according to the policies governing admission, registration, and academic history.

For more information, see Confidentiality of Student Records Policy (www.uleth.ca/policy/confidentiality-student-records).

2. ADVICE AND INFORMATION
Students who require advice or additional information regarding their programs during registration should consult their respective graduate program office (www.uleth.ca/graduate-studies/contact).

Students who require other kinds of information and advice about registration, such as deadlines and procedures, should consult the Registrar’s Office website at www.uleth.ca/ross, or by email (regoffice@uleth.ca), by phone ((403) 320-5700), or visit the Information Centre (SU140).

Students are responsible for the accuracy and completeness of their own registration and are liable for the fees for programs and courses in which they are registered.

Students who decide not to attend the University must cancel their registration prior to the Extended Drop deadline (see Course Registration, p. 36).

3. TERMS USED DURING REGISTRATION
   a. The Bridge
      The University’s online registration system is available for all graduate students to register in their courses (www.uleth.ca/bridge).
   
   b. Full-time and Part-time
      Continuous registration in the spring, summer, and fall terms is required for full- and part-time students.
      Full- and part-time students who do not register in a graduate course in any term will be considered to have withdrawn unless a leave of absence has previously been granted by the respective graduate program administrator (see Academic Regulations, Leave of Absence, p. 48).

   c. Visiting and Exchange Students
      1. University of Lethbridge Students Studying Elsewhere (Outgoing)
         Under approved exchange arrangements, students pursuing a degree, diploma, or certificate at the University of Lethbridge may be permitted to take courses at another post-secondary institution where formal exchange agreements are not in place.
      
      2. Students from Other Institutions (Incoming)
         Under approved exchange arrangements, students who are not pursuing a degree, diploma, or certificate at the University of Lethbridge and are registered in a program at another post-secondary institution may be admitted as Exchange students to take courses under the Western Deans’ Agreement (see Admission, Exchange Student Admission Route, p. 28, and Western Deans’ Agreement, p. 36).
         Where applicable, with the appropriate permission of the sending institution and the University of Lethbridge, students registered in a program at another post-secondary institution may be admitted as Visiting students to take courses where formal exchange arrangements are not in place.
          Students must satisfy the normal admission requirements of the University of Lethbridge (see Admission, Visiting Student Admission Route, p. 28).
         Exchange and Visiting students from other institutions register for courses at the University of Lethbridge as Open Studies students (see Open Studies Student, p. 34).

   d. Audit a Course
      To audit a course, a student must have permission from the instructor and graduate program administrator to attend classes on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments, or sit for examinations. No degree credit is granted for the course. An Audit Registration form must be submitted to the Registrar’s Office by the indicated deadline.
      Refer to the Academic Schedule (p. 17) for the applicable deadlines.
      English Language Proficiency (ELP) is not a requirement to audit a course.
      Non-admitted students auditing a course are granted the same access to University services as community users.

   e. Substitute a Course
      A student registered in a program must obtain approval from the relevant program committee to substitute a course. The student must forward the course substitution request to the program-specific graduate office prior to registering for the term.

   f. Open Studies Student
      Open Studies student registration allows individuals interested in taking courses to register without having to gain admission to a University program. Registration as an Open Studies student is available to any individual not currently admitted to a University program, with some restrictions.
      The following conditions apply to registration as an Open Studies student:
1. Open Studies student enrolment does not constitute formal admission to a University program.

2. Students must complete the Open Studies Registration form and submit it, along with the registration fee and deposit, to the Registrar’s Office each term.

3. Upon subsequent application for admission or readmission to a University of Lethbridge program, courses completed via Open Studies may be counted for credit toward the student’s program only with the express permission of the Dean of the School of Graduate Studies. See the appropriate program part for more details.

4. Open Studies students must meet the University’s English Language Proficiency (ELP) Requirement (see English Language Proficiency Requirement (ELP), p. 29).

5. While under Open Studies student status, students are allowed a maximum of two grades below ‘B-’ at the master’s level or no grade below a ‘B’ at the doctoral level. Any subsequent grade below ‘B-’ (at the master’s level) or B (at the doctoral level) will result in permanent suspension of Open Studies student registration privileges. When an Open Studies student’s registration privileges have been suspended, the student may not register in a course until they have been admitted to a University of Lethbridge program.

6. Open Studies students are not eligible to use the Credit/Non-Credit designation.

7. Open Studies students may apply for admission or readmission to a University of Lethbridge program. Courses completed via Open Studies student registration are considered in the admission decision process (see Admission, p. 21).

8. Only students who are admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma, or certificate. Open Studies students, including those who have been required to withdraw, must be admitted to a University program before they will be permitted to graduate. Students must fulfill program admission requirements for the calendar year of admission. Students should see the program-specific graduate office with regard to their calendar year and graduation requirements.

4. WHEN TO REGISTER

a. Continuing Admitted Students

   Students currently admitted to a program at the University will receive an email to their University of Lethbridge email account with instructions on registering for courses.

b. Newly Admitted Students

   Newly admitted students who have accepted their Offer of Admission and paid the tuition deposit will have access to the registration period in effect the day after the deposit is received. If the deposit is received prior to the early registration period, access will be granted to the earliest applicable registration period.

c. Open Studies Students

   Open Studies registration dates for each term are published in the Academic Schedule (p. 15).

d. Graduated Students

   A student who has graduated from a program at the University of Lethbridge must successfully apply for admission to another program or submit an Open Studies Registration form in order to continue studies (see Open Studies Student, p. 34).

   Students who fail to complete registration by the specified add deadline and are permitted to register late will be assessed a late fee (see Fees, p. 41).

   Note: Students who have been verified as having a disability may receive assistance with registration from the Accommodated Learning Centre (p. 170).

5. ORDER OF PRIORITY REGISTRATION

   Registration occurs in the following order:
   1. Graduate students.
   2. Undergraduate students.
   3. Open Studies students, including incoming Exchange and Visiting students.
   4. Students auditing courses.

   Students in the M.Ed. or M.C. programs who did not register during early registration will be permitted to register on a first-come, first-served basis.

6. REGISTRATION LIMITATIONS

   a. Academic Timetable Conflicts

   Students may not register in courses that overlap or create time conflicts. To avoid delays at registration, students should consult the current term Academic Timetable and register in courses as soon as possible.

   b. Duplication of Registration

   A student may not maintain registration in more than one section of a course offering in a term or session.

   c. Faculty and School Quotas

   Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given term. Enrolment limits are enforced by all Faculties and Schools.

   d. Registration Holds

   The University may place holds on a student’s registration privileges owing to outstanding fees, academic or non-academic offences, etc. A Faculty/School may place specific registration limitations upon a student, e.g. the number of courses or which courses a student may register in. Students should consult the relevant program office if they have questions about their registration hold.

   e. Registration Restrictions

   Registration in some course sections may be restricted to students based on admitted degree, major, year of study, etc. Students unable to register for courses required in their program should consult the relevant program office.

   f. Prerequisites and Corequisites

   Course prerequisites and corequisites must be met where applicable. Faculties and Schools are responsible for ensuring prerequisites and corequisites have been met.

   Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such
cases, the student may seek the permission of the School of Graduate Studies Dean to waive the prerequisite(s) and/or corequisite(s) for that course.

Application for a prerequisite/corequisite waiver must be made through the department offering the course and the Dean of Graduate Studies. If written permission is granted, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s).

Students do not receive credit for the waived prerequisite(s) or corequisite(s).

If a prerequisite or corequisite course is specifically required in a program or major, the student must register in and successfully complete it at some point unless a substitution has been approved by the relevant Program Committee.

7. CLASSROOM PRIVILEGES
Students have classroom privileges for the course offering in which they are registered or auditing. Individuals who are not registered in or have dropped or withdrawn from a course do not have course-related privileges and may not attend any classes for that specific course. Instructors may authorize guests to attend a class.

8. COURSE REGISTRATION
Courses may be added until the Add/Drop deadline and cancelled/dropped until the Extended Drop deadline, as shown in the Academic Schedule (p. 17). Before making changes to course registration, graduate students should consult their respective graduate program administrator as it may affect their ability to continue in their program or meet graduation requirements. No changes to registration other than withdrawals from individual courses are permitted after the Extended Drop deadline.

Students who register and decide not to attend but do not cancel their registration by the Extended Drop deadline will be assessed tuition and compulsory fees (see Fees, Cancellations, Refunds and Withdrawals, p. 39).

9. WITHDRAWAL
Students can withdraw from courses after the Extended Drop deadline up to and including the last day of classes in a term or session as specified in the Academic Schedule (p. 17). A ‘W’ designation is assigned for each course from which a student withdraws (see Academic Regulations, Grading, p. 44).

Graduate students wishing to withdraw from one or more courses should consult their respective graduate program administrator. Changes to course registration may affect students’ ability to continue in their program or meet graduation requirements.

Failure to withdraw results in the assignment of grades by the instructor for the course(s) in which the student is registered. Students are responsible for ensuring that the Registrar’s Office receives the request for withdrawal by the relevant deadline (Academic Schedule, p. 17).

a. Course Withdrawal
A student wishing to withdraw from one or more courses in the term, but not all courses, must submit a Course Withdrawal form to the Registrar’s Office.

b. Complete Withdrawal
A student wishing to withdraw from all courses in the term must submit a Complete Withdrawal form to the Registrar’s Office.

c. Withdrawal with Cause
Withdrawal with Cause is granted only in the case of serious illness or other extenuating circumstances beyond the control of the student which makes continuation in a course impossible and where an ‘Incomplete’ designation is not in order. For admitted students, the ‘WC’ is recorded only upon application to and approval from the School of Graduate Studies. For Open Studies students, the ‘WC’ is recorded upon only application to and approval from the Registrar’s Office.

10. WESTERN DEANS’ AGREEMENT
The Western Deans’ Agreement covers exchange graduate students from member institutions across Western Canada (for a list of participating institutions, visit www.wcdgs.ca) provided that:

1. The period for which the fees are remitted does not exceed two academic terms of four months each; and
2. The course work or work to be pursued is an integral part of their graduate degree and not available at the student’s home institution.

Western Deans’ Agreement students pay tuition (and general) fees at their home institution, and they pay applicable student activity fees (general fees) at the host institution.

Under the Western Deans’ Agreement, students may take both undergraduate and graduate courses. The approval of the designated representatives of the home and the host institutions must be obtained prior to registration in the courses.

Students must arrange for official academic transcripts from the host institution to be sent to the home institution when the courses have been completed. Each home institution has regulations regarding the maximum number of transfer credits permitted. Students should ensure their requests are within these limits.

11. APPEAL OF REGISTRATION
Students dissatisfied with decisions regarding registration are entitled to a review by the Assistant Registrar.

If still dissatisfied after this review, the student may address a written appeal to the Registrar who renders the final decision.

Students who wish to appeal decisions regarding retroactive adjustments to registrations shall have two months from the last day of the term or session during which the course(s) in question were registered.

Students who present student loan forms at the Cash Office will have their outstanding fees automatically deducted from the loan (for details, see First Charge for Student Loans, Bursaries and Scholarships. p. 39).

e. Receipts and Tax Forms
Students can verify payments on their account by viewing the Account Summary by Term report on the Bridge (www.uleth.ca/bridge). Printed receipts are not issued unless requested to the cash office. The Tuition and Enrolment Certificate (T2202) required for completing personal tax returns are available for download from the students’ Bridge accounts before the end of the following February. The Canada Revenue Agency (CRA) requires all student to include their social insurance number (SIN) on the T2202 form. This can be entered on the students’ Bridge Account under Personal Information - Update Social Insurance Number. This will update the students’ record so that the form will be available to print out. Students will be charged $5 for a printed T2202 from the Cash Office.

b. Fee Deadlines and Automatic Cancellation

Fees are due in full by October 1 (fall term), February 1 (spring term) and June 1 (summer term and all summer sessions). When a deadline falls on a weekend, the deadline will be the next working day.

Failure to make a payment (excluding those made towards application fees, Open Studies registration fees, and tuition deposits) by the fall and spring fee deadlines will result in automatic cancellation of a student’s registration in courses and access to services. Arrangements for student loan or sponsor payments will count as a payment towards student fees if these arrangements are received prior to the fee deadline. The anticipated funds that are set up can be viewed on the student’s Bridge account under the Account Summary by Term page. University of Lethbridge scholarships and completion of the Health and Dental opt-out will also be counted as a payment towards the fee deadline. To be reinstated in courses for the term after cancellation, students are required to pay a $100 reinstatement fee and make a payment toward their fee balance. Students who do not reinstate their registration in the term will lose their continuing student status. To resume studies, students must submit a new Application for Admission and pay related application fees and deposits.

c. Interest

Students who have made a partial payment by the fee deadline but have a balance owing after the fee deadline will be charged interest of the Bank prime lending rate plus five percent per annum on the outstanding balance, applied on the first working day of each successive month that the account remains unpaid. The interest rate will be set May 1, 2020 based on the prime rate posted that day for the full 2020/2021 year.

Subsequent payments will be applied first against interest charges and, thereafter, against the outstanding assessed charges.

d. First Charge for Student Loans, Bursaries and Scholarships

100% of current and outstanding fees are the first charge against assistance received from the federal or provincial government as student loan certificates/bursaries and University of Lethbridge awarded or administered scholarships.

e. Collection Practices

Cash Office staff will administer collection practices and contact students about outstanding balances. Accounts will be transferred to a professional collection agency when deemed necessary.

4. CANCELLATIONS, REFUNDS AND WITHDRAWALS

a. Cancellations

To cancel course registration (drop courses) before incurring a withdrawal grade on transcripts or incurring tuition, compulsory, and program-related fees, students must cancel their registration by the Extended Drop deadline for the term or session through the Bridge (www.uleth.ca/bridge). For Extended Drop deadlines, see the Academic Schedule (p. 17).

b. Refunds

Cancellation - Cancellation of course registration occurs prior to the Extended Drop deadline. Related tuition, compulsory, and program-related fees for cancelled courses are reversed from the student’s account, depending on the degree program.

Over-payments - Any eligible payment received on a student account that exceeds non-refundable fees incurred will be refunded to the student upon their request to the Cash Office. Date restrictions may apply to student loan and scholarship refunds.

Refunds can be received by cheque (within four weeks of request), or debit (Cash Office from 9:00 a.m. to 3:30 p.m. Monday to Friday with valid picture identification). International students transferring to another Canadian post secondary institution may request their refund be paid directly to the new institution. Additional information and approvals from the student and institution would be required. Please contact the Cash Office directly to determine if this is an option for international refunds.

c. Withdrawals

After the Extended Drop deadline, students can withdraw from a course or their complete registration up to the last day of classes in a term or session as specified

1. INTRODUCTION

All students are bound by the academic regulations contained in the most current Calendar, regardless of the Calendar they are following for program requirements. A student may obtain further information and advice about academic regulations from the School of Graduate Studies. It is the responsibility of each student to be familiar with the Academic Regulations as outlined in this section and program-specific sections of the Calendar, as well as University student policies referenced in Student Policies, p. 49 and found online (www.uleth.ca/policy).

2. ACADEMIC REGULATIONS

a. Grading

An instructor bears full responsibility for evaluating the academic performance of students in graded courses. An instructor must indicate at the beginning of each graded course, in writing, the detailed manner by which work will be assessed and the final grades derived and, upon request, communicate to students an estimation of their levels of performance by the end of the eighth week of the term. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Final grades are determined in accordance with the grading system described in this Calendar. All grades for courses are submitted to the Office of the Dean of the Faculty or School offering a course by the date set in the Calendar. Except when a ‘Course Incomplete’ has been approved by both the Instructor and the Dean, there is no provision for the late submission of final grades. Grade changes can be submitted by the instructor up to two months following the grade submission deadline for graded courses. There is no provision for the late submission of final grades. Grade changes can be submitted by the instructor up to two months following the grade submission deadline (e.g., fall term grade submission deadline on December 1 - grade change permitted until February 28 of the following term). The 'I' designation must be converted by the instructor to a final grade within a maximum of one year.

b. Grading System

The University of Lethbridge and other Alberta universities use a common four-point grading system. All previous and the current University of Lethbridge grading systems are described in the table below, which appears on the back of official University of Lethbridge academic transcripts.

