Time Limits - All degree requirements must be completed within six years of the first Nursing course used for credit towards the degree. See Academic Regulations, Residence Requirements and Time Limits (p. 58) in the 2022/2023 Calendar.

Minimum Grade Requirements - Any student who receives a grade of 'D+' or lower is required to repeat the course and achieve a grade of 'C-' or higher before being allowed to take further Nursing courses and proceed in the program.

Note: Due to the structured nature of the B.N. After Degree program, students are strongly discouraged from declaring a minor. Completing a minor will require taking courses above the minimum degree requirements and could lengthen the duration of your program. Consult your Advisor prior to declaring a minor.

Students who do not follow the standard program sequence each semester are at risk and may not complete the program.
