Current and past Program Planning Guides are available on the UofL website at [www.uleth.ca/ross/ppgs/ppg.html](http://www.uleth.ca/ross/ppgs/ppg.html)

Calendar Year: 2012/2013

Faculty: Arts & Science/Education

### Department of Anthropology

---

#### What is Anthropology?

Anthropology is the academic study of human diversity in local settings. The particulars of any local life, society, or culture, however, are not isolated from global processes and flows. Contemporary anthropology examines the material, social, and cultural conditions of human behaviour and life from this locally global perspective. Anthropological methods, theories, and practice reflect a history of long-term, on-the-ground, face-to-face relations between anthropologists and the diverse peoples of our world. Anthropology is an open-ended disciplinary project continually shaped by the differences and similarities encountered worldwide in the vast array of human experience.

---

#### Anthropology Courses

Through a wide variety of courses, the Department of Anthropology at the University of Lethbridge provides students with a strong background in the discipline, from history of the discipline to contemporary theory and practice. As an important part of the University's commitment to a liberal education, the program helps students to understand various societies and cultures around the globe. Our first- and second-year courses are intended to introduce the field and general areas of interest within it. Thereafter, students have an opportunity to concentrate more fully on particular topics and areas. Courses are offered on major cultural areas of the world such as North America, South Asia, Southeast Asia, Latin America, and Europe as well as on specific topics such as popular culture, economics, politics, the family, religion, race, the history of anthropological thought, social movements, gender, medicine, applied anthropology, political anthropology, and environment and development.

---

#### Co-operative Education in the Humanities and Social Sciences

A Co-op option, requiring three work terms, is available. Students interested in the Co-operative Education/Internship program should contact the Coordinator of Co-operative Education in the Career Resources Centre (AH154 | phone: 403-382-7154) for further information.

### Faculty of Education

---

#### Choosing an Education Major

The Faculty of Education offers 11 different majors that correspond to teaching subjects in Alberta schools (see p. 165 in the 2012/2013 University of Lethbridge Calendar for a listing). In highly competitive teaching majors, the GPA for admission may be above the minimum requirements. If you are developing an *Anthropology major in Arts and Science* and a *Social Studies major in Education*, you are encouraged to use the Liberal Education and elective courses to include other Social Studies areas such as Economics, Geography, History, Political Science, and/or Sociology. Courses with a focus on Canadian Studies are recommended.

---

#### Choosing Courses Outside the Major

Students sometimes find that their initial objective to teach only at the elementary level or only at the secondary school level is later modified—or even completely changed. Students are therefore encouraged to select courses that will prepare them for teaching in a variety of situations. Moreover, students should select courses that not only provide breadth and richness for the classroom but also provide the basis for the development of a teaching minor or specialization.

---

**Choosing an Education Minor**

The Faculty of Education offers 19 minors (see p. 170 in the 2012/2013 University of Lethbridge Calendar for a listing). A minor consists of five non-Education courses (excluding those used in the major) and one curriculum and instruction Education course (to be completed after admission to the Faculty of Education). Students may use the same courses to fulfill the minor and the General Liberal Education Requirement (GLER).

**Choosing an Education Specialization**

The Faculty of Education offers three specializations:

- Early Childhood Education (K-3)
- Special/Inclusive Education
- Technology in Education

The specializations consist of four courses and corresponding Professional Semester III focus.

**Advantages of Completing a Minor and/or Specialization**

Completing a minor and/or a specialization allows students to develop expertise in a second area of teaching and be more versatile and marketable as a graduating teacher. For more information, see the 2012/2013 University of Lethbridge Calendar, Part 8 - Education, Sections 7. Education Minors (p. 170) and 8. Education Specializations (p. 174).

**Where to Get Help**

Students may contact an Academic Advisor in Student Program Services in the Faculty of Education (email: edu.sps@uleth.ca | phone: 403-329-2254) or in the Faculty of Arts and Science (email: artsci.advising@uleth.ca | phone: 403-329-5106).

**Program Requirements**

The B.A./B.Ed. combined degrees program with a major in Anthropology/Social Studies Education requires a minimum of 50 courses, including 30 in Arts and Science and 20 in Education. A minimum of 16 courses (10 courses in Anthropology plus six cognates) is required in the Anthropology major. A maximum of 17 courses in Anthropology is allowed.

**Transfer Credit**

Remember that you may use both University of Lethbridge credit and credit transferred from another college or university to meet degree and major requirements. Transfer credit may be either specified or unspecified. Specified credit is indicated on your transcript by the subject name and the specific number of the course, e.g., Anthropology 1000, 2510, etc. Unspecified credit (1XXX, 2XXX, etc.) is indicated by the subject name and level of the course in parentheses, e.g., Anthropology (1000 level), Anthropology (2000 level), etc.

**Unspecified Course Credit**

Unspecified course credit means that the University of Lethbridge does not offer the same course you transferred in, but we recognize it and treat it as a regular course. An unspecified course would count as one of your maximum of 17 from one department, but it could not meet a specific course requirement. For example, if Anthropology 3100 is required in your program, you could not use Anthropology (3000 level) to fulfill that requirement. Students with unspecified transfer credit need to consult an Academic Advisor to establish how the transfer credit fits in the degree program. This should be done as soon as possible after transfer credit is awarded.

### Terms Used

**GLER course:** A course that could count toward the General Liberal Education Requirement. You may use courses in your major towards this 12-course requirement. See the 2012/2013 University of Lethbridge Calendar, Part 4 - Academic Regulations (p. 91) for complete information.

The Faculty of Arts and Science offers Liberal Education 1000 and 2000, specifically designed to introduce first-year students to the wide scope of human knowledge and teach essential university success skills, critical thinking, and integrative thinking (see the 2012/2013 University of Lethbridge Calendar, Part 14 - Courses, p. 320). LBED 1000 and 2000 may be used toward satisfying the GLER.

**Elective:** A course that you may choose freely from all those available and applicable to your program. Use courses inside or outside your major, bearing in mind any restrictions that may apply (e.g., a maximum of 17 courses from any one department).

**Cognate:** A course from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.