Under all systems, graded courses are expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the GPA is determined in the same way. No attempt will be made at differential weighting of the three grading systems.

c. Grade Point Average at the University of Lethbridge

The current GPA, often referred to as the ‘term GPA’, is calculated on all graded courses completed in a given term and appears on both official and unofficial academic transcripts. The total institution GPA, often referred to as the ‘cumulative GPA’, is calculated on all graded courses and appears on all academic transcripts by the level of a student’s program (undergraduate, master’s, or doctoral).

The GPA achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Example:

<table>
<thead>
<tr>
<th>Grade Points</th>
<th>Weighting Factor</th>

<td>4.50</td>
</tr>
<tr>
<td>3.70</td>
<td>3.00</td>
<td>11.10</td>
</tr>
</tbody>
</table>

Total grade points = GPA

Total weighting factor = 3.82 GPA

Note: For master’s programs, the minimal pass for graded courses is 'B-' and failure is 'C+' or below. For Ph.D. programs, the minimal pass for graded courses is 'B' and failure is 'B-' or below.

Other types of GPA calculations:
Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades associated with the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations. There are certain courses that are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the one attempt for a repeated course; and courses in which there are non-grade designations such as Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a ‘P’ or ‘Pass’ is not included in the calculation of the current or cumulative GPA, but an ‘F’ or ‘Fail’ is included in the GPA calculation (see P - Pass/Fail Courses). Non-grade designations such as Credit/Non-Credit have no grade point designation attached to them.

d. Cr/NC - Credit/Non-Credit
 Initiated by: Student
A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies students.

For completion of course requirements with a grade of ‘B’ or higher, the grade earned appears on the academic transcript automatically. If a grade of ‘C+’ is earned, an ‘NC’ appears on the academic transcript.

The Credit/Non-Credit alternative may not be elected in courses constituting the student’s degree, required courses in Education and specifically-required, non-Management courses.

No courses carrying a ‘Credit’ designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. The relevant Program Committee will review a course substitution request for approval consideration.

Note: Non-Credit (‘NC’) designations are often counted by other institutions as equivalent to ‘F’ grades. Students planning to apply to other graduate or professional schools should consider this carefully before electing this option.

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

e. P - Pass/Fail Courses
Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation ‘P’ or the grade ‘F’.

The designation ‘P’ indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation ‘P’, the course is not included in computation of the GPA.

f. Non-grade Designations
Non-grade designations are assigned by the Registrar and have no grade point designation attached to them.

AI - Administrative Incomplete
The designation of ‘AI’ is recorded when a final grade is not submitted by the final grade deadline. The ‘AI’ is replaced by the letter grade as soon as it is received. The ‘AI’ designation is temporary and must be replaced by a grade as soon as possible and cannot be changed to an Incomplete designation.

AU - Audit
Initiated by: Student
The non-grade AU designation is awarded in the case where a student has been granted permission to audit a course. The course appears on the academic transcript as ‘AU’. Contact information is available at www.uleth.ca/graduate-studies.

I - Incomplete
Initiated by: Student
The designation of ‘I’ is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a term. The ‘I’ designation is awarded only on application to the Registrar in writing. Students who do not complete outstanding work by the assigned deadline will normally receive an ‘F’ in the course.

The ‘I’ designation must be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an ‘F’. Where circumstances continue to prevent the completion of the course by the deadline, the Faculty or School will contact the Registrar to ensure the ‘I’ designation remains.

W - Withdrawal
Initiated by: Student
A designation of ‘W’ may be recorded at any time after the Extended Drop deadline up to and including the last day of classes. The ‘W’ designation shall be awarded only upon formal application by the student or their agent to the Registrar in writing. Students are responsible for ensuring that the Registrar’s Office receives the request for withdrawal by the relevant deadline. Refer to the Academic Schedule (p. 17) for the last day to withdraw.

WC - Withdrawal with Cause
Initiated by: Student
The designation ‘WC’ is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an ‘Incomplete’ designation is not in order. For admitted students, the ‘WC’ is recorded only upon final approval and submission to the Registrar’s Office. For Open Studies students, the ‘WC’ is recorded upon application to the Registrar’s Office.

Prior to readmission to the course, students who are granted a ‘Withdrawal with Cause’ may be requested to provide evidence that the conditions which led to the withdrawal (WC) have been identified and addressed. This evidence must be submitted to the Registrar’s Office for placement in the student’s official record.
g. Academic Transcripts

An academic transcript is the official, permanent record of a student’s enrolment activity at the University of Lethbridge, including the terms in which registration took place and the associated grades or grade symbols that were assigned. The academic transcript also includes the student’s current or most recent program degree(s), major(s), minor(s), concentration(s), and specialization(s), as appropriate.

1. Official and Unofficial Academic Transcripts

Official academic transcripts bear the seal and signature of the University of Lethbridge Registrar. An official academic transcript includes, for each student at each program level (undergraduate, master’s and doctoral), all University of Lethbridge courses in progress, courses attempted (successfully and unsuccessfully), courses withdrawn, credits earned, GPA, and academic standing by term until the day the academic transcript is produced. A summary of academic transfer credit is listed by institution and term awarded. The student’s cumulative GPA is also included on the academic transcript. Upon completion of program requirements and the conferral of degrees, additional notations are included on the official academic transcript in accordance with University policies (see Graduation, Academic Transcripts, p. 54).

An unofficial academic transcript does not bear the Registrar’s seal or signature. This type of academic transcript is not the official record of the University of Lethbridge; however, it is accessible to students online through the Bridge (www.uleth.ca/bridge) to allow students to monitor their own progress as they navigate their program(s).

2. Academic Transcript Requests

Official academic transcripts are confidential and will only be issued upon request by the student. A student may request official academic transcripts to be sent directly to an institution or to be provided to the student, in a sealed envelope. When requests are made in person, appropriate documentation such as a student ID card or driver’s licence is required.

Third-party requests must be authorized by the student. For more details on obtaining official academic transcripts, see www.uleth.ca/ross/transcripts. Requesting separate official academic transcripts for each degree level completed at the University of Lethbridge is not possible.

Official academic transcript requests, complete with date of issue and recipient, are maintained indefinitely. Students will be notified promptly if their academic transcripts have not been issued because of academic holds, inability to authenticate the source of the request, or for other reasons which may apply.

3. Withholding Academic Transcripts

Official and unofficial academic transcripts will not be issued if the student has any outstanding financial obligations to the University.

3. ACADEMIC STANDINGS

a. Required Withdrawal from the University

Students may be required to withdraw on two academic grounds: (1) academic standing or (2) two consecutive academic terms on probation.

1. Required Withdrawal - Academic Standing

Students should be aware that regulations pertaining to required withdrawal may vary depending on the degree program. See the relevant Academic Standards in the General Regulations section of each degree program for details on these regulations.

2. Required Withdrawal - Two Consecutive Terms

Academic probation will start at the beginning of an academic term and will assessed no earlier than four weeks prior to the end of that term. Students who remain on academic probation for two consecutive terms may be required to withdraw from the University.

b. Repeat of a Course

At the University of Lethbridge, a graduate student may repeat a course once in an attempt to: improve the course grade, improve the GPA, and/or meet graduation requirements. Graduate students should consult the relevant graduate program advising office and the supervisory committee, where one exists, before repeating a course.

1. A grade may be improved by completing either the course or its equivalent.

   • Students wanting to improve their grade in an Independent Study, Series or Topics course must repeat the section with the identical title.
   
   • Courses that are equivalent are denoted with an ‘Equivalent’ course element in the course description and include courses that have been renamed or renumbered, and Topics or Series courses that have been regularized.
   
   • Under certain circumstances, the degree-specific program committee may recommend another course to the School of Graduate Studies Dean for approval consideration.
2. If a student repeats a course, the grade for each attempt is recorded on the academic transcript.
3. Students may not have grades and credit hours for more than one attempt calculated in the GPA. Students who have repeated a course must submit a Repeated Course form (available from the Registrar’s Office).
4. Then only the grade and credit hours for the most recent attempt are computed in the GPA.
5. A student may not use a Credit/Non-Credit designation to replace a previously earned grade.

c. Exceeding Course Limits
In the case where a student exceeds any legislated course limit(s) and/or the credit hours required in the student’s program, those credits will be considered extra-to-program. The extra-to-program courses may be University of Lethbridge courses taken outside of a student’s program requirements or eligible electives, one of a substantially similar pair, or granted institutional transferable course credit that cannot be used to fulfill program requirements. These courses will be counted toward applicable GPAs and are maintained on the student record. Students should be aware of legislated course limits, including the maximum number of Independent Study or Introductory courses allowed in a program. Refer to Substitute a Course, p. 36 for information on course substitutions.

1. Substantially Similar Course Limits
Substantially similar courses contain a high percentage of similar course content and are denoted with a ‘Substantially Similar’ course element in the course description. Students who complete two substantially similar courses will receive credit for both courses. However, the number of credit hours of the substantially similar course will be considered extra-to-program. This substantially similar course will be counted toward applicable GPAs and will remain on the student’s record, but it will not be used to fulfill program requirements for graduation.

Some courses may be applicable to more than one limit in a program.

d. Residence Requirements and Time Limits
The University of Lethbridge’s residence requirements and time limits for completion of credentials are listed in the table on page 47.

Please note the following for the last three columns of the table:

Column A: Residence Requirement
A student who is a candidate for a graduate degree must satisfy the minimum residence requirement through successful completion of the degree requirements as specified by the University of Lethbridge and described in the Graduate Calendar.

Column B: Time Limit for Retention of Individual Course Credit
Many courses have a defined ‘shelf life.’ A course may be used to meet program requirements for a specific number of years. After that point, credit for that course is not retained.

Column C: Time Limit for Program Completion
A student who is a candidate for a graduate degree must satisfy all program requirements within the time limit established by the School of Graduate Studies.

### e. Leave of Absence

Students studying at the graduate level occasionally have extenuating circumstances (e.g., illness, family emergency) that may interrupt their studies and necessitate submitting a request for a Leave of Absence for consideration. Graduate students must formally apply to their program-specific administrator within the relevant Faculty or School (see Leave of Absence Requirements and Program-Specific Policies) for permission to take a Leave of Absence prior to the leave according to the specific policies of their program. International students considering applying for a Leave of Absence should contact the International Centre for Students about potential visa implications.

An approved Leave of Absence starts at the beginning of a term only. During an approved Leave of Absence, the following conditions apply:

- Graduate students are not required to register in their program;
- No fees are assessed;
- Assistantships, grants, awards, scholarships, and other financial aid provided by the University are put into abeyance, where applicable;
- The time granted for the Leave of Absence is not counted toward the residence requirement;
- Residence requirements must still be met;
- Graduate students do not have access to University of Lethbridge resources and services (e.g., Library privileges) as a student; and
- Graduate students are not actively engaged in coursework or the research requirements of their degree program.

Students returning from an approved Leave of Absence at the beginning of a term must inform the relevant program-specific administrator and complete the registration processes on or before the Add/Drop deadline as outlined in the University’s Academic Schedule (see Academic Schedule, p. 17).

2. STATEMENT OF PURPOSE
   The Master of Arts (M.A.) program offers students in a wide range of disciplines the opportunity to earn a master's degree by writing a thesis and successfully completing a limited number of courses. The number and details of the courses are determined within the first term of the student's program.

   Students may complete their degrees in either a full- or part-time capacity. Full-time students complete a 24-month program while part-time students complete a 48-month program. Part-time students will normally complete all required course work in the first 24 months, with the subsequent months committed to continued research and production of the Thesis.

   Although degrees are awarded in specific disciplines, the program is administered centrally by the School of Graduate Studies, rather than by individual Departments or Faculties.

   Graduate degrees traditionally have been awarded for the successful completion of a satisfactory Thesis. The Thesis route expresses the fundamental tradition of academic scholarship. It also relates to the University's undergraduate programs, because the creation of a Thesis in any discipline calls for a range of skills which are central to the liberal education tradition, including analysis and synthesis of ideas, empirical investigations, the construction and articulation of arguments, and writing skills.

   Because of the nature of the M.A. program, the Thesis forms the central requirement of the program. At the master's level, a Thesis involves close collaboration between supervisor and student. Consequently, it is necessary for a candidate to establish contact with potential supervisors prior to application for admission. Candidates seeking potential supervisors should contact either the relevant academic Department or the School of Graduate Studies.

3. ADMISSION REQUIREMENTS
   Applicants to the Master of Arts program are advised to refer to Admission (p. 21) for admission requirements and policies.

4. REQUIREMENTS FOR DEGREE
   For the M.A. program, students are required to complete courses, a Thesis, and a Thesis Oral Defence. Students develop their programs in consultation with their supervisors.

   a. Course Work
      For an M.A. student who is admitted unconditionally, from three to six graduate term courses or equivalent (9.0 to 18.0 credit hours) are required. The program may include one or more senior undergraduate courses provided that at least three graduate-level courses are included in the program. Any courses credited toward any other university credential are not counted toward the program. Certain majors, and concentrations within majors, have required courses, as listed below:

Part-time M.A. students must submit their initial Thesis Proposal within 10 months of the start of their program and their full Thesis Proposal by the end of the sixth term of their program.

Students enrolled in the M.A. (Economics) must submit their initial Thesis Proposal within nine months of the start of their program and their final Thesis Proposal by the end of the third term of their program.

Written Thesis

Although there is some variation over disciplines, most Theses follow a conventional format. Standards and conventions widely used in Canada and adopted by the University are to be found in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

5. COURSES

See Course Catalogue on page 129.

A listing of all University of Lethbridge courses is available online at www.uleth.ca/ross/courses.

6. CO-OPERATIVE EDUCATION/INTERNSHIP OPTION

The Co-operative Education/Internship Option is available to students for the M.A. program.

Co-operative education is an educational model that formally integrates academic study at the master’s level with relevant, paid work experience in appropriate employment fields such as government, institutions, and industry. The University, the employer, and the student are in partnership to ensure an enriching experience toward the student’s professional development.

Further information and details concerning admission and requirements may be obtained from the Faculty of Arts and Science Office of Co-operative Education/Internship Programs (AH154; tel. 403-382-7154; email: arts.gcs@uleth.ca; website: www.uleth.ca/coop/fas).

a. Admission

Students may be accepted into the Co-op Option in the first term of their graduate program. Students are therefore encouraged to contact the Faculty of Arts and
Science Co-operative Education Office as soon as possible upon admission to their graduate program.

The criteria for admission include:
1. Admission to a M.A. program
2. GPA and academic standing
3. A résumé and application form
4. A personal interview
5. Approval of the student’s supervisor, in consultation with the School of Graduate Studies and the Arts and Science Co-operative Education Office

Other factors such as labour market conditions, work experience, volunteer experience and extracurricular activities are also considered when selecting participants for the program.

b. Requirements

Normally, students are required to successfully complete two work terms of four months each (or one of eight months) to earn the Co-op designation for the M.A. degree.

To receive the Co-op designation for the degree, students must complete successfully, in addition to the course, major, and degree requirements, two work terms:
- Arts and Science 5011 - Co-op Work Experience I
- Arts and Science 5012 - Co-op Work Experience II

Students may also opt for a maximum of two additional work terms:
- Arts and Science 5013 - Co-op Work Experience III
- Arts and Science 5014 - Co-op Work Experience IV

Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of ‘F’ (fail) will be entered on the academic transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause (‘WC’), in accordance with University of Lethbridge policy (see Academic Regulations, WC - Withdrawal with Cause, p. 45).

Where approval is granted by the Coordinator of Co-operative Education and the Dean of Graduate Studies, a ‘WC’ will be entered on the academic transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs

Students must acknowledge, accept and abide by the requirements and regulations as outlined in the Calendar and the Co-op Student Handbook.

d. Transfer of Co-op Terms

Students enrolled in a M.A. program may not transfer Co-op terms from other institutions.

