Women and Gender Studies

Using feminist theory and research methodologies, women & gender studies examine the historical and contemporary conditions of women and men in society. Our department draws on a vibrant community of scholars and activists both inside and outside the university to explore a wide range of issues. As a student in this program, you will increase your knowledge of women's lives, bodies, experiences, labour and scholarship. You'll also explore feminism as an influential political and social global movement that has generated significant change in all aspects of daily life for men and women.
