Bachelor of Fine Arts - Multidisciplinary

Multidisciplinary

Have the flexibility and independence to develop your own degree program from all the areas of the fine arts. All areas of the fine arts are available for students in the multidisciplinary major to choose their concentrations. You can now choose a first concentration from one area of fine arts (art, drama, music or new media), while choosing a second and third concentration from the other three. This can also include areas within the departments (Indigenous art, digital audio arts, technical design etc.). This new opportunity allows students the freedom to customize their education around technical, practical and academic focuses.
