Post-Diploma Bachelor of Science

Geography, with a Concentration in Geographical Information Science

The Post-Diploma B.Sc. in geography, with a concentration in geographical information science, is a two-year program directed toward graduates of approved college programs in geography, geomatics and land resource information systems. The program complements previous technical training in geomatics or land information systems and the primary focus is to provide you with the theoretical knowledge and technical skills that will enable you to analyze the spatial organization and interaction of all creatures and ecological processes on the planet — and sometimes beyond it — in order to address real-world issues.