7. GENERAL REGULATIONS

a. Credit for Previous Work

With the express permission of the Program Committee in each case, courses which have not already been credited toward a completed university credential may be accepted for credit in the master’s program. All courses considered for transfer credit must carry a grade of ‘B-’ or higher and must have been completed no longer than seven years prior to the student’s admission to the program.

b. Residence Requirements and Time Limits

Residence is defined as the period during which the student is registered in the program, taking courses or pursuing scholarly work, or both, at the University of Lethbridge.

The minimum residence requirement for full-time students shall be 12 months continuous registration in the program (three terms per year). Residence requirements for part-time students may be adjusted.

For full-time students, the maximum time limit for degree completion shall be 24 months continuous registration in the program. For part-time students, the maximum time limit for degree completion shall be 48 months continuous registration in the program.

All required and/or specified courses must be completed and the Thesis submitted within the maximum time limit. Students must maintain continuous registration in their program unless a leave of absence has been approved.

At the end of the maximum time limit, in cases where there is judged to be cause and where completion is imminent, the School of Graduate Studies’ Dean may approve a leave of absence or extend the time limit for a maximum period of 12 months. Failure to complete within this period will result in the candidate being required to withdraw from the program.

Full-time or part-time students who do not register in the program in any term will be considered to have withdrawn unless a leave of absence has been approved. Residence requirements must still be met.

With the expressed permission of the student’s supervisor, a student may maintain resident status while conducting research off-campus (e.g., on field trips, using facilities or consulting libraries elsewhere).

It may be necessary for students to include in their program courses to be completed at other institutions. Proposals for such courses must be approved by the student’s supervisor and the residence requirements may be adjusted, if necessary.

c. Leave of Absence

See Academic Regulations, Leave of Absence on page 48.

d. Academic Standards

Students must receive a minimum grade of ‘B-’ (2.70 on the University of Lethbridge 4.00 scale) in all courses which are graded and which count toward the degree. A student who receives more than two grades below a ‘B-’ may be asked to withdraw from the program. All courses completed in the M.A. program or transferred into the program are included in the calculation of the program GPA for graduation purposes. Transfer credit is not included in the GPA on the official academic transcript. A student must obtain a minimum cumulative program GPA of 3.00 in order to graduate from the program.

A student whose performance in the program is judged unsatisfactory by the Program Committee may be placed on probation; continued unsatisfactory performance may result in the student being required to withdraw from the program.
e. Appeals
Students should consult the full description of the University policies on Program Appeals, Appeal of Grade, Student Discipline Policy - Academic Offences, and Student Discipline Policy - Non-Academic Offences (see Academic Regulations, Policies, and Program Requirements, p. 43).

f. Academic Offences and Discipline
Graduate students are expected to exemplify high standards of academic and ethical behaviour and are subject to the University’s student discipline and ethical behaviour policies.

g. Fees
Fees are charged on a program basis. Fees for full-time students are assessed for the first calendar year (three terms of study) and to be paid over three terms of study—once in each of the three terms. Full-time students are assessed a Continuation Fee per term effective in their second year of study. Part-time students are assessed fees over the first six terms of their program. Part-time students are assessed a Continuation Fee per term effective in their third year of study.
A Continuation Fee shall be assessed for each subsequent term while a student remains in the program, whether the student is resident for all or part of that term. The term fee shall be set each year by the Board of Governors. See Fee Schedules on page 41.
For fee payment deadlines, see Fees, Important Dates and Fee Deadlines on page 41.

h. Full- and Part-Time Studies
Students continue with the participation status under which they started, i.e., full-time or part-time studies. However, under extraordinary circumstances, students may seek approval to change their participation status. Students seeking approval to change participation from full-time to part-time studies or vice versa must obtain approval from their supervisor, the Chair of the Department or Department Graduate Coordinator, and the Dean of the School of Graduate Studies. Such approval must be obtained no later than at the end of the first 12 months of study. Students may not change their status after 12 months of study.

8. SUPERVISION
Guidelines for supervisory procedures, including the conduct of a supervisor and suggestions for good practice, are contained in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

Degree
Master of Counselling (Offered in the Faculty of Education)

Major
Applied Psychology

Specialization
Counselling Psychology

2. STATEMENT OF PURPOSE

The Master of Counselling (M.C.) program provides a blend of online courses and face-to-face summer institutes for individuals who wish to develop professional skills in counselling psychology. This accessible and flexible program is delivered through a variety of means including online delivery, home-study, video-conferencing, and on-campus seminars and summer institutes. The degree awarded is the Master of Counselling (M.C.).

The M.C. program prepares individuals to function effectively as Certified Canadian Counsellors or Registered Psychologists in a wide range of work environments.

With the completion of the appropriate courses, graduates may be eligible for certification as a Certified Canadian Counsellor under the guidelines of the Canadian Counselling and Psychotherapy Association (CCPA). CCPA certification attests to the level of professional counselling competence and is considered the minimum professional standard in Canada.

Students who wish to become a Registered Psychologist should be aware that in Alberta, the College of Alberta Psychologists (CAP) regulates the process of registering. The CAP has additional requirements beyond what is provided within the M.C. program at the University of Lethbridge, including undergraduate psychology courses, supervised clinical hours, and oral and written examinations. Students are responsible for ensuring that they meet the requirements for registering as established by the CAP or the corresponding body in the province/state in which they wish to achieve a professional designation.

Courses are sequenced in such a way that students must follow the cohort schedule to be assured of completing the requirements for their degree.

3. ADMISSION REQUIREMENTS

Applicants to the Master of Counselling program are advised to refer to Admission (p. 21) for admission requirements, policies and application deadlines.

4. REQUIREMENTS FOR DEGREE

The project is intended as a means for students to integrate their conceptual learning with applied practice in a contextually meaningful fashion. The structure of the project will be flexible in order to accommodate various creative endeavours and it may be work-based.

Some possible examples for final projects include:

- Theoretical analysis or critique
- Synthesis and extension of scholarly literature

Students who intend to continue studies beyond the M.C. level are reminded that a Thesis, which is not available as a culminating activity option in the M.C. program, may be required to allow uninterrupted study beyond the master's level. Some universities may allow qualifying work for admission to advanced degree programs if the project option is exercised. Students are advised to confirm admission requirements for programs of interest.

Independent Study proposals must be submitted to an instructor who agrees to serve as examiner for the proposed study. Formal registration occurs after approval by the instructor, the Associate Dean of Graduate Studies and Research (Faculty of Education), and the Dean of the Faculty of Education. A maximum of two Independent Studies may count toward requirements for the M.C. program. Students are advised to register in the term in which the work will be completed.

j. **Probation/Required Withdrawal**

Students with unsatisfactory performance (see *Academic Standards, p. 79*) in the M.C. program may be put on probationary status or required to withdraw by the Graduate Programs in Education Committee. If students are on probation for two consecutive terms, they will be required to withdraw from the program.

A student is required to withdraw from the M.C. program if the student fails to meet the Standards of Professional Conduct for Counselling Psychology Students (see *p. 78*).

k. **Readmission After Withdrawal**

Students who withdraw or who are required to withdraw from the M.C. program must successfully apply for readmission by the appropriate deadline. Readmission is not guaranteed. Students are advised to consult with the Associate Dean, Graduate Studies and Research in Education as early as possible.

8. **PRACTICUM PLACEMENT POLICY**

While in program and during practica, students are expected to adhere to the Standards of Professional Conduct set out by the Faculty of Education (see *Standards Of Professional Conduct For Counselling Psychology Students, p. 78*). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course to any student if the Dean has reasonable grounds:

- The student has violated any part of the Faculty of Education’s Standards of Professional Conduct;
- The student is unable to carry out the counselling responsibilities of that practicum; or

2. **MASTER OF EDUCATION (GENERAL)**  
   **a. Statement of Purpose**  
   The Master of Education (General) degree program is intended for practicing educators. While the majority of candidates for the degree will be pursuing careers within the educational system, the program is also available to those candidates whose teaching experience and credentials apply to other educational contexts. The degree awarded is the Master of Education (M.Ed.).  
   The core of the program, common to all candidates, is based on the principle that professional educators should understand the evolution of theory and practice in education, in curriculum, in educational research and in teaching, and should be able to analyze, interpret, critique, and advance current thinking, particularly within the context of their own practice.  
   The theme of the student’s program is also reflected in a required culminating activity (Thesis, Project, or Capstone), which contributes to the advancement of knowledge and practice through scholarly activity and/or creative work. Courses are sequenced in such a way that students must follow the cohort schedule to be assured of completing the requirements for their degree. For some cohorts, selecting the Thesis or Project route will require students to complete more than the minimum 12 courses (36.0 credit hours). In such cases, these courses will be extra to program. Courses may be delivered using a combination of face-to-face and distance-delivery formats.  

   **b. Admission Requirements**  
   Applicants to the Master of Education (General) program are advised to refer to Admission (p. 21) for admission requirements, policies and application deadlines.  

   **c. Requirements for the M.Ed. (General) Degree**  
   The M.Ed. (General) program consists of the equivalent of 12 courses (36.0 credit hours) of study including common core courses, courses required for the program focus, and a culminating activity as outlined below. Courses are sequenced in such a way that students must follow the cohort schedule to be assured of completing the requirements for their degree. Courses and culminating activity options are dependent upon the schedule of the cohort the student was admitted to.  

   1. **Common Core (12.0 credit hours)**  
      Education 5200 - Curriculum Studies and Classroom Practice (Series)  
      Education 5300 - The Foundations of Modern Educational Theory and Practice (Series)  
      Education 5400 - The Nature of Educational Research (Series)  
      Education 5500 - Understanding Professional Practice and Professional Development (Series)  

   2. **Courses Required for Program Focus (12.0 to 21.0 credit hours)**  
   Students complete four to seven courses contributing to the theme of their program as outlined in the cohort schedule. Except in extenuating circumstances, these courses are completed as per the schedule of the cohort to which the student was admitted. The following conditions apply to the selection of courses credited towards the M.Ed. degree:  
   - A maximum of two courses (6.0 credit hours, Education or non-Education) may be taken below the 5000-level (i.e. 3000/4000 level). Of these, a maximum of two half-credit (total 3.0 credit hours) may be professional development courses.  

   3. **Culminating Activity (3.0 to 12.0 credit hours)**  
   In keeping with the focus of the M.Ed. program on the practicing educator, the Thesis, Project, or Capstone represents a significant contribution to research, independent thinking, scholarly ability and technical accomplishment in the student’s field of study. Students must complete one of the following culminating activity options: Thesis, Project, or Capstone.  
   
   a. **Thesis Option**  
      Thesis equivalent to four courses (12.0 credit hours)  
      Normally, students may not apply for the Thesis option until they have completed at least four courses in their program.  

   b. **Project Option**  
      Project equivalent to two courses (6.0 credit hours)  

   c. **Capstone Option**  
      Capstone equivalent to one course (3.0 credit hours)  
      The Capstone is comprised of both a written and oral component. For some cohorts, selecting the Thesis or Project route will require students to complete more than the minimum 12 courses (36.0 credit hours). In such cases, these courses will be extra to program. Each route is dependent on the availability of appropriate supervision and approval by the Associate Dean of Graduate Studies and Research (Faculty of Education). Guidelines for completing the culminating activity are contained in the School of Graduate Studies Policies and Procedures manual, available from the Office of Graduate Studies and Research in the Faculty of Education or online at www.uleth.ca/education/grad. Students who intend to continue studies beyond the M.Ed. level are reminded that the Thesis (12.0 credit hours) may be required to allow uninterrupted study beyond the master’s level. Some universities may allow qualifying work for admission to advanced degree programs if the Project or Capstone option is exercised. Students are advised to confirm admission requirements for programs of interest.
d. Program Approval
It is the responsibility of each student to register for the appropriate courses in the same sequence provided in the cohort schedule. As the program is delivered in cohort format, students who do not register for courses in times they are scheduled for their cohort cannot be guaranteed opportunity for completing their programs. Choices of electives and decisions regarding culminating activities must be approved by the Associate Dean of Graduate Studies and Research (Faculty of Education).

Such students may take a maximum of two University of Lethbridge 5000-level graduate Education courses.

12. Probation/Required Withdrawal

Students with unsatisfactory performance (see Academic Standards, p. 83) in the M.Ed. (Educational Leadership) program may be put on probationary status or required to withdraw by the Graduate Programs in Education Committee. If students are on probation for two consecutive terms, they will be required to withdraw from the program.

A student is required to withdraw from the M.Ed. (Educational Leadership) program if the student fails to meet the Standards of Professional Conduct (see Standards of Professional Conduct, p. 86).

13. Readmission After Withdrawal

Students who withdraw or who are required to withdraw from the M.Ed. (Educational Leadership) program must successfully apply for readmission by the appropriate deadline. Readmission is not guaranteed. Students are advised to consult with the Associate Dean, Graduate Studies and Research in Education as early as possible.

g. Practicum and Internship Placement Policy

While in program and during practica/internship, students are expected to adhere to the Standards of Professional Conduct set out by the Faculty of Education (see Standards of Professional Conduct, p. 86). The Faculty of Education reserves the right to deny or terminate a placement in any practicum/internship course to any student if the Dean has reasonable grounds:

- The student has violated any part of the Faculty of Education's Standards of Professional Conduct;
- The student is unable to carry out the responsibilities of that practicum/internship;
- The Dean, Faculty of Education or believes denial or termination of a placement is necessary in order to protect the public interest.

Students whose placements have been denied or terminated will be informed of the reasons in writing.

4. MASTER OF EDUCATION (COUNSELLING PSYCHOLOGY)

a. Statement of Purpose

The M.Ed. (Counselling Psychology) program provides training for individuals who want to develop professional skills and attain certification in counselling psychology as a Canadian Certified Counsellor or Registered Psychologist. The emphasis of the program is on the provision of training for those people who aspire to work within educational, community or private practice settings. The degree awarded is the Master of Education (M.Ed.).

Canadian Certified Counsellor; graduates may be eligible for certification as a Canadian Certified Counsellor under the guidelines of the Canadian Counselling and Psychotherapy Association (CCPA). CCPA certification attests to the level of professional counselling competence and is considered the minimum professional standard in Canada.

Registered Psychologist: students receive the graduate course work leading to registration as a psychologist within the province of Alberta. However, applicants should be aware that the College of Alberta Psychologists (CAP) regulates the process of registering. The CAP has additional requirements beyond what is provided within the M.Ed. program at the University of Lethbridge, including undergraduate psychology courses, supervised clinical hours, and oral and written examinations. Students are responsible for ensuring that they meet the requirements for registering as established by the CAP or the corresponding body in the province/state in which they wish to achieve a professional designation.

The Counselling Psychology program operates on a cohort model. A cohort is a group of students who are admitted at the same time, and proceed at the same pace through the program. Courses are sequenced in such a way that students must follow the cohort schedule to be
assured of completing the requirements for their degree. Courses are delivered on campus.

b. Admission Requirements
Applicants to the Master of Education (Counselling Psychology) program are advised to refer to Admission (p. 21) for admission requirements, policies, and application deadlines.

c. Requirements for the M.Ed. (Counselling Psychology) Degree
The M.Ed. (Counselling Psychology) program consists of the equivalent of 15 courses (45.0 credit hours) of study if the Thesis option is completed, 13 courses (39.0 credit hours) if the Project option is completed, and 12 courses (36.0 credit hours) if the Capstone option is completed. The program consists of common core courses and a culminating activity, as outlined below:

1. Common Counselling Psychology Core (33.0 credit hours)
   - Education 5621 - Counselling Psychology: Ethics and Professional Practice
   - Education 5622 - Counselling Psychology: Gender and Cultural Issues
   - Education 5623 - Counselling Psychology: Learning Processes
   - Education 5704 - Counselling Psychology: Skills
   - Education 5705 - Counselling Psychology: Theory
   - Education 5706 - Counselling Psychology: Interventions
   - Education 5707 - Counselling Psychology: Assessment
   - Education 5708 - Counselling Psychology: Career Counselling
   - Education 5709 - Counselling Psychology: Practicum I
   - Education 5711 - Counselling Psychology: Practicum II
   - Education 5712 - Counselling Psychology: Research Methods

2. Culminating Activity (3.0 to 12.0 credit hours)
The Thesis, Project, or Capstone represents a significant contribution to research, independent thinking, scholarly ability and technical accomplishment in the student’s field of study. Students must complete one of the following culminating activity options: Thesis, Project, or Capstone.

a. Thesis Option
   - Thesis equivalent to four courses (12.0 credit hours)
   Normally, students may not apply for the Thesis option until they have completed at least three courses in their program, one of which must be Education 5712.

b. Project Option
   - Project equivalent to two courses (6.0 credit hours)

c. Capstone Option
   - Capstone equivalent to one course (3.0 credit hours)
   The Capstone is comprised of both a written and oral component.

Selecting the Thesis or Project route will require students to complete more than the minimum 12 courses (36.0 credit hours). In such cases, these courses will be extra to program.

Each route is dependent on the availability of appropriate supervision and approval by the Associate Dean of Graduate Studies and Research (Faculty of Education).

Guidelines for completing the culminating activity are contained in the School of Graduate Studies Policies and Procedures manual, available from the Office of Graduate Studies and Research in the Faculty of Education or online at www.uleth.ca/education/grad. Students who intend to continue studies beyond the M.Ed. level are reminded that the Thesis (12.0 credit hours) may be required to allow uninterrupted study beyond the master’s level. Some universities may allow qualifying work for admission to advanced degree programs if the Project or Capstone option is exercised. Students are advised to confirm admission requirements for programs of interest.

d. Program Approval
It is the responsibility of each student to register for the appropriate courses in the same sequence provided in the cohort schedule. As the program is delivered in cohort format, students who do not register for courses in times they are scheduled for their cohort cannot be guaranteed opportunity for completing their programs. Choices of electives and decisions regarding culminating activities must be approved by the Associate Dean of Graduate Studies and Research (Faculty of Education).

e. Standards of Professional Conduct for Counselling Psychology Students
As a Faculty within the University of Lethbridge, the Faculty of Education is committed to maintaining its students’ freedom of thought, beliefs, opinions and expressions. As a professional Faculty, the Faculty of Education is committed to assisting students to become professionals. The Faculty, then, has the responsibility of fostering the academic freedom of students within the context of professional standards of conduct. 12. The student respects the confidentiality of information about clients, peers, counselling agency personnel, or faculty received in confidence or in the course of professional duties.

13. The student acts in a manner which maintains the honour and dignity of the profession and the University of Lethbridge.

f. General Regulations

1. Residence Requirements
Residence is defined as courses offered by the University of Lethbridge. A minimum of eight such course equivalents (24.0 credit hours) is required.

It may be an option for students who have been admitted to the M.Ed. (Counselling Psychology) program, to include in their program courses to be completed at other institutions. Proposals for such courses should be approved preferably during the initial planning of the program and are to be effected through Visiting Student or Western Deans’ Agreement (see Registration, Western Deans’ Agreement, p. 36) procedures. A waiver of residence requirement may be allowed for courses completed in this manner, subject to approval by the Associate Dean of Graduate Studies and Research (Faculty of Education).

2. Academic Standards
For all courses which count toward the M.Ed. degree students must receive a minimum grade of ‘B-‘ (2.70 on the University of Lethbridge 4.00 scale) in courses which are graded and a designation of a Pass (‘P’) in courses using Pass/Fail. A designation of a Pass (‘P’) for the Thesis, Project or Capstone requirement, and a minimum cumulative GPA of 3.00 for all letter-graded courses completed and included in GPA calculation, are required in order to graduate.

3. Appeals
Students should consult the full description of the University policies on Program Appeals, Appeal of Grade, Student Discipline Policy - Academic Offences, and Student Discipline Policy - Non-Academic Offences (see Academic Regulations, Policies, and Program Requirements, p. 43).

4. Time Limits
Students must complete their program within five years. Students who have completed eight courses in the M.Ed. (Counselling Psychology) program, and who choose not to complete the M.Ed. degree may apply for a Diploma in Education. For diploma requirements, see Diploma Programs in Education (D.P.E.) in Faculty of Education of the Undergraduate Calendar and Course Catalogue.

Students who do not register in either a course or a placeholder in each term will be considered to have withdrawn from the program unless a Leave of Absence has been granted.

5. Leave of Absence
See Academic Regulations, Leave of Absence on page 48.

6. Fees

a. Program Fees
M.Ed. students pay a minimum of nine program fees. M.Ed. students whose programs are completed in fewer than nine terms must make arrangements with the Office of Graduate Studies and Research in the Faculty of Education for the assessment of any remaining program fees to meet the minimum nine program fees required.

b. Fees for Additional Courses
Students who elect to take courses over and above the 12-course-credit program will pay a graduate course tuition fee for each additional course.

Students remaining in program after nine terms will also be assessed a program fee.

c. Outstanding Fees
The University will withhold registration until fees are paid. If, after being informed of the necessity for payment, any student still fails to make the payment, his/her registration may be cancelled.

See Fee Schedules on page 41.

For fee payment deadlines, see Fees, Important Dates and Fee Deadlines on page 41.
7. Credit for Previous Work
A maximum of two term courses beyond those required for admission, which have not already been credited toward a completed university credential, may be accepted for credit in the M.Ed. (Counselling Psychology) program to the extent that they contribute to the elective part of the program. All courses considered for transfer credit must carry a grade of 'B-' or higher, and must have been completed no longer than five years prior to the student’s admission or readmission to the program.

8. Independent Study
Students may be permitted to earn credit by Independent Study, which is designated by the course number EDUC 5990. Independent Study may be undertaken only in areas not covered by courses offered in the M.Ed. program. Independent Study proposals must be submitted to an instructor who agrees to serve as examiner for the proposed study. Formal registration occurs after approval by the instructor, the Associate Dean of Graduate Studies and Research (Faculty of Education), and the Dean of the Faculty of Education.

A maximum of two Independent Study courses may count toward degree requirements for the M.Ed. program (see Requirements for the M.Ed. (Counselling Psychology) Degree, p. 97). Students are advised to register in the term in which the work will be completed.

9. Visiting Students
A student who is already admitted to a graduate program in Education at another university, and whose program is underway, may apply for admission as a Visiting student at the University of Lethbridge. Contact the Office of Graduate Studies and Research in the Faculty of Education (website: www.uleth.ca/education/grad; email: edu.masters@uleth.ca; phone: 403-329-2425; 1-800-666-3503) for application and registration information. A letter authorizing Visiting student registration in specific courses must be sent by the student’s home institution to the University of Lethbridge Admissions Office.

Students admitted with Visiting student status may register in up to two University of Lethbridge graduate Education courses. Admission is contingent upon satisfying academic qualifications for admission (see Admission Routes and Academic Qualifications, p. 25), the priorities for admission established by the Faculty of Education and upon space being available within the class size quota. Until the quota is filled, applicants will be considered on a first-come, first-served basis.

10. Enrolment in Graduate Classes - Open Studies
Students who have not been admitted to the M.Ed. program, but who have successfully completed an undergraduate degree, may, with the permission of the Associate Dean of Graduate Studies and Research (Faculty of Education), be allowed to enroll in up to four graduate Education courses as Open Studies students. Application for registration in a particular graduate course must be submitted to the Associate Dean no later than two weeks prior to the beginning of class. Until the course quota is filled, qualified applicants will be considered on a first-come, first-served basis. Admission to the M.Ed. program following successful completion of graduate courses as Open Studies students is not automatic, and applicants must meet the admission requirements (see Admission, p. 21) and be recommended for admission by the Graduate Programs in Education Program Committee.

11. Enrolment Limits and Priorities for Graduate Education Courses
The Faculty of Education reserves the right to limit registration in graduate courses in Education. First priority is for students duly admitted to the M.Ed. degree program at the University of Lethbridge.

Second priority is for students admitted to another graduate program at the University of Lethbridge and who meet admission requirements for the M.Ed. degree program.

Third priority is for students who meet the requirements for admission but who have not been admitted to a University of Lethbridge graduate program (see Enrolment in Graduate Classes - Open Studies, p. 91).

Fourth priority is for Visiting Students, i.e., students registered in a graduate study program at another university and for whom Visiting Student status has been formally established by that institution and approved by the Associate Dean of Graduate Studies and Research (Faculty of Education). Such students may take a maximum of two University of Lethbridge 5000-level graduate Education courses.

12. Probation/Required Withdrawal
Students with unsatisfactory performance (see M.Ed. Counselling Psychology Academic Standard, p. XX) in the M.Ed. (Counselling Psychology) program may be put on probationary status or required to withdraw by the Graduate Programs in Education Committee. If students are on probation for two consecutive terms, they will be required to withdraw from the program.

A student is required to withdraw from the M.Ed. (Counselling Psychology) program if the student fails to meet the Standards of Professional Conduct (see Standards of Professional Conduct for Counselling Psychology Students, p. 89).

13. Readmission After Withdrawal
Students who withdraw or who are required to withdraw from the M.Ed. (Counselling Psychology) program must successfully apply for readmission by the appropriate deadline. Readmission is not guaranteed. Students are advised to consult with the Associate Dean, Graduate Studies and Research in Education as early as possible.

13. Practicum Placement Policy
While in program and during practica, students are expected to adhere to the Standards of Professional Conduct set out by the Faculty of Education (see Standards of Professional Conduct for Counselling Psychology Students, p. 89). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course to any student if the Dean has reasonable grounds:

**Degree**
Master of Fine Arts (M.F.A.) (offered in the Faculty of Fine Arts)

**Majors**
Art
New Media
Theatre and Dramatic Arts

2. **STATEMENT OF PURPOSE**

The Master of Fine Arts (M.F.A.) degree program offers students the opportunity to pursue an advanced degree in the Departments of Art, Drama, or New Media. Faculty who are practicing artists and experts in the field provide an environment grounded in a traditional fine arts education, while encouraging students to study broadly in the arts and to find their own creative voice. Spirited experimentation with artistic and performance techniques, on a foundation of theory and critical thought, as well as the application of new technology are an important and integral part of the Faculty of Fine Arts.

The M.F.A. program allows graduate students to concentrate in one or more artistic disciplines or cross disciplinary lines, to build a program of individual study, and to synthesize their work into a personalized artistic expression.

3. **PROGRAM DESIGN**

Obtaining the M.F.A. degree is contingent upon the successful completion of specified course work and a Thesis, which comprises a research project and a support paper that is related directly to the area(s) of inquiry formulated by the supervisor and the student. All of the work prescribed for the degree will be formulated and completed under the guidance of the student’s supervisor.

The individual program of study is designed by the student in consultation with a faculty member from the appropriate Department who intends to remain the student’s supervisor for the duration of the student’s program. Once a potential supervisor has agreed to assume responsibilities of Program Advisor, the proposed supervisor will form a potential Supervisory Committee.

A Supervisory Committee is formed for each M.F.A. student enrolled in the program. The Supervisory Committee shall consist of two other faculty members: one from the same discipline as the program and one from another cognate area. The Program Committee must approve the supervisor and Supervisory Committee. Once the Supervisory Committee has been approved by the Program Committee, the supervisor will chair the Supervisory Committee.

For information regarding committee structure and roles, refer to the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

b. Thesis

The Research Project represents the accomplishments of a one-year investigation and results in a performance, exhibition, or original work relevant to the particular field of study in which the student is engaged. The Research Project must be defended in a final oral examination (see Final Oral Examination, p. 95).

The Support Paper is defined by the Program Committee in consultation with the student and the supervisor. The student in consultation with the supervisor must determine the format and direction of the Support Paper. The Supervisory Committee must approve the proposed Support Paper. Specific elements may vary depending on the proposed Thesis. Standards and conventions widely used in Canada and adopted by the University are to be found in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

A Support Paper no less than 30 pages accompanies the Research Project and positions the student’s production within a contemporary discourse. When complete, the candidate must defend the Thesis in an oral examination.

An Examination Committee is appointed to conduct the Final Oral Examination in accordance with the procedures described in the School of Graduate Studies Policies and Procedures manual. Once the Thesis is final (i.e., assessed and corrected, if necessary), it must be submitted in electronic formats.

6. COURSES

See Course Catalogue on page 129. A listing of all University of Lethbridge courses is available online at www.uleth.ca/ross/courses.

7. GENERAL REGULATIONS

a. Credit for Previous Work

With the permission of the Program Committee in each case, courses that have not already been credited toward a completed university credential may be accepted for credit in the master’s program.

All courses considered for transfer credit must carry a grade of ‘B-’ or higher and must have been completed no longer than seven years prior to the student’s admission to the program.

b. Residence Requirements and Time Limits

Residence is defined as the period during which the student is registered in the program, taking courses, conducting research, or working on the Research Project or Written Thesis at the University of Lethbridge.

The minimum residence requirement shall be 24 months continuous full-time registration in the M.F.A. program. The maximum time limit for degree completion shall be three academic years. If needed, a graduate student may apply for an extension up to one academic year. All required courses and the Thesis must be successfully completed and submitted within the maximum time limit. Failure to complete within this period may result in the candidate being required to withdraw from the program.
Under extenuating circumstances the School of Graduate Studies’ Dean may allow a longer extension.

A student who does not register in the program in any term will be considered to have withdrawn, unless a leave of absence has been approved. Residence requirements must still be met.

With the permission of the student’s supervisor, a student may maintain resident status while conducting research off-campus (e.g., on field trips, using facilities, or consulting libraries elsewhere). It may be necessary for a student to include in his or her program courses to be completed at other institutions. The student’s supervisor must approve proposals for these courses.

c. **Leave of Absence**

   See Academic Regulations, Leave of Absence on page 48.

d. **Academic Standards**

   A student must receive a minimum grade of ‘B−’ (2.70 on the University of Lethbridge 4.00 scale) in all courses which are graded and which count toward the degree. A student who receives more than two grades below a ‘B−’ may be asked to withdraw from the program. Students must present a minimum cumulative GPA of 3.00 in all courses in order to graduate from the M.F.A. program. A student whose performance in the program is judged to be unsatisfactory by the Program Committee may be placed on probation; continued unsatisfactory performance may result in the student being required to withdraw from the program.

e. **Appeals**

   Students should consult the full description of the University policies on Program Appeals, Appeal of Grade, Student Discipline Policy - Academic Offences, and Student Discipline Policy - Non-Academic Offences (see Academic Regulations, Policies, and Program Requirements, p. 43).

f. **Academic Offences and Discipline**

   A graduate student is expected to exemplify high standards of academic and ethical behaviour and is subject to the University’s student discipline and ethical behaviour policies.

The Master of Health Services Management (M.H.S.M.) program is designed to provide interdisciplinary knowledge and experience for health care practitioners and entry-level managers in the health sector who wish to move into more senior positions. The focus is therefore on providing students with the knowledge necessary to become effective managers in the Canadian healthcare system. Development of applied research, critical thinking, and decision-making skills is embedded throughout the program, culminating with application in an integrated experience point project.

M.H.S.M. is a cohort-based, part-time program that is offered at the Calgary campus of the University of Lethbridge. The program will be delivered in a compressed, weekend format using a combination of blended learning techniques, distance delivery and residential (face-to-face) sessions. The delivery model allows students to attend graduate school while continuing to work. This is a particularly important feature for students who must maintain practice credentials.

The M.H.S.M. program prepares individuals to function effectively as managers/administrators in a wide range of public and private health care environments.

4. ADMISSION REQUIREMENTS

Applicants to the Master of Health Services Management program (M.H.S.M.) are advised to refer to Admission (p. 21) for admission requirements, policies, and application deadlines.

5. REQUIREMENTS FOR DEGREE

The M.H.S.M. program consists of 36.0 credit hours of part-time study and a culminating Integrated Experience Point Project as outlined below.

b. Integrated Experience Requirement (6.0 credit hours)

Health Services Management 6100 - Integrated Experience Point Project (6.0 credit hours)

The integrated experience requirement comprises a job shadowing experience in each of the five modules that is incorporated as part of one course in each module, as well as a culminating written project completed in Health Services Management 6100. The job shadowing consists of shadowing/observing an administrator or a manager, working on the related module topics in a health organization and the student’s culminating written integrated project. The content of the courses is thus reinforced by the various field experiences.

The written project may be reflective and theoretical or applied. It must be relevant to the practice of health services management, and will demonstrate an in-depth knowledge and understanding of each of the five modules. The project will require that students engage in research utilization (theoretical, empirical, or applied). It is a means for students to identify a challenge or opportunity in a health organization and integrate the conceptual learning and critical thinking in a contextually meaningful fashion.

The structure of the project is flexible in order to accommodate various creative endeavours and may be work-based.

Regulations, standards, and conventions for the written culminating project are found in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

All courses considered for transfer credit must carry a grade of 'B' or higher and must have been completed no longer than four years prior to the student’s admission to the program.

Students who have completed the G.C.H.S.M. within the last three years, and who have been accepted to the M.H.S.M. may apply to have their G.C.H.S.M. courses credited towards the Master of Health Services Management Program. All courses considered for transfer credit must carry a grade of 'B' or higher and must have been completed no longer than four years prior to the student’s admission to the program.

b. Residence Requirements and Time Limits

For M.H.S.M. students, the maximum time limit for degree completion shall be 36 months continuous registration in the program. All courses specified by Program Committee must be completed and the Integrated Experience Point Project submitted within the maximum time limit. Except with the written permission of the Program Committee, students must maintain continuous registration in the program.

At the end of the maximum time limit, in cases where there is judged to be cause and where completion is imminent, the Program Committee may approve to extend the time limit for a maximum period of 12 months. Failure to complete within this period will result in the student being required to withdraw from the program.

c. Leave of Absence

d. Academic Standards

Students must receive a minimum grade of 'B-' (2.70 on the University of Lethbridge 4.00 scale) in all courses which are graded and which count toward the degree and in all qualifying courses, if any. A student who receives two grades below a 'B-' may be required to withdraw from the program. All courses completed in the M.H.S.M. program or transferred into the program are included in the calculation of the program GPA for graduation purposes. Transfer credit is not included in the GPA on the official academic transcript. A student must obtain a minimum cumulative program GPA of 3.00 in order to graduate from the program.

A student whose performance in the program is judged unsatisfactory by the Program Committee may be placed on probation; continued unsatisfactory performance may result in the student being required to withdraw from the program.

Degree
Master of Music (M.Mus.) (offered in the Faculty of Fine Arts)

Major
Not Applicable

2. STATEMENT OF PURPOSE

The Master of Music (M.Mus.) degree program offers students the opportunity to pursue an advanced degree in the Department of Music. Faculty who are practicing artists and experts in the field provide an environment grounded in a traditional music education, while encouraging students to study broadly and find their own creative voice. The M.Mus. program allows graduate students to concentrate in an artistic discipline, to build a program of individual study, and to synthesize their work into a personalized artistic expression.

3. PROGRAM DESIGN

Obtaining the M.Mus. degree is contingent upon the successful completion of specified course work, and either a Performance Capstone or Thesis that is related directly to the area(s) of inquiry formulated by the supervisor and the student. All of the work prescribed for the degree will be formulated and completed under the guidance of the student’s supervisor.

The individual program of study is designed by the music student in consultation with a faculty member from the Department of Music who intends to remain the student’s supervisor for the duration of his or her program. Once a potential supervisor has agreed to assume responsibilities of program advisor, the proposed supervisor will form a potential Supervisory Committee.

A Supervisory Committee is formed for each M.Mus. student enrolled in the program. The Supervisory Committee shall consist of two other faculty members: one from the same discipline as the program and one from another cognate area. The Program Committee must approve the supervisor and Supervisory Committee. Once the Supervisory Committee has been approved by the Program Committee, the supervisor will chair the Supervisory Committee.

For information regarding committee structure and roles, refer to the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

4. ADMISSION REQUIREMENTS

Applicants to the Master of Music program are advised to refer to Admission (p. 21) for admission requirements, policies, and application deadlines.

a. Portfolio Submission

Applicants will submit a portfolio including material relevant to their area of studies. Applicants focusing on performance will submit a video that displays a professional level of repertoire. Applicants focusing on composition will submit scores and sound files. Applicants focusing on audio engineering or electronic instrument interface will submit materials to support the proposed area of research.

Applicants submit their portfolios online along with their application.

b. Audition

Following review of the completed application, shortlisted applicants will be invited for a live audition of approximately 30 minutes that displays a professional level of repertoire. A short interview will occur following the audition. A placement test will also be given to assess the applicants’ proficiency in Music Theory, Musicianship Skills, and Music History. Applicants are considered on a case-by-case basis.

b. Performance Capstone

Students emphasizing Studio Performance will complete the Performance Capstone.

During the final term of the M.Mus. program, students must perform a lecture recital. The topic of this lecture recital must be submitted to the Program Committee for approval by no later than June 30th of the first year of the program.

The lecture recital is the ideal synthesis of performance and scholarship for the M.Mus. student, demonstrating his or her application of accumulated skills and knowledge in a public setting. Its duration is typically one hour (30 minutes each for lecture and performance). Questions from the audience may follow the lecture recital. Although the format of the presentation may vary, the basic design is the lecture, illustrated by brief performance excerpts, followed by a complete performance of the work(s) being presented.

The lecture recital will be accompanied by a support paper which is a more formal version of the material presented at the lecture. The lecture recital and support paper will be defended in the Defence/Oral Examination of the Performance Capstone.

2. **ALL MAJORS DELIVERED BY THE FACULTY OF ARTS AND SCIENCE**

   a. **Statement of Purpose**

   The Master of Science (M.Sc.) program offers students in a wide range of disciplines the opportunity to earn a master’s degree by writing a Thesis and successfully completing a limited number of courses. The number and details of the courses are determined within the first term of the student’s program.

   Students may complete their degrees in either a full- or part-time capacity. Full-time students complete a 24-month program while part-time students complete a 48-month program. Part-time students will normally complete all required course work in the first 24 months, with the subsequent months committed to continued research and production of the Thesis.

   Although degrees are awarded in specific disciplines, the program is administered centrally by the School of Graduate Studies, rather than by individual Departments or Faculties/Schools.

   Graduate degrees traditionally have been awarded for the successful completion of a satisfactory Thesis. The Thesis route expresses the fundamental tradition of academic scholarship. It also relates to the University’s undergraduate programs, because the creation of a Thesis in any discipline calls for a range of skills which are central to the liberal education tradition, including analysis and synthesis of ideas, empirical investigations, the construction and articulation of arguments, and writing skills.

   Because of the nature of the M.Sc. program, the Thesis forms the central requirement of the program. At the master’s level, a Thesis involves close collaboration between supervisor and student. Consequently, it is necessary for a candidate to establish contact with potential supervisors prior to application for admission. Candidates seeking potential supervisors should contact either the relevant academic Department or the School of Graduate Studies.

   b. **Admission Requirements**

   Applicants to the Master of Science (all majors delivered by the Faculty of Arts and Science) program are advised to refer to **Admission (p. 21)** for admission requirements, policies, and application deadlines.

   c. **Requirements for Degree**

   For the M.Sc. program, students are required to complete courses, a Thesis, and a Thesis Oral Defence. Students develop their programs in consultation with their supervisors.

   1. **Course Work**

   For an M.Sc. student who is admitted unconditionally, from two to six graduate term courses or equivalent (6.0 to 18.0 credit hours) are required. The program may include one or more senior undergraduate courses provided that at least two graduate-level courses are included in the program. Any courses credited toward any other university credential are not counted toward the program.

   Certain majors, and concentrations within majors, have required courses, as listed below:

   a) **Biological Sciences Major**

   Biology 5500 - Graduate Seminar Series: Current Topics in Biological Sciences (3.0 credit hours)

   b) **Chemistry Major**

   Chemistry 5250 - Advanced Contemporary Chemistry (3.0 credit hours)

   c) **Computer Science Major**

   Two of:
   
   Computer Science 5110 - Studies in Algorithms (Series) (3.0 credit hours)  
   Computer Science 5210 - Studies in Systems (Series) (3.0 credit hours)  
   Computer Science 5310 - Studies in Computational Intelligence (Series) (3.0 credit hours)

   Two additional courses (6.0 credit hours) at the 5000 level

   **Note:** Students must complete at least two separate Computer Science Series courses for the major, as identified by the course number (e.g. two offerings of Computer Science 5110 do not satisfy the “Two of:” requirement).
3. **ALL MAJORS DELIVERED BY THE FACULTY OF HEALTH SCIENCES**

a. **Statement of Purpose**

   The Master of Science program with majors delivered by the Faculty of Health Sciences offers students in a wide range of disciplines the opportunity to earn a master’s degree by writing a Thesis and successfully completing a limited number of courses. The number and details of the courses are determined within the first term of the student’s program.

   Students may complete their degrees in either a full- or part-time capacity. Full-time students complete a 24-month program while part-time students complete a 48-month program. Part-time students will normally complete all required course work in the first 24 months, with the subsequent months committed to continued research and production of the Thesis.

2. Health Sciences 6000 - Master’s Thesis (90.0 credit hours)

Thesis Proposal

Students must complete a Thesis Proposal and submit it to the School of Graduate Studies. Full-time M.Sc. students must submit their Thesis Proposal by the end of the second term of their program. Part-time M.Sc. students must submit their Thesis Proposal by the end of the fourth term of their program. Thesis Proposal details are outlined in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

Written Thesis

Although there is some variation over disciplines, most theses follow a conventional format. Standards and conventions widely used in Canada and adopted by the University are to be found in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

3. Thesis Oral Defence

When the Thesis (90.0 credit hours) is complete, the candidate must defend it in an oral examination. A Thesis Examination Committee is appointed to conduct the examination in accordance with the procedures described in the School of Graduate Studies Policies and Procedures manual. The final version of the Thesis (i.e., assessed and corrected, if necessary) must be submitted to the School of Graduate Studies for approval by the Dean.

4. COURSES

See Course Catalogue on page 129.

A listing of all University of Lethbridge courses is available online at www.uleth.ca/ross/courses.

5. CO-OPERATIVE EDUCATION/INTERNSHIP OPTION

The Co-operative Education/Internship Option is available to students for the M.Sc. program. Co-operative Education is an educational model that formally integrates academic study at the master’s level with relevant, paid work experience in appropriate employment fields such as government, institutions and industry. The University, the employer, and the student are in partnership to ensure an enriching experience toward the student’s professional development.

Further information and details concerning admission and requirements may be obtained from the Career Bridge office (AH151; tel. 403-382-7154; email: career.bridge@uleth.ca; website: www.uleth.ca/career-bridge).

a. Admission

Students may be accepted into the Co-op Option in the first term of their graduate program. Students are therefore encouraged to contact the Faculty of Arts and Science Co-operative Education Office as soon as possible upon admission to their graduate program. The criteria for admission include:

1. Admission to a M.Sc. program
2. GPA and academic standing
3. A resumé and application form
4. A personal interview
5. Approval of the student’s supervisor, in consultation with the School of Graduate Studies and the Career Bridge Office

Other factors such as labour market conditions, work experience, volunteer experience, and extracurricular activities are also considered when selecting participants for the program.

b. Requirements

Normally, students are required to complete successfully two work terms of four months each (or one of eight months) to earn the Co-op designation for the M.Sc. degree.

To receive the Co-op designation for the degree, students must complete successfully, in addition to the course, major, and degree requirements, two work terms:

- Arts and Science 5011 - Co-op Work Experience I
Arts and Science 5012 - Co-op Work Experience II
Students may also opt for a maximum of two additional work terms:

Arts and Science 5013 - Co-op Work Experience III
Arts and Science 5014 - Co-op Work Experience IV
Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' (fail) will be entered on the academic transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause (‘WC’), in accordance with University of Lethbridge policy (see Academic Regulations, WC - Withdrawal with Cause, p. 45).

Where approval is granted by the Coordinator of Co-operative Education and the Dean of Graduate Studies, a ‘WC’ will be entered on the academic transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs
Students must acknowledge, accept, and abide by the requirements and regulations as outlined in the Calendar and the Co-op Student Handbook.

d. Transfer of Co-op Terms
Students enrolled in a M.Sc. program may not transfer Co-op terms from other institutions.

6. GENERAL REGULATIONS

a. Credit for Previous Work
With the express permission of the Program Committee in each case, courses which have not already been credited toward a completed university credential may be accepted for credit in the master’s program. All courses considered for transfer credit must carry a grade of ‘B-’ or higher and must have been completed no longer than seven years prior to the student’s admission to the program.

b. Residence Requirements and Time Limits
Residence is defined as the period during which the student is registered in the program, taking courses, or pursuing scholarly work, or both, at the University of Lethbridge.

The minimum residence requirement for full-time students shall be 12 months continuous registration in the program (three terms per year). Residence requirements for part-time students may be adjusted.

For full-time students, the maximum time limit for degree completion shall be 24 months continuous registration in the program. For part-time students, the maximum time limit for degree completion shall be 48 months continuous registration in the program.

All required and/or specified courses must be completed and the Thesis submitted within the maximum time limit. Except with the written permission of the School of Graduate Studies’ Dean, students must maintain continuous registration in the program.

At the end of the maximum time limit, in cases where there is judged to be cause and where completion is imminent, the School of Graduate Studies’ Dean may approve a leave of absence or extend the time limit for a maximum period of 12 months. Failure to complete within this period will result in the candidate being required to withdraw from the program.

Full-time or part-time students who do not register in the program in any term will be considered to have withdrawn unless a leave of absence has been approved. Residence requirements must still be met.

With the expressed permission of the student’s supervisor, a student may maintain resident status while conducting research off-campus (e.g., on field trips, using facilities, or consulting libraries elsewhere).

It may be necessary for students to include in their program courses to be completed at other institutions. Proposals for such courses must be approved by the student’s supervisor, and the residence requirements may be adjusted, if necessary.

c. Leave of Absence
See Academic Regulations, Leave of Absence on page 48.

d. Academic Standards
Students must receive a minimum grade of ‘B-’ (2.70 on the University of Lethbridge 4.00 scale) in all courses which are graded and which count toward the degree. A student who receives more than two grades below a ‘B-’ may be asked to withdraw from the program. All courses completed in the M.Sc. program or transferred into the program are included in the calculation of the program GPA for graduation purposes. Transfer credit is not included in the GPA on the official academic transcript. A student must obtain a minimum cumulative program GPA of 3.00 in order to graduate from the program.

A student whose performance in the program is judged unsatisfactory by the Program Committee may be placed on probation; continued unsatisfactory performance may result in the student being required to withdraw from the program.

e. Appeals
Students should consult the full description of the University policies on Program Appeals, Appeal of Grade, Student Discipline Policy - Academic Offences, and Student Discipline Policy - Non-Academic Offences (see Academic Regulations, Policies, and Program Requirements, p. 43).

f. Academic Offences and Discipline
Graduate students are expected to exemplify high standards of academic and ethical behaviour and are subject to the University’s student discipline and ethical behaviour policies.

g. Fees
Fees are charged on a program basis. Fees for full-time students are assessed for the first calendar year (three terms of study) and to be paid over three terms of study—one in each of the three terms. Full-time students are assessed a Continuation Fee per term effective in their second year of study. Part-time students are assessed fees over the first six terms of their program.
Part-time students are assessed a Continuation Fee per term effective in their third year of study. A Continuation Fee shall be assessed for each subsequent term while a student remains in the program, whether the student is resident for all or part of that term. The term fee shall be set each year by the Board of Governors. See Fee Schedules on page 41. For fee payment deadlines, see Fees, Important Dates and Fee Deadlines on page 41.

**h. Full- and Part-Time Studies**

Students continue with the participation status under which they started, i.e., full-time or part-time studies. However, under extraordinary circumstances, students may seek approval to change their participation status. Students seeking approval to change participation from full-time to part-time studies or vice versa must obtain approval from their supervisor, the Chair of the Department or Department Graduate Coordinator, and the Dean of the School of Graduate Studies. Such approval must be obtained no later than at the end of the first 12 months of study. Students may not change their status after 12 months of study.

**7. SUPERVISION**

Guidelines for supervisory procedures, including the conduct of a supervisor and suggestions for good practice, are contained in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

**8. FINANCIAL OPPORTUNITIES**

For information on financial opportunities, please see www.uleth.ca/graduate-studies or contact the Graduate Studies Awards Advisor at sgs.awards@uleth.ca.

**9. AWARDS AND SCHOLARSHIPS**

See Awards and Scholarships on p. 165. Additional information regarding awards and scholarships is available at www.uleth.ca/graduate-studies or by contacting the Graduate Studies Awards Advisor at sgs.awards@uleth.ca.

**Degree**
M.Sc. (Mgt.) (offered in the Dhillon School of Business)

**Majors**
Accounting
Finance
Human Resource Management and Labour Relations
Information Systems
International Management
Marketing
Policy and Strategy

2. **CAMPUSES**
The Dhillon School of Business offers the M.Sc. (Mgt.) program on two campuses: Lethbridge and Calgary.

3. **STATEMENT OF PURPOSE**
The M.Sc. (Mgt.) program is designed to provide students with the knowledge and hands-on experience to conduct rigorous and scholarly investigation into an issue facing management in the area of the chosen major. The M.Sc. (Mgt.) program involves an orientation, several courses and workshops, and culminates in a significant Master’s Thesis. The program can be delivered using a variety of blended learning technologies including videoconferencing and face-to-face instruction.

Each student will major in one of seven areas: Accounting, Finance, Human Resource Management and Labour Relations, Information Systems, International Management, Marketing, or Policy and Strategy. To constitute the major, students will take two seminars—Management 5200 and Management 5300. Not all majors may be offered every year.

Students may complete their degrees in either a full- or part-time capacity. Full-time students complete a 24-month program while part-time students complete a 48-month program. Part-time students will complete all required coursework in the first 32 months, with the subsequent months committed to continued research and production of the Thesis.

4. **ADMISSION REQUIREMENTS**
Applicants to the Master of Science (Management) program are advised to refer to Admission (p. 21) for admission requirements, policies and application deadlines.

**Standardized Graduate Achievement Test**
A standardized graduate achievement test is normally required. A minimum test score of 550 on the Graduate Management Admission Test (GMAT) and a minimum score of 4.0 on the Analytical Writing portion is required. Although the GMAT is preferred, the Graduate Record Exam (GRE) or alternative graduate entrance exam will be considered where circumstances merit the substitution. GRE scores or alternative graduate entrance exam scores will be reviewed on a case-by-case basis.

Special Case GMAT Waiver for M.Sc. (Mgt.)

a. Students with an excellent academic record may qualify for a Special Case GMAT Waiver. Students qualifying for a Special Case GMAT Waiver must:
   - Have a University of Lethbridge Bachelor of Management degree or its academic equivalent from another recognized degree-granting institution, in the discipline of interest or in a closely cognate discipline. The University of Lethbridge reserves the right to determine whether degrees completed elsewhere are equivalent to University of Lethbridge baccalaureate degrees.
   - Have a minimum GPA of 3.70 or equivalent (based on the University of Lethbridge 4.00 scale) on the last 10 graded university-level term courses.

b. GMAT requirements will be reviewed on a case-by-case basis for applicants who already have a graduate degree.

A Special Case GMAT Waiver does not guarantee admission to the M.Sc. (Mgt.) program.

Applicants interested in a Special Case GMAT Waiver should contact the Dhillon School of Business Graduate Programs Office (phone: 403-380-1819; email: dhillon.msc@uleth.ca) prior to the application deadline for additional information.

5. **REQUIREMENTS FOR DEGREE**
The M.Sc. (Mgt.) consists of 36.0 credit hours of full-time study involving an orientation, course work, several research-focused workshops and a Master’s Thesis. The program is divided into four modules running over a two-year period. At the time of admission, students are required to declare an approved Management major.

a. **Orientation Module (0.0 credit hours)**
The Orientation Module includes a number of short refresher seminars on statistics, use of computers, library facilities and other topics. The module is composed of:
   - Management 5100 - Orientation (0.0 credit hours)

b. **Integrative Management Studies Module (12.0 credit hours)**
The Integrative Module exposes students to a comprehensive and rigorous cross-disciplinary analysis of the field of Management. The module is composed of:
   - Management 5110 - Management Field Overviews (1.5 credit hours) AND Management 5130 - Ways of Knowing (1.5 credit hours), OR Management 5225 - Major Seminar II (Series) (3.0 credit hours) if required by supervising area
   - Management 5115 - Research Workshops (0.0 credit hour)
   - Management 5120 - Thinking by Design I (1.5 credit hours)
   - Management 5150 - Research Methods in Management (3.0 credit hours)
   - Management 5170 - Data Management and Statistical Techniques I (1.5 credit hours)
   - Management 5200 - Major Seminar I (Series) (3.0 credit hours)

**Note:** Courses in this module may be offered in the next module depending on resource availability.

c. **Major Module (9.0 credit hours)**
In the Major Module, students undertake in-depth studies in their approved major and develop their initial research proposals in more detail. Students will defend their Master’s Thesis proposals by the end of this module. The module is composed of:
   - Management 5125 - Thinking by Design II (1.5 credit hours)
   - Management 5160 - Qualitative Methods and Analysis (3.0 credit hour) OR Economics 3950 - Econometrics I (3.0 credit hours) at the graduate level if required by supervising area OR Economics 3960 - Econometric Theory and Applications (3.0 credit hours) if required by supervising area
Management 5175 - Data Management and Statistical Techniques II (1.5 credit hours)

7. CO-OPERATIVE EDUCATION/INTERNSHIP

b. Requirements

Normally, students are required to complete successfully two work terms of four months each (or one of eight months) to earn the Co-op designation for the M.Sc. (Mgt.) degree.

To receive the Co-op designation for the degree, students must complete successfully, in addition to the course, major, and degree requirements, two work terms:

Management 5011 - Co-op Work Experience I
Management 5012 - Co-op Work Experience II

Students may also opt for a maximum of two additional work terms:

Management 5013 - Co-op Work Experience III
Management 5014 - Co-op Work Experience IV

Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of ‘F’ (fail) will be entered on the academic transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause (‘WC’), in accordance with University of Lethbridge policy (see Academic Regulations, WC - Withdrawal with Cause, p. 45).

Where approval is granted by the Coordinator of Co-operative Education and the Director of the Dhillon School of Business Graduate Programs, a ‘WC’ will be entered on the academic transcript. Tuition fees will be assessed as per the University’s Withdrawal with Cause policy. Students may consult the Co-op Student Handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs

Students must acknowledge, accept, and abide by the requirements and regulations as outlined in the Calendar and the Co-op Student Handbook.

d. Transfer of Co-op Terms

Students enrolled in a M.Sc. (Mgt.) program may not transfer Co-op terms from other institutions.
8. GENERAL REGULATIONS

a. Credit for Previous Work
With the express permission of the Program Committee in each case, courses which have not already been credited toward a completed university credential may be accepted for credit in the master’s program. All courses considered for transfer credit must carry a grade of ‘B’ or higher and must have been completed no longer than three years prior to the student’s admission to the program.

b. Residence Requirements and Time Limits
Residence is defined as the period during which the student is registered in the program, taking courses or pursuing scholarly work, or both, at the University of Lethbridge.

The minimum residence requirement for full-time students shall be 12 months full-time continuous registration in the program (three terms per year). Residence requirements for part-time students may be adjusted.

For full-time students, the maximum time limit for degree completion shall be 24 months continuous registration in the program. For part-time students, the maximum time limit for degree completion shall be 48 months continuous registration in the program.

All required and/or specified courses must be completed and the Thesis submitted within the maximum time limit. Except with the written permission of the Program Committee, students must maintain continuous registration in the program.

At the end of the maximum time limit, in cases where there is judged to be cause and where completion is imminent, the Program Committee may approve to extend the time limit for a maximum period of 12 months. Failure to complete within this period will result in the candidate being required to withdraw from the program.

With the expressed permission of the Program Committee, a student may maintain resident status while conducting research off-campus (e.g., on field trips, using facilities, or consulting libraries elsewhere).

c. Leave of Absence
See Academic Regulations, Leave of Absence on page 48.

d. Academic Standards
Students must receive a minimum grade of ‘B’- (2.70 on a 4.00 scale) in all courses which are graded and which count toward the degree and in all qualifying courses, if any. A student who receives two grades below a ‘B’- may be required to withdraw from the program. All courses completed in the M.Sc. Transfer credit is not included in the GPA on the official academic transcript. A student must obtain a minimum cumulative program GPA of 3.00 in order to graduate from the program.

A student whose performance in the program is judged unsatisfactory by the Program Committee may be placed on probation; continued unsatisfactory performance may result in the student being required to withdraw from the program.

e. Appeals
Students should consult the full description of the University policies on Program Appeals, Appeal of Grade, Student Discipline Policy - Academic Offences, and Student Discipline Policy - Non-Academic Offences (see Academic Regulations, Policies, and Program Requirements, p. 43).

f. Academic Offences and Discipline
Graduate students are expected to exemplify high standards of academic and ethical behaviour and are subject to the University’s student discipline and ethical behaviour policies.

g. Fees
Fees are charged on a program basis. Fees for full-time students are assessed for the first calendar year (three terms of study) and to be paid over three terms of study—once in each of the three terms. Full-time students are assessed a continuation fee per term effective in their second year of study. Part-time students are assessed fees over the first six terms of their program. Part-time students are assessed a continuation fee per term effective in their third and fourth year of study. A Continuation Fee shall be assessed for each subsequent term while a student remains in the program, whether the student is resident for all or part of that term. The term fee shall be set each year by the Board of Governors.

See Fee Schedules on page 41.

For fee payment deadlines, see Fees, Important Dates and Fee Deadlines on page 41.

h. Visiting, Auditing and Exchange Students
Admission of a Visiting, Auditing or Exchange student to any graduate courses is contingent upon the priorities for admission established by the University of Lethbridge, space being available within the class size quota, and upon satisfying academic qualifications for admission (see Requirements for Degree, p. 116). Until the quota is filled, applicants will be considered on a first-come, first-served basis. If appropriate, Visiting students will be governed by the Western Deans’ Agreement (see Registration, Western Deans’ Agreement, p. 36).

Contact the Dhillon School of Business Graduate Programs Office (phone: 403-380-1819; email: dhillon.msc@uleth.ca) for application and registration information.

i. Full- and Part-Time Studies
Students continue with the participation status under which they started (i.e., full-time or part-time studies). However, under extraordinary circumstances, students may seek approval to change their participation status. Students seeking approval to change participation from full-time to part-time studies or vice versa must obtain approval from their supervisor, the Chair of the Department or Department Graduate Coordinator, and the Dean of the School of Graduate Studies. Such approval must be obtained no later than at the end of the first 12 months of study. Students may not change their status after 12 months of study.

2. ALL MAJORS EXCEPT EDUCATION

a. Statement of Purpose

The Doctor of Philosophy (Ph.D.) program is designed to immerse students into further investigation and research, to build and support the programs of research at the University, and to enliven the undergraduate learning environment.

The Ph.D. program is Thesis-based and offered in a number of areas of study (see Ph.D. Program Grid, p. 122). Depending on the academic background, students may be required to take up to six courses in their area of study; the number and details of the courses are determined at the time of admission to the program. Consequently, it is necessary for a prospective student to establish contact with a potential supervisor prior to application for admission. Prospective students seeking supervisors should contact the School of Graduate Studies or visit the website at www.uleth.ca/graduate-studies.

The Ph.D. program is administered centrally by the School of Graduate Studies rather than by individual departments or Faculties/Schools.

b. Admission Requirements, Application Deadlines and Processes

Applicants to the Doctor of Philosophy (all majors except Education) program are advised to refer to Admission (p. 21) for admission requirements, policies and application deadlines.

c. Requirements for Degree

The degree requirements for the Ph.D. program consist of successful completion of courses, a comprehensive examination, a Thesis, and a Thesis Oral Defence. Students develop their program in consultation with their supervisors. The Ph.D. Program Committee approves the program for each student.

1. Course Work

Depending on their academic background, students may be required to complete up to six courses (18.0 credit hours) as recommended by the Supervisory Committee and approved by the Ph.D. Program Committee.

Certain Departments/areas and majors within a Faculty have required courses or specify the number of required courses as listed below:

a. Biological Sciences

Biology 7500 – Graduate Seminar Series: Current Topics in Biological Sciences

Students who have previously completed Biology 5500 (Graduate Seminar Series: Current Topics in Biological Sciences) are exempt from this requirement.

b. Chemistry

Chemistry 7250 – Advanced Contemporary Chemistry

Students who have previously completed Chemistry 5250 (Advanced Contemporary Chemistry) are exempt from this requirement.

c. Computer Science

Two courses (6.0 credit hours) in Computer Science at the 7000 level

A maximum of one Independent Study course may be counted towards this requirement.

d. Cultural, Social, and Political Thought Major

Up to nine additional credit hours chosen in consultation with the supervisor. These courses may include Independent Study courses, additional offerings from the Cultural, Social, and Political Thought course offerings or other graduate courses offered in other Faculties/Schools/Departments on campus. Credit earned towards a previous degree may not be used towards the doctoral degree. However, substitutions may be approved for courses deemed to be equivalent. Substitution requests must be submitted to the relevant doctoral program committee for approval consideration.

Students who have completed the M.A. Cultural, Social, and Political Thought at the University of Lethbridge may not repeat course offerings but must take an additional minimum of 9.0 credit hours in the areas outlined above. If Cultural, Social, and Political Thought 5101/ 7101 was completed in the M.A. major, another 71xx 1.5- credit course must be substituted.

Neuroscience 7903 - Neuroscience Research Dialogues III (0.75 credit hours)
Neuroscience 7904 - Neuroscience Research Dialogues IV (0.75 credit hours)

2. Comprehensive Examination

The student must pass a comprehensive examination, set by the Supervisory Committee and approved by the relevant Doctoral Program Committee, within two years of registration as a Ph.D. student (please refer to the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies). In cases where there are approved major-specific, Department-specific, or Faculty/School-specific comprehensive examination guidelines for the Department or Faculty/School of the supervisor or primary co-supervisor, then the supervisory committee will normally set the comprehensive examination in accordance with major-, Department- or Faculty/ School-specific guidelines. All Ph.D. students registered in the Cultural, Social, and Political Thought (CSPT) major must successfully complete the comprehensive examination after obtaining the required 9.0 credits of core CSPT coursework.

The results of all comprehensive examinations must be reported to the relevant Doctoral Program Committee Chair and to the Dean of the School of Graduate Studies.

A student who fails either portion of the comprehensive exam (written or oral component) for the second time may complete a master’s degree, subject to approval by the respective Program Committee and the Dean of the School of Graduate Studies, or may be required to withdraw from the Ph.D. program.

3. Thesis (135.0 credit hours)

Thesis Proposal

The student must complete a Thesis Proposal, successfully defend it, and submit the document to the School of Graduate Studies within one year after the student registers in his or her first term.

Students enrolled in the Ph.D. (Cultural, Social, and Political Thought) must submit their Thesis Proposal within 24 months after registration in the first term.

In some majors/programs, the Comprehensive Examination will take place before the Thesis Proposal. Both the Comprehensive Examination and the Thesis Proposal would normally be completed within 24 months.

Written Thesis

Although there is some variation over disciplines, most Theses follow a conventional format. Standards and conventions widely used in Canada and adopted at the University are to be found in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/graduate-studies.

4. Thesis Oral Defence

When the Thesis (135.0 credit hours) is complete the candidate must defend it in an oral examination. The Ph.D. Program Committee appoints a Thesis Examination Committee to conduct the examination in accordance with the procedures described in the School of Graduate Studies Policies and Procedures manual available at www.uleth.ca/ graduate-studies. The final version of the Thesis (i.e., assessed and corrected, if necessary) must be submitted to the School of Graduate Studies for approval by the Dean.

d. General Regulations

1. Credit for Previous Work

With the express permission of the Ph.D. Program Committee in each case, a maximum of two graduate courses which have not already been credited toward a completed university credential may be accepted for credit in the Ph.D. program. No transfer credit for a research project/thesis will be considered.

All courses considered for transfer credit must carry a grade of 'B+' (3.30 on the University of Lethbridge 4.00 scale) or higher. Students are responsible for providing adequate information on course content and its relevance to their proposed program of study.

2. Student Status

Full-time Ph.D. students are considered to be those who are actively engaged in coursework or research on a regular, daily basis.

3. Residence Requirements and Time Limits

3. Series

A course that is offered regularly at the University of

Lethbridge, but whose content may vary with

different offerings. Each Series has one number and
different offerings in the Series are indicated by the

title of the course, as listed in the current term

timetable. Students may take more than one offering

of a Series course for credit if the offerings are

distinct (i.e., if each offering taken has a different

title).

Students wishing to improve their grade in a Series

course must repeat the section with the identical

title (for more information, see Academic

Regulations, Repeat of a Course, p. 46).

A Series course may be specified as a required

course in a major or program.

4. Topics

A course that is not offered regularly at the

University of Lethbridge and whose content varies

with different offerings. Any Faculty or School may

offer Topics courses. Each Topics course is identified

by the number 5850 or 7850, and different offerings

are indicated by the title of the particular section, as

listed in the current term timetable. Students may

take more than one offering of a Topics course for

credit if the offerings are distinct (i.e., if each offering

taken has a different title).

Contact hours for Topics courses may vary

according to the nature of the course. Check the

specific Topics offering for complete information.

Students wishing to improve their grade in a Topics

course must repeat the section with the identical

title. From time to time, Topics offerings are made

into regularly scheduled courses and listed in the

Calendar. In this case, students must complete the

regularly scheduled course that corresponds to the

particular Topics offering in order to improve their
grade (for more information, Academic Regulations, Repeat of a Course, p. 46).

A Topics course cannot be specified as a required course in any major or program.

5. Online
Courses may be offered online or have online components. Such courses are identified in the current term timetable. The course information listed in the Calendar (e.g., credit hours, course description) applies to all offerings of that course.

6. Placeholder
a. Active Student Status
A Placeholder course (e.g., Education 5999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.

b. Continuing Student Status
A Placeholder course (e.g., Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to this Placeholder.

7. Graduate Level
Students in certain Master’s and Doctoral programs may be permitted to take senior undergraduate courses for credit at the graduate level. For more information on which programs may permit enrolment in senior undergraduate courses, students should consult the applicable program-specific part of the University of Lethbridge Graduate Studies Calendar and Course Catalogue. Prior to registration, students must complete the required form available at www.uleth.ca/graduate-studies/forms and then submit it to the School of Graduate Studies for approval consideration. If permission to take a senior level undergraduate course is granted, the graduate student may enrol in a section of the course numbered either 5xxx or 7xxx, whereas the undergraduate students may enrol in the section numbered 3xxx or 4xxx.

d. Course Elements
1. Subject and Course Number
The subject identifies the course discipline, and the course number identifies the course level (see Course Numbering System, p. 130).

2. Course Title
A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are bound by the regulations given in Academic Regulations, Repeat of a Course (p. 46).

Special regulations apply to Topics and Series courses (see Series, p. 130 and Topics, p. 130).

3. Credit Hours
The weighting factor of a course when determining GPA. Regular full-term credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours.

4. Contact Hours
There are two types of contact hours: (1) hours per week, and (2) other hours per term. ‘Contact hours per week’ are regularly scheduled weekly meeting times, while ‘Other hours per term’ are meeting times that are scheduled at irregular times over the term.

Contact hours per week: a-b-c
   a - number of required lecture or studio\(^*\) hours per week
   b - number of required laboratory hours per week
   c - number of required hours per week in a different setting (e.g., tutorial)

Other hours per term: d-e-f
   d - number of required lecture or studio\(^*\) hours per term
   e - number of required laboratory hours per term
   f - number of required hours per term in a different setting (e.g., tutorial, field trip, rehearsal)

All contact hours may be delivered by a number of means, including, but not limited to, the following:
   • a regular University classroom
   • a University computer lab
   • online
   • an off-campus location

\(^*\) Studio courses are identified as such in the offering note for the course.

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions
Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s), and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken prior to or in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.

A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.

For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisites(s) so that the student may judge his or her own academic preparation.

Prerequisites, corequisites, and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.
A prerequisite or recommended background that specifies year of standing indicates that students are expected to have attained a certain level of academic or intellectual advancement prior to registering in a particular course.

For some courses, students may not exceed a defined year of standing prior to registering in the course. These courses are closed to students who have taken more than the specified number of courses or who are beyond the determined year of standing at the time of registration. These limits are applied when a course is targeted to a specific group of junior students.

Although students may choose to have their program requirements governed by the Calendar in effect at the time of their most recent admission to the University, all students are bound by the current Calendar with regard to prerequisites, corequisites, and recommended backgrounds for individual courses.

6. Equivalent
   Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of GPA (see Academic Regulations, Repeat of a Course, p. 46).

7. Substantially Similar
   Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program.

8. Mutually Exclusive
   When courses are mutually exclusive, students who are currently registered or who have earned a minimum passing grade in one of the mutually exclusive courses or equivalent may not subsequently register in a section of another course with which it is mutually exclusive.

9. Grading
   Grading indicates what type of grade will be awarded as defined in Academic Regulations (p. 43). The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail.

5. TIMETABLE
   The timetable is a list of all courses scheduled in an academic term, both courses taught face-to-face as well as online. The timetable is published prior to registration opening so that students can learn more about courses being offered and plan their registration. The timetable includes information about when and where a course takes place, who is teaching the course, and other pertinent information about the course offering, such as special registration instructions or unique prerequisites. Access the timetable online (www.uleth.ca/ross/timetable) or log into the Bridge Student Menu to look up and register in courses (bridge.uleth.ca).

6. DISCLAIMER
   The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published.

   The University reserves the right to add, modify or withdraw any course or courses without notice.

PUBLIC HEALTH 5003
Advanced Epidemiology
Credit hours: 3.00
Contact hours per week: 3-0-2
The prerequisite for this course, Health Sciences 2003/Biology 2003, taught introductory principles sufficient to interpret and critique basic published epidemiologic research. Public Health 5003 builds on this knowledge base by focusing on advanced principles, as well as the practice of epidemiology. Students will learn how to design their own observational or experimental epidemiologic study, and how to develop a systematic review protocol. This course will include a lab component to ensure students gain the hands on experience needed to design epidemiologic research, and the epidemiologic field methods required to support the validity, precision, and management of data collected. Advanced special topics covered in this course include clinical epidemiology, epigenetic epidemiology, environmental epidemiology, and social and psychiatric epidemiology.

Students will learn how to design research and analyze data for the most commonly used qualitative and mixed methods approaches in public health. Students will learn how to develop questions, interview and focus group guides, facilitate interviews and focus groups, analyze qualitative data, and report findings for narrative studies; phenomenological studies; grounded theory studies; institutional ethnographic studies; and case studies. Analysis methods will include discourse analysis and other techniques. In the second part of this course, students will learn how to triangulate research in public health through commonly used mixed methods approaches (sequential exploratory, sequential explanatory, concurrent triangulation, and concurrent embedded methods); and the potential challenges to conducting mixed methods studies in our field.

They will develop a richer understanding of the policy systems and subsystems that govern, regulate, finance, and deliver public services and have the opportunity to apply ethical principles to discussions of public policy and governance. Students will develop: a sophisticated understanding of the intersections of policy and ethics in public health; the skills to critically analyze policy; and the ability to apply learnings to contemporary ethical and political policy issues.

PUBLIC HEALTH 5006
Applied Infectious Diseases
Credit hours: 3.00
Contact hours per week: 3-0-0
In this graduate course, students will apply epidemiological principles to the control and management of communicable disease outbreaks at the population level. Students will gain an in-depth understanding of disease transmission and emerging infectious disease threats locally and globally. By the end of this course students will be able to understand the dynamics of communicable disease (pathogens, hosts, transmission); and apply primary, secondary and tertiary prevention efforts to control population outbreaks.

Students will learn to map biostatistical techniques onto the study designs examined in PUBH 5003 without focusing on complicated mathematical formulas. Biostatistics II will build on Biostatistics I by teaching advanced model building and diagnostics for various forms of regression, with a focus on the analysis of incidence-based designs using proportional hazards regression and other techniques. Given the frequency of nonmonotonic associations in public health, methods of working with nonlinear associations (e.g., cubic splines) will be described. Students will learn multiplicative and additive effect modification and use of propensity scores to account for covariates in models. Bayesian statistics will be introduced given the growing importance of these methods in our field. Applications to real data will be emphasized using the R computer package.
Prerequisite(s): Public Health 5001 AND Public Health 5003

PUBLIC HEALTH 5501

Students will engage in an experiential learning placement in a public health setting under the direction of a preceptor (or shared preceptorship within a team). This hands-on opportunity will enrich graduate training by allowing students to integrate and apply skills and knowledge gained through graduate coursework in the Public Health specialization in a variety of public health work environments. This practicum opportunity will offer advanced placements at local, provincial and national levels that will challenge and build leadership and advanced research, program and policy skills in public health. This is a pass/fail course. In order to be successful, students must meet all learning objectives and requirements for the practicum.

1. APPLICATION FOR AWARDS

a. Introduction
These guidelines are intended to ensure consistency and equity in the administration of awards and financial aid. The guidelines also assist students in developing an argument to defer or appeal an award decision. The Student Awards Committee is at liberty to set these guidelines aside when extenuating circumstances arise.

b. Eligibility
1. Application and Application Deadlines
To be eligible for awards and scholarships, application forms must be completed and received in the appropriate office, either the School of Graduate Studies or Scholarships and Student Finance no later than the designated date and time (if indicated). Only in circumstances that are substantially beyond the student’s control will an appeal be considered for an application submitted after the stated deadline date. When the deadline falls on a holiday or weekend, applications will be accepted until closing the next working day.
Successful applicants will be notified as soon as possible following the deadline.
When no application is required, the award is made automatically on the basis of academic achievement.
When an award recipient is to be nominated and no nomination is received, where appropriate, the University reserves the right to make a selection based on academic achievement.

2. Tenure of Awards
Scholarships administered by the University of Lethbridge are available only to students pursuing University of Lethbridge programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is registered in a program at the University of Lethbridge.
Exceptions to this requirement are:
a. Part-time Awards - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.
   If a student withdraws from full-time studies after having received a payment for an award, unpaid balances of awards outstanding are forfeited.

3. Payment of Awards
a. Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.
b. Payment Schedule - Awards may be paid out in monthly installments or in two or three installments (one per term).
c. Students Graduating Early - If the award is paid in multiple payments, the student must be registered in all applicable terms. However, students who graduate early may receive future payment upon written request to the Graduate Award Advisor.

4. Interruption of Program with Approved Leave of Absence
All graduate award holders must maintain continuous registration during the tenure of their award. Students may interrupt their award only for the reasons of maternity, child rearing, illness, or health-related family responsibilities. Requests for a leave of absence must be approved by both the Supervisory Committee and the Office of the Dean of Graduate Studies, and may require additional documentation.

5. Returning After an Approved Leave of Absence
Students who return after an approved leave of absence shall be considered for University of Lethbridge awards, subject to the rules guiding graduate awards.
To re-instate award payments following an interruption or leave of absence, award holders must notify the Graduate Award Advisor of their planned return six weeks prior to their return to their program. Every effort will be made to re-instate the same award or a replacement award of equal value.

6. Posthumous Awards
Financial awards will not be disbursed posthumously.

7. Note of Appreciation
Where a donor contact is available, award recipients will be expected to write a note of appreciation to the donor.

c. Measuring Academic Performance for Scholarship Purposes
1. Academic Records
Complete academic records from all applicable institutions may be considered for measurement of academic achievement.

d. Disclaimer
Since the University of Lethbridge Calendar is published a considerable time before the beginning of the academic year, the University reserves the right to make whatever changes circumstances may require, including cancellation of particular awards or changes to the minimum grade point average required for awards.

e. Definition of Terms
Note: Award is used generically throughout to describe non-repayable financial support.
1. Academic Medals - Academic medals are awarded to the most distinguished students graduating from the University of Lethbridge. b. **Withdrawal While on Full-time Student Loans**

Students must remain a full-time (min. 9.0 credit hours per term) throughout the funded period of study. If a student withdraws or drops below full-time standing, the following may occur: the student may be required to repay some or all funding received; grant money may be converted to loan money; second disbursement of the loan will be cancelled; repeated withdrawals may result in a 12 month suspension. Students must reply for a new loan upon return to full-time studies. Part-time funding programs are available for students who are studying part-time.

c. **Emergency Student Loan Fund**

The purpose of the fund is to provide temporary assistance to full-time University of Lethbridge students to meet expenses related to an unexpected shortfall in their personal finances or an unanticipated delay in their receipt of financial assistance funding.

An emergency is defined as an unexpected shortfall in finances that has caused an inability to meet the rent payments when due, lack of adequate food supplies, and any other type of expenses related to the necessities of life that cannot be delayed. Students will not receive emergency financial assistance to cover registration deposits, tuition fees, books, fines, or debts to other University departments.

Emergency loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans, or grants.

The full policy is available online at www.uleth.ca/policy/emergency-student-loan-fund.

1. ACCOMMODATED LEARNING CENTRE

Students with Disabilities
The Accommodated Learning Centre (ALC) facilitates academic accommodations for students with a wide range of documented conditions including: learning disabilities, ADHD, psychiatric disorders, medical, mobility, and sensory conditions. Recent documentation is required to determine eligibility for services and supports. This may include: a psycho-educational assessment, psychological report, psychiatric report, counsellor’s letter or diagnostic document from a health professional; depending on the condition and accommodations required. The ALC provides exam accommodations, specialized support staff, assistive technologies and grant funding assistance to eligible students. The ALC can also conduct screenings for those who suspect a learning disability to determine if further assessment is warranted. The ALC encourages skill development and promotes self-advocacy toward increased independence among students registered with the Centre. For more information and possible assistance, please contact the Accommodated Learning Centre.

7. CAMPUS WOMENS CENTRE (CWC)
The Campus Women’s Centre offers many services to the University and its surrounding community. It is a resource and referral centre where all students can come to talk, access resources, or study. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life, and personal conflict. Although the Campus Women’s Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women’s Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters and food banks. Students are encouraged to be involved in the Women’s Centre as there are many opportunities to volunteer, plan events, or create new resources for the campus community. The Women’s Centre has a wide range of pamphlets and information about topics related to sexual health, safe relationships, and sexuality. Menstrual products, safe-sex resources, diapers, and pregnancy tests are free for students to access. Throughout the year, the Women’s Centre organizes and participates in a variety of events impacting marginalized groups in our society today. These events include the Sisters in Spirit Vigil, International Women’s Day, Sexual Awareness Week, and Mental Health Week.

Currently, each student contributes a levy fee of three dollars in the fall and spring terms. Since the Women’s Centre fee is not compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid ‘uleth.ca’ account. Alternatively, students may stop by the office and fill out an opt-out form. Refunds will be administered during the last week in October for the fall term and the last week in February for the spring term. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women’s Centre in person to receive their refund in cash. A valid University ID card is required.

The convenience of living on campus, together with access to the University’s services and programs, gives students educational, social and cultural advantages. Residents tend to be more involved in campus life, build stronger friendships than their off-campus counterparts and develop greater tolerance and understanding. All this adds up to an enhanced opportunity to graduate from the University of Lethbridge.

Website: www.uleth.ca/housing/what-bring

Application Process
Applications are accepted starting in September for the following September occupancy. Applications may be obtained online at www.uleth.ca/housing. You must apply to the University of Lethbridge for Admission prior to being eligible to apply for campus housing. Once you have received your University of Lethbridge ID number you may log on to the Housing Residence Portal to apply. All applications must be accompanied by a non-refundable application fee plus deposit payable online. Students are advised to apply as early as possible to improve their chances for accommodation.

Newly admitted applicants applying before April 1 will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to June 15. Returning students whose applications are received by January 15 will participate in the lottery draw for 75% of the allocated beds. Others will have their names placed on the application list in priority order according to date received. Offers will be based on roommate compatibility, application profiles and unit availability. Applications are available online at www.uleth.ca/housing.

Offer of Accommodation
Once accommodation is assigned, the student is advised through an Offer of Accommodation letter via email. This letter must be signed and returned, along with the second advance payment, by the deadline date as stated in the offer. Failure to meet this deadline will result in cancellation of the application and loss of the first advance payment.

Security Deposit
All students staying in campus accommodation will be required to submit a security deposit of $400 for single student housing. Interest will be payable on any unused amount if applicable under Provincial Government Statute. Security deposits will be used to cover any outstanding housing-related charges deemed payable upon termination of occupancy, including cancellation fees, damage, cleaning, lost keys, dining plan, etc.

The security deposit shall not be deemed to constitute a limit for any charges which may be incurred under the lease.

Cancellations
Applicants who are declined admission to the University, who cannot be accommodated by Housing Services by the first day of classes, or who cancel their application in writing prior to receiving a room offer may request a refund of all advance payments. Cancellation for any other reason will be subject to forfeiture of the advance payments according to the cancellation schedule as outlined in the Offer of Accommodation.

The refund amount for these cancellations is based on the date upon which written notice is received by Housing Services; therefore, students are advised to contact Housing Services as soon as their plans change. Students who cancel a current booking will be subject to a cancellation fee. Cancellation over the Christmas break may be submitted by email to housing@uleth.ca. All cancellations received after a student has moved into residence are subject to one calendar month’s notice. Failure to provide this notice will result in next month’s rent charges.

Fees
Rates for single student housing (Apartments and Townhomes) must be paid at the beginning of each term.

A utility surcharge may be levied to offset increased utility costs due to the effects of deregulation and the resulting inflationary impact.

Rental rates include all utilities except telephone line and internet access and are based on a two-term (single) or 12-month contract. Arrangements may be made with Housing Services for a summer contract for single students (May-August).

For more information on current fees, please see www.uleth.ca/housing/single-students.

Residence Network Access Fee
All residence bedroom spaces are equipped with the VoIP (Voice over Internet Protocol) communication system, which provides each resident with Internet access and a telephone in their room. The system allows for efficient communication within residence for emergency response in the event of critical incidents. A mandatory fee is levied to each resident per term for this service. All residence spaces are equipped with wireless Internet access.

Organization of Residence Students (ORS)
The ORS (a Students’ Union club) provides community development opportunities to meet, interact and socialize in the academic atmosphere for the benefit of each member and the community as a whole. A $47.50 membership fee is levied to each resident per term.

Policies
The University has policies, regulations and programs to provide for students’ personal, academic, social and cultural growth, as well as their privacy and well-being. Breach of these policies and certain Criminal Code offences will be grounds to terminate the students’ use agreements and evict them from University Housing. Housing policies are available online (refer to the Residence Community Handbook).

All students living on campus are required to participate in a mandatory tenant insurance program offering students liability and contents coverage.

Summer Housing and 12-Month Contracts

Accommodation is available in residence from approximately May to August for summer session students. Discounts of 20-40% are available for on-campus summer accommodations. 27. STUDENT AWARDS - SCHOLARSHIPS AND BURSARIES

The University of Lethbridge offers a wide range of awards that serve to recognize the achievements of students who pursue their university education at the University of Lethbridge. These awards are granted based on academic achievement as well as other factors (e.g., financial need, leadership potential, community involvement, artistic ability).

Graduate students are eligible to apply for awards if they are:

- An applicant entering the University from another post-secondary institution; or,
- A student continuing his/her studies at the University of Lethbridge.

While not all awards require the student to apply, an application is strongly recommended for students who feel that they may qualify for awards. Application forms for most awards are online on the School of Graduate Studies website: www.uleth.ca/graduate-studies.

Scholarships General Policies and Procedures

For a complete description of awards administered by the University of Lethbridge, please refer to the School of Graduate Studies website: www.uleth.ca/graduate-studies/award-opportunities.

Liability - The University assumes liability for the payment of scholarships, bursaries, prizes and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized.

Application - To be eligible for awards, application forms must be submitted no later than the designated date. Application forms and information are available from the website www.uleth.ca/graduate-studies/funding-fees.

A student who has not applied for awards cannot claim for the right of consideration by the University.

Academic records - Only academic records from the last five years will be considered for measurement of academic achievement for University awards.

Interrupted studies - Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of attendance at the University of Lethbridge subject to the rules guiding Graduate awards.

Conditions - Unless otherwise stated, awards made to full-time students are conditional on the student proceeding with full-time studies at the University of Lethbridge in the terms following the award. Failure to meet this condition may result in the forfeiture of any unpaid balance.

Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

Payment schedule - Unless otherwise stated: Awards equaling $1,000 or less are paid on October 1. Awards totaling $1,000 - 5,000 are disbursed in two equal payments: the first on October 1 and the second on February 1. Awards totaling $5,000 or more are disbursed in three equal payments: October 1, February 1 and June 1.

Deductions - The University may deduct from award payments any funds owed to the University.

Tax receipts - T4A forms will be issued to award recipients by the University or any other issuing agency in the spring following the year of the award.

Government Student Loan Programs - It is the responsibility of the student receiving an award, who is currently receiving financial assistance in the form of student loans and grants, to notify the applicable government student loan program as soon as possible regarding the number and value of scholarships, bursaries and other awards.

Deferral - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge. A request for a deferral must be submitted in writing to the Graduate Awards Advisor by September 15 for the fall term and January 15 for the spring term or May 15 for the summer term. Justifiable reasons for deferral include:

- unavoidable circumstances; an award may be deferred when circumstances which are substantially beyond the student’s control prevent his/her full-time registration in the term for which an award was made.

28. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal, Provincial and Territorial governments of Canada provide financial assistance to help students in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants and funds allotted are dependent on the student’s level of financial need and personal circumstances.

Scholarships and Student Finance provides advice with regard to all government student assistance programs.

Government student loans are interest-free while students are registered full-time (min. 9.0 credit hours/term) at a post-secondary institution. It is the student's responsibility to provide appropriate proof of enrolment to government loan lenders while in full-time studies in order to avoid entering repayment. (commences six months after ceasing to be a full-time student).

Students in receipt of government sponsored student loans who drop from full-time studies will be reported to the government and enter repayment following a six month grace period.

Applications for student loans can be submitted in the summer prior to the fall term, for each academic year (September–April).

Outstanding tuition and fees may be remitted directly from the student’s loans and grants, upon disbursement. For application forms and more information, please visit Scholarships and Student Finance, located in Anderson Hall.

29. TEACHING CENTRE

**Mission:** To promote and enhance outstanding and inspirational teaching in a vital and engaging learning environment.

**Teaching Centre Vision:**
Through its commitment to scholarship, research, and best practice in teaching and learning, the Teaching Centre is committed to promoting and enhancing the professional development of university-level instructors. The Teaching Centre is also committed to the advancement of creativity, originality and discovery in teaching. A commitment to excellence in teaching will ensure that, in a rapidly changing educational environment, the University of Lethbridge will provide outstanding learning experiences for students and promote the development of faculty that are founded on these principles:

- Teaching and learning are fundamental to the purpose of the University, and the University community is committed to excellence in teaching.
- All students must be provided opportunities to learn in ways consistent with most effective instructional practices.
- Effective university teaching can be defined, learned, demonstrated and continually enhanced.
- Scholarly inquiry is fundamental to the enhancement of teaching effectiveness.
- Teaching development is most likely to occur in a collaborative community characterized by trust and mutual respect.

**Teaching Centre Goals:**

a. Foster a culture of excellence in teaching and learning inside and outside the classroom.

b. Coordinate and facilitate professional development opportunities for the teaching community.

c. Develop, identify and support innovative teaching practices.

d. Deepen the University’s commitment to a scholarship of teaching and learning.

e. Investigate innovative educational practices, strategies, technologies and processes.

**Graduate Assistant Teaching Development Program**

Many graduate students at the University of Lethbridge are assigned work as a Graduate Assistant during the course of their graduate program. Graduate Assistants (GAs) may be required to grade examinations and assignments, instruct laboratory and tutorial classes, lead discussion groups, or teach an undergraduate-level class. In order to be adequately equipped for these duties, and to acquire significant skills for their future academic careers, all graduate students are strongly encouraged to participate in the Graduate Assistant Teaching Development Program (GATDP) throughout the fall and spring terms.

The Graduate Assistant Teaching Development Program provides an opportunity for professional development in critical teaching skills, equipping graduate students to carry out their teaching duties effectively. Graduate students who participate in these sessions receive formal recognition of their participation in this academic professional development program via a Certificate of Professional Development in Teaching. This program addresses essential aspects of good teaching, equipping GAs to carry out their teaching duties effectively and enhance their teaching skills as their careers advance.

GATDP workshops address topics such as professional expectations and responsibilities, establishing a productive learning environment, dealing with students, classroom management, grading and assessment, leading discussion groups, preparing a presentation, the multicultural classroom, teaching and learning styles, and other topics of importance to GAs. Graduate students are also strongly encouraged to attend other Teaching Centre events, such as the Talking about Teaching Seminar Series and the “SPARK” Teaching Symposium.

Participation in the GATD Program and attendance at other Teaching Centre events provides an opportunity for professional development as well as formal recognition of participation. The Certificate of Professional Development in Teaching formally documents hours of completed participation in the GATD Program. Attendance at other Teaching Centre events is also recognized. This certificate is a valuable addition to a graduate student’s curriculum vitae when applying for academic positions, doctoral programs and post-doctoral placements.

The Teaching Centre additionally provides support for graduate students through assistance with:

- course and lesson planning
- effective student assessment
- student engagement strategies
- effective classroom management
- teaching with technology
- blended and online learning
- one-to-one teaching consultation

**Agility**

Agility is a campus-wide program that is available to all University of Lethbridge students. The program is 100% donor-funded, which allows Agility to grow in multiple areas that reflect the passions and visions of our donors. We help realize projects that students, faculty, and the community identify as meaningful initiatives. Currently, we support multi-disciplinary projects that involve experiential learning in agriculture and agribusiness, social innovation, entrepreneurship, and emerging technologies. By encouraging and enabling innovation amongst our students, by connecting them to valuable resources both within and outside the university environment, and by celebrating and supporting their entrepreneurial spirit, the University of Lethbridge will continue to produce graduates who will be the leaders of tomorrow.

30. THE MELIORIST PUBLISHING SOCIETY (STUDENT PUBLICATION)

The Meliorist has been the student publication at the University of Lethbridge since 1967. It offers a monthly magazine service and provides an open forum for all students of the University community. The Meliorist Publishing Society is an autonomous body that determines the editorial direction of the publication, with students providing the content. The Meliorist’s staff, contributors, and volunteers gain first-hand knowledge in writing, editing, photography, layout and management of a monthly magazine.

Since its inception, the publication has embraced the philosophy of Meliorism, which holds that the world naturally tends to get better as the result of human effort.

Overlooking the Oldman River Valley, the Students’ Union occupies 56 percent of the SUB, featuring a retail floor, The Zoo pub, conference and major event facilities, food kiosks, convenience store, office suites, and club rooms. The Meliorist, CKXU, Campus Women's Centre, Pride Centre, Lethbridge Public Interest Research Group (LPIRG), University of Lethbridge Bookstore, International Centre, Health Centre, Enrolment Services and the Registrar's Office are also located in the SUB.

Social and Cultural Events
The Students’ Union sponsors many social and cultural events, such as Fresh Fest, cabarets, concerts, speakers’ series and a variety of other student-oriented activities.

Services provided by the Students’ Union:

Clubs
There are over 90 Students’ Union ratified clubs on campus covering many areas of interest. Clubs are the best way to pursue an interest in a non-academic setting, meet people, have fun and expand horizons. All clubs welcome new members with innovative ideas.

To get involved with a club, watch for clubs rush week in the Atrium during the second week of the fall and spring terms. Here, clubs will have information tables promoting their organizations. To start a new club, come to our office and ask for a Clubs Handbook. This guide contains information about how to start and maintain a club and lists the many advantages associated with being an active club on campus. More information can also be obtained at the Students’ Union office, on our website or by contacting the VP Internal Affairs.

Phone: 403-329-5155
Website: www.ulsu.ca

Grade Appeals
Grade Appeals deal with claims when a student feels his or her course grade has been improperly determined. The Students’ Union is here to help students through the grade appeal process. Come to our office to pick up pamphlets with advice, sample letters and a checklist to help you in organizing your appeal. We encourage students to seek counsel from the VP Academic at the Students’ Union concerning any inquiries about the grade appeal process.

Phone: 403-329-2770

Food Bank
The Students’ Union operates a Food Bank on campus to help students when they are in financial need. Any student with a valid University ID card may access the campus Food Bank. Students must come to our office and fill out a form in order to receive a package filled with a variety of food items. Users are limited to a maximum of two packages per month (10-visit maximum) and will remain confidential. Users are asked to contact the Students’ Union at least 24 hours before the time they would like to pick up the hamper to ensure availability.

Email: food.bank@uleth.ca

Handbook
The Students’ Union Handbook is available free of charge to all students from the Students’ Union office while quantities last. The Handbook is a great way for students to stay organized, as it includes a day timer as well as a weekly list of important deadlines. It also contains a variety of local advertisements and coupons to help orientate new students to Lethbridge.

Health and Dental Coverage
All full-time students at the University of Lethbridge who pay Students’ Union fees are automatically included in an extended health and dental care program.

The coverage period is from September 1 to August 31. Optional family coverage is also available for an additional fee.

The health coverage includes prescription drugs (80% on a managed formulary), ambulance benefit, physiotherapy, chiropractic services, massage therapy, naturopath, speech therapy, medical equipment and appliances, dental accident benefit, accidental death and dismemberment and emergency travel medical coverage. This plan does not replace provincial health care.

The dental care coverage includes basic and preventative services (75%) such as checkups, cleanings and X-rays; minor restorative services (50%) such as fillings and extractions; endodontic services (75%) such as root canal therapy; and periodontal services (75%) such as scaling and gum treatment.

Regardless of a change in status (e.g., full-time to part-time or student to non-student), all students enrolled at the beginning of their respective term will retain their coverage until August 31.

Students can opt out of the Student Health and/or Dental Plan if proof of comparable coverage and a completed waiver form is presented to the Students’ Union Health and Dental Plan office. Students may opt out online using the Bridge (www.uleth.ca/bridge). The opt-out deadlines for the fall and spring terms will be posted at the Students’ Union office and throughout the University (see Fees, Important Dates and Fee Deadlines, p. 41). The opt-out procedure is annual and must be done each year of the student’s enrolment. The deadline set for January is for newly registered full-time students and students upgrading from part-time to full-time only.

Part-time students and students’ dependents may add on to the Student Health and/or Dental Plan.

Phone: 403-329-2039

Photocopying and Faxes
The Students’ Union Rockerman’s Service Centre provides photocopy service located outside Galileo’s. Fax service is also available in the Rockerman’s Service Centre.
